Marquette Whips Spartans, 46-39

Toppers Control Floor as State Drops No. 12

By TOM RIORDAN

Marquette university's fast-breaking offense proved too much for the Michigan State Spartans as the Hilltoppers earned a 46 to 39 win last night in Jenison fieldhouse before 2,100 fans. The winners led 25 to 19 at halftime and kept ahead of State throughout the second period.

Almost complete control of both backboards and torrid shooting by Marquette was the difference between the two clubs. Ray Kufel, rangy pivot man and star end for the Hilltop football team last year, paced the individual scorers, netting 14 points. Kufel stood out in his team's fast-break offense, getting Spartan rebounds and starting the ball up the floor.

Even at First

In the early minutes of play both clubs seemed to be pretty evenly matched, but as time wore on the Marquette sharp-

Today's Campus

... Rub-a-Dub

The solution of the problem of how to go to Detroit when the finances are low was decided the other night when the president of an organization on campus decided to take in washings. Rates are very reasonable. For example, a dicky is only 5 cents—10 cents if worn on both sides.

... One Hitch

More than one student on campus miscalculated the time yesterday morning and arrived too early for classes. Two such individuals decided to take action on the situation. These "alarmists" have founded a Society for the Prevention of Cruelty to Sleepy Students.

In which will be known as the S.P.C.S.C. All those interested in joining the society must present their personal qualifications in organization room 13 of Beaumont tower today at 8 p. m.—or is it 7 p. m.?

Battleship Richelieu, Best of French Navy, Arrives in New York

NEW YORK, Feb. 15 (AP)—France's newest and greatest battleship, the battle-damaged 35,000-ton Richelieu, is safe at anchor in New York harbor after a perilous 13-day crossing from Dakar, French West Africa, her berth for the past two and a half years.

She dodged a nest of German submarines in mid-Atlantic, robbing Germany of a rich prize of war, and safely rode out a gale strong enough to cause genuine apprehension among many of the veteran seamen aboard. Her arrival at New York last Thursday was kept secret until today.

The Richelieu made most of the crossing side by side with her companion of the past 30 months, the 7,600-ton cruiser, Montcalm, which turned off to berth at Philadelphia. Two French light cruisers, La Fantasque and Le Terrible, each 2,569 tons, sailed from West Africa and arrived at Boston.

Navy, Marine Tests for ERC Begin Today

Navy and marine recruiting personnel open a three-day visit at the College health center today, during which they will give mental and physical examinations to nearly 400 enlisted reserve members with a marine or navy preference, Pres. John A. Hannah said yesterday.

All men taking the examinations have been notified by postcard of their appointments for physicals. Mental examinations will be given to Navy V-5 enrollees today.

Men not accepted for V-1, V-5, or V-7, or marines will automatically revert to an army reserve unassigned status. Men with naval reserve preference may, however, go on active duty with the navy as apprentice seamen if they choose to do so.

Enrollees who are accepted will "very likely" be sworn in next week, Hannah said.

High School Visits Again to Be Made by MSC Students

Curtailed transportation for faculty members will increase the M. S. C. student participation in the high school visitation program to be conducted during spring vacation, College Secretary Karl H. McDonel, program chairman, said yesterday.

After the Student council picks the students who are to take part in the program and after they are accepted by their respective high schools, Registrar R. S. Linton will instruct the students on how to answer the questions of prospective Michigan State freshmen.

Michigan State students visited many of the northern high schools last spring, while faculty representatives took care of most of the lower part of the state. This year students will be in charge of the program everywhere in Michigan except Wayne and Ingham counties, MacDonel said.

UNDER THE WIRE

DETROIT, Feb. 15 (AP)—Detroit voters endorsed the city council's decision to retain Eastern War time by a 2 to 1 vote in a straw ballot conducted in connection with today's primary election. In 200 of 1,057 Detroit precincts, the vote for continuing Eastern War time was 7,499 to 3,429.

C-W-T: Beaumont Stops... Time Stands Still

By JOAN MEYERS

Most Michigan State students found themselves Sunday night in the perplexed position of determining how to spend a new inheritance or when to use the extra hour occasioned by Michigan's reversal to Central War time Sunday night.

