Roberts Chosen To Hurl In Today's Wayne Tilt

By JIM CARR

Robin Roberts, who halted the University of Detroit late in the eleventh inning of Monday's game, will be John Kobs' choice to hurl for the Spartans this afternoon when State meets Wayne university for the second time this season on Old College field at 4:10.

Wayne already holds an 8-7 victory over the Spartans this year. The Tartars won the first game of the home and home series played on their diamond in Detroit in April 24.

Pepler Starts

Kobs also plans on starting Pat Pepler in the State outfield along with Floyd Guest and Ed

Sobczak. Pepler scored the winning run against Detroit Monday in the eleventh inning after he singled, stole second, and came home on Jack Breslin's long single.

Collins to Catch

Roberts will oppose right-hander Jack Hooven. Hooven received credit for the win over the Spartans earlier this year when he hurled only the last inning. He was the third Tartar pitcher to face State that day.

Bill Collins, an old timer of the Wayne nine, has been called on to do the receiving duties. Collins' timely single produced the winning tally against the Spartans in the earlier MSC-Wayne contest.

Bucky Walsh will be State's coaching staff's selection to do the catching this afternoon.

Dick Charles to Play For Seniors Tonight

A special senior dance will be held tonight immediately following the band concert. The dance will be held in the Union ballroom until 11:30. Dick Charles and his orchestra will furnish the music.

Only one person of the couple must be a senior to attend. Admission is free.

College Celebrates 89 Years Of Progress

By BARB CRIST

Eighty-nine years ago this week Michigan Agricultural college was dedicated by the board of education of Michigan. The dedication took place on May 13, 1857, with Governor Bingham and several other officers of the state government attending the ceremonies.

A great many interested citizens from various parts of the state also attended, even though railroads afforded transportation no farther than St. Johns and Jackson, so that they had to travel over muddy roads in order to reach Lansing.

College To Sell More Tickets To Mardi Gras

An additional number of tickets for the Mardi Gras dance Saturday evening will be put on sale at the accounting office tomorrow morning at 8. John Potts, ticket chairman, has stated.

Tickets will be limited to one per student and identification cards will be required. "This will enable everyone to buy a ticket at the regular price and put an end to the rumors that scalpers are using this dance to better their own needs," Potts added.

The dance will take place in the College auditorium from 8 to 12 midnight. Les Brown's orchestra will supply the music for the affair.

King and queen of the annual event will be crowned during the intermission. Preliminary voting for candidates will be held in the lower deck of the Union tomorrow.

Students To Ballot In Council Contest

Polls Will Open At 8 a.m. Today

From 8 a.m. to 5:15 p.m. today, State students will find the polls open in the Union lower deck for balloting on next year's Student councilmen. A larger vote total is expected in this final election than was received in the

primary. John McCaughna, election chairman, predicts.

Eighteen representatives will be chosen from the six schools and Basic college. Each school will elect one senior and one junior representative. Science and Arts will have four councilmen, divided between seniors and juniors. No class distinction will be made for veterinary science representatives.

Seven Seats for Basic

Though seven council seats have been designated for Basic college, only four sophomore representatives will be elected today. The three remaining seats will be filled next fall from the incoming freshman class.

Candidates for senior representative from Science and Arts are Kathleen Masson, Dick Mosher, Tom Procissi, and Mary Schuyler. Junior representatives from this school will be chosen from a slate of five including Joe Bogart, David Broderick, Bob Byerly, Ruth Meinke, and Bill Page.

Additional Candidates

Business and Public Service senior councilman will be either Paul Cline or Don Lamont, with Don Borgeson and Nick Gregory contesting for the junior seat.

Grace Johnson and Irene Linck are candidates for senior Home Economics representative. Next year's juniors in this school will choose between Marian Dudgeon and Margaret Foster.

Engineers will decide between Tom Loring and Frank Prescott for senior councilman, and between Charles Bachman and Sara Donelson for the junior seat.

LETTERS to the EDITOR

EDITOR'S NOTE — All letters to the editor submitted with the intention of being published, must be signed by the writer. If he does not want his name to appear with the letter, it must be indicated. No letters will be considered for publication unless the writer is known. The opinions expressed are those of the writers and not necessarily those of the editors.

To the Editor:
Your music critic writer in Wednesday's paper; "Tremendous applause, and some of it in the wrong places, greeted Eugene Ormandy for his skillful conducting of the Philadelphia orchestra in College auditorium last night." Now why doesn't he go on to explain the "right and wrong places" to applaud?

