NEW CHEMISTRY BUILDING TO BE STARTED AT ONCE

Advertising for Bids to Start This Week; Actual Construction to Start About Last of May.

Yesterday marked the release of \$300,000 appropriation to be made by the state legislature for the construction of the new college chemistry building. This appropriation was made by H. H. Halladay, secretary of the state board of agriculture, and with his report was a statement relative to plans and specifications of the building, and the naming of the date at which bids will be received.

Plans for the building in detail and specifications for the construction so as to keep within the appropriated amount will be rushed to completion at once. This immediate action being due to the rather unexpected release of one-half the total appropriation. Bids will be opened on May 26, according to these latest developments in the building program.

Advertising for bids will start the latter part of this week, and soon after May 26, the contracts will be awarded. Construction will start at once immediately upon the awarding of the various contracts.

According to A. J. Clark, head of the chemistry department, the portion of the appropriation released Tuesday represents the total to be received by the college this year. The remaining \$300,000 will not be turned over to the college by the state administrative board until 1927.

The new chemistry building will be one of the largest, and most costly on the campus. It will be built to the south of the agriculture and dairy buildings, just in front of the present site of the horse barns. These latter structures are to be moved across the Red Cedar, to allow more room for the new scientific abode.

The firm of Malcolmson and Higginbotham of Detroit has already presented the blueprints of the latest addition to the campus, and they have been approved in their entirety by the building committee.

COLLEGE OFFICIALS ATTEND FUNERAL

Rites Held for Jason Woodman, Well Known Michigan Agriculturist.

The funeral of Jason Woodman of Law Pkwy was attended by President Butterfield and Secretary Halladay of the college with Clerk Brody and Mrs. Dora Stockman of the state board of agriculture.

Mr. Woodman was the first county agricultural agent and was well known in Michigan for his active interest in scientific farming. He specialized in the growing of potatoes, working out the better methods for himself and then giving explanatory talks to other farmers. He was the first in this state to treat potatoes for scab.

At one time a member of the state board of agriculture and an informal lecturer Mr. Woodman knew hundreds of Michigan farmers intimately. When farmer's institutes were held, he never failed to attend and to take an active part in the meetings.

Infantry to Hike to Pine Lake For Over Night Maneuvers

You can't get 'em up! You can't get 'em up! You can't get 'em up this morning!"

The complaint of the bugle will vent its crackling tones on deaf ears when the lusty "wind jammer" tries in vain because the college infantry unit from sweet repose after a night under the pop-bits at Pine Lake.

But the rookies must answer the bugle's call for a busy day lies before them—a battle must be fought in Chandler's Marsh where machine gun nests and front line trenches are to be won.

Another incentive to the khaki-clad youths to stretch their cramped limbs and roll out of the blankets will be the delightful aroma of hot coffee, wafted on the wind from the rolling kitchens. The boys will not regret the "twobits a head," contributed toward the mess fund when the "chow" is passed around to the hungry survivors of a night of guard duty and dancing at the pavilion.

Leaving the college Friday afternoon, May 14th, 150 "warriors" will hike to Pine Lake and pitch camp. After a number of night maneuvers

COLLETT ATTENDS MEET OF SCABBARD AND BLADE

Represents Local Chapter at Convention Held in Baton Rouge, Louisiana.

G. Ivan Collett, president of the Michigan State college chapter of the Scabbard and Blade national military fraternity, left last Tuesday morning for Baton Rouge, Louisiana where he will attend the Scabbard and Blade national convention as a representative of Michigan State. He will be away for the entire week.

PI DELTA EPSILON INITIATES MEMBERS

Elect Officers for Coming Year and Select Delegates for National Convention.

Michigan State college chapter of Pi Delta Epsilon, national ornithological fraternity, announced Thursday the formal initiation and election for nine new members which took place in the Union building Wednesday night. The swing-out was in the form of the publication and sale of the new annual, Razz Sheet.

