Women's Residences Elect Spring Term Officers

Voting Held in 18 Dorms, Co-ops Sunday

By JOYCE SHUMANN

New officers are taking over their duties in 18 dormitory co-ops, and annexes following elections held Sunday night in the women's residences.

South Campbell chose Dorothy Arrigo, Buffalo, N. Y., sophomore, as its president. *

Those assisting her are vice-president Evelyn Moore, Alma junior; secretary, Margaret James, Fernside sophomore; treasurer, Florence Royal Oak junior; social chairman, Charlotte Hess, Bay City sophomore; and fire warden, Barbara Coulter, Grand Rapids sophomore.

North Campbell's president, chosen after a previous tie with Adele Dursten, Fort Wayne, Ind. sophomore. Those assisting her are the other officers: vice-president, Kestrel, Kalamazoo sophomore; secretary, Joan Rapid City senior; treasurer, Virginia Ripley, Virginia senior; and fire warden, Edna Freshman, Virginia sophomore.

Phyllis Boss, Lansing sophomore, is fire chief. East May's slate consists of Virginia Atkinson, Cleveland sophomore, president; Muriel Ferris, Muskegon senior, vice-president; Phyllis Yeagley, Walpole junior, secretary; Lucille Galloway, Royal Oak senior, treasurer; and Shirley Trapp, Detroit sophomore, fire warden.

North Williams' slate consists of Maxine Smith Durand sophomore, elected president; Maxine Shaw, Cleveland junior, vice-president; Esther Jackson sophomore, secretary; Virginia Collins, Grosse Pointe freshman, treasurer; Grace Kline, Grosse Pointe sophomore, social chairman; Helen Fink, Muskegon junior, assistant social chairman; and Vera Trabue, Highland Park sophomore, fire warden.

Vaudeville

H. C. Beeskow is conducting a few vaudeville acts between various portions of his 210 botany class. The scheme was suggested by Beeskow after one of his class of four students fell asleep during one of his lecture periods last week.

Uninvited Guest

Last night at 10:10 when all good little boys should be outside of women's residences, one Phi Delta was in the lobby of North Campbell dormitory presumably looking for his forgotten books. The women, coming down stairs for a house meeting dressed in robes, curlers and cold cream, shrieked when they saw a man in the lobby. Even when he turned his back to the stairs and scrutinized the bulletin board, he couldn't hide his red neon-lighted ears.

Russians Encircle 15 Nazi Divisions, Take 50 Towns

LONDON, Tuesday, April 4 (AP)—Russia's second Ukrainian army, striking 15 miles into Romania, has captured 50 villages and driven to within nine miles of the red city of Iasi, a Moscow communiqué announced last night.

To the north the Red army was credited with killing or capturing 200,000 Axis troops and over 100,000 prisoners of war. The communiqué said the 15 divisions were encircled near the borders of German-occupied Poland and Czechoslovakia.

Marshal Ivan S. Konev's 3rd army, attacking from the north, broke through the German defenses at the village of Denzhor and Iasi, at the village of Denzhor, 150 miles from the east bank of the Danube river, 12 miles west of the Ploesti base, the daily Soviet bulletin said.

A special announcement told of the staggering losses suffered by the Germans in a 28-day period last month—a total of 183,310 Germans killed and 24,950 captured on a single front.

On the basis of Russian announcements, this boosted to 537,160 the number of Germans and satellite troops killed or captured in nine major offensives which began in the winter snows of Russia and ended on until today the Red army is attacking inside Axis territory for the first time in the war.

'Noah's Ark in Mexico' to Be Shown Saturday

Jule Marrix will show the colored film "Noah's Ark in Mexico" Saturday evening at 8:15 in College auditorium as the second in the World Adventure series to be presented this term.

Mrs. Marrix and her husband recently spent several months in Mexico and travelled over 100,000 miles making the film. The movie shows the Marrixes at their home in Taxco, Mexico and the menagerie of animals which they have captured.

Admittance is by treasurer's receipt for students. Service men will be admitted free.

Home Economics Women to Show Class Work in Style Review

Members of the retailing group of the Home Economics club will present their annual spring style show, "The Couturier Affair," Thursday night at 7 in the Little theater, according to General Chairman Alice Van-Aken, Eaton Rapids senior.

Clothes selected from work completed fall and winter terms by students in dress construction, millinery, and tailoring classes will be modeled. Music will be played throughout the style show, and the featured song, "Easter Parade," will be sung by Pat Fisher, Evanston, Ill., junior.

Students working on the style show committee under co-Chairmen Sylvia Surratt, DeWitt junior, Hope Schluchter, Rochester junior, and Ruth Heitz, Madison, Ind., graduate; Kay Murphy,

Japanese Forces Cut Supply Roads into Allied Base

NEW DELHI, April 3 (AP)—Japanese invasion forces have cut supply roads into the big Allied base at Imphal, capital of Manipur state in eastern India. It was disclosed today as fighting raged in the wild hills of the Naga headwaters east of Kohima, 60 miles north of Imphal.