Since coming to State, I have attended many of the excellent concerts presented on the campus, and I have been dismayed by the "auditorium habits" of some in our audience. Very few concerts ever start on time because a large percentage of the audience hasn't arrived. When the evening's entertainment does get under way, it is interrupted once more between the opening and second selections on the program by late comers scurrying to their seats.

Coming back to the point that inspired this letter, can't something be done to teach the audience that applause between movements of a symphony or concerto is incorrect? In my opinion, it breaks continuity and interrupts the flow of the music. The composition isn't finished just because the orchestra pauses a moment; a movement cannot stand alone. At the end of one movement you anticipate the material to be presented in the next.

Now I'm no musician; I'm only an ardent concert goer and my musical education is meager. Isn't there some way we can have better informed concert audiences? Possibly a column in the State News and a series of programs on WKAR would suffice. The material would not have to be technical; merely a few items on symphonic forms, how concerts are planned, and perhaps examples of the more popular symphonies and concertos.

Knowledge of this sort would prevent embarrassing situations such as happened at the recent MSC symphony concert. A cell-

ist finished a selection and no one applauded because they didn't know it was finished. This sounds foolish but it actually happened. I think we have a need for some extra-curricular education. What do you other readers think?

A. W. Biskley.

To the Editor:
I have something to say to anonymous, to all the anonymous council candidates, and to the anonymous voters.

Before we "correct our own faults" as you suggest and in the manner which you propose, let's analyze those faults and see how they should be corrected.

Too much emphasis has been placed upon the voting and not enough upon what we are voting for. I maintain that the following things are wrong with student government:

- 1. Lack of authority
- 2. Unilateral representation
- 3. Too much centralization
- 4. Lack of publicity

These first three items are controversial. The problem of how much authority the student government should have must be ironed out between student representatives and college authorities. However, by placing more responsibility in the hands of the students the college will do much to stimulate greater student interest and cooperation.

The student council is now elected on the basis of school representation. Does this adequately represent our varied interests in all college activities? Wouldn't it be better if each recognized organization on campus such as veterans, clubs, and letter societies, expressed their views also?

Furthermore let's move the voting booths into their respective precincts such as the Home Ec building, Olds hall, Ag hall, etc., and leave the Union lower deck for advertising and campaigning.

Most important of all is publicity. We, as voters, must demand to know something about our candidates. It is wise, naturally, to limit campaign expenditures, but advertising and publicity for an election such as this need not be costly.

Those who wish to be elected, See **LETTERS**, Page 8

That Does It

By MARION HECKEL

MODES of transportation around the campus are a never-ending source of delight to me; for instance, the beautiful blue bicycle outside the Union annex entrance yesterday afternoon that was obviously designed with an eye to avoid petty thievery. The entire structure was reposing against the wall of the building, and looked faintly like a take-off on the headless horseman of Icabod Crane fame. The handle bars had been removed, and no rider would have dared chance a trip with no hands.

Not only the bicycles, but their slightly bigger brothers, the motor bikes, are to be dogged during the between hour rush. Any, by far the most enterprising, is the patient fellow who jumps the peddles daily of the motor cycle which goes scooting around. All in all, though, the general run of us seem to favor the ever-popular technique of picking 'em up and laying 'em down.

One of these days, the trolley car that was once run on the campus might come back into use, but till then, wonder if some enterprising pedometer company couldn't make a little money on the side by supplying students with gauges to record their daily mileage.

Why were groups and couples of Michigan State college students accosted by members of the campus police Friday and Saturday nights and their names recorded on grounds that had not previously been announced as a criminal offense? Smooching was the crime.

Walking is a year-round custom at State, but the revival of something that is traditionally for spring starts tonight with the first of the college band concerts. Played outdoors in the infrequently used band shell, the concert affords students and faculty alike one of the nicest possible pleasures of the year.

We always seem to have a habit of deriding the nice things of life when we have a chance at them here at school, but graduates come back up with the old refrain of "make the most of what you get, it'll never be the same," and hearing these concerts with fellow-student performers is one of those things.

This also seems the obvious spot to mention the contents of one letter to the editor on the manners of MSC audiences at concerts. Author A. W. Biskley suggested an explanatory series of programs on WKAR as one of the obvious means for educating the public on the hows, whys, and whens of applauding. He has something there.

As college students, and future graduates (anyone can easily see that the very near graduation ceremonies are beginning to be important) we should have at least a rough knowledge of good conduct in the concert hall or lecture hall on applauding, attendance and arrival.

Emily Post says late arrivals are almost inexcusable, and Mrs.

Presidential Signature Extends Draft To July 1

WASHINGTON, May 14*

President Truman affirmed a reluctant signature tonight to a stop-gap bill extending the draft until July 1, banning the inductions of seniors and youths 18 and 19 years old.

