DON'T FAIL TO VOTE!

Two men will be up for the editorship of the Wolverine in the annual spring election which is to be held next week. Both men have been consistent workers on this year's annual and now have been accorded the highest honor that is possible for two staff men of the Wolverine. One will be elected but to both of them should be given the honor of the greatest number of votes that have been cast in an all college spring term election.

Both Burden Brown and Russell Deane give indications of being the prospective editors. If the spirit moves you more forcefully one way than another, vote. If you are unfamiliar with either man we suggest that you make it a point to find something out about both and be influenced by the comparable work of both.

Last spring the vote was tight and one compact electioneering fraternity could have swung the vote either way. These men have a right to respect of the student body a majority vote of those enrolled, and with a majority vote of at least half the students, an editor can commence his work with pleasure and courage.

WEIGH THESE CONSIDERATIONS

Three dollars and a half was collected last fall on the fall term registration fees from each student at Michigan State College and today a copy of the 1937 Wolverine is in the hands of each of those students without any additional charges or tax. Next Wednesday in the spring all college elections the question of whether the practice of placing the Wolverine fee of three dollars and a half on the registration fees will be continued will be decided by the vote of the student body. The arguments which must be weighed in the consideration appear as follows:

The advantages, which we believe to overshadow any negotiations, are:

- 1. A five dollar book, ordinarily, for three dollars and fifty cents. This is made possible by the greater circulation.
- 2. Less advertising. It is the ambition of every editor to publish an annual without the last pages of the book messy with advertising.
- 3. Time is not taken to labor on circulation drives, Wolverine Flyers, and all the detracting, time consuming publicity stunts.

We are looking for live wire men that are working their way thru. A real proposition to make expenses and have a sweet account to start next fall term. See me, Mr. Marsh, Union Bldg.

4. No delay is necessary in planning the book and ordering the number of copies. The 1937 Wolverine was held up exactly a month because the number of books could not be figured and the fear that a book could not even be printed because there were not a sufficient number of subscriptions.

5. The sum of three dollars and fifty cents is easier to collect in the fall than five dollars or two dollars and a half in the spring.

The disadvantage is, (we think of only one):
Increased fees and the forced collection of student monies.

The idea now is to spend one year at college, get out and work hard for several years, make a lot of money, and advertise the fact that you were at such and such a college. Then may be the faculty will give you an honorary diploma and you will have saved three years.

The forthcoming horse show will be a reasonable excuse to the wives of some of these tired business men for obtaining sunburn without resort to the so-called afternoon business engagement.

College Holds Band Tournament

Forty high school bands have entered the state high school band tournament to be held at the college May 17 according to announcement of Carl R. Kuhlmann, director of the college band and in charge of the contest.

About 1000 prep school musicians are expected to be present on the campus for the competition. The program will start at 8:30 eastern standard time with the work of the new class, D bands. The classes C, B, and A will follow with their drills and playing.

Prominent musicians have been selected to judge the contest. They are Victor J. Grabel, conductor of the Chicago Symphony band; Edward Chenette, former conductor of the American band of the Canadian Expeditionary forces; and Jaroslav Cimera, of the Chicago Cocom Co. and formerly trombone soloist with Sousa's band. Mr. Cimera will also play several solos during the program.

SUMMER EMPLOYMENT

The H. J. Heinz Pickle company has for the last few years furnished an opportunity for a number of Michigan State students to obtain summer employment. Mr. Reichel, a representative of the company, will be at the college to interview students, Tuesday and Wednesday, May 19 and 21. Students who are interested in this proposition should call at once at the office of the dean of agriculture, room 118, Agricultural building for an appointment.

COLLEGE BALLOT TO DECIDE FOUR CAMPUS ISSUES

Like that of Brown, his work has been of a varying and comprehensive nature, and he has had ample opportunity for contact with all of the phases of publication.

Popularity among the students of the senior class will determine the characters for the leading roles in the senior program this year. There are three of these roles calling for three feminine players.

Names of nominees will find a place on the all-college ballot, and seniors will have the privilege of choosing the girls for their three parts. The number of nominees or their names have not yet been disclosed, but they will undoubtedly be popular members of this year's senior class.

