### MISCONCEIVED

The question of coed smoking was again brought up before the Women's Self Government Association this week. After discussing the situation, they voted to prohibit coed smoking in the dormitories on the campus and in sorority houses or other coed homes off the campus.

Reasons given for this action was "maintenance of the high ethical standards thus far adhered to on our campus" and the possibility of fire in the buildings. They were upheld in the second round by the discussion at the national convention of W. S. G. A. which recently took place.

According to the rule passed coeds are merely prohibited from smoking in the buildings designated. Nothing will stop them from pursuing the wiles of the lady nicotine on the streets, in cars or similar places except their own desires. In other words they will be permitted to smoke in all places except those in which they live.

Possibility of fire in the buildings will undoubtedly be lessened, and because of the condition of the dormitory the move on that score is justifiable.

However, we fail to see where the maintenance of high ethical standards is being aided, unless the W. S. G. A. lose their ethical conceptions on the fact that the same actions in public satisfy those requirements which, when committed in private do not.

Aug. 26, 1926  
Messrs. Larus & Bro. Co.  
Richmond, Va.  
Dear Sirs:  
Just a confession and an appreciation. A number of years ago I was a user of your Edgeworth smoking tobacco. But like some others, perhaps, I was lured by alluring advertisements to change. A few days ago I went into a drug store to get some tobacco, and on the case was the familiar can of Edgeworth. I bought it and since then I have enjoyed old-time comfort.  
So my confession is that I made a mistake in changing to other brands, and my appreciation is such that Edgeworth will be my Smoke Pal while life lasts, which may not be long, for I have passed my "three score years and ten."  
Very truly yours,  
(signed) E. P. Fishburn  
**Edgeworth**  
Extra High Grade  
Smoking Tobacco

Of course the general idea of the move is to stop smoking, the thought of the association being that coeds would smoke very little in public, whereas in private the practice is followed a great deal. A rather round about way to achieve a result, which undoubtedly cannot be achieved.

The rule will continue to be disregarded and continue to be unenforceable. It fails to satisfy the requirements of the high ethical standard established. Therefore it does seem superfluous.

The fact remains that coeds are still being somewhat discriminated against in the matter of smoking. The problem should be considered on the same basis as that of the men. If danger from fire is such that prohibition of the act in dormitories is necessary, such prohibition is correct and justified. But attacking the matter from the ethical standpoint seems to be encroaching upon the rights of the individual.

Let it be clear that we are not proposing a recommendation that each and every coed take up the habit of smoking. We merely desire to see the issue placed upon the same footing in regards to coeds as it is in the case of men, and treated similarly.

**VACATIONS**  
(The Purdue Experiment)  
Whenever a college man applies to me for a job, I never inquire about his scholastic standing, recently remarked a business man, himself a university graduate. "What I want to know is how he spent his summer vacations—three months per annum, and before he gets his degree, that amounts to a whole year, the most valuable I think of his entire collegiate course. Never again will he have a similar opportunity. If he has wasted it, I know something about him; if not, he has a record worth showing."

### JUNIORS WIN INTER-CLASS MEET BY SCANT MARGIN

The 14th annual interclass meet held after classes April 24, 25, 26, 27 and May 1, was won by the junior class. They scored 52 points, the freshmen 50 and the sophomores and seniors each 28. The juniors might have had a greater lead in points if several of their certain point winners had not been competing at the Penn relays.

One new varsity record was established by Hayden, a sophomore, in the javelin throw, when he threw the stick 173 feet 10 inches. McVee created a new meet record in the pole vault by going 12 feet 6 inches. Honson equaled the meet record of 191 seconds for the 100-yard dash.

Perhaps the matter of grades is undetermined in the mind of the above business man, but nevertheless it is certain that a great deal of knowledge can be amassed in a summer's work. This applies especially to engineering students. One of the most important phases of an engineer's education is the actual experience which he possesses. The man who has spent his summers working is much more valuable to his employer than the man who has proclaimed the summer months a holiday after a hard year at school.

### UNION DISCUSSES CHANGE IN FEES

(Continued from page 1)  
literally set aside at the beginning of each term \$5 which would cover the expense of his little necessities. A list of these necessities amounting to \$5 was drawn up by the members of the committee, who are taking the new plan in charge as follows:

Five dime books, two package theme paper, three small padlocks, one notebook, three or four pencils, one fountain pen ink, one box of hairpins or equivalent, one box of safety razors, one box stationery, 20 heavy books, newspapers and magazines, Saturday night luncheon.

