MEN'S LOAN FUND FORMED BY HONORARIES

Co-ed Organizations Sign Bill to Establish Fund for Women.

REPORTED BY DONATIONS

Efforts to Make Annual Contributions to Create Principal for New Fund.

Standing organizations of women which recently determined to form a loan fund for worthy women, definitely realized their intention last week when nine societies signed a bill to establish the College Men's Loan Fund.

The principle of this fund is to be maintained by voluntary annual contributions from these organizations. Such contributions shall not be less than \$5 and shall be paid to the treasurer at the beginning of every spring term.

Signatures which through their respective societies agreed to sponsor the fund are: Sphinx society, Helen Mack association, Hattie Luoma association, Mr. E. J. Atkinson, Kathryn Johnson, Phi Sigma Chi, Altona association, Arionon Nu, Elizabeth VanDerBurg, president, Home Economics, Elizabeth VanDerBurg, president, Associated Women Students, Associated Kitchener Women, Pan Hellenic association, Frances D. Doran, and Women's Athletic association.

Shirley Moyer, president, regarding to the fund statement should be delivered according to following rules:

Applications for loans from this fund shall be made on application blank which shall be filed with a committee.

This committee shall consist of Miss Lovell and the president of the organization. Her place shall be filled by a woman not a student of the college.

The committee shall have the right to ask for personal interviews with applicants if it deems necessary. The treasurer of the fund will issue receipts for all monies received.

For the present, interest on loans shall be made on application blank which shall be filed with a committee.

6. No interest shall be charged for loans.

7. This fund shall be accessible to woman student of Michigan State College.

8. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

9. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

10. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

11. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

12. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

13. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

14. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

15. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

16. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

17. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

18. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

19. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

20. The committee shall have the right to ask for personal interviews with applicants if it deems necessary.

NEW Y. W. C. A. OFFICERS NAMED FOR NEXT YEAR

At a recent meeting of the Y. W. C. A. the following nominations were made for next year's officers: President, Phyllis Shasberger and Janet Trachsel; vice-president, Dorothy Peterson and Ruth Fitcher; treasurer, Helen Shasberger and Elsa Howard.

There will be a vespers service at four o'clock on March 1 in Peoples church. Mrs. McCune will read some plays. Everyone is urged to attend.

The national Y. W. C. A. convention is to be in Detroit, April 25 to May 1.

ALL-AG BANQUET SET FOR TONIGHT

Interesting Program Arranged for Annual Event to be Staged in Union Building.

With almost 200 tickets sold and program arrangements completed, the All-AG banquet at the Union at 6 o'clock tonight promises to set a new record for such affairs.

Contrary to custom the banquet will not be followed by a series of speeches, but instead will be decidedly informal and interesting. The only address of the evening will be a short speech by N. P. Hill of Lansing. Mr. Hill is an ex-student and at present is president of the Michigan milk producers' association and a director of the Capital National bank. He will deal briefly with the co-operative movement of Michigan.

Each of the ten agricultural departments. (Continued on page 2)

ADDITIONS MADE TO M. S. C. STAFF

State Board Appoints Many New Members at Meeting Friday.

Among those who will join the staff of Michigan State college as the result of action by the state board of agriculture at its meeting here Friday is Dr. B. J. Killiam, an authority on animal pathology and now an expert on the staff of the state department of agriculture.

Dr. Killiam was appointed extension specialist in animal pathology. He is to assume his new duties as soon as released from his present post.

Glenn E. Judge, Carberry, assistant football coach during the 1929 season, was named assistant to Coach James Crowley by the board at its Friday gathering. Carberry was granted a two-year contract with an increase in salary.

Other appointments announced by the college governing group are: Dr. E. M. Pridgen as temporary research assistant in economic entomology; Franklin Sherman as research assistant in entomology; Elbert Wrenner as county 4-H club agent in Ingham county.

C. W. Anderson as county agricultural agent in Monroe county; Walter Tompkins as superintendent of the Graham horticultural experiment station; Glenn E. Rick as assistant in research in the department of horticulture; Ralph Kelder's previous appointment as county agricultural agent in Monroe county was made effective March 1 by action of the board.

POTATO GROWERS RECEIVE ADVANCE ON STORED CROP

Thursday, Feb. 20, 1930, the Michigan Certified Seed Potato growers of the Michigan Potato Growers' exchange, of which Henry Curtis of Lake City is president and Fred Hilt is manager, received some \$46,000 advance on their stored potatoes from the Federal Farm Loan board. This was the first Michigan organization to be thus recognized by the Farm Board.

LOST-SCHAEFFER FOUNTAIN PEN

Thurs. Please return to main desk at Union. Reward: Owen H. Taggart

1930 SOPH PROM WILL SURPASS FORMER EVENTS

Largest Underclass Formal to be Held in Union Friday Night.

UNUSUAL DECORATIONS

Clarence Lee's Band to Play for Affair; Co-eds Have Special Permission.

The annual Soph Prom, the most popular and largest underclass formal of the college social season, will be held in the Union ballroom Friday evening at 9 o'clock with Clarence Lee's exclusive colored orchestra from Detroit as the band for the event.

More than 125 couples are expected for what promises to be the most brilliant sophomore party yet given.

Tickets for the formal that have been placed in the various fraternity houses, at the Union desk and at the Smoke Shop, are rapidly approaching the highest sale ever recorded by an on-campus formal. The sale is open to all four classes and will be held open all late this week.

