

FREE SPEECH
Several issues ago, this column up-
held the policy of free speech in the
Blarney Stone against allegations to the
contrary.

J-HOP
Friday night a majority of the so-
called students and without
doubt others of the opposite type will
gather at the Hotel Olds to take part
in the annual social classic, the J-
Hop.

Among the very valuable hints and
suggestions which should be brought to
the attention of participants may be
summarized as not waiting
until the last moment to check up on
the program, putting too much trust
in the organizers and malicious stud-
ents to carry out their duties.

ELECTIONS
Candidate night eliminations will be
held at the various class meetings for
nominations to the student council and
the board. It is imperative that you
should attend and see that your
name is in. Who will vote for
him or her?

ENLIGHTENMENT
Articles in this paper should be et-
hical and in an enlightened or
disinterested manner hereafter. The
Blarney Stone has just been il-
luminated to such an extent that it is
impossible to hatch dark plots,
keep black secrets, or keep crime
covered up. The move was thought
out because of the many recent in-
vestigation into everything that was
in the shadow.

WAR
The annual battle of Scabbard and
Hale and Fred Hicks is on this week
and in favor of Fred holding his
ground, the Union building, since
it has an immeasurable advantage
in the Abbott hall and the Practice
house are between his barriers and
the attack. If the warriors can pos-
sibly get by Abbott hall and still re-
tain their objective, the drive is
likely to be forgotten before the second
round of windows are passed.

CLEVELAND ORCHESTRA TO FURNISH
MUSIC FOR J-HOP DANCERS FRIDAY

J-HOP COMMITTEES TO

Possibility of Entire Campus
Population Turning Out
Friday to Help.

According to reliable information re-
ceived from the J-Hop committee or-
ganizations, only two hundred guests
will be in attendance Friday night but
several have been heard to say that
the entire student body of 2,700 anticipated
attendance.

This rumor gains weight when we
learn that all who expect to attend
the hop will be excused from all classes
Friday afternoon and all members
of the decoration and sub-serving com-
mittees will be excused all day.

According to the manager of the
Hotel Olds, 2,700 cannot be accommo-
dated in the ballroom for the hop and
the additional several hundred mem-
bers of the above committees have not
been officially recognized by the prop-
erty authorities.

However it is expected that they will
all be on hand Friday to see that the
last minute preparations are well car-
ried out.

CLASSES TO BE EXCUSED IN
P. M. FOR PARTICIPANTS

Joe Cantor's Band Prominent
Musical Organization, Secured
for Annual Social Classic.

Joe Cantor's orchestra of Cleveland,
Ohio, successors to the Lombardy in
that city will furnish the dance music
for the J-Hop, which will take place
Friday night in the Hotel Olds. It was
announced this morning by the general
arrangements committee.

At present the organization is play-
ing at the Fair East restaurant in
Cleveland and broadcasting over
WTAM. It includes nine artists in its
personnel and is reputed to be one
of the best dispensers of dance music
in this section of the country. They
will begin playing as soon as the ball-
room is cleared and continue until 3:30
Saturday morning.

Announcement of the orchestra adds
the final touch to the merry prepara-
tions which have been engaging the at-
tention of the general arrangements
committee during the past several
months.

Classes will be excused Friday af-
ternoon for all those attending the
event. It was announced by Dean John
Phelan this morning. Members of such
committees as the decorations and sub-
serving, which have work demanding
their attention during the day will be
excused from all classes Friday. Final
check-up on the affair will be made at
the last meeting of the general ar-
rangements committee Tuesday night
at 7:30 in the Union building.

Resection line will begin receiving
guests at 6:30 o'clock Friday evening
and dinner is scheduled to start at
seven o'clock after. In the receiving
line will be class officers and some of
the guests and patrons.

During the banquet Leonard Gillett's
orchestra will entertain, the music be-
ing interspersed with some special num-
bers.

The program which will take place
at the end of the dinner is to be in
charge of Harry Burris, who will act
as toastmaster. Carolyn Manor and
Jack Hornbeck will give short talks
on behalf of the class.

Successing the program, the ball-
room will be cleared as soon as pos-
sible and the dancing will start to the
music of Joe Cantor's band, continuing
until midnight when intermission will
intervene until one o'clock.

It is probable that the programs for
the hop will be distributed from the
Union on Thursday, according to Carl
Leit, chairman of the program commit-
tee. There will be twenty dances list-
ed with two extras.

It is estimated that about two hun-
dred couples, including guests, patrons,
and students will attend the affair.
Fifty tables will accommodate diners.

SOCIETY

Formal Parties Make Week-ends Interesting as Term Nears Close

The dedication of the new Hesperian fraternity house held a great amount of interest for the campus folk last Saturday. This is the second fraternity house completed this year, the Lambda Chi Alpha being the first last fall. Including the past week-end which had some seven formal parties or open houses, the social calendar for the remainder of this term shows the coming Friday or Saturday evenings filled with formal parties given by the various societies and fraternities.