To Ballot Blanket Fees

Decision as to the continuation of the Wolverine fee of \$3.50 will be left to the students in the election. This is the first year that the annual has run on the blanket fee basis, and it is hoped by those responsible for the book that a study of this election may be made by the students before casting their vote.

The annual will be in the hands of the students some time this week. Those who have had a share in its publication claim that the early date of delivery and the quality of the production are both due to pre-subscribed patronage.

The board of publications has decided also to place on the ballot a resolution that the Michigan Agricultural publication of the agricultural division of the college, should be placed on the publication fee collected in the fall of the year from the students in the Ag division.

of the University of Wisconsin when he spoke on the value of chemistry in the advance of modern science and the work of the local department, which will now be greatly enhanced by its fine facilities offered in the new building. Dr. Matthews gave a very gripping story of the advance and facts of chemistry on the human development.

Too much cannot be said about the work of Professor Clark, who has been the moving and guiding hand behind the plans for a real department here. He has worked many years on the object which was realized by him at the formal ceremonies last Thursday. A testimonial banquet was held in the Union building Thursday night for Dean Kestie and Judge C. R. Collingwood, '35, acted as toastmaster.

Noted Grad Speaks

At the all-college convocation on Friday morning in the new armory, all the ceremonies of many honorary society swagons, coupled with music by the band, singing by the student body, and speeches by old alumni, friends, and President Butterfield, were blended together to make a very impressive scene for the principal address of the day, which was given by Joseph B. Cotton, '36.

In his address, Mr. Cotton cited many of the accomplishments of our institution and also spoke of the ideals and principles that are now governing and will govern it in the future.

Praise M. S. C.

At the inter-club luncheon in the Union building Friday noon, many fine addresses and remarks of praise

were given the college for its noteworthy work in education. The dignitary represented at the luncheon were Rotary, Kiwanis, Lions, Zontas, and Fellowship. J. W. Knapp spoke very highly of the college and its influence about Lansing and the state. Col. Wm. Wallace gave the main address at the luncheon.

The most impressive ceremony of the two days was held at the dedication of the new armory. The flag-raising, the R. O. T. C. parade, the unveiling of the W. H. Whittington memorial tablet, and the speeches by Col. Sherburne and General Andrew Hero, Jr., were the high lights of the afternoon performance. General Hero gave the army viewpoint of the present military policy of the United States.

The afternoon was finished off with the ball game between State and Bradley Tech. In the evening the military exhibition on the drill field was very satisfactory and showed real ability in the local corps. The women's athletic department entertainment was so received with much applause by the large audience.

The two days of celebration culminated in the 70th anniversary ball at the gymnasium at 9:30 with music by the Roseland Serranaders of Battle Creek and a good time was had by all.

People's Church Holds Anniversary Program

The first anniversary day of the People's church was celebrated Sunday. A splendid program was offered and a large attendance proved the popularity of the event in East Lansing.

Mrs. Orla Nelson, Hercul, a soloist from one of the Lansing churches, aided in the special anniversary program. The organ prelude which began at 10:15 was played by Mrs. J. B. Schell.

Rev. N. A. McInnis chose as his topic, "The Church in the Life of Today." His message was timely and was well received by an enthusiastic congregation.

An attractive invitation was sent to all churches in the state as well as the usual cordial invitation to the students and residents of East Lansing.

"Speaking of fine tobaccos —Have a Camel!"

MODERN smokers find in Camels a nicety of blending, a friendly cordiality of flavor, an inherent goodness that thrills from the first puff to the last. That is why Camels are the favorite of the present age. The warmth of golden sunlight or autumn fields gleams in their smoke. Camels are the modern expression of all that is the finest.
Camel quality and Camel excellence are recognized wherever modern smokers gather. Particular smokers in this hard-to-please age find the best of Turkish and Domestic tobaccos blended in this famous cigarette. They find a consistent goodness that never fails, no matter how liberal the smoking.
And wherever modern smokers gather, wherever the conversation turns to tobacco, to the world's best, someone is sure to say: "Speaking of fine tobaccos . . . —Have a Camel!"

