### Full House Sees Thunder Rock Cast Give Suspense Drama

By Jerry ter Horst

A nearly full house at Fairchild theater sat in rapt attention last night during the performance of "Thunder Rock," and left the auditorium acclaiming it as "the best all-college show within a year."

Working with Robert Ardrey's masterpiece of a message - bringing, suspense. Director Don Buell chalked up another professional accomplishment with "Thunder Rock." The production proved to be a vehicle of expression that did full justice to the acting talents of veteran campus actors.

#### To Be Repeated Tonight

The show will be repeated tonight at 8:15 in Fairchild theater, and by their own admission, will find a host of "first nighters" back in their seats to witness the play again.

Previously cast in light, frothy, satirical comedy roles, last night's Lake Michigan drama gave MSC students a chance to see Alex Dillingham, L.A. '44, at his best. His characterization as Charleston, the ex-reporter who attempted to flee from the realities of life, was superb.

#### Turn in Creditable Work

Mark Bucholz, L.A. '43, and Fred Tyler, L.A. '45, acting as rocky immigrant and sea captain, respectively, also turned in creditable performances, and helped carry the ethereal element of the plot right down into the very seats of the theater.

In short, "Thunder Rock" was probably most outstanding be-

See PLAY—Page 2

### Today's Campus

#### Hang On, Boy!

The student who prevented Justin Zinn from executing an accidental swan-dive into the water at Grand Ledge during a recent geology field trip will probably was just an opportunist. Doctor Zinn, who evidently got too inquisitive and almost got wet, but the student who caught him should get an "A" for effort—even though he rescued Zinn by the seat of his pants.

#### No More Music

State News staff members have a mania for inventing new clubs, and chalked up for them the "ABCDEF club," the "I've Got Religion club," which urged staff members to attend church en masse, and the latest, the Music Appreciation club. This last one, however, has gone the way of the others, but not because of lack of interest. BAH! Look home her radio.

#### Spartan's Out

With 10 outstanding feature articles, and pictures of the Green Splash Ice-Aquacadia, the March issue of the Spartan will go on sale today, the magazine's directors announced yesterday. The issue includes a page of camera snapshots, and lots of cartoons and jokes. The Spartan will be on sale in the Union, in the library, and Olds and Morrill halls.

### All-College Convo to Be Held Next Week—Hannah

An all college convocation, or perhaps two—one for men students and one for women—to discuss college and military affairs will be held as soon as more complete information is available, Pres. John Hannah announced yesterday.

"Probably at the beginning of next week," President Hannah will bid farewell to almost 2,000 reservists, and explain the setup for spring and summer sessions to all men and women students returning. He may have a special message to women students.

Hannah also hopes to be able to answer the fraternity men's problem. Greek men don't know yet whether or not they will have to look for private rooms if and when they return to their

See CONVO—Page 2

### Little Work Done at Council Meet; Mullen Resigns

Growing lethargy towards activities on campus was the reason last night that Student council could conduct no business, as only 14 of 27 members were present.

The council received the resignation of Emanuel Mullen, L.A. '43, as head of CDC. Mullen expects to enter the army soon. Also received was the Veterinary council constitution, with recommendation from the con-

#### SAILORS AND MARINES

Two officers, one from the navy and one from the marine corps, will be at the Horticulture building Friday to answer any questions students may have concerning the naval V-1, V-5, or marine corps program. Ron Heath, men's housing director, stated yesterday

stitution committee, headed by Ed Kitchen, that it be accepted.

Reports were received from Mary Leafie Cooper and Harry Green on a meeting they attended to discuss lowering of voting age to 18 years by the state legislature. Possible sponsoring of dances for incoming servicemen also was discussed.

Action will be taken on these measures at a special Student council meeting Wednesday at 7:30 p.m. in organization room 2 of the Union if a quorum is present.

### AWS Race Results Still Unknown—No Tabulators

Results of yesterday's A. W. S. elections will probably be announced tomorrow, following counting of ballots sometime today, according to Evelyn Tussing, vice-president of Town Girls.

Originally scheduled to be counted last night, ballots were left alone by the one member of the elections committee who appeared, since no other A. W. S. members were present. She had not been notified of any postponement.

Vera Deamer, A. W. S. president, was not available for statement, but it is presumed that last night's premier of "Thunder Rock" was the reason for putting off vote tabulation. Results will be published in tomorrow's State News.