The new members are: Norval E. Tyrrell, editor of the Wolverine; Eugene Miska, business manager of the Wolverine; Keith Humbergh, editor of the Michigan State News; Gordon Whitcomb, business manager of the Michigan State News; Donald Kline, editor of the Michigan Agriculturalist; James Buchanan, former business manager of the Green Beacon; Paul Engle, former associate editor of the Michigan State News; and James Gamble, program director for WKAR who was taken in as an honorary member.

The officers elected for the following year were: President, Keith Humbergh; vice-president, Norval E. Tyrrell; secretary, Eugene Miska; treasurer, T. S. Edwards; Keith Humbergh was chosen as delegate to the national convention of Pi Delta Epsilon with Norval E. Tyrrell as alternate. The convention will be held Sept. 8, 9 and 10 at Berkeley, California.

Other members of the organization are: Ray Rizzo, David Van Meter, Horace L. Thomas, Floyd Harper, Willard Carpenter, and Ison Baxter. Honorary members are: R. J. McCarthy, J. B. Hasselman, A. H. Nelson and E. H. Hill. Gordon Swanson is an alumni member. The local chapter was established in 1924.

WOMEN'S LEAGUE OF VOTERS DISCUSS CHILD LABOR

Plans for further organization and working of the Women's League of Voters were made at a meeting held Thursday evening in the Home Economics building. A short talk on the child labor question was given by Ietta Thompson, followed by an informal discussion.

Prof. Naeter to Do Research Work With Detroit Edison

Prof. A. Naeter of the engineering department has completed arrangements to join the engineering staff of the Detroit Edison company this summer. He is planning to do some special research work on the relay part of the time.

MUSICAL COMEDY IS FAVORED BY UNION BOARD

To Hire Professional Manager To Handle Production; Investigate Possible Plays.

That a musical comedy has the favor of the Michigan State college Union board as the possible production by the Union for next year, was forthcoming from the meeting of the board Wednesday night. The issue was thrashed over from the suggestions and criticism contained in the report of the special committee headed by Allen T. Edmunds for the purpose of investigating student and faculty opinion on the matter. That the vocal will not be attempted in 1927 seems assured and the musical comedy seems to be the logical alternative.

It was also definitely decided that the management of the production will be placed in outside hands. It is thought that the actual handling of the affair by a student who is carrying regular curricula studies, places too much burden on the shoulders of any student to be efficiently handled. A director with experience in this line is already being considered by the Union board and will be approached on the matter immediately in order that no time be lost in getting at the matter.

It was suggested that a committee be appointed to review productions applicable to this college with the director playing an important part on the committee, and possibly this plan will be carried out. It was also decided that student assistants on the production will be picked by the director on their merits in the particular work to be dealt with in order to eliminate any chance of favoritism in the selections and to get the greatest possible efficiency in the operation.

FRESHMAN ENGINEERS HOLD FIRST SMOKER

Foltz and Bissell Are Speakers; Event Sponsored by Phi Lambda Tau.

The first freshman smoker for engineers was held Tuesday night in the Union building. Prof. L. S. Foltz was toastmaster. The speakers were John Abendorff and Dean G. W. Bissell. Mr. Abendorff stressed the honor system in examinations, telling his audience that he believed the system practiced in that he believed that every engineer was fundamentally honest. He told of some of his experiences in commercial engineering projects and also stressed the necessity of the fundamentals which are required in college.

Dean Bissell's lecture was in the form of a travogue telling of his travels in Europe, the Far East, Alaska, Japan, Panama, and Porto Rico. Dean Bissell told his audience that an engineer needs all the experience that he can get and that travel is one of the best ways of acquiring that experience.

The remainder of the meeting was given over to a round table discussion with everyone taking part. The smoker was sponsored by Phi Lambda Tau.

FRESHMEN TO HOLD OPEN PARTY MAY 29

To Take Place in Union Ballroom; Kolkowski's Orchestra of Muskegon to Play.

An open party will be held by the class of '29 in the Union ballroom on Wednesday, May 29. Although this is on a week night, 12 o'clock privileges have been obtained for the occasion.

Kolkowski's orchestra from Muskegon has been obtained to furnish the music for the occasion. Tickets may be obtained from John Van Atken and Elton Barclay.

