## CHICAGO ARTISTS PROGRAM ENDS DEDICATION WEEK

### People's Church Program Ended Tuesday; College Glee Club Big Success.

The last strains of this year's symphony concerts have died away, and the echoes of the music brought forth by master musicians will long reverberate in the minds of those who attended the local appearance of the Chicago Symphony Tuesday.

The concert given Tuesday afternoon and evening marked a fitting climax to the dedication ceremonies of the new People's church.

## HOLD DIVISIONAL CONVOCATIONS

### Miss Sweeney Addresses H. E.; Liberal Arts Hear Rev. James McGee.

The greatest problem in home economics as teaching the public to think straight, was the statement made by Miss Mary Sweeney of Merrill Park, and former dean of home economics at this college, at the home economics divisional convocation Wednesday.

Miss Sweeney stated that the field of home economics was not "bound to settle and thread or encompassed by a muffin ring."

Home economics has not yet made its greatest contribution to civilization, said Miss Sweeney in closing, but it is on the brink of its greatest development yet known.

The speaker for the liberal arts convocation Wednesday was Rev. James McGee of the Baptist church of Flint. His topic was "Where Do We Live?" The answer is that we live not in place, but in deeds, thoughts, and feelings. According to Rev. McGee, most reformers do not know how to accomplish their aims and reforms are up to those who have had the opportunities of a liberal education. He also said that, although believing a thing is true, does not make it so, an optimistic outlook on life helps to make life better living.

The applied science convocation was addressed by Prof. H. R. Hunt, head of the zoology department. Dr. Hunt gave a more or less technical lecture on genetics, heredity and related topics. In the course of his talk, he said that the study of genetics has been almost entirely confined to the last 20 or 25 years. He explained the theory of the inheritance of various characteristics in the life of man, and pointed out that heredity and environment are almost inseparable factors in the determination of a man's qualities and life habits. Dr. Hunt illustrated this point by suggesting that a billiard ball, when struck by the cue, might be considered as a man's life, and as it strikes other balls or the side of the table, it is deviated from its course. The cue is heredity, which gives the man the characteristics he starts with as a child, and the other influences which change the course of the ball constitute environment.

### NOTICE:

The extras for the senior play, "Francesca de Rimini," are asked to meet in the Little Theater Wednesday evening, May 26, between 7 to 9 o'clock to be measured for their costumes.

## JUNIOR GIRLS TO BE HOSTS TO SENIOR CO-EDS

### Will Entertain Senior Girls At Breakfast at Pinetum Sunday, June 6.

The junior girls will entertain the co-ed members of the senior class at a breakfast at Pinetum Sunday, June 6. Differing from other years, the breakfast will be of a distinctly informal type. The food is to be taken up in a wicker wagon appropriately decorated to carry out the effect. Slips are to be placed in the Home Economics and Woman's buildings on which those desiring to go may sign. Julia Stone is general chairman of the committee in charge.

## COMMITTEE MAKES PLANS FOR ANNUAL CAP NITE CEREMONY

### Tyrrell Made Chairman of Committee in Charge; New Features to Be Added.

Cap Night for home economics is the annual event of the year on the campus, and will be held Wednesday evening, May 26, at 7:15 in the faculty drill hall. Nona E. Tyrrell has been appointed chairman of the committee in charge.

New features are being included in the program of the night. A dance of the Phi Theta Kappa, which the seniors toss their old books and the freshmen catch them. A more extensive display of fireworks is expected and with an amount of time for handkerchief contests will be entertaining.

The Phi Theta Kappa will furnish music for the entire program as well as using one of the musical traditions in the program. The new president of the student council, George Dicks, will be introduced by former President Harry Wakefield. A time honored tradition is that of the presentation of the senior emblem to the class of 26 to the class of 27 of the respective presidents.

Last of the convocations are an drawing into the line of the seniors, books by the seniors and the seniors of the freshmen as they parade around the building to their partners.

## PRES. BUTTERFIELD TO GO TO EUROPE

### President and Prof. Mumford To Attend Conference at Brussels.

President Kenyon L. Butterfield and Prof. Eben Mumford of the zoology department, as representatives of Michigan, will attend the conference of the International Country Life Association in Brussels, July 19.