### Senior Ball Ticket Sales Restricted: Begin Monday

Tickets for the Senior ball will go on sale Monday to the class of 1943 only, it was announced yesterday by Chairman Ed Sewell.

Ticket sales will be restricted to seniors until Tuesday night, Sewell said, and any tickets left will be sold to all comers beginning Wednesday morning.

Until Wednesday, sales will be confined to the accounting office and senior purchasers must present identification cards there. Sales will begin at the Union desk Wednesday morning.

Clarinetist Jerry Wald and his orchestra will play for the party, which is scheduled for College auditorium Friday, March 12, from 9 to 12:30 p.m.

Wald's latest accomplishment is the smashing of both attendance and length-of-stay records established by Artie Shaw, Harry James, Charlie Barnet and Count Basie at the Blue Room of the Hotel Lincoln in New York

### Unnoticed Monuments Have Story to Tell

By KAY ROEHM

Sure you've noticed them, but do you know why they're there? Suppose we start with the monument on the left of the sidewalk between the Administration building and the library. It was presented to the college by the class of 1900, and served as a watering trough during the time the main college road went around in front of the Administration building.

The piece of granite that stands by the Union has an interesting story. Back in about 1864 some men were plowing a field in the vicinity of East Lansing, and stopped to eat their lunch in the shade of a large

boulder that stood in the field. They noticed that the boulder had a split in it. Seeing a small cherry tree nearby, they planted the tree in the crevice.

As the years went by the tree continued to grow and this odd looking stone became known as the "halfway stone" because it marked the halfway point between Lansing and East Lansing. It was located approximately where Alexandria's store now stands on West Michigan avenue. In 1910 the tree had grown so large it split the rock in half. In 1930 the tree died and a piece of the boulder was brought to its present site on the campus.

In recognition of Prof. L. R. Taft's work, a monument was

### Estimated 15,000 Japs Drown as 10 Warships, 12 Transports in New Guinea-Bound Convoy Are Sunk by Allies

By Vern Haugland

ALLIED HDQ. IN AUSTRALIA, Thursday, March 4 (AP)—A deadly, efficient aerial armada of Allied planes has almost completely destroyed a powerful Japanese convoy in one of the greatest triumphs of the war, sinking or disabling all 10 of its warships and all 12 of its transports, wiping out 15,000 troops aboard "almost to a man" and downing 55 protecting Nipponese fighting planes, Allied headquarters announced today.

### Greeks Will Hold Fraternity Week Friday to Sunday

Greek men will hold a shortened fraternity week beginning Friday and ending Sunday when most houses will initiate prospective actives, according to Dean of Men F. T. Mitchell.

Men without an all-college C average whose petitions have been accepted by the faculty advisory committee of Interfraternity council, and other men eligible will be allowed to participate in Fraternity week activities.

Marking the first time such a program has been carried out here, it is planned for the benefit of these students leaving for the armed services at the term's end.

### OPA Prepares Meat Price Limits; Lowers Estimate on Rationing

### Army Picks MSC for Air Training

WASHINGTON, March 3 (AP)—Michigan State college is among 119 schools which have been approved for participation in the aviation cadet crew training program, according to an announcement from the war department tonight. Other Michigan colleges approved, subject to final negotiation of contracts, were Albion, and Michigan College of Mining and Technology, Houghton.

At the same time the department announced all candidates for aviation cadet crew training will be required to complete five months of special college work under a new program which becomes effective Friday.

### MSC Glee Club to Present Last Program for War

The Michigan State Men's glee club under the direction of Prof. William Kimmel, will present its second annual performance at the Michigan theater in Lansing today at 9 p.m.

The program, which will probably be the last given by this organization until the end of the war, will follow a service night theme. Dominating the program will be army, navy, marine and air corps songs.

All 22 ships of the convoy, totalling 90,000 tons, were sunk or left sinking, with "this major disaster" inflicted upon the enemy at the astonishingly low cost of only one Allied bomber and three fighters lost, the Allied noon communique asserted.

#### Convoy Caught

The convoy was heading for New Guinea to reinforce Japanese troops at Lae, where Allied ground forces are closing in.

"We have achieved a victory of such completeness as to assume proportions of a major disaster to the enemy," the communique declared, and the whole convoy "was practically destroyed."

All categories of Allied air strength joined in the mighty assault that smashed the convoy, hitting ship after ship with

See JAPS—Page 2

WASHINGTON, March 3 (AP)—Uniform, dollar-and-cents price ceilings on beef and pork for every meat market in each community are being worked out, it was disclosed today, together with a license system for all slaughterers in a program to combat black markets.