This list was drawn up from the standpoint of necessities, same and with the added convenience that may be obtained at the Union as well as suitable in rate as well generally.

thought that the student body should have no great objection to supporting such a plan.

Under the other business of the meeting a motion was made to the effect that the Union should donate \$50 to help defray the expense of publication of next year's "Freshman Page". President Miss Marion Woodworth appointed a committee to start making plans for a program and mix-up to be held at the Union during Freshman week next fall. Glenn Stewart reported on the financial status of the Union.

**When Dad was a "Modern Youth"**  
BICYCLES, stereopticon lectures, and the "gilded" youths with their horses and cars; at night the midnight oil burning in student lamps while the gas lights glared and flickered across the campus—the gay nineties when Dad was in college seem primitive to us today. Now it's sport roadsters, the movies, and radios. At night the MAZDA lamp replaces the midnight oil in dormitory rooms, while modern street lighting sheds its friendly glow over the campus.  
Without electricity we would have none of these improvements. To-day's marvel of electrical invention becomes to-morrow's accepted utility. In the coming years, by taking advantage of new uses of electricity you will be able to go so much farther that the "tearing twenties" will seem just as primitive as the "gay nineties".  
GE  
Scientific in the research laboratories of the General Electric Company keep G.E. a leader in the field of electrical progress. Since G.E. engineers develop each latest invention. The G.E. factories carry out the engineers' designs with high-quality material and expert workmanship.

### Whirl of Social Events Holds Campus Attention This Week

With the arrival of the lovely spring weather, the students around the campus have been busy playing tennis, golf, and taking canoe trips up the river. Several teas and dinners have been scheduled in between this whirl of activities. Last night a banquet was given for the Junior Farm orchestra under the leadership of Prof. Arthur Farwell. The college orchestra and speakers from various departments on the campus gave their addresses.

Many students attended the lecture of John Guest at the Peoples church on Wednesday night, while the seniors spent the party held later at the gymnasium. The Green Spots played for the dancing. Members of the college band are guests tonight at the University of Michigan band, with whom they played a joint concert. A dance is to be held after the banquet at the Masonic temple.

Miss Julia Caine entertained several of the Ero Alphan girls at a May morning breakfast on Tuesday morning. Mrs. John Pheasant, Mrs. M. C. Coffman, and Prof. and Mrs. R. E. Hartsch were dinner guests at the Ero Alphan house on Tuesday evening.

The Junior Prom held tonight at the gymnasium was the center of a great deal of activity. The Revelers of Detroit have been secured for the music, and a grand crowd is expected for the party.

Someone has been busy this week trying to think of an original costume for the annual Foresters' sale. It is reported that a lot of rough and tough foresters will be there and that the "oh time" party will be held at the Delta.

Kappa Delta entertained at a tea on Tuesday afternoon in honor of the new inspector Mrs. Mary Lou Lee. She is a member of the organization of Kappa Delta. The other officers of all the societies on campus and Mrs. Snodgrass were present at the tea.

Edna Morgan entertained the seniors at the campus at tea on Thursday afternoon. Alice Hanson-Lane presided while Sabina Hebebrand, Hillman and Margaret Taylor presided at several musical selections. His Boy Friends will play at the tea.

for the Ero Alphan spring term party to be held at the Little Theater on Saturday evening. The patrons will be Mr. and Mrs. D. E. LeRoy and the guests include Mrs. Julia Caine and Miss Ruth Fikes. Mrs. D. Robinson is in charge of the arrangements, with Pauline Taylor and Ruth Simmonds as assistants. Many of the alumni are expected to return for the party.

The Phi Kappa Tau and the Delta Phi are holding their spring term parties this week-end and the Union Literary society is among those planning to hold open houses.

### START WORK ON EDITING OF FRESH BIBLE FOR 1929

Work on the Freshman Bible for 1929 has just been started by a committee composed of Robert Lowry, editor, and Bob May and J. W. Miller and Mel Avery, business manager, with Franklin Howell and Luke Simpson as assistants.

The Bible is a handbook containing useful information about the college in general, the Union officers, and various departments, and the various societies.

The book will be condensed in a smaller size this year, and more copies will be printed than ever before.

### CO-ED FOLLIES TO BE PRESENTED NEXT WEEK

Co-ed Follies, sponsored annually by the Women's Self Government association, will be given next Wednesday and Thursday nights, May 9 and 10.