Decorations for the party have been announced by Helen Bennett, chairman of that committee to consist of attractive native designs in brilliant colors. A aquatic black and silver tree in the modern trend so popular now will be erected against the end of the ballroom, decorated with hanging painted flowers. Indirect lighting effects will be obtained in the foyer with colored paper lanterns. The whole atmosphere promises to be attractive and well-arranged.

Announcement was made this week that small personal compasses of brown leather will be presented by the organizers to their guests. The purses will be attractively decorated with the materials of the class of 1930 and will have tiny metal corner pieces. They will contain two printed programs for the couple.

Clarence Lee's orchestra engaged for the evening has one of the most interesting records of any organization ever brought to this campus, including four new appearances at exclusive Detroit Toledo and Toronto pleasure centers. The well known Orkney Terrace, the Detroit Masonic country club, Detroit restaurant, Grosse Ile and Detroit yacht clubs are some of the better known places that have chosen this colored band.

Past popularity of sophomore proms is a fact which is being recognized by the organizers, and the promotion committee made in the committee under the leadership of Frank Cronner, general chairman, should make this year's sophomore formal one of the best in the city.

CONTINUE ELIMINATIONS IN INTER-GROUP LEAGUES

Four games in the inter-class league and two in the inter-fraternity league were played during the past week.

On February 13, Olympic defeated Spartan 14-11. Alpha Gamma Rho beat Alpha Epsilon 4-0, and Phi Kappa Phi beat Sigma Alpha Epsilon 11-7.

On February 17, the Prom Aes lost to the Prom Bies 14-10. The Junior Lads won from the Prom Aes 12-9, and the Senior Lads won from the Senior Aes 12-9.

On February 18, Epsilon barely defeated Herman 7-6. Lambda Chi Alpha defeated Phi Chi Alpha 13-11. Delta Sigma Phi lost to Phi Delta 12-11, and Gamma captured one from Epsilon 8-6.

ZOOLOGY CLUB MEETING SET FOR THURS. EVENING

The bi-weekly meeting of the Zoology club, including graduates, undergraduates and members of the zoology department will be held at the home of Prof. J. W. Stack at 1928 Chesterfield parkway Thursday evening, Feb. 27. The papers to be read at this meeting are: "The Germinal Background of Secondary Modifications given by Males and Females," by The Hand Sparrow, and "The Hand Sparrow," by M. Ashley.

Campus Finds Monday Morning Quizzes Take Joy Out of Week-Ends

The most painful situation of a college career to our knowledge is that created when one unsuspectingly does to class on a Monday morning, only to find blank sheets of paper strewn all over the chairs and a generally quizzical atmosphere in the room. After a hectic week-end when one's chest pastime has not been study, there is no equal for this little procedure in dispelling whatever of the rosy glow may remain and bringing one back to reality with a distinct "sting".

In a round, unmistakable hand, the professor writes out a set of questions that make one rather ill. Were they written in the archaic Egyptian, they could be no less comprehensible. The studious ones, much in the minority, seize their pens with spirit and write furiously.

One now begins to understand the advantages of week-end preparation.

SEEK CHANGE IN WKAR BROADCASTING SCHEDULE

An attempt to obtain permission for Michigan State college radio station to be on the air after sunset will be made by R. S. Baldwin, director of the Extension department and J. B. Hasselman, publicity director who left Sunday for Washington to interview the National Radio commission.

College authorities believe that the former will reap much greater benefit from this station if either the broadcasting hours are changed or a more satisfactory wavelength be granted. The former must now tune in during daylight hours to receive any program put on by the college—a very unfortunate time for a man whose work is ordinarily performed during the day.

Mr. Baldwin and Prof. Hasselman are making this trip with the hope that they may effect a change which will relieve this unsatisfactory situation. They are expected to return Thursday.

NIGHT PROWLER BOTHERS CO-EDS

Woman's Building Visitor Causes Police Call Early Monday Morning.

Campus police officers were dispatched to the Woman's building early Monday morning to apprehend a prowler who had trespassed on the premises of the fourth floor rooms. The unwelcome visitor, a student of the Peeping Tom variety, was first noticed about 2:30 in the morning creeping on the roof of the west wing.

The intruder apparently had ascended the fire escape to the roof and was noticed by the inhabitants of the room. An immediate call for the building watchman resulted in the being frightened away before police officers could reach the scene.

Woman's building heads admitted that the occurrence is not new in the history of the dormitory. Occasional scores, such as this have resulted in a request for a rapidly visiting officer. It is believed that the police department, although not as yet as well equipped about it, campus officers appreciate the seriousness of the occurrence, believing that the prowler was some kind of a window peeper.

AWARD PRIZES IN ALL-AG CONTESTS

Four Divisions Hold Short Course Competition Thursday, March 6.

The various departments of the general division will hold their annual judging contests on Thursday, March 6. The annual inter-fraternity department will hold contests in crops, the agricultural engineering department in contests in belt, signage and speech handling, the dairy manufacturing department in contests in equipment handling, the poultry and agriculture contest and the poultry department contests in country and egg judging.

There will be prizes awarded to the winners. They are offered by the following associations and individuals: The Crop Improvement association, a prize in grain and potato judging; the Michigan Horse Breeders' association, a prize in animal husbandry; the Michigan Holstein association, a prize in dairy cattle judging; the Dairy Manufacturing association, a prize in dairy manufacturing; and the Poultry Improvement association, a prize in the poultry contests. President R. S. Shaw is offering a prize to the one making the highest score in farm crops. A short course non-student will also be given to the man who receives the highest score in his class.

