Today's Campus

Wanted—Cinderella
Is there a mysterious Cinderella on the State campus? There must be for the 1938 edition of her slipper was found in front of South Sarah Williams.

Slipper Found
The owner of the slipper, like her predecessor, was probably dashing madly about at the allotted hour, and in a haste was unable to recover the shoe.

However, anyone who feels she can slip her foot easily into a size six, barely worn black pump and not hesitate to come to South Williams, see if "the shoe fits" and claim her rightful title.

Baiting 'Em On
Several of the North Will girls remembered Sunday night that the way to a man's heart is through his stomach and experimented by taking their bait into the dining room for him. To said that being objects of curiosity made the boys so nervous that they were unable to eat seconds.

Chest Expansion
The 1941 numerals are here at the gymnasium. The frosh athletes jammed into the gym stockpiles yesterday to get their hands on "new" sweaters.

After considerably delay in getting the awards, the athletic department released the coveted sweaters to 35 freshman footballers and 10 similar awards to country runners.

"I'm glad that's over," sighed the Barrett stock room manager, who is dished out to those pesky women who have been haunting his every night for the last few weeks.

Night Mustn't Fall
An appropriate remark was that made by Ted Dougherty, freshman from Waterloo, Iowa, who said, "This is the only college in the United States where the sun walk around at night and not a newspaper."

Embryo Orchestra
An embryo orchestra, springing from the depths of the Sigma Nu neighborhood is definitely on its feet. Bruce, Hecct, and others who have been practicing their daily noon jam sessions on the tubs for lo, these many years will make their first public appearance Saturday afternoon at the Union Amateur show.

The violin, piano, and clarinet has become an indispensable feature program at 444 Abbot street since it was organized last year.

Tomorrow evening at 7:30 the leper prayer service in the chapel, Peoples church, will be the topic "The Forgotten Lepers." The program will include special songs, readings, and prayers. The public is invited to attend and hear what is being done for the lepers of the world.

Frankie Masters' Band Features Marian Frances, Singer

Music Group Rehearses

Symphony Will Play Pieces by Haydn, Bach, Strauss

The college symphony orchestra is enthusiastically rehearsing for its next program, according to Prof. L. L. Richards, head of the music department. Hans Lange, conductor, has outlined work for the orchestra for this term, and promises a program of interest and pleasure for both students and general public.

At present, selections planned for the concert are: The Second Brandenburg Concerto by Bach, the Maria Theresa Symphony by Haydn, and Richard Strauss' Serenade for Wind Instruments, a number for wind instruments alone.

As a soloist, the orchestra will feature Lewis Richards, playing the celebrated Borgh Concerto for Harpsichord, which he rendered recently for the rededication of the famous Dock Street theater in Charleston, South Carolina.

Though the various sections of the orchestra are well filled this term, there is still room for a good flute, oboe, bassoon or English horn player, according to Richards.

Winter Sports Fans Offered 'Snow Bus' Trip to Cadillac

Group Will Travel to North Country For Day's Outing February 6

Skiing, skating, tobogganing—All winter sports are promised students who travel to Cadillac with the first all-college "Snow Bus" Sunday, February 6. The trip is sponsored by the Forestry club.

The idea originated with James H. Husted, instructor in forestry here. Both Ralph H. Young, head of the mens', and Dr. Lydia L. Lightning, of the women's physical education departments have cooperated on the project.

Students taking the trip will leave the Union at 7 a. m. and arrive in Cadillac at 11:30 a. m., Sunday. After spending six hours in the north, they will leave for East Lansing at 5:30 p. m. and arrive here at 10 p. m.

Lunch and dinner will be eaten in Cadillac. Expenses are estimated at \$3 for the round trip. Tickets for the trip will go on sale January 29.

Missionary-Statesman Will Conduct Forum At Baptist Church

Dr. Alexander Paul, noted missionary-statesman, will be the speaker at a forum to be held at 3 p. m. Sunday, January 30, in the First Baptist church, Capitol and Iowa streets, in Lansing. Having served more than 40 years in the Far East, he will discuss the Chinese-Japanese problem.

A native of Ireland, Dr. Paul first went to China in 1895. Later he became a teacher in the home of Li Hing Chang, one of the greatest philosophers and statesmen of old China. The Chinese government also commissioned him to repair and build dykes and bridges, following a disastrous flood in rice growing sections.

Dr. and Mrs. Charles Fox and Charles Fox, Jr., will be guests. Dr. J. W. Sexton, superintendent of Lansing public schools, will preside. Students and other interested persons are cordially invited to attend this discussion.

Parking Rules Are Changed

Designate Unrestricted Parking Areas

The city council of East Lansing voted last night to make several changes in parking regulations in this city. Following a discussion of parking and other traffic problems, a motion was passed by the council authorizing the changes.

The major change is the removal of the one hour parking restriction of the south side of Grand River avenue from Abbot road west to the city limits. The restriction will also be removed on the north and south sides of Grand River, east from M. A. C. avenue.

