Today's Campus

Right Room

The early bird gets the worm, the old adage goes, but the late one really gets stung. The other Robert Jakem, Grand Rapids freshman, took a brief afternoon cat nap, and got up just in time to rush to his next class. It wasn't until 45 minutes later he finally woke up and discovered that he was in the wrong class, with the wrong prof and the wrong classmates.

Sally Overcut

Overheard in a physiology lab: "How did you do in the exam?" "What exam?" "The exam we had in lecture." "Are there lectures in this course?" The bewildered student was Clarence Halquist, who had been attending one lab period a week, but didn't had any knowledge of the three lectures scheduled.

Cossack Chorus Thrills Audience With Concert

The skill of beautifully-toned low and high voices, and the agility and suppleness of trained dancers combined to make the performance of the General Platoff Don Cossack chorus last night in College auditorium just about perfect. Most rhythmic of the selections were the familiar "Song of the Plains" by Knipper, "Dance Song" arranged by Salama, and the "Russian Soldier's Song," "Song of the Flea," by Moussorgsky, was spirited and amusing, but the most impressive songs were the beautifully melodic "Nightingale," a folk song, and "Russian Serenade."

Deafening whistles and thunderous voices rendered "In 1893," a Cossack war song, and alternate use of low and high voices made the clanging bells in "Churchbells of Norgorod," by Karmovich.

The remarkable acrobatics of four Cossack dancers, and especially the dance with the daggers, were hair-raising; the audience gasped when the dancer bounced eight daggers from his face to the floor, where they vibrated in a precise line.

Three of the Cossacks, recently discharged from the American navy, marines, and the Canadian army, are Russo-Americans, and the leader, Russian-born Nicholas Kistrukoff, will soon receive his citizenship papers.

College to Ask \$175,000 For Building Fund

An appropriation of \$175,000 will be asked by the college at the meeting of the state legislature when they convene next week. The money, if appropriated, will be used to build an apartment building to replace the former home ec practice houses that have been removed to make way for the new women's dorm.

Site for the apartments has been named as east of the College hospital.

The apartments are to be built on a terrace plan with each of the four apartments housing eight girls doing their practice work in home economics.

Work started Wednesday on the construction of the 50 quonset huts that the college has purchased.

Fifty of the huts, accommodating 14 each, will house 700 men students. One of the huts has been set aside as a reception room for parents when they visit the students living in the huts. Another will house a counselor for the group.

The trailer camp that is under construction on Harrison road is progressing. Hope has been expressed that some of the trailers will be ready for use in the next ten days, while others will still be under construction.

New students entering Feb. 4 for the semester beginning on that date will be housed in the Union and in Jenison gym.

Veterans, Wives To Receive Help

In response to numerous requests of married veterans for help in homemaking problems, the school of home economics is persons Monday at 5 p.m. in room calling a meeting of interested 101 Home Economics building, according to Miss Jeanette Lee, associate professor of foods and nutrition.

At this meeting, for both husbands and wives, the problems of young married couples will be viewed to determine the best possible solution. If the demand for assistance is as large as the numerous requests for help would indicate, the department will schedule a special program for that purpose. The couples themselves will help determine the scope and nature of that program.

Up to the present time most of the people asking for help have been interested in budgeting within a veteran's allowance, furnishings for comfortable living in a trailer, purchasing of food, taking student's hours into account, and the decoration of trailers and small apartments.

College Clue Catchers Congregate

"I say, Watson, what's up with the Sherlock Holmes club?" This group of clue gatherers has been on campus for over a year now. It is an international literary society designed to study the sacred writings of J. C. Doyle.

The so-called Greek Interpreters were the fifth chapter to be organized in this country. Prof. R. P. Adams of the English department is the faculty sponsor, and known as the "Diogenes." The "chief interpreter" or president is Larry White, East Lansing freshman.

During the past three years Sherlock Holmes followers have been writing a story entitled "The

Irish Edge Spartans, 62-57

Valentine Theme to Prevail On MSC's Social Calendar

Valentine's day may be two weeks away, but it's already influencing the social calendar. The themes of three of tonight's seven parties are based on this approaching holiday.