SENIOR H. E. CO-EDS ENTERTAIN WEEKLY

Practice House-Inmates Give Series of Dinners to Prominent Women.

Fifteen girls are living in the Home Economics practice houses this month. Mrs. Sara Goodridge is in charge of practice house number one and the girls occupying the house include Helen Johnson, Ruth Forney, Ruth Gettel, Marion Finch, Margaret Woodworth, Helen Bennett, Geraldine Stauber and Bernice Parsons. Last week the girls gave a dinner for a group of thirty main State Board of Agriculture members and her granddaughters.

Dr. Marie Dye and Dean Elizabeth Conrad will be honored at a dinner which the girls of the second home economics practice house are giving tonight. Miss Beatrice Grant has charge of the dinner. The occupants of this practice house are Lois Crane, Margaret Rose Hubbard, Helen Linn, Frances Davis, Ruth Thompson, and Mildred Anderson.

State Ranks High in Bird Work As 2,381 are Banded in Year

Prof. J. W. Stack of the zoology department gave a five-reel illustrated lecture on Bird Banding in Michigan before the Battle Creek Nature club, at the Battle Creek museum last Saturday.

Professor Stack in cooperation with the state department of conservation and the M. S. C. zoology department does much of the bird banding of the state, and he is a well informed lecturer on this subject.

Professor Stack, head of the Bird Banding department of M. S. C. and for four years secretary of the Inland Bird Banding association, has been complimented on his fine work in this position by Paul Hedington, chief of the association. Last year through the efforts of Prof. Stack and a group of his students, M. S. C. Bird Banding station, ranked 12th among 27 stations that banded over a thousand birds during the year 2181 birds were banded at the M. S. C. station.

The Inland Bird Banding association was organized for the purpose of assisting and cooperating with the U. S. Biological survey at Washington, D. C. The greatest Bird Banding district in the world, which is located between the Appalachian and the Rocky mountains contain 874 banders.

Frederick C. Lincoln, who has visited not only all the larger institutions of banding, but all the private units as well, when here in October, 1929, said the M. S. C. banding station was the largest in the U. S. as far as traps were concerned.

Prof. Stack was appointed assistant editor of the Bulletin of the Northwest Bird Banding association, along with Francis H. Allen of Cornell and Dr. Winsor M. Taylor of Harvard. This is a quarterly Bulletin of which two copies have already been issued.

ATTENDANCE OF MUSIC SCHOOL RISES SINCE '27

Group Enrollment Triples in Three Years Under Prof. Lewis.

EACH COURSE SHOWS GAIN

Influence of Department Head Felt in Teaching Staff Also.

Since the coming to this campus of Lewis Richards, head of the Michigan State College Institute of Music, the college music department has nearly tripled in attendance as well as greatly increased the importance of the teaching staff. A total of 340 students is at present enrolled in State's most widely advertised department as compared with 117 here in 1926 before the present director took over the division.

The group enrollment in 1927 was 291 according to the records of the music department, raising the following year to 379 and in the fall of this year 330 were enrolled with additions to be added for winter and spring terms. A study of the various courses offered in this branch of the college reveals that the Public School music has shown the most rise of all those presented. The first year, 1927, in that course had an enrollment of 107 in spite of the fact that in the previous year none were enrolled at all. In 1928 it rose to 20 and in 1929 to 31. Seven advanced students enrolled in 28 seats more than doubled the most seat to 18.

Elements of Music course last year had an enrollment of 215, but this fall saw a rise to 26. Piano still holds the most popular place in the curriculum, having a record of 60 in 1926 and still holding to that high point this fall, although a decrease was seen last year.

Chorus experienced a heavy falling-off this year since only 41 were recorded as compared with 85 last year. The State band has greatly increased its size since last year, having 75 this fall against 52 in 1928.

In 1926 the Glee club had only five members, doubling its number in the next year. In 1928 the organization grew to 44 and this last year proved of increasing popularity, there being 60 members of 67 co-eds enrolled. The popularity of the orchestra has remained nearly static, slowly increasing from 21 in 1926 to 27 this fall. Bands in the department has increased from 42 in 1926 to 26 this term with a falling off last year to 24.

DRAMA SOCIETY HAS SECOND HIT

"The Clean-Up" by Same Author as "The Patsy" is to be Next Theta Alpha Phi Play.

The phenomenal success of Barry Corbin's "The Patsy" staged last spring by Theta Alpha Phi, dramatic fraternity, has led that organization to cast and begin arrangements for presenting a second hit by that same playwright. The fast political comedy, "The Clean-Up" is planned to be staged some time during March if arrangements for the State Theater can be completed.

"The Clean-Up" will have a star cast of campus thespians. It was announced today, including Bernard Critchman, who played with his acting in "The Colonel's Maid," Warren Shook, also a member of the same cast, Elton Moore, Helen Bennett and Elton Chivers.

The plot of the play is that of a woman who is married for minor despite the opposition of her husband. A big political captain is implicated in a manner that proves intriguing for the onlookers. Mrs. Buckmaster will play the part of Mrs. Buckmaster, the would-be mover while the part of her husband will be played by Moore, and that of her mother, Willy by Critchman. The lack, suitors of the fourth Ward are given by Shook, and Mrs. Chivers will take the part of Elizabeth.

The production will be presented during the second week in March, the tentative date being March 12, although definite arrangements have not yet been completed.

MU ETA OMICRON HELD FORMAL INITIATION SUN.

