FUTURE

Members of the way members of the special election Wednesday. The increase in cultural value of this college found in it. There is a great amount of public attention that will be derived from the appearance of the great artists of music on this campus. Fans of letters and of music generally tend to create an air of excitement wherever they go, and to lend the atmosphere to their background. The bringing of artists of this Michigan State College will be of great benefit in making plain to the world that our campus is enjoying a new era in these advantages.

Another important aspect to consider is the interest which will be shown in this college among those who are in a position to add in our physical equipment and in addition to the teaching staff. Should students show their desire for music of the best type by voting favorably on the subject, free things can be expected to materialize in the next few weeks.

... we again emphasize the importance of hearing in these people about whom we read and whom we hear on the radio. And we will hear them for more than the price of a street car into Lansing.

FRESHMEN

At the first class meeting of the freshmen students, there was a noticeable turnout of members. This interest is harmful both to the individual and the group. It is in the past year that a foundation is being established for participation in campus activities. Strength of the freshmen in a great way determined the membership formed and the nature of solving together the class problems. There are always objections to the resolution passed by the class, but none has the right to object who was not present at meetings. It behooves the freshmen in the interest of the class to attend these meetings.

FOWL

In a matter of much controversy, those interested in the moving of the chicken bureau to its new home in the place provided for the same, which should be present on all other matters. There is a noticeable lack of male poultry on the campus of the old building. Poultry should not keep a good roster in line with all the chickens walking around below.

FIRE HAZARDS

At the end of one day of the coming of the blizzard, Louis Greavure, the blizzard voice here. The next day reports carry the report that he has heard of the whistles. Evidently the blizzard is of the condition of the blizzard, local fire fighters. We should name him for playing safe.

SCHWARTZ CREEK BAND

At a year which we remember has been a band had such a successful season and gained so much approval by the winter. They are becoming an important part of the campus, appearing on many programs and events during the ball during the halves of the basketball games. We feel that the blizzard to Detroit next Friday will be the alumni who witness the game of our college days. It is a commendable effort.

Rumor New Organization

Rumors of the organization of a new group on the college campus were heard about the Union building last night. This organization, under the name of "Di-Ephorate" has posted a notice of a meeting Wednesday evening.

USE MEMBERSHIP PLEDGES TO AID IN UNION UPKEEP

Membership Guarantees Life Use of Building to Its Supporters.

ARRANGE SINKING FUND

Union Expenses Amounted to \$27,500 Last Year; \$11,000 Paid Student Labor.

Life memberships in the Union which are to be taken out by the freshmen class next week will provide an endowment for the upkeep of the building and allow the Union to extend its activities without increasing the annual fee, stated Pat Grimes, president of the organization.

The pledge will consist of \$7.50 a year for a period of 10 years beginning in the fall of 1928. These life memberships do not replace the payment of the annual fee, since they apply only to building membership after leaving college. This membership is a guarantee of the privileges of the building, which are sure to be limited to members as time passes.

Last year the expenses of the Union amounted to \$27,500 exclusive of the commercial departments. This included a sum of \$11,000 paid out to student labor. Student fees totaled only \$11,000 the remaining \$16,500 having to be taken from other sources. This remainder came almost entirely from payments on the life memberships by alumni of the college.

As the Union building is completed and further facilities offered the membership cost of operating the building will increase in proportion and the cost of operating it able from the commercial and will increase more of proportion to the increase in commercial departments is largely completed.

DEDICATE MURALS IN SOCIAL HALL OF CHURCH

Four murals, the work of Paul Honore of Detroit and presented to the Peoples church by H. H. Dow of Midland, were dedicated at the church last night.

The four murals, depicting respectively the "Anointing of Saul, King of Israel by the Prophet Samuel," "David Playing before Saul," "Landing of the Pilgrim Fathers," and the "First Thanksgiving" are beautifully done in subdued shades which are a perfect match for the decorations of the room.

The artist, Paul Honore, was present at the dedication and Mr. Dow, although invited to attend, found it impossible to do so.

WILL DECIDE ON CONCERT COURSE AT WED. ELECTION

Students to Express Opinion on Fee Reduction at Special Election.

TO VOTE IN UNION

Polls Will Be Open from Eight in Morning to Five in Afternoon.

A rather light vote is expected to be cast at the special election Wednesday at which the student body is to make their decisions on fee reductions and the passing of a fund for support of an annually fine concert course.

Funds which the Student Council are placing before the students for reduction are the artists' course fee of 23 cents a term and the State News fee of 40 cents a term. Ballots will contain the question of reducing the first fee to 25 cents a term and the State News fee to 34 cents a term.