Regardless of the official change which was scheduled for Monday at 2 a. m., students reasoned that the time change occurred when they set back their own watch or when members of B and G invaded the dorms.

Frank Mitchell, foreman of B and G's electrical division, kept four men busy for about six and a half hours changing the 250 campus clocks to the slower tempo. Campus strollers in the

Term to End as Scheduled — with Exams

Michigan State's winter term will end at 3 p. m. on Saturday, March 20, as scheduled, Pres. John A. Hannah reiterated yesterday. Final examinations will begin on Wednesday, March 17, for men and women, seniors and freshmen, graduates and undergraduates, alike. This announcement from the president serves to dispel all rumors to the contrary.

Skilled Men Face Draft Under New WMC Program

WASHINGTON, Feb. 15 (AP)—Paul V. McNutt, emphasizing the sweeping nature of the 1943 draft program, said today that even occupational deferment must yield to the armed services' requirements for specially skilled men.

The chairman of the War Manpower commission told a press conference that the fighting services already have invoked their authority to levy special draft calls for men with particular skills.

This situation was summarized by McNutt with the comment: "There is no such thing as permanent deferment."

At the same time, however, McNutt wrote Rep. Robertson (D-Va.) that "under present regulations almost any man engaged in full time work in agriculture may claim deferment" from the draft and that "to extend further relief at this time would result in a general demand from other activities for equally favorable treatment, which if accorded would demoralize the entire military program."

WAVES Recruiting Officer Will Explain Naval Auxiliaries

Ensign Helen Shea, interviewing officer for the WAVES at the Detroit Office of Naval Officer Procurement, will discuss qualifications for the WAVES and SPARS on a victory program at 7:15 p. m. tomorrow at Music auditorium.

Prior to the address she will spend the day interviewing prospective candidates for the enlisted women's reserve of the navy. She will be at the Lansing navy recruiting station from 9 a. m. until 4:30 p. m. Feb. 17.

Women, 20 to 36 years of age with two years of high school and a record of high achievement may qualify for the WAVES and SPARS. Any women interested in reviewing qualifications to join the WAVES and SPARS is invited to come to the recruiting station.

Germans Push Americans Back 20 Miles in Tunisia

ALLIED HDQ. IN NORTH AFRICA, Feb. 15 (AP)—American and German forces, identified as part of Marshal Rommel's Africa corps, were locked in violent fighting today along the southern end of the Axis corridor in Tunisia, where the powerful initial Nazi drive had broken through for more than 20 miles and imperiled the American anchor position at Gafsa to the south.

It was reported that one spearhead of the German advance had cut the Gafsa-Sidi Bouzid road in a thrust from the Maknassy area which carried to a point nine miles southwest of Sbeitla, in the mountains 45 miles northwest of Faid pass.

An elite panzer division of veterans of Rommel's Africa corps, refitted with the newest German tanks in Tunisia, was being hurled against American tank units, many of which were in battle action for the first time.

The Germans attacked west of Faid pass in central Tunisia, with tanks, infantry, artillery and dive bombers in such force as to indicate to officers here that armored forces from Rommel's army were in the action, and thus that an effective junction had been made with the Axis Tunisian army of Col. Gen. Jurgen von Arnim.

The British eighth army, which has thrown Rommel out of Libya and pursued him into Tunisia, still was about 200 miles south of the scene of this new battle and was reported engaged only in patrol activity, while it appeared that Rommel's forces, still apparently having plenty of punch left, were behind the savage new German offensive action.

British Feminist to Speak Tonight on Lecture Series

LINDA LITTLEJOHN
... comrades-in-arms ...

"A woman speaker with a delightful personality, most gracious, and quick on the trigger," is one of several Town Hall series chairman's recommendations of Linda Littlejohn, from cities throughout the United States where she appeared as an Australian interpreter of world affairs.

Mrs. Littlejohn's topic when she appears on the M. S. C. Lecture series today at 8 p. m. in College auditorium will be "Comrades-in-Arms: America and Australia."

The speaker is a frequent contributor to all sections of the Australian and English press, she is a member of the Society of Women Writers and the Institute of Journalists.