Mu Eta Omicron, honorary music fraternity, held formal initiation Sunday evening in the music building. The following girls were initiated: Maxine Johnson, Davison, Beulah Woodland, Estelle Lansing, Beatrice Brody, Lansing, Helen Bae, Margaret, Margaret, Crumpler, Ruth, Florence Herbert, Vincennes, Ina, and the initiates were honored Saturday afternoon at a musical reception at the home of Mrs. Fred Killen, patroness of the society.

ANDEM IS S. C. U. SPEAKER AT CHURCH WAFFLE FEED

Following a chicken waffle supper at the Peoples church Sunday evening, Dr. Ralph Taylor Andem, executive secretary of the Michigan Baptist convention, gave a short inspirational talk at the meeting of the Student Citizenship League. He topped with Mr. Fred in the Lord's Day hold the right hand, saying unto thee, Fear not for I will help thee.

Florence Herbert sang a solo, accompanied on the piano by Betty Waters, and Edith D. Clark led the devotionals.

STUDENT-FACULTY GROUP TO HOLD MEETING IN MARCH

The fourth Student-Faculty Discussion Group meeting of the year will be held on Sunday evening, March 2. These meetings, which have proved very popular this winter, are held under the auspices of the Y. M. C. A. and are intended to more intimately acquaint the student body with the faculty and also start students on more constructive thinking.

Faculty men and their wives entertained at the last group meeting were accompanied on the piano by Betty Waters, Mr. and Mrs. C. A. Brown, Mr. and Mrs. DeZeeuw, Mr. and Mrs. W. W. Johnson, and Mr. and Mrs. H. R. Hunt.

WEDNESDAY FINAL DATE FOR CO-ED APPOINTMENTS

All freshman girls who have not yet had their Wolverine pictures taken will have a final chance to do this tomorrow, Feb. 26, from 9 to 12 o'clock from 1 to 4, according to Isabel Paulson, class editor.

Each girl must go to the excusing officer and have all classes missed excused; otherwise cuts will be given for them.

All proofs must be returned to LeClear immediately so that work may begin on them at the earliest possible moment.

SENIOR CO-EDS PLAN LUNCHEON

All Senior Girls Invited to Bridge-Luncheon at Union on March 1st.

Senior co-eds will be guests at a bridge-luncheon, which is being sponsored by the senior class as a form of entertainment and get-together for all of its co-ed members, in the Union building on Saturday, March 1, at 1 o'clock.

Luncheon will be served in the faculty classroom on the third floor of the Union at exactly 1 o'clock and will be followed by an afternoon of bridge in the same set of rooms. The party is an innovation on the part of this year's senior class, and it is hoped by those in charge that it will prove so successful as to be followed by other senior classes in years to come.

The entire expense of the afternoon's entertainment will be borne by the co-eds. (Continued on page 2)

NEW CO-ED DORM IS ASSURED WITH ACTION BY BOARD

\$400,000 Structure Is Authorized and Committees Are Appointed.

TO BE LOCATED ON CAMPUS

Will Accommodate 180 Women; Detroit Firms to Handle Construction.

Preliminary plans for the construction of a \$400,000 girls' dormitory were approved Friday when the state board of architecture definitely authorized the building of the structure and appointed the finance and building committees with power to act.

The project, which has been pending for two years, is the capacity of the dormitory at 180 women. The site selected is the area between the new U. S. weather bureau and the music center on the south side of Michigan avenue. Borings for the analysis of the sub-soil has been made and the results are satisfactory.

The finance plan will be in the hands of a prominent Detroit business concern, the name of which was withheld by the members of the board. A bond issue will be floated for the amount of the fund, which will be retired by the income from the quarters thus making the scheme self-supporting.

The architectural plans are also being worked out with a Detroit firm, Malcomson & Hixenbuttmann. The house will be erected in two units.

The addition of the new building to the dormitories already on campus will relieve the housing shortage which has become so acutely felt here during the past two years. It will furnish accommodations for a much larger percentage of freshmen co-eds who are required to live in college supervised houses off campus.

The members of the building committee as named in Friday's session are L. Whitney Watkins, J. R. McCall and C. L. Brody. The personnel of the finance committee is composed of W. H. Berkey, M. B. McPherson and Mrs. Dora Stockman.

HARD SCHEDULE FOR DEBATERS

Western State Normal and Albion to Be Met by Spartan Orators.

A busy weekend is in store for Michigan State's debating team, with two meets on the schedule. Thursday night at Mendon, Mich., the Spartans take on Western State Normal and the following evening they go to Leslie for a return engagement with Albion.

In both cases the Green and White will uphold the affirmative side of the question. Resolved: That the nations of the world should adopt a plan of complete disarmament, excepting such forces as are needed for police purposes. The affirmative team is composed of Joseph Kilder, J. Morris Huberman, J. and Howard Terrill, 30.

The debate at Mendon is being sponsored by Ben Peterson, superintendent of the high school, who graduated from Michigan State in 1929. One of the chief objects of holding the debate at Mendon is to interest high school debaters in the surrounding territory in the idea of choosing M. S. C. as a possible alma mater. Peterson has invited the debating teams from the surrounding high schools to be present.

At Leslie Friday night the Spartan team will attempt to take the scalps of Albion in return for the defeat administered by the Methodists early in the month. On that occasion an audience vote returned Albion the victors by a majority of five.

With only three lettermen back around with which to mould the 1930 Michigan baseball line, Coach Ray Fisher has a big job on his hands. Ten lettermen were lost by last year's graduation. Capt. Harvey Straub, Myron and Truskowski are the three "M" sinners that will be back this spring.

