Today's Campus

Uniform Dunking

Aircrewmen on the banks of the Red Cedar had a hearty laugh last weekend when two North Williams coeds attempted to make the most of a brief military leave. After offering to get into the canoe first to stabilize it, their soldier, a former Spartan, ended by sitting on the chilly river bottom with his hat the only part of his uniform still dry. Even the little silver bars got dunked.

Repair Work Done

One student, living in an off-campus house, is convinced that she has chosen the right major for her talents. They are the courses in electricity and the Liberal Arts division, but she felt that she had a "call" for "practical knowledge" of how to repair things. Spending a small sum on tape, screw driver and plug, she attempted to put a lamp back into working condition. The result was a total blackout on the whole floor and, consequently, a new fuse needed in the fuse box.

Number, Please

While auditioning for talent for the Student Speakers bureau, Paul Gershenhof, director, had one novel tryout. He was calling an accordionist and in response to the usual questions the musician said "Wait a minute," and a few seconds later the astonished Mr. G. was having an accordion concert. Amazing what Alexander Graham Bell did for harassed Speakers bureau directors.

Sketches of 'Claudia' to Highlight Meeting of Studio Theater

Two sketches and a rehearsal of Claudia will be the program for the second meeting of Studio Theater tonight at 7:15 in room 49 college auditorium, according to Margaret Bradbury, Detroit junior, president. A two-act comedy set in the future is the first sketch, directed by Margery Rice, Saginaw junior. Playing the housekeeping husband will be Fred Butcher, Muskegon junior. The women in his life will be Jacqueline McMan, Louisville, Ky., senior, as his wife, and Nancy Moore, Detroit junior, the other woman. The second shot sketch concerns two shopgirls at a make-up counter. Peggy Hall, Owosso junior, and Margery Rice are the two shop girls.

UNDER THE WIRE

CHUNGKING, Oct. 25 (AP)—The Chinese high command announced tonight that Chinese troops which recaptured Potten and Wangchen in southern Anhwei province near Kwangten found all the homes burned and many civilians massacred by the Japanese. A continuation of severe fighting was reported on the Yunnan-Burma front.

BATTLE CREEK, Mich., Oct. 25 (AP)—The million-dollar Gull lake estate of W. K. Kellogg, breakfast cereal manufacturer, has been presented to the army as a gift and will be used by convalescent war wounded from Percy Jones hospital, it was reported today.

Nine Sets of Coed Twins Confuse Campus

Double trouble for professors and roommates are Michigan State's nine pairs of identical twins. Pictured in front of the Union the twins are as follows: back row, left to right, Doris and Dorothy Benz, East Lansing freshmen; Jeanne and Phyllis Kinsey, Caro freshmen; Helen and Ethel Joffe, Wakefield juniors; in the second row, Janet and Joyce Johnson, Detroit sophomores; Jean and Joan McCullough, Northville freshmen; Alison McCain Hamilton and Marian McCain, Detroit juniors; and in the front row, Margretta and Marjetta Prior, Kenmore N. Y. seniors; Dorothy and Mary Wise, Grand Rapids seniors; and Dorothy and Doris Englehardt, Lansing sophomores.

Allied Raiders Destroy Total of 700 Japanese Planes in Two Weeks

ALLIED HDQ. IN S. W. PACIFIC, Oct. 25 (AP)—Allied airmen have destroyed 123 Japanese planes in three raids at Rabaul, New Britain, it was announced today.

The new raid, announced in today's communique, raised the total of enemy planes wrecked during the past two weeks in the South and Southwest Pacific to 700.

One hundred and five bombs hit the enemy air-sea stronghold in the latest attack. Rabaul was smashed on Oct. 12 with 350 tons of bombs which destroyed or badly damaged 177 planes. It was struck again Oct. 18 and 60 more planes were destroyed.

Another heavy air blow was struck at the frequently raided enemy base on Bougainville in the Solomons where 20 more planes have been destroyed, the communique said.

