THE SQUARE CORNER

Hollywood Hoax

By PAT MCCARTHY

SPARTAN STUDENTS THAT FIND time to go to the local cinema generally find that they have wasted both their money and time. Hollywood seldom sees fit to turn out anything worth more than an hour and a half of sleep.

The fact that the highly publicized faces of the Gregory Peck, Van Johnson, Green Goddess, Betty Williams, and George Raft to drag in enough box office to fill the respective picture houses is a sad commentary on the public's willingness to throw its money away on anything that comes along. It is a rare occasion that Hollywood ever does produce anything of worth in the way of drama.

So there is little effort to give the public more than a chrome plated view of honey sweet morality and sentimentalism. Anything else just doesn't pay for itself two or three times over. One of the finer comedies to come out of Hollywood, Charlie Chaplin's "Monieur Verdoux," had to be dropped from a local billing because nobody was standing in line to see it.

WHATEVER THE FUN OF THE MILL film (Clayton) have to offer in the way of self-respecting entertainment can be judged by such in the billboards advertisements. The pictures themselves are more or less on a

random in the outgroup which is so rapid it appears to those who see it often the case that these are within themselves in a situation of life, but always turn out to be a mere rehashing of the usual run-down LARRY GREEN'S AND JOE.

Hollywood's cash gods and ultra Puritanical morality code stultify its productions to the extent that even the most recent Oscar picture, "The Best Years of Our Lives," turned out to be an overly long mechanism of sentimentalism.

Melodrama, Alibi, and Conscience are examples of all types of productions that show a recognition of reality. Even "Conscience," in its attempt to grapple with the all mighty social problem, appears to be groping blindly in its purpose. But at least it was groping.

IF YOU WANT ENTERTAINMENT that is not just a rehash of the intelligence of the average child, you will have to sponsor your own picture.

The feature subject looks good. Dean of Students Stanley E. Green has several interesting proposals under consideration and being tried. A regular movie night at Forest Hill theater, Foreign movies of the past at "Grand City," "The Show" and "Theater" will be shown at prices that fit the student's budget. The institution of foreign films at night will fill a badly lacking cultural demand of college life.

Speed is a creed with newsmen and the Bell System helps make that speed possible.

It provides the local Long Distance and radio-telephone, telegraph, teletypewriter, and wire-

photo facilities and a network of channels to process and transmit photos.

Keeping these facilities in top condition, while improving wherever expanding is the pressing job of many Bell System men.

It is a unique phase of the many-sided telephone industry in which thousands have found challenging and rewarding careers.

There's a future in telephony.