These steps were taken by the council, upon recommendation of the traffic commission, in order to provide better parking facilities in the East Lansing business district.

Members of the forestry department emphasize that this is not a forestry activity. All students, both men and coeds are welcome to go on the trip. An all-college committee will be appointed to make arrangements for the day, say the foresters.

Sufficient buses to accommodate all who wish to go will be rented. Skiers will be able to test their skill at one of the three trails starting at the foot of Cabretas fire tower, 15 miles west of Cadillac in the Marquette national forest. Two of the trails fall into the never classification, while one is intermediate.

Instruction in elementary skiing will be offered by Husted and other advanced skiers.

Devotees of snowshoeing also will find a six mile trail laid out on them in the Cabretas region.

The Diggins park skating rink in Cadillac will be utilized by ice skaters and hockey players. A toboggan slide is also located in the park. One of the city streets in Cadillac has been blocked off for tobogganing.

Since only a limited supply of winter sports equipment may be rented in Cadillac, the foresters advise that those making the trip take their own along.

Another "Snow Bus" is planned or later in the month, this time to Grayling. Besides these two long trips, two shorter ones to Ann Arbor and Brighton are scheduled.

Elementary instruction will be offered in the vicinity of the college during the week. The forestry department urges all students who have equipment at home to send it.

'Better Thanksgiving Dinners' Farm Week Poultry Slogan

"Better Thanksgiving dinners in the future" might easily be the slogan of the poultry department during Farmers' Week. Over in the gym annex these are going to be all kinds of turkeys, alive, tame, wild, dead, dressed and undressed, for everybody to see.

This idea of displaying dressed turkeys is new this year; it is based on the principle of baby-beef shows. For turkeys, too, are grown primarily to eat, and there are certain body conformations of that particular fowl which make for better eating, about which the layman does not know. After Farmers' Week is over the turkeys will be sold to East Lansing folk.

There will be about 150 live tame turkeys, nearly 25 dead dressed ones, and a dozen wild open on display. Originally turkeys lived

Lee Riggs, auctioneer, knows tobacco... he explains why experts prefer Luckies 2 to 1

THIS SEASON, says Mr. Riggs, "I've sold tobacco in Georgia, South Carolina, North Carolina, and Tennessee. More than 7,500,000 pounds, I figure, amounting to about \$2,000,000 in money."

"Time after time I've seen Lucky Strike get the prettiest tobacco in the auction. That's one reason I've smoked Luckies ever since I've been an auctioneer."

"Another reason I and so many other tobacco auctioneers prefer Luckies is because we have to watch out for our throats." (Luckies are extra-easy on the throat because the "Toasting" process takes out certain irritants found in even the finest tobacco.)

Mr. Riggs goes on to say that Luckies are the top cigarette with people who know tobacco. And he is talking facts.

Sworn records show that among independent tobacco experts, Luckies have twice as many—yes, twice as many exclusive smokers as have all other cigarettes put together.

University of Michigan's great swimming team comes to East Lansing tomorrow to assist Michigan State in proving off the lid on the 1938 tank season in the Spartan pool at 7:30 p. m.

State entertains no hopes for victory against a team that is both the National Intercollegiate champion and Big Ten champion. Michigan has probably the best team in the country. They have such well known performers as Captain Edna

Kirak and Waldemar Tomski in the dashes, Bob Sauer and Bob Burke in the backstroke, John Haigh and John Creighton, breaststroke, Dave Holmes and Eddie Hutchins in the distances.

OTHERS TO WATCH
Other men to watch are Bill Farnsworth, Harry Rees and Bill Wreford, all free style men. Michigan's main strength is in the free style events, although they boast well rounded power in all departments.

HAS YOUNG TEAM
Michigan has one of the youngest teams in the country. The roster lists only three seniors, the rest being juniors and sophomores. Ten of them belong to the latter class.

Preparations are being made to accommodate a large crowd. Bleachers will be erected down stairs, and the pool is to be cooled to a comfortable degree.

Stars on Crack Michigan Swimming Team

Another veteran, Eddie Kirak, rates as one of the foremost spring free stylists in the country. He is the Michigan swimming captain.

Bill Wreford, veteran free stylist, is a sure bet to place against State tomorrow night when Michigan's great swimming team performs in the Spartan pool.

Frosh Await Western

Yearling Five to Seek Third Victory in Row Tomorrow

With two victories against no defeats tucked under its belt, the Michigan State freshman basketball team resumed practice Monday in preparation for the invasion of the Western State Teachers' college frosh tomorrow.

The Hilltoppers will bring a formidable cage team to East Lansing, and it is in this game that the real power of the local squad will be truly determined. The tipoff is scheduled for 8 o'clock.

The yearlings won their second consecutive game of the current season when they bowled over a highly-touted Port Huron Junior college quintet 38 to 18 in Demonstration hall Saturday afternoon.

The experience gained in its 33 to 15 victory over Flint Junior college the night previous was truly noticeable in all departments of play. The two teams, which Coach Tom King used for the second successive game functioned at a satisfactory rate during a greater part of the contest. The strong defensive work, which the yearlings have shown practically hitherto, the Port Huron offense completely.

