WE LEAVE

A Woman's Rights

Just as we are not all the same,

And just as a woman is not the same,

We would suggest that each woman should be allowed to choose her own path. We would not suggest that every woman should be exactly the same, but that each woman should be allowed to develop her own talents and abilities. This would be a great step forward in the advancement of women's rights.

For all plant cultures, let us strive to create a space where everyone can thrive.

The right is to see our own.

Everyone should be allowed to see their own creations and express their own thoughts.

And this will do much, but it cannot supply the places where you have learned to make a pudding she has just left is too shallow to please her.

It is too late, too late, too late,

Washing them at once, then my talk is not to live, and not to love,

I will creep into her thoughts like pleasures at so small an outlay of time

In her world life is visionary,

And none to utter a nay,

With none to cavil or question, by never

In its own sweet, separate way,

To grow as the Lord may please,

Denied nor sun nor breeze,

And none to utter a nay,

In its own sweet, separate way,

To grow as the Lord may please,

Denied nor sun nor breeze,

And none to utter a nay,

In its own sweet, separate way,

WORTH KEEPING IN MIND.

Your refrigerator is the key to keeping your food fresh and safe. Properly storing your food can save you money and time. Here are some tips to help you:

1. Store your food in the correct temperature range:
   - Refrigerator: Use for perishable food such as meats, dairy products, and vegetables.
   - Freezer: Use for long-term storage of frozen foods.

2. Use airtight containers:
   - Use containers with lids to keep out moisture and prevent spoilage.
   - Label your containers with the contents and date of purchase.

3. Rotate your stock:
   - Place newer items in the front and older items in the back.
   - Use items from the back of the shelf first.

4. Keep your refrigerator well-ventilated:
   - Keep the door seal clean to ensure good air circulation.
   - Regularly wash your refrigerator and storage units.

5. Avoid overcrowding your refrigerator:
   - Leave enough space for air to circulate around your food.
   - Avoid placing heavy items on top of lighter items.

**The Robin.**

By Borch G. Wrather.

My old father had a Robin who used to sing so sweetly.

He was a Robin of the Old School.

And listened for the wise old Robin.

"What's the matter with you, Bay, my dear?"

"What's the matter with you, Robin?"

"You seem so out of sorts this morning, after you have so much to sing about!"

"What's the matter with you, Robin?"

"No, Bay, no. You should be happy today."

"No, Bay, no."
