

Four Michigan Men Get Service Awards As Farmers Arrive

By DON DORR
Farmers' week opened yesterday with a better than average "busy day" crowd of over 1,000. Dean E. L. Anthony of the School of Agriculture reports that "the crowd was up to expectations."

Members of six breeder associations attended the annual meeting, an atomic energy panel, and a merit award ceremony for meritorious service. Michigan dairymen by Van Housen Jones, State of Agriculture member, awards.

Speakers include Mrs. Berr, Archworth, Iowa, head of Associated Country of the World, who will speak on "Europe As I See It," and Dr. J. L. Case company's buying division who will speak on "Making and May Making."

ANNIVERSARY ANYWAY— Trailer Family Loses All In Morning Fire

By JIM SMITH

East Lansing's William Riker Johnson American Legion post 216, sponsored a fifth wedding anniversary party for Mr. and Mrs. Max Hibbard and their two small sons last night. The family was driven from their college trailer home by fire early Monday morning.

The fire swept through their home shortly after 8 a.m., endangering their two sons and completely gutting the interior of the unit according to Phil Patriarche, East Lansing fire inspector.

Students who wish to help out the Hibbards, who lost all their personal belongings in the fire yesterday, may bring their contributions to the State News office, located opposite the Union cafeteria.

Senator Bridges Says Truman Budget Hides Two Billion For ERP

Schutzer Calls Aid Plan
Atomic War Blueprint

WASHINGTON, Jan. 26 (AP)—President Truman was accused today by Chairman Bridges (R-NH) of the Senate appropriations committee of concealing \$2,300,000,000 for foreign aid in what the Senator called the "phony budget" for 1948-49.

And the Marshall program for European recovery was denounced as a "blueprint" for atomic war by Arthur Schutzer of New York's American Lobby party. Schutzer said the program endorses the foreign aid views of Henry A. Wallace.

These developments came as a senate opinion appeared swinging in line behind the proposals by Chairman Vandenberg (R-Mich.) of the Foreign Relations committee for operating the proposed four-year recovery program.

Senator Taft (R-Ohio) and Connally (D-Texas) were among those commenting favorably on the Vandenberg plan, which would put the recovery program under an independent, cabinet rank administrator responsible only to the president.

President Truman and Secretary of State Marshall have asked congress to give the state department control of the program and to appropriate \$4,300,000,000 for its operation during the next 15 months.

Bridges, whose committee must pass on any appropriation, told newsmen he called the attention of all Republican senators at a morning conference to "the phony budget" so far as foreign aid is concerned.

Foreign Aid

The New Englander said Mr. Truman's budget listed \$4,000,000,000 in planned expenditures for foreign aid in the fiscal year beginning next July 1, and noted that the president asked another \$500,000,000 before July 1.

Subtract this \$4,500,000,000 total from the administration's \$4,000,000,000 request for foreign aid, Bridges said, and you get a "discrepancy" of \$2,300,000,000.

THE SQUARE CORNER

Arabian Duty

By PAT MCCARTHY

WHEN THE UNITED NATIONS VOTED to partition Palestine, it was thought to be the best solution to an ugly situation which has been brewing in the Middle East since the first World War.

A recent Arab governmental bulletin announced in no uncertain terms that this fighting would continue—and increase. The truth of the statement is sharply brought out by increasing reports of skirmishes and casualty lists in Palestine.

Another interesting point brought out in the report is that the Arabs are blaming the U. S. for the situation as it stands because the Americans gave whole-hearted support to the partition plan when it was broached in the U. N.

LETTERS, MANY OF WHICH COULD not be printed, received by the State News point to the difficulty of both parties—clamoring for the rights which each believes to be its own to the point of excluding the other's.

Whether or not the Grand Mufti was in Germany advising the Nazis on how to torture the Jews, whether he managed to escape through France disguised as a woman, whether the Halifax declaration was valid, or the Jewish mass migration to Palestine is ethically right, makes little difference.

as it remains there. Wrong as it is, the Nazi doctrine of anti-semitism has taken a strong hold on Europe. The Jews finally had to take it upon themselves to find a solution to their ills and they chose Palestine as that solution.

