

WATER CARNIVAL

Floats depicting well-known characters and episodes from literature and history will float down the Red Cedar Thursday night in all the romantic atmosphere, holes, and other arrangements which go to make up the customary color and glory of the annual water carnival. An unusual display of lighting effects will add immeasurably to the beauty of the drifting pictures which will appear shimmering on the surface of the limpid waters of the river with the many colored rays of the spotlights playing upon them. Special numbers featuring glow clubs, Sereaders, a dancer, acts, orchestra music, and exciting races between rowboats will add variety and life to a program which has usually been a little boring after one has had his fill of rowing.

Even with the disadvantage of the above kind word picture is a description of the carnival this year will surpass previous ones undoubtedly if present indications derived from preparations and arrangements are correct. The senior class is going to unprecedented lengths to make sure that the occasion will be elaborate. It is a tradition that will well repay a spectator, will bring regrets if he is absent.

CONFLICT

When the Roman warrior, Mark Antony, and his lady friend, Cleopatra, in her dimly veiled, floats down the river, there a great chance for two men work, thrusting of spears, and such of the entertainment if they should meet. Jesse James and his boat coming up the river. There is not telling however just how Jesse would react to Cleopatra. Maybe he would and maybe he wouldn't.

FORTUNATE

It's plenty lucky that there isn't a baseball game on the day of the water carnival. Perhaps the affairs can now come off without the customary deluge of wetness which has been such a familiar sight in those events.

RELIEF

We have a plan to submit to the athletic department which will absolutely free us from rainy baseball days next year. The schedule should be completely made out for the term with publicity given it and every indication made that it is authentic. The next spring we will speak in the visiting baseball team and play the game on the day previous to the one scheduled.

MAYBE

The reason for the unusual absence of baseball weather may be an indirect move on the part of the rain gods because we have an assistant manager on the team by the name of Fairweather.

NIGHTGOWNS

It is to be hoped that there will be a few of the good old fashioned nightgowns available on the campus for some of the more effeminate members of the freshman class. Cap Night, it is such a glorious and festive sight to see the generous folds billowing out behind the rowing as he glides to the scene of the battle.

EXCITING

One of the most exciting parts of Cap Night is little commented on publicly ordinarily. That is the sneaking and surreptitious trip across the campus after the light and the exterior covering has been woefully depleted.

CONVENIENT CAMPUS CALENDAR

- Tuesday, June 5—**
 - 7:00—Student Council meeting, council room.
- Wednesday, June 6—**
 - 4:10—Baseball, Home College vs. State, college field.
 - 7:30—Annual Cap Night ceremonies, horse show arena.
- Thursday, June 7—**
 - 8:15—Water carnival, Farm Lane bridge.
- Friday, June 8—**
 - 8:15—Water carnival, final performance.

WATER CARNIVAL WILL PRESENT ELABORATE SCENE ON RED CEDAR

Event to Be Held Thursday and Friday; Cups to Be Awarded.

32 FLOATS ENTER

The annual water carnival, a traditional affair sponsored by the senior class, is to be held on Thursday and Friday, starting at 8:15, which will follow the theme of "Fables of Romantic Figures from History and Folklore" and includes a variety of colorful events which promise to form one of the most elaborate carnivals ever presented.

The event will take place on the Red Cedar river just above Farm Lane bridge. At this point it is planned to construct a large arch under which the floats and rafts will pass during their part of the program. On the south shore extending out over the water a large stage will hold the center of interest while the floats will be set up on the north bank directly opposite. Many colored lights and decorations, costumes, and music will all go to transform the well known campus river into an appropriate setting for folk from the land of story books.

On the platform will be seated the judges and officials, and the king and queen of the carnival who will be the president and vice president of the senior class, Arthur Carls and Catharine Phillips.

Thirty two floats in all, decorated by the various societies and organizations, will assist in carrying out the theme of the float. Each float, decorated in a manner to become the figure of a famous person from the world of history, mythology, and folk lore, will float down the river under the soft lights, past the arch to the stage.

Among the special events for the program are scheduled a gymnasium to be given by a group of gymnasts from Grand Rapids, a rather unusual number entitled "Chinese Life Saving Art" (rowing, canoeing, and sailboating) and a number of the main events.

