THE DANGER OF LIBERTY?

We as college students are in danger, because of too much liberty, according to President William J. Hutchins of Berea college, Kentucky mountain school. In expressing his opinion as to the character and extent of student self-government in American colleges, he said, "college students of today have so much liberty that they are in danger of drowning in it."
 "Our students have liberty to think, liberty to write clean-cut and decisive English. They have liberty to debate and to live in the clear, breezy atmosphere of research and invention."
 "So as long as students in our colleges find no more significant ways to wage than for liberty to smoke when and where one pleases, liberty to absent one's self from college exercises, liberty to loaf according to the individual whim of each individual out of 17 years, just so long will officers and teachers be not alarmed, but discouraged."

Yes, Mr. Hutchins, we do have liberty. We insist on it. It is the very foundation of our American society. We Americans are imbued with that spirit of freedom for which our forefathers fought. Perhaps there are some individuals who do have too much liberty for their own good, but in such instances we are inclined to say, "give them the rope and let them hang themselves if they desire." The student should be allowed freedom in college, freedom to make decisions for himself. If he doesn't learn to make use of freedom during his college career he never will. The character of most individuals is formed by the time they leave college.

When President Hutchins speaks of the freedom of "the cub of 17 years" we take it that he alludes to the experiment in several eastern educational institutions of not making class attendance compulsory for upperclassmen. We believe that there are few "cubs of 17 years" in any college in junior or senior classes.

Let the man who can stand freedom make use of it and let the rest take the consequences in the "survival of the fittest." At least, under this method, there will be no one to blame but the individual. Suppression will never solve the problem. If our recollection of history is correct, after the advent of civilization-suppression never served to do other than develop champions of freedom.

The brainy breezes of the last few days must have deceived some worthy sophomores into believing that hazing days were back again. An enterprising soph grasped a freshman by the shoulder and masterfully informed him that freshmen were not allowed to walk across the campus with a girl. The girl happened to be a sister of the freshman. The instance turned out to be a joke after all the sophomore was smoking on the campus.

The State News has been accused of everything from laziness to neglect, but we have lately learned of a new one—GRAFT. Those who believe that such is the case would refer to the college accountant's office, where a monthly audit is made for both the State News and the Wolverine, and where the publication money is handed and the accounts kept.

MIDNIGHT PRIVILEGES MON.

All coeds will be given 12 o'clock permission for Monday, Feb. 21, the night before Washington's birth day. Other permissions have not been changed by W. S. G. A. and all coeds are required to be in dormitories by 12:30 on Saturday nights following formal parties and 1 o'clock on Friday nights after formal dances. Special permission has been given for the road show, "Young Woodies," to be held March 4.

Active and non-active fraternity members in interfraternity athletics. The present rule that a man becomes eligible immediately upon becoming an active member of an organization was pointed out as being unfair to the national fraternities on the campus. Most nationals do not complete their initiation or grant their formal until two or three weeks after the locals. This is because of various national rulings, over which local chapters have no voice. Suggestion was made that every man be eligible at the time of his entering upon winter term in college provided he met the other requirements, and had been pledged the preceding fall term. No definite consensus of opinion was formed by the fraternity group, and a motion prevailed to place the matter in the hands of a special committee. President Norton named John Brodyogle, 28 Alpha Gamma Rho, and F. Oldenburg, 27 Phi Kappa Tau, to represent the national group on the committee, with V. W. Rupp, 27 Iota Phi, and Walter Bennett, 27 Phi Chi Alpha, to represent the locals. Oldenburg is chairman of the committee. It is expected that this committee will formulate a plan which will alleviate the present controversy over eligibility in interfraternity athletics.

Will Hold Joint Smoker

A report from Grand Reynolds, 27 Union U, as chairman of the committee appointed to make plans for a joint interfraternity Union smoker, revealed March 2 as the tentative date for the affair. The holding of a joint smoker at that time will depend upon the ability of Governor Green to appear here on the main street, 28-29, before the other members of this committee.

Favors Exchanging Diner Guests

A discussion on interfraternity dining brought forth many suggestions. The general opinion of the council was that such fraternities should serve an "open house" with other houses on the campus. The only definite motion set was to hold a dinner for an interfraternity fall next term. The dinner will be a round dinner, including a head of dinner, going to exchange with it was introduced by Hugh DeWitt, 28, Columbian. This plan would be to consider the exchanging of members and open house groups at the same time. This

OUTING CLUB TO FOSTER PETITION TO COVER RINK

(Continued from page 1)
 pondable winter sport at State, continuing over the three months of the winter term, is to provide a covered rink.

