Registration Figures Show 8,123 Student Enrollment

Spring term registration figures total 8,123 students, which sets State's enrollment figures above the maximum war peak, according to registrar R. L. Linton. Late registration continued to swell MSC's all time high in enrollment as the number of students who passed the 8,100 mark on Monday, according to latest figures released.

An extra push on the total enrollment was made Monday with the return of the baseball squad from its spring trip. Late registrars have been enrolling at the average of 50 persons a day.

For a total of 8,123 students, 3,507 men and 4,616 women have registered, according to L. Linton, college registrar. The number of students among spring term registrars approximated 850, supplying the main increase over the term's 7,223.

Although late registration officially closes this afternoon at 5 p.m., more students are expected, and Saturday morning anticipated as the latest necessary to accommodate the late comers.

Try-outs Scheduled Tonight for Spring Term Production

Try-outs for roles in "You'll Be Sorry" term production will continue tonight from 7:15 to 9:30 p.m. Don Buell, director of dramatics, announced. Try-outs are being held in room 112 of Union building.

Although the turn-out of interested students was good Monday night, Buell stated there still is a shortage of men.

Outstanding male roles are those of the leading man, the character grandfather, an ice man, a phone-playing brother, three agents, Negro handyman, and a Russian ballet dancer.

Elementary ballet steps, said Buell, also are required of one of the women players.

Selected students will be asked to attend final readings in College auditorium tomorrow night from 7:15 to 9:30 p.m.

300 Soviet Troops Leave Iran Port

Union Board To Sponsor Informal Party-Party

Union Board will again sponsor informal dancing during its weekly Saturday afternoon Party-Party which is held in the Union ballroom from 3 to 5 p.m., co-chairmen June McNutt, Ann Arbor senior, and Jim Graves, Muskegon sophomore, announced last night.

Dick Snook's orchestra will provide dance music. Tables will be set up for card games and refreshments will be available.

Spartan Varieties

Spartan Varieties, a student talent broadcast which is held from 4 to 4:30 p.m. during Party-Party, will be given for the last time this term, according to Larry Fymire, WKAR program director and master of ceremonies for the program.

Featured on the broadcast program for the Varieties will be Buzz Hart, Jackson freshman, who will play the piano; Bonnie Behler, Grand Rapids senior, will sing original songs; and Ted Brink, Grand Rapids sophomore, will do impersonations.

Petitions for Union Board

President Jack Breslin emphasized that students interested in becoming members of Union Board must turn in their petitions to the Union office by Saturday noon.

Information petitions should include the student's name, class, all-college average, school, organizations of which he is now a member, and his qualifications for Union Board and the reasons why he would like to become a member.

Education Heads Hold Chicago Conference

H. M. Byram, G. C. Cook, and T. H. Kerrey, members of the Michigan State college division of education, are attending a conference in Chicago called by the U. S. office of education for directors, supervisors, and teacher-trainers of agricultural education of the central region.

Byram will present a paper on "In-Service Teacher Training to Meet Current Needs." Cook will serve in the capacity of chairman for a group meeting of instructors in farm mechanics.

The conference will end tomorrow.

TODAY'S CAMPUS

... What's In

Power of the press is an undeniable fact, according to Barbara Tuttle, Adrian junior, whose picture recently was printed in many papers as she and Thais Lucas, Berrien Springs junior, were seen helping gather maple sap from MSC maple trees. Recently Barb received a letter from a woman in Kentucky requesting her to send the formula for making maple syrup. Barbara had to admit that she didn't know how to make the syrup, and in fact she couldn't tell whether a tree was maple or not unless it had a bucket hanging from it.

... Who Pays?

Discovered while cleaning out the now inoperative Spartan magazine's safe was a somewhat venerated edition concerning English poetry. The burning question remained unanswered as to who is to pay the \$18.90 fine due on the book taken out on August 19, 1943.

News in Brief

NEW YORK, April 2 (AP) — Secretary of State James F. Byrnes returned from Washington tonight ready to resume his leadership in finding a solution of the Iranian question regardless of whether Russian sends the United Nations Security council a satisfactory statement before tomorrow's crucial meeting.

MANILA, Wednesday, April 3 (AP) — Lt. Gen. Masaharu Homma, conqueror of Bataan and Corregidor and originator of the death march which killed 17,200 American and Filipino captives, was executed before dawn at Los Banos, 20 miles south of Manila, by a U. S. army firing squad.

Frosh-Soph Informal Ball Noted As First Since War

Saturday's Freshman-Sophomore ball, the first such affair since the beginning of the war, will be informal, according to co-chairmen Joann Dodge, East Lansing sophomore, and Ed Rusinski, Fenton freshman.

Patrons for the dance, as announced by Pierre Gonon, East Lansing freshman and committee chairman, will be Mr. and Mrs. Howard Church and Mr. and Mrs. Walter Abell.

Strong to Play
Bob Strong, popular bandleader

Dance Team Entertains Audience

Veloz and Yolanda, brilliant dance team, and their company performed with beautiful perfection for a discouragingly small audience in College auditorium last night. Their program, "Dance of 1946," was composed of poetical and liquid movement, not only by this internationally-known couple, but also by Amelia Gilmore, ballet

and ballet-tap dancer, and Paul Schoop and Lothar Perl, magnificent duo-pianists.

Veloz and Yolanda danced their way through two new South American dances, "Guabina-Bambuco" and "La Bambuco," as well as a cakewalk, a tango, a samba, and a chumba.

Miss Gilmore pirouetted and tapped to the music of Strauss, Shostakovich, Liszt, and Rimsky-Korsakoff. Paul Schoop and Lothar Perl played compositions by Rodgers and Chopin.