In private life, the four things have each other with a decision, existing that of almost anything else, but get them to fighting for the glory of the society, and the wise negotiator will immediately look for the nearest shell hole. How ever, it isn't quite as dangerous as hockey where every girl is armed with a club and it is only the extremely fortunate escape without a single knock.

These inter-society games are an inspiration of the department of physical education for women, which thinks them an excellent device for preserving the entire cordial among women. We wish to differ a little from an excellent basis for argument, although they all don't take advantage of it, but the chosen strike Gums will pick all through the dinner hour about the questionable ethics of that awful Evelyn Excelsior who made the last shot winning goal for the Thrown Newful Line by stalling up in a form of the gymnasium annex and dropping the ball an extra one from above in an unguarded place.

Enough of that. If we don't stop talking and getting in the morning, the men who read this column, if there are any, will think that there is no harmony among our two sexes and

JERSEY CITY-NEW YORK TUNNEL IS LECTURE NOTE

Professor George Goodenough Talks on Design of Transportation Plan.

Research Problems in the Design and Construction of the Holland Vehicular Tunnel Between Jersey City and New York formed the subject for Prof. George Goodenough's lecture in the Horticultural auditorium Monday evening at 8 o'clock.

Professor Goodenough is a graduate of Michigan State College and is now professor of thermodynamics at the University of Illinois. He was instrumental in designing the ventilating system for the tunnel under discussion which is designed to accommodate 20,000 to 40,000 vehicles each day. His problem consisted in arranging some method to eliminate the gases which might build up about the tunnel from the motor exhausts.

Dedication of new members of Sigma Xi took place in the seminar room of the Hort building at 7 o'clock the evening of the lecture. That organization sponsored Professor Goodenough's lecture.

"MY BEST GIRL" FILM HAS COSTLY SEQUENCE

\$10,000 a minute! No, that isn't the long distance telephone rate from here to Mars. It's the cost of just one sequence in "My Best Girl," Mary Pickford's new comedy-romance which opens today at the State theater here.

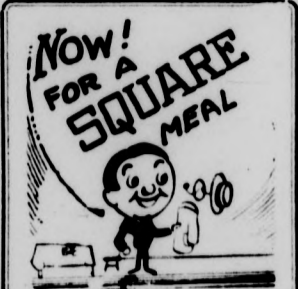

The sequence is enacted in a huge set representing a section of a downtown business district. The set occupies two city blocks, and it kept between 200 and 400 workmen busy for a month in erecting the four and five-story buildings and laying the street car tracks and the paving.

Although the cost of the set itself, the salaries of the cast and of the 1,200 electricians and extra people used totaled in the neighborhood of \$120,000, the scenes take only a few minutes on the screen which makes it

probably the most expensive sequence per minute ever made. While the set is a faithful copy of a business section, complete from street cars to traffic signals, the realism of the scenes was enhanced by several unscheduled traffic jams during the filming, which, as Miss Pickford said, "made everything look just natural."

"My Best Girl" is a story of the 5- and 10-cent stores, with the star in one of her famous "gingham roles" as a little stock girl. It is said to be the funniest picture she has ever produced, and critics are acclaiming it generally as the best film of her career.

STATE TROUNCES MARQUETTE SAT

Marquette Five Defeated in Last Minute Rally for 30-25 Win; Season's Last Game.

Leading all the way, the Michigan State basketball five stemmed a late rally and defeated the Marquette university engers in the final game of the 1928 State basketball schedule here Saturday evening, 30-25. This victory was the 11th out of the 15 games played.

Although the Spartans only caged one free throw in the game last week at Detroit, they came through Saturday night with 11 successful shots out of 20 tries from the free throw line. This merriment work was the factor which enabled the VanAlstyne men to beat the strong Wisconsin team. The visitors on the other hand had ten tries and caged seven.

Captain VanAlstyne sprang a new one in Saturday evening's game when he called Den Herder and VanZylen for the forward positions, with Felt at center, and Schan and Colvin at guards to start the game. This line-up remained intact except for the substitution of Groce for Den Herder in the middle of the first half and Dickson for VanZylen in the latter part of the final period.

Den Herder drew first blood for State when a Marquette man fouled him after a minute had been played. Soon after he scored a long shot to make it 3-0 in the Spartans' favor. Then Den Herder picked up a point by the free throw route and soon after VanZylen counted two more points for State in the same manner, thus making the score stand at 6-0. Marquette then scored its first basket of the evening when Captain Dickson dropped one in from the side of the court. Both teams added points to their totals and at the half State was still leading 14-10. The game up to this point was strongly featured by the defense that each team exhibited.

The Spartans came back onto the court with more pep and ran the score up to 20-10 in quick order. Razner then scored a field goal, but Groce matched this and more when he followed a field goal and three free throws in quick succession to run the score up to 25-12 which was the biggest lead that State was able to obtain during the entire game.