THIS THE RIGHTS OF BOTH PARTIES are being violated: the Arabs' right to their country and the Jews' right to their existence. Since the situation stands as it is, the only solution seems to point to a sacrifice on the part of the Arabs.

Arguing—and killing—over who is right or wrong is useless. It may be wrong for the U. S. to partition Palestine, but something has to be done with the Jews and the extent to which partitioning Palestine will rob the Arabs of their freedom in Palestine appears small.

The armed strife-war of the Arabs is unwarranted in view of the solution to Jewish troubles, even though it presents a solution which is inadequate only as the lesser of two evils.

UNLESS THE ARABS HAVE A BETTER solution to the Jewish problem, it is time that they accepted their bitter pill as necessary, not for the good of another minority group, but to peace in a world which is having a difficult time maintaining its composure.

ROBERTS REPORTS:

British Criticize French For Franc Depreciation; Fear European Crash

By J. M. ROBERTS, Jr. (AP Foreign Affairs Analyst)

DEVALUATION of the French franc in some way had been encouraged in the United States, and the creation of a free money market in Paris to accompany it caused little excitement here.

The chief question appears to be whether the action will strain Franco-British relations.

The World Monetary Fund criticism of the French action obviously stems from the British, probably supported by other European countries which fear a spiral of monetary depreciation.

Insofar as the action tends to increase France's ability to export, it should be a benefit to the United States, where imports will now be able to get an estimated 277 franc worth of goods for a dollar which previously has bought only 119 francs worth.

The U. S. needs the exports, and one big objective of the Marshall plan is to put Western Europe in a position to export enough to support itself.

To the British, however, the method which France adopted in a direct threat to their own export markets, where they are still trying to work with a pound pegged at \$4.93 although free market transactions have shown it to be worth only \$2.86.

The French will have all the edge at competitive points under the new arrangement, and might force the British to devalue the pound. Whether this would be entirely fair, I think, at least debatable.

The British, although heavily dependent on the U. S., have not exactly gone all out in matters of trade, either in the international or in money matters to help us relieve the present situation.

The French, however, have just agreed to join England in a series of political and military alliances with other European countries to set up a defense against Russia.

ate Tramples Titans, 66-31, for Season's Highest Score

Spartans, Buckeyes Better Track Marks

With Ties Fieldhouse Records Set In 1942 For Both Hurdles

By BILL PEARMAN
Spartan sophomore Horace Smith and Fred Johnson in parade of record-breakers in MSC's 16 to 16 track victory over Ohio State Saturday night. Smith met, varied and fieldhouse marks were either set or tied during the meet which may easily prove to be the fastest indoor meet of the entire collegiate season.

Smith's early season feat of tying fieldhouse records in both high and low hurdles was "remarkable" by State Coach Karl Schlotman. Smith set marks of 66.0 for the high and 48.3 for the low which were tied by Charles "Whitey" Wood of Michigan Normal in 1942. Both established new meet and varsity records.

Johnson in his first jump broke fieldhouse mark for the high jump by leaping 59' 6 1/2". He won the 75 yard dash in which equaled the meet record set by Smith in high hurdles and ran a leg on varsity record setting mile relay.

Don Praludt and Bob Schapers drew from Schlotman for his effort Schapers handed Jack with a two yard lead which "Rocket" held to win the mile and give State a margin of one-third of a point. Bob Howell put on a regular kick in the two mile tugging Don Washington of State in the most record setting time of 9:08.2. The fact that their performances were conducted in a standard arena, the Ohio stadium was in top shape for the meet. Scarlet and Gray led about most of the meet and set of the new records.

WOMEN'S SPORTS

By BOB NARRA
Players remain undefeated in the badminton tournament. Margaret Wells and Kahn of block I, Elan Gylden and Woodward of block II, Elizabeth Hammond, Ruth and Prudha Ann of block III, and Jean Long and Harrison of block V.

Wells and Aiken captured the badminton championship last season. They expected to offer competition to defend it this season. The Ki-Rows walloped North 2-1, while the Eger Beavers defeated the Merri-Macs.

