Number 57

HORSE SHOW TO MAKE RECORD IN SIZE THIS YEAR

Entry Lists Completely Filled; Facilities Strained to Accommodate Many Entries

TO EXHIBIT 126 MOUNTS

Large Number of Cadets Entered in Events; Two Special Classes Set Aside for Them

The entry lists for the fifth annual R. O. T. C. Horse Show, which is to be held Monday and Tuesday of next week, have been completely filled, according to Colonel Sherburne, who is in charge of the show.

A total of 290 entries have been received for the 29 classes in which 126 mounts will be exhibited. Although the closing date for the acceptance of entries passed last week, additional ones continue to come in. Last Tuesday an entry of a colt of horses, owned by Glenn Diprose of Chicago, was refused because of the lack of remaining accommodations.

Facilities of the college will be strained to the limit to provide quarters for the many horses, even though it is planned to turn out the college stock and utilize their quarters for stabling the excess number of animals. The cavalry barns at the state radio headquarters, the buildings of the Weatherbee farm, the new horse barn, and most of the old college barns will be filled to capacity while the show is in progress.

Interest in the show this year has exceeded all anticipations, numerous new entries from both in and out of the state having been received. Among the non-Michigan exhibitors will be representatives from clubs in Chicago, Oak Park, Ill., and Toledo, Ohio. Practically all of the larger towns of Michigan will have exhibitors, many entries coming from Detroit. Among the Detroit people who will take part are Mrs. Frank Navin, Mrs. T. R. Donovan, Howard B. Bloomer, E. P. Hammond, Mrs. Mary Tallferro, Mrs. A. G. Cameron, Dr. M. J. Schwarz, R. O. Gill, Mrs. C. M. Higbie, Elliott S. Nichols.

The show will take place on the R. O. T. C. parade grounds in the recently constructed ring, with provisions for about 2,000 spectators. Circling the ring will be 88 boxes, of which all but eight have been sold. Parking spaces have been arranged immediately back of the boxes. There will also be chair seats and a grand stand.

Twenty-nine classes, providing for the horses, three-gaited saddle horses, hunters and jumpers, five-gaited and children's horsemanship, and military entries, are listed.

Many trophies and over \$1,700 in cash prizes will be awarded the winners. Among the donors of trophies are Governor Green, Mr. and Mrs. Frank Navin, Mrs. T. R. Donovan.

(Continued on page 2)

CO-ED SWIMMING SHOW JUNE 7-8

Bathing Costume Style Show Feature of Ambitious Program

On June 7th and 8th, the coeds of the swimming department will give an elaborate demonstration in the form of a bathing costume style show, swimming contests, and a life saving demonstration, for the benefit of students and visitors for commencement.

Special lighting effects and decorative attractions will give an appropriate setting to the many fine events in the program. The college pool will be adorned in all the splendor that the donors can think of.

The program will be divided into five acts each to be a masterpiece in itself. Many special features will be inserted to add zest to the program. Swimming to music and a special Life Saving Corps demonstration will be the features with the style show adding the real punch.

The style show will be the latest showing in the most modern styles of bathing suits. Some of the most beautiful girls on the campus have been selected to act as models.

The show is being sponsored by the staff of the Women's department of Physical Education and is the first thing of its kind ever attempted here. The result is sure to be of great interest to all students.

CONVENIENT CAMPUS CALENDAR

Saturday, May 28—
Baseball game, Armour Tech.
Trinidad party, Union.

Sunday, May 29—
S. C. L., 12:30. People's church.

Monday, May 30—
Annual Horse Show. Students admitted by athletic books and 25 cents for others. Opened all day.

SENIORS TO SERVE AS AFRICAN MISSIONARIES

Mr. and Mrs. John Reuling to Take Position near Durban in Native School.

Two students graduating this year have announced their plans to immediately enter the missionary field at the end of the school year in June.

The couple, Mr. and Mrs. John A. Reuling, will start for Africa where they will serve in Zululand. Mr. and Mrs. Reuling were married several months ago. They will finish in June and will leave at once on their trip. Remaining in New England until June 29, they will sail from New York for England and continuing from there will round the Cape of Good Hope, stopping at Cape Town, and going up the east coast to Durban, which is a British city about 20 miles from where they are to be located.