The water races and other events are in charge of Chuck Mitchell. The events are for both men and mixed doubles. Entry blanks for the events may be obtained at the Union until Wednesday night when the entry lists will close. A 25 cent dollar bonus will be awarded to the winner in each contest and in the case of the doubles events a cup will be awarded to each member of the winning team.

WEAK HITTING DEFEATS STATE

Numerous Errors Also Factor in Notre Dame's 8-0 Victory.

Notre Dame's victory over Michigan State today was a result of numerous errors committed by the Spartans in the final half of the game. The Spartans were out of sync in the final half of the game, and the Notre Dame team featured the Irish with a 8-0 victory.

Coach Ralph Young has announced that all men students are eligible to enter the tryouts for membership in the Sigma Delta Psi national fraternity. The tryouts will be held this week. Those who are interested should see Coach Young in his office for particulars. The chapter to be instituted here will make the 28th in the United States.

Requirements for membership in Sigma Delta Psi include: a student must be a member of one of the fraternities or societies on campus, must be a member of one of the fraternities or societies on campus, must be a member of one of the fraternities or societies on campus.

CAP NIGHT

Signifying the passing of another college year, the departure of another senior class from the campus, the rise of another freshman class to the position of sophomores, the traditional ceremony of Cap Night will be observed Wednesday night with its huge bonfire, its waving columns of pyrotechnic-clad freshmen, and its somberly solemn line of seniors in cap and gown.

The seniors are severing their connection as active members of the student body, leaving the positions of leadership which they have held during the past year. The new officers of the campus will be introduced and officially inducted into office. The traditional banner containing the numerals of all classes since 1908 will go from the hands of the past senior president to the new one.

Once each year, this birthday of a college student body is held. The seniors as a class are, no more, juniors enter their last year of college life, sophomores assume the dignity of juniors, and the freshmen leave their position on the lowest rung of

the ladder to take up the place left vacant by the sophomores. It is the turn of the college year, the occasion which marks the academic age of the student body. A college student, as a college student, lives but four years, a period which, at most, is short. The great fire of Cap Night, serving for as many candles as each class deserves, symbolizes its college age. It is at occasions such as these that we realize how temporary is our connection with the campus, how short a time we are a part of the college. Nevertheless, it is perhaps one of the most important periods in a person's existence. It embraces the time that character is formed, the time in which we either learn or do not learn to think, a time in which we are engaged in crystallizing into real factors those elements upon which our future success or failure will depend.

As a tradition, Cap Night probably one of the oldest and most significant of those which abounds in tradition is an event in which the student should take part, present and participate in the ceremonies, should the freshmen rise to a high level and the seniors pass on to further struggles.

DEBATERS GET GAVELS AS SERVICE AWARDS

Ten students who have been active in debating during the last three years were presented with gavels at the annual banquet of Phi Kappa Phi, honorary forensic fraternity, held Thursday evening at the Union.

The presentation of the gavels was made by H. W. Blake and Joseph Menchender debate coaches. Thelma Estelle '28, was the only debater to receive the gold gavel in recognition of three years' work as a member of the debate squad.

Silver gavels were presented to Smith '28, and Mary '29, for two years in the past year's work on the debate squad. Bronze gavels, are given to: 29; Burton Doyle, 29; Gladys Huteheller, 29; LaVerne Roberts, 29, and Josephine '29.

Thomas Rounkoff, 29, the local chapter, was the banquet speaker. The honorary members of the Phi Kappa Phi chapter are: Peter DeVries, 29, the senior member, and Knablaugh, 29, the junior member.

Finds Right Tobacco for the Tropics

October 6, 1926

Larus & Bro. Co., Richmond, Va., U. S. A.

Gentlemen: Most all well-known tobaccos smoke well in a cold or temperate climate, but very few in a tropical climate. They are mostly too heavy, don't seem to be blended right—at least that is my opinion gained from practical experience.

However, Edgeworth is the same in any climate. Again that is my opinion gained by practical experience. I cannot get the same pleasure out of any brand of tobacco that I can out of Edgeworth, and I have tried many—and paid fancy prices, too. It costs real money to smoke imported tobaccos here; the import duty is very high.

Anyway, we cannot have everything we would like in these countries, so we hold on to all the little pleasures possible. Now you know why I smoke Edgeworth.