AT THE UNION

THE UNION BARBER SHOP

In the basement of the Union for student and faculty use. Clean and lighted well. You will find the barber shop a pleasant place to have your barber work done.

Remember the special prices in Beauty Shop on Monday and Tuesday each week.

Music -- Art and Drama

By ZILPHA LEWIS
WEDNESDAY - Edna St. Vincent Milay at Eastern High School at 8 o'clock

The Lansing debut of the violinist Alexander Schuster, a member of the Minneapolis Symphony orchestra, firmly established this amiable Russian in the good graces of the concert-goers, and further endeared him to his enthusiastic pupils. While Mr. Schuster has been in America only since last fall, and his command of the English language is proportionate to his such a splendid artist and is so apt with illustrations which in themselves solve the student's problems without the use of words, that he has attracted four or five chamber music organizations. His own quartet experience has shown him the mistakes the pupils are apt to make.

At the conclusion of the concert, Henri Verbrughen, conductor of the Minneapolis Symphony orchestra, praised the music faculty and especially the able director, Prof. Lewis Richards. Verbrughen expressed the highest opinion that this school will become one of the finest in the country, since it has already attracted several world-famous artists to its staff. In conclusion he urged that the community give its support to the forthcoming project of providing suitable equipment and buildings.

Mr. Verbrughen based these remarks upon a thorough survey of the equipment, classrooms and practice-buildings of the Music Department which he made during the afternoon of the concert. At that time he heard two violin solos, the Tschakovsky Concerto, played by Izler Solomon and a Schumann Aria, played by Evelyn Fine. Both violinists were accompanied at the piano by Archie Black.

Robert Graham, a student under Louis Graveney, gave two recitals at Eaton Rapids and at Stanton, Mich., last week. His program, in which he was accompanied by Miss Betty Randa consisted of two groups:

- Temple Bells, Woodford-Emden
- Mighty Good World, O'Hara
- Nicholas, Maria Zvezda
- The Slough, Koutz
- Peace Song, Dietkema

Dorothy Holbeck, also a pupil of Graveney, sang three songs for the Lansing Woman's club. Her program consisted of "Home, sweetly blooming," "L. Spehn" and Villanelle, Dell Aquie. Her accompanist is Mildred James.

Don Besthumons gave several piano selections at the Matinee Musicale Wednesday afternoon.

Sidney Rubenstein played the Bach Alto for the Sunday evening service at the Congregational church. Mr. Rubenstein is a violinist from New York and studies with Alexander Schuster.

Macavator, a shortening of the words, mechanical aviator, has been chosen for the name of the flying robot that has been developed for automatic flying airplane. The robot keeps a plane at balance laterally and horizontally and controls the direction of flight through the rudder.

UNION TEA DANCES—We were interested in reading in the February 11 edition of the Purdue Exponent that they were inaugurating their first Union Tea Dance on the day following the edition. The tea dances are being carried on at that institution for the period of a month as an experiment.

From our brief experience with tea dances at this college, we believe that it is a good thing for students to be offered a chance once or twice a week to relax from the strain of studies and to mix together in some sort of a social group. In fact, we rather agree with that part of the editorial in the Purdue paper in regard to Union tea dances, "That is another step toward the breaking down of the social stiffness of the average technical students."

Hart, Schaffner & Marx to Offer Prize for Best Economic Essay

A committee composed of Prof. J. Laing, University of Chicago chair, the problems of a business career; also Prof. J. B. Clark, Columbia to aid in constructive economic thinking. University, Prof. Edwin E. Gross, Harvard University, Hon. Theodore E. Burton, Washington, Prof. Wesley C. Mitchell, Columbia University has enabled through the generosity of Hart Schaffner & Marx of Chicago, Ill., to offer in 1939 prizes for the best studies or essays of contestants in certain classes of undergraduates.

There are two classes of contestants, A and B. Class A includes any students of the United States of Canada, without restriction, class B takes in only those who at the time the papers are sent in, are undergraduates of any American college. The purpose of the contest is to arouse an interest in the study of topics relating to commerce and industry and to stimulate those

FLORICULTURE COURSE IS OFFERED FOR NEXT YEAR

The newly created short course in commercial floriculture, held on the campus Jan. 20 to 25, met with great success and will be given again next year. It has been announced. An attendance of 21 students from all parts of Michigan, and five from outside, heard a total of 25 lessons on the problems and methods of flower growing.

R. J. Corvel, Birmingham, of the first Hort class of State spoke on "Management of the Florist Industry." Paul Murphy and Henry Egan, Detroit, gave demonstrations in business signing. Also present was Mr. Tall, States first floriculture professor, and now with the Royal Botanic.

Students of the University of Michigan are obeying the campus trading rule according to the Newshawks. Not a single article has been placed on the campus and only eight feet of fence tags have been given out since Illinois.

SEWAGE DISPOSAL PLANT STUDIED BY ENGINEERS

Students taking the Sanitary Engineering course offered by the Civil Engineering department are now making a study of the sewage disposal plant which is jointly owned by the college and the city of East Lansing. Professor Theriot is directing the work.

Next term, some of the students will take the design of a secondary treatment for the plant as a thesis. However, the primary treatment which the plant uses at the present time will be sufficient until the population of this community has increased greatly.

WINTER PARK, Fla.—SPECIAL AMBITIONS TO EMULATE THE GREATERS IN LITERATURE

Winter Park, Fla.—Special ambitions to emulate the greaters in literature are being expressed by the great-grandson of Nathaniel Hawthorne, who is enrolled this year at Rollins college, Winter Park, Fla. Young Deming says he is attracted to Rollins by the excellent courses in English and literature.