#### Pork Ceiling Here Soon

Price Administrator Prentiss Brown advised a senate agriculture subcommittee that the new pork ceilings would go into effect in a few days and followed a short while later by new beef ceilings. Later, he told a press conference that the agriculture department is working out the license system to extend down to every slaughterer of meat for sale, including individual farmers.

#### Will Ration Other Things

From other sources it was reported that meats, cheese, butter, cooking fats and oils will be rationed beginning April 1, with every person limited to about 1 1/4 pounds of meat a week.

### Germans Strike Weakly at British Capital

LONDON, March 3 (AP)—German bombers struck weakly at London tonight in an expected reprisal raid made by single planes which kept the British capital under alert for about 90 minutes.

The first raiders, swooping down in retaliation for the RAF's mighty assault on Berlin two nights ago, unloaded snows of fire bombs, and other planes later dropped explosives, but there was no concerted attack.

## Fall of Rzhev Speeds Up Soviet Drive Aimed at Finland and Baltic States

LONDON, March 3 (AP)—The strategic Nazi central front stronghold of Rzhev fell to the Russian army today after a violent struggle in which 2,000 Germans were slain and enormous enemy booty was captured, Moscow announced tonight in a special communique which also told of a Red army sweep in the south to a point only 45 miles from the Bryansk-Kiev railway.

The capture of Rzhev, 130 miles west and slightly north of Moscow, accelerated the Russian drive to knock Finland out of the war and threatened Hitler's entire northern defense line astride roads leading to Poland and the occupied Baltic states.

The German high command admitted the loss of Rzhev—a German reverse which the Soviet army newspaper said Hitler himself had ranked as "equal to the loss of half of Berlin."

The Berlin bulletin, broadcast several hours in advance of the Moscow communique, represented the setback at Rzhev as a withdrawal, saying it was an evacuation "in accordance with planned movements for shortening the front."

## Response Is Slow to SVLF Appeal for More Funds

Responses to the Spartan Victory loan fund appeal are coming in slowly and as yet only six letters out of the 150 sent, have been answered, Ted Ross, chairman, said yesterday. More answers are expected soon.

Newest contributors to the fund are Mason-Abbot club, which will contribute all its treasury funds after the dance Friday night, and PanHellenic and Interfraternity councils, which will donate their shares from the IFC-PanHellenic dance profits. Newman club also contributed \$10, according to Ross. Organizations closing their accounts because of decrease in membership are especially urged to contribute their treasury to the victory loan fund, Ross said.

## Knox Sees Heavy Naval Casualties

WASHINGTON, March 3 (AP)—Secretary Knox, projecting a navy 2,250,000-strong by July, 1944, and big enough to control the world's seaways, solemnly warned the nation today to expect that one out of every 10 navy men may be killed or wounded.

Knox's prediction of a 10 per cent casualty rate and his proposals for an all-ocean navy were made public by the house subcommittee on naval appropriations in finishing work on a new \$4,000,000,000 supplemental naval appropriation measure.

All girls wishing 100 points for W.A.A. riflery must turn in eight practice targets to Mrs. Waters in the Women's gym office by Friday, 5 p. m. March 5.

## JAPS

(Continued from Page 1)  
bombs loosed from low altitude. Enemy Got Weaker

"Enemy air coverage became weaker and weaker; his forces more scattered and dispersed and finally his remnants, isolated and bewildered, were gradually annihilated by our successive air formations—as we sent them into combat," the communique declared in graphic account.

The assault on the convoy was coupled with a smash at the enemy airdrome at Lae, a possible base for the Japanese to send out aerial protection for the convoy.

In a pre-dawn raid, the communique said, attack units bombed the Lae airdrome from low level; and fighter bombers returned during the day with strong escort to dive-bomb and strafe the field. Seven enemy fighters were declared downed in air battles.

Attacked Elsewhere  
The Allied aerial fleet was active elsewhere, too, attacking "the remaining portion" of the town of Dobo in the Aru islands, demolishing buildings in that town which has already suffered devastating attacks. Raids also were made on the Kai islands and upon Finschhafen in New Guinea.

Allied headquarters also announced that British Spitfires have joined the air war in the southwest Pacific, and that they have achieved notable successes.

The convoy which had proceeded from Rabaul and other strong points in New Britain along the north coast of New Britain went through Vitiaz straits where the first attacks were made, and reached the Huon gulf in the Lae-Salamaua area before the final, smashing blows were dealt.

