

ELABORATE CEREMONIES MARK MARY MAYO HALL DEDICATION HELD IN NEW BUILDING TODAY

Gov. Wilber M. Brucker Slated to Give Principal Address of
Afternoon; Hon. L. Whitney Watkins to Present Build-
ing to Students; Dr. Nelson Mayo Speaks.

Formal opening of Mary Mayo Hall was to take place this afternoon at 3 o'clock with a program for faculty members and invited guests. Due to the lack of space, only 100 guests can be accommodated at this time.

Hon. L. Whitney Watkins, chairman of the State Board of Agriculture, was to preside over the proceedings. President Robert S. Shaw was to give an explanation of the naming of the new women's dormitory after Mary Mayo; following which, Dr. Nelson Mayo, son of Mrs. Mayo, was to speak in response.

A solo by Michael Press would be the next feature of the program.

Following this, Governor Wilber M. Brucker was to deliver an address on "The College Woman" and Miss Beatrice Brody was to render three vocal selections. The presentation of the building to the students of Michigan State College was to be made by the following: an acceptance by Mrs. Marion Kline, president of A. W. S. The program it was planned to have the chorus of Mary Mayo singing the "Alma Mater".

Beginning at 3:45 a reception will be held for those attending the program and other invited guests. A reception line made up of Pres. and Mrs. Shaw, Gov. and Mrs. Brucker, and Mrs. Mayo, Sen. and Mrs. Randall, and Mr. and Mrs. Kedzie, was scheduled to welcome the guests and girls living in the hall were to conduct them on a tour of inspection. Punch was to be poured in the banquet hall by the wives of the deans of the various departments.

In the evening the building will be thrown open to all students, faculty members, and friends of girls residing in the hall beginning at 8 o'clock. Those who will be in the reception line at this time are Pres. and Mrs. Shaw, Sen. and Mrs. Randall, Dean Marie Dye, Dean Elizabeth Conrad, Mrs. White and Mrs. Coburn, chairpersons of the dormitory, Miss Eleanor Baird and Margaret Cole, presidents of the east and west sections of the building respectively.

Punch will again be served and guests escorted through the building by the residents of the dormitory. Music will be furnished in the West Wing of the building during the evening reception by girls of Mary Mayo Hall.

Those in charge announce that admission to the building can only be secured through the East entrance.

AGRICULTURIST
TEN YEARS OLD

Will Celebrate Anniversary
With October Historical
Issue.

The October issue of the Michigan Agriculturist will mark the tenth anniversary of its appearance here. This year the staff is preparing a number which is of historical interest to everyone. The features are of Dr. Kedzie on the college sixty years ago.

Wanda Mitchell, editor of the Michigan Agriculturist, announced the tenth anniversary policy of the publication for this year. Its aim is to be to promote a tightening of ties between the various agricultural departments. The foremost aim is the agricultural extension, the landscaper, the livestock exhibitor and the farm manager have been common. At the same time an aim is to be to the high school of the state. It brings to the editor's attention the main aim is good in other things because its major interests.

While the Agriculturist can not represent all departments fully and impartially.

This year the publication is to be in the personal and less in the stereotyped article form. Rather than make one section at the expense of the others, it will represent the various departments in each issue.

The greatest service of the Michigan Agriculturist is to the high school of the state. It brings to the editor's attention the main aim is good in other things because its major interests.

Since some of the staff did not return this term, there is a need for more men, both on the editorial and the business staff. The editor would like more fresh and sophisticated men come out for the staff.

There will be a meeting of all those who have signed up for Spinax committees and anyone who is interested, Monday at 5:00 in the Women's Lounge of the Union.

Speaks at Mayo Hall Dedication

Gov. Wilber M. Brucker

WELLS ELECTS COMMITTEES

Representatives for Governing
Body Chosen at Meeting
Monday Night.

In keeping with the new policy of law and order adopted this year at Wells Hall there were elected last Monday night two bodies of representatives from the residents for further direction and control of activities there. The official representatives were elected by classes to the executive committee and by wards to the legislative committee.

The legislative group will promote and make decisions concerning athletic, social and political matters as well as questions pertaining to order within the hall. The executive committee as the name implies, will direct activities and generally supervise the program the men adopt through the larger legislative body. Since the hall has never before been organized, the system will have its first real test this term.

The executive committee is made up of seniors, Alphonse Ardziewski, Andrew Dempster, Florian Ferrarini, Charles Gotta, Stanley Williams, Lee Marsa, sophomore, Gerard Jones, Hugh Boyd, freshman, Laurence Dennis.

Those in the general committee are ward A, Benedict, W. A. Steiner, P. McCormick, ward B, A. Ardziewski, N. Van Der Roest, R. Herrick, G. Bakewell, ward C, J. Hoedel, H. Boyd, G. Atkinson, R. O'Heudt, ward D, J. Dekker, L. Dennis, M. K. McMichael, W. K. Patrick, ward E, Ferrarini, R. K. Byrd, M. Smith, S. Williams, ward F, E. C. Costa, R. Wolf, H. Scholtz.

The proctor system in which the officers are appointed is an entirely separate system, though it may be taken over by the general and executive committees in the future if they develop and operate satisfactorily, according to Renaud Greese, supervisor of Wells Hall.

After the hall has been completely organized the men will turn their attention to the Men's Independent League, an association that was first developed last spring and whose membership is expected to grow to include non-residents of Wells Hall.

Several men who were graduated from Michigan State in 1921, and who within recent years have noticed the college of their advancement in this line of work since leaving here.

Doan Ogden, '29, is employed at the Asheville Farm School, Sevananook, N. C., which is under supervision of the Presbyterian Board of National Missions. Mr. Ogden plans to lay out the Asheville school campus on the order of the one here at Michigan State.

Leslie Bigler, '29, who recently passed the federal examination for junior architect, has been employed by the U. S. Dept. of Interior. He is located in San Francisco and at present is occupied with national park work.

A scholarship was awarded to William P. Mott, Jr., '30, which entitles him to post-graduate work in Landscape Architecture at the University of California in which course he is now enrolled.

E. C. Snider, a graduate civil engineer student, will make studies of the sewage disposal plant owned jointly by the college and the city of East Lansing. A miniature plant will be erected and operated with the ultimate aim of greater capacity and greater efficiency. This will be presented to both college and city and East Lansing when it becomes necessary to expand in the near future.

Rooms, close in, all home privileges, 223 Evergreen. Phone 5-1212.

COUNCIL VOTES TO CODIFY ALL STUDENT RULES

To Meet With Administrative
Heads at Dinner for Next
Conclave.

CLASS RUSH ARRANGED Grant Permission to Excuse All Classes for Tomorrow's Event.

