TODAY'S CAMPUS

... Rugged But Right

Of all the backwoods characters wandering around campus last week, an unidentified short course student with the handle of "Tennessee" proved the most rugged. For his manly growth of beard he received a plaid shirt at the Foresters' Shindig. For her rustic ensemble, Ritha Badger, Beaverton freshman, won a pair of nylon and a compact. Wayne Gaskins, Indianapolis, Ind., junior, won an electric razor for his snappy outfit.

... Insanity Discussed

Yesterday in his Spanish literature class, Prof. Thomas A. McGuire took the wrong spot in the translation of a Spanish drama to say "Now we'll call on Miss McSherry." Elizabeth McSherry, Battle Creek, junior, blurted out, apparently in reply, "Are you crazy?" But she really was just continuing the translation, which started with "Ella es..."

... Voiced by Proxy

Brotherly love—ain't it wonderful? Last night the Sigma Nu serenaded Mary Lou Darby, Flint freshman, who is engaged to the president of Sigma Nu, way off at Duke university.

Noted Pianist Wins Praise

The performance of Witold Maluczynski in Music auditorium last night was applauded by a capacity audience. His interpretations of the technically difficult "Etude, Chorale, and Fugue by Franck, and the familiar Scherzo in B flat major, by Chopin, were excellent.

His skill interpreting the five Chopin numbers on the program shows why he won a "Grand Prix" at the last international Chopin competition in Warsaw. Maluczynski was called back to play three encores, Waltz in C sharp minor, Etude Pathetique, and Chopin's Etude, Opus 10, No. 1.

After the concert Maluczynski was entertained at a reception. On completing a concert tour in the United States including Toronto, Chicago, New York, and California, he will go to South America and then there to Europe, returning to the United States next January. —K. W.

Committee Hears Schulz

(U.P. Wirephoto)

Navy Commander Lester R. Schulz (above) tells the joint Pearl Harbor committee at Washington, D. C., that the night before the Pearl Harbor attack he handed President Roosevelt information which prompted the President to say "This means war."

Evelyn Evans Reigns As Vet Queen At 39th Annual Medicine Ball

Evelyn Evans, Dearborn freshman veterinary medicine student, was crowned queen of the vet division Saturday night at the Medicine Ball.

This year's ball marked the fifth year that the coronation ceremony has been included in the program of the event. The Medicine Ball has been held for 39 years, since the inauguration of the veterinary division at MSC.

The dance is sponsored by the veterinary division, but the division includes both veterinary medicine and medical technology students.

The queen was elected at closed polls by members of the vet

Tom King, veterans' director, has announced that the book store will make no refunds on books purchased by vets after Feb. 19.

It will be necessary that veterans make arrangements for all books through the bookstore in Demonstration hall.

division in the final elimination last Tuesday. Her identity was kept secret until Saturday night.

The ceremony this year was rather brief. Dr. Russell Runnels, head of the anatomy department, introduced Miss Evans with a short speech, and then placed a crown on her head.

The crown was made up of a circle of white carnations centered with a silver figurine and a white gardenia.

Basic School Dean Attends Meeting

Dean of Basic college Howard C. Rafter returned yesterday from a conference of representatives of general education at the University of Chicago.

Instigated by that university and the University of Iowa, the conference was held to study common problems in general education, among them: (1) the development of courses, which cut across traditional department lines, and (2) the demand for instructors in those courses.

Seventeen colleges and universities were represented, including Ohio State, Antioch, and others as far west as Colorado and as far east as Syracuse.

Captain Reports For Faculty Job

Capt. Elroy A. Solem has reported for duty as an instructor in the military department at State.

Captain Solem was assigned here from the Office of the Quartermaster General in Washington, D. C. Originally from Brookings, S. D., he spent a year and a half with the quartermaster corps in the South Pacific.

Capt. Alice P. Reming, Sgt. John Dillard, and Corp. Marvin C. Wilson have left the military department to receive their discharge from service.