Reduces Threat  
The triumph was believed by observers here to indicate a reduction in any threat of immediate attack upon Australia, and a considerable setback in the enemy's preparations "in readiness," of which the Allied communique warned March 1.

## CONVO

(Continued from Page 1)  
classes. Hannah also may give an inkling about the athletic and extra-curricular program after reservists leave.

Another question Hannah may answer is whether ERC men will report to replacement centers other than Fort Custer. Yesterday Hannah stated that men in the Enlisted Reserve corps here would have to report to a replacement center in the sixth corps area for induction.

## Kelly Reported Against Further Time Change

LANSING, March 3 (AP)—Governor Kelly was reported today to have given tacit consent to a move by legislative leaders to stop public clamor over the time question by letting it be known there will be no change in the law which places Michigan on Central War or "slow" time, but allows municipalities to operate one hour faster if they desire.

## ALONG THE WINDING CEDAR

By Len Barnes

A CONFIRMED grillhound was talking to us yesterday about the progress of the war, and how the army was going to get him in April, "after he'd eluded it two years."

He seemed to know all about the Japanese and Russian campaigns, even to identifying the most minute islands in the Pacific, and telling who now held the Siberian town of Dmitriyevsk. In fact, we're still trying to find that town on the of fee map.

After the coke gulper had told us all about the war, we asked what sort of peace he thought should be worked out when armistice comes, remarking that that subject had been a bit neglected up to this point in the fighting.

We haven't won the war yet, he blurted sarcastically. And we haven't got time to waste on even thinking of peace till it is over.

We offered that someone had said it would be a hell of a note to win the war and lose—the peace.

He says, you got the cart before the horse, bud. And you aren't helping the horse by talking about the cart.

So we said how do you suppose this war started anyway?

He said everybody knows Hitler and Mussolini are only a couple of rabble-rousers with nothing better to do than start a war.

And where do you think they got the rabble to rouse if it wasn't from the peace of the last war, we said. What are you going to do with the Nazi rabble this time—kill them all off and send some Americans over to populate the place?

That's not my problem, he countered. Roosevelt and congress will run that anyway.

Haven't they sort of got their hands full running the war, we queried? And besides, President Wilson had a lot of good ideas for permanent peace. The only trouble was that neither congress nor the American people had thought much about how to secure a lasting truce.

They didn't know if Wilson's 14 points were intended to kill all the Germans or box the compass. If all of us will give a little thought to post-war planning now, we might be able to prevent another war in which our children will die.

Colleges are supposed to be intellectual centers. The cumulative effect will be great if all college students will think more about what they'd do if they were to sit at the peace table after the war.

My friend departed at this, shaking his head and muttering something that sounded like "Dirty communist."

## INFORMATION

### FACULTY FOLK CLUB—

In place of the regular monthly meeting, members and their husbands will attend the Friday performance of the Green Splash Ice Aquadria. A block of seats will be reserved until 7:45 p. m. Friday.

### ELEMENTARY EDUCATION—

Elementary education majors will hold the second meeting of a new club open to all women enrolled in the new course, at 7 p. m. today in organization room 2, Union, according to Martha More, L.A. '44, recently-elected secretary.

Other officers, chosen at the first meeting, are Lois Quinn, '45, president; Margaret Rogers, '46, vice-president; and Alice Wilkins, '45, treasurer.

### Spellman Leaves Vatican

BERN, Switzerland, March 3 (AP)—Archbishop Francis J. Spellman of New York left Vatican city by air today for a visit to Spain, and Vatican circles said he carried the pope's answer to President Roosevelt's letter of greeting.

### Home Ec Club

All Home Ec students interested in working on the Home Ec radio program will meet at 5 p. m. today in room 1 of the Home Ec building, Chairman Grace Stodot, H.E. '44, announced. The calendar of spring term programs will be discussed.

### Sigma Chi Gamma

Dr. Ralph Guile, instructor in chemistry, will speak on "Plastics" at a regular meeting of Sigma Chi Gamma, women's chemical majors' organization, at 5 p. m. today in room 333 Chemistry building.

### Tower Guard

Tower Guard will hold its last meeting of the term tonight at 7:15 in the tower. Pres. Anne Ross said yesterday. D. L. Gibson, of the sociology department, will speak on the inter-racial social problems after the war.

## PLAY

(Continued from Page 1)

cause it was a show that released the hitherto hidden and unexhibited abilities of current Spartan thespians.