Elizabeth Talbot-Martin "brought down the house" with her characterizations of famous people, and Betty Black sang with charm and talent such popular hits as "Symphony" and "It Might As Well Be Spring."

—B. W.

"You'll Be Sorry" Cadets Undergo Army Physicals At Fort Custer

At Fort Custer's old induction station yesterday, the new members of MSC's military science 303 class underwent the complete physical exam required by the government for advanced ROTC students.

Upon arrival at the medical center, one man was heard to remark, "That little, tin-paper shack over there is where I arrived three and a half years ago when the President sent his congratulations." Another cadet officer wearing the "ruptured duck" added, "And a lousy Pfc. held forth as God and barracks leader in the one next to it. I sure never thought I'd be back here for another one of Custer's blunt-needle blood tests."

A considerable portion of the men had been members of the old Enlisted Reserve corps which was largely processed at Fort Custer after being called in March and April, 1943.

The men bought chow in the same old mess hall and remarked one by one that the food hadn't changed a bit. There seemed a nostalgic look in many an eye however, when the rookies in the barracks across the way sang out, "You'll be sorry!" You just can't get away from the army.

Thousands of Soldiers Mass In Preparation To Leave Iranian Soil

TEHRAN, April 2 (AP) — Thousands of Soviet troops concentrated at the Caspian port of Bandar Shah, 160 miles northeast of Tehran, appeared today to be making busy preparations to leave Iranian soil.

A view of the Asterabad province area from a plane showed much activity on crowded wharves, in temporary bivouacs and in a regular Soviet army camp.

Some 300 Red army soldiers were aboard a ship early in the day, and in the narrow harbor, three empty 500-ton freighters with steam up waited to enter the single ship and be loaded with cargo or with troops, who stared upward at the circling American plane above them.

Russian Garrison

Farther west, a small Russian garrison at Sari, however, showed no apparent signs of preparation for evacuation. When the plane dipped over the area, a number of troops were milling in an open space, and horses were at pasture.

The air trip disclosed only one oil well at Bandar Shah—one of the northern cities in which Russian engineers have been rumored exploiting for the past three years. The well appeared to be in operation.

At Sari, however, the single oil well sighted from the plane appeared to have been abandoned.

Chieftain Arrives

A Kurdish chieftain arrived in Tehran yesterday from Saibulugh seat of the government of Kurd leader Ghazi Mohammad's "Independent Republic of Kurdistan."

Vet Rally Planned For 7:30 Tonight

Veterans' rally will be held today at 7:30 p.m. in the Union ballroom to acquaint new veteran enrollees and old students with their activities and with each other.

Professor Tom King, Director of the Office of Veterans Administration and John Hicks, campus representative of the Veterans administration will be the guest speakers.

Home Ecs Plan Social AWS Grants Green Splash Again Sponsors Annual Water Carnival

Department To Offer Exhibits For Benefit Of All Women Students

Home Ec club sponsored open house is being held tomorrow evening from 7:30 to 9 in the Home Economics building. Designed to show what courses the school offers, each department has planned demonstrations and exhibits. Vocation majors will relate their experiences in the teaching field. Peg Den Herder, Zee-herder, is chairman of the group.

Chairmen
Home management and child development majors, under Dorothy Gower, Detroit senior, have scheduled a tour of the nursery school as well as an exhibit of household and play equipment. A group of institution administration students will demonstrate quantity cookery. Helen Wiska, Inkster senior, has charge of the group.

Model Arts Group
Model arts majors, Bobbie Models, Flint senior, chairman, will model dresses made in fashion classes. This group will also demonstrate textile testing. Nutrition experiments and displays will be featured by Edna students. Joyce Potter, Spenson junior, is chairman of the group.

Refreshments will be served in the Home Ec library. Bonnie McCarty, Pigeon senior, will be in charge.

With the return of nylons no woman now has to leave the city before her stockings become baggy.

Women 1 a.m. For Dance

Women attending the Freshman Sophomore dance Saturday night were granted 1 a.m. permission by AWS. Only women attending the dance have been granted the permission and upon entering her residence each woman must present either a program or a stamp received at the dance.

At the meeting last night it was stressed that working permits must be obtained from either Mrs. Maurice Gonon or Miss Elizabeth Corbishley in the office of the dean of women.

Women signing out for working must sign out to specific place of work and the phone number must be included. This action has been taken in case any emergency should arise.

Senior women who have been granted 11 p.m. permission for spring term are informed that this also includes Sunday night.

Modesty—the gentle art of enhancing your charm by pretending not to be aware of it.

Try-outs for the annual winter carnival sponsored by Green Splash, women's swimming honorary, will begin tonight at 7:30 to 9:30 in the Women's Gym, as announced by Miss Dorothy Kerth, of the Women's Physical Education department.

Indian Fantasy, the theme of this year's carnival, which will be held on May 10-11, offers parts for 30 to 40 performers. Six additional parts will be held by members of Porpoise, men's swimming honorary. Other students will be chosen for singing and dancing numbers.

Miss Kerth, director, will be assisted by: Edna Hartman, Detroit junior, general chairman; Mary Alice Kingsbury, Parklane senior, stage director; and Mrs. Waters, Physical Education department, costume director.

THAT DOES IT

(Continued from Page 2) prefer.

Wouldn't it be possible when the 1946-47 plans are begun, to arrange for fewer, better numbers on this series and thus allow the students greater scope for their beloved dances? Why not give campus organizations more chance to use the one large building on the grounds, and let them turn out in full force for their choice of entertainment?

Coeds Use Honor System

College Establishes Precedent As First Midwestern Co-educational Institution To Adopt New Rules

By SYLVIA CIERNICK

Moving ahead in establishing itself as one of the most progressive and up to date colleges, Michigan State has instituted the honor system in all the women's dormitories this term.