Junior Appointments Mailed by Yearbook

Appointment cards for individual Wolverine pictures have been mailed to all juniors who should notify Hub studio at once if they cannot meet the schedule, according to Doris Englehardt, classes editor. Any junior not receiving notification also should contact the studio by Thursday. Med bio women who will be internes next year and any other students who plan to graduate during summer school should disregard their notices as they will be given senior picture appointments.

Nazis Acknowledge Attack

NEW YORK, Oct. 25 (AP)—The Swedish radio said tonight that the German air attaché in Stockholm had acknowledged that a Nazi plane shot down a Swedish transport last Friday night killing 13 persons, including an American.

The broadcast, recorded by the U. S. foreign broadcast intelligence service, said the Nazi official had expressed the "deep regret" of the German air force over the incident to the Swedish board of air transport.

Reds Capture Two Dnieper River Cities

Russians Crush German River Defenses; Cut Off Crimean Nazis

LONDON, Oct. 25 (AP)—The powerful Red armies crushed the Germans' Dnieper river bend defenses today, capturing "the highly important" industrial centers of Dnepropetrovsk and Dneprodzuzhinsk in the northeast corner of the loop and further imperiling 1,900,000 Axis troops in southern Russia.

The plight of German troops in the lower Ukraine fast was approaching a debacle. Eighty-five miles southwest of Dnepropetrovsk the Russians were hammering at Krivoy Rog and the surrounding area with a good chance of cutting off the retreat of a huge segment of the Nazi forces.

To the southeast another Red army was beating across the steppe beyond Melitopol toward the Crimea. Front dispatches said the 23rd German tank division already had been trapped at Krivoy Rog itself an important industrial and rail center, and the German commander killed.

Gen. Rodion Y. Malinovsky's army which toppled Zaporozhe, east bank city 60 miles to the south, crossed the Dnieper to join Gen. Ivan S. Konev's victorious loop army which moved in from the west of Dnepropetrovsk.

Yugoslav Troops Capture Harbor City of Kotor

LONDON, Oct. 25 (AP)—Kotor, Montenegro, with its landlocked harbor big enough to accommodate the entire Allied Mediterranean fleet, has been wrested from the Germans by the forces of Gen. Draza Mihailovic, war minister, the Yugoslav government at Cairo announced today.

Also claiming new successes against the Nazi in Yugoslavia, Gen. Josip Broz known as Tito, asserted in a communique that his Yugoslav partisans were locked in desperate combat with General Mihailovic's Chetniks in the Montenegrin hills. Tito in his communique reported the capture of Ivanic near Zagreb, the capital of Croatia, as well as two German strongholds in western Bosnia.

Casualty and promotion lists compiled by the Associated Press are posted on the bulletin board across from Union barber shop.

and declared his men had captured 2,000 Germans, the largest number yet. Meantime Allied aviation took a hand in the Balkan war by bombing Tirana, capital of Albania. The Allied middle east command disclosed Syros island, southeast of Athens, was raided early Sunday morning. Yugoslav reports received in Ankara said Bulgarian troops were moving into Yugoslavia to aid the Nazis fight against the guerrillas.

Fighter Escorted Bombers Strike at Austria from Italian Bases

LONDON, Oct. 25 (AP)—Mediterranean-based American heavy bombers, escorted for the first time by long range fighters based in Italy, struck at Austria yesterday in the developing campaign to bring Hitler's southern wall under the same devastating bomb fire that already has burned and blackened German cities from the west.

Gen. Dwight D. Eisenhower's African headquarters briefly announced this memorable action today against the one Nazi area heretofore almost immune from air attack.

The Berlin radio said the American bombers also had flown in from Italian bases and that the four engine craft had then winged on to Britain to make it a shuttle bombing, a report American airforce headquarters here declined to confirm or deny. If the Berlin announcement is true, it would indicate the beginning of the fulfillment of the allied promise to throw the mighty Mediterranean aerial Armada into an all-out shuttle-bombing onslaught on Germany in conjunction with the even mightier Britain-based fleets. The Germans themselves rushed out with the first accounts of the Austrian attack, picturing the allied force as made up of 300 heavy bombers and 200 fighters, and acknowledging heavy damage at one point, the Nazis said also that Hungary was hit, but this was not confirmed.

