California District Crippled By Strike Of Union Workers

OAKLAND, Calif., Dec. 3 (AP)—The sprawling Oakland metropolitan area, with 1,000,000 population, was crippled today by a mass strike that halted public transportation, closed Alameda's four daily newspapers, most stores, and brought industry to a dead stop.

Xmas Stamp Sales Slow; Goal \$3,000

The Christmas seal drive was falling well below the goal last night as the Union booth closed. Sales for the second day totalled \$5, bringing the grand total to approximately \$35.

The goal set for \$3,000 was determined through the hope that each student would contribute 25 cents to the drive.

Of the money raised, 95% will be used within the state for local and state wide campaigns fighting against tuberculosis. The remaining 5% will be forwarded to the National Tuberculosis Association to support services performed on a national level to further tuberculosis control.

During the remaining two days of the campaign on campus it is hoped that the campaign will come somewhere near the goal that has been set for the school.

Chairman Mary Ann Birney of Lansing, has expressed the desire of Town Girls to put the campaign which is being sponsored by the Town Girls of the Ingham county Tuberculosis and Health society.

MSC Dairyman Will Instruct GI Students

Prof. Russell E. Horwood, on leave from the MSC dairy department, has been assigned to the Cavalry Brigade Unit School of the 1st Cavalry Brigade Unit school to instruct G.I. students in agricultural studies. The 1st Cavalry Division, now doing occupation duty in Japan.

Professor Horwood was granted leave from his duties at Michigan State where he was teaching in the dairy department and supervising the college dairy herd. He arrived in Japan Sept. 21, 1946, and until this new assignment has been instructing in the G.I. College of Knowledge at division headquarters.

Professor Horwood will instruct agricultural subjects the GI students elect.

Development Planned For Trailer Camp Area

Shown above is the proposed commercial development to be erected on South Harrison road, adjacent to the State Police post. The building will contain a grocery store, drug store, barber shop, and other retail services in addition to apartments on the second floor. Legal difficulties opposing the construction have all been cleared away and work on the building is expected to start soon.

The Football Situation

Pres. John A. Hannah's statement late Monday that he will have an important announcement to make Friday evening at the annual football banquet has caused a sudden change in State News plans.

Originally we had decided to come out today with an editorial stating our policy on the present football coaching regime. This had been promised the students in a front page editorial headed "Let's Give Coaches, Team Fair Trial," which appeared in the Oct. 17 issue of the State News.

In that editorial, which appeared after the Mississippi State game, the State News adopted a hands-off policy on the coaching question for the remainder of the season. We also stated that unless the MSC football record improved considerably and that unless the then current crop of complaints about coaching subsided, we would take an editorial stand on the coaching situation.

However, because of the announcement that President Hannah is expected to make Friday evening, we feel that it is to the best interests of the college to withhold our editorial opinion until Saturday morning.

At present we are polling students, varsity football lettermen, and alumni to obtain their opinions on the entire Michigan State grid picture. We will announce our editorial policy Saturday after a careful study of the poll's results.

'S' Varieties Union To Close Material Lags Food Services December 22

The University for securing a better dining program for the 'S' Varieties Union. The 'S' Varieties Union will close its material lags food services December 22.

The Union grill and cafeteria will conclude its service for the fall term at noon Sunday, Dec. 22 as announced by Leslie Scott, Union manager. On Thursday, Jan. 2 the grill and cafeteria will be reopened for the winter term.

Scott plans to have all the new equipment for the remodelled grill installed and in operation by the beginning of next term. Presently, certain items are delivered to the grill.

The grill strike will affect the Union's finances. Scott pointed out because the Union is heated by the central heating system of the college and would be regulated accordingly.

Wagitt To Resign
WASHINGTON, Dec. 3 (AP)—An official in close touch with the White House said tonight that housing expeditor Wilson Wagitt intends to resign within the next 48 hours as a result of failure to get powers he had demanded from President Truman.

Wagitt is a member of the National Housing Conference and is currently in San Francisco for its permanent meeting place of the U. N. wants it.

