

It's Evident

Although UNO has not taken the matter, Student council consistently avoided it, Un-Board has made no procla- tion. Panel is silent, Inter-ernity council is mum and State Board of Agriculture is re- tically reticent about the whole thing. The fact remains — here is here — THE DANDE-SS ARE OUT!

Tartar Sauce

Two South Campbellites, trust- following the vet clinic's for their ailing goldfish, sprinkled salt in the water and swung said fish by the tail in an ef- fort to make the blood to its head. Finny now re- in two pieces — tears and gans are in order.

Lombardo Stands s Outstanding Chooser of Songs

Lombardo who will ap- with his Royal Canadians in meet in College auditorium at 8:15, is known as s' Outstanding Picker of Songs. The title was given Lombardo the magazine, Orchestra in 1944 when he intro- eight of the 15 most played of that year. Since 1929 has started more than 250 on their way to popularity. Lombardo arrangements have many onetime favorites as "Humoresque" and "Johnny" on his gram, Musical Autographs. Featured vocalists with the Canadians are Carmen and Marie Lombardo and Don Rosemarie, the young- of the Lombardos to join her s' orchestra, was named her brothers when the band Rudolph Friml's "Rose- as a suggestion. The band's opening signature, "The Widow," while they leave with a Lombardo rendi- of "Auld Lang Syne."

Iran Clamps News Freeze On Writers

WASHINGTON, April 17 (P) —An iron censorship, which some American officials suspect originated in Moscow, was clamped by Iran today upon all news dispatches by foreign correspondents in that country.

The United States state department, announcing the develop- ment as soon as word of it was received here from the em- bassy at Tehran, was consider- ing tonight what action it should take in protest.

U. S. to Object

A strong formal objection may be registered with the govern- ment of Premier Ahmed Qavam.

The censorship is of the "blind" type which denies to the authors of dispatches any infor- mation as to how their stories are being changed. Newsmen regard this as a most dangerous form of news control since it al- lows governments to distort the meaning of stories without any recourse permitted the writer.

Moscow Had Used

In response to questions about censorship conditions in Russia itself, the state department said that Moscow had exercised a blind censorship for a period be- ginning about March 1 and end- ing March 29.

The present censorship in Rus- sia permits the writer of a news dispatch to see a copy of the cen- sored story before it is telegraph- ed.

Students, Alumni Publish Magazine

Volume five of MSC Veterin- arian, quarterly magazine pub- lished by the Michigan State student chapter of the American Veterinary Medical association and the Michigan State Veterin- ary Alumni association, is in circulation, according to Dr. C. F. Cairy, faculty advisor.

This issue, edited last summer by Joe M. Miller, then a junior from Terre Haute, Indiana, now a graduate, and managed by Harry E. Blair, Painsville, In- diana graduate, has just recently been published.

The edition contains articles of interest to students and doctors of veterinary medicine. Such subjects as "The Trend in Fly Control," and "Sporadic Diseases of Sheep" are discussed.

AP Reporter to Talk On Court Reporting At Open Meeting

Roberta Applegate will discuss aspects of court reporting at an open meeting sponsored by Theta Sigma Phi in room 123 of Morrill hall at 7:30, Pres. Jean Jarvis, Detroit senior, has an- nounced.

Miss Applegate, a Theta Sigma Phi alumni and advisor to the journalism honorary, was gradu- ated from MSC in 1940 and got her Masters degree from North- western.

She has been associated with The Lansing State Journal, The Detroit Free Press, and is now with the Associated Press in Lansing.

She covered the recent McKay trials and is now reporting the Jackson prison hearing.

Battle Rages In Changchun

General Marshall Lands In Peiping To Check Spread Of Civil Conflict

PEIPING, April 17 (P) — Chinese communists fought toward the fortified heart of Changchun today after seiz- ing the Manchurian capital's railway station and beating back a hopelessly outnumbered government garrison cut off from air or rail reinforce- ment.

Poland Claims Spain As Atom Research Site

NEW YORK, April 17 (P) —Poland told the United Nations Security council today there were some indica- tions of Nazi scientific efforts to carry on atomic research in Spain and suggested that weapons even more terrible than the atomic bomb might be under experi- mentation there.

The statement was made by Polish delegate Oscar Lange with his demand that the United Na- tions collectively break off diplo- matic relations with the regime of Generalissimo Francisco Fran- co.

