LOWEST PAID FEE IN THE UNITED STATES

Men can discuss state affairs.

Building Hours

The Union Member Building is open at 7 o'clock and closes at 10 o'clock except Friday and Saturday nights when it is open until midnight and on Sunday morning when it opens at 8 o'clock. For special events it is open later than these hours. All of the time it is open there is a man on duty at the desk. All telephone calls are received at the desks and switched to the department wanted.

For football days and other special events it is well to make your reservations for special dinners early although every effort will be made by the management to handle the crowds as they come.

USE THE UNION

Lending Library Increases

The Union lending library has been increased by several new volumes and has at present about three hundred of the nation's best sellers. The men at the main desk are always looking for opinions with respect to new books to be ordered, so if you have a book you wish to read tell them to order it for the library.

The list now includes fiction, biography, poetry and travel with some popular science and philosophy. The Union is a charter member of the Literary Guild of America and through this source receives the best books each month. As the books are paid for and the receipts from the library reach a point where it is possible a free library will be established. There is a room on the third floor which will be used to house the library and reading room as soon as funds are available.

Some of the new books at the desk are: "Adventures of an African Slave," "Death Ideal," "Without Reason," "General Crack," "Seven Sons," "All Kneeling," "The Devil's Best," "Naked Truth," "Bonnie Murder Case," "Kinks," "Pigsties with Spines," "Strange Interlude," and "François Villon."

WEAR YOUR UNION PIN

Football Captain Runs Billiards

Jack Thornbeck, football captain, runs affairs in the billiard room. He is assisted by several others who make athletic history on the campus, and gained experience last year taking care of the tables. All of the equipment has been made ready for the most exacting followers of the ivories.

During the winter term the annual billiard and pool tournament will attract in score or more entries. This year there will be no tries. This year there will be no tries except Union members allowed to enter. During the past the tournament has been open, but some of the outside talent has been a little strong. This time there will be plenty of opportunity for those who believe themselves qualified.

If the demand continues at least one evening each week will be reserved for the events, although they have the same privileges as men and can use the tables any time they wish.

BUY COUPON BOOKS

School Supplies at Lowest Rates

Practically all of your classroom necessities and many of those not needed for the classroom await you at the main desk. In the purchase of note books and fountain pens you can find no better selection than is on exhibition there and no other place will fit your needs with being ignorant of satisfaction or at a lower price.

All of the best of the standard varieties of fountain pens, house fast pens, books, pencils, ink, erasers and general supplies are kept in stock. These are supplemented by other supplies and equipment which you will find are of the best grade throughout. The main desk also carries a complete stock of magazines, newspapers, cigars, cigarettes, candies and its stock of pipes is not exceeded for variety of quality.

In addition to these class room supplies the Union sells second hand text books offered by former students; most of the books being used now can be purchased at a great saving at the main desk.

Printing and developing on a twenty four hour service is done by the best workers and your film may be left at the desk with the certainty that they will receive the best attention. A full stock of films and camera pictures including those of the football players is also available there.

USE THE UNION

Wear Your Union Emblem

Every student of the College is a member of the Union and the Union looks to every member to use and help his college club start on its feet.

Without the support of every member the Union can not long endure. Wear your Union Pin. The pin is the only membership to the Union and should be worn at all times. Wear it home and show the world that you are a student of Michigan State College through your Union Pin.

You can gain admission to Union parties and all Union functions only by your pin.

The Union is a non-profit sharing corporation chartered by the state legally such businesses as it may elect in the interest of its membership. As an organization it can make a profit but this profit cannot be distributed. Thus far the profound commercial operations have served to keep the student fee at the lowest amount of any in the United States. General use of the building by all students would eventually result in the elimination of the fee and the life membership fund would provide an endowment for the upkeep and broader operation of the building. You are a member of the Union. Its interests are yours in so far as you make them so.

USE THE UNION

Use the Union Beauty Parlor

Cosmetics will find the beauty parlor near the west entrance. It is modernly equipped, has been recently redecorated and continues to offer the best of personal services together with a choice selection of the necessary aids in keeping personal charms at their height. You can make appointments by calling 2-3211 or 2-3824 and asking for the beauty parlor or by stopping at the shop while you are in the building.