Last year Basic College added a new milestone to the college annals. This year it is the honor system, established for the first time in a co-educational school in the mid-west.

Women's colleges in the East have used the honor system with complete success and have made it a permanent part of campus life. Students at Bryn Mawr, Mt. Holyoke college, Smith, Wellesley and Vassar are all on the honor system.

Not Experiment

"It can be seen," stated Mrs. Isabelle Gonon, counselor for women, "that it is not an experimental idea, but something that has been tried and tested. The honor system is new though, in the coeducational school field."

This new system of dormitory organization makes each coed responsible to herself and those persons that might be affected by any of her actions. The proctoring system, formerly used to enforce quiet hours, has found its way out the back door along with most of the penalties used to enforce house rules. Now, it is the consideration of the individual for the group that enforces the house policies. AWS rulings and penalties are still enforced.

Counselors Trained

Student counselors trained for the positions are now living on each floor. Mrs. Gonon explained that they are not there to force discipline, or regulate the women's lives. They are ready and able to answer questions, help in any way asked, and create a floor spirit that will enlarge into a dormitory spirit of "we are one." It gives the students an opportunity to refer to a qualified person of their own age level

when the need is felt.

Coeds Cooperate

By helping out in carrying on many of the details of dorm routine, the counselors will enable the house mothers to really enjoy and know better the college women living with them.

Before all dorms were allowed to inaugurate this new system it had been given various try-outs during the present school year. Because of the building structure of Wells hall making each section virtually independent of the other, a modified plan with counselors in each section was used when women students lived there. Several precincts in Abbot hall were also given the privilege of the honor system under an experimental basis.

Campbell Is First

The first complete dormitory to come under the new system was Campbell hall, which used it successfully winter term. This term it has been introduced in all the women's dormitories as the coeds have indicated their desire to live together under a grown-up arrangement.

Mrs. Gonon indicated that living under an honor system sets a standard which the students desire to live up to. "This is just the first step that will eventually bring the honor system into the classroom, men's residences, and women's residences not already affected.

"It will inevitably arouse in the students an increased feeling of satisfaction with themselves and their group and extend beyond the dormitory to a loyalty toward all campus activities and to Spartan traditions," she concluded.

SHOPPING SORTIE

By PAT DELAHUNTE

A coed's idea of spring term is a carefree collection of classes and coke dates, lazy hours in the sun, tennis games and moonlight strolls. Whatever the proportion of ingredients, the accent is on fun.

Reardon's riding stables will attract many students who like nothing better than a brisk jaunt on a fine steed. Others will enjoy music and dancing at Coral Gables. As for clothes, a gal's got to be casual, and that is the word for the new spring styles.

For a pretty performance, Jacobson's recommend a casual, as refreshing as mint ice in a heat wave, in ever-crisp, ever-washable chambray. Designed with a cardigan neckline and buttons down to the waist in back, this mint green dress has a perky peplum of white eyelet batiste. The lower half of the new balloon sleeves are batiste with a point edge lace trim. It fits a gal's budget, at \$16.95.

The lowly lizard comes into his own this season as more and more fashion-wise women choose lizard skin accessories. Shep-

herd's are featuring a wide range display of genuine lizard handbags, in a variety of styles with bakelite self-close tops or strap handles. In grey, brown, red, green, or black, priced from \$19.50 to \$27.50.

Perfect perscription for spring is a mix or match blazer jacket of sshedland all wool or wool suede. These perennial favorites can be found in white, melon, beige, gold, navy, green, brown, and black, at Penny's in sizes 12 to 18, at \$14.75.

Spring's the time to soak up the sun, and hope for a head start on that summer tan. Sun worshippers will choose the white waffle pique sun outfit which doubles for a swim suit later in the season. A two-piece style splashed with gay red apple print features a wrap around skirt. A shortie jacket of white duck cloth with long sleeves and huge patch pockets does a wonderful cover up job enroute to the sun deck. The suit, \$8.95; the jacket, \$7.95, at the Style Shop.

Liebermann's are offering a solution to that ever present

Student Council Revises Constitution For All-College Vote

Students To Vote April 12 On New Constitution

Revision of the regular Student Council constitution, which was not in use during the war, has been made, according to Helen Fisher, president, Grand Haven senior. Students are to vote whether to accept the recommended changes on April 12. Changes affect mainly nominations and representation.

PREAMBLE
We, the students of Michigan State College of Agriculture and Applied Science, recognizing that the purpose of this institution is to train young men and women in the higher ideals of citizenship, and believing that provisions for and operation of a program of student government are essential to this end; and recognizing that, as students of this institution, we have interests to further for the welfare of ourselves and of the institution; and believing that by self government the interests of ourselves and of the institution may be best promoted, in order to provide orderly student government and to provide a frame work for student government, do organize and establish this constitution.

ARTICLE I — GOVERNING BODY

Sec. 1. The authority to direct student affairs and student organizations shall be vested in the student council.

ARTICLE II — GOVERNING BODY — NAME

Sec. 1. The name of this body shall be "The Student Council of Michigan State College, hereinafter referred to as the "Student Council."

ARTICLE III — PURPOSE

Sec. 1. The purpose of this body shall be to enable the student body, through representatives to so direct those student affairs and student organizations as to best promote the welfare of the institution and the student body.

ARTICLE IV — MEMBERSHIP

Sec. 1. The Student Council shall consist of elected members, numbered not less than twenty and not more than twenty-five.