The committee on student fees also recommended to the Student Council the abolition of the present compulsory fee of \$3.50 for the Wolverine. This question will not come up for determination until the spring term elections.

Concerning the proposal to levy a fee of 50 cents a term to bring to the college from six to ten high grade musical concerts each year, the committee on fees states in their recommendation that the students and faculty cannot afford to add the opportunity of having the greatest artists the country afford at such a small cost.

KIRSCHNER TO PLAY TONIGHT

Famous Violinist to Appear on Artists' Course at Peoples Church.

Herbert Kirschner, famous American violinist, will appear at this evening at the Peoples church as a feature of the Artists' course. Others to come here this year include Will Durant on March 15 and C. H. Patterson, who is to give a reading of Rip Van Winkle on April 19.

Kirschner is recognized as one of the best American violinists in recent years to score a signal success in Europe. Kirschner visited the principal cities of Germany, Austria, Scandinavia, Bohemia, Switzerland and the Balkans. His instrumental success in these cities ranked him as a violinist of the first rank. His unimpeachable technique and tone are said to be of the highest order.

Herbert Kirschner is without doubt one of the high lights on this year's course," says Prof. W. Johnston, head of the Artists' course committee. "Students cannot afford to miss such a musician as Mr. Kirschner." As usual students will be admitted with the coupon books.

At the Union

Popularity of Union parties has increased so rapidly this term that it is more desirable than in the past to purchase tickets before the night of the party. It saves time and will insure against disappointment since the number must be limited.

A life membership guarantees you the privilege of the Union after graduation without the payment of annual fees. Alumni of the Union will need this added assurance that they will be accommodated with the growth of membership. There will be necessary certain restrictions on the use of the building.

ELECTIONS

It will soon be time for all college elections. In a few weeks the entire campus will be seething with political interest and competition will be keen for all offices. Campaign speeches, public and otherwise will be made and a lot of surreptitious meetings will be held.

Even with all this excitement and furor there will be very few votes cast and a lot of these will not be intelligently cast. About half the student body will vote and the other half will stay away. The latter half will have their minds directly affected when they group together in the annual April chorus and remember the fact that Scamho is elected.

A lot of students go to the polls about in the same frame of mind as their elders do when they vote. They take their pencils and check lists and there upon the ballot with little thought of candidates or capabilities. Fraternally politics enter into elections here and there and railroad some men through.

It might sound like a lot of senseless preaching but we would like to advise students to look over candidates to the various offices before election time. A new State News editor must be elected and members to the student council, W. S. G. A. Union board, and Y. M. C. A. and Y. W. C. A. cabinets are to be picked. Look over the probable candidates in your class and get acquainted with the nominees for the various offices and boards. Then get over to the Union and cast an intelligent vote.

A word to the candidates. A little hard-baking now and then is relished by the best of men.

Offer Scholarship

By action of the Board of Regents of the University of Michigan, each of the faculties of the accredited colleges of the state of Michigan is authorized to nominate each year to the admitt-

trative officers of the graduate school some member of the graduating class or some one of their graduates of not more than four years standing as a suitable candidate for a State College Fellowship or Scholarship. An alternate may also be nominated in each instance. All nominations for an academic year should be sent to the dean of the graduate school not later than March 15 of the preceding year and accompanying each should be an official record of the candidate's undergraduate course and several letters of testimony and recommendation.

Applications for one of the above scholarships from the Michigan State College should be filed with the undersigned on or before Thursday noon, March 15.

The scholarship pays \$300 per year and is open to those holding a B. S. degree, or expecting to obtain the same in June, next. In order that the committee may recognize applications they should be endorsed by the dean of the division in which the applicant is taking his or her major work.

Students Have Confused Idea of College's Excusing System

Many confusing ideas concerning excusing on the campus and although the misunderstanding is most prevalent among the Freshmen, yet numerous upper classmen have an ambiguous conception or assume a lack of knowledge of the "cut" system, states excusing officer, Professor J. W. Stewart.

Even the recently published "Spartan Handbook" for Freshman guidance contains several erroneous statements regarding the penalty for unexcused absences. The excusing office points out that this branch of college statistical work indicates that the item concerning the number of cuts necessary to cause a negative credit to be given should especially be cleared up. This is to the effect that eleven cuts are allowed in one year and with the twelfth cut, negative credit is given. If more than twelve cuts are made in one term each additional unexcused absence counts as a double cut. The negative credits must be made up to permit graduation.

Another hazy notion the student has is about the obtaining of excuses. The office indicates that all excuses, written if possible, must be presented at Professor Stewart's office within a week from the Saturday following the absence. Many cuts have resulted from the lateness of the presentation of excuses for illness, etc.