With the need for an indoor rink firmly in mind, the Outing club members are endeavoring to insure its establishment at State. Plans are progressing rapidly for the presentation of a petition to the president of the college. This would ask an appropriation for the building of an indoor rink, and the construction of a toboggan slide from the end of the stadium. This petition will be put before the student body in a few days, and an endeavor will be made to obtain as many signatures as possible, in order that the authorities will realize that there is a truly recognized need among the students for the permanent establishment of winter sports. The petition will undoubtedly be signed, and should accomplish much in the effort to obtain the relatively small amount of money needed for the construction of the indoor rink and the toboggan slide.

May Build Toboggan

Much interest was expressed in the matter of the building of the toboggan, and it is believed that such a slide, extending from the top of the stadium to the street, would provide a great drawing card to the main state students who would enjoy watching a sport resembling something like a sled, and the toboggan slide. It is hoped that if the slide and the toboggan can be built early next year, so that they will be available for use before the holidays vacation.

 measures being passed and a third reported into the hands of a special committee. The council went on record as abolishing a rule that no man shall be eligible for interfraternity competition who is not registered in at least eight credits of college work. A second ruling made by the council was to the effect that no man is eligible for competition who has not been enrolled in college for at least two weeks prior to the contest in which he competes.

To Decide Eligibility

A long discussion was in vogue over the question of distinction between ac-

would alleviate any difficulties of handling a large group at any one time. The underclassmen of one house would entertain the underclassmen of another, while the two upperclass groups would exchange on the same night. No official step was taken on this proposal by the council, since many fraternities do not have boarding clubs, but it was regarded as a beneficial step for those which do, and the council was unanimous in favoring the plan.

Collegiate pipes aren't all 'non campus mentis'

APPEARANCES may be against the modern college pipe; he may look 'superfish'... he may sound a bit blotto, slinging his six or seven slangues, including the Scandinavian... But when he talks 'TOBACCO' lend him your ears. For that's one subject he's studied and knows from the ground up!

Listen to his learned lingo and you'll see why the one perfect pipe tobacco is grand old Granger Rough Cut. It's all spicy old Burley, the choicest pipe tobacco known to man... all mellowed Wellman's way... and cut, especially for pipes, in large slow-burning, cool-smoking flakes. It's breaking all collegiate records for pipe-popularity.

Of course, some collegiate pipes, who judge everything on 'price', can't afford to smoke Granger... it's too INEXPENSIVE. But notice any pipe that is sufficiently sure of himself to be himself, always; and notice also his Granger.

GRANGER ROUGH CUT

The half-pound vacuum tin is forty-five cents, the tin-pouch package, sealed in glass, is ten cents.

letters of recommendation

EXPERIENCED pipe-smokers from Cape Lisburne to Cape Sable (get out your map of North America!) recommend P. A. to you as the finest tobacco that ever lined the bowl of a pipe. You'll check-in with their recommendation.

Why, the instant you swing back the hinged lid on the tidy red tin, your olfactory nerve registers a fragrance like that of a pine-grove on a damp morning. And when you tuck a load of this wonderful tobacco into your pipe — say, Mister!

Cool as Cape Lisburne, mentioned above. Sweet as the plaudits of a first-night audience. Mild as morning in Cape Sable. (That's working-in the old geography!) Mild, yet with a full tobacco body that completely satisfies your smoke-taste. Buy some Prince Albert today and make the test!

PRINCE ALBERT

—no other tobacco is like it!

P. A. is sold everywhere in red tin, pound and half-pound tin tins, and pound crystal-glass tins, and pound sponge-maintenance tin. And always with every lid of tin and pouch removed by the Prince Albert process.

185 A. A. U. Thin Clads Compete Here

MEET SATURDAY IS FEATURED BY RECORD HOLDERS

Seven Holders of Records Back for Event; Enormous Crowd Expected to Attend.

By Dale B. Stafford
Exactly 185 registered Michigan A. A. U. athletes will compete here Saturday in the annual state meet.

Eight collegiate and seven club teams will be entered in the competition. Michigan State leads the list of entries with 36 men named to start. The Detroit "Y" is next in order with 22 entries, while Detroit City college has 21 entries. Unattached athletes to the number of 15 will be entered in the competition.

The 300 yard dash in which Freddy Alderman of State is a co-holder of the world's record has drawn the greatest number of athletes. Forty-five men are listed for this event. A large number are expected to scratch, though.

Jacob Mazer, chairman of the Michigan A. A. U., is scheduled to act as referee of the meet, while Charles Lynch, president of the state A. A. U., will act as starter.