What is probably the initial step toward the first constructive movement by the Student Council this term was made at their meeting last Tuesday night in the Union. It was agreed by that body to make their next meeting a dinner and have as guests President Robert S. Shaw, Dean Elizabeth Conrad, Prof. L. C. Emmons and Miss Marion Kline, president of Associated Women Students. In this manner all differences and misunderstandings relative to arrangements for all-college events and a complete codification of parts of the two student governing bodies in accordance with the policies of the institution will be effected.

Complete arrangements for the class rush tomorrow were made and supervisors of all events were appointed by President Logan. Dates for the three meetings necessary in electing freshman class officers were picked as was the date for the sophomore barbeque.

It was decided that the class rush would be held rain or shine. Permission to have all classes excused for Saturday was effected by Logan. Freshmen are to meet at the corner of Albert and M. A. C. avenues tomorrow at 8:30. The rush itself is to start at 10 o'clock.

The date set for the sophomore barbeque is Friday, Nov. 6. Candidates for freshman class officers will be picked at a meeting of that class on Oct. 22. Eliminations of all but two candidates will take place Oct. 27. The election will take place Oct. 29.

Logan announced that according to Marion Kline, president of A. W. S., that group is about to take steps toward the revision of the present activity system. A. W. S. is in favor of a complete new system and has appointed a committee which will meet with the Student Council to effect the revision.

SENIOR ENGINEERS MAKE LONG JAUNT

Mechanics Visit Detroit Pump-
ing Station Monday on
Inspection Tour.

Thirty senior mechanical engineers will leave Monday noon for Detroit where they will visit the new Springwell pumping station. Members of the faculty planning to make the trip include Dean H. B. Danks, Prof. C. L. Bratton, Prof. L. N. Field, and Prof. G. W. Hobbs.

Following the inspection trip, the party will listen to a description of the operation of the plant by the chief power engineer.

At a district meeting of the American Society of Mechanical Engineers, which the Michigan State group will attend, John H. Hunt of the General Motors patent department will speak on "Engineering Deals".

LIST REGULATIONS FOR CLASS RUSH

Student Council Rulings Must
Be Observed for Decent
Running of Meet.

Below are listed the rules and points for the class rush as decreed by the Student Council.

The events will take place in the order that follows: 1. Team relay race, 8 men, 10 points to the winner. 2. Obstacle race, 15 points to the winner. 3. Football rush, 10 points for each ball across goal line. 4. Points for each in ten yard zone. 5. Tag of war, 25 points to the winner. 6. Flag rush, 25 points to the winner.

Rules for the Events
Any person guilty of rough or unsportsmanlike conduct shall be barred from further activity in the rush.

The relay race shall be for a distance of one mile, eight men running 220 yards each. It shall be run according to track rules and regulations.

Obstacle Race. It shall be run by five men teams, and the obstacles shall not be decided upon by the student council.

Football Rush. All members of each class shall be present. Number of balls to be used not to exceed five. Classes shall face center line at a distance of 30 yards. Balls shall be tossed straight up in the air at the discharge of a pistol. When the ball goes out of bounds, it shall be taken by the official and tossed up at a point ten yards from where it crossed the boundary line. The period of the contest shall be of 12 minute duration.

Tag of War. Each class shall have 15 men on each team. The sophomore class shall choose their side of the river. No preparation of holes or footpaths shall be made beforehand, but the referee shall allow five minutes for the teams to get in place before the pulling starts. No boards or artificial means shall be used to strengthen the footpaths.

The pulling shall be for a period of seven minutes. The side pulling the most rope shall be declared the winner.

Flag Rush. The flag shall be hung between two posts not less than 25 feet apart. The bottom of the flag shall be 10 feet above the ground. The freshmen shall group themselves about the foot of the two poles to defend it, but shall not touch the line holding the flag. The sophomores shall stand at a distance of 100 feet from the foot of the pole. The freshmen shall advance in wedge formation with arms locked. The period shall be 10 minutes, and the class in possession of the flag shall be declared the winner of the event.

The class having the largest score shall be declared the winner of the rush.

Elsa Richards is Recovering

Daughter of Lewis Richards
Seriously Injured in
Auto Accident.

Reports today from St. Joseph's Mercy Hospital in Ann Arbor indicate that Miss Elsa Richards, 32 Liberal Arts, daughter of Lewis Richards who was seriously injured in an auto accident late Tuesday, is progressing favorably.

Miss Richards suffered four broken ribs and a broken vertebra, in addition to minor scratches, in a wreck near Saline, Michigan, late Tuesday afternoon. Enroute from Detroit to Jackson in a heavy rainstorm the car in which Miss Richards was driving alone blew out a tire and crashed into the ditch.

She was removed in an unconscious condition to the Ann Arbor hospital where at first fears of brain concussion were occasioned. Although she is said to be well on the road to recovery it is expected that she will be obliged to remain in the hospital at least six weeks.

Miss Richards is an art student at Michigan State. She is a member of Alpha Phi.

SESAME TAKES NATIONAL VOWS

Local Chapter Becomes Beta Chi
of Zeta Tau Alpha, Promi-
nent Society.

Sesame society at Michigan State college will be installed as Beta Chi chapter of Zeta Tau Alpha Friday Saturday and Sunday at 10 o'clock ceremonies held at the East Lansing chapter house.

Initiation will be held Saturday morning at 8 o'clock in the student parlor of the Peoples church with Mrs. Bertha Crane Gardner of Beaumont, Tex., grand president presiding during the installation assisted by members of the alumnae chapters of Lansing, Ann Arbor and Detroit.

A formal banquet in the Union Memorial building followed by dancing will be held Saturday evening from 9 until 12 o'clock. Miss Grace Harvey will be toastmistress at the banquet. The following program will be presented:

Open Sesame. Miss Grace Harvey. Before the Door. Miss Dorothy Shaw. Joy of Discovery. Miss Lillian White. Piano Solo. Miss Beulah Young. The Value of the Treasure. Dean Elizabeth Conrad.

Using Zeta Wealth. Dean Marie Dye. Keeping the Door Open. Mrs. Bertha Crane Gardner.

Price of Our Hearts. A tea will be held at the chapter house, Abbott, East Lansing, on Friday afternoon from two until four o'clock. Visitors, honorary members and two representatives from each county will be guests at the affair.

Zeta Tau Alpha was founded at Michigan State in 1908.

MORE LEAGUE GROUPS NAMED

Additional Committees Are An-
nounced by Goldie
Lieberman.

Additional committees for the Spartan Women's League banquet to be held Wednesday, Oct. 21 at the Union were announced today by Goldie Lieberman, general chairman.

The committee chairmen appointed by Miss Lieberman are as follows: Dorothy Buckley, banquet and arrangements; Edith Bowers, decorations; Myra Tyndal, invitations; Florence Hagerman, seating and placing; Imogene Hennessey, finance and program; Hazel Gittins, publicity and Gertrude Mackie, reception.

Assisting Miss Bowers on the decoration committee are Helen Nocton, Vivian Anderson, Jerry Hoyt, Ruth Dowdina, and Helen Cooper. The invitation group has already been announced and will work under Miss Tyndal.