Sec. 2. Membership shall be divided among the different schools, Agriculture, Business and Public Administration, Engineering, Home Economics, Science and Arts, and Veterinary Science, and Basic College in proportion to the student enrollment of each school. The total membership for the following year shall be determined each spring by the council according to the enrollment statistics of the various schools.

Sec. 3. The representation of each of the six schools shall be divided between the junior and senior class members. Basic College representation shall be divided among the sophomore and freshman classes, two thirds of the members being elected from the sophomore class and one third from the freshman class. Basic College membership on the council shall not exceed one third of the entire membership of the council.

Sec. 4. The representatives of each school are responsible for representing and reporting the activities of their classes and honoraries under the sponsorship of their respective schools at regular Student Council meetings.

Sec. 5. The term of office of these members shall begin on the first meeting following their election and shall terminate two meetings following the election of new members at the next spring term's elections.

Sec. 6. The presidents of the four schools shall also serve as members of the council.

Sec. 7. The president of the Council of Associated Women Students shall act as ex-officio members.

Sec. 8. The Counselor for Women and the Counselor for Men shall be ex-officio members and shall act in the capacity of faculty advisors.

Sec. 9. Should an elected member resign or be removed from office, the person receiving the highest number of votes in the next election shall take his place. Should a member change classification later than the beginning of fall term, he shall continue to serve the

remainder of his term of office.

Sec. 10. A Board of Activities shall be organized, composed of the presidents of Union Board, Interfaith Council, The Board of Publications, International Club, and the Board of Points. Limitation. This Board shall be presided over by the vice-president of the Student Council.

ARTICLE V — OFFICERS

Sec. 1. At the first meeting following the election of new members to the Student Council, the council shall elect a president, vice-president, and a secretary-treasurer, who shall hold office from the time of their election until such time as succeeding officers have been duly elected.

Sec. 2. A complete vote of those members who are active at the time of balloting and those who have been duly elected as members shall be required either in person or by proxy for the election of Council members. Such vote shall be taken by secret ballot.

Sec. 3. Candidates for the office of president shall be elected members of the Council and shall have a senior standing during term of office. A second ballot shall be cast on the two candidates receiving the highest number of votes.

Sec. 4. The candidates for the offices of vice-president and secretary-treasurer shall be selected from the remaining elected members. A second ballot shall be cast on the two candidates receiving the highest number of votes in each office.

Sec. 5. Any officer of the Student Council may be removed from office by two thirds vote of the members for any cause which the Student Council shall consider sufficient. The student who received the second highest number of votes in the last election shall assume the office.

Sec. 6. The duties of the officers shall be as follows:

1. The president shall preside over meetings of the council and perform such other tasks as are generally expected of a president.

2. The vice-president shall assume the duties of the president in the event of the president's absence. In addition, he shall preside over all meetings of the Board of Activities, previously described, and shall be responsible for carrying a full report of the board's activities back to the Student Council.

3. The secretary-treasurer shall take full minutes of all meetings of the Student Council, shall, upon request, be able to give an account of the Council's finances, and shall perform other duties generally expected of a secretary-treasurer.

ARTICLE VI — MEETINGS

Sec. 1. At the first meeting of the college year, the Student Council shall designate a regular time and place of meeting.

Sec. 2. Two-thirds of the present membership shall constitute a quorum. One faculty member must be present.

Sec. 3. Regular meetings shall be held every two weeks. Special meetings shall be held on call of the president or any four active members of the Student Council.

Sec. 4. Any member of the student body may attend any regular meeting of the Student Council as a visitor.

Sec. 5. All procedures in Student Council meetings not otherwise specified by this constitution shall be carried out according to "Roberts Rules of Order".

Sec. 6. Attendance of members at meetings shall be compulsory. If any member shall have been absent, without having previously been excused by the secretary, from three meetings during his term of office or from any two consecutive meetings the status of such member shall be automatically removed and the office declared vacant.

ARTICLE VII — ELECTIONS

Sec. 1. Eligibility to hold either class offices or Student Council positions and to vote in Student Council and class elections shall be based on the student's standing as defined in the following classification: Freshman—below 42 credits; Sophomore—42-92 credits; Junior—92-142 credits; Senior—142 or more credits. Classification for Veterinary students is as follows: Freshman—45-87 credits; Sophomore—87-137 credits; Junior—137-187 credits; Senior—187 or more credits.

Sec. 2. (a) Any student desiring to run for Student Council must submit a petition in the form specified by the Student Council, not later than Friday noon of the week preceding final week of the Winter term.

Primary elections shall be held for each school, the second week of Spring term.

In order of the highest number of votes in the primary, twice as many candidates shall be placed on the final ballot as there are positions to be filled.

Final elections shall be held at the discretion of the council as soon as possible following the primary elections.

(b) Procedure for voting the Student Council elections shall be as follows:

1. Seniors who have earned more than 160 credits shall have no vote. Seniors having less than 160 credits may vote with the juniors of their respective schools for next year's senior representative.

2. Juniors shall vote in their respective schools for the candidate who will become senior representative of their school the following year. Should a senior representative graduate at the end of the fall term, the candidate receiving the second highest number of votes shall assume the office until the completion of the term of office. Should a senior representative graduate at the end of Winter term, the office shall be left vacant until the spring election.

3. Sophomores shall vote for the candidate who will become junior representative of their preferred school the following year. Sophomores who have not designated a preference by Spring term of their Sophomore year will be denied a vote, with the exception of Sophomores who have earned less than 60 credits, who may vote with the freshmen for next year's Basic College representative.

4. Freshmen shall vote for candidates who will become sophomore Basic College representatives the following year.

At the end of the Fall Term, the incoming freshmen shall elect from among them the Freshman Basic College Representatives to the Student Council. These offices shall be filled by the same procedure of petitions and elections as outlined in the spring elections. These elections may be held at the discretion of the Student Council, but final elections must be held by the last week preceding final week.

