## Social Rulings Changed By Decision of Faculty; Radio Parties Abolished

Interfraternity Council Sends Special Committee to Investigate Rules Governing Party "Crashing" Adopted at Last Meeting.

Radio parties for fraternities have been abolished according to a statement made yesterday by Prof. L. C. Emmons, chair of a special committee from the Interfraternity Council. This committee was appointed at the regular meeting held Monday night for the purpose of determining the reason for the above action on the part of the college social committee. Opinion expressed at the meeting was entirely in favor of radio parties as being a very inexpensive form of entertainment.

The abuse of the existing type of party by several houses on the campus was cited as the reason for this move.

This marks the latest development in the effort to revise the party system at Michigan State college which has been in effect since the publication two weeks ago of a report by faculty members that \$20,000 was spent during the last school year for social functions of various kinds. The Interfraternity Council took immediate action to perpetuate the party system by limiting the expense of fraternities on parties as it was in their power to do. They ruled out decorations, favors, and programs were limited to the winter term formal dances. It was also decided to limit the number of parties to 10 in the year and all except the formals are to be held in the fraternity homes. These resolutions were highly commended by a group who voted to continue the party system, but with the expense of last year although they comprise a retention of the rules in effect at all houses during the same period.

Although depriving the fraternities of their most economical method of entertaining, this latest method does permit parties to be held under the same system and rules as formerly used to govern the conducting of "open houses" with the exception that radio may be used for dancing instead of orchestras hired for the occasion. These parties will assume the name of "open houses" and will be conducted in the number allowed each house by the Interfraternity Council rules.

Radio parties were introduced on the campus two years ago. They have proved very successful in most cases and their abolishment comes as a surprise to many students.

No action has been taken to date in regard to limiting other fraternities which sponsor parties, on the campus which involve the expenditure of considerable amounts of money. Thus all action taken so far in the interests of economy and otherwise has fallen upon the fraternities.

A discussion of the situation according to the "crashing" of fraternities parties by invited guests was also taken up at this week's meeting of the Interfraternity Council. Numerous objections to these parties were raised as a result of the large number which have occurred at fraternity open houses already this year and because their prevalence on many of these occasions last year.

As a result of action taken on this matter, special cards are to be issued by each house to those who are invited.

## OFFICERS PLAN SPONSOR FETE

Set Date for Election; Name Committees for the Event.

The members of this committee are: Charles G. Fisher, Keneth Birk, president, Douglas Linder, vice-president, and Robert S. Warner, secretary-treasurer.

## COX PRESENTS ALLEGATIONS

Dean Charges He Was Shadowed by State Police While on Vacation.

According to an Associated Press news item appearing in the metropolitan dailies today, Dean Joseph F. Cox of the agricultural department has presented charges to Gov. Brucker alleging that the state police have shadowed him while on a recent vacation in the upper peninsula. This report was entered while the grand jury investigation of Michigan State University is proceeding in the State Institute of Music and Allied Arts, which temporarily recessed.

The story continues by saying that Cox quoted Oscar G. Olander, commissioner of public safety, as admitting that a member of the state police had been detailed to "cover" him, but the commissioner refused to say who directed the move. Olander, according to the dean, said the investigation had "revealed nothing whatever."

It was also stated that the police investigator inquired of extension experts in the upper peninsula as to whether he had made any questionable moves while up there or had anything against the college in any of his addresses.

According to the story, Dean Cox said the order to watch him went out Sept. 22, the same day that the grand jury investigation of the college was opened. He quoted Gov. Brucker as denying any knowledge of the order and said that President Shaw of the college, and Clark Blaine, chairman of the state board of agriculture, likewise denied issuing any such order.

## A. W. S. SELECTS REPRESENTATIVES

Special Elections Held; Non-Votes Deprived of All Privileges for This Term.

