Today's Campus

What Is So Rare

Freshmen who are baffled and perplexed by reference lists may console themselves with the experience of a sophisticated junior. The coast, who had been peering over long lists, As a finally walked smartly Junior up to the circulation desk, and asked for "Ibid" by Meek. With a pitying smile the librarian carefully explained the mysteries of bibliography and the fact that "Ibid" merely saves writing out the whole title.

Hunting Preview

A bid in hand is worth two in the bush, was the tantalizing reminder that Prof. T. H. Os- good head of the physics department, and a friend had to face recently. A pheasant was found roaming around the physics department laboratories just a day before the formal hunting season started.

Nazi Officials Charge Italians with Plans to Kidnap Fuehrer

LONDON, Oct. 22 (AP)—The German high command charged today that King Vittorio Emanuele and Marshal Badoglio of Italy had plotted to lure Adolf Hitler to Italy, kidnap him and turn him over to the Allies along with Benito Mussolini.

Quoting Italian military "documents," the high command charged that Marshal Badoglio had invited Hitler to Italy to confer with him and the king. Prime Minister Churchill disclosed on Sept. 21 that the Badoglio government had planned to keep Premier Mussolini in Allied hands, but that he had been allowed to escape, with the aid of German parachutists, by Italian carabinieri who "failed in their duty" to guard him.

Ag Board Grants Leaves to Three Instructors

Three leaves of absence and two appointments highlighted Thursday's meeting of the State Board of Agriculture.

The board, governing body of Michigan State college, granted an eight-month leave of absence to Duane L. Gibson, assistant in sociology, Gibson, who leaves State Nov. 1, will join the staff of the OPA in the Saginaw district as associate economist and district survey officer.

Two other leaves of absence were granted to Spencer B. Apple, extension specialist in horticulture, and Erling B. Brauner, assistant professor of art, to enable both men to accept commissions in the navy.

Frank Thorp, appointed research associate in animal pathology at the board meeting, Thorp, who has been associated with the bacteriology department, will become active Jan. 1, 1944.

Second appointment approved by the board was for Fritz Herzog as assistant professor of mathematics for one year, effective as of Sept. 1.

Resignations accepted at the meeting were for L. L. Weisner, extension assistant in poultry pathology, and for Mrs. Olga Bird Nickle. Weisner will enter private veterinary practice and Mrs. Nickle has been loaned to the regional council of defense in Lansing.

Karl H. McDonel, secretary to the board, stated that a check of \$200 has been accepted from Horwath and Horwath, national hotel accountants, as a contribution to the firm's scholarship fund.

Bill Baer and Band to Play at Dance

Tickets for the second dance sponsored by the Union board are on sale at the Union desk. Marge Graff, publicity chairman, announced. The dance will be held tonight from 9 to 12 in the ballroom.

Bill Baer will bring his 13-piece band to play. It will be the first time that the group has played for a State function.

The dance, which is open to aircrew, AST, and civilian students, will be informal. Patrons will be Capt. and Mrs. A. H. Hoover and Lt. and Mrs. R. E. Smeltzer, Miss Graff said.

Saturday dances are being sponsored by the Union board to fill in the vacant spots caused by limited possibilities for social activities this year.

Advancing Red Troops Make Gains in Dnieper Bend Area

West Flanking Arm of Drive Pushes Within 18 Miles of Krivoi Rog as Army Fighters Advance to Northern Districts of Melitopol

LONDON, Oct. 22 (AP)—Russian forces tightened their vise on the German armies cornered in the Dnieper bend today with the capture of a west bank town only 34 miles from Dnepropetrovsk and to the north suddenly thrust out from their bridge-

30,000 Japs Try to Trap Chinese

Chinese forces attempting to stem the Japanese Salween river drive were aided by U. S. air force bombing of a Jap supply base at Luku (right symbol) in southwestern China. The Jap airfield at Myitkyina (left symbol) also was bombed by American planes.

