Music -- Art and Drama

By ZURIT LEWIS
Wednesday, Theta Alpha Phi presents "The Kidnapper," a comedy by Robert Housley, at the State theater at 8:15 o'clock.

The more than usual amount of fiddle-scrapping, ivory-tickling and warbling that issues from the music building has at least a trace of method underlying the evident madness. The spring term recitals are about to begin, and the studios are rushed by ardent devotees who are endeavoring to memorize their pieces in the half hour preceding the performance thereof. Glen McCracken has already had two informal studio recitals, presenting seven or eight pupils at each, and Mr. Mack's students gave a program Friday afternoon.

The State Music contests have been held during the latter part of last week, two of our well known professors acting as judges. Prof. Arthur Farwell judged the contests held in Ann Arbor, while Leonard Falcone represented the college in Iowa City.

The Men's Glee club gave a concert in Birmingham and went on the air over WJR at Detroit Saturday evening. Although there was some difficulty about the special bus they managed to arrive in Detroit in time to render a fine account of themselves on the air. Elzer Solomon was again the soloist.

Miss Evelyn Fine, accompanied by Dorothy Green, furnished the music for the May morning breakfast at the Peoples church.

Miss Lorraine Kenfield played downtown for the Lansing Civic Club bureau at their weekly luncheon held at the Hotel Downer.

Michigan State's soil team opened its 1930 season Saturday with a decisive win over St. Johns university of Toledo. The match, which ended 95 to 21, was played on the new Walnut Hills course, where all the home city placements will be held.

Herz Minko, Green and White captain, was one of the men for the day with a 72. He teamed A. W. Duffield, pressing him closely with a 79. Cook St. Johns number one man, was next with an 81.

The score: Minko 88, defeated Cook 85, 13-30; Duffield 85, defeated Scott 82, 13-30; Minko 85, defeated Scott 82, 13-30; Scott 85, defeated Hatch 80, 13-30.

In a two ball match, Duffield and Minko took the measure of Scott and Cook in a fine match and took 500 to 400. Starting Wednesday, the Spartans make an 80 in a three-day trip that includes matches with the University of Michigan University of Detroit and a return match with St. Johns at Toledo. Elimination matches are being held Monday and Tuesday afternoon. This week's determine the persons on the team making the trip.

Senior engineers are at work on these Many Electrical Units are Studied Eagerly for Graduation Requirements.

Being electrical engineering students are at work on these Many Electrical Units are Studied Eagerly for Graduation Requirements.

Some of the men interested are making a study of relay installations that are to be constructed in the A. C. laboratory. Complete research in the field of induction motor compensation is a part of which the department received last year from the General Electric company.

Parallel alternator sets, secured from the Burke Electrical company, is being studied with an eye to show the fundamentals of alternator operation which has a bearing on the economic production of electricity.

A new type electrical installation to be used in the Capital National Bank under construction in Lansing is being studied to determine the code and methods of installation.

Leonard Falcone, Spartan band director, was in Iowa City, Ia., May 1, 2 and 3, where he acted as judge for the Iowa state music contests held there.

Scholarship reports for the spring term are due in the hands of class officers on Friday May 9. Because of the shortness of the term only one

JUDGING MEET HERE ON MAY 6

All Ag Students Eligible to Compete in Livestock Contest; Classes Excused.

Three loving cups and twelve medals were awarded to winners in the annual Livestock Judging Contest, the big event of the year for agricultural students, which will be held Tuesday, May 6, 12:30 p. m. in the pavilion of Ag Hall.

All agricultural students are eligible to compete. Freshmen, Sophomores, Juniors, and Seniors who participate, were excused from classes Tuesday afternoon.

The State Board of Agriculture will give the grand sweepstake cup to the individual scoring the highest in the entire contest. The Annual Husbandry department will give a cup to the individual scoring the highest in the four classes, horses, beef cattle, sheep and hog.

The Dairy department will provide a cup for the individual scoring highest in the four breeds of dairy cattle. Gold medals will be awarded to the high Freshman, Sophomore, Junior and Senior. Silver medals will be awarded to the winner in each of the eight classes of livestock. Subscriptions to various farm journals will be awarded to the second highest in each class. The third highest will receive honorable mention.