### A Natural

Joe Gadeleto, L.A. '44, as Streeter, old chum of the light-house keeper, was a natural for his role. His emotional display was a sharp contrast to Dillingham's necessary spathy and proved quite welcome.

In the supporting roles, Chris Lane, graduate speech instructor, who filled in for Tad Ashby, L.A. '46, who was called by the army air forces, was outstanding in his characterization of Dr. Kurtz, the Viennese physician. Barbara Hacker, L.A. '44, as Melanie, the young daughter, and Thelma Joffe, L.A. '43, as the idealistic crusader for women's rights, are to be commended for their interpretations.

In the ingenue parts, Art Underwood, L.A. '43, Beverly Rinker, L.A. '44, and Ed Glacy, L.A. '43, did a fine job in rounding out the plot of the drama.

Invest in Victory—Buy War Bonds and Stamps.

ALLIED HDQ. IN NORTH AFRICA, March 3 (AP)—It appeared tonight Marshal Erwin Rommel's phantom panzer decided to yield hard-won Sbeitla and the Feriana valley, on opposite sides of Kassarine pass in central Tunisia, without a struggle, gather strength to face an expected blow from the south—the desert-hardened British eighth army.

Advance Allied forces, pushing the withdrawing Axis army over the same trail of the Axis retreat 18 days ago, were reported in an Allied communique as pushing farther toward Sbeitla and southward toward Sbeitla, indicating that half the territory won by the German smash that began Feb. 14 had been meekly abandoned without battle.

Prepare for Attack  
The enemy obviously is faced with the problem of hoarding equipment for the anticipated greatest struggle of the month African campaign.

Between Sbeitla and Feriana from which the Germans and Italians opened their drive, a 35-mile stretch of flat, semi-desert, but beyond the mountains which must be held by unhappy Axis army facing collisions with the British, French and American armies pressing from three directions—north and south.

French Hold Nazis  
The French high command reported that in the northern sector north of Medjerda, French forces "successfully" defeated several enemy infiltrations that on the southern front French camel corps patrols were active.

## HERMIE SAYS —

**A**S MAJOR league baseball clubs fret about the future of the game and wonder if holding spring training up north this year instead of in the warm southern climates will lessen the efficiency of their players, the U. S. army officers teaching Michigan State ROTC students opened their season last night with a minimum of fanfare.

In their first game Tuesday night the Spartan officers thumped the newly arrived officers of the Air Forces sent here to train men that will arrive on campus in April. The softball contest, which was played in the riding hall of Dem hall, ended 33 to 19.

In winning, however, the ROTC officers had to send four hurlers to the mound. Capt. George Branch, team manager, Capt. Paul Sullivan, Maj. Joe Thompson and Lt. Leland Esh combined to "throttle" the air forces hitters, but it was really the potent power at the plate by the locals that gave them victory.

Manager Branch said that his club is ready to meet all comers and that several games are planned for the near future.

**I**LINOIS has added the Big Ten basketball championship to its many laurels earned this season, but one of the biggest complements paid to the Illini squad was the choice of four men from the Champaign school's quintet for the first team of the all-Big Ten honor club.

This all-star quint, was no whim of a sports writer who felt especially partisan to the Illini bunch, but was the direct result of voting by Big Ten coaches. Among the members chosen, naturally, was Andy Phillips, record-breaker deluxe when it comes to scoring.

Phillips needed 27 points to beat John Kotz's 1942 individual scoring record when the Illini lined up against Chicago in the

season's final. No matter how great a scorer you are, the pressure of getting at least 27 tallies is a plenty tough job—even against the winless Maroons.

However, Phillips didn't let this bother him. He got busy and by the time the game was over the scorekeeper was marking X's behind Andy's name on the official's table as the score book was completely filled. Phillips ended with 40 points.

There isn't a question of a doubt that he'll be chosen on every all-America team for the second year in a row.

If he isn't already, in another year under normal conditions, Phillips would probably prove to be the greatest basketball player of all times.

## Iceland Is Theme of Green Splash's Water Pageant

Green Splash, women's swimming honorary, will present its eighth annual water pageant Friday and Saturday nights in the Women's gymnasium pool. This year the theme will be "Tee Aquadia" and will feature an Iceland routine, according to Miss Dorothy Kerth, of the women's physical education department.