Baseball Star Marries

NEW YORK, Feb. 18 (AP)—Mr. and Mrs. Bernard Gimbel of Greenwich, Conn., tonight announced the marriage of their daughter, Carol Gimbel, the former Mrs. Edward Laska, to Capt. Henry (Hank) Greenberg, Detroit baseball star.

Psycho-Analysis in Art

Abell Suggests New Theory

In a recent article, Walter Abell, associate professor in the art department, suggested a new basis for interpreting the world's art.

This theory was put forth by Abell in his article, "Myth, Mind, and History," which appeared in the Journal of Aesthetics and Art Criticisms.

As A Dream

Abell suggests applying psycho-analysis to the problems of art history. He said art is to the life of society as a dream is to an individual. Just as a dream expresses the imagery of a work of art, so the imagery of a work of art reveals the psychic under-currents of the age which produced it.

OPA Appeals to Congress To Continue Controls

Chester Bowles Approves Truman's Policy,
Maintains It Will Keep Prices Down

WASHINGTON, Feb. 18 (AP)—Chester Bowles assured the nation today that under President Truman's new wage-price policy the prices of the three essentials of life—food, shelter and clothing—can be held at about their present levels.

Play Tickets Go On Sale

Tickets for the term play "The Little Foxes," were placed on sale this morning at 2, according to ticket dignitary Doris Guth, Ovid, senior.

Tickets have been distributed to the social chairman in all of the dorms. Fraternities may procure them from Chuck Anthony and Gretchen Wright is holding the allotment for the sororities. Bernice Cleland is in charge of the block for the cooperative houses. A limited number of tickets will be on sale at the Union desk also.

Reserved seats will be available at the Administration building tomorrow morning. Students are advised to buy their tickets immediately, as Monday all those that have not been sold will be called in and put up for sale in downtown Lansing.

News in Brief

DETROIT, Feb. 18 (AP)—Michigan Bell Telephone company operators and other employees have agreed to meet with state labor mediation board officials before any strike is called, Philip Weiss, chairman of the board, said today.

Mrs. Frances Smith, president of the operators' union, advised Weiss from the Memphis national conference she would meet with state mediators when she returns to Detroit later this week, he said.

DETROIT, Feb. 18—President R. J. Thomas of the CIO-United Auto Workers today called on the Senate education and labor committee for "implementation of the constitution" to penalize state and federal judges "for violation of the fundamental liberties of persons on strike."

WASHINGTON, Feb. 18 (AP)—The Senate confirmed George E. Allen today for a director of the REC, after some bitter political wrangling that involved financial dealings of two other Truman appointees—Edwin W. Pauley and James K. Vardaman.

Zenas L. Potter, adviser to Bowles, told the committee OPA believes "that all controls but rents can be eliminated next year."

Bowles climbed Capitol Hill to appeal to Congress for a continuation of price controls, which are due to expire June 30.

Economics Stabilizer

Appearing for the first time in his new role as designated economic stabilizer, Bowles told the House banking committee Mr. Truman's new wage-price policy is "a program that will work" and will turn back the inflation pressures.

He gave this summary of Mr. Truman's new economic policy, which the President himself described as a bulge but not a breakthrough in the wartime inflation-line policy.

Wage Control

Wage control has been reestablished. This does not mean a wage freeze. Wage increases within the industry patterns already had down since V-E day will be approved by the government. "Every effort will be made to speed up action and to establish streamlined procedures. I expect to have an announcement about how this can be accomplished within the next few days."

Prices—the new policy means that manufacturers will no longer be required to wait six months before the wage increases which they have granted will be taken into consideration in setting their prices. If for any reason an industry—operating at normal volume—is in hardship, price adjustments will be granted. These price adjustments will be designed to assure the minimum level of peacetime earnings for that industry during the coming year.

ID Cards Needed For Basic Exams

All students who will take basic exams at the end of this term will be required to present a permanent identification card (with picture) at the time of the exam. This regulation was announced by R. S. Linton, registrar.

Linton also said that all students should have a permanent card on their person at all times. Those who have temporary cards must exchange them for permanent ones at the registrar's office at once. Students who have lost their ID cards should report to the registrar's office to make arrangements for receiving another card.