Broadcasting is a favorite medium for Mrs. Littlejohn when she acts in the capacity of commentator and interpreter of world affairs. She has spoken frequently from the British Broadcasting company, London, and has broadcast from Copenhagen and Geneva. For three years she spoke three times a week on the leading radio station of Australia.

See LITTLEJOHN—Page 4

Nazi Veterans Try to Stem Red Gains

MOSCOW, Feb. 15 (AP)—The Russians said they tightened their strong semi-circle about Kharkov today, and the battle for that great Ukrainian prize mounted to peak violence seven miles from the city as the Germans were reported pouring veteran troops from France into the battle.

Charging west from recaptured Rostov, and south between Voroshilovgrad and Krasnoarmeisk, dispatches said that Gen. N. F. Vatutin's army was tearing wide gaps in the enemy defenses and swiftly rolling up the whole lucrative Donets basin.

(The communique, as recorded in London by the Soviet monitor, declared the Russians had smashed back three counterattacks by SS (elite guard) troops 22 miles southeast of Kharkov, killing hundreds of the Germans.

(Other Soviet forces, it said, surged forward in the Donets basin, capturing Krasnodon and Verkhne-Duvannaye, 45 and 50 miles northeast of Stalino, and Rodionovo-Nesvetitskoye, about 20 miles north of Rostov.

Thunder Rock Has Idealistic and Salty Plot

Sigma Chi Elect Own Sweetheart

By JERRY TER HORST
Completely breaking away from precedence, winter term's all-college play, "Thunder Rock," comprises a plot packed with idealism, aided and abetted with "salty" bits of humor and the inevitable romance, according to Prof. Don Buell, director of the drama.

Scheduled for Wednesday and Thursday, March 3 and 4, in Fairchild theater, the "erie" theme of the plot is one that well can be applied to modern times, commented Buell. The thought that Robert Ardrey, young Hollywood writer, tries to convey in "Thunder Rock" is: "There are detested occurrences in everyone's life, which are unavoidable and must be faced."

Theme Different
This term's all-college play is definitely removed from the types of drama produced on the Fairchild stage within recent terms, Buell said. It omits the sophisticated satire-humor of "Stage Door" and "Hay Fever," the droll atmosphere of "Imaginary Invalid," and possesses more "meat" than the Henry Aldrich farce, "What a Life."

Locale of the play should hold a particular interest to Spartan drama-conscious students since entire action is staged in a lonely lighthouse on Lake Michigan. A young war correspondent, discouraged by the pessimism and bitterness he has encountered in the world retreats to Thunder Rock point and the lighthouse.

Creates World
There he constructs an imaginary world of his own, but finds to his surprise that the fantastic creatures of his mind had also found and faced a dismal, cynical world. Their determination to "stick it out" convince the disillusioned newspaper man to return to his career and "face what must be faced."

A veteran campus cast will compose the roster in "Thunder Rock," featuring Alex Dillingham, L. A. '44, Fred Tyler, L. A. '45, Mark Buchoz, L. A. '44, and Thelma Jones, L. A. '43.

Ruml Plan Opposed

WASHINGTON, Feb. 15 (AP)—The house ways and means committee concluded public hearings on a pay-as-you-go tax plan today, hearing from Randolph Paul, treasury counsel, that the Ruml plan "would seriously violate the principle of ability to pay."
He concluded that the Ruml plan "cannot place the income tax on a pay-as-you-go basis."
Meanwhile Secretary of the Treasury Morgenthau reported that income tax returns this year were 50 per cent behind last year and that he was worried about it.

JEANNE RINGLE
... Sig sweetheart ...

Jeanne Ringle, L. A. '45 from Fort Wayne, Ind., will reign as sweetheart of Sigma Chi following her coronation at the sweetheart ball on Saturday, Feb. 27.
Miss Ringle, of Kappa Kappa Gamma sorority, was serenaded by the Sigma Chi chapter last night at her sorority house and presented with a Sig cross of white roses.

Before transferring to Michigan State college this year, Miss Ringle was elected the most typical freshman at Butler university at Indianapolis, where she was a member of Phi Chi Nu, freshman honorary. She also won a yearbook beauty contest and was selected as Rose queen.

Miss Ringle was chosen following a formal tea at the Sig house Sunday afternoon.