Electrical Eng. Department Receives New Equipment

The department of electrical engineering has received an accelerator and artificial cable line from the Western Electric company at Chicago. This new equipment was received through the courtesy of B. D. Marsh, recently superintendent of the Michigan Bell Telephone company.

Double S & H Green Stamps, Campus Market, Saturday.

SHERBURNE MAKES SOUTHERN TRIP

Colonel T. L. Sherburne is representing Michigan State college at the opening of the new State University of Louisiana, which is built near the site of the old institution that he attended. President Calvin Coolidge, President Clarence C. Little of the University of Michigan are two of the principal speakers at the ceremony.

PROF. HENDERSON TALKS AT CONVO

Speaks On "Human Nature And Changing Order."

"Human Nature and the Changing Order" was the subject of Prof. W. D. Henderson, director of the University of Michigan Extension service, in an address to the students of Michigan State college at convention in the Union building Wednesday morning.

"Although we are in the midst of an economic, social and political change, certain elements in human relationships always remain constant and I look for a renaissance in music and painting such as the world has never known as soon as the first industrial flurry dies down in America. All humans have a certain aesthetic desire for expression of beauty, religion and an ethical sense and desire for progress."

Commenting on the sudden rise of America as one of the great industrial nations of the world since the war, Professor Henderson stated that the eyes of the world are on her in fear and astonishment, since the markets of the world are disturbed by the late upheaval.

"The Americans are a queer people," continued Mr. Henderson, "in that they like to be moving and when they are jumping up and down they think they are going forward. They are native with their pride in this democracy, which is yet only an experiment in government."

CO-ED ATHLETES SELLING APPLES TO SWELL TREASURY

Our fair athletic co-eds are selling apples to help swell the treasury of the Women's Athletic association. At the games you can hear them gently calling, "Apples, nice red apples. Just five cents please. Step right up, boys." What chivalrous states could withstand such charms? Each week a list of girls who are to act as apple vendors is posted on the bulletin board in the women's department of the gym. Girls may purchase apples at any time at Mrs. Howell's office.

SENIORS HOLD FIRST STUNT DAY YESTERDAY

The collection of overgrown children that congregated in front of the Union was just a bunch of seniors celebrating their first stunt day. It is a tradition to have three such days each spring when seniors forsake their dignity and appear in unusual outfits. Thursdays for the next two weeks will also be featured as stunt day by the 1926 graduating class.

Students Turn Newsboys in Honorary Swing-out

Nine students, who have been known for their work in connection with college publications, turned newsboys early Wednesday morning and met the student body and faculty on their way to classes with an apple-green edition of the annual Ezema, the "Razz Sheet" published each year by the initiative of Pi Delta Epsilon. The publication and sale of the Ezema takes the place of the swing-out which is used by other honoraries. By the time 9 o'clock classes had started nearly every student had purchased a copy. It was reported that there was a noticeable lack of sleeping students in Wednesday classes owing to the industrious application to the "scandal sheet."

At noon a more sensational second edition printed in red ink on pink paper made its appearance with new front page sensations and soon flaming newspapers were being read by the students everywhere on the campus and in East Lansing.

It was reported that one young man bought a copy and started away but before he had gone a block came running back to buy two more copies, explaining that he only had 55 cents but he would eat on 35 cents for two days if necessary in order to buy enough copies to send to his friends.

TO CELEBRATE BIRTH OF COLLEGE FOUNDER'S DAY

College 69 Years Old May 13; Program Planned with Parties and Ball Game Features.

In 1857 an institution known as Michigan Agricultural college was founded at East Lansing. Sixty-nine years will have passed on May 13, the exact birthday of the college. To commemorate this occasion an extensive founder's program has been arranged for. It will have a dual significance, inasmuch as it also represents the first anniversary of a new institution, Michigan State college. Just as the state granted the incorporation of M. A. C. back in 1857, so did the 1924 legislature revise this original charter, and make possible the existence of Michigan State college, as an institution on a broader educational scale.

It is with these phases of the college as the background, that great efforts have been extended to make the coming anniversary day the greatest yet. In fact a whole week will be set aside to commemorate the origin of the college.