How Do We Go From Here?

The atomic age has brought education new responsibilities. Atomic energy opens to man almost boundless fields of endeavor. In the near future, hitherto unrealized dreams may become actualities.

Yet beside its utilitarian connotations, the potential destructiveness of atomism must also be reckoned with. The number one item on the docket of the United Nations organization today is the regulation of the atomic bomb.

How are colleges striving to meet and cope with the new problems of the atomic age? Will it be enough to continue along the way we have been going, with attention but to the physical ramifications?

What will it avail us to process more and more students in a bigger and better educational plant that turns out men and women skilled only in occupational techniques?

We need logical and ethical, as well as technical, training. We need to know why and where to run our machines, build our bridges, and till our lands, as well as HOW.

Hence, in planning our technological education, we must also plan its counterpart in the humanities.

Bill 11 Becomes Law As Kelly Signs

LANSING, Feb. 18 (P)—Bills appropriating \$12,000,000 for new buildings at the University of Michigan, Michigan State college and the state mental hospitals were signed into law today by Governor Kelly.

The Chief Executive's signature was inscribed also on two other measures, one authorizing the State School for the Deaf to lease land for recreational purposes to Flint and the other permitting the merger in Michigan of the Chesapeake and Ohio railroad and the Pere Marquette railway.

The first bills to reach the statute books from the 1946 special session of the legislature gave the University of Michigan \$3,300,000, Michigan State col-

lege \$3,000,000 and the mental hospitals \$5,700,000 for additional construction.

The institutions must go before a new state agency, the Postwar Victory Building board, to obtain their allocations.

Affairs of State

By TONI EBNER and SALLY CLARK

WITH weeping and waving of red handkerchiefs, Paul Bunyan bid fond adieu to our campus and boarded the train for his native backwoods country. And with the disappearance of our annual legend went all the remnants of fuzzy beards and premature Van Dykes for at least another year.

Getting back to the affairs of State, diamonds are beginning to crop up like spring rain storms. The Thetas had a surprise announcement at a candlelight dinner one night last week. Tables were decked with hearts and flowers and individual favors related the news of the engagement of Gerry Fulton, Charlotte senior, to Sam Fredenburg, Battle Creek freshman.

Even the old stone face of Benumont tower has had a little excitement under its shadows lately. It was here that Mary Taddeo, Farmington freshman, got her ring from Milton Knight, former varsity football player at State now with the army.

Barb Johnson, North Muskegon senior, has something new on her left hand that glitters in the sunlight. Her fiance is Everett Meier, recently discharged from the army and now attending Muskegon Junior college.

Ever since the late but not loose the works of the little mystery insect have been reported on the increase. Phyllis Lowry, Midland freshman, is on the engaged list. She recently received a ring from Sgt. William Murphy, of Midland. In the same category of announcements, Virginia MacPherson, Wyandotte freshman, is engaged to William Law, Belvidere, Ill., freshman.

On the pining end of a recent agreement was Betty Sisco, Monroe senior, who is wear the SAE blue diamond of Tom Christian-sep, Manistee sophomore.

Changing over to the affairs of recent initiations and pledgings, we find the SAEs have a raft of new pledges. They are Eugene Mohle, Battle Creek freshman; John Schadt, Dowagiac sophomore; Lee Pisel, Jackson freshman; Don Henderson, Royal Oak freshman; William Milber, Lowell freshman; and Russell Wentworth, Detroit freshman.

The Pi Kappa Phi fraternity has elected new officers for the ensuing year. Holding the gavel will be Milford Morse, Detroit senior; treasurer will be Ken Cleereman, Marquette senior; secretary, Welton Ritchie, Detroit senior; and historian, John Lovett, Detroit sophomore.

Spartan Five Awaits Irish After Upsetting Buckeyes

Notre Dame's visit to Jenison fieldhouse tomorrow night will be a Michigan State college eagles up against a formidable opponent that took the Spartans 62 to 57 two weeks ago at South Bend, Ind.