Coach King was even more generous than the night before, using 14 men at different stages during the afternoon. The Gary Lind, combination of Phillips, Aulachen, and Captain Hindman—sprinkled during the second half when these three former prep stars of the same school combined their talents to produce nine points for the Spartan yearlings.

The box score: M. S. C. Frosh PORT H. J. C. ... Total 38 18 ... Score as held, M. S. C. Frosh, 19; Port Huron, 18; fouls, 10; Rebounds 10 M. S. C. C.

Faculty Bowlers Crack Marks
L. L. Frimodig of the Doubles broke his last week's high game and high match record by bowling 223 in his first game and 606 for his match Saturday afternoon in the Class A Faculty league as his team lost its match to the Strikers, 720-792, 813-704, and 760-801.

But as Frimodig broke his record at Rainbow Recreation parlor, G. F. Wenner of the Splits topped both of Frimodig's scores with 247 in his third game and 622 for his match. His bowling was also the main factor in the Splits defeating the Errors 2,369 to 2,256.

In the other match of the afternoon the Turkeys were downed by the Cherries in three straight matches.

Fencers Gird for Three Engagements in Ohio
Faced with a three-day trip into Ohio, Michigan State's fencing team will wind up heavy practice sessions today. The swordsmen are scheduled to leave Thursday for matches with Western Reserve, Ohio State, and Cincinnati university, all on foreign fronts.

Coach T. L. Canniff indicated yesterday he probably will make a couple of changes in the lineup which appeared against Wayne in the opener 10 days ago.

Annual Frosh, Soph Meet To Start

Beginning this Wednesday, the annual soph-freshman indoor track meet gets under way with three events and continues through Saturday.

This being the first meet of the season, the coaches are anxious to see the boys perform, for as yet the real strength of either team is unknown. The meet will also serve as a debut for the freshman track stars.

Much of the season has been spent in conditioning, but this week saw the boys put through still workouts in view of the meet next week.

Sophomores have usually held the upper hand in this meet and look very good again, but they will have to stave off a strong challenge by one of the strongest yearling squads in State's history.

In the distance events, the sophs have shown practically hitherto, the Port Huron offense completely.

Butler Cagers Play State Friday

Spartans Hit Slump As Marquette '5' Scores Rout

By VIC SPANIOLO

The Michigan State basketball team, after two straight defeats, seem headed for a busy evening next Saturday when the Butler Bulldogs invade the Spartan stronghold.

The State cagers will spend a busy week of practice in preparation for the formidable Bulldogs. Butler, among its string of victories, boasts one over Michigan. That fact alone means a battle for the Spartans.

On the other hand, State has appeared ragged and off form in their last pair of contests. Coach Ben VanAlstyne is determined to find out the reasons for the reversal of form that his squad has suffered.

FAIR DIFFERENT
Three games against the Orange men and Marquette were dropped against top-notch opposition and even the best must be defeated. But the trouble is that the State five which lost to Marquette last Saturday looked far different from the one which from med Kentucky and Buffalo.

In losing to Marquette, 41-24 the Spartans hit a new low as far as scoring was concerned. The Hilltoppers bruised their way around the Spartans time and time again. Six baskets was the best the State squad could do as the Toppers squared their way to the pool.

VALKOWSKI STARS
George Valkowski, sophomore forward, kept up his pace by scoring 11 points to tie Mace Gray of Marquette for individual honors. But the other Spartans failed to show their usual brand of play.

Only in the early part of the game was State in the lead and only by a one-point margin. At the end of the first half Marquette was ahead, 14 to 10. Shortly after the second half began the Toppers really lanned it on.

But midway in the period the Spartans came through with a flurry of shots that gave State followers a ray of hope. Then Marquette put the lights on and the game again became a one-sided affair. The Hilltoppers had superior reserves and this turned out to be the deciding factor.

Accuses Coach
The self-styled star accuses the head coach of insisting he play out the string by coming back for another season. To do so, the athlete must drop out of school one term to prevent his being graduated with his class and becoming ineligible.

Although interested in the accomplishments of their teams, no coach is shortsighted enough to ask an athlete to play one more year of football, basketball or baseball when it will result in the performer delaying his business start.

Athletes earn the coaches' board and butter, but coaches are among the first to recognize they don't pay off after college days are over on what accomplishments you record, ed on the football field or in the pitcher's box.

The coach leaves the question strictly in the hands of the athlete. All consequences, whether good or bad, should be accepted without any begrudgements by the athlete.

Baseball's Misunderstood Man Tells the Story Behind His "Feud" with the Press

Sports writers pan Bill Terry, tab him a swell-head, a nickel-nurser. In a steam-heated story on page 5 of the Post this week Terry finally takes his hair down. What does he actually think of sports writers? Why did he pawn his wife's engagement ring—and chase a man up the aisle of a Broadway theatre? What was really said when John McGraw made him manager of the Giants? Here, at last is a candid statement from baseball's Sphinx, who says his motto is "Deliver or step down."