Mr. Reuling has received an appointment as headmaster of the normal department in Amanzimtoti institute, a educational school supported and supervised by the British government. Mrs. Reuling will assist him and will also take up social service work.

Mr. Reuling is the son of Professor W. E. Reuling of the college and Mrs. Reuling formerly Miss Eleanor Swanson, is the daughter of Mr. and Mrs. S. Swanson.

BLUE KEY PLANS CHEER SECTIONS

Organize for Football Season; East Stand to Be Home Bleachers.

Continuing their unprecedented interest in college affairs, the members of the Blue Key, at their Monday meeting, made arrangements for the organization of two cheering sections for football, reversing the position of the home bleachers for fall term, and went on record as opposing the attending of home games by coeds and men students in couples.

Blue Key has arranged for the seating of students and supporters of the college in the east bleachers during the fall football games. In these bleachers, along the fifty-yard line, will place a cheering section of 1025 men students. These students will wear colored headgear and form a picturesque group in full light of those who sit in the west stands.

In the future, the band will set in the east stands in front of the state support. State athletes will sit on this side also.

In the west stand, the girls will form a cheering section of 400 coeds. Their work has not been chosen nor their full plans laid.

Under this arrangement the organization expects to produce a homogeneous unit of state posters, and introduce organized cheering to the college. Various plans have been worked out by the Blue Key men to initiate the procedure. The visitors in the west stand will have an opportunity to view the game and measure the attendance at the various athletic events.

For some time sentiment on the campus has opposed the attendance at games of coeds in company with men students of the college. Blue Key is attempting to crystallize this sentiment and prohibit such attendance at the football games in the fall. The support of the student body will be solicited and steps taken to present the matter to the student council.

At this meeting of the campus rotarians, elections were held and the following men chosen to lead the organization for the next year: President, Harold Marsh; vice-president, Ouden Grimes; secretary, Keith Holden; and treasurer, Leon Green.

The reelection of Marsh was made in honor to his energetic program during the past year, and to his work in leading the local chapter into a national organization.

NEW ARMORY TO STAGE PAGEANT

7,000 People Expected to Crowd Hall for 'The Beginnings'

The new armory with its seating capacity of 7,000 people will accommodate the crowd expected to attend the pageant celebrating the 79th anniversary, and provide the space for the group of 355 participants.

The stage will be constructed in the west end of the armory. The plans for the setting of the stage, oak for a graduated arrangement with entrances to the north and south. The lower or historic stage will form a place for the appearance of the groups of minor characters, and for the characterization of the times.

Arbors, trees, and sod will create the outdoors atmosphere which the author has emphasized all through the play, making the end of the huge armory a veritable garden. This outdoor scenery will come from the horticulture department of the college.

Only one section of the seats will be reserved. The remainder will consist of bleacher seats in series, with little preference.

By this date, the new armory should have reached a stage close to completion, if work continues at its present rate. Campus workmen will meet Friday and the new Demonstration Hall for these two nights.

CARNIVAL PLANS SHOW UNUSUAL THEME FEATURES

Presentation of Stage Drama Will Enliven Interest in Events

CHOOSE KING AND QUEEN

Athletic Events Include Races for Both Men and Women.

With its stately theme, intricate lighting effects, athletic events and expected number of participants, this year's water carnival at Michigan State college will present a striking spectacle for public entertainment on the nights of June 23.

The theme committee, headed by Stanley Hartsell, has presented plans for a unique program composed of Greek gods and goddesses as the theme for this occasion. Each god or goddess will be conveyed to the scene of the pageant or tabernacle, which is to be staged in front of the audience on a sort of disk by a crane appropriately designed to convey her attributes.

As king and queen of the carnival and representing the characters of Zeus and Artemis, Paul Engle and Margaret Leadders, president and vice-president of the senior class, will lead the parade down the Red Cedar. Following them, their lesser cohorts will arrive one by one on the improvised stage of disk. As each float appears on the river, it will form a target for the unusual system of lighting effects to be used at this year's carnival.