The awards will be presented at the annual college judging banquet, which will be held in the Peoples church Wednesday night following the contest. At the banquet C. E. Snyder, editor of the Daily Drivers Journal, of Chicago, will speak.

In past years the awards have been quite evenly distributed among all four classes. Last year Freshmen won first place in three of the eight classes. Sophomores won the sweepstake prize and the cup for horses, beef cattle, sheep and hogs, and this year the largest representation is expected to be from the Freshman and Sophomore classes.

At the fourth annual agricultural speaking contest held Thursday afternoon, Roy Clayton of Allegan won first place with his talk on "What is to be the Future of Farming in America?"

George Reava of Des Moines was second with "Beckoning and Dispersing Farms." A member of the Future Farmers of America Reava will represent the Michigan district at the first national Future Farmers speaking contest, Darwin Chamber of Benton Harbor, with "My Poultry Project," was third.

Each contestant was allowed 12 minutes for his talk with three minutes for questions by the audience. According to Prof. Wilspe of the Education department, the composition and delivery of the speeches were of excellent nature.

Maury C. Page, Pontiac, 19-year-old Carnegie Tech freshman, died May 4 from injuries received when he was struck by an automobile while walking home from school. The William Penn highway, as part of the transportation department's initiative.

STUDENT PULSE

Signed and initialed articles on any topic pertinent to student interests are welcomed in this column.

Dear Editor: It seems a strange thing that after a group of people have attended classes together for four years, they cannot mingle at an informal senior party. When you go to the army, this is the usual thing you see, a few couples on the floor dancing, a good tag line on one end and an equal number of girls on the side. All have come to have a good time but upon arriving the boys seem suddenly to acquire a fit of bashfulness and no longer make themselves affable and ask the girls to dance.

These parties are a nice college tradition. It would be a pleasant ending to our college life if we could carry away pleasant memories of these times together.

Why not make these parties more of a good time for all than for a few? — A SENIOR STUDENT.

TO ABANDON PLANS OF MUSIC FESTIVAL

Michigan Colleges Fail to Unite in State Meeting of Glee Clubs and Chorus.

Lack of interest among Michigan colleges has resulted in cancellation of the State Music Festival of college glee clubs and choruses planned for May 14 on this campus. Word to that effect was sent to Lewis Richards, head of the music department by Miss Ada Beking, state director of musical education.

Major music groups from the University of Michigan, University of Detroit, Western State Normal Central State, Michigan State Normal, Albion, Alma, Hope, Hillsdale, Detroit City college, and Michigan State originally signified their intention of participating in a friendly contest.

Scarcely 200 entries have been forwarded to the state headquarters before the final deadline, it was said, necessitating abandonment of completed plans for the state-wide festival.

Lawn Mower Demonstrated Before College Officials

Cutting an 84-inch swath with a power lawn mower was demonstrated to college officials Saturday for their consideration as a possible purchase as a part of the endless lawn equipment.

The power machine, a product of a Lansing company, is driven by a light tractor and carries three grass-cutting units.

The ability to turn in an area of its own size, its varied movements, and its cutting ability were apparently approved by Secretary H. H. Halladay, superintendent D. A. Davernest, and others who were present at the demonstration.

ESSAY CONTEST GETS RESPONSE

Michigan State News Short Story and Poetry Contest Ends May 9.

The response from the George E. Lawson Prize Essay, which ended on May 2, was good, according to W. J. Mollenburg, assistant professor of English. The various classes were well represented in the essay contest. The winner of the essay will receive \$25.00.

The short story and poetry contest, sponsored by the Michigan State News and the English department will end this Friday, May 9. Many manuscripts have been submitted for these contests. It was reported that more short stories have been entered this year than ever before.

In the short story contest there will be a first prize of \$20.00 and a second prize of \$10.00. The poetry contest offers a first prize of \$12.00 and a second prize of \$8.00.

Judges for the various contests have been very carefully selected and all of them will be people of literary fame. The judges rank from one professor at the University of British Columbia to another one at the University of Wisconsin.

The manuscripts are to be sent out immediately at the close of the contests. The results of the judges' decisions will probably be announced in about two weeks.

