## SOCIETIES RAISE ACADEMIC MARK FOR PAST YEAR

College Average Is Bettered By Fraternities and Sororities.

### GMA KAPPA HOLDS LEAD

Registrar's Report Shows Record of 1929 to Be Slightly Higher.

Once again the scholastic average of college fraternities and sororities considerably higher than the all-college average, according to a scholastic report for the past year recently received from the office of the registrar. The all-college average exceeds the college average by .04 of a point, mark of the former being 2.989 and that of the latter 2.953.

GMA Kappa sorority leads the list with an average of 2.974 thereby taking the high mark for 1929 of 2.972 by Alpha Chi Omega. First among fraternities is Theta Kappa Nu with an average of 2.969. It also held the record for 1929 with an average of 2.969. It is slightly higher than that of 1929 by 3 of a point. Ten of the first 13 of the list sororities which places the co-eds above the fraternities.

Only 10 of the 30 societies on the list averaged higher than the all-college mark, compared to 21 of two years ago. Three fraternities fell below a C average. Compared to 1929 averages as a whole are lower. All-society and all-college averages have fallen .5 and 4 respectively. The marks of two years ago are complete list is given:

Theta Kappa Nu	2.974

## AN IMPROVEMENT

Student conduct at the Michigan game was exceptional in that abstinence seemed to be the rule rather than the exception. A reflection upon the games of the past three years shows an improvement in this direction. Radicalism on either side of the prohibition question is by no means recommended for anyone, but the trend would seem to be towards a decorous conduct away from home.

The day of roistering and heavy drinking is surely passing. The swing of the pendulum is towards a saner mode of living. After the hectic period of ten years after the adoption of the eighteenth amendment, a more temperate mood is becoming the keynote of life for those who KNOW. And who ought to be in a position to know how to live more than the people who go to school to learn that very thing? After all, that's the primary benefit of four years in college.

Of course there were exceptions to gentlemanly conduct Saturday. But these were no glaring exceptions. Most of the drinking was done by those veteran imbibers who may be depended upon on every occasion.

One of the worst examples to the undergraduate body so far as celebration goes was through the channels of the class room instructors on the last few days preceding the game. Several of them seemed to take drunken revels for granted; that the student body would naturally indulge in intoxicants. The prevailing pedagogical wit was humorous inferences that students WOULD indulge in inebriation.

No class need be a model for Sunday school procedure, but the place for such humor is certainly not in the classroom. Such references are indecorous; the place to begin education along temperance in any phase of life is in the educational institution. Whatever leanings a student may have on temperance should not be influenced one way or the other in the classroom.

## "THE BEST DRESSED MAN"

It takes more than a startling array of haberdashery and the impeccable taste of a Beau Brummel to carry off the proud title of "best dressed man" of the senior class. Don't forget that health is a vitally important factor. Shredded Wheat adds that glow of health that makes splendid raiment becoming. Mineral salts and bran to

promote a good complexion — carbohydrates and proteins for energy and freshness — vitamins for pep and vigor. Try a biscuit or two tomorrow morning — delicious with milk or cream, and a few slices of your favorite fruit.

# SHREDDED WHEAT

## October Schedules for Peoples Church Include New Ideas

A varied program embodying three new organizations and two new ideas in religious activities has been outlined by the Peoples church for the month of October.

Among the new organizations are the Freshman Forum, which will meet at 12 o'clock on Sunday, will be directed by Dr. E. L. Austin and Prof. R. B. Linton of the department of Education. The first meeting of the Freshman council will be held at the church Oct. 15 with supper at 6 p. m. and the business meeting at the home of the director, Norman W. Kunkle, at 7 o'clock. The Hungry club is an institution for unattached college men wherein the Y. M. C. A. offers a cordial invitation for men to take lunch every Wednesday noon at 12 in the Grace E. Lyon cafe.

Every Friday night at 8 p. m. a fun night will be staged in Peoples church. October 3 Prof. R. B. Wilkes of the English department will give a dramatic reading of a Barrie play as a part of the program.

Graduate students and young instructors will meet at 8 o'clock Sunday evening to discuss current religious and social problems. These are the two new ideas on the church program.

The Students' Citizenship league will be addressed Oct. 12 by Prof. H. B. Dirks, head of the engineering department, on "Changing Your Ideals with Your Residence."

The Students' Christian Union, Fleming A. Barbour, 32 president, will hold a weekly 5 o'clock social hour on Sundays.