Yours respectfully,
R. C. Rigg

CHRYSLER

the car of American Youth

WHAT college boy or girl has not been entraptured by Chrysler's combination of dashing appearance and superlative performance? Run the gamut of motor cars, from low to high, which seek to emulate Chrysler—and still Chrysler runs easily away from them all with all the honors of flashing efficient performance. Fleet and agile—economical and compact—safe and easy to handle—of enduring worth and proved long life—little wonder that the verve and sparkle and stability of incomparable results so thoroughly satisfy the vivacious demands of younger America.

There is no escaping this plain fact—that as motor car manufacturing exists today, anyone who pays as much as, or even many hundreds of dollars more than the price of a Chrysler—whether "52," "62," "72" or Imperial "80"—for another make of car, unmistakably gets less.

Campus Society Holds Final Rounds of Parties

With the term nearing its close the final round of parties were held over the weekend. Kappa Alpha Theta was the only sorority to entertain, for the fraternities holding parties included Delta Sigma Phi, Pi Kappa Phi and Alpha Gamma Rho. The Theta party was held in the Union on Saturday night. Maurice Davies' orchestra played for the dancing while the patrons were Mr. and Mrs. J. M. DeLong and Prof. and Mrs. L. C. Hill. The guests included Mr. and Mrs. Heimbauer and Mr. and Mrs. C. G. Gillo and his Boy Friends played for the Delta Sigma Phi party Saturday evening. The party was held in the Union, which was decorated in green and white, the fraternity colors. The patrons were Prof. and Mrs. A. J. Clark and Mr. and Mrs. Leslie Holcomb.

SOPHOMORES IN CO-ED SWIMMING MEET

Sophomores took high honors in co-ed interclass swimming meet held in the college gym, with freshmen and juniors coming along close second and third. The events scheduled were plunge, breast stroke for form, crawl for form, figure skating, free style speed, relay, diving and stunts. This meet, together with the canoe trip tonight, closes the W. A. A. season.

Results of the meet were as follows: Isabel King, 31, and Ruth Simmons, 28, tied for first in the plunge, Robson Wood, 29, came second, and Mary Lou Lipka, 31, third. Audrey Glenn, 30, made first in breast stroke, Margaret Longmeyer, 28, second, Alice McWood, 28, third, and Evelyn Keyes, 28, fourth. In the crawl, Ruth Simmons, 28, made first, Martin Wood, 29, second, Laura Lyons, 30, third, and Mary Thomas, 31, fourth. Seniors got first in the figure float, sophomores second, with the freshmen and juniors tying for third. Helen Burtell, 29, won the free style beam, Stokes, 31, took second, Margaret Stevens, 31, and Martin Marks, 30, tied for third.

YOUNG TO HOLD FAVORITE FOR SIGMA DELTA PSI

The juniors won the relay with Marian Woodworth, Helen Burtell, and Mattie Rouse swimming, seniors second with Alice McWood, Evelyn Keyes and Ruth Simmons, sophomores third with Laura Lyons, Audrey Glenn and Martin Marks, and freshmen fourth with Margaret Stevens, Myrtle McNamee, and Leanne Stokes. In the 100 yard swim, Helen Burtell, 29, won the free style beam, Stokes, 31, took second, Margaret Stevens, 31, and Martin Marks, 30, tied for third.

Substitutions: A candidate who has won the varsity letter in any sport may substitute this letter for any requirement in Sigma Delta Psi except swimming. A substitution may be made but once for one sport. For example, the candidate may substitute the football award but once, even though he plays on the varsity team three years. The privilege of substituting varsity letters is limited to three official varsity sports.

Burrell, 29, second, and Lois Riddell, 30, third. For the stunt rope, freshmen, seniors, and juniors won places in the order named.

DELICATE CO-ED EASILY CRASHES PONDORON'S OAK DOOR

(Continued from page 1) have presented itself as its vulnerable spot. We would have kicked it in. But not so our white-gowned, gold-haired lady. She was an able match for that door. No hunting for vulnerable spots for her. No. As she closed the door, she merely pulled a little under things usual, and the door hung some hinges, neatly split through the best part of the wood from top to bottom. Our lady surveyed her triumph. She hadn't meant to do it. A little crack, perhaps, but not wholesale wrecking.