The stage will hold the attention of the audience between the appearances of floats and provide a place for the presentation of the characters and for a final tableau. As each float nears the platform it will be judged as to its true characterization of theme and its originality. Prizes, consisting of trophy cups will be presented to the winners.

All of the gods worshipped by the ancient Spartans have a place in the carnival. Some of the more interesting characters will be those of Pan, of Bacchus, and of Love.

Following the pageant on the river (Continued on page 2)

VOTERS CHOOSE SUNDAY MOVIES

Charter Amendment for Abolishment of Sunday Movie Fails by Large Majority.

Fast Lansing will have movies every day in the week, Sundays and holidays included. In the largest vote at the polls of the year, the proposed charter amendment banning shows on Sunday was turned down by the people of East Lansing by a vote of 520 to 308.

With the closing of the polls Tuesday the somewhat agitated feeling, principally between college students and residents, has been brought to a sudden finish. The controversy over this matter has given rise to a tense and ruffled feeling between the two factions and now the climax has been passed and the incident may be considered closed. The decision reached should cheer the student body because they will now be able to see first-class performances on Sundays, as well as week days, without having to battle with the rigors of our inter-city transportation commodities.

At this vote the question of combining the College and East Lansing in a joint sewage disposal plant was passed by a vote of 813 to 74 and \$35,000 to pay the city's share of the cost will be bonded on the community.

COLOR AND BEAUTY TO MARK WATER CARNIVAL

Spartan God to Be Well Represented in Beautiful Setting.

Lights, varicolored, some soft, some glaring, pointing out like human fingers, features of the floats, will make the annual water carnival a riot of color and beauty.

The early Spartan gods never brought lighting effects on Mount Olympus as their representatives will bring Thursday and Friday evening.

Zeus in his light scene would be electric power for personal enjoyment. That is one missed spot, light, would have revealed in its rays, and how Zeus banked in its publicity, Venus made the art magazines, addition to electrical displays, fire will create a burst of beauty atmosphere, shading weird colors showering sparks over the scene, lying on the waters eddying around various floats, the Roman candle and powder cartridges will diffuse the river's surface with a continuous glow.

PHI KAPPA PHI INSTALLS NEW MEMBERS TODAY

Representative Students Given Highest Honors at State.

DEAN DRAUS TO INSTALL

26 Faculty Members to Be Charter Members; Proxy Heads List.

Phi Kappa Phi, the new all-college honorary scholastic fraternity has been organized here and will be installed this afternoon at four o'clock when Dean Edward H. Draus, president of the University of Michigan chapter will have charge of the ceremonies.

Twenty-six members of the faculty have been selected as charter members, while 33 representative men and women from all the divisions on the campus will receive the honor of being the first members to be installed.

The installation of this chapter of Phi Kappa Phi marks the climax of a long stirring demand for an all-college honorary scholastic fraternity on our campus. This society is the nearest we can get to Phi Beta Kappa because of the fact that we have no law, philosophy, or classic courses in our curriculum.

Charter members of the new Phi Kappa Phi are: Prof. K. L. Butterfield, Dean John Phelan, Dean Jean Krueger, Prof. E. A. Bessey, Prof. A. J. Clark, Prof. J. E. Cox, Prof. H. B. Dirks, Prof. L. C. Emmons, Prof. L. S. Foltz, Prof. V. R. Gardner, Prof. E. T. Hallman, Prof. R. H. Hunt, Prof. W. W. Johnston, Prof. C. E. Miller, Prof. John (Continued on page 4)

STATE COACH TO ENTER BUSINESS

Sterry Brown Leaves Position as Swimming Mentor at State

Michigan State College athletic camp received a bomb of surprise a few days ago when the news of the resignation of Sterry Brown, head of the swimming department, leaked out. Coach Brown's stay will expire at the end of the spring term.

According to a reliable source, Sterry Brown, undoubtedly one of the leading authorities on swimming and life saving will go into business after spending his summer as instructor of the Illinois university coaches' sessions. Coach Brown made an extensive study of fancy spring boards, and has obtained three patents; he is expecting to start a business of his own in the manufacture of these boards.

