Spartans Fill Weekend With Social Plans

OPA May Lift Installment, Credit Tabs

WASHINGTON, Oct. 25 (AP)—Merriner S. Eccles, chairman of the federal reserve board, disclosed today that wartime controls on charge accounts and some installment buying may be removed soon.

This decentral action in the credit field is planned for much the same reason that the OPA has been decentralizing prices—the threat that the new congress meeting in January might sweep away all controls by reducing controls to a bare minimum, the agencies hope to salvage those they consider still essential.

Eccles, speaking in Boston, said the reserve board has "felt for some time" that the credit control program could be improved by concentrating on curbing the sale of major durable goods on the installment plan—automobiles, refrigerators and the like—and eliminating other restrictions. The regulations thus apparently marked for early abandonment include:

1. The requirement that cash loans to finance certain purchases, arranged for repayment in a lump sum, must be repaid within 90 days.
2. The rule that certain goods bought on charge account at a store must be paid for within 90 to 120 days.
3. The provision that the down payment on most items bought on the installment plan must be at least one-third of the price, and the payments must be completed within a year and must be at least \$5 a month.

Geogogue To Show Motion Pic Monday In Iron Formation

Geogogue the geology and geography majors club open its lecture series with a discussion by Frank Parsons, state mine appraiser, "Comparison of the Iron Formations of South America and Michigan."

Parsons an honorary member of Geogogue has been associated with the state geologic survey since 1904. During the war he served as technical advisor for strategic minerals with the U.S. embassy in Brazil, in 1941-42. His experience in the field of mining engineering often calls him to other states and he has made two additional trips to South America as consultant.

Hindu Students Are Ready To Celebrate New Year

By SYLVIA CHERNICK
New Year's day will be celebrated tonight on campus when the Hindu students take over the International center and officially inaugurate their new year.

The Hindu holiday falls on a different day each year according to the lunar calendar. It occurred on Friday this year, but due to the regular Friday state meetings at the center the celebration was postponed until tonight.

Dr. and Mrs. Lee have given the group the facilities of the kitchen and helped secure food for the occasion. Savina Sunde and Prabha Aker will prepare dishes for the 20 Hindu guests and Dr. and Mrs. Lee, Chikhan curie, rice and Indian pudding are included on the menu.

Like American Fourth of July, the celebration in India includes many customs similar to those associated with the American Fourth of July and Christmas. The students received throughout the evening and evening, and

Dorms, Greek Houses May Ride, Dances Attract Spartans

By BETTE BAXTER
A full schedule of social events makes this another busy Saturday night for the Spartans.

Immediately following the Cincinnati game this afternoon, Mason and Abbot residents will have a social gathering in their respective halls. The students will entertain their guests in the lounge and grill.

Mr. and Mrs. L. J. Laker, resident counselor, will act as chaperons for Mason, and Mr. and Mrs. M. D. Dickerson of the economics department will be patrons for the Abbot affair.

The Union Board is sponsoring a record dance in the ballroom this afternoon from 8:30 to 9. Miss E. White, social director, will act as patron. There will be no admission charge and all students are invited to attend.

The Christian Student Foundation is sponsoring a barn dance in the stock pavilion tonight. The party is scheduled for 8:30, but those wishing to learn some fundamentals of square dancing should come at 8, according to the callers, Ted Haskell and Dean Saxton. Party-comers are urged to wear old clothes.

Lu Price, social chairman, states that everybody is welcome and come prepared to have a rip-roaring time. Patrons will be Rev. and Mrs. M. E. McCullough, Mr. and Mrs. William Baten, of the mathematics department, W. J. Fitch of the speech department, and Mr. and Mrs. Paul DeKoning of engineering.

The Alpha Gamma Deltas are entertaining their dates and their guests with a term party in the Union ballroom, announced social chairman Maxine Malcolm.

Dick Charles and his orchestra will provide the music. The theme of the party is the Promenade and dancing will be enjoyed from 9 to 12. Mr. and Mrs. Alan Frost of Journalism, and Mr. and Mrs. Joseph Mouch-holder of the speech department will act as patrons for the party.