A big factor in the fast mounting of the "cut" total is late registration. Five cuts a day are marked against students registering after the appointed day, justifiable exceptions to the rule being made at the discretion of the excusing officer. This winter term saw the inauguration of the new cutting-out system and it is anticipated that the office that it will continue to be enforced.

Perhaps the cut that causes the most surprise to students is occasioned by their reported absence by an instructor on account of the student's carelessness for continually entering the classroom late. Double cuts are given for unexcused absences on the half days preceding and following holidays. This does not include the week ending a Saturday for the reason that tends to produce the most cuts, spring, without a

question is the time when young man's fancy and what not, lures him from classes. The winter absences, excused or otherwise, are due mainly to illness.

The excusing office concludes by admitting that it is compelled to spend a considerable amount of time denying rumors that persist on spreading among the student body concerning cuts, one of the most recent being that girls cannot obtain excuses for less than half days absence from class.

SABBAGH GIVES INTERESTING TALK TO FRENCH CLUB

over to the hospital in the belief that they were raw material for Dr. Olin and his crew, but alas! how futile are the hopes of man, man being used in the general sense! All they got was a harsh laugh and a personally condescended tour to the front door. The department is now considering issuing literature to all enrolled in the course describing the symptoms to be expected with advancement of the course. It is hoped that this will clear out a little of the superstitious traffic at the health service.

Well, we started out to say that this really was a marvelous course, the first thing it does is to develop a sense of humor, and the second a desire for rest. The coming prophesy begins by learning of the sex originally gifted to assault a horse and a hawk. That is an education, she starts up to it on an unending run from a distance of about fifteen paces, stamps her feet wildly on the floor, and launches herself into space. For the next fifteen minutes they are collecting her out of space.

and using her for a horrible example of what not to do. The next in the starts up with a do-or-die look on her face, and throws herself despairingly at the vile machine. Well, eventually, one learns how to properly throw a girl over the monster, but only at a cost of great mental and physical wear and tear.

If she survives this synthetic horsemanship, or whatever you may call it, the unsuspecting victim is next led to mat work. There she learns to stand on her ear and pick up a bookcase that will her teeth and all such other tricks; she rolls and she wreaths, she turns somersaults and wreaths, and even descends to the perils of a leapfrog.

There is a great deal of thought among the students as to what the course is intended to fit the student young women for, some hold it to be training for kindergarten work, and others claim that it is intended to State coeds for the Keith club. We have our own opinion on the subject, it is meant to train her for the task of tracking down the classroom and getting him into a corner from which he cannot possibly escape.

Here's to Independence Day! Celebrate the flag and honor the play.

CO-EDS TO INVADE UNION BILLIARD TOURNAMENT

Coed pool and billiard tournaments will be organized this week in the billiard rooms of the Union, it was announced by Robert Southworth, Union activities committee chairman.

Monster Visits Union

Weird, mysterious, stealthy, the bat flitted about the lobby on silken wings, and darted into the dark nooks and crannies. Frederick Hicks, guardian of law and order and of the sanctity of the Memorial building, aided by two sheets of the press, pursued the monster. With the aid of a feather duster, a rolled newspaper, and a billiard cue,

it was hunted into a dark corner and subdued.

The body could not be identified, even by Penrod Marsh, who, in his statement to the press, said that he knew most of the campus members.

Example of man having the last word: "I will," said he to the officiating clergyman.—Pittsburgh Post-Gazette.

SPARTANS SCOOP A. A. U. TOURNEY AS NEW RECORDS ARE ESTABLISHED

State Scores 40 Points While Closest Competitor Has 25.

M'ATEE TOPS 13 FEET

Monroe Breaks Broad and Running Jump Records as High Point Man.

In a meet here Friday evening in which six records were broken, the Michigan State College team won the annual Michigan A. A. U. indoor track and field meet for the second year in succession. State scored a total of 40 points to lead the 16 clubs which participated in the meet. The Michigan State Normal of Ypsilanti was second with 25 points, while the Detroit Y scored 15 points to take third place. The Detroit City college was a close fourth with 10 points.

M'Attee for Michigan State lunged up the most remarkable record of the evening when he won the pole vault event by going over the bar at 13 ft. 1 1/2 in. When the other contestants of the event failed to clear 12 feet, M'Attee tried for a new record. First he cleared 12 ft. 6 in. and then of the record, thus breaking the mark he set in last season's A. A. U. meet here. After making 13 ft. 1 1/2 in. he tried to go over the bar three inches higher. M'Attee failed, however, when he knocked the bar off on the way up.