Varsity Debate Squad Ties Alma for Second in League Tourney

Michigan State's varsity debate squad scored a second place tie with Alma in the Michigan Intercollegiate Speech league debate tournament held on campus Saturday in which Calvin college, Grand Rapids, scored first place.

Debating the question: "Resolved: That the United Nations should establish a permanent federal union," Calvin's teams won five out of six debates, while MSC and Alma both won four out of six. Hope college ranked third with three wins, followed by Albion with two wins. Central Michigan college lost all of its six matches.

MSC's negative team, Waldo Brooks, L. A. '46, and Bill Starr, L. A. '46, collected two wins over Hope and Albion, losing a third to Alma. The Spartan affirmative team, Jerry Linton, L. A. '43, and Jerry TerHorst, L. A. '45, took two wins over Hope and Central Michigan, losing one to Calvin.

ALONG THE WINDING CEDAR

By Len Barnes

OLD Father Time really took a beating early Monday morning when everybody gained an hour on him. The only person who has griped to us about it yet is the guy who said he got so much sleep he had to stay awake in his 8 o'clock class. And what did you do with the hour you gained?

"The Japanese language has no letter 'L,'" observes a student in Dr. Grace Song Line's course in the oriental language. "We'll give it to them when we invade Japan." That's at least one of the things the Allies will supply to all Axis powers.

An appropriate toast used by some Japanese students is "Tokio Taashabawa," which means roughly "To Tokio Station."

Newlyweds won't have to duck quite so carefully when leaving the church, now that shoes are on the priority list. Until we get a lot more Jap prisoners, they'll still have to shake rice out of their hair, though.

A wise philosopher once said, "A man who has any good reason to believe in himself never flourishes himself before others, that they may believe in him."

But how hard it is to heed his words! Think a bit and consider honestly whether or not you know anyone who never tries to make a false impression. Few among us are not guilty in this respect. Without pondering overly long you can probably recall a time or two when you subtly pointed to one of your accomplishments to impress someone.

Almost all of us take a pardonable and understandable pride in our achievements. A job well done is one of which anyone can boast. Innumerable are the unobtrusive ways by which one can make another take notice of his accomplishments.

Yet the greatest and best-loved Americans were not at all self-assuming. Probably the reason they were great is that they possessed modesty, which is in all of us sometimes scarcer than the will to do great deeds.

John Donne summarizes it when he says: "I have done one braver thing Than all the worthies did, And yet a braver thence did spring, Which is, to keep that hid."

To whom it may concern:
Threatening is the worst way of all to motivate doing of a thing. Imprecations about taking the matter to the dean or the president of the college will never get anything printed if there is no good reason for printing it. Likewise with censoring.

So a Student council committee is going to investigate Blue Key. We wonder what they will find. And we wonder what they will do about it when they do find it.

It is interesting to note that the idea of investigating the organization came from one of the two politician members of Student council who resigned last week.

'Tuition of War Vets Should Be Subsidized'

COLUMBIA, Mo., Feb. 15 (AP)—Men drafted out of school and into the armed forces should be allowed to return and finish after the war at the expense of the government, either state or national, Mrs. Franklin D. Roosevelt told a group of University of Missouri students here this afternoon.

She said it was her personal hope that students who wanted to return to their studies after the war could do so at governmental expense.

She also could see no reason why the voting age could not be lowered to 18, if the schools of the country can adequately prepare students of that age to participate in a democracy.

Supreme Court at a Glance

By The Associated Press

The supreme court yesterday: Regained its full strength of nine as Justice Wiley Blaine Rutledge took his seat.

Called for new arguments in the case where Wendell L. Willkie defended a Communist party official threatened with revocation of his citizenship.

Upheld a Chicago court's refusal to grant the government an injunction restraining the American Federation of Musicians and Pres. James C. Petrillo from enforcing the ban against recorded music.

Affirmed the conviction of Enoch L. "Nucky" Johnson, Atlantic City political leader, on charges of income tax evasion.

Refused to review the convictions of William Dudley Pelley, Silver Shirt leader, on a sedition charge and of three alleged members of "Murder, Inc." under sentence to die in New York.