CHUNGKING, Oct. 22 (AP)—Outnumbered Chinese forces, clinging to precarious positions west of the Salween river near the Burma border, battled desperately tonight against an encircling movement by Japanese forces estimated at 30,000.

Japanese columns, tripled in number since the beginning of the offensive three weeks ago, have received further reinforcements and are gaining in air support.

The Japanese, however, have been unable to show new advances in fighting at two points west of the Salween.

Concert Pianist to Play for Afternoon Group

Guest of the student department of Peoples church tomorrow afternoon will be Charles P. Lampkin, concert pianist for the Metropolitan Opera company. Starting at 5 p. m., Lampkin will present a program of piano numbers and readings of Negro poetry with his own accompaniments.

At present he is the assistant director in charge of drama at the Union Settlement house in New York city, and is also score-aid and rehearsal accompanist for the Metropolitan opera. The public is invited to attend.

Over 50 towns and hamlets in the Dnieper bend area fell to the advancing Soviet troops, who made gains of from four to six miles. By the capture of Verkhnednepetrovsk, 50 miles south-east of Kremenchuk and 34 miles west of Dnepropetrovsk, they pushed the Germans back toward the river city where other Soviet forces already were waiting on the east bank.

Improvise Defenses

To the west another flanking arm of this drive, reaching out toward the railway junction and road center of Krivoi Rog, was reported by Reuters to be only 18 miles from its objective. The Germans were reported hastily improvising defenses as they lost all semblance of a line in this area.

North of Melitopol the Soviet forces attacked in waves, and inside the city's battle-wrecked and flaming streets Red army fighters advanced to the last defense line.

Japan Air Losses Climb to 500 in Fortnight of Intense Activity

ALLIED HDQ IN THE S. W. PACIFIC, Saturday, Oct. 23 (AP)—Japanese air losses have mounted to impressive figures in a fortnight of intense aerial activity in the southwest Pacific highlighted also by a renewal of sharp ground fighting in New Guinea.

Upwards of 500 enemy planes have been shot down, probably destroyed or damaged, in less than two weeks over this widespread island area. About 400 of these were accounted for last week, a tabulation of official reports showed today, and 156 so far this week.

A Japanese ground force that at first appeared bent on retaking Finschhafen, coastal base captured by Australians on Oct. 2, was battling to reach the sea some miles northwest of that place. Units of the Australian ninth division, operating northwest of Finschhafen, repulsed numerous counterattacks. By infiltration at night, however, the Nips have made some progress.

Union Grill Customers Scream for Cream

By EMILY KALLED
"I scream, you scream, we all scream"—including the 6,000 Union and army students at State—for ice cream. They scream for about 1,200 cones a day.

And that is official. Mrs. L. Kelly, manager of the Union Grill, and Miss Adelaide Snider, supervisor, both confirm the facts. The sales are about the same as those of pre-war days.

The present location of the grill evolved from cafeteria kitchen to men's lounge to the grill. The ice cream-coke dispenser used to be in what is now the men's lounge, but growing business caused college officials to change the arrangement when they took over the building. It opened in this place in Sep-

tember, 1937, and changed from a strictly soda-coke diet to regular meals and light lunches. Mrs. Kelly took over her present position in December of that year and has since watched other changes in this college "institution."

And Furniture, Too
New furniture, approved by the Home Ec division, came with the last move. A family-size dishwasher came with it, too, but has been replaced by a much larger one.

One thing which has remained essentially the same is the mounted fish caught by a member of the football team off Miami, Fla., after State's men played in the Orange Bowl game in January, 1938. It is still hanging on the north wall of the room.

Juke Box Hostess
The first juke box came in

1939 and was replaced by the automatic hostess in 1941. Reasons for the change were frequent record changes and the idea of novelty.

Anyone above a freshman remembers the 25-cent specials served at noon. Chili and soup were also sold besides the hot lunches in winter. Cold plates and salads were the usual summer run, and almost 150 such orders were filled each noon. Breakfast orders ran around 300 each day.

