No. 2

## Osgood Named As New Head Of Physical Science Division

Dr. Thomas H. Osgood, head of the physics department at MSC since 1941, has been named the director of Physical Science. He is succeeding Dean R. C. Huston, who has been the acting director since the reorganization of the division in 1944. Dean Huston will remain as dean of the Graduate school.

Doctor Osgood attended St. Andrews university, Scotland, received his master's degree from the University of Chicago and a Ph.D. from Cambridge university, England. He has published numerous articles and is the editor and part author of "An Outline of Atomic Physics." He is a fellow in the American Physical society.

Prior to coming to Michigan State, Doctor Osgood was head of the department of physics at the University of Toledo. Before that, he was engaged in research at the University of Chicago.

THOMAS OSGOOD

New Physical Science Head

## Darkness Before The Dawn

### Book Shortage To Get Worse

#### Public Administration Plans Special Course

Dr. W. H. Combs, head of the department of public administration, will direct a special summer session course of a workshop in state and local government. The course will be held July 8 to 26 and offers five credits.

Open to Michigan State students for credit or to visitors, the program is designed especially for teachers of civics and government. Members of faculties from Michigan colleges and public officials of Michigan will give lectures or lead discussions.

The workshop is sponsored by the department of public instruction and the Institute of Local Government.

## Union Announces Summer Hours

New cafeteria and grill hours effective immediately were announced this week. Grill will be open weekdays in the morning at 7:15 and close at 4:30 p.m., Saturdays from 7 a.m. to noon. The cafeteria will serve breakfast at 7:30 to 8:15, lunch from 11 a.m. to 1 p.m. and dinner 5 to 7 p.m. Sunday dinners are from 12:15 to 1:15.

At the Union desk the following services are available. Cigarettes, school supplies, magazines and new and used text books.

## Engineers Attending Meeting In Detroit

Prof. Leroy S. Foltz and Prof. M. M. Cory are attending the national summer convention of the American Institute of Electrical Engineers in Detroit this week. Prof. Foltz, head of the department of electrical engineering at MSC was recently notified of his selection as a fellow of the AIEE.

Dr. Joseph A. Streisoff, associate professor of electrical engineering, is in New York city this summer studying industrial plants and the application of electronics to industrial uses.

Just like the shortages in everything else, the shortage in college text books is due to get generally worse before it gets better. N. A. Eklund, head of the veterans book store in Demonstration hall, said yesterday that books pertaining to engineering, geology, horticulture, and botany are and will continue to be the most difficult to obtain, whereas those for Basic college are easing up and will be no problem this fall.

Chief reason for the shortage is a lack of paper of suitable quality, and the labor situation. Schools located in the vicinity of the publishers, which are generally located in New York and Chicago, have been getting a larger than normal share of the supply because they are sending their trucks straight to the presses.

The lines of ex-GI's that said, "I'll never stand in line again," were considerably shorter this summer than the record breaker spring term, but the outlook for fall will be about four times this summer's line. Eklund said that he hopes he will be able to have 18 women and three men to work in the book department next fall; anyone interested should contact him to make arrangements this summer.

This term was the first that veterans could obtain their books from Dem hall and the Campus Book store, and it is hoped that using both locations for veterans' books will ease the situation somewhat this fall.

## Fire Causes Damages At Phi Delta Theta House Sunday Night

A fire of undetermined origin at the Phi Delta Theta fraternity house, 626 Cowley Ave., caused damage estimated at \$200 early Sunday evening. No one was injured in the blaze which was soon extinguished by the East Lansing fire department.

Starting in a closet on the third floor, the fire destroyed clothing valued at \$200. Smoke and water accounted for the remainder of the damage to the closet and room. The loss to the house was covered by insurance.

## Board Approves New Buildings

### Campus Group To Hear Talks On Inflation

A campus group, which hopes to organize as part of the National American Youth for Democracy movement will hold its first meeting tonight in room 103 of Union annex to discuss inflation.

Present at the meeting will be State student director of AYD, Rolf Kahn from Wayne university. MSC faculty members who have agreed to sponsor the meeting are Prof. Herbert Weisinger, Prof. Joe A. Callaway, Prof. Russ B. Nye, Prof. J. J. Garrison, Prof. Richard R. Myers and Harold Sponberg, instructor in written and spoken English.

Tonight's meeting is open to all interested persons. Lou Marston will lead the group discussion and three talks will be given. They will be of The Essence of Inflation, What Inflation Means to the Students at MSC and What We Can Do to Fight Inflation.

According to Marston, the group will be formed as an action group to not only consider, but do something about the problems that confront our nation and people. In the fall a constitution will be brought before Student council for approval.

## Two Receive Honors

An honor was conferred upon two faculty members of the music department while attending the annual meeting of the Michigan Composer's club at Alma.