A record crowd of 10,000 persons is expected to jam the house for the tilt with the high flying Irish. State is expected to the Irish on a road trip that pitted the Spartans against some of the best teams in the country.

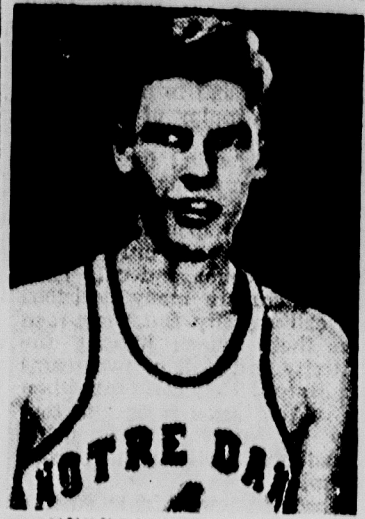

Wrestling Grapplers Prepare For 'M' Taking OSU

Spartan varsity wrestlers are set for their coming meet at the University of Michigan by throwing Ohio State Saturday afternoon, 17-11, what almost proved disaster for Michigan State.

In the Spartans' tenth win of the season they trounced Ohio State with comparative ease Saturday night. Playing heads-up ball all the way, the Vammen looked their old selves winning easily 64-41.

White Hits For 21

Four players on the State aggregation scored ten or more points with guards Ollie White

GEORGE RATTERMAN

and Don Waldron chalking up half the squad's total. White, making baskets from practically every spot in the forward court, walked off the floor high point man with 21 markers.

The Buckeye, up a 5 to 9 lead in the first three minutes of the game, but this was followed by a barrage of points by State marksmen that put the Spartans in the lead 7 to 5. After that State never was behind. The score at half-time was 30 to 21.

Same Lineup

For the Irish affair Coach Van Alstyne reported he will probably use the same lineup that started the game against Ohio. This consists of Bill "Shorty" Kroll at center with Sam Foglio and Robin Roberts at forwards, and Waldron and White at guards.

At South Bend Coach Emory Ripley said that he will stick to his previous starting lineup that scored 14 consecutive victories before being halted by Northwestern two weeks ago.

It consists of Leo Klier and Johnny Dee at the forwards, Vince Boryla at center, with Billy Hassett and Frank Gilhooly at guards.

'S' Bowling Tourney

Hey, fella, would you like to bowl in an all college tournament with cash prizes? Watch the sports page of the State News tomorrow for the first important announcements.

Gilbert, Patterson Shine As Swimmers Win State AAU Meet

Michigan State college swimmers, national AAU champions, put another feather in their hat Saturday night by winning five of the six events in the Michigan State AAU swimming championships in Detroit's downtown YMCA pool.

Abel Gilbert, Ecuadorian freshman, walked away with the show by establishing a new pool record in the 100 yard freestyle. Gilbert's time in the century was 55.7 seconds.

Another high-point man on the squad was Howard Patterson who won the 150 yard backstroke with a time of 1:49.4. Patterson also swam on the 200 yard freestyle relay aggregation that won the event with a time of 1:40.

Marriage must be a relation of sympathy or of condescension. — George Eliot.

Schlademan Preps State Trackmen For Cinder Meet With Tartars

Michigan State's track team began drilling yesterday afternoon in preparation for the coming dual meet with Wayne university next Saturday night in the Jenison fieldhouse.

Coach Karl Schlademan will, through the coming week, decide who is going to represent the Green and White in the Central Collegiate meet, March 9th, which will draw such strong opponents as Notre Dame and Drake university.

Osborn Looked Good

The Spartans ran second to the powerful Notre Dame squad last Saturday night, in their triangular meet with the Irish and Marquette university. Coach Schlademan was particularly pleased with the fine performance of George Osborn, Saginaw freshman.

"Considering the poor condition of the Notre Dame track and the faulty lighting of the fieldhouse," said Coach Schlademan, "Osborn's winning jump of six feet singled him out as a future up and coming star in the high jump event."