Another used to be the Sunday service which included waffle suppers and short orders. The evening special was something like a steak and shoestring potatoes.

That Fresh Lemon
And then there were also fresh lemon cokes. Mrs. Kelly See GRILL—Page 4

Weekly Letter to Men in the Service

(This open letter to men in the service is a weekly feature of the Michigan State News, describing the outstanding events on campus. Clip it out and mail it to a friend in the service.)

October 23, 1943

DEAREST JOHNNY,

We had a touch of Christmas last Saturday when we got up at 7:30 a. m. reveille and saw that snow was all over the ground. The doubleheader football game was postponed till today because of the miniature blizzard. James D. Towar, football star of the 1934 team, will toss out the first ball.

We've had some changes in military personnel. Maj. Paul A. Johnson, formerly of the CTD at the University of Missouri, has succeeded Maj. Carl F. Madglin as commandant of the 310th CTD. Lt. Kenneth E. Finster, from Southwest Texas Teachers college, is another newcomer.

I'm still waiting for the Spartan to come out, but Calkins says to tell you not to give up. Your subscription hasn't been lost. Not only that, he's promised two issues this month to keep his customers happy.

Dr. Lee Vincent from Merrill Palmer in Detroit spoke at the Women's day convocation Wednesday, on relationships between college women and military men. I'd bet my last D coupon that there were plenty of men who would have liked to have been there to get the inside dope.

The curfew regulations have been relaxed somewhat because of objections raised by many coeds. As the plan now stands, we can stay up to study when necessary.

Coeds signed up for riding this week. A terrific mob appeared at the appointed hour and there were so many that the sergeant must have been discouraged because he looked at me and then at the horse and said, "Who's gonna ride who?" How about that?

A photographer from National Geographic magazine was on campus this week to take pictures for next month's issue. Somehow he missed me but he's coming back next week for more so no doubt I'll get in there somehow.

Julian Gromer will present related movies of Mexico to night in College auditorium. He was here once before, way back in the dear dead days beyond recall when you were here too, Johnny. Remember when we heard him?

Well, Johnny, there isn't too much news this week but keep both chins up until I write again. Be nice to the sergeant and give my love to the colonel.

With a "C" ration of love,

60th Grid Season at State to Open at Macklin Field

Today's Games to Feature Campus Teams

With cool, clear weather forecast, campus teams will take the field to inaugurate the 60th year of football at State at 2:30 p. m. today in Macklin field.

Today's games, the first of a series of five double headers, will be between the Vets and the on-campus engineers in the first game and between the civilians and the ROTC team in the second.

Power to Throw Ball In

James D. Towar, Ag graduate, will throw the ball to the captain of the team going to kick off. Towar was a member of the first football team State ever had, in 1884. President A. Hannah will present the ball to Towar before he makes his inaugural throw.

Made for the game will be played by the 45 piece airforce band led by Cadet Bernard J. Prentiss.

The games will have only 10-minute periods, with 10 minutes between the halves. The second game will follow immediately after the first.

Names Different

In the scoreboard the teams will be designated by abbreviations of their names because of space. The civilian team will be designated as MSC, while the on-campus engineers will be designated as Eng. I. The Vets and ROTC will be designated by their names.

The head of the phys ed staff has been assigned to coach the Vets team by John K. Hadden, campus engineers by John Hadden, civilians by John Hadden, and ROTC by John Hadden.

Table Leads Cheers

Leading the cheering section in the games will be Tom Gable, senior, who was a member of the Spartan cheer squad last year.

Those who will be admitted to the games, Athletic Director John H. Young said.