VESPER SERVICE POSTPONED

The Y. W. C. A. vesper service previously planned for Feb. 21 has been postponed to Sunday afternoon, March 2, at four o'clock. Mrs. McGinnis will be the speaker for the service. Reservations are urged to attend.

A state convention of the Y. W. C. A. will be held in Detroit some time in April. The definite date of the meeting has not yet been announced.

SENIOR CO-EDS PLAN LUNCHEON

The Y. W. C. A. vesper service previously planned for Feb. 21 has been postponed to Sunday afternoon, March 2, at four o'clock. Mrs. McGinnis will be the speaker for the service. Reservations are urged to attend.

A state convention of the Y. W. C. A. will be held in Detroit some time in April. The definite date of the meeting has not yet been announced.

SHREDDED WHEAT

ELECTIONS AND COMMON SENSE

On Thursday, March 6, the freshman, sophomore, and junior classes will have the opportunity to nominate candidates to represent their classes on the Student Council and the Union Board. Have those classes considered the job that they have on their hands?

The destiny and the activity of the Student Council and the Union Board depends upon the type and character of the men and women who are elected to serve on those organizations. Will they be active or will they be dormant? Will they serve the best interests of the college or will they function for some political clique?

To the members of the student body falls the responsibility of deciding what the Student Council and the Union Board will be. It is for their own interests and the welfare of the student group that they should consider the merits of their candidates before they put them in office rather than afterwards. Will the student body choose men with "get there," with initiative, with impartial straightforward ideas, or will they be governed by politics, bias, or willful disinterest in the selecting of men to serve in high campus office?

If the members of the three lower classes fail to give this matter of nominations their careful consideration, if they do not all take part in the naming of candidates, if they do not act in an unselfish and unprejudiced manner in picking their men, then we cannot expect the groups in power to function as representative, co-operative, wide-awake organizations.

THE WOMEN'S LOAN FUND

Women's organizations on the campus took upon them a worthwhile and serviceable work in recently establishing a college women's loan fund on the campus under the control of the college treasurer. We believe that the undertaking is worthwhile primarily because it gives the women's organizations some definite function. They will undoubtedly obtain far more benefit in realizing that they are contributing to a worthwhile project and being of some real service on the campus, than those who borrow from the fund.

We also praise the undertaking in that the organizations which are supporting it include in their membership nearly the entire co-ed representation on the campus. It is a representative project, and no one organization is trying to reap praise for its promotion but all are welcome to take part.

We warn these organizations of one thing, however. That they do not make their loans too generous nor too easy to obtain. By so doing their purpose would become a detriment rather than a help to many co-eds who had the desire to borrow without the will-power to pay back. The act creating the loan fund stipulates that it shall be available for worthy women students. We indeed hope that that word "worthy" will not be sighted.

From a business standpoint also, we do not believe in loans without interest. We can appreciate the attitude of the organizations who drew up the conditions for loans, in that they are trying to help women students who need help, but there is no necessity for their giving something for nothing. And furthermore, even though the interest rate is small, a person will think twice before incurring a debt for which he has to pay interest.

In conclusion, we have nothing but commendation for the spirit which moved these women's organizations to join together in the instigating and promoting of a project which is of service to their fellow students on the campus.

TRADITIONS

In this issue of the Exponent we are publishing an article on the traditions of the University as information to the new students and as a reminder to the old and we hope that all Boilermakers will accept them in the serious light in which the students of past years have fostered and obeyed them.

In a practical sense traditions are not a necessity, nor perhaps even a luxury, as far as book-learning is concerned. But there is more to a university than classrooms—there's an undefinable something known as SCHOOL SPIRIT which cannot exist without the support of time honored customs and practices which have been carried down through the years until they have become traditions.

An institution without traditions is little more than a grist mill which mechanically grinds out men and women with a college degree and a knowledge of facts. And the products of a grist mill are roughly cut and lack polish and refinement to a large extent.

No one receives any material gain out of the wearing of green caps by freshmen, or the shaving of mustaches by underclassmen or from any of the many local traditions, but everyone affected does receive a wealth of spiritual gain and school spirit. Traditions are not the result of student or faculty legislation but are the product of time and custom. As such they are not to be disregarded by those who are not accustomed to them and perhaps consider them an infringement on their privileges. WHEN AT PURDUE DO AS THE BOILERMAKERS DO.

—Purdue Exponent.

With the end of February close upon us, we take it upon ourselves to remind students that there are but three full weeks for class work and study before term exams. Neglect of books is liable to decrease the Spring term enrollment.

BAPTIST CAGERS LOSE HARD ONE TO STATE, 34-28

Hillsdale Nearly Takes Measure of Spartans in Mediocre Game Friday

CONCLUDES HOME SEASON Overconfidence of Locals Necessitates Using First String Players.

Hillsdale college furnished unexpected strong opposition for the Spartans in their final home game of the season played in the gymnasium Friday evening and Coach Ben E. Van Alstyne's quintet was pushed hard to score a 34 to 28 victory over the Baptists.

State showed poor form and the Dules played the best basketball displayed by any minor opponent here this season.

The green and white basketballers were obviously overconfident and played a careless, indifferent game. The Baptists were only too glad for this opening and held the lead until the final 10 minutes of play.

State reserves were called upon at the start of the game and Hillsdale found the shock troops easy opponents and had shot into a seven point lead early in the game.