Prof. Romeo Tata was elected president and Dr. J. Murray Barbour was named to the board of directors.

## Veterinary Fee To Go Up \$45 Per Term; College Plans Teaching Seminar

The construction of five additional permanent apartment building for married veterans on Michigan State college campus approved by the State Board of Agriculture at their monthly meeting.

## 293 Registered In Short Course For Musicians

Two hundred and ninety-three high school students and faculty have enrolled in the School Music Special course that is sponsored by the Music department in cooperation with the Institute of Short Courses and Summer Session, from June 17 to July 3.

Under the direction of Prof. William R. Sur, the project is open to high school students from ninth to twelfth grades, and graduates and faculty who desires further training and ex-

All veterans who are eligible for benefits under Public Law 246 (G.I. bill) who have not filed application form 1550 should contact the registration officer of U. S. Veterans Affairs, Dem hall, prior to 4:30 p.m. tomorrow. Office hours are 8 a.m. to 4:30 p.m. daily.

perience in the music world. Representatives from 51 Michigan cities and towns, Indiana and Ohio have been enrolled.

A Band Festival will be given on Sunday, July 7 at 3 p.m. in the band shell. The admission is free with the public invited. Two other concerts will be presented at later dates.

Members enrolled to date in the band are 128, orchestra, 75; and choir, 90.

Work is to start as soon as possible on these buildings, according to Secretary Karl H. McDonel and it is hoped that they can be completed by February 1.

At the present time, six other similar apartment buildings are under construction. Eighty apartments having one and two bedrooms will be provided in the five additional buildings, which will be located in the general vicinity of those now being built along Harrison road. Cost of the new project is estimated at \$734,000 and will be self liquidating from rent revenues.

Other business taken up at the meeting was the approval of a recommendation, effective fall term, to raise the basic fee for veterinary student from \$45 to \$90 per term, and fees for out-of-state veterinary students from \$95 to \$140 per term.

Teaching Seminar  
It was voted to establish in the winter term of 1947 an Institution-wide seminar for the improvement of teaching. It was recommended that this seminar be limited to 20 staff members from each school and Basic college.

Gifts to Michigan State college accepted by the state board totaled \$12,475. Also accepted was the professional library of the late Lieut. Col. Harold S. Patton, former head of the MSC department of economics, which was presented to the college by his widow, Mrs. Marguerite Patton.

## AWS Tells Rules Governing Women

All women living in off-campus, co-ops and sorority houses are requested to pick up yellow slips for overnight absences away from home at the offices of the counselor of women, Jean Proctor, AWS president, announced yesterday.

Hours this term will be the same as in Spring, 10 p.m. Monday through Thursday, 12:30 a.m. on Friday and Saturday, and 10:30 p.m. on Sunday. Late permission may be taken Sunday through Thursday, with the maximum of three for each six week period. Unused late permissions may not be transferred to the following six weeks.

## Professor Will Direct Band Clinic In Norfolk

Leonard V. Falcone, professor of music and director of the band at MSC has been named to conduct the all-city high school band clinic which will take place at Norfolk, Va., this summer.

Falcone will direct the rehearsals of the bands, made up of about 125 students from Norfolk schools. The clinic will last 10 days and will close with a public concert. Falcone will also give special training to the students of brass instruments.

Student Abert, 24, held by Japanese police in Tokyo on charge of plotting against the Communist party.

## Grin and Bear It . . . By Lichty

### THE Lobster Shift

By HELEN GOVER

I agreed that this isn't much of a name for a column, but I've always had trouble naming things. Any animal I've ever had I just called kitty or doggie, and my themes and poems are always titled just theme or poem.

Lobster Shift is a journalistic term and is something that the State News is going to function without this summer. It's the time spent in working on the paper after midnight. Those hours when we consume black coffee and play futile games of solitaire. Most of all it's a time of waiting. Why they call it the Lobster Shift, I don't know. Maybe it's because the hours move so slowly, they just sort of plod along.

"We find it best to regard the patient as a most unusual and interesting case—until we find out what's the matter with her!"

### Union Board Plans All-College Dance

Heading this week's social calendar is an all-college dance planned for Friday night by Union board. It will take place in the Union ballroom from 9 p.m. to midnight and tickets are available at the Union desk. The grill will be open during the evening, according to Bob Butler, president of Union board.

A mixed all-student swim will be held every Monday, Wednesday and Friday evening in the Women's gym from 7 to 9 p.m.

Admission charge is a stamped treasurer's receipt. No such will be available at the gym.

Two closed parties have been scheduled this weekend. Friday night the women living in the Sigma Kappa house will entertain their dates at a radio party.

Residents of Precinct 10 at Abbot are sponsoring a radio party. The dance will take place in the Lower lounge of Abbot hall according to Ralph M. Pearce. The chaperones for the evening will be Mr. and Mrs. M. B. Dickerson.