President Butterfield will sail from New York June 26 and expect to return to East Lansing about the middle of August. Dr. Mumford will remain in Europe a few weeks longer, arriving at the college the middle of September.

## Co-eds to Turn Boot Blacks Wednesday

Eager and attractive co-eds equipped with all the necessary paraphernalia for shoe shining will be stationed about the campus next Wednesday morning ready to pounce upon the students with polish, brushes and shining cloths. The event will be co-ed shine day, which proved so successful last year as to merit making it an annual event.

## WOLVERINE IS NEARLY READY FOR DELIVERY

### To Start Distribution On or Before May 31; Book Has New Features.

Distribution of the 1926 Wolverine will start on Monday, May 31, if the book is received from Robert Smith Co. printer as expected on Friday. If the Wolverines are delivered before Friday in the Wolverine staff the distribution will commence immediately.

The 1926 Wolverine is the 24th volume. Among the new features of the book are a new layout or view section, the opening poem, and the enlarged feature known as John Held, Jr., and Blossie, who have nationally prominent cartoonists have contributed to the annual. With the work of these two artists and familiar Trott, the committee promises to be one of the best blue color made from a distance of the staff artists. The committee is a change from the old type and is effective in the new paper.

Subscribers for the 1926 Wolverine are asked to pay their final payment ready for delivery. The exact time of the distribution of the Wolverine will be announced later.

Friday, May 21, marks the second anniversary of the chairman of two years ago, and the date of delivery in the history of the Wolverine.

There is a possibility that the 1926 Wolverine will be delivered before Friday, and will be a new record for the Wolverine as the first annual published at M. S. C. by May 28.

## HONORARY DEGREES TO BE CONFERRED AT COMMENCEMENT

### Four Candidates for Ph. D. Degree; Five M. A.'s to Be Granted.

There are four candidates for the Ph. D. degree this year and five men will be granted the master's degree. Those receiving the master's degree are graduates from the college who have made good in their respective fields and have been recommended by the heads of their departments.

The master's degree will be conferred upon George Willoughby in chemical engineering, E. H. Collins and J. H. Hennig in civil engineering, and J. T. Way in chemical engineering. A degree in agriculture will also be granted.

## ARMY PROMOTES CHEM PROFESSOR

### R. C. Huston Receives Promotion to Lieutenant Colonel of Field Artillery Reserves.

Major R. C. Huston, associate professor of chemistry, has been promoted to the grade of lieutenant colonel of the field artillery reserves. Colonel Huston has had considerable experience in military affairs, his first service being in 1903 when for three years he was a member of the Iowa national guard. From June 4, 1917 to Sept. 19, 1918, he was a second and first lieutenant in the Michigan state troops, having to accept a commission as captain in the sanitary corps of the United States army, which he held until Feb. 1, 1919. During this time he was stationed at the Rockefeller Institute, Yale laboratory school and at general laboratories at Camp Polk and at General Hospital No. 19 at Owen, N. C.

He was commissioned a major in the sanitary corps reserve in 1920, and while holding this commission was also first lieutenant and captain in the 119th field artillery from May 19, 1921, to Oct. 6, 1922, and in June, 1923, was promoted to the grade of major. Colonel Huston will be stationed at Camp Grayling with the 119th field artillery during its summer encampment.

### NOTICE:

There will be an important meeting of the members of the Michigan State Union, June 1, at 7:30 p. m. in the Union building. Ruth Ketchum, Pres.

## MAJ. GEN. WM. GRAVES TO REVIEW CADETS FRI.

### Commander of Sixth Corps Area to Inspect R. O. T. C.

Major Gen. William Graves, commander of the sixth corps area, is to inspect and review the cadet corps this afternoon from 4 to 5. This review takes the place of the usual Wednesday parade which was postponed on account of the game which was scheduled for that day.

## LIMITED NUMBER OF TICKETS TO BE SOLD FOR SOPH PROM

### Tickets On Sale This Week; May Be Procured From Committee.

With the sophomore prom, the big social function of the spring term, but three weeks away, the sale of tickets has begun, with limitation of 100 couples being placed on the party to facilitate dancing space in the Union Memorial ballroom.