Allies Hammer Four Axis Cities from Air

LONDON, Feb. 15 (AP)—British bombers struck in force last night straight at the heart of Axis war production at Cologne in Germany and at Milan and Spezia in Italy, and by daylight today U. S. Liberators and RAF Bostons executed two attacks on the docks at Dunkerque.

The German and Italian cities were made to "burn and bleed" last night in the heaviest RAF attacks in many weeks, which gave explosive accent to the words of Prime Minister Churchill last week.

Dean Dye Will Discuss Classifying for Majors

Dean Marie Dye of Home Economics will call a meeting for all junior students in the Home Economics division tomorrow to discuss classification problems due to the accelerated program.
The meeting will be held at 5 in the Little Theater. Attendance is required. Meetings for sophomore and freshmen students will be announced later Dean Dye said.

Hermie Says —

WHAT EVER happened to the pre-game custom at Michigan State basketball contests of introducing starting players by having them step into the beam of a single spotlight with all the other fieldhouse lights darkened?

Two years ago at each home game, just before the "Star Spangled Banner" was played, the starting players for the evening were called onto the floor, one by one, to the position they would take for the tipoff.

Spartan fans who remember this custom wish that it could be revived for the remaining tilt scheduled for East Lansing.

How about holding the intramural playoff games as preliminaries to the varsity games? The three intramural leagues' teams are getting set for their last week of loop play and will be entering the finals within two weeks. The title game could be part of the State-Notre Dame final cage contest of the season on Saturday, Feb. 27.

Weather conditions have taken their toll as far as the intramural hockey artists are concerned. Ready for a big week of action last Monday, the ice enthusiasts could better have

Tank Card Changed

There has been a change in the Spartan swimming schedule. The swimmers are slated to make a trip west with the wrestling team. The first meet is with Iowa state at Ames on Friday, Feb. 19. On Saturday the team was scheduled to meet Nebraska but notice has been received of the cancellation of this meet so the swimmers will take on the Iowa State tankmen again on Saturday.

prepared themselves for a swimming meet instead of a hockey game.

Now the weather man decided a little more winter would be just the thing for East Lansing. At about this point the lads don't know whether to have their skates and stick ready, or their swimming trunks.

Purdue Cagers Trim U. of M.

ANN ARBOR, Feb. 15 (AP)—Taking a lead midway during the first half, Purdue's basketball team remained out in front of Michigan here tonight to win the first of a two game series by a 33-27 score. The Boilermakers were ahead at halftime, 20 to 11.

Michigan and Notre Dame Capture Top Honors in 'S' Track Carnival

Four new fieldhouse records were established and two equalled at the Michigan State Twenty-third Annual Relay Carnival, staged Saturday night in Jenison fieldhouse. This year's carnival was the biggest in the history of the annual event with 11 teams competing in a program of 19 events.

The Michigan thinclads showed a decided edge in the relay events as they took six firsts. Notre Dame displayed plenty of talent in the individual events capturing seven top place honors.

Michigan State took only two events. The freshman medley relay foursome racked up one while Hughie Davis captured another in the 75-yard dash. John Dodge in the high hurdles, and the 240-yard shuttle hurdle and sprint medley relay teams gave the Spartans their three seconds. Al Milne in the high jump and Bob Bodoh in the 75-

yard dash both took thirds. Bob Ufer, Michigan's 440 star, won the 300-yard invitational run with a time of :31.4, only two-tenths of a second from the world's record set by Michigan State's Fred Alderman in 1927. He sets a new fieldhouse work with this time.

Ed Taylor of Western Michigan broke the fieldhouse high jump record with a leap of 6 feet 6 1/2 inches. Notre Dame's Ed Delaney shattered the shot-put record with a heave of 50 feet 4 1/2 inches. Dallas Dupre of Ohio State reset the broad-jump record, which he broke in OSU-MSU dual meet four weeks ago, with a leap of 24 feet 2 1/2 inches.

BASKETBALL

(Continued from Page 1)

shooters began hitting and with two minutes left before the half they were ahead 21 to 16.

Jack Cawood, who is top Spartan scorer for the season and who was expected to share a big part of the State offensive, only managed to get a single point in the first 20 minutes.