Four Women Will Attend Conference

Debate Group Leaves For Iowa To Discuss Current Problems

Four members of MSC's Varsity Women's debate team will participate in the intercollegiate conference to be held at the State University of Iowa Friday and Saturday. The women, who will leave this afternoon for Iowa City, are June Stoez, Elgin, Ill.; Fay Blakely, Rockwood, Mary Moran, Battle Creek, and Bernice Cleland, Dekalbville.

Colleges Participate
Representatives of Michigan State, Cornell, the universities of North and South Dakota, Kansas, and Minnesota will be among those to participate in a program designed to provide training and competitive experience for college students interested in contemporary affairs.

The first three rounds will be group discussion on the question "What program shall the U.S. follow to achieve domestic security?" During the fourth round each student will give a five minute talk explaining a solution to the problem set forth by the main topic, "Transition to Peace."

The entire group of participants will seek to formulate resolutions which will contain the conclusion of the conference during the final round. These resolutions will be sent to the Mid-western representatives and senators in Congress.

Debate on Labor
There will be four rounds of debates on the topic "Resolved that Labor should be given a direct voice in the management of industry."

In the reconversion speeches contest each student will present a six minute speech pertaining to "Peace Settlements."

B. J. Knittel, director of forensics and coach of Women's Debate at MSC, will accompany the representatives.

Some Exempt
Certain essential articles will be exempt from the general order. In addition, permits will be issued for local movement of some others. The ICC named Warren C. Kendall as its general permit agent with full authority over issuing permits. Kendall is chairman of the Car Service division of the Railroad Association.

Specifically exempt commodities include, among others, food, feed, livestock and live poultry, fuel and oils, medical and related supplies, funeral supplies, newspapers and magazines.

Vets To Report Overdue Checks
Veterans who have not received a subsistence check or notification that the check will be forthcoming are requested to report to VA in Demonstration hall today, according to Charles Cashin, VA contact officer.

To facilitate processing, Cashin requests that veterans before coming, fill out a slip of paper with their name, address, claim and service serial numbers, and date of entrance at MSC.

The purpose of the survey is to compile a report to the veterans administration regional office, regarding overdue payments.

Lewis Declared Guilty As Coal Strike Continues To Strangle Nation

Coal Strike Causes Mail Curtailment

Weight Limit Put On Holiday Bundles

WASHINGTON, Dec. 3 (AP)—A nation-wide embargo on railroad freight shipments, except for vital needs, was proclaimed today, parcel post packages were limited to five pounds at the height of the Christmas mailing season, and passenger mileage on coal burning trains was slashed another 25 per cent.

These drastic measures were taken to conserve fuel in view of the coal strike.

Parcel Shipping Curbed
The freight embargo and curbs on parcel post become effective at 12:01 a. m. Friday. The cut in railroad mileage takes effect at 11:59 p. m. Sunday and brings the mileage down to 50 per cent of the pre-strike level. A 25 per cent reduction already is in effect.

Announcing the freight embargo, the Interstate Commerce Commission declared that rail service can be prolonged "only by the most careful husbanding" of remaining coal stocks.

The general ban applies to express as well as freight shipments. Passenger Mileage Cut
The Office of Defense Transportation, in announcing the passenger mileage cut, said in a statement that it acted upon reports indicating that the railroads have on hand a 25-day supply of coal based upon the present rate of consumption.

In still another step resulting from the coal strike, the association of American Railroads clamped an embargo on rail movement of freight slated for ocean export, except food and fuel. It is effective at midnight tonight.

In declaring the general ban on freight, the ICC said in a statement that it is of the opinion that an emergency requiring immediate action exists in all sections of the country.

Some Exempt
Certain essential articles will be exempt from the general order. In addition, permits will be issued for local movement of some others. The ICC named Warren C. Kendall as its general permit agent with full authority over issuing permits. Kendall is chairman of the Car Service division of the Railroad Association.

Goldsborough To Sentence AFL Miners Chief Today

WASHINGTON, Dec. 3 (AP)—John L. Lewis today was found guilty of criminal contempt of court but it didn't stop the coal strike.

On the contrary, Lewis responded to the verdict by rising in the courtroom and making a bitterly defiant speech. He accused the judge of depriving the coal miners of their constitutional rights. He said he would "firmly stand" on his position.