Miss Hagerman has as her committee the following: Lorraine Greaves, Virginia Allen, Doris Hummel, Maxine Sturgeon, and Barbara Bedford. Working on the finance and program committee under Miss Hennessey are Maxine Miner, Mary Thorpe, Carolyn Cooley, Catherine Morden, Louise Hill and Athena Andros.

Aiding Miss Gittins on the publicity group are Catherine Hertrick, Annabelle Hols and Mardelina Dew. The reception committee remains the same as was previously announced.

According to Glen Stewart, alumni secretary, Spartan alumni at the State-Army game numbered over nine hundred. Among them was former football coach John Macklin of Philadelphia, who with fifteen other graduates accompanied the team to New York after the game. Paul Troth, a recent graduate, assisted in the cheer-leader activities.

INDIAN TALKS AT STATE CLUB MEET

Isaac Grayearth Speaks On
Problems of the American
Redman.

At a meeting of the State College Club held last Wednesday noon in the Union building Isaac Grayearth delivered a talk on the American Indian. Grayearth received his primary education at Mt. Herman, Massachusetts and then attended the Indian school at Haskell, South Dakota, where he pitched baseball for two years.

His talk was built around a plea for more opportunity for the Indian to assume responsibility in the management of his own affairs. He stated that it is only in recent years that his race has been given the opportunity to secure education beyond that of the eighth grade. His remarks were interspersed with bits of humor concerning the white man and the Indian in the early history of our country.

Grayearth appeared here under the auspices of the Y. M. C. A.

Superiority in Numbers Makes Frosh Confident of Victory in Class Rush

Freshman Ranks Suffer Heavy Losses

Yearling Imprisoned in Farm
Buildings; Plan Rescue
Tonight.

With a third of their number more or less effectively imprisoned in silos, barns, box cars and deserted houses over a course of ten miles along the campus members of the freshman class who had evaded abduction at the hands of sophomores were still making a dogged effort rally at a late hour this afternoon.

It is understood that organized bands of the first year men are planning a series of raids on the sophomore "dungeons" late tonight. Unless their plans fall short, every male member of the freshman class will be liberated in time for tomorrow's class rush encounter at 10 o'clock.

At a meeting of the class of 35 Tuesday afternoon James Brakeham was appointed freshman leader. Committees to organize teams for each of the class rush events were chosen at the same time. A city of it looks bad for the sophomore class was raised as the meeting closed.

Leonard Logan, president of the Student Council, will have charge of field events, assisted by members of the body. Logan will personally supervise the football rush. Council representatives who will have charge of the other contests are: Rex Steele, relay race; Milton Dickman, base-war; Minard Farley, obstacle race; and Harold Tyndal, flag rush. Don Fisk, junior class president and traditional confederate of the yearlings, will lead the first year men in the preliminary activities. He will turn their ranks at the corner of Albert and M. A. C. avenues at 8:30 equipped with horn paint and a brush. All members of the class of 35 will be branded before going down to the freshman football field where the opening events will take place.

If all of the freshmen get back to the campus in time for the rush, the swelling will outnumber their opponents, two to one. Though the class of 35 leaders are counting on this advantage in numbers, they have expressed confidence in a class spirit which they believe will carry them to victory in the event that ranks are somewhat depleted.

The first year class has demonstrated a unity seldom witnessed in the past in the fall term on several occasions this week. Reports have reached here that a three-hour scuffle at the canoe docks on the Red Cedar Thursday afternoon resulted in a scuffle for all members of both parties. Though the sophomores are said to have had the upper hand when the fracas began the yearlings, rallied in such numbers that the tangle over turned.

In an interview Thursday the freshman leader seemed confident that his class would prove its superiority in tomorrow's clash. "Unless half of our class get cold feet and go into hiding before the rush starts tomorrow, we will kick the sopho hands down," Brakeham stated.

On the second floor the former partitions have been torn out leaving a large room above the old parlor. A small stage is erected there and the room will be used as a recital hall. It is expected to seat about 150 persons. Drapes, paintings and new furniture will be installed to decorate the hall.

In addition the chorus girls' gym club and classes under Miss Josephine Kackley will be held here. The remainder of the floor will be occupied with practice rooms.

In the upper hall a waiting room is outfitted for music students and here will be placed the files of music magazines for their use.

Recently music instruction classes in instrumental work were moved to the hall in the gym annex formerly occupied by the grange.

GRAD STUDENTS Draw up Plans For Power Plant

Two graduate students, Howard Berkel and A. M. Housie, civil engineers are engaged in drawing up plans for a dam and complete power plant on some stream which has already been surveyed by and surveys given through courtesy of the Allied Engineers Incorporated of Jackson. Ordinarily the students would have been required to do their own surveying, but in this case they are spared this labor, although drawing up the plans is in itself a very tedious task. These plans will be submitted by both students in the form of a thesis toward a master's degree.

Tell Purpose of Frosh Tests

Placement Exams Aid in Judg-
ing Future Work of
Students.

Why the placement exams? What becomes of the results, ask the freshmen. The results are not made public, explains Prof. L. C. Emmons, because they are meaningless to the ordinary run of people. However, there is no secret about them. The marks are available to individuals.

Figures compiled by Prof. Emmons show that there is a definite relation between the scores of the aptitude tests and later accomplishments.

In 1925 four tests were given to 680 freshmen. The marks were divided into groups. There was a definite decline in the number of graduates, number graduating with honors, and with high honor from the highest to the lowest scores of the 44 people making grades in the first quartile or 25 percent in all four tests, 32.9 percent graduated in four years, 23.5 percent with high honors.

Three per cent of the 44 in the fourth quartile in all tests graduated none with honors.

Dividing the marks into three classes it was found that by percent in the first class 38.3 graduated, 13.4 with honor, 6.7 of the second class, 23.7 graduated, 4.8 with honor. In the lowest third, 13.7 graduated, of whom 7 graduated with honor.

Final arrangements for the class rush to be held on Saturday were completed at the sophomore meeting late last Tuesday afternoon.

The following sophomores are acting as chairman of the events: Relay, Don Hovey; obstacle race, Gary Morgan; football rush, Kenneth Warren; flag rush, E. W. Benson; and base-war, Paul Jensen. The events will be held in the same order as above stated. Wallace Howard is general chairman for the rush. Sophomore president, Harry Sandstrom, has expressed his satisfaction with the plans for the rush and has given his assurance that all events will be conducted in an orderly manner.

The event scheduled for tomorrow's rush will start at about 10 o'clock. Freshmen will start at the car racks on M. A. C. avenue at 8:00 o'clock. Sophomores will meet in back of the gym.

MUSIC DIVISION GETS QUARTERS

Department Transferred to New
Home in Remodeled Abbott
Hall Building.

Complete rehabilitation of Abbott Hall formerly a co-ed dormitory for use as a music building will be finished next week when all practice houses and faculty studios will be located and moved to the new annex. Approximately \$2,000 has been appropriated by the college for the remodeling of one of the oldest buildings on the campus.