Bill Jennings, social chairman, stated that the Sigma Nus are having a Halloween party tonight. The affair will begin with a hay-ride after which the members and their dates will return to the house for dancing and games until midnight. Chaperons will be Mr. and Mrs. E. L. DeForest, of the English department. (See SOCIAL LIFE Page 4)

Newly Elected Class Presidents Meet In Union Grill

After a hard battle the newly elected class presidents meet for the first time Thursday night in the Union grill. Left to right they are: Glenn Deibert, center; John Cox, sophomore; William Spiegel, freshman, and Don Bergeson, junior. These men will head their respective classes for the coming year.

All Four New Class Heads Served In Armed Forces

Newly elected class presidents Glenn Deibert, Don Bergeson, John Cox, and Bill Spiegel met for the first time Thursday night immediately after election results had been announced on the Union's upper deck.

Truman Gives Housing Loan Full Approval

WASHINGTON, Oct. 25 (AP)—In twin moves to relieve the housing shortage, President Truman today authorized importation of lumber duty-free, and Wilson Wyatt recommended \$54,000,000 in federal loans for makers of prefabricated homes.

The actions came as it became clear that Housing Expediter Wyatt would fall slightly short of his 1946 goal of 1,200,000 new dwellings started. Officials said, however a major effort would be made to get a flying start on the 1947 target of 1,500,000.

But Republican National Chairman Carroll Reece saw Mr. Truman's move as a political one. In a statement, Reece said: "Considering the fact that the building season in many parts of the country has about ended for the winter, it may be that Mr. Truman's order designed to have more effect upon the construction of political fences than the construction of homes."

Russia Agrees To Argue Veto In Assembly

NEW YORK, Oct. 25 (AP)—Soviet Russia, displaying a new spirit of agreement, abandoned today a bitter battle to prevent a complete airing of the politically hot veto question in the United Nations assembly.

Shortly afterwards, the United Kingdom, first of the great powers to speak out since the general debate began yesterday, attacked Russia for her "reckless use" of the veto in the Security council.

Developments in the action-packed U. N. day were:
1. Soviet Russia withdrew all opposition in the assembly's steering committee to five items proposed for the agenda, three of them affecting the veto right of the five great powers.

2. The United States backed down from its demand that the veto question be given top priority in the assembly debate.
3. The United Kingdom warned that if the "reckless use" of the veto is continued the United Nations Security council "very soon" will be discredited.

4. Argentina demanded that the veto be discarded; India spoke for the unity of the great powers, and Venezuela urged restriction of the veto power.
The assembly will convene again tomorrow morning, with Chile, Norway, Lebanon and Turkey scheduled to be heard in the general debate.

Issues Of Spartan Will Go On Sale Early Monday

Spartan, monthly student humor magazine, will be sold in the Union and other campus locations Monday morning, Editor Dave Lucas announced yesterday.

"Miss Lacer," famous pin-up creation of Milton Caniff, will grace the cover of the October issue. The celebrated cartoonist who was former art editor of the Ohio State Sun, sketched the "femme fatale" expressly for the Spartan, Lucas stated.

Fifty cartoons, several short stories, editorials, a Profile of Dr. Hans Leonhardt of the political science department, and colorful football features are between the covers this month.

Cincinnati-MSC Bands Featured At Game Today

Students will have the double enjoyment of seeing two bands perform between the halves of the University of Cincinnati-Michigan State football game today.

Arriving today at 8:15, on a special train, Cincinnati's band will feature a drum-major and two drum-majorettes. Merrill Van Pelt is the director of the band.

Four more intricate formations will be traced on the gridiron this afternoon by the Spartan band. In honor of Navy day, the band will form a large, modern battleship, with flags flying, while playing "Anchors Aweigh."

The second formation will be a map of Ohio, with signs designating the major cities of the state. The "Beautiful Ohio" waltz will be played at this time.

A large "U" with a "C" inside it will be the third formation,

Bachman Hops Up 'Z' For Cincy's 'Tricky Razzle Dazzle Play

Cincinnati university's Bearcats, a team that might have been figured as a "breeze" on the Michigan State football schedule before the season started a month ago, comes into Macklin stadium this afternoon to do battle with the Spartans.

Buck To Speak On Animal Life In Jungles

Frank Buck, world-famous collector of wild animals, will discuss his African jungle adventures tonight at 8:15 in the College auditorium. His talk will be illustrated by movies taken during his trips.

