COLLEGE BULLETIN

Alma vs. Michigan State in the first part of the year in the Spangler stadium Saturday afternoon at 7:00. Don't forget to secure your student athletic books before the contest. New coupon books for athletic tickets have been issued this week. The books contain 100 coupons for each game. One of these will be taken upon application for reserved seats while the other will be taken at the gate. Student books will be presented at the gate in order to gain admittance into the stadium.

ACTIVITIES

The American student body has become an amazingly complex institution and shows many relationships with the "realistic" side and "well-meaning" school of the past. The education received in the modern school of higher learning offers the individual the opportunity to participate in many activities and forms of scientific endeavor which formerly were considered absolutely foreign to the world of education. Four years of college does not give the individual an education but he may receive a large amount of it if he makes the best use of the advantages offered at a school like Michigan State. Among these advantages are the many clubs and organizations which play a large part in extra-curricular activities.

Michigan State News travels Monday evening at 8 o'clock in the Union building. All students desiring to secure positions on either the news or business staffs should attend.

Full track practice starts Monday September 26. Report to Ralph H. Young, director of athletics at the 8:00.

Pan-Hellenic rushing rules changes are in effect. All rushing will be done in even seconds. Thursday, September 29 from 3 to 6. Any girl is welcome at any society house. Delegates will be given for each rushing party and will be left at Dean Corbett's office by 8:15 in the day of the party, for which the rushings are intended. Refreshments to be served Thursday, September 29 at 9 o'clock and ends Tuesday evening October 4 at 7 in the evening.

Late privileges will be granted all week until 12 to each evening this week. Sunday, September 25 all freshmen girls will have 9 o'clock rushings and prospective women only in accordance to Athens Andrews, A. W. B. president.

Union party Saturday night, September 31 in the Union ballroom. DeCamp's orchestra. Tickets may be purchased at the desk for \$1.00.

President's Convocation Friday at 10 in the gymnasium. All freshmen men are required to attend.

CHANGES MADE IN NUMEROUS DEPARTMENTS

Personnel Staff of Military Affected by Transfer of Officers.

A number of changes among the teaching staffs in college departments have been made during the past summer by the State Board of Agriculture at its three monthly meetings, and the local military department announces several important replacements made by the national government in its staff of R. O. T. C. instructors.

In the athletic department an announcement has been made of the appointment of Frank Leahy as an assistant football coach for the fall term. Leahy, with a full time position, takes the place of student instructor which was formerly employed in his line of work. The appointment of Arthur Bacon, 31, as instructor in basketball was also sanctioned by the board during the summer.

In the department of history Harry Kintner has been named as full time instructor for the fall term to replace Mrs. M. A. Hendrick, who is forced to resign on account of illness.

Chris Rosenbush was appointed to the position of housing director for men to succeed Donald Carver. C. D. House, as an instructor in physics, requires Professor W. E. Laycock now in the publications department, and Miss Genevieve Cooke will take the position formerly held by Mrs. Margaret Harman as instructor in home economics.

Changes in personnel of the military staff will affect all divisions of the local R. O. T. C. and a number of new officers. A. F. Danon, regular sergeant Joseph Foley in the position of quartermaster. FRESH ACTIVITIES OFF TO FINE START

Continued from page 1
 Students' various organizations have one through the offices of the registrar. Of this number it is certain that some have dropped out but it is equally certain that more than the same number of entrants will have been added to the total before Freshman week opens. Total freshmen enrollment for the fall term of 1941 was in excess of 1300 and according to Professor Emmons, it is entirely possible that new enrollments through this week and next may bring the figure of this year close to last year's record.

Friday morning of this week has been scheduled for completion of the group and sections of the various entrance activities mentioned above and the afternoon of that day will be given over to division convocations, psychological tests, the president's convocation, and the separate convocations for men and women.

All freshmen will attend the President's convocation in the gymnasium which is scheduled from 1:00 to 2:00. At this event the main feature will be an address of welcome from the new student by President H. C. W. At two o'clock students of the various departments will assemble at designated places for psychology tests.

Separate convocations for men and women members of the class of '46 are listed on Freshman's program to occur at three o'clock. The one for men will be in the gymnasium and the women's convocation at the Little Theater in the Home Economics building. The purpose of these meetings is to introduce student leaders who will welcome the year class and explain the purposes of each organization which is represented. Among those who will speak at this time are representatives from the State News, student council, from Sigma Kappa and have been 20 years of study service.

Captain R. P. Flagg of the coast artillery has been transferred to Hawaiian service and succeeded by Lieutenant C. H. Chin. Lieutenant E. H. Beckwith has also been transferred to the infantry service in Hawaii and is replaced by Lieutenant David F. Newell.

Lieutenant C. H. Martin goes to a detachment of the tenth cavalry at Fort Leavenworth, Kansas, about the middle of October. No official has been named as yet to succeed him in the local area.

social associated women students, furnished by Frye's "Goldiggers", Woburne Interfraternity council, Pan-Hellenic council, Y. M. C. A. and Y. W. C. A.