Reds Capture Two Dnieper River Cities

Russians Crush German River Defenses; Cut Off Crimean Nazis

LONDON, Oct. 25 (AP)—The powerful Red armies crushed the Germans' Dnieper river bend defenses today, capturing "the highly important" industrial centers of Dnepropetrovsk and Dneprodzuzhinsk in the northeast corner of the loop and further imperiling 1,900,000 Axis troops in southern Russia.

The plight of German troops in the lower Ukraine fast was approaching a debacle. Eighty-five miles southwest of Dnepropetrovsk the Russians were hammering at Krivoy Rog and the surrounding area with a good chance of cutting off the retreat of a huge segment of the Nazi forces.

To the southeast another Red army was beating across the steppe beyond Melitopol toward the Crimea. Front dispatches said the 23rd German tank division already had been trapped at Krivoy Rog itself an important industrial and rail center, and the German commander killed.

Gen. Rodion Y. Malinovsky's army which toppled Zaporozhe, east bank city 60 miles to the south, crossed the Dnieper to join Gen. Ivan S. Konev's victorious loop army which moved in from the west of Dnepropetrovsk.

Four Coeds Enroll With Engineers

Coed enrollment in the Engineering division has increased by 400 per cent since last year, Dean Henry B. Dirks announced, with the registration of four freshmen. Last year there was only one woman in the division.

The place of the regular students who have left for the armed forces is being filled by about the same number of AST members, so the total enrollment does not differ greatly from last year, Dirks said. There are 275 regular students and 1,000 ASTs at present taking engineering classes.

The engineering students are being brought back together as a unit by the war, Dirks said. The four national professional societies have decided to meet together this year because of their curtailed membership.

SPEAKING FOR MYSELF

By Barbara Dennison

INCLUDED in the pictures on Mexico which were shown in College auditorium Saturday night were scenes of a small Mexican village in which there was only one clock which was kept running. All others were used for ornaments.

The people of that town probably have more fun living than anyone in this part of the country. Some time ago an article appeared in the "Reader's Digest" which pointed out the fact that the American people are in too much of a hurry.

It is an accepted fact and yet the rush continues. The writer of the article said the most pleasant day he ever spent in his life was the one which he began by getting up in the morning and saying to himself, "Today I am not going to do anything."

He had many things to do but just made up his mind he wasn't going to do any of them and was going to enjoy himself. If a person can remember back to his childhood it seems now as though it was a succession of slow moving, lazy days full of hours of play and not much else.

The older one gets, the faster time seems to move. The simplicity of a child's life moves in a world void of time, but the complicated routine under which the average adult lives distorts his conception of time out of all proportion. Time moves no faster now than it did when we were children.

In a mechanical age when winning a war is the important thing it would seem like total defeat to some persons to even think of time standing still. But there are still lazy days, especially in the summer, and the advantages of leisure time to make the most of them are innumerable.

For instance, give an American a holiday and he feels like the day is wasted if he doesn't play a game of golf, or go rid-

ing, or play tennis, or go sailing, or play a few hands of bridge and then go out to dinner and dance half the night.

It is fun and it is a holiday is the only day when a person gets a chance to do such things, then no one can blame him for wanting to make the most of the opportunity. But there are many persons who try to do a dozen things at once and aren't happy unless they do.

It isn't uncommon to see a person trying to eat, read the morning paper, listen to the radio and make conversation all at the same time. Or another one will sit with a phone propped under his chin, a stenographer on one side and a pile of letters to be signed on the other.

Anyone can paint a similar picture of the majority of persons in this country today. We aren't happy unless we have a thousand and one things to do and still we always complain about having too much to do. Yet how many of us would really be content to have as little to do as we say we would like?

