**KNOW YOUR INSTRUCTORS**

An all too prevalent notion among college students is that professors in general are so far removed from the youthful attitude that it is difficult to gain an understanding with them. Classroom technique and formality is no doubt the cause of this for it many times gives a pedagogical air to the instructor that is only superficial.

Students oftentimes find that the most starched and stiff teacher develops into a very human person after a few minutes personal conversation. Far too many students neglect to become acquainted with their instructors through this route, even going so far as to have a face to face talk with them during a whole term.

Nearly all of the college professors have a keen insight into the personal problems and thought of the younger generation today, but it only remains for the student to uncover this fact. Contacts with the instructor are one of the most remunerative factors in higher education. Backed by a wealth of personal experience, knowledge, and psychology, the professor is in one of the best positions to contribute to the thought of the student.

Time spent in becoming acquainted with your instructor is well rewarded from the associations and contributions gained.

**CAMPUS CYNIC**  
By JOHN TATE, Jr.

The editor has gone to the game (the what difference that makes we can't discover) there are no lights in the news office everybody's in a sweat, no one's going to be here Friday (the day the paper comes out, in case you don't know) anyway—why turn out the damn rag?

Two freshmen were apprehended coming out of the women's rest room in the Union. They appeared to be slightly embarrassed.

The junior who wrote the Freshman and Sophomore reactions to the class rush didn't do justice to the soph. He made them sound like a group of Hermians after a party up the river.

A fresh last Friday that the sophomores were trying to corral, chased them and with the mad dash took refuge in its cool dim halls. When men rush into the arms of women for protection the red blood of the race begins to curdle.

It doesn't make any difference over at the hospital whether you have a broken arm or a flock of bolts you get the same a light, treatment. The other day the fuse burnt out and they had to close the hospital doors.

Our enjoyment of the send-off to the team Wednesday was somewhat dimmed by the demoted individuals who threw down parts of the roof of this Hall.

Cats and dogs to say nothing of a lot of men students are finding a haven of refuge in the women's building. The canines and their logical enemies are casting imploring eyes toward the inmates of the coop, begging for food, shelter, and pitying. We are afraid they may starve or get all wet but they won't lack love. Practice makes perfect. The authorities are afraid that the coop is being turned into an animal pen. What difference would it make.

They're there—the red-headed freshman girl that gets the big rush at the tea dances. Her perpetual smile is a thing of beauty and a joy forever. She turns it on brilliantly for each hopeful that cuts in and they quake inwardly as she flashes its radiance on them. Call her Cleo, she loves them all!

Late news bulletin: Burglar apprehended on the sleeping porch of the Thomson house Thursday night. Goods of excitement: Helpes rush madly to the rescue. We suspect they were already there. (Not the sleeping porch.) But the foul stench escapes their valiant clutches. Oh, unfortunate Helpes, they miss the headlines by only a matter of inches. It is vaguely rumored that the village deathly are heavily on the hot trail.

Go get Georgetown's guests tonight East entrance turns each eye. One offered obdurate opposition. Fawning sycophants rushing tipping. Come over grassy, grassy and girly. Evening elicits evasive effort. This laugh to tell this terrible tale. Obstrepous opponents obdurate obstruct. What warriors weak wretch wreck-oh-oh. Now never neglect needed numbers.

# STATE HARRIERS MEET MICHIGAN

### Ten Men Make Trip to Ann Arbor Saturday; Chamberlain Favored to Win.

Fresh from a clean victory over the strong Butler university runners, Michigan State's undefeated cross-country team leaves Saturday morning for Ann Arbor, where they will match strides with the Wolverines in their annual dual with the University of Michigan.

Little is known of the strength of the White and Blue Harriers, but it is a certainty that the relative difference between the two teams will be far less than it was last year, when the Green and White runners scored a clean sweep over their state rivals, Pittsford, Wolfe, and DeAnna are Michigan's best bet this year, which will be over a five mile course.

The victory over Butler last Saturday sent Spartan cross-country back up quite a number of notches, inasmuch as the Bulldogs had scored an easy win over Nixa State in a previous contest. Since State meets Nixa State later in the season, results so far argue favorably.

Captain Clark Chamberlain, who set a new course record for the four mile distance here Saturday is hoped to take the event at Ann Arbor quite easily. Ten State runners will make the trip, only five to count in the scoring. Don Conrad, Earl Rasmie, Howard Clairhouse, Don Price, Bob Elliott, Stanley Prishie, and three others who have not as yet been decided upon, will run with Chamberlain.

### Initial Meeting of Dance Organization Will Be November 6

The first meeting of the Orchestra, the honorary dancing club will be held next Thursday evening, Nov. 8, at 7 o'clock in the dance studio of the gymnasium. Members of Orchestra invite all other students interested in the coming future members to this meeting. Membership is open to any girl who achieves a sufficient mastery of the dance, from both the technical and the artistic point of view.

The club devotes itself to original creative work, the recreation of music, poetry, myth, and legend into the movements of the dance. From their regular work they develop programs for "studio evenings" or "quest evenings"—informal recitals in which the students present their own dances to friends whom they have invited.

## Even brain-workers and frat-house fans get "ATHLETE'S FOOT"

YOU don't have to be an athlete to get "Athlete's Foot." Men who do their daily doze in the library giving the old bean a big workout; and the boys who do a mental marathon in class but never try for the track—as well as those who really do give their muscles to Alma Mater—any and all are just so much good red meat to the tiny germ which has spread this ringworm infection everywhere. *Trichophyton* is its name and it's the cause of "Athlete's Foot."

In universities from Pennsylvania to California, it has been found that 50% of the men have it. The U.S. Health Service has reported that "at least half of all adults suffer from it at some time." Co-eds are not immune from this trouble, either.

It lurks in the very places where we all go for cleanliness and health—on the edges of swimming pools and showers—in gymnasiums—on locker- and

### Intra-Mural Sports

Clubs, Physical, Fall 6, 200 for his second year, which have proved to be the highest for the territory in the week matches at the Pauline and Olympic alleys. Two unbeaten teams clashed when the Physical met the Alpha Gamma Beta. Neither team escaped from the encounter unscathed. Physical (2314) won again by defeating the Alpha Gamma Beta (2295), two out of three games.

However, the Physical managed the better to clean slate of the Physical by easily taking the second game 700 to 718. This was the first game dropped by the Physical in their nine starts to date. P. Howell was again high man for the Alpha Gamma Beta with 171 pins to his credit in the winning second game. Thomas (188) and (224) defeated Phi Chi Alpha (218) and last week won from the Heronians. They have gathered four out of their six games so still maintain their 666 standing. Dixon (186) again stood high for Trinitaria and Schaefer (158) was best for the Phi Chi Alpha team.

The other four games scheduled for the evening were temporarily postponed because many of the players have gone to the Georgetown game. The standing of the fraternities in the tournament at present, with the number of games played and the number won is as follows: Physical 5-8, Phi Chi Alpha 4-6, Alpha Gamma Beta 3-5, Phi Kappa Tau 2-5, Kappa Sigma 2-4, Heronian 4-2, Delta Sigma Phi 4-0, Sigma Alpha Epsilon 0-6, Pi Kappa Phi 3-3, Phi Delta 2-2, Gamma 3-2, Lambda Chi Alpha 3-1, Theta Kappa Nu 3-1, Heronian 3-1, Epsilon 2-0, Delta 2-0, Union Literary 2-0.