SPARTANS DASH TO VICTORY OVER CATHOLIC STARS

Defeat Notre Dame Track Men 68-58; State Dominates Dashes.

ALDERMAN SETS RECORD Wylie Wins Event over Judge, National Collegiate Champion.

Spartan teams handed the Notre Dame collegians their second surprise in as many encounters when the State trackbats annexed a 68 to 58 win by way of the cinder paths last Friday.

The Spartans' victory was a complete surprise to the Irishmen, as they had the fondest hopes of avenging the score to make up for their recent defeat at the hands of the State ball tossers. However, their hopes went for naught for the State sprinters started out with blood in their eye, and although the match was close all the route, there was no doubt in their coaches' minds as to the outcome.

Alderman High Scorer

Freddy Alderman dominated the meet with smashing victories in the hundred, 220, broad jump, and a second in the javelin. In the furlong dash, Alderman established a new meet record by negotiating the distance in 21 flat, cutting 3 seconds off the old record for the distance.

Capt. Della Maria, who was doped to give the State sprinters a fight in the dashes, was not in the running in the hundred, failing to place; and his best effort in the 220 garnered him a third place.

John Grim finished second to Alderman in both the hundred and 220, besides gathering in a victory in the 440 to accumulate a total of 11 points. He negotiated the 440 in 50 seconds flat being pushed hard all the way by McDonald of Notre Dame in a thrilling finish.

Headed by Tillotson, State weight men registered a clean sweep of the discus, and gained first and third in the shot put. Smith and Tillotson, respectively, registering the plays.

Wylie Wins Mile

Wylie furnished one of the thrills of the meet, winning a victory over Judge, national collegiate champion, in a spectacular finish over a route that was close fought all the way. Clark gained a third in the same event by some clever and heady running.

Notre Dame registered a slam in the low hurdle event, State falling to qualify a runner in either heat. This did not come as a surprise, however, as the Spartans were not doped to give very great competition in the timber topping events.

K. K. Roskie was heard to state that he did not see how State could possibly come through with a victory, having the most confidence in his thoughts. In the face of this, the Spartans' showing was doubly gratifying to Coach Young, who had not looked for such an attitude as Michigan is the only opponent who holds such a superiority complex.

BATS FEATURE IN BRADLEY GAME

Slugging by Both Teams Treats Anniversary Day Crowds as State Wins.

Demonstrating to the Anniversary day alumni, who had returned to the college last Friday, that their reputation as sluggers was something more than mere bullyhoo talk, the Spartan sluggers turned in a 9 to 5 win over Bradley Polytech, of Illinois. While not starring in the defensive department, the Spartans provided plenty of activity for the State adherents.

Bob Bremer turned in a fair game as twirler, being effective most of the time in the punches, although he found himself in hot water several times. He kept the Illinois batsmen at bay most of the time, weakening noticeably only in the fourth inning when the opposition turned on him for three counters before he was able to retire the side.

Slugging Features Game

The crowd was treated to some slugging by both sides, chief among the heavy hitters being Rinehart, who has starred in that capacity several times this year. The Spartan left fielder connected for a smashing triple and a single in four appearances at the plate. Rowley, Zimmerman and Fleser were the rest of the cleanup squad, Rowley gathering a homer and single, Zimmerman getting four singles, and Fleser obtaining three singles.

For the opposition, Lehr and Shepherd garnered triples that helped their scoring considerably. Each batsman collected three safe blows over the route to lead their team.

Double Plays Feature

The Spartan infield, although not playing stellar ball at all times, contributed some sparkling plays, garnering two double killings at opposite times. Eggert, Baynes, and Hoisington were the trio responsible for the plays.

A game was also scheduled for Saturday with Butler college, but inclement weather killed all hopes of staging the contest.

SPRING PRACTICE SHOWS RESULTS FRESH WIN OVER ALMA CINDER MEN

Annual Spring Football Game Won by Greens; Tackling and Line Smashing Feature.