If there were only one clock in the town of East Lansing, the Bell telephone time operator would render services to many more persons than she does today. It wouldn't be practical for the people in a town the size of East Lansing to try to get along without clocks, but there would be a lot less headaches if we weren't always worrying about what time it was and when we had to be somewhere.

Words of praise are in order for Bill Baer and his band, which played at the dance Saturday night for the first time. Other imported bands have played for dances in the past but it is doubtful if any ever made as favorable an impression upon the persons attending as Baer's.

In Campus Quarters

By SCOTTIE McNEAL and RO HOWLAND

The amazing abundance of brand new naval officers on campus of late is a little out of the ordinary. Among them is one young man who has taken part in two of the most important events of his life . . . the second and more important responsibility is that of marriage . . . Pinky Getz is the individual under discussion . . . last Saturday night Pinky and Delma Snyder exchanged "I do's" in Clawson.

Roy Diehl, former swiftly on the basketball floor, walked into the grill yesterday and in the course of a casual conversation it was learned that Sept. 30 he and Mary Ellen Dunbar were married in Sturgis . . . the happy young couple is now living in Lansing.

If you will pardon us for delving into the past for a moment, we would like to make mention of the marriage of Jack Everett, Kappa Sig, and Eleanor Brown . . . they were married at Fort Bragg, N. C., and are both back in school since Jack returned with the former junior ROTCs.

Kay Evans Murphy, Theta, had a bit of unusual excitement last Friday . . . husband, Mickey, called her from Miami, Fla. . . He is stationed in Panama, but flew up to Miami, and immediately put in a call to East Lansing where Kay is holding down the fort.

News of activity among the Greeks is now in order . . . the Theta Chis have taken three more men into ten fold . . . two freshmen, Ralph Fenstermacher and Raymond Peterson, and a sophomore, Clarence Atwater, are proudly wearing their new pledge pins.

Sunday was a day to remember for eight MSC coeds . . . sophomores, Helen Botham, Bersien Springs, Ruth Hauke, Sagnaw; Pat Darr, Dorothy Tobias, Anne Cowan and Marilyn Jordan, all of Detroit; Jo Brissen, Oxford, Pontiac, Ill.; Joanne Connor, Oxford, were initiated into Chi Omega that day.

The Psi Us are still functioning in spite of the small number who are on the campus this term . . . they recently elected officers for the current year, including Pres. Ed Wallace, Vice-Pres. Fry Tallberg and Sec. Ed Laing. Bill Kirkland is corresponding secretary.

Kappa Deltas added nine names to their "active" list Sunday. Among those wearing new pins are Lois Barnes, Cadillac senior; Dorothy Bloomhull, East Lansing sophomore; Mary Lee Clark, East Lansing sophomore, and Lorraine Deimzer, Grosse Pointe junior.

Pat Hathaway, Detroit sophomore; Dorothy Goers, Farmington sophomore; Dorothy Goralczyk, Hamtramck sophomore; Doris Thompson, Mason senior, and Mary Jean Willman, Owosso sophomore, complete the initiate roster.

State Grad Presented Engineering Award

Marshall G. Houghton, electrical engineering graduate in 1931, was recently awarded a "Victory Gold Bomber award" for developing a wartime lighting service which saves more

than 800,000 man-hours in a Detroit factory. The increased illumination speeded up production and eliminated rejection. Because of this system, enough time was saved in a year to build eight bombers.

Four Teams Begin Practice for Saturday's Twin Bill

Civilians, ROTC Tie, Engineers Take Vets

Preparations for Saturday's campus league football games between the ROTC and the off-campus engineers in the first game and the on-campus engineers and the civilian team will begin in earnest today. An afternoon of light practice yesterday followed last Saturday's doubleheader.

In the first game, the on-campus engineers defeated the Vets 13-0 in a closely contested game. The ROTCs and the other junior ROTCs battled to a tie in the second of last Saturday's games.