Coach Van Alstyne lost little time in scolding his regulars into action and before the end of the first half all of the first string men with the exception of Don Grove were in the game, but Hillsdale was leading 16 to 14 at half time.

It was an altered lineup that represented State at the close of the first period. Randy Backus was at center with Fred Den Herder at Don Grove's forward position.

The Spartans finally commenced to function due largely to the efforts of Roger Grove. He appeared to be the only member of the team that was playing true to form and scored 15 points to cap high scoring honors.

Close behind him was Restilo Hillsdale ace with 14 points.

It was the final home game for five State seniors. Captain Jimmy Van Zelen, Don Herder, Russ Shendell and Duke Schan donning their basketball uniforms for the last time in East Lansing. Don Grove was nursing a broken nose and would even in a suit.

MICHIGAN STATE (L) 34, HILLSDALE (R) 28. Scoring: Michigan—Grove, 15; Restilo, 14; Van Zelen, 10; Herder, 8; Schan, 5; Shendell, 4; Hillsdale—Restilo, 14; Van Zelen, 10; Herder, 8; Schan, 5; Shendell, 4.

TRACK CARNIVAL TO BE SATURDAY Young Tells Plans for 10th Annual Indoor Track Meet; to Draw Michigan Stars.

Ralph H. Young, director of athletics, has announced the program of events for the 10th annual Michigan State college indoor track carnival. The event is to be held in the Spartan gymnasium Saturday afternoon and evening, March 1.

The individual events include three dash events, two hurdles, two eight running high jump, 16 second and 300 and a two mile and three are women to all entering. Relays will be run over distances varying from 440 yards to two miles.

As has been the case in past years the event will attract the best talent in Michigan college circles and virtually caps the climax of the indoor season since after March 1 the athletes will soon prepare for outdoor performances.

WESTERN STATE BEATS YEARLINGS

Freshmen Take First Walloping by Slump in Last 20 Seconds of Play.

The Spartan freshman basketball team dropped a heart breaker to the Western State Teachers college from Kalamazoo here Saturday afternoon, 22 to 20, in the gymnasium. It was the first defeat of the season for Coach Carl Felt's yearling cagers.

The Spartan first year quintet was never needed until the last 20 seconds of play when Quirine barred the ball through the meshes after a missed free throw to win for the Teachers.

Holomb was the backbone for the State team, scoring 14 points on the field goals and four free throws.

The summary: Michigan State Teachers (L) 22, Western State (R) 20. Scoring: Michigan State Teachers—Holomb, 14; Western State—Quirine, 10; Holomb, 14; Quirine, 10.

PURDUE VICTIM OF SWIMMERS

Spartan Tankmen Defeat Big Ten Aggregation; Also Beat De Pauw by Forfeit.

Michigan State's crack swimming team returned Sunday from a highly successful jaunt into Indiana with two more scalps, to add to their string. The Spartans put DePauw under on Friday and then returned to Lafayette the following day where they sank a Big Ten opponent, Purdue University.

The tankmen won from DePauw by a count of 52 to 23 and from the Boilemakers by a 44 to 31 score. DePauw forfeited the meet early in the day because they had to use freshmen in the meet but the Spartans won the practice tilt, 25-15.

All the swimmers showed great form in annexing these two meets, and coach Danbert is highly pleased with the season thus far. The last meet will be held in Grand Rapids, V. in Grand Rapids Wednesday. The Spartans won the meet against this team earlier in the season by a score of 38-27 and the return meet is expected to be as close as the last.

The fresh swimmers will be eligible to compete in this meet, since it is not a collegiate contest. Summary of DePauw meet: Michigan State Teachers (L) 52, DePauw (R) 23. Scoring: Michigan State Teachers—Grove, 15; Restilo, 14; Van Zelen, 10; Herder, 8; Schan, 5; Shendell, 4.

COACH TO START GRIDMEN ON SPRING TRAINING SOON

With the coming of warmer weather Coach James H. Crowley of the Michigan State college football team is making preparations for his spring drills. The Spartan gridmen will not go forth to take their outdoor workouts until April 1.

Crowley feels that his athletes need a thorough grounding in certain principles of his style of football.

He has anticipated that stress will be laid on defensive work during the spring sessions. The former Notre Dame star did not have charge of spring work last fall, taking his men out for the first time when fall practice opened. He appreciates that defensive work had to be slighted while he was giving his team an attack. This condition will be remedied this spring, if nothing else comes of the practices.

CO-ED SWIMMING MEET HELD TONIGHT IN POOL

The annual swimming meet for girls will be held at 7:15 tonight in the pool. The meet is open to teams from all societies and dormitories, but each team will be allowed only five entrants.

The swimming events scheduled for the teams are the elementary back stroke, breast stroke (for form), side stroke, free style relay and the tandem race for speed. Five dives will be required, the plain front, the back or front jack-knife, one optional dive, and one stunt dive. Each team will also be permitted to enter one original stunt. A cup will be awarded to the team receiving the greatest number of points.

STATE DEFEATS OHIO WESLEYAN IN TRACK MEET

Gets Away to Fast Start by an 18 Point Lead; Final Score 66-43.

TWO ASSIGNMENTS AHEAD Triangular Meet at U. of M. On Thursday; M. S. C. Relay Carnival Saturday.

Coach Ralph H. Young's State track squad opened the home season here Saturday afternoon by defeating Ohio Wesleyan, 66 to 43. It was the first victory of the season for the Spartans and served to furnish revenue after State's defeat at the hands of the Bulldogs in a meet at Delaware O. last year.