It was at this point of the tilt that the visitors began to rally, and the Michigan State five had to resort to a strongly defensive type of play. A field goal by Captain Razner, a field goal and free throw by O'Donnell, three points made by Gerbert, and a field goal by Moser sufficed to bring Marquette's total to 22 points while

SET NEW RECORDS IN TRACK MEET

Four new records were established in the eighth annual Michigan State College Indoor Relay Carnival last Friday night. Athletes from 10 Michigan colleges competed for the individual honors, as no official tab was kept of the team scores. Summing up the individual scores, however, shows the Spartans accumulated a total of 31 1/2 points, as against 29 for Ypsilanti Normal, and 17 for Marquette university.

The biggest upset in the meet was the pole vault event, which was won by Glaser of Marquette, when he cleared the bar at 12 feet, 6 inches, thus defeating McAtee of State. Both men were suffering with injured legs, with the result that neither vaulted to his accustomed height.

Ypsilanti Normal's two mile relay team set a new mark of 8:39.1, bettering the old mark by 4 seconds. The University of Michigan thirdinals cut down this time in their match relay with the State runners, covering the two miles in 8:37.7. Wilmarth, running third, stumbled while running against Jesson of Michigan. While Wilmarth gained ground on the last lap, but was unable to overcome the tremendous lead.

Lang of State secured revenge for a defeat suffered in the A. A. U. meet by outclassing Hester of Ypsilanti in the 40 yard dash. His time was :04.7. Lang also won the 300 yard open, making him the only double winner of the carnival. Henson took second place and Knutson fourth in this event.

Cline of Central State Normal broke the old high jump record of 5 ft. 11 1/8 in. held by Doherty of Detroit City college, by leaping 5 ft. 11 1/2 in.

Marquette bowed to State in the one mile relay. The winning time was 3:18.8. State also annexed the 400 yard open relay number, with a time of 1:47.7. Marquette retaliated by taking the 880 yard relay, requiring 1:41.9 minutes to traverse the distance.

Smith and Tilletson secured second and third places respectively. Allman heaved the shot 43 feet to five.

FRESHMEN FIVE WIN OVER FLINT

The Michigan State freshmen journeyed to Flint Saturday evening and walked away with another victory over the Flint Junior College five, 40-30. This was the third victory out of four scored for the Spartans.

The State team started in with a rush and soon held a commanding lead. Different combinations were inserted into the game and the score stood 21-8 at the half.

Captain Traynor sent in a substitute right at the beginning of the second half but the comeback of the Flint team was so furious that the first string men were sent into the game for State. They soon displayed their superiority again and at the end of the game field goal by Captain Razner, a field goal and free throw by O'Donnell, three points made by Gerbert, and a field goal by Moser sufficed to bring Marquette's total to 22 points while

Four new records were established in the eighth annual Michigan State College Indoor Relay Carnival last Friday night. Athletes from 10 Michigan colleges competed for the individual honors, as no official tab was kept of the team scores. Summing up the individual scores, however, shows the Spartans accumulated a total of 31 1/2 points, as against 29 for Ypsilanti Normal, and 17 for Marquette university.

The biggest upset in the meet was the pole vault event, which was won by Glaser of Marquette, when he cleared the bar at 12 feet, 6 inches, thus defeating McAtee of State. Both men were suffering with injured legs, with the result that neither vaulted to his accustomed height.

Ypsilanti Normal's two mile relay team set a new mark of 8:39.1, bettering the old mark by 4 seconds. The University of Michigan thirdinals cut down this time in their match relay with the State runners, covering the two miles in 8:37.7. Wilmarth, running third, stumbled while running against Jesson of Michigan. While Wilmarth gained ground on the last lap, but was unable to overcome the tremendous lead.

Lang of State secured revenge for a defeat suffered in the A. A. U. meet by outclassing Hester of Ypsilanti in the 40 yard dash. His time was :04.7. Lang also won the 300 yard open, making him the only double winner of the carnival. Henson took second place and Knutson fourth in this event.

Cline of Central State Normal broke the old high jump record of 5 ft. 11 1/8 in. held by Doherty of Detroit City college, by leaping 5 ft. 11 1/2 in.

Marquette bowed to State in the one mile relay. The winning time was 3:18.8. State also annexed the 400 yard open relay number, with a time of 1:47.7. Marquette retaliated by taking the 880 yard relay, requiring 1:41.9 minutes to traverse the distance.

Smith and Tilletson secured second and third places respectively. Allman heaved the shot 43 feet to five.

FRESHMEN FIVE WIN OVER FLINT

The Michigan State freshmen journeyed to Flint Saturday evening and walked away with another victory over the Flint Junior College five, 40-30. This was the third victory out of four scored for the Spartans.

The State team started in with a rush and soon held a commanding lead. Different combinations were inserted into the game and the score stood 21-8 at the half.

Captain Traynor sent in a substitute right at the beginning of the second half but the comeback of the Flint team was so furious that the first string men were sent into the game for State. They soon displayed their superiority again and at the end of the game field goal by Captain Razner, a field goal and free throw by O'Donnell, three points made by Gerbert, and a field goal by Moser sufficed to bring Marquette's total to 22 points while