This will be the second sophomore prom to be held in the Union hall, the 1925 prom being the first social function ever to be held in the new building. Jean Goldkette's Original Breeze Blowers have been secured to furnish the music, and a real treat in the way of appearing synopses is promised. The Breeze Blowers have played at several functions at Michigan State on previous occasions, their last appearance having been the 1925 Variety Club to the complete satisfaction of the merry-makers present. However, several changes have been made in the personnel of the band with acquisitions from larger organizations, and a real band is due June 4, according to the committee in charge of the party.

Liberal favors and novelties are also promised, which will compare favorably with anything produced at a party this year, excepting none. The committee also promises.

The sophomore party committee, from which tickets for the occasion may be procured, is Amy Hedrick, chairman; Paul Larky, Karl Davies, Deatrice Bohm, and Phosie Pangborn.

## ANNUAL INSPECTION R. O. T. C. NEXT WEEK

### War Department to Inspect Cadets Monday and Tuesday of Next Week.

The period of intensive instruction and review which has been gone through by the members of the cadet corps during the present term is drawing to a close. It will culminate in the annual inspection of the war department which is to take place Monday and Tuesday of next week.

One of the days will be devoted to inspection of equipment and buildings and the other to inspection of the cadets. The whole purpose of the cadets these last few weeks has been to attain that perfection which will bring the distinguished rating to M. S. C. this year. If the distinguished rating is received it will be the third consecutive time that this honor has been conferred on this school. According to several of the regular officers stationed here, the work being done by the cadets is equal to if not superior to any being done in any similar institution in the country.

The plans for the new armory and all the equipment that will go with it should help considerably in gaining the coveted honor, according to Lieut. Col. Sherburne, commandant. While ground has not yet been broken for this building, it is an assured thing and will be constructed as soon as funds are available.

## TO HOLD SECOND ALL-COLLEGE ELECTION SOON

### Students to Elect Wolverine Editor and Decide Upon Important Questions.

A second all-college election will be held late in May or early in June primarily for two purposes: to elect the next editor of the Wolverine and to decide the question of placing the Wolverine and State News subscriptions on the fees beginning next fall.

Robert Wilson and Arthur Hannah were chosen as the candidates for Wolverine editor at the last meeting of the board of publications, after the board had passed a resolution stating that the position of editor should hereafter be held by a senior rather than a junior in view of the fact that the Wolverine is now an all-college publication. It was the opinion of the board that, as a rule, a senior would be more capable of handling the work. Both Wilson and Hannah are juniors this year.

It is expected that the student council in the meeting which will be held next Tuesday, will decide upon some important questions which will also be placed before the student body in the election.

The problem of a publications fee to be collected by the college at the time of registration has been thoroughly investigated and passed upon favorably by the board of publications, the W. S. G. A., and the student council, and it has been decided to put the question to a vote of the entire student body. Members of the board of publications have been delegated to gather data pro and con for the information of the students previous to the election. This information on the fee question will be published at a later date in the State News.

## GOV. GROESBECK TO APPEAR HERE

### Obtained by Groesbeck Club To Address All-College Smoker.

Governor Alex J. Groesbeck will appear at an all-college smoker some time next week as the first step in the program of the Groesbeck club which has been recently organized to promote the interest of the student body in behalf of the governor.

All students are invited to attend the smoker at which the governor will have something interesting to tell his admirers. Buttons will be distributed to his backers who appreciate his efforts toward a "better Michigan State."

The candidacy for the highest office of the state is being hotly debated by the student politicians with the appearance of a new club, organized by John C. Cook of Owosso, on hearing the standards of Fred Green, the Iowa possibility for the executive position. The Groesbeck followers led by "Gerry" Reynolds and "Jim" Bands are leading the field at present, since the only indication of activity among the Green faction is the appearance of stickers in conspicuous places about the campus.

## At The Union

It is convenient to have your lunches prepared at the Union. Appointments for the beauty parlor may be made by calling 23211 or 23921.

A barber who is known to many of the older students will be on hand in the shop on and after May 24.

There has been a fifty per cent increase in cafeteria business during May over April. April equaled the best previous month.

A complete financial report on the operation of the building for the year will be printed after June 30.

The Union will continue its operation throughout the summer. It will not close in August as was the case last year.