Confronted with the alternative of accepting the amendments or letting the whole war selective service law expire at midnight, the President chose "the lesser of two evils," his secretary put it.

President Disapproves
The secretary, Charles G. Ross, reported that the President regarded it as a "bad bill." It passed because the two houses of congress were unable to get together in time on a two-day extension.

Less than six hours before the midnight deadline, the senate passed the house restrictions on inductions, and senate secretary Leslie Biffle sped the measure to the White House.

Secretary Ross informed the President doesn't like it but feels, as some of his advisers do, that it will be better than have confusion result from failure to gain legislative support for the force inductions.

News in Brief

PARIS, May 14 (AP) — U. S. Secretary of State James F. Byrnes proposed tonight that the four-power conference of foreign ministers adjourn until June 15, trying meanwhile to reconcile its differences, and that the 21-nation peace conference be reconvened at once for July 1 or 15.

TEHRAN, May 14 (AP) — Premier Jafar Pishevari of the self-proclaimed autonomous regime in Azerbaijan province declared tonight that troops of the central Iranian government had "moved to our borders, but we are not afraid of an attack."

WASHINGTON, May 14 (AP) — Representatives of the railroads and the unions agreed to resume negotiations tonight after President Truman intervened personally in an effort to head off a threatened strike by 250,000 engineers and trainmen.

WASHINGTON, May 14 (AP) — John L. Lewis demanded for his United Mine workers today the sole management of a health and welfare fund built on a seven per cent payroll levy and vowed he would negotiate no contract "now or later, that does not provide such a fund."

WASHINGTON, May 14 (AP) — Senate opponents of swift labor control legislation brought out unexpectedly today a counter-proposal for investigation of the causes of strikes and industrial disputes.

After a meeting of 16 senators, Senator Murray (D. Mont.) told reporters it was the consensus that senate action on labor should be delayed until such an investigation is made.

Veterans Voice Social Viewpoints In Discussion With Campbellites

Setting a theme note of "moderation and let your conscience be your guide," six veterans from the Red Cedar post of the American Legion met with the women of North Campbell hall last night as their guests to discuss and exchange views and dating, student activities, and other current campus topics.

Under a rapid firing of questions the men gave a man's eye view of dating. They have yet to meet any "eager" girls and actually feel that if anything, campus social life is becoming too formal and is losing its friendliness.

Dates Discussed
When asked what they expect of their dates, their first point was for a date to leave the wandering eye at home. The coed is out with one fellow for the evening and should devote her attention to him, not to setting a new record on the number of people she can meet in an evening.

On the problem of dress it is only consideration for the other on the part of both the men and women to dress up for a date. Whatever the women want to

wear to class is all right with them, but it is nice to see them in a different type of clothes for dates.

Larger Dances Plugged
They unanimately agreed that the inability to meet women outside of classes could be substantially remedied if weekly college dances were held in the auditorium.

The Union ballroom has been sadly outgrown for all-college functions, they declared.

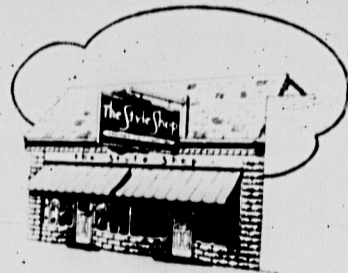

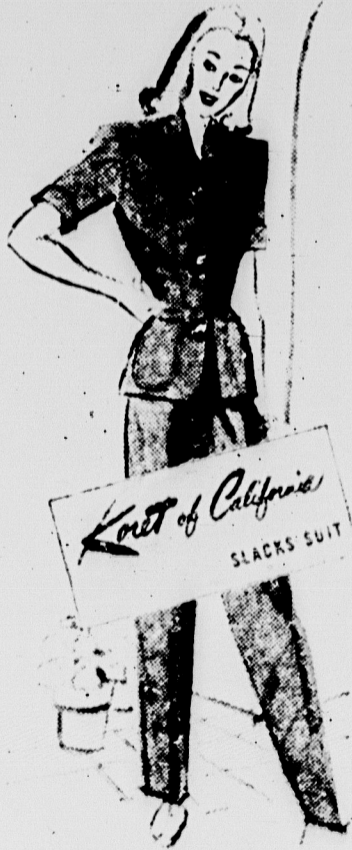

Discussion on student participation in activities centered around the current student council elections. One of the main reasons they felt for the lack of votes at student elections was the lack of voting places.