Special elections were held Monday from 8 p. m. to 6 p. m. by the junior and sophomore classes to choose representatives to the A. W. S. Council. Mary Mixer, with 63 votes, and Katherine Gorb, with 58, were elected from the junior class, defeating Mary Thayer and Elizabeth Killam. Barbara Bradford received 43 votes in the sophomore class, defeating Marguerite Paine, with 31.

More response was given to this election than has been reported within the last few years, according to Athena Andros, president of A. W. S. This was due primarily to the fact that the girls who did not vote will be denied all special privileges for the rest of the term.

## ARTS CLUB TO MEET

A meeting of the Seven-Arts club is planned for Thursday, Oct. 29, in the Union Porch. At this time the committee appointed at the last meeting will give their reports, and plans for the production of a play and the first movie of the term will be discussed.

## ANNUAL MAKES TENTATIVE LIST OF STAFF MEN

Need More Members in Business Departments, Announces MacDonald.

## REVEAL ABSENCE RULE

Price of Wolverine Will Go Up From Present Low Fee October 15.

At the Wolverine meeting held Tuesday night, the turnout was sufficiently large to warrant putting the positions on a competitive basis. A tentative list of officers as announced by Ronald MacDonald, editor of the 1933 issue, follows.

It was also decided at the meeting that three unexcused absences from meetings automatically removes an officer from the staff. Furthermore it was announced that the price of the Wolverine will go up Saturday, Oct. 15.

MacDonald also issued a call for more men to work on the business staff to qualify for next year's election. A special meeting of the Wolverine staff will be held Friday afternoon from 4 to 6 o'clock to turn in final \$4.00 subscriptions.

The list of staff members follows: Assistant editors: Isabelle Poulson, Marc H. Bates, Paul Tucker, senior editor, Mary Watson, class editor, Helen Stevens, 7th class, editor, Laura McKay, Macgregor, 6th class, Elizabeth Emery, Mary Harris, seniority editor, Betty Shalvey, Christine Connor, assistant seniority editor, Lois Pouchette, seniority editor, Paul Tucker, Ormsbee, seniority editor, Clarence C. W. Rogers, advertising manager, E. C. O'Dell, athletic editor, Robert Kline, Jack McKeown, Robert Gardner.

Business staff: assistant business managers, Howard Bystron, Curtis Rogers, advertising manager, E. C. O'Dell, publicity, subscription manager, W. J. Murray.

## ALUMNI TO JOIN IN MANHATTAN

Gathering Will Take Place On Eve of Fordham-State Grid Battle.

Plans for a huge M. S. C. Alumni gathering in New York City on the eve of the Fordham-State game have just been announced by Glen Stewart, secretary of the Alumni Association.

The convocation, under the auspices of the New York Alumni club, will be held at 8 p. m. Friday, October 21, in the Vanderbilt hotel. The Vanderbilt, besides being the week-end headquarters of the Alumni Association, will also be the home of the Spartans and Conch Crowsley while they are in the city which is not a banquet, but a formal gathering of State Alumni, as well as other than the Hon. Joseph W. McKee, mayor of the city of New York. Michigan State should feel extremely honored by the Mayor's presence since it is not his usual custom to attend meetings of this sort but the fact that he himself is a Fordham graduate and has spent a portion of his college days at Michigan State, would make his presence at the gathering a notable one.

Representing the executive board of the M. S. C. Alumni Association that week will be L. T. Clark of Detroit, national president, Glen Stewart of East Lansing, secretary, E. J. Hannah of Greenville, and J. A. Hannah of East Lansing. Mr. Stewart predicts that approximately 500 alumni will attend the Fordham game.

At the same time, he also stated that a like gathering will be held at Syracuse the night previous to the grid battle with the university of Rochester and Buffalo will journey to the game in a body and A. L. Ribben, president of the Alumni Association, is expected at the meeting.

For the benefit of those State students who are fortunate enough to be attending the game at the Fordham Grounds, Oct. 22, Mr. Stewart has made it possible for them to obtain tickets to the first-class rooms at a nearby hotel for a most reasonable rate. Those who are interested in taking advantage of this offer should get in touch with George Culp, who has charge of the rooming situation. Mr. Culp may be reached either at the Alumni office, phone 2-4738, or at the Hesperian house, phone 3812.