State scored points in the pole vault and shot put to gain a good starting start by pulling an 18 point lead from the outset on teams with their guests.

Coach Young's State track team is facing a busy week. A triangular meet at Ann Arbor with the University of Michigan and Western State Normal college of Ypsilanti. The other important track assignment in the 10th annual Michigan college relay carnival to be held here Saturday.

The summary: Michigan State Teachers (L) 66, Ohio Wesleyan (R) 43. Scoring: Michigan State Teachers—Grove, 15; Restilo, 14; Van Zelen, 10; Herder, 8; Schan, 5; Shendell, 4.

High Ratio of Men Take Part in Campus Athletics, Coach Young Reveals.

Nearly 16 per cent of every 100 men students enrolled at Michigan State college are the members of 17 varsity or freshman team athletes, a canvass made by Ralph H. Young, director of athletics, has revealed. There are 1,841 male under grad. students enrolled here and 254 of them are members of squads in the 17 varsity branches of sport.

Track is the most popular, judging from the numbers attracted. There are 54 varsity and 66 freshman trackmen. Wrestling consists of men and hockey, and the number of members of these squads is 105.

TENNIS TRYOUTS THIS WEEK

Major Frazer, '09, Author of Book on Pistol Shooting

American Pistol Shooting by Major William D. Frazer, Capt. Artillery, Corps, U. S. Army, N. B. Eaton and Co. Inc. 8 1/2 x 11, 226 p. 12, \$3.00.

As explained by the author in the foreword to his work, his main purpose in writing this book was to provide a means for instruction in all forms of pistol practice in vogue in America today.

The book which the author has placed in the college library has an appeal to all people interested in shooting, whether they are experts or novices at the truly American art of pistol shooting.

GRAPPLERS WIN TO CLOSE MAT SEASON

Win in Two Spectacular Victories Over Cleveland Teams.

Coach Fredley Collins' varsity wrestling team wound up the season with two spectacular victories at Cleveland last week-end. On Friday night they completely outclassed Case College 411-100, winning the match by the score of 28 to 8. State's mat men won six of eight bouts of the evening, five of them being won by fall.

On Saturday evening the local grapplers handed Western Reserve wrestlers a decisive beating to the tune of 76 to 8. Stoner Tompkins Slaughter and Capt. Joslin added to their brilliant wins of the night before by again dominating their opponents, winning their matches on both nights by falls.

The summary of the Case meet: Michigan State Teachers (L) 411, Case College (R) 100. Scoring: Michigan State Teachers—Grove, 15; Restilo, 14; Van Zelen, 10; Herder, 8; Schan, 5; Shendell, 4.

The summary of the Western Reserve meet: Michigan State Teachers (L) 76, Western Reserve (R) 8. Scoring: Michigan State Teachers—Grove, 15; Restilo, 14; Van Zelen, 10; Herder, 8; Schan, 5; Shendell, 4.

FIFTEEN PER CENT IN STATE SPORTS

High Ratio of Men Take Part in Campus Athletics, Coach Young Reveals.

Nearly 16 per cent of every 100 men students enrolled at Michigan State college are the members of 17 varsity or freshman team athletes, a canvass made by Ralph H. LOCAL WEATHERMAN CAN'T GET JOHN KOB'S ACCLIMATED AT STATE

When the Hockey Season Comes It Thaws, When Baseball Is Here It Freezes, Says Mentor.

Take it from John Kobs, State coach, his worst enemy and best friend is the weather. Kobs goes into struggle with elements every Jan. 1 and doesn't call quits until the middle of June. Kobs, as hockey coach, must depend upon the weatherman to deliver ice for his puck chasers and no sooner does he drop the argument about a lacking surface than he starts begging for warm weather to put the baseball field in condition. His frequent bickering with Dewey H. Seeley, government weather expert at the college, have been the source of merriment to his fellow coaches and those who follow the destinies of his teams.

For years Kobs has been hoping that Saint Michael's or some other foreign personality would give his hockey team a temporary wooden structure in which a hockey rink might be laid out. That, in Kobs' opinion, would remove a lot of worry. As it is, Kobs goes about scanning the skies, talking in terms of highs and lows, of pressure areas, and making comments about the likelihood of Michigan weather.

ROGER GROVE CONTINUES MAD POINT SCORING PACE

Roger Grove now tops the individual scoring for the Spartan basketball squad with 89 points. He continued the mad pace which he has set in the last few games, and scored 15 points against the first place team, DePauw, in the first place. DePauw did not play against the Spartans due to a broken nose which he received in the Michigan game and dropped back to second position with 81 points.

L. L. Fremont, assistant director of athletics, has been attending the dedication of the new University of Missouri, held here during the past week as the guest of the athletic director there.

SPARTAN RIFLEMEN WIN TWO, LOSE ONE

The Michigan State rifle team turned in two victories and one defeat in the last series of matches. The team defeated University of Alabama 438-300 and Mississippi Agricultural College 1700-1075. Five-man team M. S. C. was defeated by Mississippi A. C. by a score of 300-200.

J. P. Trueman and C. A. Breyer, both shooting expert, were the high point men in both shooting matches.

Best Winmouth will present on Master Farmers and the Model at the Wednesday Short Course Hour, Wednesday, 30, 1930.

Anyway, why should they all know that the M. S. C. was defeated by Mississippi A. C. by a score of 300-200?

Without doubt the finest and most moving drama that has come to the All-Talking screen.
