

Today's Campus

SPCA Take Note

Prof. L. D. Jungwirth, of the art department, remarked in one of his classes yesterday that a feeling of sympathy should exist between the artist and the subject, such as he once felt for a donkey he modeled in Germany. The donkey, he said, won an art academy award.

Curb Service

Prof. C. C. Hamilton has a new twist for the old idea of giving an apple to the teacher. Yesterday one of his students came breathlessly into class at 12 minutes past the hour, looking as though she had missed her breakfast. Hamilton looked at her kindly and offered her an apple he had in his briefcase. She was so surprised she refused it, with thanks.

Bloc Head Retires

Campus politicians reported yesterday that a new man has ascended to the dictator's seat of their little group. In a meeting the night before nominations for freshman class officers, representatives from all fraternities and sororities "in good graces" chose Robert Bowersox, A. S. '44, Sigma Chi, as head of the unofficial bloc. Retiring bloc head Phil Althen, Union board president, will now return to other duties. By a democratic system of checking off voters' names, the bloc has controlled most campus elections.

Governor to Sign Time Bill Tuesday

LANSING, Jan. 28 (AP)—The legislature today adopted a much-debated bill to turn the hands of Michigan's clocks back an hour, effective February 15, and sent the measure to Governor Kelly for his signature or veto.

The senate adopted the measure, 26 to 6, the house, by 80 to 14, concurred in senate amendments which made the time change state-wide, with provision that any municipality "confronted by a war emergency" could retain the existing time schedule.

Governor Kelly said he would sign the bill into law when it reaches his desk Tuesday afternoon.

UNDER THE WIRE

LONDON, Jan. 28 (AP)—The Russians were fast encircling the two key Caucasian railway junctions at Tikhoretsk and Kropotkin, and also the oil fields at Maikop tonight, while on the Voronezh front the Red army seized the important junction of Kastornoye, 75 miles from the big Nazi base of Kursk.

MIAMI, Fla., Jan. 28 (AP)—A wolfpack of Axis submarines struck a heavy blow at a convoy of merchant ships off the South American coast early in January and sank four vessels, seamen returning here reported.

WASHINGTON, Jan. 28 (AP)—The White House disclosed tonight that President Roosevelt had paused in Liberia on his way back from the historic conference in North Africa to pay his respects to Pres. Edwin Barclay and review American Negro troops stationed there.

DETROIT, Jan. 28 (AP)—The Free Press and the Times today announced price changes for daily and Sunday editions, effective Feb. 1. Both papers will charge 4 cents a copy for daily editions and 12 cents for Sunday editions.

15 Freshmen to Compete for Offices

Wednesday Primaries to Narrow Slate Down to Eight

Freshman class officers will be elected from 15 members of the class of 1946 who were nominated at an open meeting held last night, according to Bud Fenton, sophomore class president.

Following the bloc meeting, held Wednesday, when upper-classmen politicians decided who could run, freshmen nominated students who will enter primaries to be held Wednesday, Feb. 3. The contestants will be cut to two for each office in the primaries, and from these the officers will be chosen at the finals Wednesday, Feb. 10.

Four Independents Named
Four independents and two Greeks were among those nominated for president. Richard Haidman, Eng.; Warren Davenport, L.A.; Charles Petot, Ag.; Walter Gumsier, L.A.; Charles Barr, L.A., and Pete Navarre, L.A., are the contestants for the office.

Nominated for vice-president were Doris Zens, Vet., Dorothy LaMont, L.A., and Joan Lewis, H. E.

Betty Lou Harris, H.E.; Dee Dearing, L.A.; Jean Ross, H.E., and Pat Thompson, L.A., are running for secretary.

Doug Trezise, Eng., and Richard Gibbons, gen. curriculum, the only two nominated for treasurer, will automatically win in the primaries and go into the finals.

Identification Necessary
Voters must have their identification cards when they vote in both the primaries and the finals, and will not be allowed to vote unless they do, Fenton warned. All voting will be done in the main lounge of the Union and will be done by ballot.