Without doubt the absence of the swimming mentor from the State pool is a great loss. In a short year, the untiring efforts of Coach Brown's work can be best realized by reviewing the success of the swimming season, the great interest shown by the student body in swimming, and the present crop of life savers that are about to be officially granted the Red Cross Life Saving certificates under Brown. Swimming has taken its place with the leading sports and there is no question about that.

SENIORS FORM AS ALUMNI BODY

Commencement Reservations Now Ready at Union for Applicants

Organization of the seniors as an alumni body was begun last Tuesday evening when a meeting of the seniors was held in the Union building, at which a new alumni body was elected.

The next meeting of the committee will nominate candidates for president, vice-president, secretary-treasurer, and a number of directors who will hold office for five years.

President Paul Engle of the senior class announced also that all seniors should get their distinction ribbons from the Union desk.

Reservations for commencement may be obtained now at the Union desk, by seniors only. No one may reserve more than four tickets, according to announcement. However, if any tickets are left after June 5, they will be given to the first-comers.

New Wolverine Editor

BURREN BROWN

CAP NIGHT ENDS CLASS WARFARE

Speeches, Pajamas, Parades and Party Mark Night of Nights for Fresh.

The annual cap night, eagerly anticipated by the freshmen as a release from their many irksome responsibilities, will be held Tuesday night on the cavalry drill field in the light of a huge bonfire, with fireworks brightening the sky and the pajamas, and probably a few old-fashioned night gowns serving as habiliments for the yearlings.

The event will start off with a parade of the freshmen from the parade grounds to the bonfire. They will appear in the traditional life evening clothes. The main speaker of the evening will be Coach Barney Traynor, who, it is certain, will deliver one of his spirit-inspiring talks.

The president of the student council for next year, Clyde Olin, will make his first official appearance after being introduced by George Dirks, the student head during the past year, and will act as chairman of the ceremonies.

The traditional custom of passing the scroll by the old senior president to the new will be held. This signifies the end of the college career of the graduating class and the promotion of the juniors to senior position.

After the formal program, fireworks will be distributed to the freshmen who brandishing these in the air will wind about the fire, tossing in their little green pots.

At the finish of the ceremonies, the entire student body will retire to the gymnasium where an all-college dance will be held.

BAND RECEIVES ANNUAL AWARDS

Sweaters, Blankets and Watch Orders Make Up Trophies for Group

The annual awards have been announced to members of the college military band, according to their length of service and number of years in college, during the past week and they will probably receive them in the near future.

The work of the college band has been of the highest type this year and the department of music feels that they have more than earned any award that may be given them.

The gifts are in the form of sweaters, for two-year men, blankets for men who have served three years, and watches for all seniors.

The following is a list of the men and their awards:

Sweaters: D. M. Abney, R. B. Ashby, D. F. Blackburn, J. F. Brislin, N. C. Brumm, S. R. Brumm, H. E. Chatfield, R. J. Cooke, A. R. Corey, G. G. Farley, G. T. Ford, R. A. Gezelius, J. A. Hayes, E. A. Jagers, H. R. Kline, J. L. Lapes, J. T. Olin, F. A. Rinehart, J. M. Wargowsky, H. E. Willis, G. C. Wright, C. D. Roth, C. D. Shoemaker, O. L. Stocum.

Blankets: J. F. Brislin, R. Cooke, J. Hanks, F. Jagers, J. Olin, F. Rinehart, W. G. Sweeney, E. Taylor, H. Willis, C. Roth, C. Eddy.

Watches: F. H. Aten, C. Doyle, E. Garrison, G. Honsinger, D. Kline, E. Jones, L. Maurer, K. Lyie.

LIFE SAVING COURSE PROVES POPULAR HERE

Speaking about life saving, there are at present about 150 male students taking the course. The official Red Cross test and instructions are given and if the credited tests are completed, certificates are granted. This is the first time that this course was given in the school. However, Coach Brown does not expect everyone to make the test, but he is almost certain there will be over 65 students to wear the life savers' monogram.

BROWN ELECTED 1928 WOLVERINE EDITOR IN CHIEF

Wolverine Fee Receives Large Majority of Ballots.