The converted red-brick residence immediately adjacent to the Union building will be torn down as soon as located and the land southwest of the Union will be landscaped. Other practice houses now occupied by the music department will be demolished and the present building is expected that they too will be demolished soon.

Sixteen practice rooms and six faculty studios are provided in the new annex as well as a small recital room and organization headquarters. Studios of Louis Grayearth, Michael Press, Alexander Schuster, and Miss Elizabeth Humphreys, and the offices of the Institute of Music will remain in the building at the entrance to the college.

The first floor of Abbott Hall has been changed to make room for six studios and several practice rooms. Public doors and stairways have been installed, creating almost soundproof facilities.

The parlor in the back of the first floor has been converted into a classroom for Arthur Farwell's theory courses and an office will be provided for Farwell on the same floor. The old kitchen has been made into an office for the music glee club.

On the second floor the former partitions have been torn out leaving a large room above the old parlor. A small stage is erected there and the room will be used as a recital hall. It is expected to seat about 150 persons. Drapes, paintings and new furniture will be installed to decorate the hall.

In addition the chorus girls' gym club and classes under Miss Josephine Kackley will be held here. The remainder of the floor will be occupied with practice rooms.

In the upper hall a waiting room is outfitted for music students and here will be placed the files of music magazines for their use.

Recently music instruction classes in instrumental work were moved to the hall in the gym annex formerly occupied by the grange.

BLACK FRIDAY BILLS Threaten Doom To Frosh

Second Year Men Organize Sys-
tem to Kidnap Opponents;
Name Chairman.

The advent of Black Friday, the day before class rush, was marked by the usual number of playing announcements posted by sophomores on the streets of East Lansing to the effect that tomorrow will spell doom for the class of 1935. Students on their way to early classes this morning noted these signs for the first time and the impression was created in the minds of all that the class of '34, though smaller in number than the frosh, remains undaunted at the prospects of tomorrow's battle relying upon their ability to organize rather than any strength in numbers.

Sophomore activities for today consist of the annual abduction of freshmen to various points in the territory surrounding East Lansing so that their absence on Saturday class battle will be assured. A number of cars and trucks have been mobilized for the express purpose of abducting freshmen and it is evident that the sophomores will be successful in removing a considerable number of their opponents from participation in tomorrow's activities.

Final arrangements for the class rush to be held on Saturday were completed at the sophomore meeting late last Tuesday afternoon.

AGRICULTURIST TEN YEARS OLD

Will Celebrate Anniversary
With October Historical
Issue.

The October issue of the Michigan Agriculturist will mark the tenth anniversary of its appearance here. This year the staff is preparing a number which is of historical interest to everyone. The features are of Dr. Kedzie on the college sixty years ago.

Wanda Mitchell, editor of the Michigan Agriculturist, announced the tenth anniversary policy of the publication for this year. Its aim is to be to promote a tightening of ties between the various agricultural departments. - OUR PLATFORM**
1. Daylight government in student politics.
 2. College financial supervision of student organizations.
 3. Construction of a college auditorium.
 4. A student popular Union building.
 5. Codification of powers of student governing bodies.
 6. Modification of "cat" system.

for their laxity in making arrangements for all-college events, and feeling that they were not wholly to blame, the Council has made plans for a dinner at which President Shaw, Dean Conrad, Prof. Emmons and Marion Kline will be present as guests. Following the dinner, the group will be open for general discussion. Here the various representatives can learn for their mutual benefit exactly what position they occupy in the none-too-simple system of student and college administration. More to the point, each group may explain its individual code of operations and all overhappings and shortcomings in governing authority can be remedied. During the past there has been

much strife between three "factions," represented by the Administration, the Student Council and A. W. S. The two student groups were not sure of their own individual powers, and neither knew or cared what the other's powers might be. Furthermore, as was most painfully apparent, neither group was familiar with the College's system of late permission for co-eds, excusing classes, etc.

Now, through a friendly get-together, all difficulties can be ironed out to their own as well as to the Institution's benefit.

After the powers of the two student governing bodies have been properly oriented to the existing policies of the College, and thoroughly understood by each organization, complete cooperation ought to be expected, not only between the Student Council and the Association Women Students, but also between both these groups and the college authorities.

Athletic Heads Discuss Co-ed Intra-murals

All managers of girls' athletics will meet in the gymnasium next Monday at 5:00 o'clock, to discuss girls' intra-murals for the year. Miss Daniels, who is the faculty supervisor, and Kathleen Grosvener, who is the chairman of athletic management, will be in charge of the meeting.

Hockey will be offered as a major sport and bowling as a minor sport. The practice hours are: from 5:00 to 6:00 o'clock every day, from 9:00 o'clock to 11:00 o'clock on Saturday morning, and from 4:00 o'clock to 6:00 o'clock on Friday. Miss Parker will give instructions during these practice hours.

Every girl who wishes to participate in intra-murals will have to have a medical examination, if she has not already had an examination this year.

Miss Daniels hopes to have the first hockey game on or before the twenty-eighth of October.

Home Economics Club Board Plans For Coming Year

At the Home Economics club board meeting held Wednesday night at seven thirty in the home economics building plans of the organization for the ensuing year were decided.

According to Evelyn Hardy, president of the board, the delegates for the Michigan Home Economics convention Oct. 23 in Grand Rapids will be Dorothy Prideman, Goldie Lieberman and Evelyn Hardy. The project to be studied this year is fur, their preparation and duplication. The first meeting of the club was to take place at 7:30 Thursday night in the home economics building. Freshman girls were to have special permission to stay out till 9 o'clock. It was hoped that all new members would attend.

My Ego And Yours
 By JOHN TATE, Jr.

Anent rushing: The member of the national that recently got that way was talking earnestly to the frosh whom he was very anxious to capture for his house. "Though what difference it will make a thousand years hence (or a year) seems to be a matter of less than no consequence." It developed during the one-sided application of heat that the frosh had, somehow or other in his wanderings, acquired a pin belonging to the local that resides in the old red brick house on the hill up Evergreen. We might as well drag in a little color to give this thing a background. They were standing on the bridge over the Red Cedar that connects the gym and Demonstration Hall. Certainly a peculiar place to carry on rushing, but there's no understanding some people. We suppose the next thing they'll be doing will be holding pledge parties in the Botanical gardens when the lilies of the valley cast exotic aroma extravagantly in the warm night air. (Take the boys; composing in zealous pursuit of forget-me-nots. Now you tag me.

To get back to the moving action in this damp tale: "You'll find out what's wet about it soon." The guy doing the rushing discovered the alien pin in the struggle. Here the story becomes somewhat vague. Perhaps he became so wrought for the moment that he forgot his usual adherence to manly behavior, even during moments of great stress, and failed to realize that what he was doing was not quite ethical. Whatever the cause, having procured the hated emblem by devious and sinister means, he flung it far over the abutment and it sank with a bubble into the dark cold waters of the sinuous stream. There to rest forever in the murky solitude of the muddy bottom.