No campaigning can be carried out in the Union near the voting booths during the primaries, and all campaign literature must be submitted to the Student council before being distributed, Fenton added.

Although the above students have been nominated, the slates are subject to change, depending on whether the candidates are eligible to hold office.

Emmons Says War Courses Will Not Stop Liberal Arts

By DEE DEARING

It is "utterly ridiculous" that Liberal Arts education is going to be restricted in favor of war courses, Dean L. C. Emmons said yesterday.

The war education program prescribed by the war department sets up English, mathematics, history and physics as the main subjects, Emmons said.

"Students who have the idea that a liberal arts education will be abolished for the duration are seriously misinformed, for the division by all means will keep functioning during the war," he said.

"Liberal Arts is not a favored group when it comes to deferments, but any program that has been proposed for taking men out of college, and returning them as an army unit, indicates that they will be trained with essentially a Liberal Arts program," Emmons said.

Men trained in Liberal Arts are rapidly taking their places in the war industries, and this department is certainly not one to be looked down upon when it comes to the war effort, he added.

Plan All-Service Draft

WASHINGTON, Jan. 28 (AP)—Selective service announced today that arrangements for drafting men for the navy, marine corps, and coast guard as well as the army had been completed and the all-service draft would go into effect next Monday.

Yanks Strangling Rommel Escape Lines; French Troops Threaten from South

Top Allied Officials Meet with Eisenhower as Indications Point to Major Offensive for Tunisia in Making

By Edward B. Ball

LONDON, Jan. 28 (AP)—American troops were reported to have narrowed Marshal Rommel's escape corridor to 33 miles and a combined Giraud and DeGaulle French column threatened the southern end of his protective Marth line today as indications grew that the Allies were beginning a major offensive in Tunisia.

U. S. Must Take War Leadership, Mutual Commentator Says

"If we Americans do not take leadership of this war onto ourselves it is conceivable we shall lose it," Ian Ross MacFarlane told an audience of about 2,500 persons in the College auditorium last night.

Later MacFarlane warned that "if we don't take the winning of this war away from Russia, we shall lose the winning of the peace."

"There has been too much of 'Alphonse and Gaston' between Winnie and Frank," MacFarlane commented.

The speaker suggested that Russia's leadership in the war might result in an entire European Soviet union, a situation which would eventually plunge the new regime and the United States into a war which would dwarf the present one.

World Adventure Series Features Colored Film of South Sea Islands

Earl Schenck, scientist, explorer and actor, will be featured on the current lecture series tomorrow in the auditorium at 8 p. m., S. E. Crowe, director of the World Adventure series, announced yesterday.

Schenck will present the first full length colored motion picture ever made entirely of the South Sea islands. The film reveals the grace and beauty of the Fiji islands, Samoa, Honolulu, Morris in New Zealand, Marquesas, Gambiers and Austral.

A resident of these islands for 14 years, he will relate harrowing experiences of tidal waves, hostile tribes and deadly native virus diseases.

Among these indications was a full-dress 48 hour military conference among the highest military officials of Britain and the United States which was concluded at Lieut. Gen. Dwight D. Eisenhower's headquarters in North Africa.

The Algiers radio, as heard by Reuters, said American troops had reached Maknassy, only 33 miles from the Gulf of Gabes, in an advance toward the rear of the Marth line only 75 miles to the southeast.

Simultaneously, the broadcast said, British troops to the north were showing marked activity in the Medjez-el-Bab and Bou Arada regions facing Tunis and Bizerte, and a French communique announced that the Italian garrison had evacuated Gadam, in Tripolitania, some 195 miles south of the end of the fortified Marth line, and that the fort had been occupied by the combined forces of Gen. Henri Giraud and Gen. Charles de Gaulle of the Fighting French.

The Ankara radio said, meanwhile, that the Axis was evacuating the port of Zuara, 70 miles west of Tripoli.

The Axis, apparently anticipating the all-out attack, put out reports through the Paris and Vichy radios saying that British-American forces concentrated in the regions of Medjez el Bab and Bou Arada already had "begun an offensive against the Axis forward positions" in Tunisia and that in the southern sector strong American and French forces were massing for a companion offensive.