The beauty parlor and Women's Lounge are generally set aside for women only. The men are less fortunate. While they can share other departments with the co-eds there are none from which the fair sex is barred. The barbershop is ready to handle all the hair cutting and the billiard room is open to men and women alike.

Private Dining Room

There is a small dining room available on the second floor for private dinners or reservation can be made for tables in the main dining room on the second floor. Service will be given in accordance with the amount you wish to pay. When a room is reserved a certain number must be guaranteed. When regular service is desired in the dining room for a party not requiring all of the tables but large enough to affect the number normally using the room it should be arranged in advance, but no guarantee is required unless special service is desired.

Or can enjoy leisure.

All students pay a fee of \$1.50 a term during the College year and \$1.00 when in attendance at summer school. The payment of this fee entitles the student to certain privileges which are denied to those who do not pay the fee. There is also a provision for life membership which costs alumni \$100 and those who are now enrolled a total of \$75. This latter class of membership is an endowment provision for the Union. In the course of ten or more years the endowment should be sufficient to defray construction expenses and reduce the present fee. It is figured so that the interest on the amount an individual pays into the Union for a life membership will approximately equal the yearly fee paid by the student.

The question is always raised as to what the students derives from payment of his fee. The answer is that the Union would be impossible without such a fee and that the Michigan State Union charges the lowest fee levied by any Union in the United States offering comparable facilities. In addition the Union offers its membership the discount privilege through the use of coupon books which no other Union offers. Through this plan the student, using four books per term will have received in discounts all of the money he paid in fees to the Union.

The building is open to anyone who wishes to use it, but only members can purchase with coupons. These are accepted as cash in any department in the building for any service or supplies except postage stamps and used text books. In the former case there is no wholesale price and in the latter the transaction is handled for the student owning the books at a rate which does not pay the cost of the transaction.

Co-eds Can Argue

Union Parties

Union parties and smokers are conducted by the activities committee. Parties are held according to the program prepared by the committee as often as there seems to be a demand. The committee sets the price to be charged for such affairs and arranges all details including the selection of orchestras.

BUY COUPON BOOKS

Women's Lounge Popular Among Co-eds
The women's lounge across from the cafeteria is becoming a very popular place among the co-eds. This is one of the most delightful rooms in the building and has been furnished though the generosity of the alumnae of the college. It is available for use particularly by the women, or for men as well when they are invited, and for meetings of women's organizations.

The hobby is somewhat better equipped than last year. Smoking stands are placed in various places and the windows have been finished as the original plans call for. Drapes will be purchased and placed at these windows in the near future.

Many co-ed organizations use the women's lounge for a meeting place and the Union is hoping that every girl will visit and use the lounge.

Dining Room Redecorated

One of the most pleasant departments in the building undertakes to provide meals for the members of the Union. This is the new dining room on the second floor. Here you will find an unique service designed to meet the needs of students in entertaining their relatives and friends and their own pleasure when they want a change from the regular boarding club or cafeteria style service. Luncheon and dinner are served daily in the dining room and the hours are slightly different than those for the cafeteria so that the period over which meals are served in the building is extended a full hour each day. New decorations have added greatly to the attractiveness of the dining room and a selection of first class records insure good music for the diners.

Or take nourishment at the Union

WEAR YOUR UNION PIN

Union Center for College Life

The Union is a traditional meeting place for all campus organizations a building where faculty and students may get together and discuss things that do not arise in the classroom. All the students of M. S. C. should bring their friends and parents to the Union to see the real college life and student atmosphere.

The former students of this college have given all in their power to place the Union where it is. The building five years ago was a dream and the Union was housed in Number 3, Faculty Row. The only activities entered into at that time were dinner parties held in the gymnasium. Money was raised by popular subscription and in October, 1923, the building was started. The students were formed in groups of two fraternities, one independent group and one society, each four hours, to dig the excavation.

It was thought that 4,000 students could not excavate for such a building, but, however, the Union was destined to be and 1,500 students did the work in five days.

Such were the efforts of those that have gone before us, they have given us a building which we may use as a great meeting place. The way in which we can show our appreciation for such efforts is to use the Union at all times.

The Union now houses a beauty parlor, a barber shop, a cafeteria, dining room, lunch room, soda fountain, billiard room, hotel rooms and a cigar and smoke shop.