The first group using this theme is the Phi Beta Phis who are giving a radio party in honor of their new pledges. The affair will take place at the chapter house from 9 to 12:30. Chairman Marilyn Bersie, Grand Rapids sophomore, has stated that the latest records will provide music for dancing. Prof. and Mrs. H. C. Barnett and their guests will act as patrons.

The same theme will be duplicated at the North hall open house. Mary Anne Smith, Grand Rapids junior, is in charge of the affair and she has announced that dancing, refreshments, cards and games have been planned. All men on campus are invited to attend to this affair.

The members of House of Audex will entertain the coeds of Shaw house tonight at a radio party. The dance, which will be based on the Valentine theme, will begin at 8. Mr. and Mrs. C. M. Beachum and Prof. N. S. Kim—See SOCIAL, Page 4

Alpha Epsilon Rho Initiates Pledges At Ceremonies

The Delta chapter of the national radio honorary, Alpha Epsilon Rho, held formal initiation ceremonies last night.

Three of the pledges initiated, Chuck Anthony, Bay City senior; Bob Shackleton, Lansing sophomore, and Merrill Walker, Niles junior, are returned veterans. Others were Ken Hemmetter, Saginaw junior; Tom Proccisi, Flint junior; Pat Sheppard, Royal Oak senior, and Arnie Walkup, Hudson sophomore.

The new actives put a twenty minute mock radio show on.

Sponsors Prof. James Davis and Prof. Joseph Callaway of the speech department attended the initiation. Honorary advisers R. J. Coleman, head of WKAR, Prof. Paul J. Bagwell, acting head of the speech department, and J. Kenneth Richards, production manager of WKAR were also present.

Alpha Epsilon Rho requirements designate that a member be at least a second term sophomore and have an all-college 1. average. Twenty points in radio experience through drama, production or announcing are also necessary. Although these points can not be obtained in classes, they are transferable from other stations.

Singular Affair of Philip Phot." This masterpiece is completely edited and may be published in the Baker Street quarterly.

Page Heldenbrand, last year's president, is now in the navy and stationed at Great Lakes. A few weeks ago he attended the annual meeting of this organization in New York and spoke before the group.

Requirements for joining the Greek Interpreters is merely an interest and sufficient knowledge to pass a test identifying stories of Sherlock Holmes. Very seldom do you find a female member in the group. Meetings are held irregularly, the quorum being two members.

*Fortino, Krall Lead State '5' In Close Tilt

SOUTH BEND, Ind., Jan. 31 (P) — Notre Dame's unbeaten basketball team hurdled game No. 13 successfully tonight by downing Michigan State's stubborn Spartans, 52 to 57.

With Lightning Leo Klier hitting from all angles for 26 points, the Irish led all the way, but their lead never was great enough for them to relax an instant.

Getting away fast, Notre Dame rolled up a 9 to 0 margin before Michigan State got into the game. **Krall Gets Hot**

Notre Dame held the lead at 21 to 13 midway in the first half, but Bill Krall and Pat Popper went to work for the Spartans and closed it up to 21 to 18. Klier and Vince Boryla countered with a drive to give the Irish their greatest advantage of the game at 30 to 18, but Michigan State narrowed it to 30 to 24 at the half.

The Spartans shot the works in the first three minutes of the second half as Don Waldron, Ollie White and Krall pulled them to within two points at 32 to 30. Klier and Boryla sent the Irish away again to a 45 to 36 advantage, but State spurred again to make it 51 to 46 with six minutes to go.

Fortino Gets Pair

Notre Dame drew away again to lead at 58 to 49, but Krall connected from the side and Sam Fortino laid in two one-handers to make it 58 to 55 with two minutes to go. Klier and Waldron matched baskets and John Dee added a lay-in shot for Notre Dame as the time ran out.

Klier's 26 points took top scoring honors. Fortino was high for the Spartans with 15.