Other events on the social program for the remainder of this week are the sorority teas for women which are being held today from 4 o'clock and the student mixer at Peoples church under the auspices of the Y. W. C. A. and Y. M. C. A. Every new student is invited to attend these latter events. Enrollment and registration of Union ballroom last evening at 8:00. Music for these events was furnished by the Union band.

morning and will continue all day Friday and Saturday morning. The sophomores, juniors and seniors will follow the same procedure of classifying and registering as was used last year. Classification will be made with the respective class officers while sections will be reserved and fees paid at the Union building on both days.

SCHOLARSHIPS

With the inauguration of the plan of awarding of alumni scholarships each year to deserving students throughout the state the State Board of Agriculture and the Michigan State College Alumni Association have undertaken a project that is highly commendable. It is especially so at this time. What with the financial condition of so many families as it is, and the competition for profitable positions in business becoming keener each day it has become at the same time more difficult and yet more imperative to secure a college education.

The Board of Agriculture and the Alumni Association have also shown a commendable insight in the formation of the rules which should govern the distribution of these awards. They have not only provided that those who are most deserving should receive them but that the individual scholarships should be available to those throughout the state.

Alumni fees at Michigan State are comparatively low yet they often constitute an insurmountable barrier for students who are anxious for and worthy of college training. Thus these scholarships have been so arranged that financial conditions as well as scholastic standing of the applicant must be considered as one of their qualifications.

Although these awards are open to freshmen only, they will undoubtedly provide the incentive in many cases for the student to make a special effort to continue his education.

They are not present in Luckies—the mildest cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

Social Interest Runs High as Frosh Functions Give Impetuous Start to Fall Season With Dances and Teas

Huge Crowds Attend Mixers at Union and Armory Wednesday Night; Society Looks to Church, Mixer, Union Party and Conrad Tea.

A startling succession of social events of every type plunged the bewildered freshman into a whirl of activity only equalled by that of the upperclassmen helping to entertain. With freshman week comes the traditional pajama parties in the dormitories, the teas, the dances, the hikes, and the sorority and fraternity rushing parties.

Two mixers given for the freshmen last night from 8 until 11 o'clock, one in the Union ballroom with the M. C. Collegians furnishing the music, and another in a demonstration hall with Nat's Gold Diners playing attractive huge mobs of freshmen and upperclassmen, proving a great if somewhat crowded success.

Dean Conrad Gives Tea For Freshmen

One of the most important functions of the week will be the tea at which Dean Elizabeth Conrad will entertain the freshmen girls tomorrow afternoon from 4 until 6 o'clock in the parlors of the Woman's building. In the receiving line will be Dean Elizabeth Conrad, Mrs. R. S. Shaw, Mrs. H. H. Halliday, Dean Marie Dye, Dr. Lydia L. Laughlin, Mrs. Mary S. Wadler, Mrs. E. M. Sater and Athena Andros. Elizabeth Baker, chairman of the freshman counselor committee, Phyllis Brief, president of W. A. A., Miss Cover, president of Y. W. C. A., Margaret Hutchinson, president of the M. C., Alice Borden, president of Sigma Kappa, Dorothy Cummings, president of S. W. L. Jean Ursprung, co-editor of Michigan State News, and Helen Carruthers, senior co-ed representative of the Union board will be the assisting hostesses. Miss Phyllis Brief, president of W. A. A., Miss Cover, president of Y. W. C. A., Margaret Hutchinson, president of the M. C., Alice Borden, president of Sigma Kappa, Dorothy Cummings, president of S. W. L. Jean Ursprung, co-editor of Michigan State News, and Helen Carruthers, senior co-ed representative of the Union board will be the assisting hostesses. Miss Phyllis Brief, president of W. A. Jean Ursprung, co-editor of Michigan State News, and Helen Carruthers, senior co-ed representative of the Union board will be the assisting hostesses.

Andros Extends Frosh Welcome

Athena Andros

Athena Andros, president of Associated Women Students, an all-campus political and social organization for co-ed students at Michigan State, issued the following statement of welcome to the new class of freshmen girls: "We, the co-ed students of M. S. C. are very happy to welcome you to our college. We feel sure that you can find here the things which will aid you in your next four years. We are in your shoes and we may be able to help you make your contribution to our campus life.

We expect that you have seen with the idea of being in the spirit back of our A. W. S. aims and the details to which we are sure you will find here the things which will aid you in your next four years. We are in your shoes and we may be able to help you make your contribution to our campus life.

At the present time rooms for fifteen girls are to be filled in the Women's building according to the request from Dean Conrad. The remaining rooms are to be occupied by the two classes of Mary Maynard. A list of the places where taken for the freshmen girls is attached to the list on the waiting list in the Women's building. It is expected, however, that these rooms will all be signed up for as soon as the upperclass women returning to the campus the first of the week.

The Women's Athletic Association is sponsoring a hike for freshmen girls on Saturday morning from 8:30 until 11:00 according to Phyllis Brief, W. A. A. president. The hike will start in front of the gymnasium and proceed to the W. A. A. cabin where a breakfast of hot dogs, fruit, fried cakes and coffee will be served. Information will be given about fall sports by the various sports managers. Freshmen are asked to sign up on the posters in the dormitories and in the gymnasium before Friday noon and to wear sea lined shoes on the hike. Miss Dorothy Jane Parks, Dr. Lydia Laughlin, Miss Elizabeth Thacker, Miss Josephine Garvin and Miss Ann Knuth, instructors in the physical education department will accompany the girls.