## MORE PLEDGES ADDED TO LIST

Twenty Names Swell Number to 145; Slightly Under Total of Last Year.

With the late pledge list turned in to the Interfraternity Council last night the total of pledges to the various fraternities of the campus stood at 145, slightly under the total figure of 148 reported last year.

The number of pledges is somewhat lower than last year because of the fact that some of the houses have not turned in complete lists. The final figure cannot be absolutely determined as yet.

The additions to the pledge lists of the fraternities during the past week are as follows:

Phi Kappa: Victor Darling, 35; Perry, Edward Sass, 30; Lenox, Delphin, Harry Davidson, 36; River Rouge, and Roy Ludwig, 34; Alpha.

Epsilon: Fred Riser, 36; Saginaw, Edmonson, Vance H. Stetson, 36; Upsilon.

Hesperian: Thomas Hamilton, 36; Detroit, Robert Madison, 36; Lansing, and Howard Kiles, 36; Reed City.

Physian: William Held, 35; Calumet.

Timonia: Richard Clark, 35; Delton, Richard G. Brum, 36; Freeman, 36; N. Y. J. Edward Beckford, 36; New York City, and Hiram Chapman, 36; Cadillac.

Even though the amount of men pledged this year is comparatively small, the fraternities are not so hard hit as the organizations at the University of Michigan. They report that the pledging this year is the smallest in many years, and much anxiety is felt. Living expenses have been reduced here in many of the houses and are moving more of the men into their houses.

## STATE MEN AT BANQUET OF MICHIGAN C. OF C.

Present at the annual banquet of the Junior Chamber of Commerce of Michigan, held at Pontiac, Tuesday, October 11, were J. A. Hanna and Glen Stewart, members of the executive committee of the M. S. C. Alumni association.

They journeyed over to that city with Coach James Crowley who with Harry Kiple of Michigan and Gus Dorcas of the University of Detroit, made up a trio of famous coaches who were listed on the speaker's program for that day.

## Prof. Patton Gains Material for Address While on Trip Last Summer.

Completely filling the Faculty Club clubroom, a large crowd of faculty members heard Professor Harold S. Patton of the Economics department speak on "Present Conditions in Germany," from twelve thirty to one Wednesday, Oct. 12.

Material for the address was gathered by Prof. Patton on a trip through Germany last summer. With friends he witnessed common Berlin life and heard the German people's own opinions of their country's situation.

German politics are in a very diverse condition due to the twenty-nine parties which are struggling for governmental control. The group headed by Chancellor Van Papen seems to be getting in command.

## Large Faculty Club Group Hears Economics Head Talk on Germany

according to Prof. Patton. After replacing the Brumming government, they are holding off the Hitlerites by passing measures for which this party has been fighting. When they disagreed with the Reichstag a short time ago, said Prof. Patton, Van Papen instead of dissolving the Reichstag, the Van Papen government has declared itself in favor of armament equality and the abolition of the payment of reparations. "The trend is toward a far-reaching state socialism," Patton repeated.

"The present government finds itself facing the two-fold problem of meeting the exterior debt obligation, and providing for the unemployed while seeking to put them back to work. In its attempt to cope with this situation the government has passed legislation which has established an almost incredible extent of unemployment insurance." (Continued on page 4)

## BLUE KEY GETS CAMPUS BAND

Schroeder's Orchestra Selected for Victory Dance

With the announcement that Jerry Schroeder and his orchestra, a new Michigan State campus band are booked to play for the evening interest in campus social activities for the coming weekend has been directed toward a Blue Key dance to be held in the Union building Friday night from nine until twelve o'clock.

Schroeder's orchestra famous for its performances at Reed Bepko's and Moonlight gardens in Charlesville during the past summer, is an excellent band composed mainly of students on the campus. The orchestra group has been very successful and the orchestra has presented numerous broadcasting programs over stations of this state at various times. Their initial appearance at a college party is hailed as the beginning of a career for one of the finest bands to be seen.