Isolate Spain

France and Mexico joined in Poland's effort to isolate Franco- Spain from all the 51 members of the United Nations.

Edward R. Stettinius, Jr., the United States delegate, ended the day's debate with a brief re- statement of American objec- tives: (1) that the Franco gov- ernment should be removed by the Spanish people and (2) that the overthrow should be peace- ful. He did not say definitely how the U. S. would vote on the Polish resolution.

Spain Has Uranium

Lange, in an hour-long ar- gument of the Franco govern- ment, told the council and ob- servers that six uranium mines existed in Spain, and suggested that their output could be the basis of atomic research there.

Dean Advisory Group Elects New Members

At a staff meeting of the school of science and arts yesterday afternoon, three faculty mem- bers were elected to positions on the Dean's Advisory committee, according to acting chairman, Prof. V. G. Grove.

The newly elected members are R. A. Fennell, associate professor of zoology; J. W. Miller, history instructor, and G. G. Gesner, chemistry instructor.

Fill Vacancies

They will fill the vacancies which occurred when J. F. Sykes, association professor of the phys- iology department; O. M. Knud- sen, chemistry instructor, and C. G. Danforth, zoology instructor, resigned from the school staff.

Advisory committee members represent the school's eight de- partments. In this capacity they discuss changes of rank and sal- ary.

Now Serving

Faculty members already serv- ing on the committee are Prof. S. G. Bergquist of the geology department, and Prof. V. G. Grove of the mathematics de- partment.

Others are C. R. Hoffer, associ- ate professor of the sociology de- partment; assistant professor F. C. Strong of the botany depart- ment, and H. C. Barnett, assist- ant professor of the foreign lan- guage department.

OPA Meat Prices Stick After House Revotes

WASHINGTON, April 17 (P) —The House changed its mind tonight about lifting all price controls on meat, defeating on a 172 to 223 rollcall vote an amendment by Rep. Wadsworth (R-N.Y.) to erase meat from OPA's control list.

Detector Guards MSC Pipes

By MARION DOUGLAS Beautiful or "pit-ful," that is the question concerning the pres- ent condition of Michigan State's renowned campus.

The college has, however, in its building and utilities depart- ment a revolutionary new "M- Scope Pipe and Cable Finder" which has the power to shorten the period of excavation to a considerable degree.

Purpose of this unusual de- tector is to locate underground pipes and cables which might become broken in the process of excavating. In the case of such an event happening the college might very well find itself with- out adequate electrical or water power needed to meet its de- mands.

Metal Cases

The detector consists of two rectangular metal cases which are run by battery power. One case, the transmitter, sends out signals when metal is detected; the other, the receiver, picks up the rays and transmits them to the earphones of the operator.

Stakes are then driven into the ground at the point where the vibrations are the clearest,

thus enabling construction work- ers to continue work without fear of cutting off indispensable water or electrical power.

GI Operator

The detector is operated under the jurisdiction of Rolla Noonon, who recently returned to Michigan State after serving three years in the armed forces.

In his position as assistant electrical engineer, Noonon is, in part, responsible for all the electrical work connected with State, including the running of the school's own power plant.

Union Board to Continue Thursday Matinee Dance

Matinee dance, sponsored by the Union Board, will be held to- day in the Union ballroom from 3-5 p.m., co-chairmen Bob But- ler Trenton junior, and Jane Walcott, Fenton junior have an- nounced.

After the success of last week's dance, the Board voted to contin- ue the dances on Thursday af- ternoon. Records will furnish music for the affair.

Tickets may be obtained at the Union desk, Butler added.

As Chinese battled Chi- nese from the streets, office buildings, and rooftops in Chang- chun, General Marshall arrived in Peiping by plane from Tokyo for a supreme effort to check the spreading flames of civil war.

Chinese Speculate on Mission

Chinese officials in Chungking speculated he carried a stern de- mand by the United States for an immediate truce in Manchur- ia.

Associated Press correspondent Tom Masterson, caught in the crossfire in Changchun, radioed an account of the conflict in which 4,999 Chinese government troops, bolstered by 3,000 local recruits, battled 40,000 com- munist attackers.

Forces Strike From North

A communist column, which struck the city from the north- west, mounted machine guns and mortars on rooftops and captured Changchun's only railway station in a night-long battle.

The wall of the railway station further isolated the government defenders, who already had seen the three outlying airfields drop swiftly into communist hands in Sunday's opening assault.