She saw us, advancing upon her. We wanted her name. The woman was superb. We must have been too menacing in our eagerness, however, for the delicate vision turned and fled, leaving her identity

The door was mended Saturday by workmen who were puzzled to understand why, or anything as inconceivable as a woman should fall upon it, evidently with axes.

RECAPITULATION

With the last regular classes for the academic year ending today, this number of the Michigan State News is the final one to be issued until the first week of school next fall.

The present staff of the paper is ending its first term of publishing the paper. During this period many things have been attempted, new methods tried out, some adopted, others eliminated. Primarily we have tried to give the student body of Michigan State all the news of the campus, express our sincere opinions, uncolored by prejudice, of events occurring. Great effort has been expended in making the paper financially stable and independent from debt.

Many difficulties have been encountered, problems presented. Some have been met and

solved, others remain to face us next fall. The business staff has materially improved the circulation system as those living in private homes in East Lansing will know. These subscribers have received their paper on the day of publishing instead of one or two days later. This department of the paper has also demonstrated their ability in maintaining the publication on a sound financial foundation, which condition will be absolutely necessary with the cut in subscription fee to be faced next fall.

Criticisms have been prevalent regarding the amount of advertising in our columns. This has been unavoidable. Some issues run short and the deficit has to be made up in following numbers. Few students realize the size of the business end of a paper. Every week expenses running from \$250 to \$300 have to be met, a monthly cost of over \$1,000.

The editorial staff has been proficient in providing some 10,000 words of news material twice weekly, arranging and preparing it for the press. Every issue has been out on time. Occasionally there have been achievements, outstanding in our mind being the announcement of the new president, which was written, set up, printed, and on the streets twenty minutes after the word was issued.

Numerous complex situations have arisen during the past term which we believed should have attention in our editorial column. Often it has been dif-

icult to determine the attitude to be adopted. Suing comment has been on as accurate information was obtainable and or the best interests of the student body and the college.

FRESHMEN HAVE AND GOWN

theatres of the city. This we suggest. The attire of the students certainly all of the new students seemed to be favorably received. The general public is to witness the services from the balconies. Invocation is to be given by Mrs. Olive Johnson Hendel.

The commencement address is to be delivered by Dr. Eugene Davenport, an alumnus of this college with the class of '78, now dean and professor emeritus of agriculture at the University of

COMMENCEMENT ACTIVITIES TO END ON JUNE 18

(Continued from page 1)

with a number by the college orchestra, followed by invocation by Rev. Robert O. Pratt. Dr. Emerson will talk on "Faring Forth." As has been the custom the seniors will march in a body to the church in their caps and gowns.

For the 70th annual commencement ceremonies, Monday, June 18, the seniors, speaker, members of the faculty, those to receive advanced degrees, and the state board will gather in front of the gymnasium at 9:45. Forming in line behind the band, the procession will make its way to the demonstration hall, where ashers will seat them.

The dignitaries will be seated on the platform, while those receiving degrees will be placed immediately in front, with invited guests seated behind and on both sides. The general public is to witness the services from the balconies. Invocation is to be given by Dr. N. A. McCune, after which several musical numbers will be given by Mrs. Olive Johnson Hendel.

The commencement address is to be delivered by Dr. Eugene Davenport, an alumnus of this college with the class of '78, now dean and professor emeritus of agriculture at the University of

EXPECT LARGE CROWDS TO ATTEND ALUMNI DAY

(Continued from page 1)

noon or shortly after. L. I. Fridmold, 17, Blake Miller, 16, and Luther Baker, 20, comprise the committee for this event.

Edna V. Smith, 33, and Mrs. L. C. Plant, 28, will have charge of the only show to take place in the university school of the Home Economics building. There will be no weighing or measuring, but the judges will decide which one and which girl in each of the three groups is the finest.

The hours from 12 until 2 will be taken up with class reunion dinners in the Union building. Following the

dinners, the assemblage will go outside the building, where class and group pictures will be taken.

At 3 o'clock former students and friends of Dr. T. C. Abbott will unveil a memorial tablet on his grave in Mount Hope cemetery. Charles Garfield, 70, is chairman for this act of commemoration.

The baseball game at 3 o'clock with the University of Michigan will be followed by the annual sunset supper at 5:45 in Demonstration hall. Jason Hammond, '26, general chairman for Alumni day activities, will be in charge.

