ROTC Men to Teach Soldiers Next Term

Seniors Will Get Private's Pay

Seniors in advanced ROTC will be put on active duty next term, and will be used as assistant instructors to the incoming soldiers and air force cadets, Col. Dorsey R. Rodney, P. M. S. and T., announced yesterday.

Speaker Stresses War Importance of Australia

'Australia is the only place in the south Pacific in the possession of the Allies which is suitable for a base for sustained aggressive action," Linda Littlejohn told an audience of about 1,000 persons last night when the army service school and she spoke on the Lecture series in College auditorium.

She outlined Australia's extreme importance by pointing out that country alone has the essentials for such a base: raw munitions factories unlimited food supply, and good climate suitable for land and air training.

Mrs. Littlejohn hastened to add "not that we're not glad there-we're intensely glad."

Warning against undue optimism she pointed out that although Guadalcanal has been taken "it is less than a sand on the seas.'

"Routing the Japs little by little in this way would take 500 years to win this war," she de-

* The ROTC students will receive privates' pay, \$50 per month, food, medical care, and will be quartered on the campus, either in dormitories or fraternity houses, and will be under military discip-

It is probable, Colonel Rodney pointed out, that ROTC seniors will be issued private's uniforms.

"However, they will keep their advanced uniforms for use upon completion of training at subsequent commissioning as second lieutenants," Colonel Rodney added.

The ROTC seniors will stay in school until graduation in June when they go to army service schools as previously planned.

Naval Meeting Open to 17-18 Year Olds

There will be a meeting of all men students who are 17 years of age and have not reached their 18th birthday at 7:30 p. m. today in 111 Union annex.

The meeting will explain the apprentice seaman V-5

To the Editor

DEAR Sir: Something out of the ornary-although not without precedent-took place last week in the freshman primaries. An unaffiliated candidate for president, running against two members of the supposedly invincible Greek bloc, not only sent himself into the finals, but ran up a greater total than any of the oth-

er candidates. The unusually large vote may have been a contributing factor, for when 540 freshmen go to the pells it is obvious that the large majority of them are indepen-

Perhaps another factor was that the bloc candidates failed to win complete support from even the Greeks, for the way frater-nity and sorority members vote is their own business, despite the fact they are "honor-bound" to vote straight bloc.

In any event, it will be inter-esting to see the outcome of to-day's final election.

Perhaps the Greeks will be tra-ditionally successful in the final count, or maybe this year's elec-tion will be an upset.

AN INTERESTED PRESHMAN

OUT LOUD

By Sheldon Moyer

LTHOUGH it's against all the laws of human nature, we're going to make a big, bold suggestion today, namely, that everybody keep still when he doesn't know what he's talking about.

We realize this will be difficult for many persons, but it would unquestionably be a great service to this college community.

At any rate, we would like to start today, on Feb. 17, and con-tinue until March 17, the opening day of final examinations, to have a "No Rumors Month.

The principal idea behind this fiscal month would be to try to discount every story or report that is passed on to you.

Instead of looking for somebody else to tell what you know, the first thing a person should do is ask, "Who said so, and what does he or she know about?"

In the majority of cases, such a challenging reply will bring out the revelation that they just heard it somewhere," "it was on the radio, but they're not quite sure how it was worded, "they were talking about it at the Idle Hour club meeting."

Faculty members probably are as guilty as students in get-Two women are coming up The Kappa Sigs are planning ting these rumors started. We from Rochester, N. Y., this to have a dinner preceding the realize that it's only human naweekend and the boys are going Military ball and their guests ture to want to tell somebody The Kappa Sigs are planning ting these rumors started. We thing. But faculty members are supposed to be mature and responsible enough to restrain There are 19 more men on themselves in a case like this.

Therefore, we're also suggesting that before you tell somebody something, ask yourself, "How much do I actually know about this?" How much of it is opinion, how much of it is a logical posibility, and how much is reality?

Since last fall the "rumor factory" has closed Michigan State college approximately four times, has called the enlisted reserve corps a half dozen times, turned the women students out of the dormitories twice and

And never in any case was official action to start these rumors. Always it was a case of idle gossip, stretching the imagination, "logical" preclusion, or just plain vicious rumor.

Such foolishness will never strengthen student morale in this day and age. It only saps the hope and strength from the student body.

So let's try and live the next fiscal month around here in peace of mind and cautiousness of what we say. Remember, INERES NEED TO BE THE RESERVE Feb. 17 to March 17 is "No Rumors Month!"