### A DEBT OF EDUCATION

In the near future Governor Alexander Groesbeck will be at Michigan State as the speaker for an all-college smoker. It will be an opportunity for those who are interested in the election of the next governor and an opportunity for all to hear a man who has been successful although there are those who deplore his method of attaining success in the office of governor. There is a prevailing sentiment on the campus in favor of Groesbeck for governor, and in view of what the state executive has done in behalf of the college, we are inclined to add a fervent "amen" to the general chorus.

During the three terms in which Groesbeck has been the incumbent of the office of high executive, probably more has been done to advance educational facilities in this state and at Michigan State college in particular than during any other decade in the history of the state institutions. At Michigan State, appropriations for new building is still being recognized by the Groesbeck regime, and money is still being gathered for the erection of these buildings. Governor Groesbeck announced his candidacy for a fourth term on the basis that he wishes to complete his three-fold program ere he hands over the regime to the office to a successor. Along with his road policy and his plan for stabilizing the finances of the state, Groesbeck has the educational institutions of the state at heart in his program of state advancement.

Partisan cries are hurled from opposing camps dubbing the governor as "Alexander I" and by other scathing titles, and possibly the state executive is in line for a bit of sarcasm at the hands of his opponents for his one-handed rule. However, we feel sure that, regardless of the fashion in

which the governor accomplishes his ends, he has the true interests of the state of Michigan at heart, and it is for Michigan's voters to cease worrying over petty abuses of the executive office, the means in which Groesbeck seeks his ends, and look forward to the advancement of Michigan to a high plane of living, socially and educationally.

### CHICAGO ARTISTS PROGRAM ENDS DEDICATION WEEK

(Continued from page 1)  
 The concert was a real success and arrangements are already being made for the return of the Chicago musicians next year. Such programs as given by the Symphony orchestra are of real cultural and educational value and it is to the advantage of the college to sponsor such entertainments whenever possible.

The Michigan State college band took an active part in promoting the concert. All members attended and undoubtedly derived a great deal of pleasure and inspiration from the music of the Chicago organization.

Monday night the annual Glee Club concert took place in the new People's church. It was the first formal appearance of this organization this year and was received with enthusiasm by the large crowd which attended.

The concert opened with a selection by the college orchestra, which furnished the instrumental music for the program. This was followed by a three-part selection rendered by the College Choral Union, which came in to college circles this year for the first time. This organization is under the direction of Prof. Kendall.

The program was varied with numbers being rendered by the College quartet which entertained with its usual cleverness and pep. The quartet renditions of negro songs were especially good.

Evan Dennis gave a reading entitled "The Horse Thief Jimmy" which merited praise. It gave a view into life's pathos and laughter in a real human manner.

The grand finale was a mass rendi-

### SENIORS NOTICE!

Senior assessments for 1925 Wolverine can be paid at the secretary's office at any time until June 10. Class dues can be paid at the Union lobby next week, May 24-29, from 5 to 6.  
 C. S. BITTNER, Secretary.

tion by all those participating in the concert. It brought a very enjoyable evening's program to a close.

### CORRECT STRAWS

Sailors have wider brims and bands are brilliantly colored. Panamas, Leghorns and Porto Rican woven body hats in new "collegiate" shapes.

Dunlap "Metropolitan"—sailors that are pliable where they touch the head, and "Facile" cushioned leathers assure perfect comfort fit.

As usual, the biggest variety in Central Michigan and May Fitting Service, an unbeatable combination.

Sailors \$2 to \$6  
 Soft Straws \$2.50 to \$8.50

**When it's a rainy night—and with three crafty bridge players your luck is running wild —have a Camel!**

WHEN the dark skies are pouring rain outside. And fickle fate deals your hands at bridge that you play with consummate skill—have a Camel!

For Camel is the silent partner that helps every deserving player win his game. Camels never hurt or tire the taste, never leave a trace of cigarette after-taste. Regardless of the gold you spend, you'll never get choicer tobaccos than those rolled into Camels.

So this evening as you ply your unerring skill, evoke then the mellowest fragrance that ever came from a cigarette.

Have a Camel!

Camels represent the utmost in cigarette quality. The choicest of Turkish and Domestic tobaccos are blended into Camels by master blenders and the finest of French cigarette paper is made especially for them. Into this one brand is concentrated all of the knowledge, all of the skill of the world's largest organization of expert tobacco men.