The Spartan Wives team first victory, 12-11, over the Terrace Terrers. Other winners: Basketballs, 14, Terrers, 10, West Mayo Spitters, 10, Rochdale Rockets, 10, Sawyer Amblers, 24, Newcomb, 17.

Brannum Sinks 17 Points To Increase Total To 224

By BOB MULLINGS
Michigan State ran up their largest score of the season last night as they chalked up their ninth win of the year and their second over the University of Detroit, 66-31, at Jenison fieldhouse.

Every man of the 13 member Spartan squad contributed at least two points to the State victory with the exception of forward Bill Rappach, who had only two shots during the contest. Captain Bob Brannum came within 27 points of MSC's individual season scoring record of 251, as he garnered 17 markers to lead the Spartan attack, and bring his 1947 total to 224.

Michigan State rolled up a 11-0 lead before forward John Kirwan sank a foul shot for the Titans' first score of the five minute mark. The visitors failed to gather a field goal until seven minutes of the game had been completed, and made only four baskets throughout the first half.

JV Swimmers Whip Detroit Varsity, 51-32

Taking seven first places in nine events, Michigan State's junior varsity swimming team upset a favored University of Detroit varsity squad Saturday, 51-32.

Alex Krupinski, Spartan freestyler, was high point man for the meet with victories in the 220 and 440 yard races. Fred Carbonero was the only individual winner for the Titans, with a 25.5 seconds clocking in the 50 yard pool. The U. of D. 400 yard relay team took the only other first for the visitors.

Spartan Eugene Walsh turned in a top performance in the diving competition to defeat the Titans' veteran, Vince Harmony, with a point total of 231. Judged by comparative times, Bill Clemons, State freestyler, turned in the best clocking with a 54.7 second performance for 100 yard.

Gym Squad Preparing For U. of M.

Wolverine Team Will Meet State Here Saturday

Spartan gymnasts began workouts yesterday for their meet with the University of Michigan here Saturday, absorbing a 67.5 per cent drubbing from the University of Illinois last Saturday, their second loss of the season.

Captain George Reynolds' newly formed team will face a squad that is rated much more in State than were the powerful Illinois Michigan last to Minnesota, 82.5-33. The Gophers trampled Michigan State, 23-21, here last week.

Parker Tops State

All was not gloomy for the MSC squad, however. Jack Parker came through at Champaign with a first place on the trampoline to pace State scores. Parker topped top honors on the strength of a double forward somersault from his knees. John Holback added a third in that event.

Joe Harrington and Ray Landrum of Illinois took first and second on the parallel bars, Len DeBenedictis grabbing a third for the visitors.

Team Third On Rings

Ivan Toms added another third for State on the rings. Arnold Nelson of State also scored earning a third on the side horse.

For Illinois, Vito Zanzi topped the side horse competition with an exhibition of difficult stunts.

Stiff Mat Workouts Ordered To Prevent Letdown This Week

Kansas State Rated 'Breather'

Kansas State, the Spartan wrestlers' next foe, should prove a breather, but coach Fendley Collins plans to drill his squad at a stiff pace during the next week to prevent a let-down after the 24-0 drubbing they handed Ohio State Saturday.

Gale Mikles, State's champion 165 pounder, is expected to be back in action in time for the Wildcat tilt. However, Bert Waterman, who filled in for the injured Mikles against the Buckeyes is planning a stiff battle to retain his varsity berth.

Face Heavy Schedule

The Spartans have six dual meets ahead of them after the Kansas contest and four of these are with teams that ranked among the first ten in the nation last year.

Pat Sullivan, the only Spartan to lose by a fall in the Iowa Teachers' match, provided the highlight of the Buckeyes tilt when he decimated Warren Jones in the bout the Bucks had felt the surest of winning Jones had not previously been beaten in two years of dual competition.

Score Two Near Falls

Another outstanding bout, in the 121 pound class, saw Jack Hancock prove himself an offensive whiz-bomb as he decimated Buckeye Bill Payne, 11-4.

The javelin men also scored a clean sweep Saturday in their tussle with Ferris State Athletic club. After forfeiting in the 135-pound class, the javeliners took the nod in the remaining bouts to rack up a 24-5 victory.