Eight MSC Debaters Travel to Kentucky For Forensic Meet

Eight members of Phi Kappa Delta, national honorary forensic fraternity, left East Lansing yes- terday to attend the forensic tournament at Georgetown col- lege, Georgetown, Ky., today and tomorrow.

Three coaches, R. W. Starring, men's debater Joseph Menckner, extempore speaker, and Charles Hampton, oratory, ac- companied the debaters. They will return by private cars fol- lowing the contest.

Tennis Players, But No Courts

By constructing the new Phillips-Snyder dormitories on a site formerly occupied by tennis courts, the college has put a cramp in tennis court facilities.

We could never boast of having enough courts to meet student demand, but now, with more students on campus than ever before, and with fewer courts to be had, tennis enthusiasts are having a hard time of it.

Student attendance at the recent Budge-Riggs match indicates that the sport is as popular as ever. But every day discouraged persons turn away from the overcrowded courts near Demonstration hall.

Michigan State college is fortunate in having an extensive campus. South of the Red Cedar in the vicinity of the fieldhouse, there are several open spaces that could be utilized for tennis courts.

By providing additional court facilities, the college can make tennis playing possible for many more students who would readily avail themselves of the opportunity.

INFORMATION

STATE NEWS STAFF

State News general staff will meet today at 5 in room 7 of Union annex. Editor, Marion Heckel, requests that all reporters be present.

PARACHUTE CLUB

Parachute club will meet tonight at 6:30 in the Union lounge. Bart Issacsen, Detroit freshman, has announced.

Affairs of State

By LIZ CORRY and THAIS LUCAS

THIS is the time of the year when a State coed will cut a day of classes in order to have ample time to select a new spring bonnet. It invariably turns out, however, that when she dons it Easter morning, her man of the hour laughs harder and longer than he ever did at any of her prepared witty conversation. Life does have its unhappy moments but it also has happy ones, and the latter will be considered now.

It was a happy moment Monday for Dorothy Ann Dye, Chi O senior from Birmingham, when she became Mrs. Edmund T. Griffin. Her husband is a major in the regular army and they were married in Miami, Fla. Sorority sister Helen Freemire, is following in Dorothy Ann's footsteps. Helen, a senior from Detroit, received a diamond over the weekend from ex-Spartan Bob Price, now a Delta Chi at the University of Michigan.

Barbara Wright, Saginaw freshman, is now wearing a ring on her third finger left hand. Barbara received her diamond from Dick Fox, Battle Creek freshman.

Joyce Howlett, Howell senior, and Rita Makoski, Grand Rapids junior, Alpha Gams, were floating on cloud nineteen last weekend. Joyce received an AGR pin from Gary Granger, sophomore from Durand, and Cliff Boyce, med student at University of Michigan passed his ATO pin to Rita.

The Phi Kappa Tau house has new officers, new actives, and to keep the pot boiling, new pledges. Jim Shimer, Kinston, N. C., junior, is the new president. Other new house officers are Rip Godfrey, Mt. Clemens senior, as vice-president; Warren Pearse, Detroit junior, secretary, and Chuck Costa, Detroit junior, treasurer.

Four men were formally initiated Sunday. They are Jay Nichols, Bob Stearns, Walt Bourque, freshmen from Detroit, and Bob Walters, Mt. Clemens sophomore. The new pledges are Chuck Dickey, Detroit freshman; Bob Brower, Oxford freshman, and Jim Brown, Mt. Clemens freshman.

The men to fill the offices at the Phi Delta house are president, Fred Hauser, Detroit junior, vice-president, Dick Newberg, Tusculoosa, Ala., junior; secretary, Bob Thoits, Grand Rapids junior; treasurer, Dick Hart, Detroit junior, and warden, John Osmer, Grand Rapids junior.

TONIGHT PAT O'BRIEN in "MAN ALIVE"

"Why can't we plan for the future, Otis? I read that if there is an atom war they won't need soldiers or sailors."

Tourist Council to Discuss State Restriction

LANSING, April 17. (AP)—Efforts to eliminate tourist restrictions on border crossings between Michigan, Wisconsin, Minnesota and Ontario will be discussed May 14 and 15 at a meeting of the Northern Great Lakes Area council in Toronto, Michigan members said today.

The Michigan Tourist Council meeting with Governor Keene said border regulations regarding fishing and game, and sale of produce, customs and other changes would be discussed from a view to seeking agreement between the four governments on reciprocal treatment of tourists.