Our highest wish is that you do not yet know Camel quality, so that you may compare Camels with any cigarette made at any price.

# The Social Whirl

Edited by  
**ERVA PRESCOTT**  
Kappa Delta House

The society calendar for the coming week-end shows an increase in social activity. Friday evening will mark the occasion of the annual Hall informal at the armory, and the annual engineers party at the Union. Saturday night will be the climax of the society spring term parties, with four being scheduled. Phyleans and Enoimians will stage open houses this week-end, the former on Friday night, preceding their spring affair at St. Andrew's, and the latter, Saturday evening. Phi Kappa Tau will hold sway at the armory, the Hermians at the Masonic Temple and Alpha Gamma Rho at the Union, to wind up Saturday night's calendar.

### Hermian

The society will stage its spring term informal at the East Lansing Masonic temple Saturday evening.

Messrs. Rea of New York and Desjardins of Detroit were guests at the house Monday.

C. Ivan Collett spent the week-end at his home in Quincy, while C. J. Macdonald visited in Brighton.

### Themian

Dr. Mary Sweeney of Detroit was a guest at the house Wednesday afternoon.

### Sesame

The actives were entertained at a

bridge party at the society home Monday evening.

The society spring term informal was held in the Union Saturday with about 40 couples in attendance. The patron list included the names of Misses Mary Shellenbarger, Ann Hickman, Neva Bradley and Schoenfeldt. Alumnae returning for the affair were Isabel Babcock, Anita Parsons, Ruth Zimmerman, Frances Wimple, Sophia Habbeent and Ann Heyman. Music was furnished by the Michigan State Orchestra.

### Pythian

Mrs. Kathleen Young is the guest of her sister Evelyn Young.

### Ulyssian

The society will hold its spring term party at Howell June 18. A literary meeting was held Thursday evening.

### Kappa Delta

Grace Miner was at her home in Lake Odessa for the week-end, while Agnes Trumbull was in Jackson, Ho Smith at Grand Lodge and Erva Prescott in Quincy.

Second degree pledging was held Wednesday for Fannie Brubaker, Roselle Wrisley and Margaret Stanton. Initiation will be given Saturday morning at the chapter house.

An exchange dinner was held with the Sororian society Thursday, when 11 members from each group were guests at the respective houses.

### Enoimian

An open house will be held Saturday night. Carl Ross and his orchestra will furnish the music, while Captain and Mrs. C. Kelly and Howard Rafter will be patrons.

Byron Branson, who was here from Midland for the week-end.

### Columbian

P. Vogelberg, D. Jacques and B. Borden, alumni, returned for the week-end.

### Abbot Hall

The hall will stage an informal party in the armory Friday evening, with the Misses Margaret Myles, Ann Hickman, Jean and Mrs. J. Phelan and Mrs. Eva Wynn as patrons. The Red Cedar Ramblers will furnish the music.

### Phi Kappa Tau

The spring informal will be held Saturday in the armory, with music furnished by the Michigan State Orchestra. Ralph H. Hays, the committee in charge of the party and many out of town guests are expected.

### AcThian

The members of the society were entertained at dinner at the home of Donald Noble in East Lansing Monday evening.

### Phi Delta

Thursday night the society held its annual spring term steak roast at Park Lake. The entertainment feature was a baseball game between the pump deck and main dock.

This coming week-end has been designated as "spring week-end" and many visitors are expected.

MISS GRIMES WILL GIVE A TALK TO ALL PEOPLE INTERESTED IN CANOEING AT THE CANOE DOCKS TUESDAY AFTERNOON AT 5 O'CLOCK.

## Resists Corrosion

THIS picture, taken in the salt marshes near Kearny, N. J., shows two lines of 30-inch Cast Iron Pipe replacing pipe made of other material. The alternate exposure to the action of salt water and air is a severe test.

While the pipe shown in the picture is subjected to unusual corrosive influences, all underground pipe must be able to withstand corrosion to a greater or less degree. Cast Iron Pipe has this quality. It does not depend on its coating to resist rust; the material itself is rust-resisting. The first Cast Iron Pipe ever laid is in service today at Versailles, France, after two hundred and sixty years' service.