START WORK ON MANY CAMPUS IMPROVEMENTS

(Continued from page 1) drawn up by E. Glenn Phillips, Detroit landscaper, are being followed closely. Old dumps are being dug out, portions of the ground leveled, many shrubs and trees planted and general improvement carried on.

Work is not limited to new improvements. According to McKelvey, many of the old trees on the campus are in bad shape and will have to be treated for disease and decay.

The Buildings and Grounds department has found it necessary to hire extra men for the concentrated work and about 25 and 30 extras are on the payroll. These men will probably be retained during the spring months and several all during the summer, according to the department.

NOT DEAD YET, BUT DYING

Several times during the last two years, the Interfraternity Council has been brought to task in these columns. During the winter term of the present year the council seemed on the verge of coming to life but now all hope seems lost and the organization is dying, slowly but surely.

Since the first week of the term, nearly a month ago, the Interfraternity Council has been inactive. The president has not deemed it necessary to call for a meeting and but few of the members have had enough interest to inquire what has become of the council. It seems that since that organization has been awarded keys for the year's work, nothing further is necessary on the part of the president or the members.

We feel that there is a need for an Interfraternity Council on the campus but an organization such as exists, or rather is said to exist here, is of no value. A strong group would be valuable to all parties concerned but the present council is a disgrace to the college.

If the president of the Interfraternity Council will not assume the duties entrusted in his hands, someone else should step in and take up the work. If it is the fault of the body as a whole, then the council should be abolished or re-organized into an active group. We have waited patiently for some time in hopes that the council would improve but this seems impossible under the present circumstances.

The News is firmly convinced that the situation should be investigated by the Student Council and action taken on the matter at once.

THE PERNICIOUS HABIT

It has become quite common to see smoking on the campus. Not openly, perhaps, but still not covertly enough not to be noticeable. Members of the faculty are not blameless. Sometimes we think that they are the worst example to the undergraduates.

Three years ago, when campus spirit seemed to be strong enough to keep this practice down, no punishments were made nor none were needed. Now it is different. Ducking into by-paths and behind buildings to satisfy the cravings for nicotine has become so prevalent between classes that one wonders if this tradition has gone by the boards.

Smoking at night when crossing the campus is indulged in openly. Why shouldn't the cigaret fashion—for it is fashion in this day and age—be held in check at least until the outer boundaries of the college grounds are reached? A few duckings in the river accompanied by a good old-fashioned vigorous paddling would do much to instill the fear of God in the hearts of the students who do not understand what this tradition signifies.

This would seem to be the best cure for those who are not capable of figuring out for themselves that the custom should be prohibited. Let's be up and at them!

THEY HAVE AWAKENED

The sophomores during the past week have organized their forces and enforced the time-honored freshman traditions in a very commendable manner. We are glad to note the change in the attitude of the second year men. Congratulations!

Enforcement of traditions is a fine thing if they are carried out in an organized, sensible fashion. We believe that the sophomores have been doing good work during the past week.

Keep up the good work!

The M

"Coop" Ballroom Transferred Into Spring Garden for Term Party; Forestry Shindig Attracts Crowd

Five Fraternities Hold Parties During Week-End; Sororities to Hold Formal Initiation.

THE "COOP" girls staged their last and most successful party of the year Saturday evening at the Woman's building. The ballroom was decorated to resemble a garden, the entrances being surrounded by lattice work intertwined with flowers. A false ceiling of crepe paper in pastel shades which harmonized with the programs finished the decorations. Patrons for the affair were Dr. and Mrs. R. M. Olin and Mr. and Mrs. E. H. Maxfield. Dean Elizabeth Conrad and Mrs. Cora Brewer were guests. The Gold Diggers furnished the music for the affair.

The Forestry Shindig, one of the most picturesque parties of the year, drew the usual large crowd Friday evening. Five fraternities held parties over the week-end.

The Phi Kappa Theta held their spring term party Saturday evening at their home. Mr. and Mrs. A. J. Adams and Mr. and Mrs. A. B. Adams were guests at the party. Prof. and Mrs. M. M. McCool and Mr. and Mrs. C. Thomas-Stable acted as patrons.

The Phi Kappa Theta held their spring term party Saturday evening at their home. Mr. and Mrs. A. J. Adams and Mr. and Mrs. A. B. Adams were guests at the party. Prof. and Mrs. M. M. McCool and Mr. and Mrs. C. Thomas-Stable acted as patrons.