Finds Shooting Eye

However, with the opening of the last period Cawood found his eye and hit twice from the floor and twice from the foul line in the first eight minutes. Marquette countered Cawood's scoring with two buckets and three free throws and kept a seven-point lead.

Danny Pjesky, who played a fine floor game besides cutting the strings for 13 tallies, dropped in a push shot and Cawood hit on a pivot to narrow the gap to three points. This was the closest State was able to get in the final stanza.

Hits from Charity Line

At this point Marquette's Eric Kivisto hit from the charity line and Kuffel punched through a pair of two-pointers and the Hittoppers were off again. Cawood and Al Skat matched baskets to make the count 39 to 31 with five minutes to go.

The Spartans started to go again with Earl May tossing in a one-hander and Carl Petroski netting a field goal and two free throws, but Marquette held on with Kivisto's free toss and Burton Brill's short. Ollie White hit for the Spartans with about a minute to go, but Kuffel kept his club in the driver's seat with a tip-in.

This loss was State's 12th in 14 starts. Next Saturday the Spartans will meet Camp Grant on the Soldiers' home floor in Rockford, Ill. Grant beat State 39 to 31 earlier in the season.

Ice Hockey Teams Back in Limelight

With a renewal of cold weather, the intramural hockey league once more moves into the limelight with a full week of contests on tap for the ice teams this week. Today at 5 p. m. the Theta Chis and Aces will meet on the College rink.

Wednesday the Sigma Nus will meet the Hesperians; Thursday the Alpha Tau Omega and Mason hall sextets will clash. Friday the Hollywood All-Stars and Theta Chis are carded together and Saturday T. C. A. will tangle with Tick Tocks to round out this week's schedule.

Fencers Win First; Prepare to Go on Road

The Spartan fencing squad took its opening meet of the season by the score of 14 and 13 over Notre Dame last week-end.

This weekend is a busy one for the Spartan fencers. Friday afternoon they meet Ohio State at Columbus. Saturday morning they take on the Case university at Cleveland and in the afternoon they journey to Oberlin.

MSC Freshman Swimmers in Triangular Meet Tonight

The Michigan State freshman swimming team will engage Battle Creek and Lansing Eastern high schools in a triangular meet at 8 p. m. today in the Jenison pool. This will be the third time that Coach Charley McCaffree's frosh swimmers have met Lansing Eastern. McCaffree is a former coach at Battle Creek high.

Women's Sports

BY LEONE SEASTROM

In this year's swimming tournament sponsored by WAA and won by the Independents, there were three records broken, one of which has been held for almost three years. Freshman Shirley Truesdell sliced 3 seconds off the back crawl record of 22 seconds made in '40. The record now stands at 21.7 seconds.

The breast stroke record, broken twice during the tournament is now held by Lois Newman, P. E., 44. Dorothy Austin, H. E., 45, topped the old record made last year by 2 seconds and Lois cut another 2 seconds off holding the record at 23.8 seconds. The medley relay record made in '42 of 1:07.4 minutes bowed to the new record made last week of 1:05.4 minutes.

Belgian String Quartet to Prolong Stay for Two Informal 'Sessions'

The Belgian quartet, scheduled to present a concert in the College auditorium Thursday at 8 p. m., will stay on the campus for two days playing two informal concerts and visiting various music classes. This extended visit has been planned to enable students to become better acquainted with people famous in the music field.

The informal concerts will be held in the auditorium of the Music building at 12:30 and 3 p. m. Friday. Both programs will be open to all students without charge.

The program Thursday night will be given in three parts including various selections taken from the works of Mozart, Tansman and Chausson. A great

deal of technique is required in the successful presentation of this program. However, it is because of their exceptional talent that the quartet became so popular during their tours throughout Europe and the United States.

Finns Re-elect Ryti

HELSINKI, Finland, Feb. 15 (AP)—Risto Ryti was reelected president of warring Finland today by the college of electors, and a few hours later the strong social Democratic party council in a political manifesto urged removal of hindrances to friendly relations between Finland and the U. S.

S. W. L.

Mrs. C. L. Sprinkle of East Lansing will speak on "War Weddings" at an open meeting of S. W. L. at 5 p. m. tomorrow in the Spartan room of the Union, according to Pres. Helen Swanson, L. A. '43.