Sec. 3. Nominations for all class offices shall follow the procedure similar to that for election of Student Council members:

(a) Each student desiring to have his name placed on the primary ballot shall submit a petition, in the form specified by the Student Council, stating the office desired.

(b) Primary and final ballots shall be held eliminating candidates similar to the methods described in the election of Student Council members.

(c) Petitions for freshman class officers must be submitted by Friday noon of the third week of the Winter term. Primary elections shall be held the following week, and subsequent elections at the discretion of the council, but as soon as possible following the primary elections.

(d) Petitions for sophomore, junior and senior class officers, for the week of Spring term. Primaries shall be held the following week, and subsequent elections at the discretion of the council, but as soon as possible

following the primary elections.

Sec. 4. The Student Council shall prescribe and enforce the rules governing general student elections including the rules governing campaigning and campaign literature.

Sec. 5. The Student Council may remove from any office any student officer, who, having been duly elected, shall fail to maintain a status of satisfactory compliance to the requirements of the Faculty Committee on Eligibility.

Sec. 6. It shall be the duty of the Student Council to fill vacancies on the Student Council and in class offices by installing the next eligible candidate, according to the last election returns. This section shall apply also in the event that a class officer, elected in the Spring term, shall, for any reason, fail to return to school the following fall and assume his office.

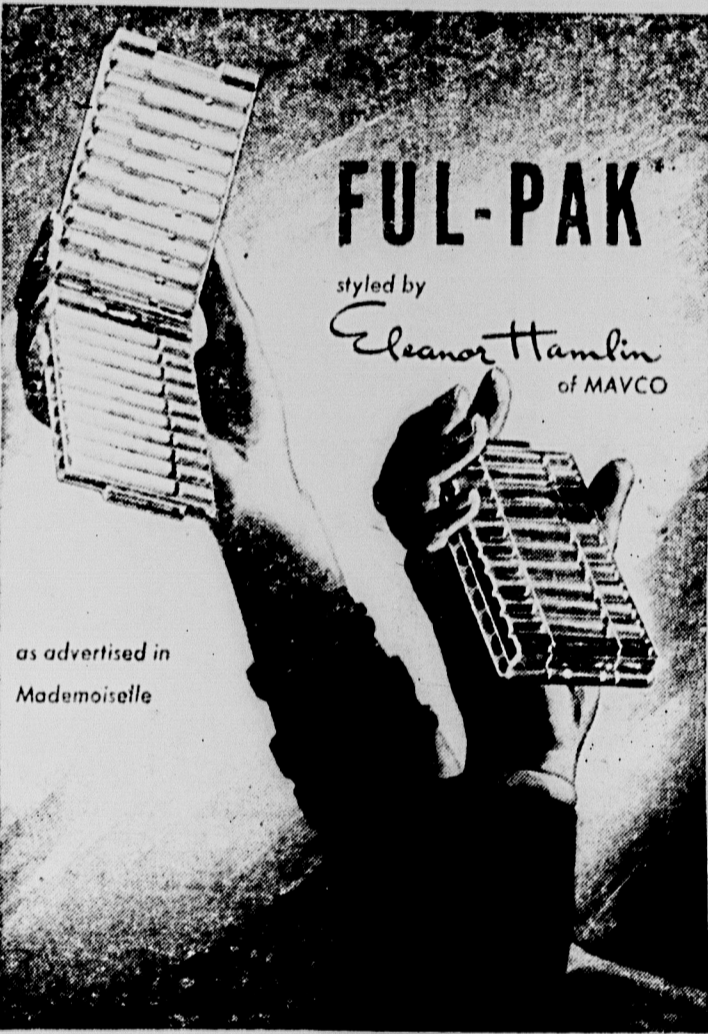

ARTICLE VIII — RELATION TO STUDENT ORGANIZATIONS

Sec. 1. Any student organization desiring to bear the name of Michigan State College or any of its divisions, to be an organization belonging to Michigan State College, to sponsor any activity in connection with the institution, to hold any meetings, or gatherings on the campus, shall proceed as follows:

(a) Present a tentative constitution containing the nature, function

More MSC Gridders Out For Drill

Total Of Players Reaches 180
As Squad Continues Workout

Equipment men thought that they had a difficult time Monday afternoon locating uniforms for 167 grid candidates but the situation was even more desperate yesterday, when an all time high of 180 huskies turned out for practice. The previous high was 125 men in 1942.

Practice will last two hours daily, and at present the grid aspirants are seriously working on calisthenics and working on fundamental blocking and signal drill. Coach Charley Bachman is pleased with workouts thus far and has called for the initial scrimmage session for Friday.

Despite the damp weather winter term, the practice field appears to be in excellent condition after its annual going over by groundskeeper Albert Amis. On the whole things appear to be on a strictly prewar basis again.

End Ken Balge, tackles Alger Conner and Harry Huber, and backs Ross Gilpin and Elbert Stark, varsity lettermen of for-

mer years, are again vying for positions on the Spartan eleven. Pete Fornari, another returning back, is on the baseball squad, and so will not be out for practice this term.

Competition will reach a high pitch with such vast numbers of men training for next year's 10-game schedule.

Meanwhile, at Ann Arbor, Coach H. O. "Fritz" Chisler announced that U. of M. hopefuls had reached the 140 mark, and were expected to pass the 150 by the week's end.

Ernie Petoskey has joined an already impressive Wolverine list of lettermen, led by Paul White, which has assured Crisler of another dangerous team next fall.