Congestion Discourages Voting
Lines do not encourage busy students to stop, and many even find it difficult to get over to the Union building. It was suggested that voting booths be set up in some of the classroom buildings.

The discussion ended on the veterans last word of advice. Follow the three little monkeys, what you don't hear, speak of see won't hurt anyone.

forming the Scalp Society, and they proceeded to do a fine business without touching a hair of anyone's head.

Through the years this trick of the trade has been handed down and traces of it can still be found. The ghosts of the Indian and the student walk the campus in the form of big dealers. The axe has been abandoned, but the scalping still goes on. And if anyone would like to buy a ticket to the Mardi Gras, the Scalp Society will do it for you. For say about \$10.

About this time there are a few vocal cords which will be very glad when the sorority sing is over Sunday. It is much better to have been born tone deaf and a monotone than a lifting soprano. For the lifting sopranos are hopping out of bed every morning at 7 and screeching away for an hour before breakfast. That is when it's raining. The other mornings they arise at 6:30 to hike over to the band shell for a little work out.

Maybe it's true that music calms the savage beast, but all the beasts I've seen lately have been curling up their toes and dying.

ATO, FarmHouse Nines Win Block Championship

In the interfraternity softball games last night, Alpha Tau Omega defeated the Delta Sigs 3-1 behind the steady hurling of Jack Sprague, and thereby won the block 4 championship.

A three run uprising off Johnny Clark in the third inning, featured by straight hits off the bats of Bob Haggerty, Sam Fortino, and Bill Elmers was the game's clinching rally.

FarmHouse also captured the block 1 title as they defeated

Alpha Epsilon Pi 3-1. Bert Peffers pitched two-hit ball and struck out 11. The sterling pitching of Peffers was backed up by the big bat of John Barber who weighed in with a home run and a single for FarmHouse.

Ed Cookson hurled and batted Psi Upsilon to a 6-2 victory over Theta Chi. Cookson struck out nine and collected himself a long triple to help his own cause.

During a desperate fifth inning rally by Theta Chi, Dick

Taylor collided with first baseman Dick Kvitik while running out an infield fly, and received laceration on the chin. He was forced to leave the game.

In the other game of the evening, Sigma Chi won over Delta Chi 7-4 as Fred Meyer outlasted two Delta Chi pitchers. Johnny Haas hit a home run for Delta Chi. Early wiliness by pitcher Walt Naas gave Sigma Chi a lead that couldn't be overcome.

Tigers Win String Broken As Nats Knock Out 20 Hits

DETROIT, May 14 (AP) — The Detroit Tiger's eight-game winning streak blew up today in the face of a 20-hit Washington uprising that produced a 15 to 1 triumph for knuckler Roger Wolff.

Wolff, coasting to his third victory of the season, had a 10-hit shutout until Tiger* center fielder Anse Moore homered in the ninth.

After tagging lefthander Hank (Stubby) Overmire for a run on a five-hit attack in the third, the Senators really hit-wacky in the fifth, scoring eight times off Tommy Bridgman and George Caster as 12 men bled and seven of them hit doubles and a single in as many trips.

Everybody in the Washington lineup had at least two hits except Wolff, who didn't get any, and first baseman Mickey Vernon, who singled and walked in the big fifth inning and scored both times.

Overmire Retires
Overmire retired for a pinch-hitter after yielding three runs and seven hits in three innings. Bridges lasted an inning and two-thirds and was charged with six runs, while Caster finished, also giving up six Washington tallies.

The topheavy victory put the fourth place Senators just 2 1/2 games back of third-place Detroit.

Doubles in Ninth

Nats slugged out eight expensive blows, including Buddy (Lefty) Callahan's three-run homer in the ninth and seven doubles, three of them in the ninth, as four more scrambled across.

Callahan, with a homer, double and single in six times at bat, led in five runs and Jeff (Lefty) Grove in four with three

Group Completes Plans For Archery Tourney At Allegan

By CHUCK STRATTARD
Wild O. Haugen of Michigan State College's game extension department and the midwestern representative on the directorate of the National Field Archery Association, said in an interview that the first annual national field archery tournament will be held during a three-meeting at Allegan in August.

The show. The wild game conservation department is cooperating with the archery association in helping to stage the tourney, and several newsreel companies have been contacted, and it is hoped that there will be camera coverage during the meet.

Haugen was enthused over Allegan as the site chosen by the National Field Archers association for the first contest. "It is probably the best deer hunting section in Michigan," he stated. The course that the archers will use, covers over a half section of some of the most rugged land possible.