The Little Theater is to be the scene of the music, and the admission has been set at 35 cents. Each house and the Women's building has charge of an act, the best of which will be awarded a prize. In times past chorus girls, plays, pantomimes, and parades have entered their share of praise and enthusiasm, and this year even better performances are promised.

### HEALTH SERVICE STAFF BUSY FIGHTING EPIDEMIC

The health staff has been busily engaged in fighting an epidemic of sore throat which has spread over the campus within the past week. James McElroy and Arthur Pfanzhagen are convalescing from an influenza operation.

pirates, and other thrilling adventures, into an amazing drama of human emotions. Adventure and the clash of human will and the cry of the elements form a thrilling background for a beautiful love story that runs through the drama as a central theme.

John Crawford plays the heroine, a New England girl thrust into the midst of an adventure in the Orient. Her skill at emotional acting is strikingly demonstrated in the scenes and her beauty more than appears.

Novarro plays the villain, an Oriental, who dominates a number of scenes and leads him into scenes and James Mason, as the hero, the Pacific through exciting first acts, as a compelling storm, mutiny, attacks, by Oriental pirates. Anna May Wong is a screen

### NOVARRO'S NEW FILM HAS POWER

The principal line of the sea, and the heroism of mariners battling the elements, form the background for an amazing drama of love, hate and adventure in "Across to Singapore".

Raimon Novarro's new starring vehicle at the state theater Sunday and Monday. The new Metro-Goldwyn Mayer production, a powerful sign of the clipper ships, is one of the most gripping sea stories in years.

Novarro plays the villain, an Oriental, who dominates a number of scenes and leads him into scenes and James Mason, as the hero, the Pacific through exciting first acts, as a compelling storm, mutiny, attacks, by Oriental pirates. Anna May Wong is a screen

## Blindfolded in scientific test of leading Cigarettes, James Montgomery Flagg selects

## Old Gold

After this test, Mr. Flagg wrote:

"Most of us smoke names and think we are smoking cigarettes! The blindfold test proved that to me. It proved also that it is difficult to tell one cigarette from another... except in the case of OLD GOLD... I spotted that... it suited me, best even blindfolded. In fact, the man who said 'not a cough in a carload' knew whereof he spoke. It's the smoothness that identifies OLD GOLD. It needs no other trade mark."

JAMES MONTGOMERY FLAGG

### How Test Was Made

Subject was blindfolded, and, in the presence of two responsible witnesses, was given one each of the four leading cigarettes to smoke. To clear the taste, coffee was served before each cigarette. Mr. Flagg was entirely unaware of the identity of these cigarettes during test. After smoking the four cigarettes, Mr. Flagg was asked to designate by number his choice. He promptly replied, "Number 2," which was OLD GOLD.

JAMES MONTGOMERY FLAGG—Nationally known artist and creator of the famous Flagg girl.

# ALDERMAN TO TRY FOR NEW WORLD RECORD AT STATE-DETROIT MEET

### Spartan Thinclads Doped to Win in First Dual Meet of Season Saturday.

Fred Alderman, former track captain at Michigan State, will attempt to break the world's record in an open 175-yard dash at the stadium Saturday afternoon, during the seventh annual dual meet with Detroit City college. Paddock set a new mark by negotiating the distance in 17.4 last Saturday at the Penn relay. Richard Robb, a Scottish graduate student at the University of Michigan, unofficially cut two-tenths of a second from Paddock's mark Tuesday. It is quite probable that Alderman will go under both of these marks if the weather conditions are favorable. Charles Brennan, president of the Michigan A. U., will attend the meet in order that any record that is set may be of field. The race probably will be part of the 220-yard dash in the dual meet.

State will undoubtedly have little trouble in capturing this meet although it is doubtful whether Lane will be able to compete, because of the injury he received when he was spiked last Saturday.

Henson, Kroll, and Knutson ought to be able to take care of the dashes. Kroll has a rival in Pausbert, who, however, was only able to finish third to him last year in the 440-yard dash. Spence of City college will not be hard pushed in either of the hurdle races. First in these two events will probably go to this best timber runner.

With Hackley, Rossiter, Peterson, or Brewer in the 220 yard, Willmarth, Hanson, or Captain Wille in the mile, and Brown, Willmarth, Mies, or Wille in the two mile, State should be little menaced in the distance runs.

