WHAT PRICE POLITICS?

Campus politics are a very near and vital part of a college student's life, and if he feels himself at all a part of his class he will avail himself of the opportunity to take part in them. If he feels that he knows the logical candidate for a position on the Student Council or the Union Board, he has a perfect right to present that candidate before his class in the open nominations, to win support for him, campaign for him, and finally place him in office. If he does not support his own candidate, nobody else will do it for him.

In the past, attendance at class meetings has never been especially strong. Some few loyal men usually turn out regularly to further the interests of their class, and to them falls the government of the class and on them falls the necessity of bearing the criticism and brunt of student government. We say "more power to those students who do take an active part in campus politics."

We urge all of you, however, to attend your class meetings and to take an active part in the selection of those men who will rule the campus next year. What sort of men will you select to sit on your college Student Council? What sort of first impression will they make when they appear before the class of 1934 to welcome them to the campus? What sort of judgment will they use in handling minor disciplinary cases? In what manner can they be expected to carry on the ancient traditions and ideals of the campus? What new thought, what higher purpose do you think that they will be able to present to the campus? Will they be representative of your class? Will they be men with minds of their own or will they be tools for some power behind the throne?

If you care about these things at all, if you realize that campus offices do carry weight with them, then you will attend the meeting of your class on Thursday.

A LOST ART

American progress, along with its benefits, has brought with it a mad constant rush of affairs, and in the shuffle much that is worth while has been lost. We are greeted in every quarter by a bombardment of discords, urging us inevitably on to tireless activity. And in the noise of civilization, the small voice of quiet has been drowned. Silence is a lost art.

We are prodded continually into any one of a variety of engaging activities. But there is no one to enter a plea of silence. We pause so rarely in our cycle of never-ending action that it has become almost impossible to detach oneself. We do not know the meaning of meditation. Contemplation is so far removed that we are but vaguely aware of its existence.

We live in a world so filled with an exaggerated concern of our petty businesses and small concerns, that our outlook has become dwarfed. In our manner of living, there is no "sense of wonder in the presence of the universe," no feeling of kinship with the whole of existence. And in the awesome "presence of the universe" we remain unawed stranger to life and to ourselves—Daily Bruin.

Music -- Art and Drama

By ZILPHA LEWIS

Thursday: Count Felix Von Luckner at the People's Church at 8 o'clock.

One of the most daring and romantic figures of modern times, Count Von Luckner, a German who distinguished himself during the World War by the most amazing adventures, will give an account of some of his bold hazardous undertakings at the People's church Thursday night. Early in the World War Count Von Luckner equipped an out-dereputable sailing vessel with concealed guns and full military accoutrement, and disguising it as a Norwegian windjammer, sailed through the entire British fleet. He was stopped at one time, but easily convinced his enemies that he was a Norwegian. He continued along the coast of South America, sinking ships in the rocks, being cast up on a coral reef. Von Luckner and his crew thereupon became buccanniers, pillaging passing small vessels in grand old pirate style. The British eventually captured him, and imprisoned him in an internment camp from which he managed to escape in a British launch.

The art department announces an exhibit of modern American painters beginning this Tuesday, and continuing for two weeks, at the college library. This is a traveling exhibit, loaned by the College Art association, and contains watercolors, oils and prints by contemporary American artists, among whom the most important represent are Burchfield, H. Varnum Poor, John Sloan, and Orozco in oils, and prints by George Bellows, Davenport Griffin and Rockwell Kent.

Sabina-Henderson, accompanied by Doris Posthumous, presented an unusually varied program before the Women's clubs of East Lansing at the Peoples church Monday night. A group of songs, "Chant Hindu," by H. Bennett, and a Browning poem, "The Years at the Spring," music by Mrs. H. H. A. Beach, was followed by two violin solos, "Adoration," by Felix Borowski, and "To the Rising Sun," by Trygve Torjussen. Miss Henderson and Miss Posthumous are both members of the honorary musical sorority, Mu Eta Omicron.

Miss Helen Bale sang three numbers for the South Lansing Women's club Thursday afternoon, still as "The Night," "Bohm," "Little Peckany Kid," "Ginns and Little Bit o' Honey," by Carey Jacobs Bond. Jean Gierum accompanied Miss Bale.

Theta Alpha Phi is preparing at the present time for the staging of "The Clean-Up," by Barry Corners, which will be the last presentation of the society this term.

Famous Agricultural Experts Unable to Halt Sprouts

Spring has come and gone on the Michigan State campus. Luxuriant fauna, including the unique college musko tree, everyone agrees about in freshman let any, greeted all the beginning of the week, and are now in the process of being nipped in the bud.

Grass grew green all over the campus and surrounding territory and agricultural-minded householders in the district were out trying to devise some system of fertilization for the frost lawn, to no avail. Your city do much in the way of pushing a tally about back where it came from, simply because it happens to be still February. The college grounds department showed signs of going mad before the rapidly budding and carefully-nurtured musko tree, and the lawn mowers were polished up in case of emergency, should this sort of thing keep up for any length of time.