Overmire Pitches Tiger's Third Win In Boston Series

PENSACOLA, Fla., April 2 (AP)—Piling up a 7-run lead back of the one-hit pitching of lefthander Frank (Stubby) Overmire, who worked five innings, the Detroit Tigers defeated the Boston Braves 9 to 6 here today for the third straight time in an exhibition baseball game.

Hank Greenberg and Pinky Higgins, of the Tigers, and Chuck Workman, of the Braves, hit homers while Carvel (Bama) Rowell, Boston left fielder, had a single, double and triple for the day's best individual work at bat. More than 6,000 fans watched the game.

Elmer Singleton, John Hutchings and Bill Posedel gave the Tigers hits while Overmire and Hal White limited Boston to six.

Star Don Budge In Action

Veteran netman DON BUDGE will be a member of the tennis champions in the exhibition matches sponsored by the women's physical education department to be held in Jenison fieldhouse at 7:45 p.m. on April 8. Other tennis champions in the matches are Bobby Riggs, Wayne Sabin and John Faunce.

Second Place Award Won By Rifle Team

State's rifle team scored second place in the recent Inter-Collegiate matches in the sixth service command, according to Captain James H. Atchison, officer in charge of the team.

Spartan riflers are now eligible to compete in the national inter-collegiate matches which start next week. The match consists of four stages, and one stage will be fired each day. The total possible score would be 8,000.

Last year State scored 7,500 to take second place in the nation in the national inter-collegiate matches.

Snuffy Stijnweiss of the Yankees, the American League's leading base stealer in 1945, pilfered 33 sacks, more bases stolen than by the entire Cleveland, St. Louis Browns and Philadelphia Athletics teams.

Hermie Says

By TOM RIORDAN

Just where is the student spirit on Michigan State's campus?

State is getting to be a pretty big school, but this is no excuse for the students to feel "the other fellow will do it." Within the past month two things have happened that would sour anyone's opinion on the spirit shown by State students.

First of all there was the call for votes on a Spartan basketball player to compete with the West team in the East-West game played last weekend in Madison Square Garden. A high honor and one that some Spartan cager should have gotten.

One Ballot Received

The State News asked students to mail in their choice and we would forward them collectively to the New York Herald Tribune. Exactly one ballot was received. This is certainly poor for a school that boasted such a fine hardwood team and individual stars.

It might be of interest to know that our neighbors over in Ann Arbor cast enough votes to put a Michigan player, Dave Strack, onto the West squad. We have nothing against Strack, but it would be foolish for anyone to say that he could even compare to State's Sam Fortino or Robin Roberts.

Interest and school spirit on

the part of the Wolverine students is what put Strack in the Garden game.

Five Students Welcome Team

Second on our press list is that "welcome" the State basketball team received when it returned from the southern trip Saturday afternoon after winning nine straight games. There were exactly five students there.

All dormitories and fraternity houses on campus were notified of the team's arrival fully two hours before it was due to pull up in front of the fieldhouse. There was also an announcement made at Party-Party 30 minutes before the club arrived.

But the students stayed away in droves. They just weren't interested in greeting their victorious ball club.

Stands Usually Filled

This is where we were missing out. True the stands are usually filled for games, but this time everything — it's those last things that count, that build the spirit and unity between students and their teams.

Michigan State is growing larger every day. Let's have the spirit grow with the college.

Three Ace Catchers Train For Backstop Position

By JIM CARR

Still tired from their long ride back from the South, the Spartan varsity nine took to the old college diamond yesterday afternoon and began practice for the coming season, which gets under way April 19 and 20 when Coach Kobs' men will take the University of Wisconsin team in a twin bill.

With the return of veteran Fede Fornari, the Spartans should be well equipped with catching talent. Fornari was the regular receiver in the 1942 season but will have plenty of tough competition trying to break into the starting lineup.

Captain Ben Hendenko and Rocky Walsh, State's prize catchers, both top 300 at the plate.

Roberts Pitching Good
Robin Roberts has shifted his talents from the hardwood floor to the ball diamond and has been showing that he is ready to take over a regular pitching assignment. Coach Kobs was very pleased with Roberts' work on the mound Monday in a varsity-junior varsity con-

test. Through frequent intersquad games Kobs and his assistants Stan Karcher and Doc Manion are in hopes of discovering some new material. Kobs said that he is especially looking for men who can hit consistently, and that the only fault that he found in the southern trip was the lack of power at the plate. Team batting average was .233.

Battered Batting Slump
Marty Hansen and Nick Gregory, ace returning keystone combination of last year, suffered a batting slump on the southern jaunt but are expected to hit their old stride as soon as the home season gets under way. Both Hansen and Gregory are usually consistent with the bat and do most of their hitting when it is needed.

LETTERS to the EDITOR

(Continued from Page 2)

"The World's Ills?" appears to be a marvel of complacency and self-satisfaction.

The writer seems to feel that students should watch world events unfold as they would a drama at the local movie house with a great deal of interest, but not concern. Everything will turn out all right in the end. This is all very well, in a movie. But in this particular drama, I am afraid that we cannot be classified as spectators. We are participants, with all of the duties and responsibilities that the word implies.

I say, yes, it is for us to weigh, evaluate, and propose proposals for the world." Colleges and universities make up an important part of public opinion. Today's problems cannot wait for commencement exercises.

Sincerely,
George Diadiun

Mark Broken In Tank Meet

State's varsity relay team set a new varsity record and won the 400-yard event at the 23rd annual NCAA swimming meet in Yale university's pool, setting the new mark at three minutes, 37.2 seconds. The mark was set by swimmers Ziggy Indyke, John DeMond, James Quigley, and Bob Allwardt.

