Sheean Predicts Long War

"Confusion and weakness of the French and English in the last three years culminated at Munich in a blunder that brought on the present war," Vincent Sheean novelist, explained in his lectures to State students in Peoples church Thursday night.

"Chamberlain was a farce, but it succeeded and further explained than military."

Ellaming the English fear of left forces in Spain, the speaker accused the English and French of se committing "the worst blunder and the worst crime of their record" by refusing to aid the Republicang government in Spain, the Spanish civil war was the first phase of the second World war, according to Sheean.

MISSES CHANCE

Even Tilt Expected As Old Rivalry Ends

By Sheldon Moyer SYRACUSE, N. Y., Nov. 4—Seeking its first triumph over a major competitor this season, Michigan State's grid squad will tangle with "The Boys From Syracuse" today at Archbold Stadium.

Like the Spartan's, Ossie Solem's Orange forces are expected to hit their stride after Capable Gridder getting off to a slow-start this

season. Up to date Syracuse has a record of one win, two ties, and two losses.

Only the breaks of the game should keep this contest from be-ing a toss-up. Both teams are expected to feature a strong passing attack and a speedy ground of-fense propelled by a varied num-ber of ball carriers.

WILL END RIVALRY

Today's till will mark the end of a most pleasing intersectional rivalry between the two elevens. Syracuse and State have met five times with the Spartans holding a 3-2 edge. Since no arrangements have been made for the scheduling of future games, this meeting will conclude the series for at least three years.

Coach Charley Bachman and squad of 36 players arrived here yesterday and held a light work-out as a final preparation for the game. Several State stalwarts in-cluding Row Alling and Tony Ar-Griffeth, guards; and Roman Kam-an, fullback, were left at home be-

Another hitch in the plan is the discretionary powers and dangers of the designated zones. It is going to be exceedingly difficult for any president to name vertain zones as dangerous. To safely guard our shipping, Roosevelt would have to name every ocean as dangerous because technically that is true.

If his opinion in regard to these zones proved to be wrong, the United States would suffer.

Actives massacred the pledges also be administration virtual orders and saved administration virtual orders.

Bud Coulter and Harlan Pitcher were elected president and secretary active the state department.

Accordingly, they say, there will be a minimum of incidents leading to arouse public opinion to fighting pitch. In the second place, our munitions and arms manufacturers will be able to sell to belligerents as long as they can get their ships into our ports.

No American ship will be allowed to transport implements of war, but this nation will sell belligerents anything they want if they come after it with cash.

But as most apparently fool-proof plans, this one has several weaknesses when carefully considered.

Germany is not going to sit idly by and watch our equipment in the hands of France and Britian destroy their ships. It is true that our sympathies are with Britian but not to the extent that we want to see our own country drawn into the conflict.

Another hitch in the plan is the discretionary powers and dangers of the designated zones. It is going to be exceedingly defense and the conflict.

Grade Pupils Turn to Drama of the Control of the Co For History Study

Pages of history were turned back during the past week, by the eighth grade class in dramatization of such historical characters as John Jay, John Adams, and Benjamin Franklin. While studying the Revolutionary war, and the Jay treaty which followed its close, students expressed opinions that

Even Break Today State Holds Edge

Syracuse, N. Y., Nov. 4.— Syracuse and Michigan State Syracuse and Michigan State take the stage for their last performance in a brilliant football rivalry today.

Its the last chance for the New Yorkers to gain an even break in the series, and the Men of Orange are determined to make their action bears a triumphal one.

curtain bow a triumphal one.

Two victories against three defeats is the series record the Orange will easily into battle today

For the benefit of those students who haven't been able to get the lowdown on the football situation this week from the barber chair, five shearers of the local wool paused with razors raised to give their unbiased and momentous predictions for the six major football fronts this week-end.

season with an 18-41 victory over Western State Teachers' college yearlings yesterday afternoon over the Celery City three and one-half mile course.

Monroe's time of 17:45 is considered very good for the new course which took in a considerable amount of hills. He was hard-pressed by another promising Spartan who has been showing consistant form, Jerry Page, who finished one second later.

Following Page across the line was Likens of Western State, closely pressed by Scott, Sparke, and Meloy, of the Spartan frosh. Other State yearlings running were Finlayson, Laonard, Falconer, and Merritt, who finished eighth, ninth, eleventh and thirteenth, respectively.

of 16 which is but one short of perfect. In compiling their rpesent streak Michigan State on two occasions ran up a score of 17.

NORMAL RATES HIGH

Michigan Normal is rated to give the Spartans the biggest battle as their veteran team has crushed Central State and Wayne shows that the Hurons have an edge over Western State.

A battle for Dick Frey's individual crown is expected to develop between the aces from the three leading schools. Roy Fehr has turned in three great races in leading the Spartans this year and will be a hard runner to beat on the home course.

Harry Leonard of Western State pushed Frey to a new course record last year and finished only three seconds out of first place. Tommy Quinn of Normal also placed high but is lookking even better in his victories this fall.

Mason hall elevens unanimous-ning ruled the gridiron in Thursday night's edition of the dormitory toun football league with Masons 3, 8 and 1 all coming out on the long end of their respective encounters.