FIELD GEOLOGY CLASS TO STUDY THE GRAND RIVER

To Go On Week-End Trip Following Course of River.

The class in field geology will leave this afternoon for a week end trip to study the Grand river in its course from Lyons to Grand Rapids. At Grand Rapids the party will spend half a day in one of the mines of the Michigan Gypsum company to observe the methods of mining. From there they will travel through the abandoned glacial river channel to Holland and thence to South Haven to study dunes and sand plains. Leaving South Haven the class will continue cross-country over the glacial belt to Kalamazoo and into the famous celery area of that region, thence to Hastings and back to East Lansing.

This field trip will be of special interest to the members of the class because of the many different geologic formations which will be found.

This is the second of a series of trips arranged for the spring term by the department of geology and will be conducted by Professors S. G. Bergquist and W. A. Kelly.

FERRIS INSTITUTE CLUB TO HOLD ANNUAL BANQUET

The Ferris Institute club will hold its annual banquet in the new People's church at 6:30 on Saturday evening, May 15. Gerrit Mavensink will be the speaker of the evening. All F. I. alumni in Lansing and East Lansing, whether students, faculty or others, who are not already in touch with the association should notify John Sunderlin, 444 Evergreen avenue, or L. M. Billman, 5 D Wells hall, East Lansing.

At The Union

There is a notable display of pipes at the main desk. They are the property of Harold Fisher, '29.

A special selection of Mother's Day candy is being shown. The boxes will be shipped for you.

Oil paintings which beautify lobby were painted by Professor Scheele of the art department.

The soda fountain is ready to serve you. If you do not find what you want it can be added to the list of stock.

Use the Union, it is your club, erected and maintained for your benefit. The amount you use it will determine the degree of its success.

Michigan State News

Published twice weekly during the college year by the students of the Michigan State College. Entered as second class matter at the post-office, East Lansing, Michigan. Advertising rates furnished upon application to the Business Manager.

SUBSCRIPTION—\$2.50 THE SCHOOL YEAR

FLIVVER VICE

Close upon the heels of the first pussy willows, from the point of time, comes the college Ford. A few warm days and a little sunshine brings them out like hibernating animals. And with their annual appearance on the American college campus comes the usual storm of protest from various sections of the country from well meaning candidity forecasting faculty groups.

Says Dean Clark, of the University of Illinois, "whatever of drinking and stealing and sexual immorality exists among college students is largely connected with the automobile. The passion for driving seems to stimulate other passions and unconventionalities, and actual immorality often results. Youth is perhaps no more irresponsible than it has always been, but the automobile is an unnecessary evil and an added temptation to loafing and irresponsibility."

Many other schools are having their troubles or at least are protesting. Indiana, Purdue, Oklahoma, DePauw, Kansas, and Wabash have ceased to welcome the lowly Ford to their sanctuaries on a double count of low grades and low morality.

Students are taking a different viewpoint and it is to be expected that they would defend their battered prizes. The Wabash Bachelor has expressed itself in a forceful manner.

"It is an injustice to force all car owners to do away with their cars because a few car owners make poor grades. These men will do no more studying without a car than with one. They will find something else to occupy their time."

Both sides of the question have some basis for argument. There are some people who would be able to keep away from their books for longer periods of time if they had a car. However, if a student is going to loaf, and he will whether he has a car or not, it is at least a good healthful way of loafing.

It is very unlikely that to take away the automobile from the student would largely do away with drinking, stealing and sexual immorality, the three things that Dean Clark says, exist with the automobile. Probably many young men have been unable to resist the temptation to steal an automobile who would not have stolen other things but as for drinking—students who wish to get drunk don't seem to require a car to do it.

Immorality of the present generation seems to be a favorite subject for those who have passed from the realm of the judged to join the judges. And they say the automobile is to blame. It might be well to glance back 25 years to the time when lovers drove down shady roads with gentle horses

What an advantage it must have been not to have to drive.

TO CELEBRATE BIRTH OF COLLEGE FOUNDER'S DAY

(Continued from page 1)

To start the festivities, the annual alumni radio program will be given on Tuesday evening May 12. This will make possible a contact between the college and a host of alumni. A series of programs, having the college at heart, will comprise the general program of the evening.