## 600 4-H Youth Come To MSC For Club Week

More than 600 4-H club youth are at MSC until Friday to attend the twenty-eighth annual Michigan 4-H club week. The first scheduled activity after registration was a meeting last night at which Pres. John A. Hannah welcomed the members.

Today's program will include greetings from Dean H. C. Rathner, a talk on famine relief by Louie Webb of the club staff, and a panel discussion on 4-H guideposts. This afternoon, the boys will look over the college barns, and the girls will hear talks on "The Fourth H" and

## LETTERS TO THE EDITOR

**EDITOR'S NOTE** - All letters to the editor, submitted for the consideration of being printed, must be signed by the writer. If he does not want his name to appear with the letter, it must be indicated. No letters will be considered for publication unless the writer is known. The opinions expressed are those of the writers and not necessarily those of the editors.

**TO THE EDITOR:**

Inflation is about to throttle our Nation! If OPA price controls are not maintained after June 30, and Senator Taft's rupturing amendments are not vetoed by President Truman, we will experience a runaway "Boom and Bust" making the 1929 crash a sweet and pleasant memory. Only IMMEDIATE telegrams, letters, addressed to Senators Ferguson and Vandenberg, and our representatives of our congressional districts, will stem off an inevitable catastrophe.

Recent popular opinion polls of Denver show 82 per cent of the people in favor of strong OPA controls. Why then is Congress destroying the sole safeguard against inflation? Senator Murray of Montana in the July, American, fingers the guilt and exposes the thinking of the greedy business profiteers. He says "A good many of our industrial executives now accept the fact that another depression is inevitable. They are planning to restrict their output, restrict competition through monopolistic practices, and MAINTAIN PRICES ARTIFICIALLY. This, quick, easy profits during inflation is the lustful ambition of many special money interests. We the populace are the one who must suffer."

That is why effective price controls are needed to prevent a spiral tailspin, we will be unable to pull out of.

Oscar Kwasmik.

### To the Demonstrators

Both groups will meet in the pavilion for dairy and livestock demonstrations later. This evening, scholarships will be presented as a part of the girls' dress review. A candle lighting ceremony, led by R. J. Baldwin, will close the program.

E. L. Anthony, dean of agriculture at MSC, will extend his greetings tomorrow morning. Following this, Rosemary Colburn will report on the national 4-H camp held last week at Washington, D. C.

### To Broadcast

Station WLS will broadcast a program in the Fairchild theater at 1 p.m. tomorrow. The girls will then listen to talks by Miss Dorothy Hansen of the college library department and by Dr. Margaret Ohlson, head of the foods and nutrition department. The boys will be entertained by N. L. Nichols demonstrating novelties in physics and J. G. States, also of the college faculty. The recreation specialist, L. S. Klasse, will hold the annual "Fun Frolic" tomorrow night at the college baseball field.

It's next to impossible to find anyone on campus this term. Last summer we printed the names and residences of all students enrolled, which took the place of the student directory, but this year we won't be able to run down and tabulate the names of over 4,000 students. It might be an advantage if we could, then we wouldn't have to worry about getting copy for the rest of the issues. Our only suggestion is to get on the telephone and try all the residences that you know are housing students. For what its worth here are the names of the dorms which are housing women. North and South Williams and East and West Mayo aren't except Kappa House, and AOPi house. Other houses that are open are Anna Bayha, Benson house, Black house and Ewing house. The only co-op open for women is Sanford house. Men are being housed in Abot and Wells hall.

## Spartan Pool Squad Expands With Drilling Of Prep Stars

Another powerful summer swimming team is coming into shape under Coach Charles McCaffree's direction as prep stars added to the roster of natators present at the second summer card to feature Michigan State poolmen.

Reporting back for the summer team are Abel Gilbert, Enrique Rendon, Zigmund Indyke, John DeMond, Jim Quigley, Walter Melton, Paul Seibold and Will and Harry Cooley, all members of the stellar squad that beat out a field of 12 teams to win the National AAU outdoor meet at Akron, Ohio last summer.

### NAAU At Los Angeles

The big date in these men's minds is August 2 when the chances to defend their national title comes about with the opening of the NAAU classic at Los Angeles.

New faces on the scene to support McCaffree's plans are George Hoogebyde of Grand Rapids, Roger Miller and Bill Horton from Battle Creek, Joseph Pellar and Wayne Hartigan from Hammond, Ind., Jack Seibold, Jackson, and Fred Teich from Culver, Ind.

### Best Pool Record

Winter was Michigan's best in swimming. The McCaffreemen won four of seven meets, losing to powerful Ohio State, Michigan and Great Lakes; repeated their Central Collegiate Conference championship for the fourth time and placed third in the NCAA meet.