The ROTC touchdown came right after the opening kickoff. Ed Cook, civilian right halfback, fumbled the kickoff and the ROTC team recovered on the civilian 23 yard line.

After two plays, netted a five yard loss for the former junior ROTCs. Pete Fognari, left halfback, ended John Hubbard, who went over for the end.

The attempt to convert for the extra point failed.

Point Blocked

The game saw-sawed back and forth with neither side threatening seriously until the end of the fourth quarter. Then the ROTC point was partially blocked by civilian right halfback Bob Kriestel, and returned to the ROTC six yard line. Fullback Jack Breeslin carried the ball over in three plays. The team to convert, the score tied at 6 apiece.

Later in the period the ROTCs advanced to score after Forward Luke Ross and moved the ball to the civilian 15 yard line. The threat was stayed off and the game ended in the tie.

Engineers Score Twice

In the first game, the engineers' touchdowns came in the second and fourth quarters. In the second quarter a 30 yard pass from Ferry to Grimditch and he ran to the Vet 20 yard line. After Ferry ran the ball to the 10 yard line, Fullback Biller scored in two plays. Conner converted, making the score 7-0.

The second touchdown came on a 30 yard drive by the

engineer team. Ferry took the ball over from the one foot line. The conversion failed and the final score was 13-0 in favor of the on-campus engineers.

Athletic Director Ralph H. Young declared that he was very pleased with the playing in last Saturday's games. "The blocking and tackling were excellent considering that this was only the first game of the season," he said.

Among the spectators at the game were two men who played on the original Spartan football team in 1884. One of them, George Morrice, was the captain of that team. Morrice resides in Alma, while the other, James D. Towan, has recently returned to East Lansing from Berkeley, Calif.

MUSICAL INTERLUDE

The following records will be played this week on the Musical Interlude, scheduled for the sun porch, Union, 11:30 a. m. to 1 p. m. daily:

Today	
Symphony No. 3	Beethoven
Phantasies in E Minor	Chopin
Sonata	Beethoven
Tomorrow	
De Miester's	Wagner
Introduction to Act III	Wagner
Les Preludes	Liszt
Thursday	
Unfinished Symphony	Schubert
Romance in G Major	Schubert
And. Maest.	Schubert
Serenade	Schubert
Friday	
Tales from the Vienna Woods	Strauss
The Blue Danube	Strauss
Polka	Strauss
March	Strauss
Waltz	Strauss

Under the terms of the National Defense Act of 1922, military training is obligatory for entering students at all land grant colleges in the United States. MSC is such a college, hence the ROTC unit at State.

INFORMATION

SAE MEETING—

All SAEs, regardless of mother chapter, are invited to attend the meeting which will be held at 5 p. m. today in organization room 2, Union.

STUDIO THEATER—

The last open meeting of the Studio Theater in which students may apply for membership and try-out for plays will be held tonight at 8 in room 49, College auditorium. Tryouts for two one-act plays will be held. The meeting will be arranged so that the ASTS and ROTCs can be in on time.

YMCA

Guy Hill of the education department will speak to those interested in YMCA at its organization meeting tomorrow at 7 p. m. in the east parlor of Peoples church. Hill will speak on the Spartan Y in the past.

War Correspondent to Speak on Series Program Saturday

Creel Brown, an eastern correspondent, will be the speaker on the lecture-concert series Saturday night at 8:15 in College auditorium. S. E. Crowe, director of the series, announced. His topic will be "The War and Peace—How We Can Win Both."

Brown, a former CBS war correspondent, recently resigned from his position because of an editorial which carried news commentators' opinions. Since his resignation he has been on an extensive lecture tour.

He has been in battle areas in Greece and Jugoslavia and the Syrian campaign.

He was aboard the Repulse when it was torpedoed. His reporting of the story from Singapore a few hours after the rescue brought him the George Eastman Peabody Radio Award for the best reporting of the news. This award is the Pulitzer prize of radio.

SPEAKING

(Continued from Page 2) did with the exception of some of the big name bands.