Wednesday, May 13 will be a red letter day in the college. Classes will be in order during the morning as usual, but all afternoon sessions will be dismissed. At 1:10 p. m. every society and fraternity on the campus, will be arrayed on the drill field. Each group will be banded together by a mounted symbol. Exactly at 1:30 o'clock the various organizations will march into the gymnasium, preceded by the twenty-one piece college orchestra, under the direction of Carl Kuhlman, the men's glee club and the Swartz Creek band. Music will prevail within the gym, to start the afternoon's program, and following a formal introduction from the platform of several of the oldest living alumni, the main address of the occasion will be delivered. Charles W. Garfield, 70 of Grand Rapids, has been designated

as the honored speaker. He is one of the oldest living graduates of this college, and will devote the greater portion of his address to reminiscences of past experiences in this institution.

The remainder of the program will be relegated to the students, and any suggestions for same will be welcomed by either Gid Swanson, at the Union or the Eumonian house, or by Milton Francis, at the Olympic house. Mr. Swanson heads the college faculty committee, and he has appointed Mr. Francis as student chairman of the general arrangements.

Every college, university and normal president in the state is expected to be present for the day, with the exception of President Little of the University of Michigan. Dr. Little has declined, because of a conflict in dates, with one previously made. None of this group will have a part in the plans of the day, since most of them are coming here to take part in the dedication of the new People's church. Among the college presidents to appear here will be Gerritt Masselink of Ferris Institute. He is a graduate of the old M. A. C. regime.

All of the prominent alumni will be discussed from a prepared list during the afternoon's program, that the present students may better know they who have made posterity for the institution.

An added attraction for the Founder's Day celebration on and off the campus, will be in the form of house decorations. Every fraternity and sorority house is requested to try and out rival each other in exterior splendor on that day. Banners, college colors, house colors, and flags of any nature, such as bedeck society houses on the occasion of homecoming days in the larger schools, are looked forward to as means of attracting visitors on the campus May 13 to every chapter house.

Following the address and general program in the gymnasium, the various house groups will remain intact and journey to the athletic field at three-thirty o'clock, the time set for the starting of the Hope college baseball game. Music will be prevalent during the game, and at the stage of affairs preceding the clashing of State with the west state nine.

Culminating the date of the sixty-ninth anniversary of the founding of the college will be the annual freshmen spring term party in the ballroom of the Union building. The frosh will be immune from sophomore omni-

Close harmony

Don't think that a college "sing" is the only place for close harmony. The electrical communication industry, too, has applied the big idea.

Four men put their heads together in the research laboratory—and there evolves a new and scientifically accurate basis for the measurement of speech and hearing.

Construction engineers, whose pole lines stride across country, work hand in hand with purchasing engineers who look forty years ahead for the pole supply of the future.

In the factory, engineers and craftsmen together develop new processes and almost-human machines to increase production and effect economies.

Combined ability—that's the thing! In the words of the song, "a long pull, a strong pull, and we'll all pull together."

The Social Whirl

Edited by
ERVA PRESCOTT
Kappa Delta House

With the coming of spring weather, fewer and fewer social functions are in evidence. This week-end, however, there will be three open houses staged by the Eunoian, Phylean, and Eclectic societies. The Alpha Phi benefit dance at the Union Friday evening and the Theman spring term informal at the Union Saturday evening complete the list of party activities.

Sesame

Monday evening the honorary members of the Sesame society were entertained with a bridge party. Dr. Marie Dye won the high score. Other guests for the evening were Mrs. Olive Dobson Henkle, Miss Helen Grimes and Miss Neva Bradley.

Guests at the house for the past week-end were the Misses Ann and Kathryn Heyman and Sophia Haldstead of Ann Arbor.

Miss Ellen Clements spent the week-end in Saginaw at the home of her parents.

Abbott Hall

Mrs. Waltersdorf, Mrs. Brinkman and Mrs. Lott returned Sunday with

their respective daughters, Veda, Mae, and Pamela, for a short visit.

Mr. and Mrs. C. Francis of Standish visited their daughter Helen the fore part of the week.