This well-known explorer has contributed many attractions to the larger zoo of the United States. Buck was the first man to bring a live man-eating tiger back to this country. Also included in his abundant wild animal collection are a rare Indian rhinoceros, the largest gibbon ape, and the longest King cobra in captivity.

Around the globe more than a dozen times, Buck maintained headquarters at Singapore where he transported scarce specimens of birds and snakes along with other unusual forms of animal life to be shipped to the United States.

Besides receiving recognition as an explorer and a lecturer, Buck has written many books, his most widely acclaimed being "Bring 'Em Back Alive" and his autobiography, "All In A Lifetime."

Couch Praises Cincinnati 'H' At Pep Rally

With emphatic praise for his team's play in last week's victory over Penn State and a warning that the University of Cincinnati has a strong eleven, Coach Charley Bachman's talk highlighted last night's pep rally held in front of the women's gymnasium.

Bachman noted that a capacity crowd of partial Penn State fans ended up cheering the Michigan State team. "That," he told the Spartan rosters, "is an indication of the kind of game your team played."

He pictured today's opponent as a team which has pointed for the Spartans and urged all students to give their eleven full vocal support.

Four Michigan State players, George Guerre, Ed Sobczak, Horace Smith and Steve Sieradski, also cited the Penn State game as their best effort of the season. Too, they praised the support they received from the band in their game with the Nittany Lions.

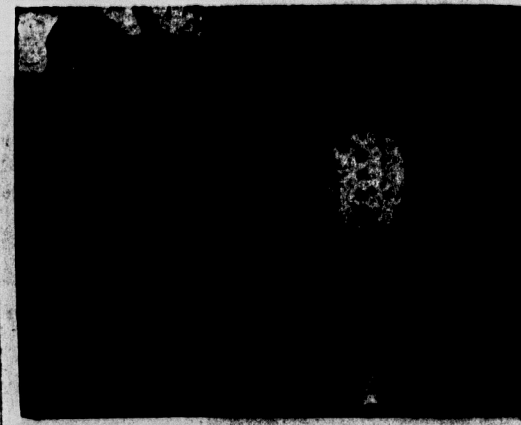

Other features of the rally included music by the MSC band, several songs and cheers.

Navy Marks 171st Anniversary On Sunday

As its 171st anniversary tomorrow, the United States navy is so large that no one harbor or anchorage is capable of accommodating the entire force at one time.

A great part of this growth during the war years was the result of a need for a two ocean navy necessary for winning the war.

Now, with international relations still uncertain and the nations confusedly seeking a solution to the problems of peace, the navy serves as one of our means of preserving that peace.

Advanced students in many departments used today an outfitting, one of the 7,000 pieces of equipment used today by the fleet.

POLICE REQUEST

Chief Charles Fogg requests that all students walk to the football game from East Lansing this Saturday to keep the traffic flow at a minimum.

Star of the 194-pound Bearcat backfield is fullback, Fred Redeker, 220 pounds of breakout power. Redeker who was a star-out in the Cincinnati conquest of the Western Conference champs, Indiana, in the season opener, has recovered from a leg injury and will be ready for the Spartans, on a full time basis.

In the weight department Michigan State will give away an average of eight pounds a man in the forward wall 298 to 300 and are outweighed in the backfield 185 to 194.

In the home side of the fence it is interesting to note that Coach Bachman will be pointing for his eighth triumph in 12 starts against T-operated teams, since the inception of the Flying-Z in 1944.

During the past week of practice the Spartan coaching staff has added an extra dash of zip to the Z to offset the almost professional antics of the Ohio squad.

A major change in the MSC starting lineup will be at left half where George "Little Dynamite" Guerre has won his first starting assignment of the year replacing Russ Header at that post. Otherwise Michigan State will take the field with the identical lineup that started against Penn State a week ago.

Home fans will also get their first look at the rearranged MSC line which proved its mettle in State College last Saturday. Alger Conner who started the season at guard has been shifted over to tackle, with fighting Ed Bagdon moved into Conner's vacated position.

Up In Smoke
Flames Sweep Chicago Hotel; None Injured
CHICAGO, Oct. 25 (AP)—A fire in an elevator shaft at the St. James Hotel caused an estimated \$100,000 damage and tied up traffic in Chicago's loop briefly during the peak of late afternoon traffic today.