After this dramatic scene the judge, T. Alan Goldsborough, sat pondering for four minutes in a silent courtroom and then put off sentencing Lewis until tomorrow morning. Under the law, he may impose an unlimited fine or prison sentence if he wishes.

Pronounced Verdict
Federal Judge Goldsborough pronounced his verdict by agreement.

Mr. Truman said Gardner was under secretary of the treasury. He will take over his duties in London as soon as he can arrange to do so.

Denny Named Chairman
WASHINGTON, Dec. 3 (AP)—Charles Denny tomorrow will be named chairman of the federal communications commission.

Presidential press secretary Charles G. Ross told reporters of President Truman's decision to appoint Denny after today's news conference at which the president, misunderstanding a question, indicated he was still looking for a man for the job.

War Dept. Spikes Charges
WASHINGTON, Dec. 3 (AP)—Charges of wild immorality and other excesses by American boys in occupied Germany were made public tonight and the War Department swiftly repudiated them.

President Truman, in replying to questions at a news conference, took the position that a contract should be made with the military government of Germany as a condition of peace.

The document said Lewis and the union had unlawfully conspired, intimidated, abused, and encouraged "the miners to interfere with the operation of the government-owned coal mines by strike, slow-down, walkout, cessation of work, or otherwise."

May Prosecute
This language suggested that the government next may prosecute Lewis as an alleged violator of the war labor disputes act (Smith-Connally Act). This law forbids anyone to encourage a strike against the government.

KNOW YOUR STUDENT COUNCIL

Councilmen Active In School Affairs

Editors Note: This is the second in a series of stories by News staff reporter Jim McGraw, entitled "Know Your Student Council."

Because of a statement by Richard Lee "Dick" Beils, only four feet 2 and 7/8 inches tall, meant that he can't be a big man on campus. As one of 12 representatives on the Student Council from the Basin College, Beils has his mind in many other places.

Most people associate the 19-year old representative from Birmingham with trespassing. It was Beils who tracked the Cincinnati Bearcat during the half-time of that game. It was dramatic directing cheers at football games while enthralled in an oversized letter sweater.

However, Dick's main interests in college are centered around station WKAR and radio. He says that his ambition in life since the age of four has been to become a sports announcer.

In the meantime he is picking up valuable training by playing his part on the campus radio station's newest "Live" program, "Adventure in Music," every Monday morning from 10 to 10:30.

As a council member Dick has functioned as chairman of the committee on Cuts and the Organizations committee.

Dick Beils, representative on the Student Council.

Last spring term when he was campaigning for office Beils promised his constituents that he would do all he could to get the unlimited cut system into effect.

Dick is still growing and says that he will continue to do so for the next 25 years. Maybe he's a good thing that he will have graduated by that time because it's hard to say what would happen to MSC if he were a big man on campus literally as well as figuratively.

As one of two representatives on the council from the School of Agriculture, Mary Ann Bowman is largely responsible for the addition of the bright green and white pots in front of every campus building. This has been one of the steps taken by Mary's "Clean up the Campus" committee in their drive to maintain the beauty of the campus.

Mary has been active in many circles, most of them related in one way or another to her ambition to one day become an architect-consultant.

She lists the Agriculture council, the Horticulture club, and a membership in Beta Alpha Sigma, local art, horticulture and floriculture honorary, among her activities. She is majoring in landscape architecture.

At the present time this Royal Oak junior is acting as chairman of the patrons and guests committee for the J-Hop.

Music, especially of the recorded variety, comprises her main outside interest and is the field which she likes to refer to as her hobby.

Mary points out that she is keenly interested in improving the Student Council. All things considered, she says, you have to admit that the council could do many more things and engage in more activities than it does today.

Nick Gregory, Chicago junior, represents the School of Business and Public Service on the council, although he admits an interest in both journalism and in geology.

Nick graduated from Amundson high school in Chicago back in the late 30's and started his college career in 1940. Except for a stretch in the Air Corps, he's been at it ever since.

Gregory is affiliated with the Sigma Alpha Epsilon fraternity. See COUNCIL, Page 2