An Allied spokesman, while insisting that Imphal had been temporarily isolated by main road, declared the crisis would be overcome shortly and that there would be no necessity for supplying the garrisoned base by air.

A full-scale battle had been fought east of Kohima, where Japanese columns were driving determinedly toward Imphal on the Assam-Burma railway between the Lt. Gen. Joseph W. Stilwell's Chinese and American forces in northern Burma.

A successful Japanese army building toward Imphal from the Chindwin river area to the east was reported though being held by British and Indian troops. Southeast of Imphal the 200-mile-long front Japanese army lines consisted of small, piecemeal units.

Despatches from northern Burma reported that General Stilwell's Chinese troops had broken through the Japanese lines here just south of Imphal.

Artist Will Lecture on 1915 Scenes in Russia, Balkans

Boardman Robinson, founder and director of the Colorado Springs Fine Arts center, will give a lecture, "Behind the Front in Russia and the Balkans in 1915," Thursday at 8 p. m. in the Music auditorium.

Slide projections of the dramatic drawings of the painter and cartoonist will illustrate the lecture. These drawings were made for the Metropolitan magazine on Robinson's trip to Russia and the Balkans, and will be the basis of his talk.

Robinson has also illustrated books. His work was displayed at the last International Watercolor exhibit at the Chicago art institute. Previous to World War I he was a newspaper cartoonist on the staffs of the Morning Telegraph and the New York Tribune.

Decision on Finnish Crisis Postponed

STOCKHOLM, SWEDEN, April 3 (AP)—A decision on Finland's peace crisis appeared to have been postponed tonight after Easter, while some pessimism prevailed in Helsinki on the country's chances of finding a way out of the war with Russia.

Finnish political quarters here said that while there were reports of some modification in the Russian armistice terms following Dr. Juho K. Paasikivi's trip to Moscow, the belief now prevails that the terms are as harsh as ever and even more precise.

American Bomber Fleets Hit Hungarian Capital in First Large Scale Raid

Railroad Link Between Nazi, Balkan Fronts; Aircraft Factory Smashed by Mission Following Sunday Blow at Austria

ALLIED HDQ., NAPLES, April 3 (AP)—U. S. heavy bomber fleets bombed Budapest for the first time today, smashing hard at railroads linking Germany with the Balkan front already punctured by Russian armies, and at an aircraft factory making Messerschmitts for the Luftwaffe.

A great force of four-engined bombers made the round trip of nearly 1,000 miles from Italy to strike at the Nazi war machine in the Hungarian capital astride the Danube, one of Europe's most beautiful cities. It was the first large-scale air attack ever made on Hungary or Budapest, although the city was bombed by the Russians earlier in the war.

The bombers drove home the closest blow yet to the front lines of the advancing Red army. Budapest is only some 250 miles from the Carpathian Tatar pass, nearly reached by the Soviets, and about 400 miles from the Russian airfields driving into Rumania.

Today's strike followed the blow Sunday by more than 300

LONDON, Tuesday, April 4 (AP)—Allied bombers were reported to have made a night thrust into Hungary following up the heavy daylight raid upon Budapest yesterday by Italy-based U. S. fleets.

Italy-based big bombers against Steyr in Austria in which the bombers and escorting fighters set a record day's bag of more than 100 German fighters. The Allied force lost 31 aircraft in all actions yesterday.

These two great punches from the south were thrown as British-based Allied forces apparently remained inactive with no major operation announced since Mesquite attacks on three Nazi cities Saturday night.

German broadcast described great air battles over Budapest, and in first accounts said 14 American planes were downed.

John Cooks to Speak on 'Fifth Freedom'

"The Fifth Freedom" will be the topic of John Francis Cooks, editor of The Etude, music magazine, who will lecture in the Music auditorium at 8 tonight, according to Roy Underwood, head of the music department.

Former president of three of the world's largest music publishing companies, Cooks is now president of the Presser Foundation in Philadelphia, a philanthropic and educational organization, and has served as editor of The Etude for the past 37 years.

Tonight's lecture, sponsored by the music department, is open to all students and the public.

Supreme Court Rules to Give Negroes Vote in Texas Primaries

WASHINGTON, April 3 (AP)—The supreme court today upset a decision of nine years' standing and ruled that Negroes have the right to vote in Texas democratic primary elections.

The eight-to-one decision, stating that "the great privilege of choosing his rulers may not be denied a man by the state because of his color," overturned the court's unanimous opinion in 1935 sustaining the exclusion of Negroes from participation in a Texas democratic primary.

The decision has far-reaching implications for the south, success in a primary usually is tantamount to election, but whether it will lead to any great increase immediately in the number of Negro voters is considered doubtful.