TEXAS PROFESSOR PREDICTS ECLIPSES

Four eclipses, two of the sun and two of the moon, are scheduled for 1930. Dr. Paul M. Batchelder, professor of pure mathematics at Texas Tech, predicts that only two of these eclipses will be visible in North America.

On April 13 there will be a partial eclipse of the moon, visible in North and South America. A total eclipse of the sun is scheduled for April 28, and will be visible in the northern part of the United States and Canada. The first part of the eclipse will be total, but the latter part of the path will be annular; that is, the moon gets between the sun and earth, there will be a ring of light visible around the edge of the sun, since it will be too small completely to eclipse the light of the sun as it goes to the earth.

The other eclipses will occur in October, the first being a partial eclipse of the moon on October 7, and will be visible only in Europe, Asia, and Australia.

An eclipse of the sun is scheduled for October 21-22. The total part will cross the South Pacific Ocean, a few small islands, and ending in the southern part of South America, the eastern part of Australia, New Guinea, and the southern part of South America. Daily Texan.

SPRING FOOTBALL OPENS IN DEMONSTRATION HALL

Old Man Football, missing long from Michigan State campus since last fall, appeared again last week. Coach James H. Sleeper, Caples had not planned on inaugurating his spring campaign until April 1, but finally decided to stage informal drills during the balance of the winter term.

Sessions are to be held in Demonstration hall and in classrooms until April 1 rolls around. Caples hopes to provide his athletes with defensive drills and hand out some formations that the team will be using next fall.

There were about 25 men on hand for the first practice Monday. Captain Harold A. Smith of Sturgis led the delegation of spectators during the early session. His position is vacant.

Record Breaking Crowd Attends Brilliant Sophomore Prom Friday

The balcony were the class numerals, and showers of streamers in vivid colors were hung from the lights in the lounge. Clarence Lee's seven-piece colored band from Detroit played the dancing.

STATE ORATORS TAKE ALBION

To Debate Detroit City College in Little Theater Tonight at 8 o'clock.

Michigan State's crack debating team won an audience decision over Albion college at Leslie Friday night, to wipe out the defeat administered to them about a month ago by the Methodists. The Spartan orators, Kidder, Carroll, and Hutchinson, held the affirmative side of the question, "Resolved that the nations of the world should adopt a plan of complete disarmament except such forces as are needed for police purposes."

Tonight at eight o'clock, debate fans here will have a chance to hear the Spartan negative team in action, when the Green and White platform artists take on Detroit City college at the Little Theater. Prof. S. B. McKay of Michigan State Normal college, will be the judge.

A full schedule lies ahead of the Spartans for the next few days. Wednesday night the affirmative team goes to Detroit for a return engagement with City college. RUDY VALLEE... JALY BIANE in 'THE VAGABOND LOVER'

A perfect picture of the most colorful period of early American history is presented in "Cameo Kirby," Fox Movietone romantic musical drama, scheduled for showing Tuesday and Wednesday at the State theater.

The story of "Cameo Kirby" written by Booth Tarkington and Harry Leon Wilson is set in the Blue era in New Orleans, aboard a Mississippi River steamboat, and on a plantation in a picturesque Louisiana parish.

Rudy Vallee, America's newest idol, comes to the State on Thursday as "The Vagabond Lover." Rudy has a complete colorful musical background by the Connecticut Yankees, who, under Vallee's leadership, have charmed the world.

Among the songs which Rudy croons from the screen are "I Love You, Because Me, I Love You," "I'll Be Reminded of You," "A Little Kiss Each Morning," "A Little Kiss Each Night," and "I'm Just a Vagabond Lover."

TEA DANCES CONTINUE TO BE POPULAR AMUSEMENT

The bi-weekly tea dances continue to be a popular form of amusement with the students. Since the inauguration of the custom last year, the dances have been growing in popularity and each dance is now well attended by an enthusiastic crowd. Wednesday witnessed one of the largest crowds to ever attend this afternoon social hour.

It is planned to continue the dances for the remainder of the term with different college orchestra combinations furnishing the music as usual.

Ever so many people are inclined to feel neglected if they fail to get an invitation to something they didn't want to attend.

Laboratories are of inestimable value in the progress of civilization, but they also have been found useful in the breaking of notes.

STATE FIVE CLOSES SUCCESSFUL CAGE SEASON BY DROPPING FINAL TO MARQUETTE U. SATURDAY, 21-14

Van Alstyne's Team Won 12 Games Out of 16 to Feature Spartan's Best Quintet Record: University of Michigan Victory Most Outstanding Event of Year.

MICHIGAN STATE concluded a highly successful basketball season at Milwaukee, Wis., Saturday evening despite the fact that the Spartans bowed to Marquette university, 21 to 14.

Coach Van Alstyne's cage team put up a great battle against the Hilltoppers and were nosed out by an inspired quintet seeking revenge after tasting defeat here earlier in the season.

It was only the fourth defeat of the season suffered by the State basketball team and enabled them to establish an enviable record and take their position among the leading cage teams in the middle west.

The flashy green and white clad cage team defeated every team they met with the exception of Syracuse in the season's opener here and chalked up 12 victories. They dropped but one home game and that was to Syracuse.