LARGE SPRING VOTE

Shoemith, Margaret Leadders, and Bachus Receive Pageant Parts.

J. B. Brown was elected editor of the 1928 Wolverine at the annual all-college elections held last Wednesday in the Union building. The measure was also passed that will continue the blanket fee of \$3.50 for the subscription to the Wolverine.

One of the largest turnouts in the history of the college for a spring election turned out and cast their ballots on these subjects.

“Doc” Brown will take over the job of editing next year's annual immediately and will probably have his committees appointed in the near future. Mr. Brown has had three years' experience in this work and with the benefit of this training he should be able to put out a very good book.

The passing of the question of the fee for assessment on tuition of \$3.50 in order that every student may have his annual, will insure a book for everybody next year as was the case this year. Experience has shown that the policy is a very good one. It allows the editors more leeway and something definite to work upon, without the old worries of selling advertising and copies of the book. The measure was passed with a large majority of votes, 599 to 37.

The three girls who were elected to take part in the senior pageant, “The Beginnings,” were Corinne Bachus, Margaret Leadders, and Margaret Shoemith. These parts are merely symbolic, but have a large part in this pageant which is to be undoubtedly the largest thing of its kind ever attempted here. These young ladies have the honor of being the chosen of their class to take these very important most distinguished feminine roles in this play.

SEEK CAMPUS SONGS FOR M. S. C.

Excilbur Promotes Movement for New College Songs.

The honorary campus fraternity, Excilbur, has created an all-college song contest open only to students of this college. The contest is for the purpose of bringing forth college songs that may well be sung at various student occasions.

The songs do not need to be especially adapted to athletic contests nor be formal college songs, states the committee in charge of this movement. The name of the winner each year will be engraved upon a large loving cup to be donated by the above mentioned organization. The cup is to be placed in a conspicuous place on the campus, probably at the Union. The cup is to be known as the “Excilbur Song Contest Trophy.”

Songs may be submitted any time before June 1. It is a sealed envelope to the Union College in care of Excilbur. They will be sung at the all-college song June 6th at which time the winner will be announced. Every effort is being made to bring out all the talent that this college can muster, in order to provide a quantity of good peppy songs for all occasions.

BAND ORGANIZATIONS ELECT NEW OFFICERS

The annual election of the military band and of the Band club was held Thursday, May 26 and all officers for the ensuing year were elected. They will take charge of their offices at the beginning of next school year.

In the band Frank Willis was elected president, and Forrest Rinehart vice-president. Willard Sweeney will take care of the correspondence and finances as secretary and treasurer, while Roy Gezelius will manage the affairs of the band.

At the Union

It is planned that beginning June 6 the Union will receive for sale any text books used at the college. The seller will make his own price and the Union will hold the book at that price unless notified otherwise by the owner. Payment will not be made until the sale is completed. Books offered this spring cannot be sold until fall. Seniors wishing to sell books will be mailed checks for the amount of the sale, less a charge for handling and postage.

Large in the fall will be made of their College addresses. Receipts will be issued for each book received to insure the owner of the return of his book or payment of the specified price. Sales will be made for cash only.

The campus book privileges is open to members of the Union only. Through their use you are given an eight percent reduction on all prices in the building. Take advantage of this opportunity.

Michigan State News

Published twice weekly during the college year by the students of Michigan State College. Entered as second class matter at the post-office, East Lansing, Michigan.

The Michigan State News office is located on the fourth floor of the Union building. Telephone, college exchange, extension 104.

Editorials appearing in the Michigan State News are written by the editor-in-chief and his assistants, who are students. They can be interpreted as representing the college officials.

THINKING

"Teach them to think and you teach them everything," once said a certain great man. And he was completely right, for the man who is taught to think has learned the really vital thing in life.

Those heads of ours, dormant to so many of us, are in reality powerful dynamo. Every man is endowed by nature with the possession of an intellect, and the success or failure of every man's life depends almost wholly on his capacity to use his brain. All human power is packed in that little part of the body, quietly waiting a call from its owner. Of course, it is possible to live through a lifetime without any real concentrated thought, but when a man does that, he is remaining a meek cat when he might be a powerful lion. Without the aid of a trained mind nothing of importance can be accomplished; but for the man who can think, who has a thoroughly mastered brain at his control, no accomplishments are beyond his reach.