Dean Crowe Gives Rules On Coupons

Office of Dean of Students announces that the activity books of the regularly enrolled students at MSC are to be used as follows:

Numbered coupons are for use at athletic contests in basketball, swimming, track and wrestling. Book must be presented at the gate for admission.

Lettered coupons are for use at the lecture-concert series and world adventure programs. In the former, students must exchange a coupon for a reserved seat and also present the book at the gate for admission. For the world adventure programs simply present the activity book at the gate.

BULLETIN

DETROIT, Jan. 31 (P) — President R. J. Thomas of the CIO United Auto workers said tonight he would not take part in further negotiations with General Motors for the time being, but that other union negotiators would carry on the conferences.

LETTERS To The Editor

EDITOR'S NOTE — All notices for the information column of the State News should include the specific date, time and place of the meeting, and the name of the person making the announcement. All information must be in the office by 3:30 p.m. the day before it is to be printed.

To the Editor:
 A suggestion has been made that the ex-servicewomen attending State this term have a get-together. How about it, ex-WACs, WAVEs, SPARs, marines and nurses? If interested, why not notify the State News?
 Ex-WAC.

To the Editor:
 This letter is in protest to the rules on campus—those governing women which are the only rules. We were told when we moved into this dormitory that it was to be our home. Yet we find that there is no smoking after 11 at night; that we must be in our rooms at 11 p.m.; that there is no smoking for us or our dates in the lobbies; that we may smoke only in the smoker or rec room; that we must be in at 10 p.m. weekdays, 12:30 Friday and Saturday, 1 a.m. during winter term on Friday, 10:30 on Sunday; that we may have no dates in the lobby before the noon meal. Were you under such restrictions at home?

During exam week we are allowed the privilege of smoking in the smoker and rec room until 2 a.m. The men are allowed to smoke anywhere at any time in their residences. Very few of the sorority houses place restrictions on where or how late one may smoke. Many girls are still studying at 11 p.m. They may be up until 2 a.m.—but they can't smoke.

There are few reasons why one may be out of her room after 11. One of these is studying which may be done only in the lobby or recreation room. If it is necessary for some to study together, they disturb the others in these large rooms. But you get late minutes if you are in another person's room after 11.

We are never allowed in the lobby unless fully clothed. Why not let that man who walked you home from class come in for a moment at 10 a.m. Perhaps the one and only rates a leave or furlough. It's cold outside, but

he can't come in before 11:30.

We've heard more than one remark to the effect that 12:30 is awfully early to be in. People in college range in years from 18 up for men and women alike. Men don't keep hours. Why should we? Most of us are adult enough to know when to come in and those who aren't shouldn't be in college. I'll bet most of us weren't restricted to such early hours when we were home.

We'd like to hear from some other coeds on campus on this subject. How would the vets feel if they were governed by some of the petty rules being enforced now? If there was some real cooperation between all the women on campus, something could be done. Let's try it. We're all going to vote for the next president. This is an example of the kind of thing we will have to do the rest of our lives. Take your stand and stick to it. We're adults now. Let's act like it.

Jean Stott
 Mike Welch
 Gloria Leimback
 (Mason hall)

To the Editor:
 Did you have fun last Friday night? I did, and so did three or four thousand other State students.

Why? Because the administration of MSC went to a great deal of trouble and spent no small sum of money on the all-college mixer that was held in College Auditorium last Friday night.

May I ask why there has been no word in the State News or elsewhere in reference to the bang-up success of that party?

Every time something goes wrong everyone knows it because there is a letter for six in the News—sometimes relevant and sometimes not. Has it occurred to anyone that the editor accepts words of praise also, and that the administration certainly has some coming?

Everything possible is being done for us in a difficult situation. I'm grateful and I know that everyone else is too. Let's not be backward about showing it. I'm for less censure and more "thank you's."

Phyllis Smith

315 E. GRAND RIVER

Mad As Hopps

By JANICE HOPPS

WE'RE here to advocate bigger and better informal all-college dances such as the one given last week as part of the lecture-concert series. Few lectures and few concerts have been as loudly appreciated for as long a time by as many students as that hit performance.