Air Reservists Get Call by April 1

WASHINGTON, Jan. 28 (AP)—The war department said today that air corps enlisted reservists qualified for aviation cadet training would be called to active service before April 1, but that every effort would be made to regulate the call so as to enable college students to finish semesters for which they were enrolled Dec. 31.

The reservists will be assigned initially to army air force stations, going from there to selected colleges and universities for special courses.

Vet Parley Over

The four-day annual post-graduate Veterinarians conference ending today was attended by approximately 100 veterinarians and specialists, according to Dean Ward C. Giltner. This was about 75 per cent of the attendance anticipated.

Uncle Sam Giving Away V-Mail Paper

IN ORDER to promote the use of V-mail—letters sent abroad on microfilm—postoffices throughout the United States are giving away several sheets of V-mail to all comers. This paper, also on sale at most stores now, has to be clear white in order to be suitable for reproduction.

The newly appointed head of the V-mail section of the navy department, Lieut. Frances Rich, reports that "V-mail always gets through," because when the letter is printed onto microfilm, the original is saved, and in case of loss in transit, is reprinted and sent out again. Also, V-mail gets priority in handling over all other personal mail.

One roll of microfilm, carrying 1,600 letters, weighs only 15 ounces and is about the size of a package of cigarettes. These same letters, Lieutenant Rich reports, would weigh 65 pounds if sent by regular mail and would take 50 times as much shipping space.

V-mail costs what any other letter costs, three cents, and is free for service men. Printing and sending abroad by plane and reprinting back onto paper costs nothing extra, although an air mail stamp may be used to speed the letter to its debarkation point in this country.

THINKIN' OUT LOUD

By Sheldon Moyer

WHEN you're in love, it makes you go up in the air—especially if you're a high jumper.

That might well be the reason why our James Alexander Milne is jumping better high jumps, sighing deeper sighs, lying fewer lies, etc.

Maybe you didn't know it, but James Alexander is presently one of Michigan State's outstanding athletes. And if you still don't know, he's an ace high jumper, recognized as one of the best in the country.

Last year Long Jim, who is 6 feet, 3 inches, was looked upon in track circles just as favorably, but in practice this season, he's looking better than ever.

"I'm in love," says Jim. "And when I'm in love, nothing will ever stop me."

Consequently, Jim is jumping better high jumps, sighing deeper sighs, lying fewer lies, etc.

But that isn't our purpose in divulging all of this personal information. The main reason is that Saturday night Michigan State will open its indoor track season against Ohio State, one of the nation's topflight teams.

Because track isn't looked upon as the most colorful of sports, we thought we'd just tip you off to what you're missing.

Now take the case of James Alexander Milne. He's an outstanding high jumper. He'll go to the Millrose games in Madison Square Garden next week, but as a high jumper, he's got more to do than just jump over the bar.

Milne carries considerable equipment to the track with him. Included are a street-sweeping brush (the kind the white wings use), a tapeline and pin, a hammer, a piece of chalk, two wooden pegs, a handkerchief, four shoes (only one of which he uses when he gets down to business for he's a barefoot jumper), a tamper, and the usual array of clothing.

His procedure is something like this. First, he gives the takeoff position a vigorous grooming with the brush; then he meticulously measures his take-off course with the tape, dividing it into three parts; then he hammers the pegs into the ground as markers. He drapes the handkerchief over part of the bar as a target and he tamps the soil carefully where he will make his leap. Then he's ready to jump.

Of course, Coach Karl Schlademman has to smile at all the preparation, but so long as Milne can clear 6 feet, 6 1/4 inches as he did last year, he won't offer a word of criticism. Actually, Milne is going to do better this year, because he's in love.

Anyway, besides offering all the showmanship which goes into highjumping, the initial track meet of the season is going to have more action than ever packed into it. Arrangements have been made to sandwich boxing bouts of the Penn State-Michigan State meet in between track events.

Athletic Director Ralph H. Young has co-ordinated the program so well that the schedule calls for both events to be completed in one hour and 35 minutes.