Scott at the Zoology lecture room. 5:00—Meeting of Co-ed Prom committee in Room 1, H. E. Bldg. 6:00—Exceller dinner and program. Wednesday, May 7— 4:00—R. O. T. C. parade. 6:15—Blue Key dinner at Phi Delta Kappa, State theater. Thursday, May 8— 4:30—Tea dance, Union ballroom. 6:15—Blue Key dinner at Phi Delta Kappa. 8:00—Sigma Xi lecture on "Thyroid Gland" by Dr. E. C. Kendall. Chemistry lecture room. Friday, May 9— 8:00—Co-ed Prom in Old Armory.

Co-ed Intramural Tennis Matches To Be In Doubles

Sport Managers Hold Meeting Friday; Makes Plans for May.

Decision to hold the co-ed intramural tennis matches in doubles rather than in singles as originally planned was reached at a meeting of intramural sports managers held Friday in the Home Economics building. Intramural baseball starts this week. All lineups in batting order are asked to be handed in at Miss Edith Lind's office by 1 o'clock of the day the game is played. A game will consist of five innings. A special meeting of the intramural sports managers will be held May 7 at 12:45 in the Union building for the purpose of electing a new intramural chairman and appointing managers. The baseball schedule follows: Alpha Phi vs. Kappa Delta, May 6, at 5:00; Women's building vs. Delta Alpha, May 6, at 6:30; Sigma Kappa vs. Sigma, May 6, at 6:30. Winners of the first two games will play each other on May 7 at 6:30. The winner of this game will play the victor of Sigma Kappa-Sigma.

W. A. A. To Sponsor Over-Night Canoe Trip Next Month

The annual overnight canoe trip sponsored by W. A. A. is scheduled for June 6 and 7. Co-eds who wish to go on this trip must pass a canoe test which consists of swimming, paddling, and getting back into a righted canoe after having turned it over in deep water.

Those girls who passed the test given last week will not have to take another for the over-night trip and any others may take the test, which is to be offered before June 6. The canoe test was successfully passed by the following 25 co-eds: Mary Marshall, Frieda Brief, Norma Cook, Marian Lee, Grace Banks, Audrey Clark, Holly Sleeper, Edith Gerlach, Arda Wilson, Ruth White, Myra Bassett, Louise Nyland, Frances Chapman, Marian Marks, Florence Hunter, Alta Parks, Maxine Curtis, Dorothy Leith, Virginia Paul, Anabel Robb, Esther Hillard, Alice Notlers, Christine Connor, and Mary Hillman. Practices in other sports must soon be completed. The time limit for track and archery is June 3, and for tennis and golf, May 29.

Breezy Movies Go Over Big With Tired College Students

When the tired student seeks recreation these days, he prefers to find it in a smart, wise-cracking, fast-moving comedy-drama, the manager of the State theater here revealed in an interview.

Pictures like "The Cock-eyed World," "The Golden Calf," etc., draw more from the ranks of the college than any other type. Many also like the outdoor, Zane Grey type, for example, "In Old Arizona," and these stories are second in popularity among State students. Few, though, care for the type of thing that John Gilbert plays in "His Glorious Night." Hot love scenes unless very skillfully done—trysts under the star-dotted sky and in the summer house, mainly heroic, during all for the love of an innocent maid, these are completely out, as you have probably noticed. One cannot hear the words for the loud smacking of lips, the low-voiced advice to the lover, and the frankly derisive boos. Conrad Naegel (though some think he's not quite so good) is the favorite screen lover, but most of the others are too wet for words.

Co-eds to Hold Prom In Old Armory Friday

Ticket Sale Opered in Sorority Houses Monday.

Plans for the well known affair for the year, the co-ed prom, which will be held Friday evening in the old Armory, are well advanced. The affair is sponsored by the W. A. A. and the two parties of the year from which seats are expected to be sold. The tickets are being sold in the sorority houses. The affair is being held in the old Armory, which has been recently renovated. The affair is expected to be one of the most successful of the year.