# BASSETT'S

# ANNUAL TRACK CLASSIC OF SEASON ON BOARDS FOR FRI. AND SATURDAY

### Twelve Teams, Totaling 212 Entries, Will Compete In Eleventh Annual State Intercollegiate Track and Field Meet; Varsity and Ypsi Favored.

With twelve college track teams entered in Eleventh Annual State Intercollegiate Track and Field meet, scheduled for Friday and Saturday at the stadium, it promises to be one of the fastest and hardest fought meets of its kind to be held at East Lansing in several years. With Ypsilanti Normal walking off with the honors for the past three years and again presenting a formidable aggregation, together with the fact that Detroit City college and State are also entering unusual well balanced teams, the competition is bound to be keen with the result being an even toss up on paper between the two schools.

Other schools to enter teams include Adrian, Central Normal, State Fresh, Alma, Grand Rapids Junior, Albion, Hillsdale and Western State Normal. The entire roster contains 212 entries, an unusual large total for this meet. Records are bound to fall Saturday, athletes competing having bettered the present records except one in outdoor meets this season. The record in the shot made by John Stuart of Alma in 1923 of 43 feet, 1 inch has not been bettered in state meets this year. Aside from this the remainder of the records are in immediate peril of severe upsets. The present record in the century of 10 flat has been bettered by Freddy Alderman three times, the State flash having negotiated the distance in 1917 twice and 1918 once. From comparative records he is the only serious contender for a new mark in the hundred as well as in the far long. Alderman has been timed at 20.9 seconds twice this year in the 220 which better the present mark of 21.2 held by himself. Walter H. Stur-

mons, former University of Michigan track captain but running for the State fresh in 1919 and Mark C. Herdell, 1924, are the joint holders of the present 100 yard record. The quarter mile time made by Towner Smith of Western State Normal in 1923 of 9:1 has not been touched in State competition this year, the closest being the time of 9:9 set by Captain Bohn Grim of State. He is believed capable of lowering the mark and would not surprise if he pulled the trick Saturday.

One of the greatest races of the meet is expected when Henry Wylie of State and Potter of Ypsilanti meet in the mile. Potter has been clocked at 4:28 and Wylie at 4:27.6. The present record is held by William Spangenberg of Albion, who did the distance in 4:28.7 in 1923. Another distance record is expected to fall when Ryan of Ypsi, Wylie of State and Keyes of Alma meet in the half mile. Ryan's best time this year is 1:59.9. Wylie's 2:01.4 and Keyes' 2:00.4. The record of 1:59.8 was made by Anthony Brendel of State in 1922. The other distance run, the two mile, expected to go to either Lange of Detroit City college, who has been timed at 10:02 or Boyd of Ypsi, whose best time this year is 10:20.6. The record is held jointly by Harold Wilcox of Kalamazoo college and Ralph Carpenter of Michigan State Normal at 9:57.6.

Both hurdle events are conceded to Spencer of Detroit City college, he being one of the best timber toppers performing in the middle west at the present time. He has been caught twice at 24.3 in 120 yard lows and at 15.3 in the 120 yard highs. Wetters of Kalamazoo college has done 24.6 in the low timber and Foster of Ypsi is credited with a 16 flat in the high hurdles. Van Neppena's best time in the high is 16.1. Doty of State, former Green and White star, holds both

# STATE BEATS WEST VIRGINIA IN OPENER

### Pierson Only Spartan to Lose As Spartans Triumph 6-1; Penn State Next.

The Spartan tennis team inaugurated its eastern trip with a victory over West Virginia Wesleyan Monday, 6-1. The Spartans seemed to be favorably affected by the warm weather and displayed some of the best tennis they have shown this year. Although Pierson played well, his opponent was in top form and took the only match for the eastern team. The State doubles team were very effective, easily defeating their opponents. The team left immediately for a series of matches with Penn State.

**Summary:**  
Lawrence (S) defeated Haight (W) 6-4, 6-1.  
Hendershott (S) defeated Modlin (W) 8-6, 2-6, 6-2.  
Stauffer (S) defeated Reppert (W) 5-7, 6-2, 6-1.  
Dudderar (W) defeated Pierson (S) 6-1, 6-4.  
Starr (S) defeated Zickafosse (W) 6-4, 6-1.  
Lawrence and Pierson (S) defeated Haight and Reppert (W) 6-1, 6-2.  
Hendershott and Stauffer (S) defeated Modlin and Dudderar (W) 7-5, 6-4.

records at present, doing the high in 15.6 in 1922 and the lows in 24.1 in 1921. Both records will probably be raised.

