How do streets get their names? In some cities a committee takes a list of the street layout and votes upon the names. Sidat-Singh's Passing Menace to Spartans Hopes Saturday

FOOTBALL

(Continued from page 1)
eration against West Virginia, he injured himself Tuesday in a blocking drill and looks to be definitely out of the Syracuse game.

Practice this week has revolved around building a defense for the versatile Syracuse attack. A red-shirted team using Orange players enjoyed little success against a varsity lineup, while an offensive green-shirted team rapped off long gains. However, the game may be a different story.

Aside from stopping a fast Syracuse ground attack, State will find its hands full with the passing of Sidat-Singh, Hindu half-back. Singh completed five out of six passes in the fourth quarter against Cornell Saturday. Three of them for scores, and with State's pass defense none for scoring this year, he is sure to be plenty of trouble.

Hindu Back Ace Leads Powerful Syracuse Football Machine

Ossie Solem Brings Unbeaten '11' to East Lansing As He Renews Long-Time Feud With Bachman; Spring Ace Listed in Orange Backfield

By Marshall Dann

See that Sidat-Singh, Hindu half-back, is exactly what you want in a backfield. And that is exactly what you want in a backfield. And that is exactly what you want in a backfield.

By Wilmett, Sidat-Singh the Hindu, has one of the greatest talents in the game. The Hindu, who gave the outstanding individual performance in the Orange last Saturday by tossing three touchdowns passes in the last ten minutes of the game to lead Syracuse to a thrilling 19-17 victory over the Cornell College.

However, the offense doesn't depend on him alone. It depends on the whole team. And that is exactly what you want in a backfield. And that is exactly what you want in a backfield.

The other top back, Jeffrey at fullback, Hoffman at quarterback, and Bachman at halfback, are all excellent. He is a very dangerous fullback.

Among the players who will be in the Orange backfield are: Sidat-Singh, Hindu half-back; Jeffrey, fullback; Hoffman, quarterback; Bachman, halfback; and Solem, fullback.

Although the Orange backfield looked to win the game, they had the satisfaction of having their No. 1 player, Sidat-Singh, lead the college in the game. The high school star covered the two-mile route in 19:36, which is a fine record for the course which he is running for the first year.

Harris' Long Wait May End Saturday

After warming the bench most of the time since joining the varsity in 1936, Art Harris may fill the hole left by the loss of Gene Ciolek.

Harris, like Ciolek, is a triple threat back. His best asset is passing, and is considered one of the team's most accurate marksmen. He hails from Walled Lake, and despite his infrequent appearances in the lineup, Harris has missed few practice periods.

Pitt Harrier Team Lists A Nurmi

He'll Face State in Dual Meet Here Next Saturday

Alumni and other cross-country "fans" will have a chance Saturday to see Nurmi run again.

No. 1 runner Paavo Nurmi, that renowned Finnish runner, who was ranked by the world as the greatest of all distance runners.

In fact, the great Paavo Nurmi, who is now at the University of Michigan, is expected to run in the dual meet with State Saturday.

Michigan State's annual novice cross-country race will be run off Friday afternoon on the college course. This meet is open to freshmen and all others who have not had cross-country experience at State.

Scoop Says:

By George Maskin

Tom Otley, one of Michigan State's track intermediaries, paid his former coach, Lauren B. Brown, a great tribute prior to last Saturday's football game at Morgan.

Otley had traveled several hundred miles from his home in Philadelphia to watch the Spartans, but he was more interested in learning what kind of a cross-country team Brown would turn out this fall.

"You would think State was due for a drop," Otley said, "considering the team has won the National five times in a row. However, it doesn't pay to sell the Biscayne short."

"In my feet will go down as one of the most remarkable in sports' thrilling history. I say that not because I happened to be fortunate enough to run on two of the winning teams."

As handsome as ever and looking about as trim as he was a few years ago when he sported the State colors in track competition from coast to coast and in the 1932 Olympics, Otley spared no words in talking about his former coach.

"I can see how a team could win the I. C. A. A. three years in a row, since it might boast the same members for each of the classes."

However, when a coach accomplishes what Brown has, presenting revamped lineups every fall and still carrying off the top prize five straight times, one can't help but rate him as a remarkable coach.

37 spots of the track. Otley still holds the indoor two-mile record in the gym.

Kind of looks as though it might stand for good now. Otley blurted, recalling the majority of the record, he established during a collegiate days no longer exist.

Syracuse Strong

A smile crept across Otley's face when told the 1938 State harrier aggregation headed for another prosperous season.

They'll have to be good this year to beat Syracuse and Manhattan, Otley cut in. The Orange have some sweet runners and with Manhattan are set on bringing the title back East.

According to Otley, our Eastern friends aren't any too keen about the championship coming West to East Lansing each year. They figure the East originated the event, and as a result should annex the top prize.

Doesn't Say Much

Clay Brown is his usual, mild-mannered self this year. He doesn't have a great deal to say. That isn't anything unusual.

Brown never talked much at the outset of the season, which were dominated by victories in the I. C. A. A. He said the type that pass off before his charges have been fully tested and informed one and all, "we have a good team or we'll have a loser team."

The Spartan harrier has exhibited steady improvement in recent weeks. The times of the leading runners in the all-outgoing run topped those posted by crossing the line in corresponding places a year ago.

All of which indicates Michigan State again will have a cross-country team which won't take a back seat to many in the United States.

John Budinski Lone Married Grider

Johnny Budinski, 19-year-old sophomore right halfback, stands alone among his Michigan State football team mates.

Budinski is the only beneficiary. He married a home town girl last December.

Married life, however, hasn't handicapped his football play. At present Budinski is opposing Steve Sasse for the first string right half assignment.

High Fliers, Black Sheep, Win

Play in the Men's Independent Touch Football League was resumed Wednesday evening.

The opener pitted the Sleeping Beauties against the High Fliers of Black 1. It was won by the latter 6-2, when Herb Joslin blocked a kick and recovered for the touchdown that provided the margin of victory. The losers acquired their two points on a safety.

For what was to have been the second game, officials Hans Lynch, and McShannock put the teams together and declared no contest when both participants failed to put in an appearance, namely Williamson and Hutton, field of Black 2.

In the final game, which was witnessed by a fair sized crowd despite the chilly weather, the Black Sheep nipped out the Boys by one first down.