Added zest is given the meet by the fact that seven of the state record holders are back. Fred Alderman of State will defend his laurels in the 300 yard event. R. Mandle of the Detroit Young Men's Order holds the 1000 yard run record. Bernard Otto Ypsilanti athlete will be back to defend his record in the standing broad jump, while Lempio of Detroit will defend his standing high jump mark.

C. Foster of Detroit holder of the mile walk will defend his laurels, while Al Zuber of City college of Detroit will be hard put to hold his mark in the shot.

Ken Deberry, Detroit star, leaped six feet in the high jump in 1925 and will attempt to better his mark this year.

The pole vault mark of 10 feet will go into oblivion in a hurry, with at least four men entered who can clear 12 feet. Heading the list is Percy Prout, who vaulted for Michigan last season. He will compete as an unattached athlete. Fred Murray of Western Normal and Harold M. Aves of State have both cleared the bar over 12 feet this season.

Most of the events are expected to prove sensational. The largest crowd ever to witness a track meet here is expected.

OUTDOOR WINTER CARNIVAL WILL START MONDAY
(Continued from page 1)
and an exceedingly peppy time is being anticipated.

Events will start off Tuesday morning around 10 o'clock. An afternoon session will also be held at 2 o'clock on this day will be held the various races which have been planned. Girls' races, men's races, mixed couple skating, fraternity and sorority relay obstacle races, and comic races will make up the program. There will also be a most interesting contest of fancy skating in which many of the expert skaters of the vicinity are expected to enter.

According to plans which have been announced, the fat men's hockey game promises to be the prize event of the carnival. It is unique in every respect, and should furnish plenty of amusement for the many spectators expected.

Concluding Tuesday's events will be a masquerade party to be held in the evening. A masquerade always promises fun galore, and this being on the ice will be even more exciting. It is here, too, that an opportunity will be furnished the less skillful skaters of winning some of the many prizes of the day. By appearing in the best or the most comical costume on the rink, whether one can skate or not, he will amuse some sort of trophy.

In connection with the carnival, the sororities and fraternities are preparing floats which will engage in a parade around East Lansing and the campus. Prizes will be awarded in this group.

Certainly a large, enthusiastic group of students and townspeople should be on hand to witness every incident in this big carnival which will supply all kinds of interesting, entertaining and profitable events during two days, Feb. 21 and 22.

PITTSBURG TO BATTLE STATE IN LOCAL GYM

Game is Next to Last On Regular Home Schedule of Spartans; Fast Tilt Likely.

Pittsburg, the team that defeated Michigan by a good score, will oppose Michigan State in the next to the last game of the regular schedule here to night (Friday).

The worth of the eastern aggregation is clearly indicated when the fact is considered that Michigan has been only beaten twice this season.

After Pittsburg, Notre Dame comes to the local gym for the last collegiate game. The date of the battle with the Irishmen has been changed from Tuesday of next week to Wednesday. This shift was made to accommodate the University of Detroit who had a game with the Notre Dame team and desired a change.

Against Pittsburg, Coach Benny Van Alstyne is expected to start the same lineup that has gone fairly well in the last few games. This consists of Ethred and Dickson forwards, Felt, center, and Drew and Colvin guards.

OLYMPICS DEFEAT MILITARY BOWLERS TWO OUT OF THREE

Tuesday night saw the Olympic bowlers defeat the previously invincible Military department contingent in two matches out of three. Representing the R. U. C. were Fred Stoneburn, Major Gray, Capt. Hines and Sgt. Foley and Sgt. Baumgartner. The victors, Olympics, were Homer Franks, Jeanville, Blair and Strasen. Another match will be scheduled soon between these two units.

Students May Witness Track Meet As Guests of Athletic Council

While the Michigan A. A. U. track meet to be held in State College gym Saturday night is not a regular college event, nevertheless students may secure admission by presenting their coupon books at the gate. Director of Athletics Ralph H. Young points out that the athletic department may be forced to dig down and shoulder some of the expense of the meet because of this.

SHORT COURSE FIVE WILL MEET OLIVET

Stub Cole's Proteges to Play First Outside College Team; Have Won 10 Straight.

Michigan State College Short Course basketball team, which has won ten straight games to date, plays Olivet college basketball team here Wednesday evening February 23 in the college gymnasium at 8:15 p. m.

This is the best record any Short Course team has ever made and it is the first time in history that they have played an outside college team.

The team which is coached by "Stub" Cole has run up 257 points against 135 points of their opponents.

WOLVERINE NOTICE

All sophomores who have not received picture appointments for the 1927 Wolverine are requested to sign up immediately at the main desk in the Union. Cards will then be mailed to those students at once. It is imperative that sophomore appointments be finished within a few days.