The party is being given by Blue Key, honorary service fraternity for seniors in the interests of establishing a fund similar to that made by the Interfraternity last year when the party was used for the purchase of chairs for the Union building.

According to announcement by Otto Pongrace, president of Blue Key, following the meeting of that group last Friday evening the party will be Tuesday night's party will include Professor and Mrs. L. C. Emmons, Mr. and Mrs. L. E. Pringle, and Professor and Mrs. O. J. Drake. Guests at the party will be President and Mrs. R. S. Shaw and Secretary and Mrs. Herman H. Hainaday.

Tickets for the Blue Key party may be secured from members of the Interfraternity Club at a cost of \$1.00, including a refund of 50¢ on the Union desk.

## DEVELOPS PLAN OF CLASS RUSH OF CLASS RUSH REPLACEMENT

Student Council Discusses Events to Take Place of Diastrophic Contests.

## FRESH TO ORGANIZE

Will Meet in Chemistry Lecture Room Next Monday to Form Efficient Group.

Development of plans in connection with events which will replace the football and flag rush of former years at the annual freshman-sophomore class day were revealed at Tuesday's meeting of the Student Council, and a motion was carried to hold the first class meeting for organization of freshmen in the Chemistry lecture room Monday afternoon, October 17, at five o'clock.

The introduction of new events into class rush activities comes as a result of the numerous requests submitted last fall by members of the freshman and sophomore classes in the events program, and during this day and subsequent days to the Student Council which will hold an open house and will all competitive events of the rush ending to lead to a 700-point party.

Three new events, now being held in the Fall Class Day program. A large ball event planned for tonight will involve the use of twelve large balls on the field and will correspond somewhat to the football ball event, and will be held on the athletic field, and will be a novelty. A novelty will also be included in a mobile relay and a ground pig race between freshmen and sophomores.

The program which will include six separate events will be held at the stadium, instead of the field where it was formerly held. Events will be in charge of members with officials from the athletic department cooperating.

The mobile relay event will take place on the field and will be conducted in the usual fashion between classes. Special use of rules and system of play will cover the events to be held on the field.

## Wards Pick Committees to Determine Scope of Organization

A movement began in Wells Hall this week aimed at a reorganization of the men's dormitory. The first step toward a form of house organization was taken Tuesday and Wednesday nights when meetings were held in each ward.

A committee of three freshmen was selected by each ward to be the six ward committees to determine the scope of their activities in house government and social dining.

The election plans as formulated by house director Otto Pongrace, the six directors, and freshmen leaders, came up for discussion at the meetings of the freshmen and sophomore classes held at the other freshmen. The six committees will be together in their meetings pertaining to the activities of the entire dormitory. The details of the plans for house administration and social activities will be worked out at the meeting tonight and a radio will be held and installed in the building with the expectation of holding occasional radio parties. Book and magazine racks will be put up by a faculty member and filled by the students.

Student organizations for maintenance have formerly been handled by the division of the students among the different classes. With a reorganization of the freshmen it is expected that some kind of organization can be carried out.

## GRADUATE SCHOOL SHOWS INCREASE IN ENROLLMENT

Fall term enrollment figures show a slight increase in the number of students taking advanced work in the graduate school. There are now 211 registered as compared with 206 at this time last year.

According to Dean E. A. Bessey of the graduate school this increase is probably due to the fact that many graduates were unable to secure work after leaving college, and have decided to continue their education by taking work toward advanced degrees.

## 'HOLIDAY' TO BE PRODUCED SOON

Dramatics Class Starts Work on Two Plays to Be Given During Fall Season.

With the announcement of its membership and of plans for the coming year, the M. S. C. dramatics class is beginning its fall season. It has new members, some with experience, have been added to a group already composed of ten members of college plays. Professor King of the speech department will direct the actors as in former years.