Home Ec. Students Make Field Trip To Detroit Friday

Three classes from the Home Economics department were in Detroit Friday on field trip. Over thirty made the journey. The class in the advanced home economics course visited the museum of the Detroit Art Institute, which the classes visited the Pack Walk shops and the Edison Moore & Co. wholesale dry goods concern. Both groups also spent part of the afternoon in the J. I. Hodson store.

Noted Tenor Pays Visit to Former Master, Gravure

Walter Knudsen, New York, a noted tenor, visited his former master, Gravure, in Detroit Friday. Knudsen, who has been in the city for some time, was accompanied by his wife and two children. He is a well-known tenor and has performed in many of the city's theaters. He is expected to perform in the city for some time.

Horticultural Dept. Will Give Award To Highest Senior

Announcement of a new scholarship was made known recently at the regular meeting of the Bee Keepers' Seminar. A scholarship of \$25 is to be awarded each year to the highest ranking senior horticultural student.

Program Planned For Next Meeting of Geology Class

The Geologic local geology club will hold a meeting Tuesday, May 6, at 4:30 o'clock in the Zoology lecture room. The public is invited to attend. Professor I. D. Scott will speak on "Michigan Landforms." This promises to be an interesting program, as Professor Scott is an authority on this subject.

State College Freshmen Open Season Saturday

Members of the Michigan State college freshman track team will engage in their first outside meet of the season here Saturday morning. The Alma college varsity and track teams will oppose the Spartan yearlings in a triangular meet.

Early Reservations Are Made for Dormitories

Many interested parents are looking over the rooms in the college women's dormitories preparatory to reserving them for their daughters next year. At the present time 14 reservations have been made for the Woman's building. This is unprecedented considering the date and seems to be a prediction that there will be a larger number of freshmen girls than in previous years.

Eight Sororities Complete Spring Term Initiations

Formal Barquets Follow Ceremonies in Which 26 Are Initiated.

Formal barquets followed the initiation ceremonies of eight sororities at the Phi Kappa Theta home Saturday evening. The ceremonies were held in the home of the Phi Kappa Theta, which was decorated for the occasion. The new members were initiated into the following sororities: Alpha Gamma Delta, Beta Beta Beta, Gamma Phi Beta, Delta Gamma, Epsilon Phi, Kappa Delta, Lambda Chi Alpha, and Sigma Xi.

Chemical Society To Hold Meeting In Battle Creek

The Michigan Chemical Society will hold its monthly meeting in Battle Creek, Mich., on Tuesday evening, May 13, at 8 o'clock. The meeting will be held at the Battle Creek Hotel. The program for the evening includes a paper by Dr. T. E. Young on "The Electrolysis of Aqueous Solutions," given by Dr. T. E. Young of the University of Michigan.

Griffin Hurls State Nine to Victory Over Ramblers

NOTRE DAME TURNED BACK, 3-2 IN HURLERS' DUEL SATURDAY; SOUTHPAWS WAGE MERRY BATTLE

Coach Kobs' Pitcher Allows But Four Scattered Safeties; Strikes Out Six Rambler Batters; Barnard Leads Spartans in Hitting With Brace of Safeties.

MICHIGAN STATE'S BASEBALL NINE defeated the strong Notre Dame university outfit, 3-2, here Saturday afternoon in a game that developed into a southpaw mound-duel between Charles (Chip) Griffin, States sophomore hurler, and Pat of Notre Dame. Griffin held his opponents at bay throughout the game in one of the best pitching exhibitions seen here this year.

The Spartan left-hander let the Ramblers down with but four scattered hits and struck out six batters during the course of the game. With the exception of the third inning, Griffin was not in trouble at any time, and in the final three innings he set the Irish down in 1, 2, 3 order. Saturday was the hurler's first appearance since the Syracuse game in which he retired early because of a lame arm. His showing against Notre Dame displayed that he is again back in shape.

The scoring was confined to the second, third and fourth innings. State scored two runs in the second, the Irish retaliated with two in the third, and the Kobsmen put over the winning run in the fourth.

Two hits and an error accounted for the Spartan tallies in the second. Capt. Sachs was safe on an error by Askew, Rambler second sacker. Barnard sacrificed Sachs to second. Pevic singled to score Sachs and tallied himself while Griffin and Crall were safe at first on a long triple, scoring Askew. Palermo scored on Febery's bunt and the rally ended there.

