With almost every society going forward with their float preparations, plans for the annual Venetian carrival June 12 and 13, are rapidly rounding into shape. A slight change has been made in the original plan as submitted by Paul Troth in order to give each society a float that they could stage more easily and effectively.

A second National Defense representative has been approved by the water carnival committee and has been allotted to the S. A. E.s... The Olympics were given the second History float.

As there is little more than a week remaining, any society that has not yet formulated plans for their float is targed to do so. The committee must have the whole-hearted support of every fraternity and sorieity to make the event the success it has been in other years.

In case any society desires special and the contributes of A. W. S. will install these girls. Martha Farley, Misrall History, Misrall History, Misrall History, Misrall History, Martha Farley, Misrall History, Misrall History,

Beginning with the annual Swingout ceremonies staged last week, the traditional senior activities get into full swing with the observance of the time-honored Lantern and Cap Nights

Tonight the co-eds of the four classes will march in a parade around the campus after which the traditional ceremonies of passing the colored lanterns down from class to class will be enacted. This characterizes the transferring of responsibilities of the various classes.

or the various classes.

Cap Night, which is one of the oldest and best-liked spring term events on the campus, will be held on Wednesday evening. At this time the seniors will cast their books into the huge bon-fire signifying the close of their college careers while pajamaclad freshmen will frolic around the fire to discard their green pots. The passing of the senior banner bearing the numerals of all the graduating classes for the past two decades to the pots. The passing of the senior banner bearing the numerals of all the graduating classes for the past two decades to the junior class, the public installation of the new Student Council purpose. president, and several other events are scheduled on the pro-

seniors are severing their connections as active members of the student body in the two ceremonies this week. members of the student body in the two ceremonies this week. The graduates of 1930 will leave the positions of leadership which they have held for the past year for others to take charge of. Lantern Night and Cap Night marks the birthdays of the classes for the entrance of the seniors into the alumni group, the juniors into their final year of their college life, the sophomores into the ranks of the upperclassmen, and the elevation of the freshmen to positions of second year classmen.

NEW MAIL PLAN SEEN POSSIBLE about 9 a. m. each day and would then of course have to be sorted and placed in the boxes in use there most of the students are attending classes at that hour so the day and would meet with my hearty approval, provided a scheme could be worked out satisfactory to all concerned.

However, I believe it but fair to the opposing the proposed change, for, as

feet the delivery of their mail.

At the present time nearly all societies have individual boxes in the postoffice and their members have access to same at all times from 6.30 in the morning until 9.30 at night.

NEW MAIL PLAN SEEN POSSIBLE about 9 a. m. each day and would then

However, I believe it but fair to the students that would be affected by the change to point out some things that see it adopted, but as stated above, I might not meet with their approval if they understood just how it would attend to now just how it would affect the serv-

critical smokers all around the world.
You simply must meet Edgeworth
somehow Buy a can of it, or borrow
some, or let us send you several pipefuls, free, just to taste. Use first the
coupon and then restraint until the
postman comes with the Edgeworth.
You'll bless the day, for good tobacco
in a pipe is what you want. CU SI SPEND YO

Under ideal conditions in the theory and tech When the course is find ment tests for your pile. Located on beautiful twenty miles from Det in the world.

LEARN TO

SPEND YOUR VACATION ABOVE THE CLOUDS

Under ideal conditions you will be given a therough course not only in the theory and technique of aviation, but also will be taught to fly. When the course is finished you will be prepared to take your government tests for your pilot's license.

Located on beautiful Grosse Ile, at the mouth of the Detroit River, twenty miles frem Detroit, you will fly from one of the best air ports in the world.

Recreational activities—Golf, Swimming, Sailing, Baseball and other sports are planned.

nen can be accommodated.

For further details see E. F. Irvin, special representative, at the Union Building Today and Tomorrow, June 3rd and 4th.