'S' Foils Men Drop Match To Wildcats

Michigan State dropped its first losing match to the strong Wildcat squad from Northwestern, Saturday afternoon, 15-11 1/2.

The Spartans put up a better fight than had been expected, according to Coach Charles Schmitter. State took four of the nine fall bouts, but dropped behind in one, when they could only garner two and one-half points.

Two Miler

Bob Howell, star Michigan State distance runner breaks the tape as he crosses the finish line out in front of the two mile field in the Spartan-Ohio State dual meet.

Forest Men Schwartz To Tell Of U.S. Policy

Wood Identification Part Of Contest For Farm Week

The forestry department has three shiny new axes to give away. They are the prizes for winners of the wood identification contest at the farmers' exhibit for Farm Week. Samples of 25 native and imported furniture woods will be displayed.

A J. Paulson of the forestry department is in charge of the contest which will run today, Wednesday and Thursday in the ballroom of the University Hall.

Other activities for the visiting farmers will be a...

New methods of preserving fence posts will be demonstrated by W. M. Hall, extension forester and Russell Decker of the forestry department of the University.

Using a microscope, they will show the farmers how to detect forest insects by the color of their eggs using a special microscope. This is a new method of forest pest control which is being tested for practicality in the forest posts.

Timothy C. Gault of the Farm Week committee will be discussed by Bill and John Gault, farm foresters for the Michigan conservation department.

At 10 p.m. Wednesday, Lester Bell, extension forester, will speak on "Growing and Planting Christmas Trees." Donald Mac of the forestry department will aid Bell in explaining to the farmers how to plant a forest with native lumber.

Speaker To Tell Of Synthetic Gas Technique

A new engineering technique which will facilitate the manufacture of synthetic gasoline and other vital industrial processes will be described here tonight by Prof. Hugh S. Taylor, chairman of the department of chemistry at Princeton University.

Professor Taylor will speak at a meeting of the Michigan State College section for the American Chemical Society.

The method is known as the "hydrogenation" process. It involves the use of a catalyst to convert carbon monoxide and hydrogen gas into a mixture of synthetic gasoline and other products which it is heated and treated in contact with a catalyst of chemical stimulants. Temperature control is aided by the use of finely powdered catalysts suspended in the gas mixture.

Dr. Laurence L. Gill, chairman of the Michigan State College section, will preside at the meeting.

By RON JENTON
American Foreign Policy Since the War will be the topic of the speech by Wendell Schwartz, who will speak before the Michigan State Faculty chapter of the American Federation of Teachers Wednesday night.

The speech will show the underlying causes leading toward war. I am not necessarily pro-communist," said Schwartz, yesterday, "but people must understand Russia better."

The material for the speech will be the information Schwartz gathered while in Germany near the Russian zone of occupation the several first with the 83rd infantry division and was awarded the Silver Star. Later he became a member of the intelligence division and was able to study and observe the Soviet army.

Majoring in sociology under Dr. Paul Hancher, he eventually hopes to receive a degree in international law. Schwartz has studied the Russian language and the Soviet Union's economic and social structure.

It was on the basis of this study that Schwartz has been able to lecture and write articles on Anglo-Russian relations. One of these articles which was published by the University of Wisconsin, entitled "A Study in Belligerent Occupation," told of how the war affected Germany and the failure and success of the military government.

Schwartz is a member of the speakers bureau and Spartan citizens league. He also belongs to the Joint Distribution committee, a charitable organization, and Alpha Epsilon Pi fraternity.

The meeting Wednesday night will be open to anyone interested.

Top of the deck Record!

It's MONICA LEWIS' top Decca recording
... "The Gentleman Is a Dope"

HER MONIKER is Monica (Lewis that is)... and she has one swell set of pitch pipes.
When it comes to cigarettes - well, let Monica sing it:
"Camels are my choice - they suit me to a T."
Millions of smokers agree with you, Monica. That's why more people are smoking Camels than ever before!
Try Camels! Discover for yourself why, with smokers who have tried and compared, Camels are the "choice of experience!"

AND HERE'S ANOTHER TOP RECORD -

More people are smoking
CAMELS
than ever before!

Camels are my choice of experience!