Hutson Stresses Crops Without Insecticides

Prof. Ray Hutson, head of the entomology department, was speaker at a Vegetable Growers' conference in Grand Rapids this week. Hutson stressed a new idea in growing common crops, that of growing and managing crops so that no insecticides will be needed.

Later this week Professor Hutson met with the Michigan Nurserymen at Jackson at their winter meeting to discuss plant quarantines and diseases.

The University of California library has a collection of 47,356 Chinese volumes.

Spartans At War

By AL BERGLUND

MASON hall man George Bach, ex '46, is now in training at the Great Lakes naval training station, where he has applied for officer's training. Also a Spartan at the station is George "Swede" Liljeblad, who lived in Abbot 14 last term.

Air Cadet Elmer J. Sedlander, '42, Ludington, is taking flight instruction at the Merced, Calif., air base. Sedlander has turned in about 50 hours of solo so far.

Chuck Hubbard, Phi Tau who went on active duty late last term, has the good fortune to be stationed at Wells hall for 30 days.

Now overseas with the U. S. M. C. is Pfc. Byron S. Keyes, ex '44 from Owosso. Keyes entered marine "boot camp" last August at the huge encampment at San Diego, Calif.

Recently commissioned a second lieutenant at the OCS in Miami, Fla., Jack E. Ellis, Burt, has gone on active duty with an AAF bombardment group at Will Rogers field, Okla.

Council's Decisions Backed by College

Several questions have arisen pertaining to the Student council authority over campus controversies and in all cases thus far when the council has the right to enforce its rules, and is backed up by the college, Dean C. Emmons said yesterday.

The council has the right to enforce the decision to hold band prices to \$500 for winter term parties, and the decision barring favors for dances, Emmons added.

Journalism Department Will Move Tomorrow

The removal of the department of journalism from 10 A hall to newly-completed office in the basement of the Union annex will be completed tomorrow, Prof. A. A. Applegate, department head, announced yesterday. The department's new telephone number will be 209.

Spartan Cagers Again Find Themselves in Underdog Role

By TOM RIORDAN

With a record of 17 wins out of 18 meets, the Camp Grant basketball team will be a heavy favorite tonight when it takes on Michigan State on the Jenson fieldhouse hardwood at 8. So far the Spartans have only won one game while losing eight.

Averaging 6 feet 2 inches, the point-getting soldier five will have a decided height advantage over State. Center Joe Frieski is the team's giant, stretching 6 feet 4, with Mickey Palmer being the "midget" of

the squad, standing only 5 feet 11 inches.

Star playmaker for the Grant men is George Hogan, who in his collegiate days won all-American honors at Loyola university of Chicago. Hogan is also a consistent scorer.

Against this group of rangy stars Spartan Coach Ben Van Alstyne will start his best defensive team. Pat Peppler and Nick Hasnu, guards; Carl Petroski, center; and Dan Plesky and Jack Cawood, forwards.

Only Sparingly

Van plans to use both Ollie White and Roy Deihl, regular forwards who have been out all week on the sick list, if things get too tough. Neither will be used in a heavy duty capacity, however.

Van was very pessimistic, yesterday, about State's chances of winning, but he promises his men will give everything they have. Close defensive play will be the Spartans' style tonight.

Mixup Postpones Hockey Contest

The Tick Tock intramural hockey team will be out for its first league win of the season when it meets the Mason Hall sextet on the College rink at 4 this afternoon. The Tick Tocks took a non-loop win from the Alpha Tau Omega team earlier in the week and this will be their first league battle.

Faced by Speedy Al Jones, varsity baseball hurler in the spring, the independent club will be a slight favorite over the dorm lads. Hughie Webster, Mason defenseman, will captain his club.

Due to a mixup yesterday the scheduled game between the Hollywood All Stars and the Theta Chi was not played. The latter was erroneously informed that the game was not to be played and thus didn't show up. This league tilt will be played Sunday morning at 10:30.

When the Theta Chi club failed to put in an appearance, the Hollywood men took on the Hesperiens and beat them 8 to 2. Chuck Radwanski, All-Star center ice star, set up most of his team's scores besides pushing in one himself.