The Critic
 By ANDREW BISHOP

Twenty years ago, the Little Theatre Movement sprung into prominence, and with much banner waving we understood that certain young men and women were going to reform the theatre. They denounced the commercialism of the stage and in no uncertain terms told us that they were going to encourage young dramatists to write with more freedom and innovation. The movement spread like wild-fire and by the next decade a hall practically every town of any size boasted its own amateur troupe of players.

The movement has been sadly disappointing. They undoubtedly set too high a standard to live up to. Their iconoclasm was short-lived. The least success turned their heads and they became as box-office conscious as the most mercenary Broadway producer. Invariably it has resulted in their producing merely popular plays of a year or two back which they had from the stock syndicate for a small sum. Thus the movement lost most of its excuse for existing.

In a few cases such as the Carolina Players, much success has been shown. Four or five more incidents could be mentioned where a company has stimulated interest and developed young dramatists and actors. However, they are few and are usually situated in a college or newly endowed. The colleges are the logical place for a Little Theatre Movement. Being removed from financial dependence on the great public they can experiment to their hearts' content. Here is the supposed stream of the nation's intelligence and the future dramatists. Any college meeting this ideal arts department should also boast of a capable director wide-awake, who can stimulate such interest as to make the stage something living and vital. In this age of mechanical movies and poor plays, no certainly would have a ready audience.

And then the Frosh went Lambada! The member of the society that very recently went national, and are now in process of building a new house, reflected that life is a wasteful and unprofitable process.

That most pernicious and un-savory of organizations, the A. W. S., possesses apparently a bag full of tricks. It's peculiar what strange psychological regression occurs to the paragon of authority. A member of the association lives at Mary Mayo. It happened one night that a girl whose shade is also there did not return to the hall. There was an opportunity for the representative of the group to make have with her newly won powers. She took great pains in order not to miff the chance, and she didn't. At least she thought she did. She very dutifully reported the horrible transgression to the proper authorities, and about her lips hovered that triumphant grin characteristic of that morose and peculiar species.

But the rebuke to her pride lies

BANQUET PLANS ARE COMPLETE

Spartan Women Sponsor Informal Faculty-Student Affair at Union Building.

Rev. James W. Field, Jr. of the East Congregational church of Grand Rapids, will be the guest speaker at the Spartan Women's League banquet to be held Wednesday, October 21 at 6:30 p. m. at the Union. The topic of the address is to be "Wheels Within Wheels." The object of the affair is to bring about a closer contact between faculty members and students. League leaders stated. The subject of the address will be directed toward college associations, it was also stated. An informal reception has been arranged following the dinner and will be held in the Union ballroom. At this time students will be afforded the opportunity of meeting members of the faculty.

Mabel Petersen, president of the League, will act as toastmistress for the occasion. Several piano selections are to be given by Harriet Fry Goldie Lieberman is general chairman of the banquet.

Rev. Field has had wide experience in a number of college and is well qualified to speak on his subject. He graduated from Oberlin college with a bachelor of arts degree. Later he received a master of arts degree at Chicago university and was awarded the degree of doctor of divinity from the Chicago Theological seminary. He holds several lectureships abroad. Rev. Field also has had pastorates in South Dakota and the state of Illinois. He has been located in Grand Rapids for eight years.

Autumn shades will be tastefully used as decorations for the affair with green and gold predominating. A pagoda-effect will be carried into the ceiling decorations. Yellow and brown flowers and yellow tapers will adorn the tables. Ivory tinted place-cards and brown programs will be used.

Special invitations have been extended all the faculty, and much effort is being made to get a large portion of the student body to attend. Tickets may be purchased this week at the Union desk. After Monday a special table will be placed in the Union at which tickets may be bought. The tickets cost sixty-five cents.

Y. W. C. A. Drive For Membership Nets 250 Girls

Approximately 250 girls have applied for membership in the Y. W. C. A. as a result of the drive which ended Thursday. The first membership meeting under the supervision of Frances Sullivan, Jr. will be held Thursday, October 22 at 7:15 in the Women's Parlor of the Peoples Church. All members are required to attend the meeting and if absent must obtain excuses from the president, Betty Baker.

All applicants for membership will take part in the recreation service to be held Sunday, October 18, in the student parlors at the church. Alice Beatty, Jr. is in charge of this service. One feature of the program will be special music.

THE BRIDE'S CLUB

The Bride's club is an organization for young women, who have just recently said "I do" and have not recovered from it yet. We don't know who started this ridiculous thing but we suspect some co-ed young thing decided that the co-ed-mates should organize for protection.

So now they get together and talk about their husbands and feel quite superior to the co-eds on the campus. Then the secretary reads the minutes of the last meeting and then one of them reads a paper she has spent much time preparing on "Marriage Among the Blacks in South Africa." They all titter amiably at the peculiar way the husband reads his wife in Africa and few realize that they are living in a civilized country. The peculiar thing about the whole affair is that some of the members have been married now for six or seven years and still keep coming.

We have designated this next week as Be-Kind-to-Your-Instructor Week and it's about time. It's patting the cruel and heartless way in which students have been treated by their instructors. And don't think for one minute that we don't believe it and feel it either. We've noticed them wandering around the campus sort of lost-like looking at the ground. It probably all started with just one unkind word. And then somebody thoughtlessly said something else and there you are. Now we'll try and make their life just a little easier. If you see one on the street, speak pleasantly and give him a pat in the back, friendly like. You'll both feel better.

\$22.50 is a common price, but these are uncommon values. Suits of the finest Australian wools, stitching of pure silk, with canvas inside of Belgian linen canvas and linings of celanese and rayon.

The Pen That Winds Like A Watch

"FORGET to wind my Conklin Nozack" will positively not be required as an alibi by those who choose this new Conklin with the visible ink section. The visible ink section in this wonderful ultra-modern fountain pen always reminds you. You can see at a glance at all times how much ink is in the pen. The Nozack is also available with all-opaque barrel if so desired. And because there is no rubber sac within the barrel, the ink capacity of the Nozack is 35% greater than other pens of the same size. Crush the nearest up-to-date supply depot and get acquainted with "the pen that winds like a watch." The price is timely—\$6 and \$10; pencils to match \$3.50 and \$5.00. Other Conklin pens in shop—new colors. Specially priced at \$2.75 to \$8 for the pens and \$1 to \$4.50 for the pencils.