SPEAKING FOR MYSELF

By BARBARA DENNISON

PERSONS of the opinion that things have been dull around State this year and that the place was likely to fall apart through disuse are mainly those who supposed that would be the case and never stopped to look around.

Since about a year ago now when the most noticeable decrease in the male population of the student body was seen, many students have been of the opinion that life would be and was pretty dull at MSC.

One glance at the happenings of the past week alone should be sufficient to prove the fallacy of the idea. In the first place the Spartan was suddenly put out of circulation, probably the biggest thing to hit the campus since the suspension of football last summer, and almost in the next breath approximately 750 army men left the campus.

Almost before they had time to get out of town came the news that by June 1,500 aircrewmembers would leave State with none to replace them. If, in the space of one short week, three such momentous events take place to alter the complexion of what many thought a dull institution, who knows what might happen before the current year ends and the next one begins?

The possibilities are tremendous. In the first place, there has been much recent discussion about the future prospects for intercollegiate football being played again at State next fall. Whether or not a schedule is prepared will be determined sometime in the not too distant future and is something every interested spartan will be anticipating.

In the more immediate present will be the probability of a Spartan baseball team as in years past. It too is a current development that will bear watching.

The khaki complexion of the campus will be greatly lightened by the time another school year rolls around and the loss of the several hundred men is more than likely to completely change the "way of life" of Michigan State back to its pre-war civilian status.

A thorough change will not be possible but a start can be made in organizing the post-war MSC as the first men come back. In Michigan alone it is stated that the number of men medicially discharged from all branches of the armed forces amounts to several thousand each month.

If the newly proposed servicemen's bill providing government payment for a certain per cent of the student's college fee is passed, by next fall, or even by summer, it is conceivable that hundreds of discharged service men who never thought of going to college before, will give a great deal more consideration to the matter than formerly.

The result will not surprisingly be the arrival of many more men to this and many other campuses next fall than anyone would even think possible at the present time when it seems like almost every man is at some far distant point.

The future of MSC is not as empty and hopeless as it would appear on the surface and the interested student will see several unprecedented changes in the course their alma mater takes in the next few months.

In Campus Quarters

By RO HOWLAND and NANCY SHEPHERD

SOMETHING new has been added to the list of indoor sports indulged in by Spartan women. Said sport is none other than the ancient and honorable one of jacks. Over at the Alpha Phi house the game is fast replacing bridge and is expected to sweep the campus in no time at all.

In the meantime that other noble indoor sport of bestowing diamond rings continues at a terrific pace. Latest recipient is Lois Walker, Kappa Delta, whose new shimmer is the gift of Ted Jackson, senior Vet . . . and just because Ted chose April 1 to make the presentation it doesn't mean he's fooling.

Wedding bells rang with a loud and unmistakable uproar this weekend. Barbara Boonstra, Zealand sophomore, heard them ringing for her on Sunday, when she and Lt. Bob Kersnow, Sigma Chi, went to the altar to make things permanently rosy. They will live at Camp Lee, where Bob is stationed.

On the list of those seen seeing back on campus is Kay Guess, Kenmore junior . . . however, the very good reason Kay is the missing because among the Missing is married Tuesday to Taylor of the marine department at MSC. They will be living there the palms and poinsettias.

Marriage news among alums . . . Peoples club the scene of the wedding of former Spartans Lois Butler, Lansing, and Robert P. Wyant, Ill. The groom is graduate assistant in the department at MSC.

Another glad grad is Wyatt, Alma, April date of her wedding to Richard Keliher. Alma was graduated Jean, American Red Cross, and been working with them in Norfolk, Va., naval hospital.

CDC Petitions for Red Cross Membership

Students to Pre-register Monday to Determine Interest in Courses

Students to pre-register Monday to determine interest in courses. The National American Red Cross at State will conduct a campaign Monday, in the back of the Union, to determine the number of students interested in the project and the courses they prefer.

The petition will be sent to the governing chapter when it is approved by the college administration, according to Vera Gardner, Albion senior. CDC will be the governing body of the Red Cross on campus but the college unit will be under the auspices of the Lansing chapter and will be subject to the policies and regulations of the National Red Cross. The courses to be offered include first aid, nurses' aide, safety and accident prevention, and bandage rolling. The first aid course includes artificial respiration, prevention of infection, and first aid prevention. Graduates of the nurses' aides course will be able to assist graduate nurses. The water safety program offers courses in swimming, sunbathing, and an instructor's course, while the accident prevention program directs its attention to home and farm accidents. Bandage rolling will be taught in a centrally located room where women may work during any of their free hours. The temporary committee appointed to take charge of the project is Elaine Simon, Wyandotte sophomore, chairman; Ann Pontiac, senior, vice-chairman; and Mary Jane McMillon, senior, secretary. The projects suggested at the recent CDC meeting were making war bond corsages, making movies, drives, and a salesmanship class for the selling of war stamps and