Starting lineups for the games in the first game was announced by the coaches as follows:

Vets	
LT	Colton
LT	Monson
LT	Byrd
LT	Holmes
LT	Bray
LT	Hathaway
LT	O'Rourke
LT	Murphy
LT	Bennett
LT	Ashton
LT	Presley

In the second game those who will start the game are as follows:

MSC (Civilians)	
LT	Pennell
LT	Dodger
LT	Godfrey
LT	Hackett
LT	Poulsen
LT	Rankin
LT	Gant
LT	Del Stange
LT	Cook

U. of M. Marine, Navy Grid Stars Get Transfers

ANN ARBOR, Mich., Oct. 22 (AP)—Michigan's Wolverines, polishing off for their little brown pig battle with Minnesota here tomorrow, learned today that Capt. Paul White will be playing his final game against the Gophers and that the navy will transfer fullback Bill Daley and tackle Marvin Pregulman after the Illinois game next week.

The marine department disclosed that White and three reserves, halfbacks Bob Stenberg and Jim Holgate and tackle Len Nash, will be transferred to the marine base at Parris Island, S. C. next week.

Navy officials said Daley, one of the nation's leading groundsmen and chief hope of the Wolverines to snap a nine-year Gopher winning streak tomorrow, and Pregulman, defensive ace, will be ordered to report to another training station on Nov. 1. Reserve end Jack Petokey will leave with them.

All the players being transferred were seniors in the navy marine program here and have completed 16 weeks of training since July 1. Daley was a transfer from Minnesota. Holgate from Wisconsin and Nash from Michigan State. The others previously had attended Michigan.

The Wolverines were favored over the unbeaten Gophers tomorrow, with Daley expected to prove too powerful for his old school whose only ranking opponent in three starts was Camp Grant. The Gophers last week turned back Camp Grant 13-7 compared with a 26-0 decision earlier registered by Michigan over the same team.

STRICTLY G. I.

By DEE

HAD a sneak preview of a new campus dance band which will be playing soon. The band is made up of AST men, two civilians, and an AST reserve student, who, by the way, plays a very good sax. The men have done all their practice work in their "free time" in the case of the army men, and are whipping things into shape under the direction of Trumpeter Pvt. Bill Barth, AST engineer. A girl vocalist is needed for the band, and try-outs will be held in the Union ballroom Tuesday at 6:30 p. m.

For safety purposes Col. G. B. Egger, MSC commandant, has ordered that the AST men while marching leave the center of the street open at all times to permit passage of cars. All outfits will use the sidewalks, and section marchers will march in the ranks instead of at the side. Section marchers are to form sections in such a manner so as not to block automobile traffic.

Notre Dame Counting on Easy Illini Victory

SOUTH BEND, Ind., Oct. 22 (AP)—Notre Dame looks to tomorrow's contest with Illinois as the easy way to victory. No. 3 for the season, but there are a few persons, including Coach Ray Eliot and Athletic Director Doug Mills of the Illini, who think the Irish may be in for a tough day.

Eliot and Mills agreed they don't expect Illinois to win, but Mills pointed out, "You always have a chance in a sports event."

The thing about Illinois, green, young, civilian team that won't Notre Dames' head man, Frank Leahy, is the fact they have scored 12 touchdowns in their last three games, or since Eliot switched over to the use of a modified T-formation without a man in motion.

Allies Capture Two Towns in Rome Drive

Counterattacks Crushed by Withering Fire of Yank Fifth Army

ALLIED HDQ., ALGIERS, Oct. 22 (AP)—Beating off enemy counterattacks at two points, American troops of Lt. Gen. Mark W. Clark's fifth army have captured the strategic inland Italian towns of Alife and Piedimonte D'Alife to harass German efforts to install themselves in new mountain defensive positions north of the Volturno river, Allied headquarters announced today.

Seizure of the two towns placed the Americans in position to continue their thrust along both banks of the upper Volturno toward Menafo, 18 airline miles away, where the Nazis have sunk the inland anchor of their new defense line.

Both at Alife and Cancelli, where British troops hold positions eight miles inland from the mouth of the Volturno, the Germans struck back with everything in their arsenal in an effort to relieve the Allied pressure, but in each instance General Clark's alert forces met them with a withering fire that threw the Nazis back.