## Publish Deadline for the Approval of Social Affairs

Announcement of Oct. 15 as the deadline for the approval of parties was made by the college social committee this past week. All petitions for social affairs must be turned into the office of the dean of women before that time. The committee has also announced that due to the large number of social affairs scheduled for homecoming week end parties will be allowed off campus. If any dances should be scheduled as soon as possible since only three will be allowed each term.

## LECTURE COURSE SPEAKERS NAMED

(Continued from page 1)  
Lakes, "Promises of Time," and "Solitude of the Soul."  
Maurice Hindus, noted young author, traveler, and editorial observer, will give an interesting speech on Russia on Feb. 10. After graduating from Colgate university and Harvard he gained high distinction as a speaker and a writer. He is the author of a book on the Russian peasantry which is regarded as a classic the world over.  
Tom Skryhill, the adventure-loving young Michiganian, former soldier, poet, biographer, playwright, author and student of world affairs will give a very inspiring talk here on Feb. 17. He has lectured in every state in the Union. All students who heard him last year will be more than anxious to hear him again.  
Count von Ferkner, known as the "Sea Devil," will again speak to an East Lansing audience on March 4. He is a member of an old and famous military family, a descendant of a marshall of France. His thrilling story of his adventures, spy work and comic opera exploits on the Seven Seas is a graphic and tremendously interesting story. Like Lind

Prof. C. M. Cade, of the civil engineering department, has recently returned from a meeting of the American Society of Civil Engineers at New York City. He is a member of the American Society of Civil Engineers, and has been a member of the American Society of Civil Engineers for many years.

## 123,000 tests a year

In the Crane testing laboratories, the weight arm of a specially designed machine measures the steadily increasing load suspended from a small cylinder of metal. Watching it intently is a man who has at his command instruments that measure to .00005 of an inch. The cylinder begins to yield; he notes the weight. It snaps; he notes the weight. Disengaging it, he measures the stretch and diameter at the breaking point. These tests form a part of the 123,000 determinations Crane Co. makes on its own materials every year.

63,000 of the tests are chemical; not one component from pig iron to limestone flux is charged in a Crane melting furnace whose suitability has not been determined by analysis. 60,000 are physical; not one hour's melt is drawn off in a Crane foundry whose physical properties—tensile, transverse, and torsional strengths, yield point, breaking point, elongation, and reduction of area are not known.

By such exhaustive tests and by researches of scientists in Crane laboratories, a vast body of authoritative data on metals and their properties has been collected. It is embodied in a book, "Pioneering in Science," which is an invaluable reference book for students. On request, we will send it to you.

## Campus Settles Down for Week of College After Gay Social Whirl Following Michigan Game

Trimora, Sigma Alpha Epsilon Phi Kappa Tau, and Pi Kappa Phi Societies Entertain Friday With Open Houses

**BACK ONCE MORE** from the big game, the campus folk have settled down for a quiet week before entering on the social program of this week-end and the still larger one of the Homecoming week. A number of open houses were given on Friday night by the fraternities but the campus was deserted on Saturday night with most of the student body spending the week-end in Ann Arbor and Detroit attending various parties.

The highlight of the week was the mass meeting and dance held last night in celebration of the Michigan game. Special permission was extended to couples which swelled the attendance at the dance to five hundred people.

The date for the annual president's reception has been set for October 14 and will be held in the Union building. Only the full fledged faculty members will receive invitations this year. Some under instructor rank being invited. Battered's orchestra has been invited to play for the dancing.

More than 35 couples danced to a Pagan-music orchestra at the Trimora open house Friday evening. Prof. and Mrs. H. B. Dicks and Prof. and Mrs. L. C. Kromm were the patrons.

The Gold Diggers played for a large crowd at the Sigma Alpha Epsilon open house Friday night. The patrons for the party were Prof. and Mrs. C. B.

## CAMPUS CALENDAR

**TUESDAY**  
4:00 Officers' club meeting  
4:30 Union board meeting  
8:00 Michigan Agricultural staff meeting, Publications office

**WEDNESDAY**  
12:00 Broughton Dairymen meeting Union porch  
12:00 M. State college luncheon, faculty dining room  
7:30 A. P. M. E. meeting

**THURSDAY**  
5:00-10:00 Class meeting, physics lecture hall  
5:00-1942 Class meeting, odds hall

**FRIDAY**  
8:30 Union party, Union railroad

## Freshman Co-eds Completely Teed

"I want to be a security girl, then and a little bit more," teased the young Freshman, her hands clasped around her fifth cup of boiling tea and clutching her fifth waddy plate of sandwiches on her knee. For the fifth time she poked through the cream-and-sugar quiz and waved off the French party that was rapidly approaching her.