Once about a term ago a general complaint was registered that weekend diversion, or rather the lack of it, at MSC was enough to make one transfer to—I won't name it, but I mean a rival school. Generally, weekend entertainment has been restricted to a show, the Gables, or a show, or a show; while some non-musclebound individuals vary it with bowling.

With the possibility of more all-college mixers, we not only have another choice but a better choice. Anyone, after hotfooting to classes for a week, can make it to the auditorium for a dance, no transportation problem involved. Anyone, with or without Scotch ancestry, likes a good time once in a while without emptying his last sock to do it. And maybe I'm wrong, but it seems to me that anyone who's a college student prefers to stay in a college atmosphere for his entertainment where he can shake off the week's shackles in the company of the same people who helped put them on.

I'm speaking for the stags and drags who have been enthusing to me for a week because the auditorium was so crowded they practically had to toss for dances. And I'm speaking for the shining faces that I met leaving the dance as I came from a night of slavery over a hot printing press. 'Twas said that the success of this initial mixer would determine the life or death of future mixers. I think we have a majority vote for "more."

The word tradition has a stuffy connotation in itself, but here's a tradition that seems not so stuffy. It was mentioned in a column last term, but for the benefit of some 2,000 odd (not peculiar) new male students, there's a difference between an MSC coed and a coed from any other institution. They aren't all coeds around here, and you probably won't know who is and who isn't until you prove it yourself. A strategically placed kiss under Beaumont at midnight (kiss your girl, not Beaumont) puts her in the category of coed for once and for all.

Some of the lucky car permit owners have troubles because they have to park in assigned places which seem to be out in the vicinity of Okemos. But pity the poor fellow who has been trying to beat the game by parking on Grand River. He probably doesn't know he has observers.
 See HOPPS, Page 4

Grim and Bear It By Lichty

"Now, Otis, when you meet father try to make a good impression—try to let him think he knows as much as you do."

Ralph B. Bowersox, New Physics Instructor. Once Served as Naval Research Expert

There is more of everything on campus this term—more professors, too. One of the new faculty members is Ralph B. Bowersox, associate professor of physics and astronomy, who took over his post at the college last month.

Formerly associated with the Underwater Sound laboratory at

J. W. Turner, manager of Wells hall, announced yesterday that those men whose applications for rooms in Wells hall are in, but who are now living in Lansing and East Lansing, can move in at any time.

Harvard university, Bowersox was doing government research work in the supersonics field of

electronics. Even after the termination of the war the highly scientific nature of this work on submarines and pro-submarine warfare has not been released.

Previous to this Bowersox was at the University of Toledo where he was a member of the faculty. He attended the University of Chicago where he obtained his Bachelor's and Doctor's

Thirty-Six Men Enroll In MSC Cavalry Unit

The cavalry unit has returned to Michigan State, and 36 men are now enrolled in the ROTC course, according to Col. Gerald Peterson, military department.

Classes in horsemanship will start next week. With a limited number of horses available the course is offered only one hour per week.

COMING SUNDAY
"TOO YOUNG TO KNOW"

Swimmers Are Underdogs For First Time This Year

Early season critics who picked the University of Michigan as one of the best swim teams in the country, are placing their bets on the Wolverines over Michigan State when the two meet tomorrow at 8 p.m. in the Jenison schoolhouse pool.

State's squad, unbeaten this season, will go into the contest with a better record than Michigan, but the Wolverines, defeated once, have stronger competition than the Spartans.

"I'm not publicizing anything until the start of the meet," replied Coach Charles McCaffree, State mentor, late Thursday morning when asked if he planned any changes in the lineup.

"Our men will be ready for anything. We'll go into the meet at our best, despite Michigan being the favorite. The men are training and developing, and when Saturday rolls around, we'll be there giving our best."

McCaffree reported the only quality was Bob Allwardt who ran the 220 against Purdue last Saturday night. Allwardt is on the list with a slight touch of influenza, and it's uncertain if he will be able to swim Saturday. State's Ecuadorian star, Abel Bert, is in good shape and will meet Matt Mann III in the

freestyle events. Mann is ranked the favorite because of his previous times of 2:15.1 in the 220, and 4:55.1 in the 440 freestyle events. These are better than any Gilbert has turned in during a meet.