Before and after games the Union offers a wonderful place to meet congenial and amateur of the college. The cafeteria and dining room offer attractive and pleasant places to eat and you may get it all at an 8 per cent discount with your coupon book.

Coupon Books

As a member of the Union you are entitled to a discount of 8 per cent on all purchases made in the building. You obtain this discount by the purchase of coupon books which cost you \$4.60 for a \$5.00 book. Using four books each term will refund your entire Union fee and you will have all of the special services offered by the Union without cost.

USE THE UNION

Complete Pipe Display at Union

The Union maintains a complete pipe stock and this year along with higher priced pipes we are offering pipes at a very reasonable sum that cost \$1.00 and \$1.50.

During football games this fall the thing to smoke is a pipe and the place to get it is the Union. We will pipe of all makes and prices and may be purchased at an 8 per cent discount by all Union members by paying for them with coupons.

Smoke a pipe at the games this fall. Come and see a real pipe stock along with a very complete line of fountain pens.

WEAR YOUR UNION PIN

Ballroom Dates Listed at Desk

If your organization is planning a dance for the fall term the Union ballroom should be reserved early in the term for there will be an all day free list of Union functions. Before the term closes for the holidays, Phyllis Ogle, 229, chairman of the activities committee, has been working on a program to include anything that has been offered in the past. She is assisted by Morris Baxter, 30, V. B. Anders, 29, Adeline Kidder, 31, Helen Marple, 30, and Bernice Crittenden, 30.

Also at the main desk you can register for committee and group meetings. There will be this year special places for various meetings which were not available last year. On the third floor there are two desirable places not previously in use and the Women's Lounge will serve for gatherings of clubs. Last year there were as many as nine meetings being held at one time in the building. This will show the necessity for registering ahead of the date of your meeting.

WEAR YOUR UNION PIN

Soda Bar Offers Light Lunches

The soda fountain and lunch room is becoming more popular every year. Here you may order sandwiches and drinks and have a spacious, cool and pleasant place to eat. If you are not hungry enough to eat a regular meal step into the soda fountain and get a lunch. With the sandwiches made of the Union home made bread, there are none finer.

Several special sandwiches and salads are offered at different times that are very pleasing. This year the girls in the Women's Building and Abbott Hall will have an opportunity to phone in orders for sandwiches and drinks and sandwiches at 8:00 p.m. each day and they will be delivered to the dormitory offices at 10:00 p.m. Special menu cards are being placed in the above places for your convenience. No advance in price for this service.

Employment

Employment at the Union is offered to students when their schedules will permit them to work when they are needed. It is offered to the individual so long as he performs his duties satisfactorily and so long as he can keep up his scholastic work as well as that for the Union. Continuous employment depends upon promptness, application to the job and the interests displayed in the work. The Union's student payroll amounts to about \$1.00 per month.

Or shave with the barber.

Social Events Fill Campus Activities As School Begins

With the incoming of a large group of freshmen, the social activities of the campus swing into step. The freshmen girls had hardly finished classifying when they were invited to attend the W. S. G. A. tea at the Woman's building. Mrs. H. H. Halliday presided at the tea table while the new girls had a lovely time getting acquainted.

As a rel of from attending drill lectures and placement exams, the entire freshman class came out to the "mixer" held at the Peoples church on Thursday night. The Union ballroom was packed Friday evening for the reception planned in their honor. Dancing furnished the entertainment. With Wally Bennett's orchestra playing, while many upper classmen mingled with the freshmen, greeting old friends.

The Y. W. C. A. also entertained for the new girls during the week by holding a party at the Peoples church. On Saturday afternoon the H. E. club sponsored a tea dance at the Union. An unusual feature at this party was the girls' orchestra from the Woman's building which played for the dance. The members of the orchestra include Dorothy Green, piano; Rita Sestrich, violin; Theresa Seelye, saxophone; Louise Haydon, drums; and Alberta Cribbs, banjo. Still another party, the last one of Freshman week, was fostered by the Grange at the old Army and Navy Saturday night.

The arrival of upperclassmen the first of the week started the rushing season. The societies have been hosts and hostesses to many parties this week, while rushing will continue into next week.