College-trained engineers revisit the athletic field

On more than a hundred floodlighted fields, football is being played and practiced in the evening hours, before larger audiences than ever before—with fewer injuries and in better conformity with classroom duties. This constructive revolution in athletics is largely the work of college-trained engineers— young men personally familiar with the needs of college and school. They are dedicating the technical experience gained in the General Electric Test Department to the practical service of undergraduate athletics—designing and installing floodlighting equipment for virtually every sport—football, baseball, hockey, tennis, and track. Other college men in the General Electric organization have specialized in street-lighting and floodlighting projects, or in the electrical equipment of industries and mines or of immense power stations, some are designing and applying electric apparatus to propel ocean liners and locomotives. All are engaged in the planning, production, or distribution of G-E products and so are performing work of national betterment and creating for themselves recognized spheres of personal influence. You will be interested in Bulletin GEA 1206, "The Light that Started Sports at Night." Write for it to the nearest G-E office or to Lighting Division, General Electric Company, Schenectady, New York.

More Festive Week-Ends in Sight As Campus Society Prepares for Strenuous Social Whim Predicted

Second Union Party of Term Promises to Be Success; Fraternities and Sororities Beginning Season With Parties and Open Houses; Tea Dance is Popular.

Campus social life swings into a gay whirl this week-end, with a bigger and better Union party scheduled for this evening, and one sorority and two fraternity open houses tomorrow evening.

Modernistic decorations in blue, green, and orange will be a novel feature of the Union party which will take place in the ballroom tonight.

for dancing tomorrow evening at the Chi Omega house. Mr. and Mrs. Elwood Lawrence will act as patrons at the affair.

The first tea dance, held in the Union ballroom yesterday afternoon from 3 until 4 o'clock, proved a great success, with more than 200 students attending.

The closing date for signing up for fall term parties in Dean Elisabeth Conrad's office is October 21, and not 31, as announced in the last issue.

Chi Omega Fraternity Holds Dance at Home The Racketeers will furnish music for dancing tomorrow evening at the Chi Omega house.

Olympics Dance Saturday The Olympic society will entertain with an open house tomorrow evening, with Bruce Fayerweather's M. S. C. Collegians playing. Faculty guests will include Prof. and Mrs. S. E. Crowe, Mr. and Mrs. John Kobs, and Mr. and Mrs. J. C. Hepburn.

Hesperian Society Holds Open House Jack DeCamp's little old band will play for dancing at the Hesperian house dance tomorrow evening. R. M. Warren will attend as a faculty guest.

Dr. Dye Attends Home Ec. Meeting Dr. Marie Dye, dean of the Home Economics department, will preside at the annual meeting of the Michigan Home Economics association held in cooperation with district number four of the Michigan Education association at Grand Rapids Thursday and Friday, October 29-30.

Sesame Society Entertains at Tea In honor of Mrs. Bertha-Cruse Gardner, grand national president of Zeta Tau Alpha, Sesame society entertained with a delightfully appointed tea this afternoon from 2 to 4 o'clock.

Home Ec. Club Holds Meeting The Home Economics club held a meeting Thursday night in the late theater. Evelyn Hardy, 32, president of the club, presided.

Sigma Kappa Honors New House Chaperone Sigma Kappa is giving a tea this afternoon from 3:30 to 5:30 in honor of Mrs. Evradel Long, Mrs. C. Thomas-Stable will preside at an

MONDAY—4:00—Matinee dance, Union Ballroom. TUESDAY—7:00—Alpha Epsilon Mu meeting, Porch. 7:15—A. W. S. Meeting, Dean Conrad's office.

Sphinx Makes Term's Plans at Dinner Thursday

Mrs. H. H. Halladay Entertains Members of Senior-Honorary Society.

Mrs. H. H. Halladay entertained members of Sphinx at dinner Thursday evening at her home. Plans were discussed for the remainder of the term. Sphinx and A. W. S. are working on a possible revision of the point activity system at the present time.

CRAPMAN WINS

Josephine Chapman won the sophomore class election for vice-presidency. It was announced today, by a plurality of 27 votes. Mr. total was 74 ballots. Dorothy Whitman ran second with 47 votes and Catherine McCarty a low third with 22. The election was held in Olds hall, Tuesday, October 12.

Forensic Group Meets Thursday On Union Porch

Speakers Explain Activities and Outline Future Programs.

About 45 people attended the forensic meeting held on the Union porch on Tuesday evening. This was a larger and more enthusiastic group than has ever before expressed an interest in State forensics at the beginning of the year, and

promises very well for the success of the season. Short speeches were given explaining the various forensic activities, debating, oratory, and extemporizing. Refreshments were served after the business meeting of the local chapter of Phi Kappa Delta, was chairman, and the speakers were Mr. C. H. Smith, Robert Hurley, Veda Whiston, Gordon Fisher, Mr. O. J. Drake, and Mr. J. D. Manschofer.

UNION PARTY TONIGHT, 8:30-12

PanHellenic Council Makes Program For Year's Work

Change Date of Regular Monthly Meeting to First Thursday of Month.

PanHellenic council met Monday night in the Union and discussed several plans for the year. After this the regular monthly meeting will be held on the first Thursday of the month in the small dining room of the Union.

At these meetings every sorority may have two active members and one alumna representative. Formerly each sorority was represented only by two active representatives.

Social committee—Hazel Blackmore, chairman, H. Benson and A. Haviland.

Scholastic—Frances Sullivan, chairman, Katherine Cookerly and A. Beckwith.

Courtesy—K. Painter, chairman. Criticism of the present plan of rushing, written by a member of each sorority, must be submitted on or by October 24 in Dean Conrad's office.

PanHellenic of Michigan State college will send a delegate to the National Convention held in St. Louis on Oct. 30. The girl chosen to represent M. S. C. is Guinevere Ivory, president of PanHellenic, and a member of the newly installed Zeta Tau Alpha chapter.

Spartan League Fall Term Fete Set for Nov. 6

The Spartan Women's League fall term party has been signed for November 6 at the Union accord, according to Mabel Petersen, 32, president of the organization. Definite arrangements as to decorations and committees in charge have not yet been made.

Stationery for the big members of the league can be purchased at any time in the league rooms of the Women's building.

Total enrollment of members to date for the league amounts to 150. This list will be subdivided into groups, each headed by a leader and scribe. The number of groups will be greater than last year to facilitate working on some particular project during the term.

attractive tea table decorated with seasonal flowers and tapers in mahogany and lavender, the colors of the fraternities. Patrons, who will be entertained are Mrs. Hotchkiss and Mrs. I. D. Burbanck.

Phi Kappa Tau Holds Radio Party Mr. and Mrs. Edward James will act as patrons at the Phi Kappa Tau radio party which is to be held this evening at the chapter house.

Kappas Give Tea for National Inspector Kappa Kappa Gamma will entertain at a tea Sunday afternoon from 4 to 6 o'clock in honor of Miss Helen Snyder, national inspector.

Delta Alpha society entertained Mrs. James Haselhan at dinner last Monday evening.

MORE ABOUT SESAME

Virginia State Normal at Farmville, Va. in 1890. This fraternity has the distinction of being the first woman's fraternity to be incorporated and receive the charter grant by a special act of the state legislature. Zeta Tau Alpha has 70 college chapters and 72 alumnae chapters. In addition to being the fourth largest woman's national fraternity Zeta Tau Alpha is internationally by reason of having Canadian chapters.