Hubbell Back Again? That's Right, for His Sixteenth Season

OKLAHOMA CITY, Jan. 28 (AP)—Carl Hubbell, the well-known New York Giants' meal ticket, is ready to be punched for another baseball season undaunted by the perils of training in frosty latitudes.

The 16th contract which the Giants have mailed him came by the post today, but the club policy keeps even an old-timer like Hubbell from saying whether he accepts or holds out.

However, since Hubbell was full of talk about the new season, and since he never has held out anything worse than his bat and his hitting record teaches us that is bad enough, it takes no sleuth to figure he'll be on hand to begin training March 15.

What about trying to get his weather-beaten wing into shape on the snow-bound coast of Lakewood, N. J., where the Giants will train to keep some of the load off overworked transportation.

"Why," said Hubbell, "it won't make any difference. In the last few seasons I haven't not started until hot weather anyway."

"I'd get in shape down in Florida, go good in the exhibition games, then move north into that cold, damp weather, and there I'd be, right back where I started."

This new business of locating training camps up north far from the luxury of tropical scenery is going to give pitchers an early-season edge over batters, Hubbell believes.

While the hitters are out hitting in the blizzards, the pitchers will be pitching in a nice warm fieldhouse and loosening the links of the winter layoff.

No, sir, one of the game's greatest southpaws isn't afraid to risk the arm which is installed on the port quarter—and it's a pretty valuable piece of baseball bric-a-brac.

It has been good for 249 Giant victories in 15 seasons, including 11 only last year.

DZVs and Comets Play 'For Keeps' In Rough Contest

When two DZV teams tangled on the courts last night, the resulting battle was a knock-down affair as the Comets (DZV secondary) lost, 27 to 21. Both teams made effective use of their weight, with Roy Chlopian of the losers getting 13 counters. Points were quite evenly divided among the DZVs, lanky Fenwick Crane garnering a total of 9.

The Challengers played a nip and tuck battle to edge out the Commandos, 9 to 8. There was plenty of action but both teams were shooting inaccurately. Alpha Chi Sigma beat the F.C.S. outfit in another close one, 14 to 13, while U.P. outplayed the Fancy Dans in the adjoining court. The latter score was 17 to 14, with Tony Andreoli getting six field goals.

Ken Balge and Russ Krafts each got 10 points as the Ties eased through their game with Der Fuehrers, 33 to 11; the Tick Tocks played well but lost, 22 to 14, to the Rockets; and in the only other game of the evening, the Jay Hawks swamped the Bears, 24 to 14.

Horse Show Slated Minus Opposition

Michigan State's third annual horse show with Culver Military academy—half of it—will be jumped off in Demonstration hall at 2 p. m. tomorrow in spite of the war.

Because wartime restrictions make transportation of horses and riders impossible, the Culver team will do its jumping at home. Scores will be compared with the Spartans by mail, according to Maj. Gerald Peterson, cavalry.

The meet will be the rubber match between the two schools and two teams, a junior and a senior squad of six men each, will participate, Major Peterson said.

MSC Boxers Schedule Meet With Badgers

Athletic Director Ralph H. Young yesterday announced that Michigan State college's boxing team had scheduled a dual meet with the University of Wisconsin at Madison, Feb. 19. The Spartan boxers open their season against Penn State here Saturday night, the matches to be held during a track meet between Michigan State and Ohio State.

There are almost 30 billion ration stamps contained in the 150 million copies of War Ration Book Two, or more than all the postage stamps produced by the government during the past 12 years.

Stamp Sellers Exceed First Quota Mark

DZV, PanHellenic Booth Nets Almost \$1,000 in Single Day

A surprising late hour sale of War stamps and bonds yesterday brought the PanHel-DZV defense booth total far over its first week's quota, with a net sale total of \$1,450. The booth began the day yesterday forenoon with not quite half of its anticipated sales, taking in nearly 1,000 during the day.

Largest single sale recorded was \$300 in bonds to Townsend Rich, assistant professor of English, yesterday afternoon. Nineteen war bonds of various denominations have been negotiated through the booth during the week.