Saturday Will Tell

When asked what he thought his chances are against Mann, Gilbert's only reply was, "The only answer to that is what we shall see Saturday."

The medley relay team of Howard Patterson, Paul Seibold, and Jim Quigley broke varsity and dual meet records against Purdue last Friday night with a 3:03 time. Michigan's relay team ranks slightly better since its best time was 3:01. In diving, Don Dunbar, unbeaten State frosh, will pit his ability against Alex Canja, Michigan, also unbeaten this season.

"Spartan," impressive ceramic figure standing on the approach to MSC's beautiful athletic plant, is only a yard taller than Bob Kurland, 7-foot Oklahoma Aggie center.

State Matmen Meet Two Big Ten Outfits In Triangle Affair

Spartan wrestlers are making final preparations today for tomorrow's double meet with Northwestern and Minnesota universities at Evanston, Ill.

The Collinismen will meet the Purple team in the afternoon and the Gopher grapplers in the evening. Just how this type of meet will affect the State team's style is unknown.

Schlademan Holds Time Trials For Michigan State Trackmen

With the Michigan State Relay Carnival just a little more than a week away, Coach Karl Schlademan is drilling his speedsters' nightly in hopes of finding someone to round out the different relay teams.

At yesterday's practice, time trials were run in the 300 yard run to determine who will represent State a week from this Saturday. Jim Fraser turned in the best time and will likely be Coach Schlademan's choice to

run in the special 300 yard Invitation Run.

Ohio State's probable entry will be Carl Baynard, negro sprinter, who only last week set a new meet record for that event, covering the distance in 32.7 seconds.

Veteran Ted Wornch should take the pole vault event without much trouble but may get some competition from his teammate, Bob Vosberg.

WOMEN'S SPORTS

By MARGE McRAY

Intercollegiate swimming meet last night was a hard-fought contest with Ewing-Concord winning by virtue of its 52 points. Following close behind was Alpha Xi Delta with 42 points. Third place was captured by Alpha Chi Omega with 37 1/2.

After individual competition between Edna Hartman, Sunny Pick, and Doris Pick, made the meet the most exciting one for this season as the coeds battled each other to break old records.

Miss Hartman, Alpha Xi Delta, broke a second off her old record for the 30-yard crawl, the new time being 17 seconds. In separate heats, Miss Maddock, Ewing-Concord, and Miss Hartman swam the 40-yard freestyle in 24 seconds, which equals the old record.

Ewing-Concord's medley team, composed of Terry Des Rivers, Miss Maddock, and Olive Boot, set a new record of 1:04.0, breaking the 1943 sophomore's time of 1:05.2.

Miss Hartman took three firsts in the 30-yard crawl, tied for another, Miss Maddock finished with two wins, tied for a first place, and took a second. She also paced her medley team to victory.

Doris Pick was the outstanding swimmer for Alpha Chi Omega, taking one first, one second, two third places, and leading her team to second place in the relay.

In the diving contest Lois Soderquist and Doris Baird, Alpha Xi Deltas, again took first and second place, respectively.

The results of the two meets show that Alpha Xi Delta is leading with 95.5 points. In second place is Ewing-Concord with 75.5 points. Kappa Kappa Gamma's 55.5 points entitles her to third place.

THE badminton semi-finals resulted in Elizabeth Hammond stopping Nicki Allen and Margaret Wells beating Jeanne Sorge. The championship game today should prove interesting as Miss Hammond was last year's singles winner, and Miss Wells was the 1942 singles champion.

THE leaders of the basketball round robin have almost made the rounds, with Mason 1 and 3 still in the running by defeating the Violets 19-15. The Student club defeated the Wildcats 16-11. In block 4 Alpha Chi took a six point lead over the Darts, and the Floorburners shut out the Ferns 2 to 0.