Chief deputy fire marshal Anthony Mullany made the damage estimate and said the fire apparently started in the shaft near the first floor and swept up confined in the shaft, as high as the 15th. Cause of the blaze was not known.

No one was reported injured. Some suspects made their way to street level via outside fire escape stairs after hearing and sighting fire engines which jammed Randolph street adjoining the hotel after an extra alarm was sounded.

Heckler Troubles Touring Senator
HORSE SHOE BEND, Idaho, Oct. 25 (AP)—Sen. Glen H. Taylor (D-Idaho) was stranded for a time yesterday on the speaker's platform atop his automobile.

Taylor, relating the incident to today, said a heckler at a street rally ran his car into the ladder used to reach the platform, broke it and then sped on.

While Taylor remained atop the car, several persons in automobiles overtook and captured the heckler who apologized and paid for the broken ladder. Taylor explained.

Lewis' Threat Pops Picture In Labor News

John L. Lewis' implied threat of a pre-election walk-out of 400,000 AFL soft coal miners aroused the interest of the Justice department Friday and held the attention of President Truman's cabinet.

Elsewhere along the labor front, the CIO marine engineers put pressure on the U. S. Maritime Commission to enforce on its vessels on the east and gulf coast in agreement the union reached with eastern and gulf shippers, and striking AFL airline pilots turned down a suggestion they return to their Trans-World airline jobs pending negotiations.

While the AFL, Masters, Mates and Pilots union awaited a reply from eastern and gulf shippers on their newest proposal for ending their 25 day old shipping strike, the other union involved, the CIO Marine Engineers, adopted a surprise strategy. The CIO said it would withhold announcing ratification of its agreement with east and gulf coast operators until the terms were applied to the government's vessels on those coasts.

Report 'No Progress'
Frank Douglas, chairman of the National Mediation board, reported "no progress" after separate meetings with David L. Behneke, president of the AFL Pilots association, and Jack Frye, Trans-World president, in which Behneke rejected Douglas' suggestion the pilots return to work sending further talk.

Douglas said he planned to meet with Frye again Saturday morning in an attempt to end the five-day walkout. There was a revival of talk that the government might seize and operate the line, and the magazine Aviation News said the Military Pilots association, composed of ex-army and navy fliers, had expressed a willingness to fly TWA's planes. The MPA has protested the semi-official system built up by the pilots' union.

Other Labor Developments
The CIO Transport Workers union and the Columbus and Southern Ohio Electric company agreed to arbitrate differences over wages on other matters ending a 25-day old streetcar and bus strike in Columbus, Ohio.

The AFL Transmiers union called a strike affecting Pennsylvania's entire brewing industry as the result of a jurisdictional dispute with CIO United Brewery workers.

Wife Strike Ends
White collar workers ended a 34-day old strike at the Huntington West Va. plant of the International Nickel company under a peace proposed by Gov. Clarence E. Meadows, but the union involved, the CIO United Steelworkers, charged that 30 of the strikers subsequently were discharged.

President Truman ordered an emergency board created to investigate a dispute between unions and 23 short line railroads which balked at an 18 1/2 cents hourly pay raise granted generally to non-operating rail workers. Originally 47 short lines opposed the agreement but settlements have been reached in all but 23 cases.

of the question before committing himself.

Don Borgeson, who noed out two strong candidates to take the junior presidential position, declared that he had already made up his mind on PAC. He said, "I believe that this is a free campus and that we can't restrict any organization regardless of the opinions that they profess."

Borgeson is a business administration major. He took his first two years at the University of Illinois, coming to MSC last winter term upon his discharge from the navy.

Was A Navy Pilot
During the war Don was flying navy fighters in the South Pacific. A Sigma Nu, he plans on attending Northwestern university to study advertising after he graduates here.

"I hope that Joe Pernick and I will be able to work together to build the class of '49 up to its highest standard," stated John Cox, upon receiving the news of his election to president of the sophomore class.

In regards to the outstanding issue of his campaign Cox said, "As far as I am concerned the matter of the PAC rests with the Student Council."

Was In Africa and Italy
John, who is 24, spent three years with the air corps in Africa and Italy. He is planning on finishing his schooling here, and wants to go into foreign service with the Remington Rand company after his graduation. Cox comes from Buffalo, N. Y., and is majoring in mechanical engineering.