Zuber, representing the Cadillac Athletic club of Detroit, broke his own Michigan A. A. U. shot put record by heaving the 16 lb. shot 43 ft. 8 1/2 in. Spence, Detroit City college hurdler and national low hurdle champion, broke the record of 2 1/2 sec. for the 10 yard high hurdles set last year by Louving of the Western State Normal by winning the event in 2 1/2 sec.

Monroe, competing for the Detroit Y. M. C. A., broke two records in winning the running high jump and the standing high jump. He cleared 6 ft. 7 1/2 in. in the former and 4 ft. 8 1/2 in. in the latter. Monroe was high point winner for the meet by scoring 11 points.

In the 1000 yard event Ciger, running for the Michigan State Normal, led Rossion to the tape and set a new record of 2:26.8. Rossion also came in under the old record of 2:29.5 set last year.

The final event of the evening, the medley race, proved to be another victory for the Spartans. This relay event consisted of four men, one running 40 yards, one running 220 yards, one running 880 yards, and one running the mile. The State quartet led the pack all of the way. Salmon led by a couple of yards and gave the bat on to Rossion who retained the lead. Rossion running the 880 for State gained a few more yards and Captain White finished the race leading by 30 yards his old rival Potter, running the final stretch for the Michigan State Normal team. The Spartans ran the 1.7.8 mile in 8:20.4.

SPARTANS BEAT KAZOO HORNETS

Michigan State Defeats Kalamazoo College 15-2

Coming from behind in the second period, the Michigan State basketball five defeated the Kalamazoo college cagers here Saturday evening 36-24.

The visitors, present leaders in the M. I. A. A. circuit, presented a fast lineup and displayed the fastest and most accurate passing of any team which has met the Spartans this season on the local floor.

The Michigan State team, on the other hand, was decidedly off form, trailing the Hornets 11-11 at the end of the first half. The Spartans, however, came to life during the last half and scored 25 points to the visiting team's 10.

The State five gathered an early lead when Russo opened the evening's scoring with a free throw. Then Dickson and Schutt added field tosses for a 5 point lead. The visitors then scored their first points by two field goals. Russo added two points on the Spartan side of the ledger and then Kalamazoo scored four points to put them in the lead, 8-7. The visitors held the lead for the remainder of the half and led 14-11 at the end of the period.

At the beginning of the second half the Hornets increased their lead to 6 points when Davis made a field goal and Meulenburg scored a free throw. This represented the visitors' biggest lead.

It was at this point of the tilt that the State five came to life and closed the gap in the scoring columns. Felt came through with two field goals and a free throw and then Dickson dropped in a field basket to put the Spartans in the lead. Dickson scored another point from the free throw line and then Felt dropped in a basket to make the score stand 21-17 for State.

The rest of the game was all in favor of the Green and White team, and the

STATE FOILERS DEFEAT OHIO W

Spartan Fencers, Led by Co-ed, Win 15-2

Michigan State fencing team journeyed to Delaware, Ohio, last Saturday and defeated the Ohio Wesleyan University in a dual meet by a score of 15 to 2.

According to all reports, State's victory was largely due to the especially fine work of Miss Audrey Glenn. She won both of her bouts against two of Ohio Wesleyan's best fencers, William Craig of West Virginia, and Archie Pierce of New York, scoring 10 points out of a possible 15.

Coch J. Joseph Wall's fencing varsity team did unusually well in the fall bouts, winning all four pieces. Miss Glenn placed first, then second, during VanAlstyne meets, their second half rally won the game 36-24.

The Spartans are this week preparing for the next to the last game of the season, the return game with the University of Detroit at Detroit on Friday evening. It will be remembered that the State five defeated Detroit here some weeks ago in an overtime contest 27-23.

The game at Detroit Friday evening will start at 8:15 and will be played in the Light Guard armory on Brush and Larned streets. Reserved seat tickets can be secured from the Michigan state athletic department. Only a limited number are available.

Man Riled by Rivals' Time Claims

Rutherford, N. J., March 9, 1927

Larus & Bro. Co., Richmond, Va. Gentlemen: I sure get some riled when I see where some fellow is crowing over the fact that being older, and having run into Edgeworth sooner than his less fortunate compatriots, he challenges the world as the champion long-time member of the Edgeworth Club.

He doesn't deserve any medals. He got his reward in the enjoyment of his smoking for the added number of years. He was just lucky in starting sooner, that's all.

However, if you care to delve into ancient history, look up when they first started to pull down the old Central Station in New York. He add at least six months to that and you will arrive at the approximate time when I first joined the club.

I have smoked at least one brand of every other tobacco I have ever advertised, sometimes through necessity, but most of the time to please myself that I have been right in sticking to the old blue tin.

Yours truly,
H. M. Wittig