We ask ourselves if we are acquiring the ability to think, for if here in college we do not learn, we probably will never acquire the "knack," and hence our lives will fall miserably short of the goal. Education is primarily for that one purpose—teaching us to use our heads, and even though modern colleges may drift slightly off the course, we are still offered on silver platters the facilities to enable us to master our minds.

Education may strive for it, but the question is entirely a personal one; it is completely up to each individual whether or not he will avail himself of his great source of power—his mind.

THREE FORESTERS PASS CIVIL SERVICE TO TAKE GOVERNMENT POSITIONS

The senior foresters who passed the civil service examination for junior foresters were W. R. Paddock, D. A. Oliver, and D. G. Shall. Paddock has received an appointment on the Unaka National Forest in Tennessee and will start work on August 1. Oliver will start work on the Humphrey's National Forest in Virginia, July 1. Shall has taken a position at the Tahalab Indian Reservation in Washington. Out of seventeen graduates, ten have received positions so far.

that the subject demands beauty and appeal to the senses rather than to the logic.

Entries must be made before Wednesday noon, June 1, with either B. Chamberlaine or H. Peters. Every fraternity and sorority will take part in the event.

HORSE SHOW TO MAKE RECORD IN SIZE THIS YEAR

(Continued from page 1)
Bloomfield Open Hunt club and the Detroit Riding and Hunt club.

Cadets will take an important part in the show, two special classes having been provided for them. Trophies and ribbons will be awarded the winners.

The judges secured for the affair are Thomas J. Jones, North Middle-

town, Ky., who will take care of the saddle horses and ponies, and J. Garner West, of Garnerville, N. Y., who will judge hunters, jumpers, and hunter hacks.

NOTICE

The next scholarship report on freshmen will be in the hands of the advisers May 31. Freshmen are asked to call on their advisers some time between May 31 and June 3.

Oratory Enthusiasts Form Organization to Promote Forensics

At a meeting of students interested in college forensics, held in the Little theater, Tuesday evening, May 23, a new society for the promotion of better public speaking was formed and officers elected.

This new society, officially called "The Public Speaking Society" will promote ability to take part in public debates and oratory, and will act as a source of material for future debating teams.

The officers chosen Tuesday are: President, Don McPherson; vice president, Thelma Estelle; secretary treasurer, Mildred Courtney.

The organization will convene again next Tuesday evening, in the Little theatre.

CARNIVAL PLANS SHOW UNUSUAL THEME FEATURES

(Continued from page 1)
Several athletic events will take place. This year's program calls for canoe fitting, men's single, double, and obstacle races, women's obstacle races and mixed obstacle races. The participants of these events will perform directly in front of the grandstand and should create much interest and many humorous situations.

Plans call for great scenic effect, with rather a small amount of dialogue. The theme committee feels

This Pen Must Stay in Perfect Order
or we make it good without charge

The custom of sending Gifts to Graduates has now been extended by general accord to include those in the lower classes who have manifested sufficient industry to pass their final exams.

To know what to give, one needs but observe the students' own expressions of preference for the Parker Duofold Pen and Pencil.

To have earned the favor of the younger generation is our reward for serving it with studied personal interest. We have lifted the frowns from student brows (among others) by giving the world a writing pair that are inspirations to work with and beauties to possess.

All those in favor of owning, or giving the finest—whether for Graduation, Birthday or Wedding Gifts, or for prizes at Bridge or Golf—will signify by stepping in to the nearest Parker pen counter. The first thing to look for is the imprint, "Geo. S. Parker," on the barrels. Then nobody will be disappointed.

Parker Duofold Pencils to match the Pens:

The First Cost is the Last Cost

April 1st we began to receive Duofold Pens without charge. It is useless to pay more for any Pen.

Me and the joy-friend... Prince Albert

WHEN my father was in college, "Put that in your pipe and smoke it!" was considered snappy conversation. I'm ready to take this old line literally when the talk centers around Prince Albert. Because P. A. makes two of what I like in a pipe.