A trio made up of Shirley Hutchins, A. S. '45; Maude Graham, H. E. '45, and Buff Nacker, L. A. '44, will furnish songs and dances. Also slated on the program will be a demonstration of commando swimming tactics including disrobing from G. I. uniforms, swimming under oil-coated water and rescue procedures.

A mass water formation saluting the United Nations and a diving exhibition by Priscilla Knights, A. S. '46; Amy Bennett, H. E. '45, and Betty McDonald, A. S. '46, will complete the pageant.

## Sophomore Forward Cawood Captures 'S' Scoring Honors

Jack Cawood took the Michigan State individual scoring crown for the 1942-43 cage team with a 122 point total. Only a sophomore, the Lansing lad was able to jump into the Spartans' starting lineup and stay there throughout the year.

In fact, he and Danny Pjesky, the other soph starter, were two of Coach Ben Van Alstyne's most consistent point getters. Pjesky finished third in the scoring race, but had he hit early in the season like he did in the last part, he would probably have been pushing the leaders more closely.

Gillie White, Junior forward, started like a house-a-fire in the opening games, but he bogged down in mid-season and didn't start hitting again until the last few games. He finished fast netting 15 tallies in the season's final and with this and the early season margin he was able to amass 100 points for second place.

Last winter's / super-human

scoring machine, Joey Gerard, rifled in 239 points, almost double the amount made by this year's winner. Also the second and third place scorers, Chet Aubuchon and Dud Jones, with 129 and 118 points respectively, were far ahead of '43's runner-up and third place holder.

The decided difference may be accounted for by the difference in schedules with the Gerard, Aubuchon & Co. crew playing 22 games and this year's quintet competing in 16. Then too, a team isn't often blessed with a Joe Gerard every winter.

## Three Freshman Boxers to Fill Positions on Varsity Squad for West Virginia Meet

By JOHN MARRS

Coach Al Kawal will take advantage of the new rule on freshman eligibility for varsity competition in his meeting with the Mountaineers of West Virginia Saturday night in Morgantown. Charles Davey, 127-pounder, Jerry Wingart, 165-pounder, and Augie Orlando, heavyweight, will take their places on the var-

sity for the West Virginia meet, according to present plans.

Davey will take Walt Zurkowski's place at 127 pounds. Walt injured an elbow in workouts more than a week ago and has had trouble with it in recent bouts.

Wingart is a tall, rangy lad for his weight class, having a decided advantage in reach over most 155 pound fighters. In workout bouts with Chuck Calkins during the past week, the yearling fighter has looked seasoned enough for varsity work.

Orlando will fill the lacking heavyweight spot in the State lineup. Kawal has been without a heavyweight in most of the matches this year.

At the present time, Edo Menotti, 175-pounder, and Ed Wood, stocky 136 pound battler, have no defeats on their dual match

record. Both boxers have met some of the best in their weight in this season's bouts.

## WKAR Holds Auditions Next Week to Replace 'Lost' Announcers

Auditions to replace members of the WKAR announcing staff leaving for military service this month will be held early next week, Station Director R. J. Coleman said yesterday.

Men interested in auditioning should contact him before noon Saturday at the studios in College auditorium, he said. Only men who are exempt from military service, or who expect to be in school several months before entering the service should apply, he stated.

## 'Mural Champions' Decided Tonight

Three league championships will be determined tonight in the intramural basketball tournaments. The games will be staged in Jenison gym.

At 7:15 the Sigma Alpha Epsilons will vie with Delta Chi for the fraternity crown. Abbot 13 will meet Mason 7 at 8:00 for the dorm title. In the last game of the evening, beginning at 8:45, the DZVs will play for the independent championship with the Pyjaky squad.

Abbot 13 and the DZVs are both defending league titles from last year. In the fraternity loop, last year's winners, the ATOs, lost out in the preliminary tilts.

# Spring will be in a . . . Suitable Mood

TRIM, GAY AND COLORFUL

*You'll live in them — these light weight, bright, smoothly tailored suits for spring. You'll love the "high" colors, and your old favorite Navy. You'll delight in their trim lines. You'll sigh with relief when you see their modest prices. In a word — they're your No. 1 spring costume!*

All the new spring styles, fabrics, and colors — dressy-tailored, mannish-tailored, and dressmaker types — wool, flannel, and gabardine, covert, and tweed — soft satin bound edges, slit or patch pockets — tucks and pleats, whirls and trims — plain or pleated skirts — one, two, or three button jackets — in navy, luggage, beige, lobster red, aqua, brown, tan, gold, and R.A.F. blue.