The Sigma Kappas were hostesses on Wednesday evening at an informal dinner party given in honor of the new dean of women, Miss Conrad. The color scheme for the dinner was green and orange.

The College Mixer on Thursday evening was the first general college party.

Lansing students can obtain their copy of the Michigan State News at the Union desk.

**TICKET RULES
TO BE ENFORCED**

Rules governing the use of student athletic books and the purchase and disposal of tickets obtained through the exchange of coupons will be strictly enforced this year, according to L. E. Frimodig, assistant-director of athletics and ticket dispenser of Michigan State college.

Wholesale disregard on the part of students and members of the college staff in the use of student athletic books is given as the reason for the future "no tampering" attitude to be employed by athletic department officials.

The conditions under which student athletic books are sold to students and members of the college staff, says Assistant Director Frimodig, are plainly stated on the back cover of each book. In the first place, books are not transferable and can be used only by the purchaser. Coupons from student athletic books can be exchanged for football tickets only by the purchaser of the student athletic book. Such tickets are not transferable; neither can they be sold to outsiders or other students. People who purchase such tickets do so at their own risk and run the chance of having the tickets confiscated at the gate.

The athletic department has a record of every ticket sold for each game. At a glance, it is possible to tell to whom each seat has been sold and whether it was purchased with cash or with a student coupon. Careful check at the gates and in the stands has revealed that the privileges of student athletic books have been flagrantly violated. In the future, the rules governing their use will be strictly enforced.

line different combinations. The line as well as the backfield were tried out. Line Coaches "Gob" Wilson and Vandervoort took charge of the instructing of linemen and the second scheduled scrimmage of the season, which was held Tuesday afternoon of this week against the best of the freshman squad, resulted in better line play. Coaches Kipke and Casper, backfield mentors likewise improved the backfield, which was instrumental in bringing the 32-2 defeat onto the heads of the visiting squad in Tuesday night's practice.

The remainder of the week has been used in polishing up the working of plays and correcting faults found in the Tuesday practice session. Considerable time has also been spent in attempting to find a kicker to take the place of Capt. Paul Smith of the 1925 eleven. Several men have been tried out and the best of those seem to be George Nordberg, Carl Deine, and Rolf

the world

That's the record of one Fish Brand "Varsity" Stocker owned by a University of Pennsylvania man. They're built just as Fish Brand Stockers have been built since 1863 years to score a record.

Their leather athletic stockings look just as good as ever. The "Varsity" model is long enough to protect your legs and is full lined. It has a wide right side edge or trim. Other styles, socks or garters. Black or tan or brown. Sizes 6 to 12.

Get into the nearest store and put a small fraction of this month's allowance into genuine Fish Brand Stockers. "The Party Day" Fall. The best investment you'll make all year. A. J. Tamm Company, Boston, Mass.

How Gold
Prospector
"Went Scotch"

Minneapolis, Minn.
April 30, 1928

Larus & Bro. Co.
Richmond, Va.
Dear Sirs:

Two years ago last winter I went into the Red Lake gold fields in Canada. It was a tough trail from Hudson, over 140 miles of snow and ice. There were fourteen of us on the trail going in and frequently at night when seated around a big camp fire, some one would ask me for a pipeful of tobacco. These Canadian boys sure live on Edgeworth.

In four weeks time I ran out of Edgeworth. I was glad to get most any old tobacco.

One day, however, I dropped in at Dad Brooks' tent, a two-year-old prospector, and seeing a can of Edgeworth on an improvement table, asked him if he had any. I picked up the can, saying, "Dad, I'm all out of tobacco. How's charges for a pipeful?" "Help yourself," he said. So pulling my heavy duty pipe from my pocket, I lit up with Edgeworth, and got the last bit of a draw.

I excused myself for a moment, and stepped outside to remove about three pipefuls to put in my pouch. Dad stepped out, saying, "You're worse than any Scotty man I ever saw." Then I confessed. I told him what happened to my Edgeworth, that I was fast dying for a smoke, and he understood right away. He said, "Boy, Edgeworth is mighty scarce in these parts, but I reckon I can spare what's left of that can. Help yourself."

You can just bet your last nickel that I guarded that Edgeworth with extreme care until I got back to the steel.

Yours very truly,

C. M. Bahr