Name Hurlers For Spartan's Opening Tilt

Coach John Kobs last night announced that Joe Kriski will be his pitching selection for Friday's opening game with the University of Wisconsin. The game is scheduled to get under way at 4:10 and will mark the first home appearance of the Spartan nine this season.

The last time the Spartans met the Wisconsin nine met, the players took both ends of a doubleheader. These were played in Madison during the 1943 season. So the powerful State team will be out to revenge their

Such Moves to First

Kobs sent his infielders through their paces yesterday morning, using Dick Massuch as the first base pitcher. Massuch started the

Games to be Aired

Chuck Anthony and Larry Moore will broadcast all Michigan State home games this season over the college station WKAR, starting with the Wisconsin series at 4:15 tomorrow and Saturday at 3.

and dolls as an outfielder but he does not show enough talent to merit a berth on the southern team. Looking for hitting power, Kobs finds Massuch's slugging ability has improved considerably in the recent inter-squad games.

Right Handed

Massuch hits right handed, the regular first sacker Jack Phillips swings from the left side of the plate. Therefore if Wisconsin uses a southpaw Kobs will play Massuch.

The race for the second base position is keen in every practice game between Bob Groves and Gregory. Both are exceptionally good fielders and Kobs will undoubtedly just who will be the field for the opener.

Spartan Trudger To Be Selected Today

Three turtles, offered by Spartan students to represent Michigan State in the University of Detroit Turtle Trudge April 25, will be put through their paces this afternoon at 3 in the State News office to see which will wear the Green and White.

"Quincy," owned by Barb Wright and Shirley Overmire; "Spartan" entered by Pat Paul, and "No Name," owned by Jim Pruett, will stage a junior trudge under the careful eye of Spartan mentor, Peyton Marshall. He has been training Quincy and

two more candidates for queen were received yesterday several hours before the midnight deadline. Jerry Lou Smith, a Farmington freshman, is the choice of East Mayo, while Doris Pick was chosen by her sorority sisters of Alpha Chi Omega as their candidate.

A picture of the winning coed will accompany the terrapin. Her photo will be matched against those entered by other colleges and universities who are sending turtles to compete in the trudge.

Two more candidates for queen

Ninth Inning Hits Win for Browns In Second Game

DETROIT, April 17 (AP)— Raising for two runs in the ninth inning on a pair of hits, two walks and Vern Stephens' pinch hit, the St. Louis Browns defeated the Detroit Tigers here today, 7 to 6.

Stephens, Brownie shortstop who went to Mexico and back just before the season opened, knocked in the tying run with a long fly in the ninth, his first time at bat this year.

The victory went to southpaw relief pitcher Sam Zeldak, who worked only 1 1/2 innings after relieving starter Newmar Shirley. Virgil Trucks, charged with all seven St. Louis runs, was the loser although Stubby Overmire and George Caster saw service for Detroit in the ninth.

Walt Judnich, with a double and a homer, drove in three runs for the Browns while Hank Greenberg, with a single and a double, Dick Wakeland, with a lanky single, and Pinky Higgins, with a timely double, each batted in two Tiger runs.

Net Team Named For Initial Go With Wildcats

Opening with Northwestern university in Evanston Saturday the Michigan State tennis team will begin a 13-match schedule that ranks in toughness with any ever attempted by a Spartan team.

Coach Charles Ball has named Roger Cessna, Herb Hoover, Bob Malaga, Dave Phillips, and John McGrath to the traveling squad. Either Carl Frans or Tom Martin will be named to fill out the team on Friday.

Both Cessna and Hoover are returned servicemen who rank one and four on campus as a result of the squad's recent round-robin tournament.

In the number two slot will be Malaga, a freshman from Cleveland who last summer won the Ohio junior championship. He will probably team with Hoover in doubles, while either Phillips, who will be playing third in singles, or McGrath will join Cessna for doubles.

Fifth and sixth single slots for the Spartans will be filled by McGrath and Frans or Martin. In all, six singles and three doubles matches are played.

Following the Northwestern match the Spartans will return to East Lansing and next Wednesday they journey to Ann Arbor to meet Michigan. From there they play Ohio State, Cincinnati and Kentucky all on their opponents' courts, on consecutive days following the Michigan affair.

WOMEN'S SPORTS

By BARBIE ALLEN

KITTY Weiff, of Kappa Delta, was the big individual star in women's softball action so far this week by virtue of the two home runs she hit with the bases loaded, while her sorority drubbed Mason 9 by a one-sided 20-1 count. Miss Weiff also handled the pitching chores for her club.