Two plays will be produced this year. They are "Holiday" by Philip Barry, a successful New York comedy several years ago and last year's "Dear Mr. Holmes" which will be produced in the class in early December. The play "The Green Pastures" by Lynn Riggs, which is a comedy, will be produced in the fall.

The dramatics class will have at its disposal the two new sets and complete stage settings, and all necessary lighting equipment, and will be appearing at the effectiveness of their work.

For all plans presented this year, the class will be an admission price charged. The Little Theater will be the scene of active exact dates will be announced soon in the State News.

DRAMA AT LAST

The news columns this week carry an announcement of the dramatic club plans in which two excellent plays are scheduled for production during the fall.

With these two plays and a few other productions, the fall term should see plenty of dramatic action. College dramatics have been rather in the doldrums for the past several seasons, and it is the lack of serious actors to raise the level of activity in this phase that occupied us here last week.

Music Prof. Has Exciting Adventures in Red Revolt

Who would guess that the dignified Michael Press, professor of violin in the music department, would be found in the most horrible and nerve-racking conditions for more than a year?

He saw the firing squad raise their rifles to the sky, heard the machine-gun click as they cocked, saw the flames of the inferno rising to the sky, and the sound of the machine-guns.

He is a professor of old Russia and he endured all the hardships which the Reds who ordered the audience out and took position of the building for a meeting.

As Professor Press went out he found the city in total darkness, for the Bolsheviks had cut the electric light wires, as well as the gas and water lines.

With other leading musicians of Russia in Warsaw for the next year an entertainer for the Bolsheviks.

He was forced to give concerts for the Red soldiers whenever they were stationed, being taken from place to place in the back end of a truck.

During this period he nominally held his position as head of the violin department of the Imperial Conservatory.

He was also a member of his party after that he lived conservatively in Germany, Denmark and Göttingen, Sweden.

He taught in New York and at the Curtis Institute of Music in Philadelphia.

He has accepted a position at Michigan State college four years ago where he has inspired and developed several promising students.

On the night of the Russian revolution he was in Moscow, Professor Press was a young man, living in a small apartment in the city.

STUDENT PULSE

Editor's Note—The News is in receipt of two letters from students who signed only their initials. No letters are printed in this column unless the identity of the writer is known by the editor.

I read with interest the article by 'S. J. W.' under the Student Pulse and he has expressed my feelings and those of other students.

The state college in which I took my undergraduate work was also faced with this problem although it never became as serious as it was here last month.

Another advantage is the fact that there is no such thing as a closed section. This eliminates the necessity of making over one's schedule.

Is there any reason why M. S. C.'s official cannot be used as a good system or a better one? We students hope they can.

FROHMAN OPENS LA COFRADIA HAS FIRST TERM MEET

Old Theater Manager to Speak in Peoples Church on November 1.

Daniel Frohman will open the Students' Lecture Course on Tuesday, November 1.

Frohman crossed this country first as an advance agent of the circus, and then as a manager of the circus.

It was Daniel Frohman who managed the first tour of Gable's school, the student and who formed the world to recognize the art of J. H. Kuebel when he first came a youth of 21 to America.

Plays whose authors are now established had their beginnings with the Frohmans. It was Charles and Daniel Frohman who brought Peter Pan to production and included the latter in the main of St. James Barris. It was in this play that Made Adams established her reputation as the best-loved actress on the American stage.

Daniel Frohman can tell innumerable stories of the days when Bernard Shaw was not a law unto himself but a struggling playwright seeking an American hearing for his plays. Daniel Frohman is the only personality in the American theatre whose vision of art embraces two epochs. He sees clearly both the contemporary stage and that of yesterday.

### Blue Key-Sponsored Victory Dance Largest Event on Campus Social Calendar; Is Second Annual Affair

#### Functions for Fall Term Get Under Way as Party Situation is Cleared; Numerous Open Houses Feature Party Schedule as School Officials Ban Radio Dances.