All wise-cracking aside, P. A. is the money when it comes to deep-down satisfaction in a smoke. It's got everything! Cool as the trail of the ice-man across the kitchen. Sweet as vacation. Fragrant as a pine forest.

Think up your own similes. You'll write them all in the column headed "Superlative Degree" when you learn the joys of a jimmy-pipe and Prince Albert. If you don't know this grand old smoke, come around to my room and I'll give you a load.

PRINCE ALBERT
—no other tobacco is like it!

P. A. is sold everywhere in soft red tins, round and half-round tin tins, and round round-glass tins with sponge-mosses on top. And always with every bit of box and pouch removed by the Prince Albert process.

A. G. D. AND TRIMOIRA PARTIES MARK WEEK-END

Two spring parties are the only form of entertainment given by any society or fraternity this week-end open houses had been scheduled, but due to Memorial day giving a longer week-end than usual, and many students are planning to go home, they have been postponed.

Alpha Gamma Delta have their party tomorrow night with Miss Anderson, Hickman and Dean and Mrs. R. S. Shaw acting as patrons, and Mr. and Mrs. John DeHann and President and Mrs. Butterfield as guests. Keith and Mrs. Butterfield is playing for the orchestra which will be held in the Little Theater.

Trimoira hold their party tomorrow night also. The patrons for this party to be held in the Union are Prof. and Mrs. H. L. Paddock and Prof. and Mrs. M. M. Cory. The Blue Moon orchestra from Lansing is playing.

COUNCIL MEMBERS GUESTS OF PRESIDENT

The outgoing and incoming members of the Men's Student Council and the Women's Self Government Association were entertained at a dinner given by President Butterfield in the dining room at the Women's building last Wednesday evening, May 25.

The president gave a short talk as well as Dean Phelan and Mrs. Powell, who were guests. Many campus problems were discussed such as convocation, student congress, and plans for the coming year. It was decided to have regular centers of business in the old library building for both the men's and women's councils.

Sem. Bot. Will Hold Regular Initiation Wednesday

The Sem. Bot. Initiation for this year will be held on Wednesday, May 31.

The following students have passed the examination and will be initiated: T. J. Major, O. C. Medlock, B. G. Sill, and Dorothy Permar.

GEOLOGY STUDENTS TO LEAVE ON LONG TRIP

Dr. S. A. Bergquist, Dr. W. A. Kelley and 11 students in the advanced geology class are planning another long trip this week-end. This time the class is going to Put in Bay in Lake Erie where they will observe the underground caves that have been found in the limestone.

Several quarries of lime and sandstone are also to be visited. Grooves can be seen in the quarries that were made by the glacier and the class will have an opportunity to see them.

The class is leaving this noon and will return Monday evening. They are making the trip by truck, with John Hart doing the cooking.

PERSONALS

The announcement has been made of the marriage of Miss Catherine McPherson of Howell to R. J. Davis of Liberty. They have been married since February, according to the announcement made public Wednesday. Mr. Davis is a junior and will finish

school next year. Mrs. Davis is a sophomore. A reception will be given to the bride by her mother at the close of the college year in June.

Phelps Valgostein, Grand Rapids; Norman Orle, Battle Creek; J. Woodwer, Plymouth; Mr. and Mrs. L. C.

Davies, Buffalo, and William Hart, West Medical college, Chicago, visited at the S. A. E. house last week-end.

Milton Grams underwent an operation for appendicitis at Sparrow hospital in Lansing during the fore part of the week.

"Peaches" Rinsbert has announced his engagement to Marjorie Barnard to the boys at the Delphi house.

Hubb Myers of Orlando, Fla., is visiting Albert McCabe at the Trimoira house. He will attend the spring party Saturday night.

Miss Anna Baya was a dinner guest at the Therman house Wednesday.

Announcement has also been made of the engagement of Miss Janet, of Therman house, to Frank Daniels.

Russell Tyler of Detroit will spend the week-end at the Leclair house.

Miss Angeline Hickman is acting as Therman house chaperon during Mrs. Jones' visit in Detroit.

