SENIORS PLAN ACTIVITIES FOR THE SPRING TERM

Water Carnival to Take Place Under Direction of Executive Committee.

APPOINT COMMITTEES

A large portion of the senior class was present at the first class meeting of the term held at Olds Hall last Tuesday night. The chief purpose of the meeting was to start definite action on the plans for the water carnival which will be held this spring.

An entirely new plan has been formulated by which the water carnival will be conducted this spring. Last spring a variety of committees were responsible for the executive functions, while this year the class president, Arthur Curtis, has appointed an executive committee. This committee will be responsible for the entire carnival, which will be held on the campus. It is thought that this system of organization will eliminate excessive responsibility being placed on any one individual, as well as provide an executive body to work out more completely the proposed plans for the various activities included in the carnival.

The executive committee, appointed by Arthur Curtis, is composed of the following seniors: Finance—Fred Pierce, Harry Stutz, and Walter H. Brown; Publicity—Frank Hays, Stutz, and Walter H. Brown; Entertainment—Carl DeWitt, Harry Stutz, and Walter H. Brown; and Refreshments—Walter H. Brown, Harry Stutz, and Carl DeWitt.

As yet no date upon which the water carnival will be held has not been decided. The executive committee will meet soon to decide this date, as well as to select the theme for the carnival. These details will be announced by the committee at an early date.

A separate committee, composed of Ward Estes, Fred Pierce, Dorothy Robinson, and Eugene Harvey, has charge of senior parties and social activities other than the water carnival. As customary the seniors will hold a week party every week during the first one having been held Wednesday night of this week.

As an announcement to all seniors who have not as yet been measured for the water carnival, the executive committee has arranged for a special measurement party to be held at the gymnasium on Friday night, April 27, at 8 o'clock. This party will be held in the gymnasium and will be open to all seniors.

MISSIONARY SOCIETIES CONDEMN TOBACCO ADS

Oppose Nicotine Ads in College Papers; Fear Students Will Contract Habit.

Tobacco advertisements in college publications was condemned at a combined meeting of representatives of missionary societies of nearly all the churches of Lansing Tuesday evening.

A resolution opposing the advertising and urging the enforcement of anti-nicotine laws already on the statute books of the state was passed as follows: We, representing the missionary societies of the Women's Union of the First Baptist church of Lansing, with invited guests from the other churches and women's organizations of our city, believing that the use of tobacco is detrimental to health, and in many other ways a bad habit, desire to place ourselves on record as opposed to advertising the sale of tobacco in college papers and thus placing before the young people of today, in whom we have not only great pride but also great faith, the endorsement of an injurious habit. We also urge the enforcement of anti-nicotine laws already on our statute books.

BOARD UPSETS ADMINISTRATION IN DRASTIC ACTION WEDNESDAY

State Board Drops Phelan and Willard in Economy Move with Elimination of Other Offices; Ousted Men to Continue for Remainder of Term; New System to Be Instituted to Handle Work of Dean's Office.

With two of the chief executives of the administration, Dean of Deans John Phelan and John D. Willard, director of continuing education, dropped from the college payroll, and the leave of absence of President Kenyon L. Butterfield extended from May 1 to July 1 without his consent, the state board of agriculture at its meeting Wednesday took action which undoubtedly means the end of the present administrative regime. The office of Purchasing Agent W. N. Sweeney was also removed.

Elimination of the two entire departments of the dean's office and continuing education was made in order to cut down the payroll and aid somewhat in decreasing the present deficit of the college, according to members of the board.

GENERAL MALONE TO REVIEW CORPS

FORTUNATE

Unhappily speaking, how fortunate we have been thus far this term getting big stuff in our columns. If we get three weeks that can have an American football player start coaching work, a good president elected to head the Union, a young man of unusual bearing organized, a student union burglarized, a student editor suspended, and the administration turned upside down. As cautious editorial reporters, we take this opportunity to thank all parties responsible for getting such pearls into these yellow sheets. We recall one night last week when we were saved from going to bed with one column blank only by an exciting sorority house fire. It is a pity, isn't it? It is a pity that we are not more interested in the organization of a house than in the organization of a model league of nations. Such, however, is the tenor of modern journalism also, probably, those of the future.

VOTES

Did you notice the voting of the state board in their Wednesday meeting? Four were for the drastic action against, and one requested a recess to remain silent. Many of us would be glad to see the situation brought to the college on a more equitable condition, political ambition and public opinion, faithful friend and college memories. It is an interesting thing when one has to make a decision on such a question. It is a pity when that decision is published far and wide.

PATS AND TEARS

We hope that a certain Lansing man didn't fracture his institutional nose yesterday while putting themselves on the back for organizing all the fun for this week. We suspect that some of the force in the other half of the cross will be made from its front page.

RELIEF

President was heard to remark to some of the campus that it was such a relief to finally get an English professor to talk good English.

SENIORS

Seniors have initiated the intensive campaign for their final term. It is hoped that the water carnival will be held again. There are few things this campus more picturesque than the traditional evening when the lights enhance the Red Cedar and the figures float down the river. The height of romanticism of a Lansing evening.

WEATHER

It is enough that we can't save some of the weather for the football team that starts work next fall under a new sun. The ball tossers certainly get their red undershirts.