The following active members of Sesame society will become charter members of Beta Chi chapter of Zeta Tau Alpha: Miss Lillian Wright, Miss Christine Dumes, Miss Norma Streeter, Miss Doris Streetor, Miss Faye Auble, Miss Marion Koeh, Miss Beulah Young, Miss Guinevere Ivory, Miss Veda Whiston, Miss Carol Brady, Miss Grace Greiss, Miss Jane Vaughn, Miss Carol Simpson, Miss Betty Macomber, and Miss Helen Beahm.

Alumnae who will be initiated are as follows: Miss Ruth Hodderman, Mrs. Lucile Seeland Smith, Miss Gertrude E. Jarm, Mrs. Jane Shotwell Kerr, Miss Elizabeth Krueger, Miss Grace Hart, Miss Lee Irene, Ruth, Miss Margaret Stevenson, Miss Ruth Stocker, Mrs. Grace Holthrop, Professor, Miss Katherine Herzman, Mrs. Bessie Lee Pookard, Mrs. Irene Smith Morgan, Miss Marjorie Segner, Miss Katherine Kompter, Miss Beatrice Stewart, Miss Lillian Schrackenberg, Miss Ellen Larson, Miss Viola Strachan, Miss Helen Hagan Kiefer, Mrs. Hazel Petersen, Publicist, Miss Clara Rogers, Mrs. Bertha VanDrielen Baudwin, and Mrs. Marjorie Smith Jewett.

New pledges to Zeta Tau Alpha will include Miss Ina Fowler, Miss Marjorie Larson, Miss Jay Veal, Miss Evelyn Hill, Miss Elizabeth Elizabeth, Miss Anne Wier, Mrs. Miss Anna Harris, Miss Marjorie Schmitt, Miss Dorothy Shaw, Miss Betty Crockett, Miss Norma Price, Miss Ruth Sawyer, and Miss Barbara Shapps.

Delegates from the Alpha Gamma chapter, Ann Arbor, who will be present at the ceremonies are: Miss Dorothy Elmer, Miss Margaret Kowarth, Miss Dorothy Sedgwick, Miss Janet Hirt, Miss Ann Newberic, Miss Gladys Schroeder, and Miss Miriam Carey. Beta Tau chapter at Albion college will be represented at the installation by Miss Gertrude Jones, Miss Ruth Loomis, Miss Margaret Bell, Miss End Dwyer.

Leading alumnae who will take part in the initiation are: Miss Mildred Davis, Miss Florence Bowes, Mrs. Dorothy Peterson Stranahan, Mrs. Thelma Johnson Shaw, Mrs. Agnes Crane Trout, Miss Hazel Miller, Miss Gertrude Walker, and Mrs. Helen Kuyper Prongas. Miss Frances McGowan and Miss Mildred Campbell are members of the Detroit alumnae who will be present at the ceremonies.

For the first time of history the Senior Prom at the University of Rochester headed a prom. They are planning to do the same but so that other schools can do the same.

BEST LOOKING HATS

The big majority, you will find, come from May Bros. Twenty-three years of "knowing how," plus "May Fitting Service" (eliminating any chance of incorrect selection) have earned for us decided pre-eminence as hat makers.

Let us show you the cocky, narrow snap brims with high crowns and the new curled Homburgs with a style punch.

Nothing freakish, but every hat showing the master touch of the stylists' art. White pearls and chestnut browns are leading colors for young men. Also a wide variety of pastel and standard shades.

House Prexy's Stress Need of Conformation

Gave Rules for Obtaining Special Permission Slips.

The importance of conforming to the new rules for special permission and signing out was stressed at the house presidents meeting on Wednesday. A new feature of the system is that every girl who receives special permission must go to the office of the dean of women on the day after the permission has been received and obtain a written permit which will be used in the dormitory records.

CHORUS

Members of the chorus and glee club will meet in their regular places of rehearsal for another week. It was announced today at the music building, due to delay in moving into Abbott Hall.

Are they as good as when the ruffles came down to the ankles?

GOOD!... You bet they are! Maybe the girls are even better. Anyhow, cigarettes are a whole lot better. No doubt about that.

- They used to be made by hand - Now it's machines, no hand but yours ever touches them.
They used to be packed in expensive, highfalutin' cardboard boxes - Now the quality is in the cigarettes.
The U. S. Revenue Tax used to be a penny a package of twenty - Now it's only cents a package of twenty.
Tobacco used to be dried by air - Now Liggett & Myers alone has machinery drying machines of the latest type, with a daily capacity of over 2,000,000 pounds - and over four miles of water-houses for tobacco storage.

BETTER—they're miles better! Everything used in the manufacture of Chesterfield cigarettes is the best that money can buy or that Science knows about.

CHESTERFIELD TOBACCO—both Turkish and Domestic—are mild and ripe, the best that money can buy.

AND THE WAY Chesterfield tobaccos are blended and cross-blended is like making a new and better-tasting kind of tobacco, with greater smoothness, more mildness and a more pleasing aroma—a fragrance and flavor not to be found in any other cigarette.

CHESTERFIELD gives you the benefit of all the world knows about the production of better cigarettes. Nobody smokes a better cigarette than Chesterfield.

COACH CROWLEY IS EXPECTED TO START HIS SECOND TEAM AGAINST ILLINOIS GRID OUTFIT

Wesleyan Team is Not Doped to Furnish Overly Tough Opposition for the Spartans and Regulars May Not Get Call During Game; McNutt to Start.

Michigan State will open grid relations with Illinois Wesleyan university tomorrow afternoon at 2 o'clock when Coach Jimmy Crowley sends his rugged proteges against the Methodists in the Spartan stadium. State fans will most likely see a complete reserve lineup start the game against Wesleyan as the Spartan mentor intends to give his charges plenty of time to recover from the battering they received at West Point last Saturday.

The Illinois team, according to advance dope, should not prove overly tough opposition for the Crowleymen but State's coach has given his

shock troops plenty of stiff workouts this week in an endeavor to present a highly formidable reserve lineup in tomorrow's game. Practices for the regulars this week have consisted of little except the routine exercises. The reserves, however, had a vacation Monday night and since then have been doing plenty of scrimmaging.

Crowley has tried several combinations this week in an attempt to find the most powerful aggregation of reserves possible. Wednesday night he experimented with a couple of backfield combinations that showed considerable effectiveness. Sammy Schwartzberg, diminutive reserve back, was at quarter. Bernard McNutt, husky sophomore rookie, was at full and Cliff Liberty and Don Warren were at the halves. This combination showed to advantage but did not make the yardage against the frosh that the other quarter consisting of Kircher, quarter, Johnson and Beatty halves and Lafayette fullback did.

The reserve line has also received a lot of attention from the Spartan coaches this week and the game should see a much more powerful forward wall than that which per formed in the closing minutes of the Cornell game.