Bill Spiegel, 21 year old freshman president and football star, is the other new prexy who is married. "My first job as president," he said, "is to get to know more of the student body."

Bill is an English major who says that he things it's pretty difficult for anyone to make any long range plans. He started at MSC in 1943 and squeezed in one term before the air corps caught him and put him to work as a gunnery and PT instructor.

On the subject of his new job he said that he wanted to pull the freshman class together and get them interested in all of the activities that are going on around campus.

Gilman Scores Twice As JVs Drop Wayne

Still Undefeated, Kohn's 'Mudders' Slip And Slide To 28-0 Victory

Even their home field, a mass of mud, couldn't help the Wayne "B" team yesterday as they fell before the undefeated Spartan Jayvees, 28-0. Every State player who made the trip got to play on the field, cinders, glass and clay made up the Tartar pitch field, and several of the gridders sustained cuts because of the glass.

Although fumbles were the order of the day, Wayne could not get a threat toward the MSC. In fact they were hard put to scrape together a pair of first downs. Coach Kohn quipped that the Spartans were a young team with an air tight defense. Several Tartar punts were blocked, one for a safety. In offense, the Jayvee attack rolling late in the first half kept going through the equalizer mud and the hapless Tartar for the rest of the day. As his laden squad jogged off the field, Coach Kohn quipped that the bill for those once-white jerseys would be enormous.

There were plenty of individual standouts that whole, charge-jump varsity line for example, but the men-of-the-hour was John Gilman who scored twice and rolled up several long runs. Bob Krstel ace lefthand, Milford Jones, hardcharging back who scored the opening

The next Jayvee game is against the University of Michigan junior varsity on Macklin Saturday, Nov. 2, at 2 p.m. will be the first of a home-and-away series, with the Spartans to Ann Arbor to play on morning of the varsity tilt.

Wings Search for First Win

DETROIT, Oct. 25 (AP) — With wing better than a tie to show their first four starts in the final Hockey League's new, the Detroit Red Wings dealt for their first victory of season in a Saturday struggle as the first of a two-game end series with the 1945-46 cup champions. The NHL, after losing to Toronto, York and Chicago and drawing Toronto, the Red Wings play better than they have any time this year to improve position over the week-end Monday the two teams move to Olympia, where Montreal is trying for its first victory last seven appearances here.

... Halfback Quartet ...

Four halfbacks will share duties this afternoon against Cincinnati. The four are: George (left), (left) and (right) will be the mainstay of the Spartan offense. George's stellar performance against Penn State last week has earned him the starting berth. (right), attempting to "make an early season slump, will probably share playing duties with the first freshman back.

At right half will be two of last week's standouts, (left) and (right) and (left) will be fully recovered from early season injuries, and will provide power from an unexpected quarter against the Bearcats.

Filling out Coach (left) will be (left) back at quarterback, and (left) dependable fullback.

SPORTS NEWS IN BRIEF

McPhail "Considering" Harris

NEW YORK, Oct. 25 (AP) — President Larry McPhail of the Brooklyn Yankees said today that "strong consideration" as manager of the club next season, but denied that a decision had yet been reached.

Rickey Wants Dressen To Stay

BROOKLYN, Oct. 25 (AP) — President Branch Rickey of the Brooklyn Dodgers today refused to accept Charley Dressen's resignation as coach of the National League club.

In a statement regarding Dressen's announcement yesterday to the effect that he had severed his connections with the Dodgers, Rickey said: "Dressen and I had a conference last Sept. 16 in which we agreed that Charley was to remain as a coach for the next two years.

Robinson-Hudson Bout Set

DETROIT, Oct. 25 (AP) — Ray (Sugar) Robinson's twice-postponed welter-weight scrap with Cecil Hudson of Milwaukee was back on the books today as matchmaker Nick London announced they would meet in the 10-round main event of an Olympia stadium card Friday, Nov. 1.

M' Ducaat Sale Starts Monday

If you don't want to be left out in the cold, or, worse, in the Michigan stadium's leventy-ninth row in the coffin corner, please remember that U. of M.-State tickets go on sale Monday.

Hasten, yea, fly to the field-house on the appointed day (Monday — Senior, Tuesday — Junior, Wednesday — Sophomore, Thursday — Freshman) and procure your tickets for this contest, scheduled Nov. 9.