Whetler in Hospital With Pneumonia as State Readies for Illinois Meet --

hoping to avenge last year's meet in which Coach Karl Schlademan's charges took a 67 to 37 drubbing.

The Spartans will be handicapped by the loss of Lloyd 181/2 points respectively. Whetter, sophomore 440 man from Detroit. Schlademan was expecting a good deal this year from Whetter, who was confined to the College hospital last Friday with a bad case of pneumonia.

Whetter seems to get all the hard luck intended for the track team. Last spring when Lloyd was just beginning to go places, he was seriously hurt when hit by a shot put and forced out of competition for the rest of the year. Now Whetter who holds the freshman indoor and outdoor records for the 440-yard event, already has missed the annual Track Carnival and will be out for at least two more weeks.

The Spartans showed a big improvement in the carnival held here last Saturday over their previous performances. Although they made no impressive showing in places won, the five times were considerably better and the competition stiffer.

So far this season the Illinois

American Tanks Drive Nazis Back Six Miles in Tunisia

ALLIED HDQ. IN NORTHMATRICA, Feb. 16 (AP)—American tank forces and combat teams, rising to their first great test of the war, threw back the veteran armored forces of Marshal Erwin Rommel six miles today in a counter-attack west of Faid pass on the ancient plateau of central Tunisia.

Recovering from the shock of Rommel's first onslaught which broke through their lines for a gain of 20 miles Sunday, the Americans, under an umbrella of fighter planes, were engaged in a heavy action which might hasten the North African showdown by weeks.

Fall Back in South

Some 60 miles to the south, the Allied lines were bent back as American and French troops withdrew from Gafsa, 75 miles west of the gulf of Gabes, and small forces of the enemy .oc-cupied that forward base, but important stronghold of the line the decisive action was being except Orel to the north, and fought around Sidi Bouzid about that city already is half-en-125 miles south and slightly west of Tunis.

There were signs that the Germans might renew the attack with an additional thrust down the Ousseltia valley to Nazi invasion. It normally was gain the long ridge of the high mountains running from Robaa to Bou Chebka in the south.

Visits Front
General Dwight D. Eisenhower was at the fighting front for of the Dnieper at Dnieperope-three days, returning to his trovsk, and the speed with headquarters today.

"competent military quarters" said German and Italian forces had "by no means started an offensive" in Tunisia. The operations were termed of only the Western bank of the Dnielocal significance.)

RUSSIANS

(Continued from Page 1) mans again made a determined defense of the powerful base. The Soviets last night had reported repulse of German counterattacks southwest of Kharkey that attempted to breek out kov that attempted to break out of the steel ring closing in on the city.

Fight in Streets

Red army units occupied the city after a "violent attack which passed into fierce street fighting," the communique as recorded said.

The fall of Kharkov marked the crumbling not only of the strongest bastion of the Nazis' powerful 1941-42 winter defensive line-from which last summer's great German offensive was mounted—but also the last except Orel to the north, and circled.

Ends Long Occupation Kharkov had been in German hands since Oct. 24, 1941, four months after the start of the

Wilson, a production specialist and former president of General

THAT'S WHY WAR CALLS MUST HAVE THE Right-of-Way

It requires many millions of telephone calls to wage this war . . . and those important war messages must get through promptly.

By limiting your use of Long Distance, especially to points outside of Michigan . . . calling only when it really is necessary . . . and by making all your calls brief, you help keep telephone wires and switchboards clear for the Nation's vital war-use.

a new opportunity to college upperclassmen to be trained for a successful career in retailing while gaining actual working experience at a steady weekly salary. You will receive regular undergraduate credit for your work at the Bureau, you'll earn a weekly income in a Pittsburgh department store, you'll be making a definite contribution to civilian wartime morale—at the same time piling up experience toward a career.

How about a CAREER on

the CIVILIAN FRONT?

As a student, you've doubtless asked yourself many times what you ought to do to help win this war. What can you study that will be of practical assistance?

The Retail Bureau at the University of Pittsburgh is offering

Pitt's Retail Bureau came into being during World War I to help retailers replace executives and junior executives lost to the armed forces and government services. In this war, we're bringing 24 years of successful store service to the problem of training new people. And we believe opportunities in retailing have never been greater than they are right now.

NEW SEMESTERS BEGIN MONDAY. JUNE 28, AND SEPTEMBER 27, 1943

Application blanks will be furnished on request. RESEARCH BUREAU FOR RETAIL TRAINING UNIVERSITY OF PITTSBURGH . Pittsburgh, Pa.