Jabber, Barnard opened the fourth with a hard single to left. Pevic struck out but Griffin was safe at first on an error by Sullivan. Irish first baseman Barnard going to third, Crall grounded to Palermo Rambler shortstop, who in trying for a double play stepped off second base before he received the ball, allowing Griffin to take second and Barnard to score on the play. Knusel popped to O'Keefe to end the inning.

Griffin got into trouble in the third after striking out the first batter. He walked Askew, and Palermo connected with one of the portside's offerings for a long triple, scoring Askew. Palermo scored on Febery's bunt and the rally ended there.

Jabber, Barnard opened the fourth with a hard single to left. Pevic struck out but Griffin was safe at first on an error by Sullivan. Irish first baseman Barnard going to third, Crall grounded to Palermo Rambler shortstop, who in trying for a double play stepped off second base before he received the ball, allowing Griffin to take second and Barnard to score on the play. Knusel popped to O'Keefe to end the inning.

THREE SPARTAN RELAY SQUADS PLACE AT OHIO

22 of 35 Meet Records Fall in Wildest Competition in Buckeye State.

RELAY TEAM SHOWS WAY

State Men Take a Second and Two Thirds Against Crack Teams.

Thinclads Show Strength
From the standpoint of individual winners, Coach Ralph H. Young's track team met with the best success in recent years at the Ohio Relays held in Columbus, O., Saturday. The Spartan thinclads brought home 12 important relay trophies for outstanding individual performance. The State track team did not win any first places, which is a little below the standard set in previous years but numerous placings in the money made the competition successful.

Especially gratifying to Coach Young is the fact that the State team earned a higher ranking than Ohio State in the Ohio Relays, while the Buckeye thinclads placed second in the Penn Relays the previous week.

Champs to Run Here
Two Olympic champions will run here Saturday afternoon when the State track team meets the Notre Dame university thinclads. Wilson, of the Canadian A. C., a quarter miler who is also a capable performer over the half mile course, and Little, a half miler who will probably also step the 440, are the two title holders on the Irish squad. With these two speedsters as the nucleus for the strongest Irish team in years, Notre Dame will be favored to defeat the State thinclads with ease.

Competition Ahead
Unless Coach John H. Kobs is pleasantly disappointed, local baseball fans will have a chance to see one of the most highly touted left-handed pitchers in Michigan collegiate circles work here Saturday afternoon when the Spartan nine tangles with the Western State Teachers college team in the final game of the season. Nieng-fen, rated as a very capable sophomore out-pitcher, is slated to oppose the Spartans.

A large percentage of left-handed batters on the Kalamazoo nine adds to Coach Kobs' worries. He expects to use Charles (Chip) Griffin, also a sophomore portside, on no man ability, on the mound. Charles turned back the powerful Notre Dame nine handily Saturday and another mound duel is expected this week.

STATE NETMEN DROP TWO WEEKEND MEETS

Northwestern University and University of Detroit Teams Defeat Spartans.

State's tennis brigade dropped two titles on the tennis courts Friday and Saturday. Friday afternoon the crack Northwestern university combination handed the state netmen a complete shut-out for a 9-0 score. Saturday the University of Detroit Titans invaded East Lansing to down State in a 7-5 meet.

STATE GRIDMEN IN SCRIMMAGE

Crowley's Charges Defeat State Normal Eleven in Game Saturday.

Coach Jimmy (Stevy) Crowley had his first opportunity to get an idea of what he can expect from the football team Saturday when he sent his Spartan grid charges through a series of formal spring game with the Michigan State Normal colleges eleven from Ypsilanti. Coaches of both teams were on the field to correct numerous faults in playing which cropped out during the game, but the contest was of official length.

The Spartan grid mentor is certain of one thing after this spring game, and that is he has plenty of work cut out for himself and staff before he will have a capable varsity eleven. The passing attack was working smoothly very early in the practice game. However, Coach Crowley is far from being discouraged and believes that he can whip a strong eleven into shape before the start of the 1930 season.

The State gridder scored three touchdowns, one in each of the first three periods. While the Ypsilanti eleven was unable to cross the Spartan goal line, the Normal gridder threatened