PARADE

Some of the parade in getting ready for Wednesday was described as a victory according to state headquarters by the infantry boys. The parade was unable to shift the engine until it had to stop and put on new tires.

Campus Busy as Flurry of Activities Occupies Students

While the freshmen have been getting ready for their party and fraternities have been planning open houses, the campus has been especially busy with social engagements. Theta Alpha Phi's presentation of Bernard Shaw's "Candida" on Tuesday evening, drew an appreciative audience, while many students attended the last number of the Artists' course held at the gym Thursday evening.

Of special interest to seniors was the class party held at the armory on Wednesday evening. This party was the custom of every senior class, and a party each week from now until twelve o'clock. Dancing was the main feature of the evening and many were the songs that had a "perfectly correct" time.

The members of Sphinx entertained at the Thonian house on Wednesday evening. The guests included junior girls who have maintained a high standard and who have participated in campus activities during the past year. Bridge was the feature of the evening after which light refreshments were served.

On Friday evening, Tau Beta Pi entertained at the engineer's banquet at the Phi Kappa Psi. Phillip Bell Woodworth was the speaker on "The Engineer's Job." Frank Rogers and Keith E. Hurd were present.

HATTON'S DUAL ROLE GIVES SERIOUS TROUBLE TO BEERY

With all more grievances against prohibition, "Knif" Beagan gives a knockout punch from Mike Doolan. Doolan mistakes Mike for Scott McGee. Then McGee gets so mad when the girl he is engaged with thinks he is Beagan.

AMMOND HATTON IN PARTNERS IN CRIME. A PARAMOUNT PICTURE. Partners in Crime, melodramatic comedy starring Wallace Beery and Ammond Hatton, coming to the State Theatre Friday and Monday.

Beagan is the part of Mike Doolan, a detective, and Hatton has the part of "Knif" Beagan, a gangster. Beagan is the gangster leader and "Scoop" McGee is the newspaper reporter. Mary is the girl.

W. A. A. OFFERS VARIETY OF SPORTS THIS TERM

Class Tennis Tournament Plans Underway; Golf to Be New Sport This Year.

This spring term, W. A. A. offers to those interested in athletic work the various sports of interclass swimming, baseball, tennis, track, archery, golf, hiking and canoeing.

Swimming is open to any girl who can enter the water head first and swim two strokes. Practices started the week of April 9 and will continue until May 21, on which date the meet will be held. Anyone who has put in seven practices is eligible to be chosen for the chess team.

Judging by the number of girls who two or three talks on perennials, one on annuals and one on roses.

Besides his work as instructor in floriculture at the college, Mr. Laurie is secretary of the Michigan State Florists' association, Michigan Gloriosa association, and the State Dublin association, editing the official publications of all three associations.

A fund's gratitude is always its best just before you do him a favor.

TO BROADCAST DAILY FLORICULTURE TALKS

Prof. Alex Laurie to Give Series of Lectures Starting Tuesday.

Prof. Alex Laurie of the college horticultural department will broadcast a series of lectures through W.K.M. college radio station, on the subject of floriculture, starting today and continuing daily in connection with the radio program until early in June.

This will be the first attempt of its kind to bring information of horticultural subjects as well as to give speakers interested in the home flower garden and to bring arranged in connection with the numerous requests from radio listeners all over the state for talks on raising of flowers.

Topics of which Professor Laurie will speak include: Soil and fertilizers, naturally grown from seed, indoors and outdoors, soil, soil in gardens.

have come out, baseball seems to be foremost as the spring sport. In order to make a team, each girl must put in eight required practices, including four team practices, by May 21, when the tournament will be held. Each class seems desirous of hanging its name in the "Hall of Fame."

A tennis tournament will be held in each class. Names are placed on the ladder and a girl may challenge any one of the three girls above her. Four matches are required for team membership. A match is to be the best two of three sets. The class team will consist of the four highest on the ladder after May 19. The inter-class tournament will be held May 21-25.

Eight practices in track and field events are required for team membership. Practices must be in by May 21, when the meet will be held.

A new sport this year is golf. In order to obtain points, five score cards (19 holes each) must be turned in by the week of May 21 when the final match will be played.

A pleasant method of earning points is canoeing. Twenty-five points will be given for eight hours of canoeing

and five points for every two hours after the first eight hours. To the sorrow of many, no points will be given for canoeing with men.

Hiking offers another enjoyable means of acquiring points. Before any points are granted 25 miles must be hiked. Twenty-five points are to be given for the first 25 miles.

The archery tournament will be held the week of May 21.

Find Right Tobacco for the Tropics

October 6, 1926

Larus & Bro. Co., Richmond, Va., U. S. A. Gentlemen:

Most all well-known tobaccos smoke well in a cold or temperate climate, but very few in a tropical climate. They are mostly too heavy, don't seem to be blended right - at least that is my opinion gained from practical experience.

However, Edgeworth is the same in any climate. Again that is my opinion gained by practical experience.

I cannot get the same pleasure out of any brand of tobacco that I can out of Edgeworth, and I have tried many - and paid fancy prices, too. It costs real money to smoke imported tobaccos here; the import duty is very high.

Anyway, we cannot have everything we would like in these countries, so we hold on to all the little pleasures possible. Now you know why I smoke Edgeworth.

Yours respectfully,
R. C. Rigg