Spartan fans will most likely witness Bernard McNutt performing at the fullback post. The husky reserve fullback has threatened to crash into the regular lineup since spring football practice but leg injuries and failure to get some love kept him from getting the starting call. McNutt has words of speed and a terrific line smashing ability.

62 AND 64

Bob Monnett, sensational half-back at Michigan State College, picks the tough games in which to make his longest runs. Last year against Colgate, recognized champions of the east, he wheeled through the Maroons for 62 yards and a touchdown in the last two minutes of play to win the game. Against the Army this year, Monnett galloped 64 yards for a touchdown. While he is not exceptionally fast, Monnett has a gait that puzzles tacklers and a strong stiff arm and change of pace are other attributes of this iron-legged backer. Several eastern critics proclaim Monnett as one of the outstanding halfbacks of the season.

Intra-mural Sports

The third lap of Interfraternity bowling took place Tuesday, Oct. 13 at the Olympic alleys. Three of the four contests staged were featured by close rolling, the fourth being a forfeit when the Hesperian team failed to appear on the floor.

S. A. E. outpointed Union Literary by 69 pins while Phi Chi Alpha fell to the Eumoniads by the widest margin score of the evening. Lambda Chi was defeated by Phi Delta Theta in a hotly contested match that was undecided until the last pin was down. The Trinitarians bowled their scores alone when the Hesperians forfeited the match.

Team	Total
Union Literary	692 651 713 1956
Phi Chi Alpha	602 679 627 1908
Eumoniads	614 625 573 1812
Phi Delta Theta	738 620 799 2157
Lambda Chi Alpha	642 660 870 2172
Trinitarians	638 641 776 2055
Hesperian-Forfeit	714 767 728 2209

An error was made in the last issue of the State News in that the Delphians forfeited their match to the Phylaxians instead of the Olympians in last week's game.

Mrs. J. W. Stack will speak at the Campus Girls Assembly on "Music in the Church" Sunday morning at 12:30.

SIX VETERANS WILL RETURN TO MAT SQUAD

Coach Fendley Collins Has Good Start for Outstanding Team.

Michigan State this year should have one of the strongest wrestling teams in the history of the college. Coach Fendley Collins this year has six letter men returning from last year's squad which should give him a nucleus on which to build a highly formidable aggregation.

Among the veterans returning are Capt. Harry Ryan, who won national mat recognition last year when he placed third in the National Collegiate Wrestling meet at Providence, R. I. Others are Stanley Ball, Norman Stoner, Allen Cox, Lee Marsa and Olin Lepard. Coach Collins also has a valuable man in the Eumoniads by the widest margin score of the evening. Lambda Chi was defeated by Phi Delta Theta in a hotly contested match that was undecided until the last pin was down. The Trinitarians bowled their scores alone when the Hesperians forfeited the match.

Regular varsity and freshman wrestling practice will start Monday, Nov. 2. A large list of mat aspirants are working out already in preparation for a strenuous season. Men desiring to try out for the teams should get in touch with Coach Collins at once.

Austin Outlines Situation in Teaching Circles

A meeting was held yesterday afternoon in the Liberal Arts building at 4:30 for all students taking courses in education who are planning to enter the field of teaching. The purpose of this meeting was to acquaint the students with conditions in the teaching profession as they are at the present time.

Dr. E. L. Austin, head of the education department, outlined the situation in regard to salary, probability of securing a position, placement records of this and other schools for the past year, and other facts that should be of interest to a student just beginning the study of education.

ILLINOIS WESLEYAN SQUAD ENTERTAINED

The football squad and coaches of the Illinois Wesleyan who are invading the Spartan stadium this week-end were met at the Grand Trunk station by a delegation from the Union at 2:30 this afternoon. The visitors were escorted to the Olds Hotel by five Oldsmobiles furnished through the courtesy of the Oldsmobile company of Lansing who are planning to take the visiting team for a tour of the campus. The squad will lodge at the hotel during their stay here.

A letter of invitation was sent to the Illinois school by the Activities committee of the Union in which a welcome was extended to the visitors and offered the privilege of our campus to the visitors and contained an invitation to the Union party to be held tonight. The reply to this letter was a very cordial one, stating that the squad would take great pleasure in accepting the Spartan hospitality.

Fewer Freshmen Co-ed's Out for W. A. A. Sports

Reports this year show a decrease in freshmen out for W. A. A. interclassmen for the first time in years, are outnumbering the seniors by a large majority. Hockey seems to be the favorite sport, with 30 freshmen, 32 sophomores, 40 juniors and 17 seniors already entered up.

So far 28 have turned in bowling scores, 2 of whom are freshmen. Girls are asked to sign their full name to their score instead of initials. One more week will be given to those who wish to go out for bowling and who have not done so as yet.

Co-eds are urged to complete their riding practices as only a few have entered. Eight hours of riding titles one to 25 points toward W. A. A. membership.

Golf, fencing and dancing are also open to those who need points. The Hort. Club held its first meeting of the year Tuesday. Plans for the season were discussed and the members related summer experiences. Refreshments were served.

M. S. C.'s BEST

Coach James H. "Sleepy" Crowley paid tribute to the aggressive spirit of Michigan State's fighting freshmen in an address before the Lansing Civic club Wednesday at the Hotel Olds. The Spartan grid mentor refrained from predicting how State would fare with the rest of the schedule this year but stated that the Spartans would be fully ready for all the hard games yet.

Assistant Coach James "Cubby" Berry and "Miss Crowley" also lauded the work of the State squad so far this season.

Tom Burrows, chairman and member of the Spartan support committee to the team that battled Ames last Saturday as the best team in F. C. ever produced.

Sixty-nine Girls Entertained by Green Splash

Green Splash, women's honorary swimming society, entertained sixty-nine co-eds in the college pool last Wednesday night.

In a short talk given by Miss Josephine Garvin, faculty adviser of the society, it was announced that the members of the Green Splash will sponsor lessons in Life Saving during the fall term every Wednesday night from 7 to 9 o'clock. All girls who are interested in passing the Senior Life Saving examination must attend every practice.

Water games and stunts, together with refreshments consisting of punch and water, were featured at the entertainment.

Imogene Hennessey '32, was chairman of the program committee, while Kate McAlvey '33 directed the games and acted as referee.

HIP-ZIP CORDUROYS The Season's Sensation

5 minutes to play

Yeah—I know what it means when people talk about fingers being thumbs. . . I'm sitting on the bench. There's five minutes to play. Somebody decides I'm eligible. O boy! I tore all the buttons off my shirt and underwear trying to get out of them, but when it came to my pants—good old Hip-Zip—I zipped the Talon fastener. That's all. Yeah—we won!

Hip-Zip Corduroys are the best fitting trousers made for younger men. They fit so snugly on the hips. Try and pull 'em off. They hang straight and smooth. Built with full 22-inch bottoms in all the new plain shades.