Some of the numbers played Saturday night were played for the first time. The band didn't had time to rehearse some of the pieces, but it is a sure thing the students at the dance didn't know it.

More favorable comments were heard for the band than have been heard at any college dance for some months.

Pre-Meds to Take Aptitude Exam

Medical aptitude tests, which are administered by the committee of the associated medical colleges, will be given Nov. 5 for anyone planning to enter medical school. Prof. Ralph Hutson of the entomology department, announced.

The test is now one of the normal requirements for admission to a medical school. It is not necessary that all pre-medical requirements be completed in time for entrance to medical school in 1944 or at any time subsequently. It will also serve as evidence for pre-medical students to put before their draft board.

In former years there have been more than 15,000 students trying to enter medical school while there is only room available for 8,000. Of these 8,000, twenty percent have either failed or dropped out for one reason or another. The medical aptitude tests are being given now in order to weed out the 20 percent so that more vacancies will be available.

The tests will be given at 3 p. m. Nov. 5, and will last approximately two hours. Each applicant is required to pay a small fee.

Durable Peace Meet Planned for Nov. 4

A one-day meeting will be held at the First Baptist church, Nov. 4, to consider what can be done now to assure a just and durable Christian peace. This program is nationwide and is being sponsored by a number of church groups.

Speakers of national reputation such as H. P. Vandusen and A. C. Munro will talk to the general public.

The Lansing session of the Christian Mission on World Order is sponsored by the public affairs committee of the Lansing council of churches. Dr. H. R. Hunt of the zoology department is acting chairman on campus.

Physics Majors Needed to Instruct Classes

Men and women college graduates not now employed by the college who possess approximately the equivalent of an undergraduate major in physics and who feel qualified to teach physics on a full or part time basis are needed by the physics department, Dr. T. H. O'good, department head, announced.

Refresher courses for such instructors will be arranged by the physics department.

Women's Sports

By MARY KAY BABCOCK

A WAA "play night" will be held tomorrow from 7 to 8 p. m. in the women's gym. "Play night," according to Dorothy Parker, WAA sponsor, will consist of recreational games, tossing pennies on a ring, hitting a ball into a box, or participating in relays. Women will be divided into squads and will rotate to the various events. Prizes will be awarded to the winning squad and refreshments will be served.

Six games in the women's volleyball tournament were played last night with sororities in general taking the lead over the dorms.

Sigma Kappa, defending champions, defeated the Kappa Alpha Theta, 30-25; Alpha Chi Omega came out ahead of South Campbell by a score of 63-16; Chi Omega defeated North Campbell, 49-20.

Sanford House triumphed over North Williams by a total of 39-25. West Mayo, alone, of the dorms, won by defeating Zone 3, 40-13. Independent 2 won by default from Zone 1.

Helena Rubinstein's WAKE-UP CREAM For a drab, weatherbeaten skin

This is the cream that Helena Rubinstein launched with such tremendous success when she began her career. More than ever a great favorite now. You can feel Wake Up Cream bringing an instant tingle to your complexion. It brightens even a dull, sluggish skin to a rosy glow. Wonderful for sallow skins. A cream every girl and woman should use at least once a day to keep her complexion bright, beautiful and wide awake! Wake-Up Cream 1.00, 2.25.

Ken Arnold, Rep. 802 S. State, Ann Arbor

New Commandant Leaves Plans of CTD Unchanged

"Policies" for the 310th CTD at State will remain the same at present, Maj. Paul A. Johnson, new air force commandant, announced yesterday.

Major Johnson, who replaced Maj. Carl F. Modglin, now stationed at Fenn college, Ohio, has chalked up an 18 year army service record, having first served in the cavalry from 1923 to 1925. He then enlisted in the Marines in 1925 and served until 1930.

In 1940 Major Johnson entered the air force and was stationed at Foster Field, Texas, as provost marshal. When the college training program was initiated last year, he activated an airforce pre-flight unit at the University of Missouri. Commissioned as a major in July 1942, he remained at Missouri until coming to State last week.