Reader Wins Broad Jump

Russ Reader stepped out of his regular roll as a hurdler to show that he can perform equally well in the broad jump. In his first attempt in this event

this season, Reader won with a jump of 21 feet.

Ted Wench, still bothered by an old ankle injury, tied for second place with teammate Bob Vosberg in the pole vault at 12 feet.

Buckeye Fencers Set Back Spartans

The Michigan State fencers were edged out by Ohio State Saturday 14-13, on the Buckeye team's home floor.

In the epee class, Spartans Greg Dean and Leo Marian both took two and one-half bouts each, and Tom Billig, fencing at epee for the first time, won two, giving State a seven to two win in the epee matches.

Charles Thompson and Dennis Murphy each won one foil engagements, and Billig added another win for State.

Buckeye Mike Pasch's three sabre wins highlighted the conclusion matches despite Spartan Dick Stacey's two victories.

There will be a meeting for all persons interested in trying out for the baseball team at 5:10 p.m. tomorrow in room 213, Jenison fieldhouse. Man-

Spartan Ring Team Handed Defeat Hard Hitting Syracuse Boxers

Syracuse university took the title of the Spartan boxing Saturday in Jenison fieldhouse, outpointing the State team 4 1/2 to 3 1/2. This was State's second straight defeat. According to Coach Lou Coon, his men are rapidly improving and will offer the University of Wisconsin's potent team formidable opposition when the two teams meet in Madison, Wis. The matches last Saturday evening featured Spartan heavyweight Lloyd Coon, weighing in at 205 lbs., Coon defeated a terrific right hander Gus Raitz, of Syracuse, flush on the chin and left him cold.

Other State victories were turned in by 135-lb. John Tierney, who defeated Phil Costa in a bitter three round battle. Doug Routh, fancy 127-pounder, defeated Richard Corbi for the other State victory. Spartan James Demigan fought to a draw with Ray Fine to give State an added 1/2 point.

Completing the results for the evening Richard Prussin, of Syracuse defeated Barney Glowicki at 155-lbs, and Jay Propp outpointed John Buda of State.

In the first bout of the evening Dimitri Geloff, Syracuse slugger, defeated Leonard Pickering of State, both men weighing 120 lbs.

Church Creates 32 Cardinals

New Sacred College Members Come From 19 Nations; Six Continents

VATICAN CITY, Feb. 18 (AP) — The Roman Catholic church today created 32 new cardinals, the largest and most cosmopolitan group ever raised to the purple in 1900 years of church history.

The new cardinals, representing 19 nations and six continents, were created at a history-making secret consistory, the first to be convened since 1940 and the first to create new princes of the church in the seven-year reign of Pope Pius XII.

One Short of Quota

Today's action, which the pontiff said he had "meditated for a long time" but had not been able to carry out because of the war, brought the membership of the sacred college to 69 — one short of the maximum 70 — and made the college more universally representative than at any time in history.

The world-wide character of the list lent sharp point to the words of the Pope, who told old members of the Sacred college, behind guarded door, that by the creation of the new cardinals "the universality of the church is brought under a new light, since the church does not belong to one race, to one people, to one nation, but to all peoples of the human family."

Pope Troubled

The pontiff, in a five-minute allocution, told the Sacred college, that "the cessation of the conflict" had made it possible to proceed with the creation of new cardinals, but he indicated he still was troubled over the state of the world.

"Real peace," he said, "is not yet shining on mankind, which is anxious and overwrought."

Similar concern was reflected in the words of some of the newly created cardinals.

Music Teachers Hold Meetings

Speaking at the Music Teachers' National association which meets in Detroit tomorrow will be Roy L. Underwood, head of the MSC music department, and Maurice Dumesnil, associate professor of the department.

Twenty music staff members will attend the conference which will last through Sunday.

Underwood, who is on the national association's executive committee, will discuss two topics, "The Ministry of Music to Society," and "The Human Response to Music." Dumesnil will speak on "Debussy's Influence on Modern Piano Writing."