As a culmination of weeks of spring football practice, a game was held by the candidates for next fall's football team. The teams were divided evenly as to strength, into the Greens and Blues, with no discrimination made, but rather an eye for matching each team evenly.

Dickeson's Kicks Win

As a result of some able drop-kicking by Vern Dickeson, the Green eleven emerged victor to the tune of 6 to 0 after a session marked by steady play on both sides, and some good hard driving football. The tackling was sure and vicious on both sides, showing that Coach Young has stressed the fundamentals of the game in the spring sessions.

Although the teams were familiar with each other's styles of play, they played a fine brand of ball, showing an ability to hit the line, and although there were plenty of fumbles, the teams showed up very well as a whole, speaking well for next fall's team.

Men who showed up unusually well were Schan at blocking the line, Dickeson at broken field running, Define at quarter, and in the lines, Kanitz, Smith, Christensen, Crall and Crabbill.

MILITARY EVENTS WILL AFTERNOON

(Continued from page 1)

The speaker of the afternoon, Major General Andrew Hero, was introduced by Colonel John Bersey.

In the evening, ceremonies included a review of the cadets by General Hero, demonstrations of the 75 millimeter gun, the 37 millimeter gun, a physical drill, the firing of machine guns, an equipment race, and a wall scaling exhibition.

In the equipment race, the artillery men carried away the honors. A musical drill, given by the cavalry, proved a thrilling and picturesque spectacle, demonstrating the training and rhythm of perfect obedience of mounts to music.

Brown Lowers Own Record in Two Mile; Roosien and Crittenden Lead in Points.

The yearling track team demonstrated its all-around strength last Saturday by scoring in every event to overwhelm the Alma college track team by an 87 to 44 score. In securing their victory the Fresh obtained slams in the javelin, pole vault and low hurdles.

FORESTERS WIN IN FIELD MEET

Michigan State foresters copped the honors at the field meet, Saturday from Michigan to the tune of 62 to 62. The meet was hotly contested all the way and in every division.

In the rifle and pistol shooting events, State easily took first place, running up a score that eventually meant victory in the meet. The Michigan representatives were unable to find the target and did not get in any of the first three places.

In other events, the States placed as follows: Chopping to a line, second, running a traverse with compass and Jacob staff, third; log chopping, second and third; canoe race, second; crosscut sawing, second.

At noon, the university foresters served camp fare in true camp style. The meet was concluded early in the evening, and the State foresters bore the silver loving cup back to East Lansing.

The weather proved unfavorable all during the meet and caused much discomfort and inconvenience to the outdoorsmen. Mud and rain interfered with many of the events.

The victory was very satisfactory to the coaches, as good strength was shown in nearly every event, the yearlings proving to be well developed in every department of competition. At the start of the season, the yearlings were doped as having no strength on the cinder paths, but it was demonstrated that they not only have a formidable array of scorers, but also have some individual stars of high caliber.

Brown Lowers Record

Lauren Brown, two-mile star of the freshmen, turned in a very satisfactory performance in his favorite event, jogging his way to an unhurried victory by over a lap on the last of his opponents. In spite of lack of competition, he turned in a new freshmen record in the two mile, setting a mark of 10:02.40. This lowers the record previously held by himself by 6 of a second.

Elmer Roosien turned in the expected victories in the mile and half-mile by satisfactory margins. He was

not hurried in either event, but ran the distance in very satisfactory time. Unexpected strength was shown in the high and low hurdles, the yearlings having shown no great strength in these events previously. Bernard Crittenden gained a double victory by taking both timber-topping events in fair time.

The sprints found the freshmen of form, being unable to garner a first place of any of them, although they finished second and third in the 100 and 220, and second in the 440.

The freshmen about broke even in the field events, accumulating most of their points in the track competition outside of the swaying victory in the javelin.

The pole vault served to demonstrate to Coach Young that he has another man to bank on next year, as he soared in the realm of 12 feet. McCann propelled himself over a height of 11 feet 7 inches, an inch short of the freshmen record for the vault. Potter and Miller also looked good in the vault, doing better than 11 feet.