(Berlin dispatches to the Spanish press relayed German reports that an Allied thrust against Rome both from the air and from the sea, only 10 miles away, was imminent. Spanish correspondents in Berlin said the Germans had reported that heavy Allied naval concentrations were maneuvering off Ostia at the mouth of the Tiber and that Allied parachute troops were standing alert at many air fields.)

GRILL

(Continued from Page 1)

says they used almost 10 dozen lemons a day. The 12 or 15 kinds of sandwiches have been cut down to eight now. Only two kinds are sold in the afternoon, however.

There were days of seven flavors of ice creams, too. Today only two or three kinds are available, with no vanilla. This pre-war favorite is limited to use in malteds, sodas and such.

State folk consume about 200 hamburgs and eight or 10 urns of coffee daily at present. Cokes still rate high, averaging about 1,200 glasses a day. Time was when they could run short of glasses, but with a supply of 100 dozen, it doesn't happen now—at least not if the dishwasher keeps running.

Biggest coke sale since the larger grill was opened was Freshman week, 1939, when students bought 14,605 glasses of the beverage.

Cokes Increase

Now that the army predominates, the ice cream and coke business is the best. The army men do not need to buy food so that line has been cut down.

Pie and cake-a-la-mode, which were offered for the first time this week, have already proved popular. Wednesday afternoon two big cakes were used.

Two other noticeable changes are the employees and the customers. Seven full-time women, three on tables and dishes all the time, have taken over the work of 30 part-time men students and five full-time women.

Hours Change

Fewer hours makes it possible for the women to do the work. Former grill hours were 7 a. m. to 8 p. m. daily and 10 a. m. to 11 p. m. Sundays. Now it is open from 8:30 a. m. to 4:30 p. m. Monday through Friday and 8:30 a. m. to 12:30 p. m. Saturdays. There are no Sunday hours.

The crowd used to be dates who would sit all afternoon over cokes, but now there is an hourly change. Army men come and go in about 20 minutes. There is a new group every hour which gives the grill the variety it lost in the food line.

Book Sponsors Contest

A new contest for all persons interested in selling Wolverines has been announced by Doug Bird, circulation manager. A prize of merchandise from the Town and College shop will be awarded the person selling the greatest number of Wolverines. Additional prizes of one free ticket to the State theater will be awarded for every 15 Wolverines sold. The contest began yesterday and will continue until Dec. 11.

THE WOMAN'S WORLD

MIXER DANCE

North and South Williams dormitory will be host to 210 aviation students tonight from 9 to 12 when they hold the first dormitory-air student mixer in the dorm dining room according to co-chairman Dee Dearing, Pontiac sophomore.

Ten women from each side of the dorm will act as hostesses introducing the men from squadrons G, H and I to women who will be wearing name tags. If the mixer is a success, a second dance will be planned.

FRESHMAN ORIENTATION

Discussion groups in freshman orientation today will discuss "The Military Man and the Col-

lege Woman," according to Chairman Jane Cumming, Detroit junior.

SWITCHBOARD CHAIRMEN

Switchboard chairmen will meet Monday at 7 p. m. in the dean of women's office, Housing Supervisor Mabel Petersen stated yesterday.

POTTER HOUSE PICNIC

Potter house residents will hold an indoor picnic tonight, according to Chairman Barbara Baird, Detroit junior. Main event of the evening will be a treasure hunt. Chaperones for the evening are housemother Mrs. Leila Lane and Prof. and Mrs. B. J. Knittel of the speech department.

RUSSIA

fended northern districts. Heavy losses were inflicted on German manpower and material, said the Moscow communique. Reported by the Soviet monitor.

Strong Wind

A howling southerly wind, so strong at times that fighters could hardly stand upright, added to the din of cannon and machinegun in the battle for Melitopol, southeast of the Dnieper bend, Moscow reports today.

Both north and south of the city the Red army pushed additional dents in the heavily fortified line built by the Germans from the Sea of Azov to the Zaporozhe. Russian bombers rode out through the haze and bomb communication lines from the Crimea and other points in the German rear.