A meeting of all freshman counselors was held in the Home Economics building Wednesday evening. The purpose of the meeting was to discuss the work of the counselors and to receive further instructions. It was decided at this meeting that all counselors should see their charges once every week during the fall term, but during winter and spring terms it would be necessary to call only once in ten weeks. Counselors are to act as general advisers and promote interest in extra-curricular activities.

According to Betty Baker, chairman of the Freshman Counselor committee, the system that was used last year is to be employed this year.

Union Extends Frosh Welcome

Richard Macdonald

Expressing a desire that Michigan State's new freshmen would acquaint themselves with the workings of the Union Menorial building as a student clubhouse, Richard Macdonald, 23, president of the Union board, extended to the new class the welcome of the organization that he heads.

The Union is a clubhouse for the student body managed for their benefit and entertainment, said Macdonald. It is our hope that the new students coming to the Michigan State college campus will make use of all the features of the Union building which are at their disposal. We want them to regard the building as their headquarters for all social activities and participate in the privileges which their membership gives them.

Among the features offered by the Union are the cafeteria, soda and drink service, the private social and business quarters and car wash and laundry, news-stand, gym and a ballroom where most of the social and dancing parties are given. Refreshments are served in the cafeteria and in the ballroom. The Union is a student body organization and is open to all students. It is a place where you can find a good time and a good place to study.

STATE BEGINS FOOTBALL SEASON AGAINST ALMA SATURDAY; TEAM IN GOOD CONDITION FOR OPENER

1932 Aggregation One of Strongest Squads to Represent State In Years; Coach Crowley Optimistic Over Outlook for Season; Reserve Material Plentiful

Michigan State's 1932 football team will present action Saturday afternoon in the season's opening football game against Alma college at 2:00 o'clock.

Two weeks of intensive drilling under the watchful eyes of Coach Crowley, Carberry, and Leahy, a new arrival from Notre Dame, has rounded into shape one of the best teams ever assembled at Michigan State college.

While coaches were unwilling to make any statements as to prospects, this year Crowley optimistically admitted that "this is the most promising squad of football players I have ever coached at Michigan State college."

When the squad which south Saturday night, it was a team of 25 players, 10 of whom were substitutes. The squad will be made up of 35 players, 10 of whom will be substitutes. The team will be made up of 35 players, 10 of whom will be substitutes.

THIS and THAT

WELCOME

Now that all the summer "hot spots" have officially welcomed the freshman class, we return to the "fresh" theme. Welcome, say we, to the new boys. Take off your hat and bow to the new boys. Make yourself at home and get to work. Make yourself at home and get to work.

COGS

Coach John Kuhn has still a new job that of acting as advisor for the freshman physical education students. Because he was in charge of the "fresh" class at the book of books he is going to coach this fall. They are plenty large and should make a good team. The fresh candidates were given a workout yesterday by Coach Ben VanMeters and John Kuhn who has undertaken to lead a hand in tutoring the freshmen.

WELL FRESH YELL

This year a new cheering section has been organized. This section is in the track and all freshmen are expected to join. Every year there is a new cheering section in the Spartan court. We hope the cheer of '32 is an exception. We hope that the freshmen will be in the track and all freshmen are expected to join.

SPORTS WRITERS NEEDED

All of which reminds us that there is at present a dearth of capable sports writers on the State News staff. So if you're a student, you're interested in sports, and you're willing to write, come around to the meeting that is being held Monday night and let's get acquainted. It's a chance in a lifetime. Don't miss it. Here is a chance to show your Spartan spirit and get a lot of fun and experience.

COACH NEEDS

Three thousand copies of a new year book are being printed by the State News staff. The year book is being printed by the State News staff. The year book is being printed by the State News staff.

NEW COACH IS NOW ON STAFF

Frank W. Leahy, Notre Dame Product Assists Carberry With Line Work

Coach Carberry's line coach in 1932, will have less opportunity to do his job this year than in former years with the Spartan grid squad. It now appears that Carberry has had a new coach in the line work, Frank W. Leahy, who has been given supervision of the backs and guards. Carberry will continue to have the line under his direct supervision but Leahy will be in charge of the line work.

Leahy, who was a member of the 1928 national football team, has been given supervision of the backs and guards. Carberry will continue to have the line under his direct supervision but Leahy will be in charge of the line work.

There were all kinds of smoking tobaccos

... tobaccos made for cigarettes and pipes; granulated tobaccos. But there was plenty of room for a tobacco made solely for pipes.

If you look, you will find that a great many tobacco packages say "for pipe and cigarettes." But the Granger package says:

GRANGER ROUGH CUT Pipe Tobacco

Granger is made by Wellman's Method and cut right for pipes—rough cut. Burns slower and cooler. Just try it!

VARSITY AWARD WINNERS IN ATHLETICS ANNOUNCED