Praises DZV, PanHellenic

Praising the effective work of DZV and PanHellenic council, Manny Mullen, CDC chairman remarked at a council meeting last night, "This is only the beginning. We hope to make a new sales record each week."

A "Defense Queen" contest was announced by the DZV brotherhood, with purchase of War stamps entitling persons to vote. Any woman on campus is eligible for the contest, which will last two weeks.

Turn in Candidate Names

Names of coeds who are to be candidates must be turned in at the Union desk not later than next Tuesday. Pictures of candidates for the title of "DZV Defense Queen" will be displayed at the defense booth.

Recent resignation of Helen Swanson, L. A. '43, as projects chairman for CDC prompted the appointment of Sally Sawyer, L. A. '46, former chairman of stamp pledging, to that office. Jerry Bignall, H. E. '45, will succeed Miss Sawyer.

Tax Hearings Set

WASHINGTON, Jan. 28 (AP)—Congress formally set out today to devise a pay-as-you-go system as quickly as legislative processes permit.

At its first session since the 78th congress convened, the house ways and means committee called public hearings to begin next Tuesday on current collection plans, separating this subject from general tax problems.

American Fliers Hold 4 to 1 Margin of Victories Over Foe, Stimson Says

WASHINGTON, Jan. 28 (AP)—The army's air power, in "brilliantly successful" operations around the globe, has established a four-to-one combat superiority over the aerial strength of the Axis, Secretary of War Stimson reported today.

In a review of the war's progress on all fronts, Stimson presented at his press conference a box score on the work of the army air forces in the last 11 months of 1942—a total of 1,349 enemy aircraft shot down or probably destroyed in aerial combat, against losses of only 309 American planes.

Nearly a third of these enemy losses were inflicted by army

Vets' Coronation Slated Tonight

Michigan State college's first Vet Queen will be crowned tonight by Dr. Henrik Stafseth at the annual Medicine ball scheduled for 8 o'clock in the Union ballroom, according to Chairman Dave Sullivan, Vet. '44. The queen's two attendants will also be named.

Included in the evening's cabaret-style entertainment will be caricatures of well-known personalities connected with the Vet division, drawn by Otto Siegmund, Vet. '45.

Dr. and Mrs. Stafseth and Dr. and Mrs. R. F. Langham will serve as patrons. Guests will include Pres. and Mrs. John A. Hannah, Dean and Mrs. Ward Giltner, Prof. and Mrs. B. V. Alfredson, Prof. and Mrs. C. F. Cairry, Prof. and Mrs. L. B. Sholl and Miss Elisabeth Conrad.

Music will be provided by Dick Charles' band. Tickets for the dance, which is open to the Vet division only, are still on sale at the Union desk, with Vet council members, and with members of the A.M.B.S.

Doctors Instruct Soldiers in 'Best' Ways to Drink

By FRANK CAREY

WASHINGTON, Jan. 28 (AP)—Soldiers who drink were told today that if they MUST bend the elbow, they should sip instead of gulp, and that they should "never drink liquor 'straight' or directly from a bottle."

You remember the old wheeze about the governor of North Carolina remarking to the governor of South Carolina that "It's a long time between drinks?"

Well, Maj. Merrill Moore and Lieut. Col. S. Alan Chalmers of the Army Medical corps say, in effect, "the longer the better."

"Make one drink last a long time," the doctors advised soldiers in an article in the Military Surgeon. "The experienced drinker, the gentleman, if you like, is the man who can make a few drinks last all evening."

"Choose 'tall' drinks like highballs rather than concentrated ones like cocktails," they suggest. "The tall drink with its charged water helps to cushion the shock of alcohol on the system. The water dilutes the alcohol so that it is not so concentrated."

They also listed the oft-repeated advice that one should always eat before and while drinking because "food in the stomach—especially milk, cream, butter and meat—slows up the rate at which alcohol is absorbed into the system."

The University of Notre Dame was founded Nov. 27, 1842, by the Very Rev. Edward Sorin, a French priest.