A Victory dance, under the auspices of Blue Key, will be the main feature of the coming week-end. It will take place on Friday evening, in the Ohio ballroom. Jerry Schroeder's campus band will furnish the music for dancing. Several open houses are also being held on both Friday and Saturday evenings.

One of the largest crowds on record attended the Harvest Ball last Friday evening, which proved to be as good as a reunion, since it was the first large all-college party of the year. The Michigan State Collegians played. The orchestra pit was lavishly decorated with corn shocks and fall fruits and vegetables, and a large harvest moon added to the autumn atmosphere of the room.

### Dancing Society Works Out Plans at First Meeting

#### Orchestra to Devote Time to Modern German Dance Under Miss Ann Kuehl.

The first meeting of the Michigan State Dancing Society was held last night at the Phi Chi Alpha open house. The society is scheduled to meet on Tuesday evening, 7:30 to 9:30, in the Ohio ballroom.

At this time the club will study dance technique and composition. The club work this year has been extended to the modern German dance, under the direction of Miss Ann Kuehl, instructor, who spent the evening in training. Kuehl is capturing the modern German dance technique.

A special business meeting will be held on October 14 at the Phi Chi Alpha open house. Miss Kuehl will preside at this time. The club will also discuss the social program and the dance program for the coming year.

### ARRANGE INITIAL DEMOLAY DANCE

#### Friday, October 28, to Be Date for Opening Lansing Party.

The first DeMolay party of the school year to be given by the downtown chapter at the Lansing Masonic Temple ballroom has been announced for Friday, October 28, and will have for its theme the celebration of Halloween's season. This will be one of the few "open parties" of the year to be given by the organization at which outsiders will be allowed attendance.

McFarland's orchestra of Detroit has been selected to play for dancing during the evening. This is a prominent band with experience in playing at many parties in Detroit and at college and fraternity parties in Ann Arbor and Ypsilanti. This is the same group of players featured four nights weekly over Detroit radio stations.

They have with them the two highly trained entertainers, Milton Schurke and Slim Branch, formerly with Freddy Bernard. The entertainers promise plenty of novelty numbers at the party.

In carrying out the theme of Halloween, the Masonic Temple ballroom will be decorated with fall time scenery. The committee appointed from the chapter to have charge of party arrangements consists of Robert Kraft, 34 chairman; William Endley, 36, Joseph Gardner, 34, Richard Weaver, 34, Charles Mall, Carleton Coyle, James Atchison, Donald Valentine and Frank Lauenbacher.

Admission price for the party will be one dollar per couple. Tickets may be secured from DeMolay members or at the door before the party.

### YEARLING TEAM OPENS SEASON

#### Frosh Engage Michigan Normal Freshmen at Ypsilanti Saturday Morning.

The experimental stage of the practice sessions passed, Coach John Kobs of the freshman football squad has entered into the final phase of preparation for his yearling eleven in preparation for the Saturday evening tilt with the Michigan State Normal freshmen.

The frosh this fall have proved to be an excellent matched squad with team positions uncertain. In the scrimmage against the varsity, the first year team have shown a great deal of strength, both on the offense and defense. The past two weeks' hard work has roped out many of the faults of the team and the backs and the line are now functioning smoothly.

Since the squad is well balanced in every department, it is likely that every single member of the team who makes the trip will see a good deal of action. Kobs himself has not yet decided as to who will be in the starting lineup and it is very likely that he will not make his decision until just before game time. About forty or more candidates will make the trip to Ypsilanti to engage the Normal frosh. The members of the team that will make the trip as yet given out last night.

**Faculty Members Prove Beet Sugar Useful in Canning**

Any one wishing to try on for the Porpoise club may leave their names and addresses with Coach Daubert or sign up in the swimming pool. Those men who have signed up may practice their requirements any day from three to six p. m. Meetings of the club are held in the swimming pool.

Porpoise is the only honorary that furnishes a great amount of sport with its activities. Although the club is comparatively new, almost all of the great swimmers, such as Wessinger, Mickey Riley, Crabb, are members.