Breaststroker Paul Seibold placed fourth in the 200-yard contest and Abel Gilbert took fifth place in the 440 and 220-yard freestyle events.

Fourth place awards were won by the Spartan medley relay team, composed of Will Cooley, Paul Seibold and Bob Allwardt.

The Spartans placed third in team score, with a tally of 18 points. Ohio State's natators won the meet with 61 points, and second place titles went to Michigan with 34 points.

Meeting in conjunction with the meet, the members of the College Coaches Swimming Association of America elected Spartan pool coach Charles McCaffree, secretary of the association.

Tebbetts Admitted To Ford Hospital

DETROIT, April 2 (AP)—George (Birdie) Tebbetts, Detroit Tiger catcher, entered Henry Ford hospital here today for treatment of a stomach ailment which forced him to make an early departure from two Florida exhibition baseball games last week.

Tebbetts, discharged last winter from the army, hopes to re-join the Tigers during their current 13-game exhibition tour en-route home.

Spartan Linksmen Getting In Shape For '46 Season

Candidates for the Michigan State golf team are working out every Monday, Wednesday and Friday afternoons on the Lansing Country club course in preparation for their 10-match season which will begin with the University of Michigan on April 29.

Leading the field of hopefuls is veteran Jimmie Funston, who Monday shot a 76 on the par 72 links. Funston was a varsity letter winner on the 1941 Spartan crew and is back in school after serving with the Army air forces.

Other outstanding prospects include George Teale, who did 18 holes in 79, Dale Ottman, Ann Arbor freshman who carded an 81 and Jim Anderson from Royal Oak who had one more stroke than Ottman.

From last spring's team are Stu Helliwell and Bud Kien, but both are finding the going tough in regaining their jobs.

Coach Ben VanAlstyne has his eyes on a foursome of freshmen, Fuzz Hart, Jackson, John Wawzsko, Battle Creek, Wally Wheeler, Detroit, and Don Funk, all of whom have shown outstanding form in workouts so far.

WOMEN'S SPORTS

By BARBIE ALLEN

THE last AAU tank meet of the season will be held at the Detroit Women's City club pool Friday evening, Miss Lois Newman, swimming coach, announced yesterday.

Donna Maddock and Amparo Ruiz will be entered in the 200-yard freestyle events from Michigan State. Miss Ruiz is a graduate student from Peru, where she holds swimming titles.

From the following eight women, two will be eliminated for the 160-yard relay assignment: Donna Maddock, Lois Soderquist, Barbara Shipton, Betty Smerik, Doris Pick, Edna Hartman, Frances Lindzaburg and Ruth Garret.

The 200-yard relay team is composed of Doris Pick, Barbara Shipton, Edna Hartman and Donna Maddock. Betty Smerik will swim in the 100-yard breast-stroke event.

Connie Kelly, the manager and Miss Newman have had a very successful team this year as the swimmers have either broken records or won events in every meet.

Conn Shows Speed In First Workouts For June Title

GREENWOOD LAKES, N. J., April 2 (AP) — Challenger Billy Conn, of Pittsburgh, showed his oldtime speed today as he opened his permanent training camp for this coming heavyweight title bout with champion Joe Louis in New York's Yankee Stadium on June 19.

Looking fit at 190 pounds and huskier than ever before after a month's workouts in Hot Springs, Ark., Conn boxed two fast rounds with lightweight Sammy Schipani, also of Pittsburgh.

After the workout Schipani, who was picked for his speed, said "Billy never has been faster. His legs are in great shape. I wasn't able to lay a hand on him."

Following the two rounds with Schipani, the challenger battered the heavy bag for three minutes, spent a like amount of time on the lighter bag and then went through a body calisthenic routine.

He will take his first road work tomorrow and will box four or five days a week during the next month.

Calendar Lists Several Social Activities

Campus sophisticates can don their glad rags in appreciation of the social activities scheduled for this weekend. A Cosmopolitan ball, sponsored by International club, and an Abbot club radio party are included on Friday night's program.

Saturday night will mark the appearance of the informal Soph-Frosh prom in College auditorium, in addition to radio parties planned by the Theta Chis and FarmHouse.

The Cosmopolitan ball, first semi-formal dance of the term, is open to all students and will hold forth in the Union ballroom from 9 to midnight. Jules Klein, Detroit bandleader, and his eight-piece orchestra has been signed for the music.

A half-hour intermission program with specialty acts will be introduced by Peg Killeen, mistress of ceremonies.

Only 300 couples will be admitted to the dance and tickets may now be obtained at Union desk, according to Peter Gerns, Canton, O., junior, general chairman.

STUDENT COUNCIL

(Continued from Page 5)

and the financial status of the organization to the Student Council.

(b) If the Student Council deems the petitioning group worthy of becoming an established college organization, it shall pass its recommendation on to the Faculty Committee on Organizations. If the constitution of the petitioning group meets the approval of this body, the Student Council, at its next regular meeting, shall take steps to inform the organization of the approval of its constitution, and recommend that it proceed with its organization.

Sec. 2. Upon presentation of a written order signed by three members of the Student Council and one faculty advisor, a committee of three Student Council members may examine the activities of any student organization.

Sec. 3. The Student Council, with the approval of the Faculty Committee on Organizations, may revoke the charter of any organization under its jurisdiction, after notifying the organization of the charges against it and allowing a period of two weeks for formal reply.