The president's reception and alumni dance in the ballroom of the Union building will complete the day's festivities. Miss Elida Yakeley heads the faculty committee.

Returns to His Favorite Tobacco
Boerne, Texas
Oct. 14, 1926

Larus & Bro. Co.
Richmond, Va.
Dear Sirs:
I am a prodigal son. I began pipe-smoking with Edgeworth. But after a while I began to wander, trying other tobaccos, experimenting to see if there were any better tobacco for the pipe. I have tried most of the best known brands and a number of the more obscure, both imported and domestic, but they didn't suit. So now I have returned Edgeworth again, as a better tobacco than any other.

Some call it mellowness . . .

SOME say that Camel is the mellowest cigarette ever made. Some that it's mild and smooth. It's really all good things in one, and that is why it is supreme upon the pinnacle of modern favor. Camel's popularity today is the largest that any cigarette ever had.

that money can buy, and a blending that spares neither time nor expense. Each Camel cigarette is as full of value as the world of tobacco can give.

You can be sure of smoking pleasure, serene and full, in these quality cigarettes. Smoke all of them you want; they simply never tire the taste.

And, it costs something to make this kind of a smoke. It costs the choicest tobaccos

Numerous Parties and Traditions Occupy Campus During Final Week

The final whirl of activities has enveloped the campus. The Cap Night ceremonies followed by an all-college dance at the Union on Wednesday night was attended by a large number.

The Union Literary society is to hold their spring party tonight at the Union. The Hesperians will be the guests for the party while the patron will be Capt. and Mrs. J. H. Hinwood.

MU ETA OMICRON TAKES IN TWELVE MEMBERS

Twelve members were pledged at the first banquet of Mu Eta Omicron, new honorary women's music society, last Tuesday night. Formal installation will take place Sunday.

The list to compose the first roll of the society are: Kathryn E. Fisher, Sabine Henderson, Nellie Walker, Mary Louise Gable, Helena Close, Mary Stuart Lewis Posthumus, Clara Williams, Mrs. Whittemore, Elizabeth Smith, Rosemary Fletcher, Dorothy Hillman, Mrs. Flynn will be the honorary member.

Officers chosen were: president, Kathryn E. Fisher; vice-president, Sabine Henderson; treasurer, Nellie Walker; secretary, Mary Louise Gable; historian and reporter, Clara Williams.

As the next event on the program, Coach Ralph H. Young, head of the college athletic department presented himself to those varsity men who are graduating this year.

SIGMA XI INITIATES GRADUATE STUDENTS

Sigma XI honorary science fraternity held formal initiation ceremony on May 25 in the graduate study room of the library for several graduate students.

Sigma XI was established on this campus last year and corresponds to Phi Beta Kappa, organized at Cornell university in 1880. It now has 20 chapters.

Sigma XI sponsors an annual lecture bearing on scientific subjects. Following is the list of members:

Albert Martin Alderman, parasitology; Howard Gardner, horticulture; Harry A. Elcock, botany; Marion Louis East, mechanical engineering; John Oliver Handley, chemistry; Alvin E. Hook, chemistry; Charles L. Isbell, horticulture; Martin Beattie Kenyon, chemistry; Julia King, mathematics; Henry Jacob Kurta, electrical engineering; Philip G. Larnier, botany; Donald E. Mook, dairy husbandry; Howard Allen Preston, civil engineering; Ramon L. Quinn, bacteriology; Walter Daniel Rossow, chemistry; Elms M. Sablach, electrical engineering; Benjamin G. MAY BROS. The Hat Store of the Town. 235 S. Washington Ave. SATURDAY NIGHT. Max Harryman Shoe Co. LANSING, MICH.

COPY OF BEETHOVEN MANUSCRIPT RECEIVED

A facsimile copy of the original manuscript of Beethoven's Sonata Opus 57, has been received by the music department as gift of the Beethoven Association of America.

The original of the sonata belongs to the library of the Paris Conservatory of Music, and was sold in 1880 by a Monsieur Baillet to whom Beethoven had given the manuscript. The letter of the Baillet, explaining the circumstances, is being preserved in the music department.

We deeply regret that the time has come to say farewell to the class of 1928. Our best wishes go with them that they may carry through the future years inspiration found here, that they will merit themselves hereafter as creditably as during the past four years, and make a name for themselves which will cause students of the coming years to look to them with pride.