She managed to keep up a spirited conversation with the prominent woman returned for just such rushing teas as these, wishing for Heaven's sake the woman would let up on her rapid-fire cross-examination before the security plate succeeded in smothering itself.

Her make-up was beginning toicken and die into a dismal blur. Five cups already and six more to go. This all-security open house idea was an inspiration, but she hoped there would be a sudden cessation of the tea-pots in the other houses.

Finally she managed to gulp down the remaining liquid, totally paralyzing her faculties in the attempt, but nevertheless stimulating the extra calories. Meanwhile the food chairman went down to a more comfortable in the atmosphere, faintly smacked the house for anything else.

"This may be in for years," she moaned, falling into complete collapse. "Ting out the carry-over. My gosh, how those Freshmen eat."

or has not yet been revealed but will probably be someone on the faculty.

The Michigan-Michigan State alumni held a banquet in the Union building Friday evening. Miss Frances Ayers and Mr. Fred Smith gave the toast during the evening. J. W. Sexton was the toastmaster and Lee Hancock was master of ceremonies. Short talks were given by Dean R. A. Stone, Judge C. D. Gillingham, Prof. James Crowley, Mr. Bayard, Mr. Burke and Mr. T. H. Hickey Tapping.

Kate Phillips, a popular alumna of Michigan State, was married yesterday noon to George Harris in the chapel of Peoples church. Mr. and Mrs. Harris were both from Bay City, and will reside in Detroit.

W. A. A. will hold its first general meeting of the women in the Little Theater Thursday at 7 o'clock. All members are being urged to attend this meeting.

## House Presidents and Chaperones Meet With A.W.S.

The house presidents and chaperones of the various societies and women's dormitories held their first meeting Friday Oct. 3 in the Home Economics building. Miss Mary Lee Lipka, vice-president of A. W. S. presided. A. W. S. is asking the cooperation of every student in carrying out the following plan:

1. There will be no smoking in dormitories or social houses.
2. Quiet hours: 8-11 a. m. Monday to Friday inclusive. On Friday and Saturday evenings quiet hours do not begin until 10:30 p. m. On Sunday morning they extend until 1:30 p. m. Freshmen are to be in their respective houses at 7:45 Monday, Tuesday and Thursday nights and 9 Wednesday and Sunday nights.
3. Chaperones, fathers and mothers are to be in their respective houses at 10 o'clock except Friday and Saturday nights. Spring term seniors are to be in at 11 o'clock week nights. These rules become effective the night before school opens. Freshmen with no fathers or mothers will have the dormitory an average of 10:30 and winter may for overnight except week-ends when permission must be obtained from the house chaperone. Special arrangements must be made with house chaperones for return later than 9 o'clock (freshmen) and 10 o'clock (upperclassmen) on Sunday or following holidays. 14 Freshmen must enforce the rule of quiet hours.

6. Men callers shall leave at 7:45 (freshman houses) except Wednesday and Sunday at 9 p. m. 10 o'clock (upperclassmen houses) except Friday and Saturday nights when they shall leave at 12 o'clock.

7. A class record shall be kept of late minutes. An accumulation of 15 minutes means the forfeiting of one week-end night chosen from the next week-end in residence. A repetition of this offense means the forfeiting of one entire week-end as decided by the house council.

8. After parties girls are to be in their dormitories by 12:15 o'clock during fall and spring terms.

9. Girls must receive special permission from the president of A. W. S. to attend parties which are not college functions or to be absent from their houses other than week-end nights.

10. Women shall not go to fraternity houses or men's clubhouses where an approved chaperone is not present.

11. On Friday and Saturday nights girls are to be in their respective houses at 12:15 o'clock, winter and spring terms.

12. Girls leaving their houses shall leave address to which they are going with house chaperone.

13. Girls are not permitted to leave the dormitory an average of 10:30 and winter may for overnight except week-ends when

permission must be obtained from the house chaperone. Special arrangements must be made with house chaperones for return later than 9 o'clock (freshmen) and 10 o'clock (upperclassmen) on Sunday or following holidays. 14 Freshmen must enforce the rule of quiet hours.