Plan Shelved by War
The National Field Archery association had originated the idea of this annual tournament five years ago just before the war started but when the United States entered the world conflict, plans for this tournament were shelved temporarily. Now the

association has gone back to work, and this year's meeting will be the fulfillment of those plans.

Haugen believes that with the ever-growing group of archery enthusiasts all over the country, each succeeding year's tournament will be met with a greater number of both participants and fans.

From the actual participants, there will be spectators showing all types of archery equipment available to the outdoor man.

On this, Haugen has his technical knowledge of archery equipment gives him material that even the Indians had.

The underway to make this annual affair a huge success. Conservation officials of the state of Michigan will be in attendance, and it is expected that Wisconsin will also have a delegation of officials to

Wolverines Card Nine Hit Victory Over Notre Dame

ANN ARBOR, Mich., May 14 (AP) — University of Michigan batters rapped out a nine hit attack this afternoon to defeat Notre Dame 7-1 while the Irish were limited to five scattered hits.

Third baseman Walter Kell set the Wolverine's pace by slugging a rightfield home run on the first pitched ball and centerfielder Bob Nusslaumer hit Jack Farrell's second offering for a single.

In the second inning two more runs were scored on rightfielder Bob Chappus' single, two errors by third baseman George Schneider and a single by pitcher Cliff Wise, and in the third frame the Wolverines went out in front four runs when shortstop Don Robinson stole home.

Lefty Bliss Bowman faced only six Irish batters in the sixth and seventh and Earl Block wound up the mound duties by allowing two hits, Kozlik's triple and Mayo's single.

Hermie Says —

By TOM RIORDAN

SATURDAY'S inter-squad football contest uncovered a speedy little halfback who may turn out to be one of Michigan State's great scat backs. A 160-pounder, George Guerre, Flint freshman, is a fast starter and proved that he has a lot of elusive ability for open-field running.

Guerre got away for three of the first team "Blues" six touchdowns as they romped over the "Whites" 36-0. Of course there was some loose play, but this was expected. The important thing is that Coach Charley Bachman now has a pretty fair idea who will be playing next fall.

Now that the six weeks of drills are over the gridders can get back to the books and make sure of their eligibility for the coming season.

Marty Hansen Shakes Batting Slump

Spartan short stop Marty Hansen has started hitting once more after going through a long batting slump during the first part of the season.

Against Notre Dame Marty parked a fast ball over the right field screen the first time he was up with one man aboard. This blow sparked a four-run MSC rally in the first inning.

In the ninth with the score tied, Hansen crashed a triple to the scoreboard. However, when a young lad sitting in front of the screen picked the ball up and tossed it to the Notre Dame center fielder, Marty was waved back to second by the umpire, who stated it was a ground-rule double.

Hansen watched Arnie Suhart do a swell job of short stopping for the Spartans against Michigan Normal last Friday and this may have had a little to do in

Marty's return to top form. It's no secret that several big league scouts are interested in signing Hansen.

Doctor says that people seldom worry that gives them the bulge on the rest of us.

LETTERS to the EDITOR

(Continued from Page 2) though, will have to do some work and may even have to appear in a rally. We should also broaden the restrictions imposed upon publicity. Students refuse to vote for anonymous candidates.

Let us also publicize the activities of the student council once elected, establish an accessible suggestion box for each representative and fill that box with suggestions from all of us for better student government.

THAT DOES IT

(Continued from Page 2) Post's book is written from the basic standpoint that good manners are really just understanding, cooperation, and courtesy. That's what we can use.

Here's one gal's suggestion for this mess called ticket selling for the big dances. Why not have the system of a check off list combined with use of a student activity book ticket for each of the dance tickets? This might serve somewhat to alleviate the petty slight-of-hand that goes on each time. Obviously all the students on campus couldn't be jammed into College auditorium, but there must be some method for avoiding the confusion that's running rampant.

Spartan Posts Open

Positions on the advertising staff of the Spartan are still open to those interested in sales, promotion, and accounting. Applications will be accepted this afternoon from 1 to 5 at the Journalism office, Union annex.

Union Board Picks Committee Heads For Coming Year

Pres. Bob Butler, Trenton junior, announced that the Matinee dances will be discontinued for the remainder of the year.

COUNCIL

(Continued from Page 1) are David Larson and Mary Miller, Junior councilman for this school will be Mary Ann Bowman who is running without opposition. Veterinarians will elect two representatives from the three candidates listed on the ballot: William Jackson, Carl Clark, and Russell Abbott.

Basic college candidates include Margee Lou Babcock, Dick Beals, Barbara Davies, Jack Goodrich, Dawn Haugan, Richard Prince, Charles Proctor, and Gerald Warren.