### Monnell Tops Scoring Again

Bob Monnell, Michigan State's football player, last year gained national prominence as a leading scorer and general candidate for All-American mention, is back in his old role again this week.

MONNELL

re-estimated by sports writers after his Saturday's game. Monnell had first rank as a point-maker in the address.

**Y. W. C. A. Meet Attracts Large State Delegation**

The representatives from Michigan state composed the largest delegation from any college in Michigan at the World Association, held in Detroit under the auspices of the area Y. W. C. A. This was the first event of its kind and plans are being made to make this an annual affair.

### NETMEN START DOUBLES PLAY

#### Round Robin Tournney Gets Under Way; Gee and Nordwall Win First Match.

At present the members of the State tennis team are participating in fall practice, the play thus far being almost entirely directed to the improvement of the doubles combination.

To carry out this plan, Coach C. D. Ball has arranged a double-tournament among the players, with five teams participating. This tournament is unusual, in that all of the teams meet one another at some stage of the play, the losing team playing about three matches and the winner six. This enables each combination to meet the different styles of play employed by the other teams, and at the same time affords plenty of practice.

The members of the squad are listed as follows: Wertz and Norris, Ling and Looze, Gee and Nordwall, Stonebraker and Hammer-Schmidt, and Sexton and O'Dell. Wertz and Norris, the number one team of last year, are playing very well in the line shape, combining aggressive play with the net play to make a winning combination. It is remembered that this pair went through the past season in a winning manner and let for an injury to Wertz, but which prevented them from entering would undoubtedly have made a very commendable showing in the state intercollegiate meet. The other teams are also exhibiting much improvement and should provide plenty of competition. According to Coach Ball, the players have accomplished a great deal during the summer months, and show a marked improvement in all departments of the game.

In the first round of play Wertz and Norris play Ling and Looze, and Gee and Nordwall play Stonebraker and Hammer-Schmidt. The loser of this match will then encounter Sexton and O'Dell.

Only one match has been played thus far, Gee and Nordwall winning from Stonebraker and Hammer-Schmidt, being the full quota of three sets.

### BACTERIOLOGISTS TO HOLD MEETING

#### Mallman and Huddleston To Speak at Convo in Washington

The annual convention of the American Public Health Association, which will be held Oct. 24-27 in Washington, D. C. has on its program two speakers from the Michigan State college, bacteriology department, Dr. J. J. Huddleston and Dr. J. E. Mallman.

Dr. Mallman will talk Tuesday morning on the subject, "A study of bacteriological methods of testing and means of distributing water with chlorine, with particular reference to swimming pool water."

Dr. Huddleston will talk Wednesday afternoon on the subject, "The use of bacteriological methods in the control of water supply."

**Austie Attends Education Meet at Michigan U.**

Dr. Austie, director of the education department, Michigan State college, is in Ann Arbor to attend a meeting of the Michigan Educational Association for the purpose of studying the vital problem of supply and demand in the education of the state. This is the first meeting of its kind and plans are being made to make this an annual affair.

### State Man Is Green Bay Ace

#### Under Way; Gee and Nordwall Win First Match.

Roger Grove

Roger Grove, who will be remembered as a former Michigan State college football star, is now playing his second year as a regular member of the Green Bay Packers, national league professional grid team.

While at State he played at quarterback and was regarded as one of the best players ever to be produced at this institution. His home is in Straits, Michigan.

### OFFER BEGINNING EDUCATION COURSE

The education department is developing a plan of guidance for the "scholarship" who are interested in teaching. The purpose behind the plan is to acquaint them with the present situation in Michigan and surrounding states. Its central idea is to assist them in their decision whether they wish to be teachers by starting them to do so with every step and if they do wish to begin their course in the most effective manner. This fall term 1932-33 seven scholars are taking work in the beginning education courses.