Mrs. Lasenby and two daughters visited their daughter Ruth Sunday afternoon.

Hillcrest

Helen Payette returned Tuesday after having been confined in the hospital for several days.

Trimoira

Pledging service was held Tuesday for Stanley Weed, Lewis Baker, P. J. Pinson and William Irvin. Initiation starts Wednesday and will

continue through the rest of the week.

Theman

The Misses Margaret Shoemith, Grace Carruthers and Eleanor Ralzey, who are attending the Merrill-Palmer school in Detroit will be at the house this week-end to attend the spring term party.

Elna Bowen is expecting to entertain her mother, Mrs. Bowen of Grand Rapids, at the house this week-end.

Tic

The society announces the pledging of Edward Cook.

Olympic

Formal initiation for Arthur Collins, Douglas Watkins, Dale Weir, Harold Fisher, William McGuire, Robert Olson, William Moyer, Ned Gillhouley, Milton Everett, Arthur Roth, William Kroll, William Oster and Mr. Sagrannon will be held Saturday evening.

Delphic

Arthur Steng, an alumnus, who has been staying at the house for the last few months, left for Utah Wednesday morning.

George Braun, who is teaching at Coldwater, visited at the house the fore part of the week.

Columbian

An open house will be given May 8.

The spring term party will be held at the house June 5.

Eunoian

An open house will take place Friday evening.

Initiation banquet will be held Friday evening for Ted Carbine, H. Roth and Ted Stevens.

Ae Theon

Formal initiation will be held Saturday evening for six initiates.

F. Thomas and M. B. Morrish were guests at the house over the week-end.

Y. W. C. A. House Party

The members of the new and retiring Y cabinets will leave Saturday morning for the Y. W. C. A. cottage at Pine lake where they will spend the week-end on the annual house party.

Double S & H Green Stamps, Campus Market, Saturday.

TO CELEBRATE BIRTH OF COLLEGE FOUNDER'S DAY

(Continued from page 2)
potence on this night, as a natural matter of course, and the coeds will enjoy regular week-end house rules, as to the time the evening must come to a close for them.

On the day following, visitors will stroll the campus viewing the buildings and note the sweeping changes which have come over the campus in recent years. Not a few of the "old grads" will be able to recall the days when this institution was only in its infancy. As darkness descends upon the campus, the first day of the seventeenth year it has been such gaiety will be looked to in the ballroom of the Union. For at this time, a gala union party is planned. Coeds will again have the same rules apply as to hours, as on the previous night.

In all significance, Founder's Week promises to be a period imbued with much celebration and outlived by no other demonstration of the college year.

Going to Ride a Hammock or Pursue Other Rough Sports This Summer?

IF SO, this won't interest you. But if you want a chance to test your mettle, to acquire some valuable business training and to pull down anywhere from \$40 to \$80 a week while you are doing it, give ear to this.

Woman's World—a magazine entering 1,325,000 homes monthly—invites ambitious college men to enter its subscription sales organization for a special campaign of eight weeks, during the months of July and August. Under the direction of seasoned veterans, you will be instructed in both the theory and practice of salesmanship and you will be paid in proportion to the enterprise and ability you manifest.

The work is dignified, intensely interesting and keeps you out in the open. No other branch of modern business offers such large or such quick returns as does the sales department. This is a real opportunity and we will help you make the grade. A letter or postcard will bring you full details without obligation, together with a booklet of letters from other college men who are in our employ. Write promptly, as units are now being filled.

STATE MEETS STRONG DETROIT CITY COLLEGE TRACK TEAM TOMORROW

DOHERTY AND SMITH MEET IN SIX EVENTS; MEET EXPECTED TO BE CLOSE; RECORDS LIKELY TO TUMBLE.

Michigan State's varsity track team meets the strong Detroit City college thirlclads on the new State track Saturday afternoon in what promises to be one of the closest meets in the history of Michigan State. Led by Doherty, one of the best all-around athletes in the mid-west, the metropolitans will present a formidable array of track talent which thus far this season has fared unusually well on the clinders.