Alpha Phi's star twin-sister battery of Janet and Joyce Johnson led the Phis to their second straight win, this time an 11-7 decision over South Williams.

In another contest, the score of which sounded more like a football result, Alpha Xi Delta outslugged Mason 5 in a wild contest, 22 to 7. Mary Shriner was the winning pitcher and was caught by Gloria Oster.

Mason 6 dropped West Mayo 7-1; South Campbell took a close one from Chi Omega, with Margaret Horski and Janet Squires doing outstanding work for the winners; and Zeta Tau Alpha outran North hall 11-8, to give Margie Yerkey a mound win in other contests.

Delta Chi and Phi Tau Win In Second Night Of IFC Net Trials

Two matches were played last night on the college courts in the second day of the interfraternity tennis meet.

Delta Chi took its match from Delta Sigma Phi, 6-2, 6-2. Don Goulais and Willie Drudge represented Delta Chi in the match against John Fredricks and John Clark of Delta Sig.

Lambda Chi Alpha forfeited to Phi Delta Theta. Bill Utman and Bob Ferguson won two sets for Phi Kappa Tau in a match against Kappa Sigma. The final score for the contest was 6-1, 6-0.

ete Fusi Hurls Abbot 18 To Win

By JACK WORTH
ete Fusi pitched his Abbot 18 to a whitewash 17-0 win last night for his mound triumph of the Fusi allowed only two runs and fanned 11 while his mound pounded out 18 bingos.

In the closest contest of the season Abbot 16 pushed across the final inning to eke out a 1-0 count from Abbot 14. Ray Collins, winning pitcher, won a trio of hits and struck out three.

which the winners drove across four tallies was the deciding factor.

In the other game Abbot 17 took a 3-2 game from Abbot 13. The winners scored all of their runs with the aid of but one hit off losing pitcher Mike Haley.

Psychology Films Shown To Classes

A series of films will be shown throughout the term to the psychology classes, according to Sidney H. Newman, acting head of the philosophy and psychology department.

Films concerning abnormal psychology and mental hygiene will include "Psychoneurosis" and "Frustration Play Techniques."

Certain phases of human relations are dealt with in the films "This is Robert," "The Boss Didn't Say 'Good Morning,'" and "Guidance Problems for School and Home."

The films in the last group are of physiological nature. They include "How the Eye Functions," "How the Ear Functions," and "The Nervous System."

Psychology Major Receives Teaching Position at UCLA

Edward L. Hunt, East Lansing senior, has received a teaching assistantship in the department of psychology at the University of California in Los Angeles for the year 1946-47, Sidney H. Newman, acting head of the philosophy and psychology department, announced.

During his senior year Hunt held the position of a psychological intern at the Boys' Vocational school in Lansing.

This work was made possible by an agreement between the department of psychology and the Boys' Vocational school whereby outstanding psychology majors are given the opportunity to obtain practical experience in their chosen field.

INFORMATION

(Continued from Page 2)

WOLVERINE

Wolverine staff members will meet today at 5 p.m. in the Wolverine office. Editor, Dorothy Englehardt, stated that the meeting will concern applications for the 1946-47 Wolverine staff.

PHILOSOPHY CLUB

Philosophy club will meet tonight at 7:15 in 130, Morrill hall, Pres. Doris Livingston has announced.

INTERNATIONAL FESTIVAL

All persons who filled out cards and are connected with the International festival in any way are requested to be present at a meeting tonight at 7 in the International center. Margaret Overmyer, Detroit sophomore, especially asks that all committee

chairmen attend.

SPARTAN CHRISTIAN FELLOWSHIP

Gordon Roloff will speak tonight at the Spartan Christian Fellowship meeting at 7:15, 435 M.A.C. All students and faculty members are invited.

SIGMA CHI GAMMA

Sigma Chi Gamma will meet tonight at 6 for dinner at Hunt's. Members who cannot be present for dinner are requested to attend the business meeting at 6:30 in 15, Union annex.

ALPHA EPSILON RHO

Alpha Epsilon Rho, radio fraternity, will meet tonight at 7:30 in 111, Union annex, Merrill Walker, Niles junior, announced.

PI ALPHA

Pi Alpha, sociology club, will meet today at 7 p.m. in 111, Un-

ion annex, according to Joyce Halbert, Battle Creek member.