CARNIVAL

With the wishes of bad weather of the committee in charge, untroubled the Water Carnival proceeded through an unusually elaborate program last night to an unqualified success. Lights, setting, music, contests, acts, and a large number of floats were all there as promised. Although that part of the program preceding the procession of floats was a little long, the parades of the history and folk lore more than made up for it.

LION TRAINERS

As a part of a water carnival program, the representatives of the circus was a real good lion trainer. It struck us forcibly that this was a shame, the lion of the story was neither hungry nor aggravated, as the talk continued.

CAP NIGHT

It is pleasing that Cap Night tradition was upheld and not allowed to be abandoned because of the rain. Although it was necessary to hold the program inside, thereby losing some of the customary settings of former years, the program was successful. We notice that our today's feature story of the event refers to the track suits that the freshmen wore into the gym. It should be stated that those were not track suits.

RESPITE

And so we come to the end of the column and respite from comment, good and bad, until three months of days and hours shall have been eliminated from the calendar. No more will we rack our brain for wise cracks and wry thoughts till September rolls around. Then with fresh energy we will take up the cudgel to seek redress for the insults of the summer and give more hope on how to run the school in Revolt.

CONVENIENT CAMPUS CALENDAR

- Friday, June 8—8:00 p. m. Water Carnival, Red Cedar river. Saturday, June 9—9:00 p. m. Annual State News banquet, dining room Peoples church. Monday, June 11—8:00 p. m. SEND 6 TRACKMEN TO N. C. A. A. MEET

State Thinclands Will Run Against the Stiffest Competition in America.

Six Spartan track men left for Chicago yesterday afternoon to compete in the National collegiate Athletic association track and field meet today and tomorrow. They will meet some of the stiffest competition that they have encountered this season. The list of athletes who will be chosen to represent Michigan at the National Intercollegiate conference A. A. meet at Evanston, Ill. this week are: A. J. fact, runner and individual from across the country will participate. The meet has been designated as the bi-annual meet for the United States Olympic team.

Captain Henry Wylie, who will represent under State's colors for the first time, and Loren Brown are probably the most certain winners of places.

WOLVERINE WILL BE DELIVERED IN UNION

The Wolverine will be delivered at the main lobby of the Union as it was last year. All students who entered State in the fall may obtain their own and their names will be checked off from a prepared list. But it will be of the greatest importance that all students who entered either in the winter or the spring terms will be required to show a receipt, or a note, indicating that they have passed their own. Those who find they will need a note can obtain the same from Miss Yakeley or the treasurer of the college. It is expected that the Wolverine will be ready by Tuesday. However special notes or bulletins will be posted with definite information regarding the with definite information regarding the information we can obtain it is now only a matter of how fast the binding process will take before the books will be ready for delivery.

HENSON CHOSEN AS 1929 TRACK CAPTAIN

According to announcements made yesterday, Lyle Henson, one of the star members of the Michigan State track team, has been chosen to lead the 1929 State track squad. Henson is finishing his second successful season on the track team. Last year he was a member of the speed relay team which placed in the 100 and 200 yard dashes.

Freshmen Have Their Cap Night and Night Gowns Despite Rain

It rained again on Cap Night, but that it always rains. Freshmen scheduled to gather, good, we think, must have prayed for the delay. Early in the morning it started a drizzle that left nothing dry and gave nothing a chance to become so, and it continued all day. But our wily strategists fool ed Fate. There being no sign of the sun at mid-afternoon, oil and sawdust were procured, and a huge bonfire was burning, as scheduled, at seven thirty. Freshmen and seniors, both in gowns which, however, varied somewhat as to color and color, pranced about the fire-tossing night heartily into it, respectively their pots and their books. The freshmen were a wild and fearless sight at the beginning of the celebration, clad as they were in pajamas and night gowns, but when the bonfire ceremony and the snake dance were over, their attire was even more informal. Some of them, intent on the dance to follow, went home and dressed.

SWARTZ CREEK BAND TO END BUSY SEASON

Clown Band to Terminate Long List of Appearances; Converse Chosen Leader.