Memorial Day..
pay them the tribute of music

They are living in the past as never before—these warriors of other days. Their faltering, snow-white ranks are melting away before the march of the years.

Their songs recall the high, brave moods of '61. Drop in and let us play you these stirring army ballads, bivouac tunes, mighty marching melodies. They will thrill you—give you and your children a more profound understanding of what Memorial Day means to these old men. Come in—today!

CATHOLICS EVEN BASEBALL SERIES

Hold Spartan Sluggers to Two Hits for Entire Game.

Notre Dame marched into the Spartan camp, and proceeded to march out again on the long end of a 5 to 0 score. In a ball game that was carried out amid rather damp climatic conditions. The brilliant pitching of Ronay for the Irishmen was responsible for the shut-out score.

The slugging Spartans were held to but two hits over the entire route, the first time anything of the sort has happened this season outside of the southern trip. Ronay seemed to have the number of the Spartan batsmen, fanning seven. In addition, he received faultless support, not a fielder being a chance behind him.

Lefty Tolles worked well in the twirling role over the first four innings, after which he seemed to be no puzzle to the Irishmen, who nipped him for eleven hits, among which were two triples and a double. In addition, he did not receive his customary brilliant support from the field, as three bobbles were committed by the infield which proved costly for the Kobsmen.

Credit should not be detracted from the performance of Ronay however, as he pitched a brilliant game, and deserves much praise for being able to turn back a team which has as much dynamite in its bats as the Spartans have demonstrated they possess.

This game was the first defeat allotted to the Spartans in the last six games and marks the second in the last ten. It was the first time the Spartans have been shut out since the southern trip, and should prove to be the proper impetus to get the Kobsmen back into their stride.

Although the Spartans kicked through with three errors, their fielding was by no means lacking in polish at times. There were some very good fielding performances turned in by Baynes and Eggert at second and short. The Irishmen were potent at the slab, cracking out some resounding blows. Moogge led the Notre Dame bunch with three hits in four appearances, while Colrick gleaned two hits in as many trips to the plate. Only two Notre Dame men went hitless in the struggle, while only two Spartans were able to connect safely.

WHIZ HAMBURGER

We are looking for live wire men that are working their way thru. A real proposition to make expenses and have a sweet account to start next fall term. Write me V. Marsh, 910-912 Garrick Building, Chicago.

W. A. A. BASEBALL TEAMS START SEASON

After about six weeks of W. A. A. practice the baseball class teams have been chosen. Due to the fact that only a few Juniors and seniors tried out for the teams, it was decided that there should only be one team between the two classes. One hundred points in W. A. A. are given to each of the girls making one of the two first teams.

Tuesday night the freshmen and sophomores played, the freshmen winning with a score of 11-10 in their favor.

PHI KAPPA PHI INSTALLED NEW MEMBERS TODAY

(Continued from page 1)
Hull, Prof. G. E. Reed, Prof. J. W. Crist, Mr. M. D. Ball, Mr. R. C. Cole, or E. R. Heineman, Mr. J. E. Huddle, Mr. J. M. Moore, Mr. H. J. Staff, Mr. J. D. Willard, Mrs. Louise Campbell, Mr. A. J. Patten.

Immediately after the installation the following members from the senior class, selected on the basis of scholarship and character will be initiated: Agricultural division—Ray L. Cook, John C. Handy, D. G. Shaul.

Bell and Spigot Joint

THE Bell and Spigot Joint for Cast Iron Pipe adopted over one hundred years ago, is the preferred joint today.

It is tight, flexible, easily made and non-corrodible—there are no bolts to rust out—it makes changes of alignment or insertion of special fittings a simple matter—it can be taken apart and the pipe used over again, without any injury—it is not subject to damage in transit—in fact, it embodies practically all of the desirable qualities in an underground joint.

THE CAST IRON PIPE PUBLICITY BUREAU, Peoples Gas Bldg., Chicago

CAST IRON PIPE

Our new booklet, "Planning a Waterworks System," which covers the problems of water for the small town, will be sent on request.

Send for booklet, "Cast Iron Pipe for Industrial Service," showing interesting illustrations to meet special problems.