## WKAR to Air Concerts By High School Artists

WKAR will broadcast concerts from the National Music camp at Interlochen, Michigan, for the fourth consecutive year, according to Robert J. Coleman, director of the college station.

First of the hour-long radio concerts is scheduled for July 5, and the series will continue through August 25. Friday and Saturday concerts are broadcast at 6 p.m. Sunday shows begin at 2 p.m.

The Friday broadcasts will present the Interlochen string orchestra and chorus, with soloists from each; while the Saturday concert will bring the National High School band, and on Sunday the National High School orchestra.

"Fritz" Crisler, U. of M. head of athletics, predicts a full house for next year's Michigan-Michigan State football game. He can't be far from wrong, since the two student bodies alone will probably total over 25,000.

Michigan's 2 to 0 decision over State's baseball team was the only shutout suffered this year by the Spartans whose 21 victories against five defeats was their best in history.

## Naab, Fraser Card Five State Points At NCAA Contest

Coach Karl A. Schladehman's four man entry in last week's NCAA track and field meet emerged from the Minneapolis affair with a low five points tallied for Michigan State.

A brilliant display of all-around power clinched the crown for Illinois with second and third places taken by Southern California and New York university respectively.

Naab, Fraser Place Spartan Leonard Naab placed fifth in the javelin hurling and Jim Fraser took sixth place honors in the quarter mile. Fraser's time in this event was :49.

Miler Jim Gibbard got off to a good start in his race but was forced to drop out at the second turn due to a strained muscle in his side.

Trouble also accompanied Ted Woneh's try as he injured his knee while clearing 13 feet in the pole vault.

### Four Firsts For Illinois

Paced by the Jamaican speedster Herb McKenley, Illinois scored four firsts and placed men in nine events to roll up the 78 points that took the meet.

McKenley won the 440 and 220, beating out Southern university's Don Bolen in the quarter and taking the 220 in a close finish from Lloyd La Beach of Wisconsin at the time of :9.6.

### Dillard Double Winner

The only double winner of the day was Harrison Dillard of Baldwin Wallace who took both hurdle events.

Dillard's point-making put Baldwin Wallace in fourth place with a total of 20 points

## Michigan State Golfers, Tennis Men Vie For Honors In NCAA Tournaments

Four top-ranking members of the Spartan tennis team have entered in the National Collegiate Athletic Association tournament which opened yesterday at Northwestern university and State will be represented by a six-man squad in the NCAA golf contest to tee off on June 27 at Princeton.

State's tennis aggregation includes Roger Cessna, Herb Hoover, Bob Malaga and Dave Philips. Over 100 men are participating in the six-day meet.

representing 32 schools throughout the country.

Coach Ben VanAlstyne has named Captain Jim Funston, George Teale, Jim Anderson, Bill Kent, Dale Offner and John Wawzysko to make the trip to Princeton.

There will be a meeting and workout for all men interested in fencing at 4 p.m. Thursday, Coach Charles Schmittler announced. Members of the fencing team who cannot attend this meeting please call Ext. 621.

### MSC Military Department Adds Two New Instructors To Staff

Two additional officers Lt. Col. Henry H. Arnold, Jr., and Major Timothy E. Johnson, have been added to MSC's military department. Col. John L. Whitelaw, ROTC commanding officer, announced yesterday.

Colonel Arnold, Field Artillery, will be assistant professor of Military Science and Tactics. Eldest son of Air Corps' General Henry "Map" Arnold; he graduated from West Point with the class of '40.

Later that year he was sent to Panama where he stayed until August of '42 when he returned to the States. A month later he left for England, from there going to Africa where he was assigned to 1st Division artillery. In Sicily he joined the 2nd Armored and then was transferred to the 45th "Thunder Bird" division, with which he finished the war.

Major Johnson, Air Corps, has been assigned here to complete a study of ROTC facilities for an Air Corps branch. Still in embryonic stages, the proposed course has not received final approval of the War department.

He completed Air Corps training in 1942, receiving his commission at Brooks Field. Overseas he flew combat transport in the CBI for a year, making 50 trips over "the Hump." During the nine months following

he was with the 14th Air Corps in Northern China, after which he returned to the States.

### Library Makes Announcement Of New Summer Hours

The existing schedule over the summer term. The library room will remain open until 8 o'clock every day Sunday, Saturday night, Monday through Friday the whole building is open from 7:30 a.m. until 5 p.m. until Saturday noon only, at the assigned reading p.m.

### LOBSTER SHIFT

(Continued from Page 2) are getting their education the hard way. Finding that there would be no place for them to live next fall, they have come to summer school to get at least

ends of the week go to Union board for their planning of an all-college dance for Friday night. Many don't seem to realize that although this is Summer term, which is known for its apathy, that this year the enrollment more than equals the number of students here last fall term and that these students are entitled to a full college life.