Swartz Creek band, which has become well known about the campus this year through its many appearances, will bring its season to an end when it commences some 250 men representing the officials of the Ohio Motor Works on a week-end trip at the close of today.

During the past year the clown band entertained with a program of pep and entertainment at all of the home basketball games and also made the trip to Detroit with the team. They played before the local bands with the Arcelorator club of the Ross, the North End Merchants club, the State Convention of Food Products, at the Ohio Hotel, the Kips, M. C. night at the Ross, and at many other meetings and activities of both the local business men and the college.

The Swartz Creek band has developed to such an extent that it is a generally accepted organization. The band director of Lansing, the present year's boss player, as director for the coming year.

Forest Richert, director, and Willard Stoeney, clarinet player, will be the only members who will not be back with the band next year.

Freshmen Have Their Cap Night and Night Gowns Despite Rain

It rained again on Cap Night, but that it always rains. Freshmen scheduled to gather, good, we think, must have prayed for the delay. Early in the morning it started a drizzle that left nothing dry and gave nothing a chance to become so, and it continued all day. But our wily strategists fool ed Fate. There being no sign of the sun at mid-afternoon, oil and sawdust were procured, and a huge bonfire was burning, as scheduled, at seven thirty. Freshmen and seniors, both in gowns which, however, varied somewhat as to color and color, pranced about the fire-tossing night heartily into it, respectively their pots and their books. The freshmen were a wild and fearless sight at the beginning of the celebration, clad as they were in pajamas and night gowns, but when the bonfire ceremony and the snake dance were over, their attire was even more informal. Some of them, intent on the dance to follow, went home and dressed.

Athletic events have been postponed in variety and freshmen track, varsity and freshmen tennis, and freshmen basketball. The varsity awards have not as yet been made in the latter sport.

The student procession, dotted with many hand holding lights, will start through the campus streets, passing through the botanical gardens and finishing at the gym.

At this point the main part of the program will take place. Lanterns of various designs, some in the shape of the student societies, some carried by the seniors, will be going to the sophomore and the freshmen societies. Those of the second-year will march out as the under classes sing the departing song.

COLLEGE BAND HOLDS ITS ANNUAL BANQUET

Presentation of Awards to Old Members Is Feature of Program.

The State band held its annual banquet in the dining building Tuesday evening. Bill Garsney, the president of the band, acted as toastmaster for the evening and introduced the speaker in a short program. This was followed by the banquet. Prof. A. J. Clark, former director of the band and secretary, H. H. Halladay were guests of the band for the evening.

GREEN SPLASH HOLDS INITIATION FOR MEMBERS

Green splash honorary swimming society for the season held informal initiation Thursday evening following the inter-class swimming meet at which twelve new girls were taken into membership.

The initiates are: Miss Mildred Courtenay, Detroit; Miss Audrey Glenn, West Branch; Miss Dorothy Hadden, Mifflord; Miss Isabelle King, Chaska; Miss Frances Lamb, Pittsburgh; Miss Mary Lou Lipko, Birmingham; Miss Jeanne Hiett, Miss Esther Hall, Miss Margaret Stevens, Miss Mary Thomas, and Miss Roberta Wood, all of Lansing.

CHOOSE LIST OF GIRLS FOR MERRILL-PALMER SCHOOL

The following girls have been chosen by the home economics faculty to represent Michigan State at Merrill Palmer school in Detroit next year: Marie Hostenain, Mary Helgeson, Emma Holmes, Elvira Kinnz, Eunice Winnis, Beatrice Comstock, Florence Cavioles, Gladys Morse, Dorothy Thadde, Margie Thompson, Thera Austin, and Dorothy Colburn.

KISMET TICKETS

Tickets for the annual senior play "Kismet" will be on sale at the desk of the Union and at the book store from now until the evening of presentation.

At the Union

The Union is your Union and it rests upon you to keep it going. Use the Union; it will be of service to you. Bring your friends here, have your meetings here. If you meet someone on the campus, tell them you will meet at the Union. Make it a fellowship and social center of your college. Be sure to wear your Union pin home this summer! The Union can be of great service to you if you will use it. Buy coupon books and get all your necessities at an 8% discount. Make use of the lending library, the barber shop, the beauty shop, the cafeteria, the soda fountain and light lunch counter, the billiard room, the ballroom, the main desk and the lobby. You will find all very enjoyable.