### FENCING TEAM STARTS DRILL

#### Wealth of New Material Expected to Fill Vacant Posts on 1932-33 Squad.

The fencing team has started workouts early this year. Coach Bauer thinks that prospects for the coming season are quite promising so he called the regulars out and is putting them through their paces. A lot of new material is on hand this year to fill the gaps in the team left by graduation.

Any fellow who thinks he would like to get slashed by a little can come out for saber. It's a rough swabber and will give anybody a lot of exercise. 1932 is a good weapon for the fall men and requires speed and reach. Bauer would like to see fast men come out for foil as a quick eye and a lot of speed are useful here.

The following men are on the non-fencing men's varsity and freshman teams: J. H. Murphy, K. A. Stokes, M. Glass, H. M. Lutz, R. Lindholm, W. G. Palm, H. M. Gordon, and H. L. Casanova. New men are M. K. Stokes and K. A. Krenzel. Coach Bauer would like to see any interested candidates in the fencing team at the gymnasium any afternoon after five o'clock.

### Blacksmiths Go to School

#### College to Offer Short Course for Horseshoers Next Term.

The number of horses in the Michigan State of Michigan is slowly decreasing, but not as fast as the number of blacksmiths according to the Michigan Horse Breeder's association. For this reason, Michigan State is offering a short course in blacksmithing for the fall term, 1932-33. The course will be given at the college, March 6 to 10. The Michigan Horse Breeder's association, which is the largest of its kind in the world, has a membership of 100,000. The course will be given at the college, March 6 to 10. ### Alton Kircher May Attain to 3-Letter Post

#### Several Lecturers Appear Before Yearling Physical Ed Classes.

Alton Kircher, Gladstone, Mich. junior, makes the grade as varsity quarterback on the Michigan State football team, he will become a three letter man, the first of such caliber in recent Spartan history. Kircher is co-captain of the basketball team and regular left fielder in baseball.

If he were a major sport, the state coach might have won a letter in this branch. At least Kircher has the reputation of being a heavy puncher, despite his lack of stature and pounds. Kircher was the central figure in a baseball squabble during the weather trip two years ago that still is laughably recalled by Spartan players.

A 220-pound puncher of an appeal, Kircher took exception to remarks made by one of the Spartan infielders, a fellow sport Kircher's acquaintance during the weather trip two years ago that still is laughably recalled by Spartan players.

The following men are on the non-fencing men's varsity and freshman teams: J. H. Murphy, K. A. Stokes, M. Glass, H. M. Lutz, R. Lindholm, W. G. Palm, H. M. Gordon, and H. L. Casanova. New men are M. ### GET OUTSIDE MEN FOR FROSH TALKS

#### Several Lecturers Appear Before Yearling Physical Ed Classes.

Three freshmen physical education lectures have been held to date and all have verified the department's plan to supplement the regular drill talks of the past with interesting health instruction and creative, the minute sport instruction.

Kobs' frosh address included a talk on the fall term series, explaining football at M. S. C. to be followed by Professor Emmory's more general lecture on the various college sports ability rules. Mr. Emmory's instruction on general of these conditions, including the most recent regulations for the various college sports, will be given in the coming week.

# ILLINOIS WESLEYAN FACES CROWLEYMEN SATURDAY IN EXPECTED LIGHT CONTEST

### Varsity Swimmers Freshmen But First String Men Beat Wesleyan Record Unimpressive; Starting Line-up to Be Unchanged

With Illinois Wesleyan featured as State's most likely opponent, Coach Jim Crowley ordered early light drills for the swimmer-athletes during the early part of the week, leaving the men for their first rest after more than three weeks of hard work. Wesleyan includes East Lansing and Normalville.

A short preliminary session was held Wednesday afternoon against the freshmen eleven with the second string men holding forth during most of the drill. The varsity went through a usual practice on a smaller field after warming up in the swimming pool.

Illinois Wesleyan is not expected to put up much opposition in the preliminary attack on the Illinois State football team. The team is expected to be a strong contender for the state championship.

Coach Crowley said that the team is in good shape and that the players are looking forward to the game.