Spartan tickets are in the corner of the field, so latecomers will be out of luck, if not out of sight.

Four-way Golf Deadlock Feature Richmond Open

RICHMOND, Va., Oct. 25 (AP) — Four of the nation's crack professional golfers—little Ben Hogan of Hershey, Pa., Australian Jim Ferrier of Chicago, Ellsworth Vines of Los Angeles, Calif., and Herman Keiser of Akron, Ohio — were tied today with scores of 141 at the halfway mark of the \$10,000 Richmond Open golf tournament.

The best-expected Vines, extenuated great who turned to golf because he thought it was "more competitive," fired the best round of today's 18 holes over the tricky 6,354-yard Hermitage country club layout.

Vines, who had to drop a five-foot putt on the eighteenth green in order to tie the others, toured the course in a three-under-par 69 to equal Keiser's low score of yesterday. He did the front side in AA one-under 36 and came blazing home with a two-under 33.

Hogan, this year's top money earner and the tournament's defending champion, had set the early pace when he breezed around in 70.

Captains Spartans Trojan Eleven Blasts Hillsdale

A driving East Lansing football squad pleased its homecoming crowd by rolling over the Hillsdale eleven last night 28-6 under the lights to retain its second place standing in the Twin Valley loop.

End Dan Reed gathered in two passes from Cary Bachman on identical plays in the first half to give the Trojans a handy 14-0 lead at the halfway mark. Bachman wheeled around his own right end midway in the third stanza for the East Lansing third counter.

Trojan Dale Lockwood was off with the outstanding play of the game when he flashed through his left tackle and zig-zagged 79 yards to pay dirt.

The lone Hillsdale tally came midway in the fourth quarter when fullback Bob Davis broke free around his left end and spotted 33 yards to score.

Cross Country Team Faces Irish

Opening their home cross country season against Notre Dame this morning, the Spartan cross country squad will face the Irish in a one-on-one contest.

A doubtful starter will be Walt Mack, whose foot is still giving him trouble from the wound received during the war.

This year's running of the MSC Notre Dame meet will establish cross and course records since the course has been shortened to 3 1/2 miles. Previous to 1946, Michigan State and Notre Dame have met sixteen times in cross country, the Spartans taking the contest 10 times.

At the last meeting, the Spartans scored a slam by placing five men ahead of the first Notre Dame runner to finish. The winner of the race was team Captain Edward Bechtold, who climaxed a fine record at State a few weeks later by winning the ICA individual championship, considered at that time the equivalent to a national title in collegiate cross country.

State's cross country course, shortened because of the building suspension program, will start at the Forestry Nursery building and finish at the finish post on the east leg of the running track. The meet is scheduled to start at 10:30 a. m.

The Notre Dame runners, taking contests with Wisconsin and Purdue this season, will bank for leadership on Jim Murphy of East Providence, R. I., while the Spartans look to Jack Dianetti, East Rochester, N. Y., freshman. Dianetti lost his first collegiate race last week to Jerry Karver of Penn State by a tenth of a second in a five mile run.

These days— LEARN TO DIAL BY EAR

1. Dial tone is slightly important. It means that the switching equipment in the telephone central office is ready to handle your call. If you dial before you hear it, you'll get a wrong number or no number at all.
2. Right now there are times when the dial tone is delayed. That's because central office facilities are serving more telephones and handling more calls than ever before... even more than during the busiest war years. And material shortages prevent us adding equipment as fast as we'd like.
3. But this situation is only temporary. We will restore service to normal as quickly as enough dial equipment can be provided.

Meantime, please remember to listen for the dial tone before you dial.

Coal Contract Study Ordered By Tom Clark

WASHINGTON, Oct. 25 (AP)—The Justice department moved into the dispute between John L. Lewis and Secretary of the Interior Krug today, ordering a study to see who is right about the coal mining contract that Lewis says may be void next Friday.

With an industry-crippling walkout implied though not announced, the United Mine workers' president contends (a) the contract is subject to reopening for negotiation of union demands, and (b) if Krug doesn't show up for talks a week from today it expires.

Agreement Holds
Krug says the agreement he and Lewis made last May is still in effect and its terms continue so long as the government holds possession of the mines.

Also, the implications of an election-eve walkout of 400,000 coal miners came up at the President's cabinet meeting and Lewis' Mine Workers Journal proclaimed pay controls are doomed.