Freshman Elections

Freshman women will elect a representative to A. W. S. council at freshman orientation class at 5 p. m. today. The five nominees selected at last week's primaries are Sue Averil, Jean Collingwood, Peggy Fox, Doris Englehardt and Dorothy Englehardt.

Fraternity Sing Set for March

The annual Interfraternity sing, sponsored by Alpha Phi Omega, national service fraternity, is scheduled for Wednesday, March 10 in Jenison field-house, Chairman Earl Reed, Eng. '46, stated yesterday. The sing, ordinarily held spring term, has been moved up to winter term at the request of several fraternities.

The sing committee with Russell B. Daubert, assistant professor of physical education, as adviser consists of Dale Meyers, Eng. '44, Jack Hardy, L. A. '43 and David Coons, L. A. '43.

Music Prof. Fred Patton will be master of ceremonies at the yearly affair, Reed revealed.

LITTLEJOHN

(Continued from Page 1)

An ardent feminist, she has been identified for several years in the international fight for women's rights and has twice been decorated by kings for this work. She is a past president of the United Association of Women of New South Wales.

She has attended several assemblies of the League of Nations and her study of the condition of women in many countries has taken her during the past few years to Russia, Turkey, Palestine, Spain, Germany, Italy, Great Britain, and the United States.

Of the imported foreign laborers in Germany, 25 per cent are women, and they are forced to work from 13 to 15 hours a day, many in unhealthy conditions.

Life in The WAAC

Some questions and answers of interest to every patriotic college woman

The drilling sounds so strenuous—!

Nonsense! The most beautiful women in America today are the girls in khaki! Some calisthenics and drilling are vital to general good health, discipline and tuned-up reflexes. After a few weeks at Fort Des Moines, Daytona Beach or the new Fort Oglethorpe training center you'll feel better than ever in your life.

Maybe I wouldn't like the work?

People are happiest doing what they do well. Every effort is made to place you where your service will count most toward final Victory. You may have some latent talent that will fill a particular need for work interesting and new to women—such as repairing the famous secret bombsight, rigging parachutes, operating the fascinating new electronic devices—or driving an Army jeep over foreign terrain.

Then I have a chance to learn something new?

Yes, indeed. And the list of WAAC duties grows constantly. The training and experience you get in the WAAC may equip you for many stimulating new careers opening up for women.

What are my chances of promotion?

Excellent. The Corps is expanding rapidly and needs new officers, both commissioned and noncommissioned. Those who join now have the best chances. All new officers now come up through the ranks. If qualified, you may obtain a commission in 12 weeks after beginning basic training.

What is the age range and other requirements?

Very simple. You may join if you are a U. S. citizen, aged 21 to 44, inclusive, at least 5 feet tall and not over 6 feet, in good health—regardless of race, color or creed. But the Army needs you now—don't delay. Total War won't wait!

Linguists needed. If you speak and write Spanish, Portuguese, Chinese, Japanese, Russian, French, German or Italian, see your local Army recruiting office now! You are needed for interpreting, cryptography, communications.

First of all, is the WAAC really needed?

Emphatically yes! Already the President has authorized the Corps to expand from 25,000 to 150,000. The Air Forces and Signal Corps have asked for thousands of WAAC members to help with vital duties. Both Ground Forces and Services of Supply are asking for thousands more. Members of the WAAC may be assigned to duty with the Army anywhere—some are already in Africa and England.

Can the WAAC really help win the war?

The whole idea of the WAAC is to replace trained soldiers needed at the front. If American women pitch in now to help our Army (as women in Britain, Russia and China do), we can hasten Victory—and peace.

What can my college education contribute?

College training is important equipment for many WAAC duties too long to list. Cryptography, drafting, meteorology, laboratory work, Link trainer and glider instructing, for example. If you are a senior you may enroll at once and be placed on inactive duty until the school year ends. See your WAAC faculty adviser for more details.

But can I live comfortably on WAAC pay?

There are few civilian jobs in which you could earn clear income, as WAAC enrolled members do, of \$50 to \$133 a month—with all equipment from your toothbrush to clothing, food, quarters, medical and dental care provided. WAAC officers earn from \$150 to \$333.33 a month.