The feature of the season was the installation of the splendid new \$8,800 portable basketball floor in Demonstration hall. This was made possible through the untiring efforts of Ralph H. Young, director of athletics, and made for a material elevation in the prestige of State court teams.

In previous years the Spartans had been unable to schedule home games with any nationally prominent teams but with the installation of the floor some of the best cage talent in the country was brought to East Lansing. The University of Michigan headed the attractive line of home games.

Much greater seating capacity was also provided when the floor was placed in Demonstration hall. Figures compiled by Director Young show that 25,610 persons watched the 10 home games held in Demonstration hall during the season. The dedicatory game with the University of Michigan attracted the largest crowd of the year when 7,767 packed the hall almost to capacity to watch the most thrilling game of the season.

State's whirlwind basketball team amassed 450 points during the season, as compared with 341 for their opponents. This is an average of 28 points per game. Although this is a little lower average than in previous seasons, Coach Van Alstyne guided the destinies of State court combinations. However, this is easily explained when it is considered that the new floor was much more difficult to play on than the court in the gymnasium and thus cut the scoring chances.

There is a plausible excuse for State's defeat by Syracuse in the final game of the season. Fred Ben Herrier was not yet in condition to play and this cut the team's speed materially. Although Harold Hagan rendered a good account of himself, inexperience handicapped him. Roger Grove had not broken into the lineup and his presence made a marked improvement in the performance of the team.

With this game out of their chests, the Spartans romped over Ohio Wesleyan and the University of Detroit in fine style. An eastern road trip resulted in an even break, State losing to the crank Bethans, 36 to 27 in the hills of West Virginia and then, following Carnegie Tech in Pittsburgh, on the following evening, 35 to 21.

State Wins Eight Straight A string of eight consecutive victories followed with the following team numbers among State's victims: Notre Dame University of Detroit Hope college Marquette university Kalamazoo college Bethans in a return game Oberlin college and the University of Michigan.

State dropped the second game of a home-and-home series with a Notre Dame at South Bend, Ind., 28 to 17 and then returned to beat Hillsdale college, 34 to 28 in a hotly contested game in the gymnasium. The portable floor had been removed to permit the military department to again use the riding hall. The curtain dropped on the basketball season with the closing of the second Marquette game.

The season's record follows: State 19 Syracuse 21 State 20 Ohio Wesleyan 26 State 26 U. of Detroit 36 State 27 Bethans 26 State 28 Carnegie Tech 23 State 28 Notre Dame 21 State 21 U. of Detroit 18 State 25 Hope 26 State 24 Marquette 17 State 33 Kalamazoo 22 State 36 Bethans 32 State 24 Oberlin 10 State 27 U. of Michigan 26 State 17 Notre Dame 28 State 14 Hillsdale 28 State 14 Marquette 21

Spartans Drop Final Game Marquette played heads basketball to defeat State in a tight afternoon game Saturday night, and then gained revenge for the 24 to 11 reversal suffered here earlier in the season. The Hilltoppers threw up a well matched perfect defense and waited for breaks to take the Spartans into camp.

The game was featured by remarkable defensive play on the part of both teams and the first seven minutes of play were scoreless. State grabbed a slim lead when Roger Grove bagged a free throw but Andrew elongated Marquette center made good on a hook shot about three minutes later to give the Wisconsin quintet a 2 to 1 lead.

FELT'S FRESHMEN LOSE TO WESTERN STATE SAT'DAY

Coach Carl Felt's yearling basketball team went down to their second defeat at the hands of Western State last Saturday at Kalamazoo when they absorbed a 30 to 22 defeat for their second reverse this year. Quising was the outstanding star for the Colery City team, averaging seven dimes and one free throw to garner fifteen points for his team. The lucky Kalamazoo center thus proved the downfall of the local cage team by scoring half of his team's points.

Kircher and Duffield scored for the Spartan team, securing three and two baskets, respectively.

The men selected for the team are Paul Kane, Marshall Goodwin, William Mott, Franklin Sherrer, Burton Dale, Gordon Evans, Dewey Penn, Franklin Walker, H. C. Olson and Donald Hinton.

MICH. COLLEGES COMPETE HERE IN TRACK, FIELD

Tenth Annual Indoor Carnival Saturday Draws Many Spectators.

The Tenth Annual Indoor Track Carnival staged by Michigan State last week end drew the best talent of the state in the state, and was held in the gymnasium at East Lansing.

The carnival was a success in every way, and the interest shown by the large gathering of spectators who gathered to watch Lewis, Detroit City college colored track, won the high honors of the day with 12 points. Michigan Normal was second with 8 points and Leaning Western State third with 7.

Of the 120 entries, 88 placed in the relay teams which placed 1st, 2nd and 3rd. The Spartan five mile relay team led its annual battle with the University of Michigan distance men. Fullerton and Swanson took a half lap lead on the Maize and Blue runners but Chase made it up on Frobie. Then McLaughlin running against Brown-McLaughlin State showed up much better than was expected, as the Michigan runner was a heavy favorite.