Doherty of Detroit leads the field in the high jump, having cleared 5 feet 10 inches this season. Morrow of Kalamazoo college is a close second with his best effort one inch lower. Doherty holds the present record of 6 feet and 14 inch, established last year. Morrow of Kalamazoo takes the lead in pole vault, having vaulted 12 feet 1.34 inches. M. A. B. fresh star is credited with an even eleven foot and Kline of Ypsi with 11 feet 6 inches. Stanley Seitz of Detroit City college made 12 feet 7.8 inch last year for the present mark. The other jumping event appears to find a State man as the probable winner. Alderman holds the record at present of 24 feet 5.8 inch and has done 23 feet 5.4 inch twice this year.

Alman of Ypsi and Zuber of Detroit are leading the field in the shot putters. The former has done 42 feet 9 inches and Zuber 41 feet 8.34 inches. The record is comparatively safe however from changing hands this year. Alman and Tillotson are the probable leaders in the discus. Alman's best is 138 feet 8.12 inches and the State agent has been credited with 129 feet 7.12 inches. Tillotson did around 140 feet in practice against Notre Dame however and has every chance to win the event. The record is held by Martindale of Western State Normal, having the platter 131 feet 3 inches in 1925. The javelin will find Bartlett of Alma, who does 185 feet. Schwald of Ypsilanti 172 feet 4 inches. Smith of Ypsi 167 feet 9 inches and Alderman of State 156 feet 1.14 inches, fighting it out for the leadership. Bartlett is favorite but will have real competition. The record is held by Harris of Detroit City college, who hurled it 165 feet 1 inch in 1923.

The preliminaries are scheduled to begin at 3 o'clock Friday afternoon and the finals for 1:30 Saturday afternoon. As a result of the change in time of the starting of the meet Saturday the baseball game between Ohio State and Michigan State will not be called until 4 o'clock.

# OHIO STATE AND MICHIGAN ARE BASEBALL ATTRACTIONS AT STATE

### Both Games Are Highlights On Spartan Schedule and Will Give Kobsmen Real Test; Saturday Game at Four.

Michigan State will meet two of the leaders in the baseball race for the Western Conference this year, when Ohio State meets the Spartans here Saturday afternoon at 4 o'clock and Coach Fisher's Wolverines invade the local camp Monday afternoon to play the game postponed from last Wednesday. Both games are features in the State schedule and no little interest is being attached to them by State fans.

Jablonski, Miller and Walters got the best of Wakefield and Kuhn when State met the Wolverines in April and won 6-1. State has not won a game from the University since 1921 and all hope points to a possible victory for the Spartans. With Harry Wakefield, George Kuhn and "Lefty" Tolles in the best of form, Kobs will have a formidable trio to pick from to oppose the invading slugers. Just who will start is a matter of conjecture but the choice will probably be Kuhn, who was so effective against the Maize and Blue the five innings he worked against them. Jablonski or Miller will probably be Fisher's choice. If duty works, Benny Friedman will cover the third sack, otherwise the versatile Michigan hurler will be found at the hot corner.

The veteran Perry Fremont will be found in his usual position behind the plate with Rowley at third, Captain Koblber at short, Carl Baynes covering the keystone and other Spickerman or Mader at first. The two have been waging a hot battle for the position this year and in the five games that the sophomore has worked he has displayed excellent holding but inferior hitting ability. Spiek has also been playing a good game at first and has approved a great deal with the stick. Haskins, Fleser and Zimmerman will work in the outfield.

The game Saturday is scheduled for four instead of 3:30 due to the advances in time of the starting of the track meet. If Kuhn is slated to face Michigan Wakefield will draw the assignment against the Buckeyes, with palis available to present his portfolio affairs.

Following are the unofficial batting and fielding averages to date since the team returned from the southern trip.

#### Unofficial Batting Averages

Player	G	AB	R	H	Ave.
Bremer	1	2	1	2	1.000
Fleser	9	35	13	27	.771
Zimmerman	6	18	9	17	.722