Sec. 4. The provisions of this article shall not be construed to apply to any of the following organizations: Alpha Chi Omega, Alpha Chi Sigma, Alpha Epsilon Pi, Alpha Gamma Delta, Alpha Gamma Rho, Alpha Omicron Pi, Alpha Phi, Alpha Tau Omega, Alpha Xi Delta, Chi Omega, Delta Chi, Delta Gamma, Delta Sigma Phi, Delta Zeta, FarmHouse, Gamma Phi Beta, Kappa Alpha Theta, Kappa Delta, Kappa Kappa Gamma, Kappa Sigma, Lambda Chi Alpha, Pi Beta Phi, Pi Kappa Phi, Phi Delta Theta, Phi Kappa Tau, Psi Upsilon, Sigma Alpha Epsilon, Sigma Chi, Sigma Kappa, Sigma Nu, Theta Chi, Zeta Tau Alpha.

ARTICLE IX - BY-LAWS

Sec. 1. The Student Council shall

have the power to enact, interpret, and enforce the by-laws to perform its functions.

ARTICLE X - AMENDMENTS

Sec. 1. Amendments may be proposed by the Student Council or by a petition signed by 200 regularly enrolled students.

Sec. 2. Proposed amendments shall be put to vote of the student body at the next succeeding regular general college election, or, if the cause is deemed sufficient by the Student Council, at a special election called for that purpose.

Sec. 3. The proposed amendment, together with the parts affected by the amendment, shall be published in the Michigan State News on at least two separate days during the week prior to election day.

Sec. 4. Proposed amendments, upon receiving the affirmative vote of a majority of those votes cast on the issue and having been approved by the President of the institution, shall immediately become part of the constitution.

ARTICLE X - ADOPTION

Sec. 1. This constitution shall be declared in effect upon a majority affirmative vote at a regular student election, the date to be affixed thereon.

A staff meeting for all reporters, and those interested in working on the State News editorial staff is scheduled for 5 p.m. tomorrow in room 7 Union annex, according to Marion Heckel, editor.

INFORMATION

PHI KAPPA PHI

Phi Kappa Phi will hold an open house tomorrow evening from 7 to 10. The address is 335 E. Grand River avenue.

PSI Upsilon

Psi Upsilon will hold an open house tomorrow evening from 8 to 10 at the chapter house, 810 W. Grand River avenue.

HILLEL

Primary elections for Hillel king and queen will be held today in their office in the Good-

speed building, above Rumpke recreation. Mort Wolf, Best senior, has requested all interested students to stop in and vote between 1 and 5 p.m.

CAMPUS 4-H CLUB

At campus 4-H club meeting tomorrow evening at 7:30 in the Union annex, there will be an installation of new officers and a program by Arnold Haugen, the forestry extension department, Harriet Van Gves, Debate sophomore, publicity chairman announced.

Du Pont Digest

Items of Interest in the Fields of Chemistry, Engineering, Physics, and Biology

NYLON—PRODUCT OF PURE RESEARCH

NYLON exists today because of curiosity—the curiosity of a group of Du Pont chemists who wanted to know more about polymerization, that strange process by which small molecules of a chemical unite to form larger molecules with entirely new and different chemical properties.

Du Pont chemists began a study of polymerization in 1928. They experimented with dibasic acids and within two years had succeeded in forming polyesters with molecular weights up to 25,000. In the spring of 1930, on removing one of these "superpolymers" from the molecular still, one of the chemists noted that it could be drawn out into a thin strand, like taffy candy. But, unlike taffy, it was not brittle when cooled. In fact, the cooled strand could be further drawn out to several times its former length and when so drawn became not only stronger but elastic!

This original ester polymer had a low melting point and was sensitive to water. Nevertheless, it suggested that some related type of polymer might produce fibers which would be of practical use in textiles.

Numerous superpolymers were synthesized and tested. Finally, in 1935, a polyamide was prepared. From it, the first nylon filaments were made—by forcing the molten polymer through a hypodermic needle!

Nylon Polymer Developed

Further experimental work resulted in the development of a polymer that possessed the desired characteristics. This material was later christened nylon.

But the job was not yet done. Research chemists—particularly physical chemists—and chemical engineers were called upon to devise practical methods for making the polymer and for spinning and drawing it into high-quality yarn. Mechanical engineers were given the task of designing plant equipment to carry out the processes. Organic chemists were required to develop new dyeing agents and to find a size to make knitting possible. At one time or another more than 230 research men, engineers and marketing specialists worked on the giant task of converting this child of chemical curiosity into a marketable product.

RESEARCH LOWERS PRICE OF SYNTHETIC UREA

Lower prices, as well as new processes, can result from intensive research. Take synthetic urea, for example. In 1930, urea sold for about 80¢ a pound. Great promise was held for this compound as an industrial chemical for fertilizer and plastic use—if an inexpensive manufacturing process could be found.

By methods then in use, ammonia and carbon dioxide were heated to about 150°C., forming urea and water in equilibrium with the unconverted original compounds. The yield of urea was approximately 43%.

Research by Du Pont chemists and engineers showed that, by adjusting the proportions of the reactants, raising the temperature and increasing the pressure, conversion could be improved materially. But the corrosive mixture resulting quickly chewed up the best grades of steel available.

Long investigation by metallurgists, chemists and chemical engineers finally produced an autoclave in which the operation could be carried on a production basis. Today, Du Pont is able to sell synthetic urea for less than 4¢ a

pound. Men of Du Pont take pride in the fact that their work has made it possible to reduce the price of urea from the "drug" class to a level where it can be used as a fertilizer by the farmer.

Questions College Men ask about working with Du Pont

"WHAT ADVANTAGES DOES DU PONT OFFER A RESEARCH MAN?"

To men interested in pure or applied research, Du Pont offers unusual advantages in equipment, facilities and funds. Men of Du Pont are constantly developing new processes and products, and seeking improvements for established processes. Investigation in the fields of organic, inorganic and physical chemistry, biology and engineering suggest the diversity of the activities of Du Pont research men.