A public relations officer has not yet arrived to replace Lt. F. H. Miller, who was transferred to the CTD at Augustana college, Rock Island, Ill., but an officer will be assigned to those duties soon, Major Johnson said.

Major Johnson, who received his masters degree in education from the University of Iowa, is living in East Lansing with his family.

Prof Goes to Conference

Prof. Merton M. Cory of the Electrical Engineering Dept. is at the Massachusetts Institute of Technology this week where he is attending a conference on Servomechanisms.

The conference was called to discuss plans for the advanced electrical work which is to be offered to the ASTP students.

— THE — WOMAN'S WORLD

By LEONE SEASTROM

FRESHMEN ORIENTATION

Freshman women will discuss the principles which make up government in orientation classes today, according to Chairman Jane Cumming, Detroit junior. Orientation leaders will direct discussions in their groups.

JUDICIARY BOARD

Judiciary board will meet at 6:45 tonight in the dean of women's office, Chairman Lorna Jean Ball stated yesterday.

RATION BOOKS

Ration book 4 must be individually applied for by all students today unless special arrangements have been made to the contrary, Dean Elisabeth Conrad announced.

RADIO AUDITIONS

Radio auditions for SWL radio group will be held in room 246, College auditorium, at 7 p. m. Candidates may bring their own tryout scripts or use material which will be provided by SWL, according to Meribah Rowlette, Detroit senior.

Pope Works for Peace

LONDON, Oct. 25 (AP)—Pope Pius XII has intensified his efforts to bring about a peace, the Vatican radio said today as other advisers indicated Catholic bishops in Germany and northern Italy were preparing conferences for reasons unannounced.

The past few days have brought reports that the Pope has talked with the American, British and French envoys to the Holy See, which is under German guard.

Invest in Victory—Buy War

Hannah, Eight Others Attend Meeting for Land Grant Schools

President John A. Hannah and eight other members of State's faculty left Sunday to attend the four-day session of the 57th annual convention of the Association of Land Grant Colleges and Universities at Chicago.

Others attending are E. L. Anthony, dean of Agriculture; R. J. Baldwin, director of extension service; V. R. Gardner, director of the experiment station.

Also at the conference are H. B. Dirks, dean of Engineering; Dr. Marie Dye, dean of home economics; Dr. E. A. Bessey, dean of graduate school; Edna V. Smith, state home demonstration leader, and C. V. Ballard, state county agent leader.

The convention discussion will deal with wartime duties and responsibilities of land grant colleges.

SWAVes to Conduct Defense Enrollment

Women students will be able to sign up for B and G work and other defense projects tomorrow in the upper deck of the Union, Margaret Peterson, publicity chairman, announced. Freshman women are especially urged to sign.

Ten hours work on these defense activities make the girls officially SWAVes, Barbara Poag, chairman of the group added. The SWAVes are adopting a symbol and women will receive recognition for work in any project.

These projects include the defense courses, office work, and entertainment. Miss Poag said. The registration campaign will be conducted all day tomorrow.

STRICTLY G. I.

By DEE

Have heard some irony about the new PX which sells cigarettes for 16 cents and candy for 5 cents, but the idea back of it seems to be that the PX was established to make up for the heavy drain of limited civilian supplies which the military men have helped along. Needless to say, the PX was not organized for coed use.

A recent letter to the editor from the 310th CTD read: "To all residents of Sarah Williams hall—Thanks a million for the invitation to your dormitory dance, which we know was really a swell affair. Please accept our apologies for our failure to

attend, as duty alone prevented us from doing so. Maybe we shall have the honor of congratulating your kindness soon." Signed, the Men of Squadron A. The "duty which prevented them" was their own duty as G. I.

All AST men who are interested in glee club or choral singing are asked to report to the faculty dining room tomorrow from 6:30 to 7:00 p. m., according to Lt. Robert G. Miller, special service officer of the glee club, and the AST men are expected to form the nucleus for AST variety shows which will be staged later.