The strength of City college in the field events is not known. Zuber of Detroit college, winner of the shot and discus last year, graduated, so Ellison will probably have the upper hand in those two events. It is almost certain that McVee will win the pole vault. With Deberry of City college graduated, State should have equal chances with Detroit in the broad jump and the high jump.

Hayden, the new holder of the sixty yard record for the javelin, ought to win his favorite event.

If Lane is unable to run Saturday, his loss will most greatly be felt by the mile relay team. City college won its mile relay at the Penn relay, as also did State. State's time was about 4 seconds faster than that of Detroit.

Saturday morning at 9:30 the Fresh track squad will compete in a triangle meet with the Alma varsity and freshmen teams at the Michigan State stadium.

## THREE TEAMS UNDEFEATED IN INTERFRAT BASEBALL

With the second full week of interfraternity baseball completed, most of the teams have seen action. Only three teams remain undefeated—Phi Delta, Hermit and Sigma Alpha Epsilon, each having won two and lost none.

On Monday, April 23, Phi Delta defeated Lambda Chi Alpha 11 to 2, and Epsilon lost to Ipsilon 9 to 2. Tuesday, Phi and Psi Chi Alpha played a 5 to 5 tie. On Wednesday, A. G. R. and the Hermit won from Phi Kappa Tau and Phi Delta 5 to 4 and 7 to 3 respectively.

In the games of Monday, April 30, Phi Kappa Phi rallied in the late innings to beat the AcTheons 8 to 7, and the Hespiens dropped out to the Olympics 1 to 4. Tuesday, S. A. E. turned the Alpha Gamma Rho down with a score of 12 to 3.

## SPRING CANOE SEASON OPENED WITH SPLASH

### Determined Girls Stick with Canoe for Three Turnovers.

The annual spring season on athletic accidents opened, as the saying goes, with a bang Monday. Two girls doing canoeing for W. A. A. points had the honor, this year, of inaugurating the season. These athletic lasses took their canoe out with the intention of paddling gracefully up the Red Cedar, but we all know what horrible things may happen to the best laid plans of mice and men. Something went wrong and the canoe refused to go further, and turned over, spilling its occupants into the shoulder-deep river.

Nothing daunted, these energetic ladies clambered out, mud-besmeared, righted the canoe, and had another try at it. So did the canoe. Over they went again. The light of battle now shone dangerously in two sets of eyes. They'd fight that canoe to a finish! In they got.

To the rescue, now, came some gallant heroes, who had been practicing football within view of the struggle. They, their superior smiling faces proclaimed, felt sorry for these poor weak creatures. They would show them how to paddle a canoe as it should be paddled. Wrestling the paddles from the non-resisting hands of the erstwhile paddlers, they dug them deep into the waters of what was, by this time, a pretty muddy Red Cedar. The canoe wavered, and actually went down the river they sailed in glory. And then, the canoe seemed to recall its former supremacy over the puny struggles of mankind. It wavered, ducked, and over it went, carrying

## PAPER WANTS SUBSTITUTION OF CLUBS FOR FRATERNITIES

That the club system should be substituted for the national fraternity system at Dartmouth is the platform of the "Dartmouth" undergraduate daily at the Hanover institution, which has been advocating reform in the fraternities on the Dartmouth campus. "Dartmouth" says: "We do not think that membership in a national fraternity is doing one any harm, but we do think it is useless and foolish. If the fraternities in this college were to return to their original character, it would make or no actual difference to us. There would still be the same social purposes."

the "Dartmouth" undergraduate daily at the Hanover institution, which has been advocating reform in the fraternities on the Dartmouth campus. "Dartmouth" says: "We do not think that membership in a national fraternity is doing one any harm, but we do think it is useless and foolish. **The Final Experiment in "Smokology"**  
 TAKE a test tube, beaker, bunsen-burner and waste-basket... throw the first three into the last... light a Camel... pull in a cloud of fragrant joy—and note that cool content! Here and now, we'll bet a two-tailed jabberwocky you can't match that for real smoking pleasure! And your quest for the best cigarette is ended.  
 R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

STARS IN LAS  
 Points in  
 Minutes of  
 Winning 21-3  
 College has  
 to defeat 28  
 at the hands of  
 21-28 after 70  
 the Spartans, 1  
 game at 10-14  
 15-14 at the  
 with the score at  
 to favor the Sp  
 of the event  
 points to the  
 remains eight