The Justice department lawyers want to find out whether Lewis is right in his contention that the contract is subject to reopening now. Krug says it isn't.

Clark Reads Contract
Attorney General Tom C. Clark disclosed that the Justice department is scanning the government's contract with Lewis for the period of federal operation of the mines. They have been in government possession since the strike last spring.

Lewis wants to reopen the contract Nov. 1 and says that if Krug fails to honor a meeting which Lewis requested on that date, the contract will be of no legal force. He didn't have to add that the miners won't work without a contract.

Krug and his advisers have said the contract, started with Lewis May 29 to end a 59-day strike, was for the period of government possession of the mines.

Russian General Blocks American Plan For Untampered Election In Bulgaria

WASHINGTON, Oct. 25 (AP)—A new American plan designed to prevent any tampering with Bulgarian election returns was blocked today by a Russian representative.

The development brought a fresh cloud upon American relations with Russia just as the atmosphere had cleared somewhat over an earlier dispute.

The brief improvement in relations occurred when Bulgarian newspapers published American objections that the present balloting plans would not make for a free election Sunday. The United States had accused Russia of blocking the publication in Bulgaria of these objections.

Believing the present election plan discriminates against parties opposing the Communist-dominated fatherland front, the United States submitted a proposal to the Allied control commission in Sofia resigned to insure the honesty of the vote count.

The state department announced, however, that the Russian

member of the commission, Col. Gen. Sergei S. Biryusov, had blocked action on the plan by refusing to commit himself on it. To be put into effect, it would need unanimous approval of the American-British-Russian commission.

Biryusov had objected strongly to a previous American plan also aimed at guaranteeing a free

election. Publication by the Bulgarian newspapers of American views came 48 hours after the United States had accused Russia of suppressing these views, and had begun to beam them into Bulgaria by short wave on the state department's "Voice of America" broadcast.

VanWagoner After Kim Sigler, His Foe For Governor Job

DETROIT, Oct. 25 (AP)—Murray D. VanWagoner launched his most vigorous attack to date upon his Republican gubernatorial opponent, Kim Sigler, whose election, he said, would give Michigan "a government of inquisitors, a government of prosecutors, a government without benefit of knowledge and experience."

In a radio address (WJR) VanWagoner discussed Sigler's dismissal as special prosecutor of Judge Louis E. Coash's Ingham county grand jury.

Had to Fire Him
"Kim Sigler wrote Judge Coash a letter designed to leave the judge no choice but to fire him," the Democratic standard bearer charged. "Reading the letter one must conclude that Sigler hoped he would be thrown in jail for contempt because that would have made him even more publicity for his announcement that he was a candidate for governor."

Van Wagoner said the Detroit Free Press "loving the game of cops and robbers and fearful of being outdone by its competitors, made him (Sigler) their page one Dick Tracy."

Big Fish on Hook
Of the many men indicted by Sigler, he said the only "big fish on the hook" was Frank D. McKay of Grand Rapids, and "Sigler's case against him was so weak that the judge wouldn't even let it go to the jury."

Metropolitan Star To Appear On Auditorium Stage Monday

Blanche Thebom, the Canton, Ohio, secretary who became an opera star, will be the next attraction on the college's lecture-concert series. She will present concerts in the auditorium on Monday and Wednesday nights, both performances beginning at 8:15.

A mezzo soprano, Miss Thebom was working in the office of a small factory when by chance her voice was heard by Marian Anderson's accompanist. Lessons followed and she made her debut on January 12, 1944.

Since then, Miss Thebom has sung in many Metropolitan operas, appeared on the radio and in the motion picture, "When Irish Eyes Are Smiling." Last year Mademoiselle magazine saluted her success when it nominated her one of its ten women of the year.

In Monday night's program, Miss Thebom will feature the songs of Franz Schubert and Sergei

Rachmaninoff. Included with Schubert's "An die Lili" are "Den Einsamer" and Rachmaninoff's "Lilacs" and "So Weep Waves."

The twenty-five year old stream will also honor contemporary composers Leonard Bernstein, Kosti Vehanen, and Frank She will sing Bernstein's, "I Music," Vehanen's "Cullena," and Bibb's "A Rondo of Spring."

Wednesday's program will highlight selections from Mozart, Verdi and Schumann.