Unquestionably the Spartans have the best track team to ever represent State but as the fates will have it, this seems to be the season for steller track teams throughout the country and to break a record and yet place low or not at all, is no unusual event.

Doherty will meet a worthy rival in Paul Smith who favors the same events as does the Detroit star. Both men will meet in the pole vault, discus, shot put, high jump, broad jump and javelin. Smith appears to have the edge in the first three mentioned over the Metropolitan ace, but Doherty is figured to best Smith in the high jump, broad jump and javelin. Doherty placed second in the all-around event at the Illinois relays and fourth at the Penn relays which means that Smith has something more than hope to face.

Another worthy opponent is to be met in the person of Spence who took first in the low hurdles at the Illini classic and who last year won both

the high and low timbers, setting a first at the Penn relays but are not figured to be easy winners when it meets the flying Spartan quartet. Several records are expected to fall in this dual meet including the quarter mile in which Grim may better the time of 50.2 set by DeGay Ernst in 1922. Grim and Alderman are capable of at least 10 flat in the century which is the college mark set by Moon, Hopedel and Ernst. Wylie has an excellent chance to smash Brendel's record of 1:59.8 which was made in 1922. "Baldy" Harper has been clocked at better than 4:33 which is the college mark set by Adolph in 1921. Belt should better the two mile mark which is held by Carr, who did 9:56 in 1908, one of the oldest college records. Alderman may possibly better 23 feet 3.8 inches which, at present is the college record. The mark set in the shot put in 1921 by Fessenden of 41 feet 1.12 inches may fall before Paul Smith who also holds the fresh record which is better than this distance. Smith may also better Jack Schwalz's heave in 1921 of the javelin of 159 feet. Smith did 158 as a freshman. Other records which may fall is the mark of 138 feet 3.12 inches in the discus set by Fessenden in 1921 and the pole vault record of 11 feet 6 in. set by Loveland and Miner. Smith holds the fresh record with a vault of 11 ft 7.58 inches.

The Detroit relay team also scored a first at the Penn relays but are not figured to be easy winners when it meets the flying Spartan quartet.

Several records are expected to fall in this dual meet including the quarter mile in which Grim may better the time of 50.2 set by DeGay Ernst in 1922. Tennis—Mt. Pleasant vs. Michigan State.

MT. PLEASANT TO MEET FRESH SAT.

Invaders Strong In Distance; Heltzman With Northerners.

Saturday morning the State all-fresh will compete in its first dual meet of the season, the Mt. Pleasant Normal thirlclads coming here as the opposition. The fresh, with one of the best balanced teams a Green and White yearling class ever had, is expected to score a large victory due to superiority in the dashes and middle distances. The distance runs will form the only real obstacle in the way of the yearlings, as this department is admitted as being the only point in the team below the caliber of the remainder of the outfit. At the presence of such promising freshmen in the ranks of the distance men as Clark, Bennett, Williams, McClish, Maples and LaPlant may upset the dope and take a majority of places in the mile and two-mile events.

Heltzman, a former track performer for the yearlings, is now enrolled at the northern school and will represent it in the century, 220 and 880 relay. Heltzman proved himself to be a capable performer while at East Lansing and is due for places in the two events in which he is entered. Last year in a similar meet, Mt. Pleasant defeated the fresh 81-55.

This will be the first dual inter-collegiate track meet to be held in the new stadium.

The events:
10 yard dash—State, Grim, Alderman, Rupp, Lord; Detroit, Taft, Swan, Taylor, Strong.

One mile run—State, Harper, Wylie, VanArman, Culbert; Detroit, Lange, Hill, Warriner.

220 yard dash—State, Grim, Alderman, Farley; Detroit, Swan, Strong, Taft, Taylor.

120 yard high hurdles—State, Van Noppen, Miller, Mattison; Detroit, Spence, Doherty, Blomfield.

440 yard dash—State, Grim, Hilton, McAlloch, Falk, Otterbein, Dorance; Detroit, Blanchard, Pauschert, Strong, Lammman, Griffiths.

Two mile run—State, Thomas, Belt, Severance, Harper; Detroit, Warriner, Lange, Brown.