Speech Primaries in State Contest Start Thursday

Participants for the State Annual Prose and Poetry Contest will be held this Thursday

Participants for the State Annual Prose and Poetry Contest will be held this Thursday and Friday of next week in room 40, auditorium, from 4 to 6 p. m., according to Monroe Compere, speech instructor. Men and women wishing to participate in poetry reading Thursday should prepare a three or four minute poem of their own choosing. Mrs. Compere said the prose contests, which will take place April 13, will consist of "read" reading, each contestant being allowed 15 minutes to prepare completely new material before giving an oral reading.

With all college students eligible for the contest, there will be separate divisions for men and women. Winners in each division will be especially trained by the speech faculty before participating in the finals, May 5, at Albion college.

Mrs. Compere suggested that students who have classes conflicting with their preliminary contests make arrangements with the speech department for their readings.

British Planes Hit Hitler's 'Tirpitz'

LONDON, April 4 (AP).—The Tirpitz, last capital battleship of Hitler's fighting navy, has been hit by several bombs from British heavy planes, an admiralty spokesman said today. This does not mean that the German sea power was dealt a serious blow, the western Allies warned. Preparations for an continental invasion in which destruction of the sea will be vital.

The Tirpitz, a 40,000-ton battleship, which has been hidden for months in Alten fiord in northern Norway, but it did not seem to be damaged.

Farm Machinery Repair Classes Held at MSC

Michigan State college is serving as the center for the 137 farm repair schools which meet each week throughout the state. Large machines as well as small tools in need of repair are brought into these shops in order that the available facilities may be used to advantage in the conservation of machinery.

One of the night schools is being conducted in the big show-room of Ag hall for farmers living within a radius of 10 miles from the college. Under the supervision of college instructors, meetings are held only during the winter months in order that the farmers' time will be left free for farm work during the busy seasons.

Similar schools have been established throughout the nation in order to patch up machines which are irreplaceable for the duration. The schools are under the direction of the United States office of education and are a part of the food production program.

In addition to actual repair work instruction is given in making emergency repairs. Wherever available school shops are used.

Yank Soldiers Win 10 Atolls in Marshalls

Japanese Retain Jaluit as American Troops Surround Isle

U. S. PACIFIC FLEET HDQ., PEARL HARBOR, April 3 (AP)—American forces have occupied 10 more atolls in the Marshall islands, giving them possession of all but Jaluit atoll in the western chain of islands and making a total of 14 from which the Japanese have been cleared. Adm Chester W. Nimitz announced today.

The new atolls over which United States sovereignty has been established are Ujae, Lae, Lib, Namu, Ailinglapalap, Namorik, Elbon, Kili, Arno and Bikini.

"Most of these atolls were taken without resistance," the announcement said. "Light opposition encountered on the others was quickly overcome. We took some prisoners."

American troops previously had occupied Kwajalein, Eniwetok and Wotho in the Ralik or Sunset chain of atolls and Majuro in the Radd or Sunrise chain on the eastern side. Majuro and Arno are situated between the important enemy-held atoll of Makelap and Mill, both of which have air fields.

Majuro was taken without opposition Jan. 31, the same date the invasion of Kwajalein was launched. Eniwetok was attacked Feb. 17. The unopposed occupation of Wotho was announced March 12.

Jaluit, the only atoll remaining in Japanese hands on the western side of the Marshalls, now has been virtually surrounded by American forces.

Italian Fighters Take Third Peak

ALLIED HDQ., NAPLES, April 3 (AP)—Italian troops fighting with the Allied fifth army have captured a third peak northeast of Cassino, it was announced today and an attack by 150 German infantrymen against Allied defenses on the Anzio beachhead was thrown back with losses.

The new hill seized by the Italians was identified as point 1344. Previously this allied force was disclosed to have occupied 3,600-foot Mt. Castelluccio and Mt. Marrone, about 15 miles northeast of Cassino, without opposition.

There were indications the Germans had made their last major assault against the beachhead and had decided to try and seal it off. They were installing elaborate defenses around the perimeter, including fields of barbed wire entanglements, signs of a purely defensive attitude.

Chinese Deny Reports of Border Violations

CHUNGKING, April 3 (AP)—The Chinese government denied in an official statement today that Chinese troops from Sinkiang had violated the border of the Mongolian people's republic and that Chinese planes shot up Kazakhs fleeing from Sinkiang.

The statement said: "The contents of a Tass dispatch of April 2 from Urgan Ulan Baton) alleging that Chinese troops stationed in Sinkiang had crossed into Outer Mongolia (the Mongolian people's republic) and opened fire with machine-guns from airplanes are entirely at variance with the facts."