Underwood is also president of the Michigan Music Teachers' association. He announced that this organization would hold its annual meeting Thursday in conjunction with the national association which would already be convened in Detroit.

Several staff members attended the National Association of Schools of Music of which State is an institutional member, that met in Detroit yesterday and continues today. Prof. William Kimmel of MSC was to speak at this gathering.

— THE — WOMEN'S WORLD

TOWN GIRLS
Regular Town Girls luncheon meeting will be held today at Hunt's food shop instead of Thursday as was previously stated.

ORCHESTRAS
Orchestra members will meet today from 4 to 6 p.m. in the dance studio of the Women's gym, according to Marilyn Burley, East Lansing senior, president.

AWS
AWS will meet for a dinner meeting tonight at 5:45 on the second floor of Hunt's food shop.

Knapp Company Will Offer Two Scholarships

The J. W. Knapp company of Lansing is offering scholarships of \$100 each to two outstanding freshmen attending MSC. Students eligible must have graduated from any of the central Michigan high schools within a radius of approximately 40 miles of Lansing.

Students must also have excellent scholastic ability, strong character, a pleasing personality, and a real interest in retailing as a career.

Each candidate must be nominated by his high school principal from the upper one-half of the graduating class and must also show an interest in the two-year cooperative retailing course offered by the MSC department of business administration and textiles, clothing and related arts.

If a satisfactory record is maintained, the scholarship may be continued for a second year.

Chesterfield Selects Two Campus Agents

In connection with a nationwide advertising campaign of Chesterfield cigarettes, the Liggett and Myers Tobacco company has appointed Ken Schultz, Hillsdale junior, and Tom Eberer, Grosse Pointe senior, as representatives at Michigan State.

The program is being carried on through the Campus Merchandising corporation, and is an extensive project including 400 colleges and universities in the United States.

LETTERS To The Editor

EDITOR'S NOTE — All letters to the editor submitted with the intention of being published, must be signed by the writer. If he does not want his name to appear with the letter, it must be indicated. No letters will be considered for publication unless the writer is known. The opinions expressed are those of the writers and not necessarily those of the editors.

TO the Editor:

It is understandable when a crowd becomes excited at a game and releases its pent-up emotions. The accepted manner for doing this is to cheer when one team (preferably your own) displays its skill or ability. Why is it that Michigan State's crowd has to 'let off steam' by booing unmercifully? Not just booing over one seemingly prejudiced referee, but over every decision made against our team. Read that last line over—it is bitterly true.

It must be very embarrassing to our coach and to our team to see such a display of bad manners on our part. It must be even more embarrassing for them to have the other teams and the referees carry home such a poor impression of our sportsmanship.

The referees are only human and expendable indeed. They know there are many decisions they call unjustly. But, these men earn their livings judging the dexterity and skill of two teams in a contest. They call fouls when one of the teams resorts to foul play or poor sportsmanship (sometimes unwittingly) in order to win.

Poor sportsmanship is such a trite phrase that most people snicker quietly and mumble, 'the hardnose' when they hear it mentioned. But, the team surely knows the real meaning of these two words. They know exactly what it means when they are penalized 30-yards in football for 'losing the temper.' Each member of a team knows that for any sportsmanship he individually displays the whole team pays

for with previous points. players have to be good and play their part in the fairly.

It would be silly to say that 'we try and be good now.' The point is, let's here and now that basketball sport and the rest of the team, follow the referee's game.

The referee's job is to referee with its limitations and sincerely to play his part with the few minutes and referees that are given. Jenison fielding will have them go home for the team and the Michigan State college.

TO the Editor:

In reply to the letter which appeared in the State on Friday, Feb. 17, I am sure something should be done for the entire student body. college is killed by the holler to the stadium. the State police in this situation?

Unless the student put a little more sense in their lives, they should be taken down. There are many govern pedestrians who would never be in the students' (crossing) and other main streets.

They cross with regard to traffic. Everything else is considered in some way on the other side. They where there are no cars, in general they rule in the book.

Before we can control the traffic, though we know the pedestrians' responsibility, age of the motorist.