220 yard low hurdles—State, Van Noppen, Miller, Mattison; Detroit, Spence, Doherty, Blomfield.

300 yard dash—State, Wylie, Ripper, Waterman, Burke; Detroit, Hill, Kay, Lammman, Lange.

One mile relay—State, Lord, Wall, Keefer, Farley; Detroit, Pauschert, Griffiths, Lammman, Strong, Blanchard.

Pole vault—State, Smith, Gebmeke; Detroit, Hallock, Doherty.

High jump—State, Kurtz, Holz, Miller, Mattison, Smith; Detroit, Hallock, Dougherty, Doherty, Huntington, Blomfield, Zuber.

Broad jump—State, Alderman, Kurtz, Smith, Burke, Zimmerman, Fleser; Detroit, Doherty, Zuber, Spence, Huntington, Taft, Swan.

Shot put—State, Tillotson, Smith, Garver; Detroit, Zuber, Doherty, Gunn.

Discus—State, Tillotson, Smith, Garver; Detroit, Zuber, Doherty, Stuart, Javelin—State, Smith, Alderman, Garver, Ballback, Boehringer, Belt; Detroit, Doherty, Thurmes, Gunn, Gunn.

Double 8 & H Green Stamps, Campus Market, Saturday.

WAKEFIELD ALLOWS TWO HITS AS STATE WINS OVER SYRACUSE, 4-3

ZIMMERMAN, FLESER, BAYNES SCINTILLATE IN FIELD; KIEBLER AND ZIMMERMAN LEAD SPARTAN ATTACK.

State defeated the University of Syracuse baseball nine yesterday afternoon, through the airtight pitching of Harry Wakefield and the bunching of four hits in the sixth chapter, including a triple and a double which enabled the Spartans to nose out the Orange and Black, 4-3.

Wakefield allowed only two hits to be taken off his delivery, both singles, but sloppy fielding and free tickets to first permitted the visitors to dent the plate in two innings, scoring two runners in the first inning and one in the second. After the second frame Wakefield had the New Yorkers eating out of his hand, setting them down in order in the third, fifth, sixth, seventh and ninth innings. Wakefield struck out the entire trio that faced him in the fifth and he also got two of them in the ninth. Wakefield had ten men waza at the third strike during the afternoon.

The stellar pitching turned in by the State veteran was no more brilliant than the support accorded him by his team mates, especially by Zimmerman, Baynes and Fleser. Del came in from right field to take a foul fly from near the right field bleachers that looked next to impossible to connect with and Fleser went back of the center field bleachers to take what looked like a home run from the stick of Eisman. Carl Baynes turned in some of the most brilliant pieces of fielding that has ever been seen around the State midway sack, turning two hot ones that had all the earmarks of hits into easy outs. These plays were pulled at the time when Wakefield needed this kind of holding and helped a great deal in smoothing the way for the diminutive moundman.

Syracuse sent Allen against State, a bespeckled individual who persisted in sending up submarine shoots that for a time had the Spartan wreckers baffled. State found him for hits consistently but was unable to score until the fourth. Zimmerman was cut down at the plate twice, once in the first when he doubled to right and tried to score on Fleser's single to left but Peck's arm was a bit faster than Del and Eisman got him by a safe margin. Again in the fifth he was exterminated at the home gate when he tried to score on Haskin's roller to the box.

The dynamite in the Spartan willows was touched off in the sixth inning when with no one away singles

by Fremont and Baynes, a double by Rowley and Zimmerman's triple accounted for three runs and which eventually proved to be enough. Capt. Kiebler got three hits and a walk in four time at bat, collecting two singles and a triple. Zimmerman was not far behind with a double and triple in four times at the plate, but the remainder of the privileges taken from the offerings of Allen were more scattered.

Syracuse plays two games with the University of Michigan this weekend and State will also play Lake Forest U. at College field at 3:30 Sunday afternoon. The only probable changes in the Spartan lineup are that Haskin may replace Rowley at third and the reappearance of Spiekerman at first for Macier.

Summary:

SYRACUSE U.	AB	R	H	PO	E
Ringwood, ss	3	1	0	2	1