The block 5 winners are the Lonely Hearts, who trimmed the Hearty Sparties 27-10, and North Campbell defeated Abbot 8 with the final score being 16 to 8.

In block 6 the Purple Passions took a beating from the Eager Beavers, 22-14. Robinson House and the Spot tied 12 to 12.

Strike Control Bill Passes Test Vote By 258 to 114

WASHINGTON, Jan. 31 (AP) — A strike control board armed with formidable teeth won a House test vote today by such an emphatic margin that leaders predicted it, or some similar measure, would pass the chamber.

Members voted 258 to 114 to consider the bill as a substitute for fact-finding legislation asked by President Truman.

Offered by Rep. Case (R-SD) the bill would make unions liable to injunctions, outlaw violent picketing or organized boycotts. It would provide for civil suits against either employers or workers violating labor contracts.

New Board

It also would create a national labor-management mediation board to help settle disputes which it believed affected the public interest. Strikes would be barred for 30 days, while the board sought to settle the disputes.

The bill was attacked by sup-

porters of labor unions as a "union-breaking" bill, but praised by its sponsors as necessary to protect the public from damage due to labor strife.

House leaders told newsmen privately that they looked for House approval within a few days of the far-reaching bill, or one closely following its lines. In that case, its foes count on the Senate to defeat it or, as a last resort, on the possibility of a presidential veto.

About the only resemblance the case substitute bore to Mr. Truman's requested legislation was the 30-day cooling off provision. Mr. Truman had asked that fact-finding boards be set up, given power to subpoena records and witnesses and that strikes be banned for 30 days while the boards deliberated.

Equipment Shortage Hinders MSC Utility

E. E. Kinney, superintendent of the building and utility department, stated that the college telephone situation is acute, and has been since the opening of fall term, as they have reached the limit of their present equipment. The department has applied for more equipment, but it has been difficult to obtain.

Students interested in working for the building and utility department should contact the department, Kinney added. At present there are only about 10 students from the college employed, and 75 high school students. There is a great need for more college men, especially those who could work nights.

INFORMATION

TOWN GIRLS

There will be a Town Girls luncheon-meeting Tuesday at Hunt's food shop. All women planning to attend should sign up in the Women's lounge by Monday. The Town Girls board meeting will be held Monday at 5 p.m. in the Union sun porch.

GREEN SPLASH

Green Splash, women's swimming honorary, is sponsoring a splash party open to all college students tonight from 7:30 to 9:30 in the women's pool. Suits will be rented to those men and women who do not have their own.

INTERNATIONAL CLUB

International club will hold an informal meeting tonight at 7:30 at the International house, ac-

ording to Peter H. Gerns, publicity chairman. All students who are interested in the organization are cordially invited to attend.

zie will be patrons.

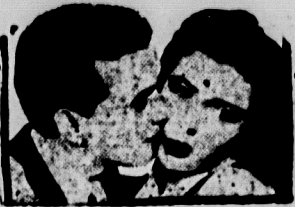

The Gamma Phi Betas are listed on the social calendar as giving a radio party which will take place tonight. Pat Beechler, Charlotte senior, is in charge of the party.

The men over in Abbot hall have a radio party planned again this weekend. The residents of precincts 12 and 15 are this week's party planners, and they have chosen "Twin Spin" as the theme. Jim Cowdery and Oakley Baskin are chairmen for the affair and they have announced that Prof. and Mrs. Orden C. Smucker and Mr. and Mrs. M. B. Dickerson will be the patrons.

The Delta Chis also have a radio party planned for tonight, and theirs will be preceded by a hay ride. Donald Cole, Pontiac sophomore, is chairman of the function. Their patrons will be Prof. and Mrs. W. B. Moffett and Prof. and Mrs. H. J. Weisinger.

Tomorrow afternoon the Kappa Alpha Thetas are holding open house from 3 to 5. An invitation to attend is extended to men on campus. At the same time the Union board will be sponsoring the traditional Party-Party. It will take place in the Union ball-

room and Jimmy Shafer and his orchestra will supply the music for dancing. This is the first appearance of Shafer's band, which was recently organized.
