and the student government

and the student groups

within the sphere of government control.

Interviewers

Schedule

Seniors

Students who are interested

in assistance will be in

East Lansing Monday and

Tuesday. Representatives of

the executive and legislative

and the student government

will interview senior

students held on Mon-

day, Feb. 6, Detroit, will

have Tuesday to inter-

view men and women

of the Aetna

Life and Safety Company

and interview single men

and women their work

in Tuesday.

Seniors should call

the office extension

in appointment.

Two YWCA Plays

Will Be Presented

The White Phantom and

The Moon, two one-act plays sponsored by the

YWCA, will be presented Saturday

at 8 p.m. in Peoples church.

Colleen Warren, East Lansing sophomore, and yesterday

Jane Elizabeth Johnson, sophomore, and Linda Hodges, Concord sophomore, are

directing the production.

A dance will be held following each performance of the plays.

Students realize the im-

portance of business administra-

tion in this country and

more majors in this

than in any other on

campus. There are 2,131

business administration

students enrolled in

business administration classes.

Nearly 15 per cent of the

year's enrollment of 4,300 are

majoring in business administra-

tion. This number, introduced in

the summer of 1941, reached

one-half of the total enrollment.

The trend in enrollment in busi-

ness administration has continued

since the war. New School Place Formed

Plans were laid to place busi-

ness administration in a separate

department and to form an

entirely new school. This led to

the formation of the School of

Business and Public Service with

Colonel Rodney as president.

Included in the school were the

Business Administration, Busi-

ness Economics, Hotel and Ho-

use Administration.

Graduates Always In Demand

Businessmen's strong demands

for personnel assured the suc-

cess of the courses offered. Busi-

ness and industry realized the

advantages of scientific manage-

ment and the colleges moved the

Business Administration to the new

Business Administration building.

The largest enrollment of any of the

classes in the department. It be-

came apparent that "business"

was becoming too big for the

Business Administration depar-

tment.

Before taking office as presi-

dent of Columbia University in

New York, Gen. Bradley will take

over on Saturday as Army Chief

of Staff. He succeeded Gen. Dwight

D. Eisenhower, an authority

on the subject.

Before taking office as presi-

dent of Columbia University in

New York, Gen. Bradley will take

over on Saturday as Army Chief

of Staff. He succeeded Gen. Dwight

D. Eisenhower, an authority

on the subject.

Bradley To Take Over

As Army Chief Of Staff

WASHINGTON, Feb. 4 (AP) —

The Justice Department said to-

day it will take before a grand

jury soon a test case on the Taft-

Hartley Labor Management Re-

lations Act.

The statement was made in an

announcement by Attorney Gen-

eral Clark that the department

is about to conclude its investi-

gation of certain reported viola-

tions of the act.

Bartlett Discusses

State Deer Herd

There were 45 deer hunters per

AL'S HALF ACRE

College Basketball

By AL BERGLUND

WELL, the letters are coming in again. Everyone was unhappy about the basketball game Tuesday night, but for different reasons. Some readers are incensed about the display of "unsportsmanlike" conduct on the part of the fans who littered the floor with paper and booted the referees. Some are just mad at the referees. Some are mad at Bob Brannum.

Basketball isn't what it used to be. Basketball players, fans and officials have all changed. Basketball is now a rough, body-contact sport. It is inevitable then that the tempers of players will flare like players of hockey, football, and baseball. The fans boo the referees just as they boo the umpires in baseball.

In a Big Nine game at Wisconsin, the Badger's acting captain Ed Mills shoved an Iowa player 15 feet off the court, into the laps of front-row spectators, and was put out of the game. The crowd booed the referee and cheered Mills. According to Time magazine, the "Big Nine plays the hard driving football-style game, the hardest in the country." Any player knocked off his feet is apt to be raced over by a herd of buffaloes in gym shoes." The referees at the MSC-DePaul game were Big Nine officials.

Boeing is now a common practice at Big Nine contests, so much so that the home team is generally considered to have a ten point advantage.

In light of this, let us consider the situation at Michigan State. Everyone wants a winning team. That's what we had in football, and the fans at the football games in Mackin stadium last fall were among the

most sportsmanlike and the best behaved of any student body in the country. Yet these are the SAME students who booted and littered the floor with paper at Tuesday night's game. It is part of a growing tendency.

The best way to halt—the throwing of paper onto the court, and no matter what basketball is today, that should be stopped, would have been for one of the athletic officials to step to the public address system and tell the fans that neither he nor the team approved of such demonstration. Failure to say anything gave the action an unofficial sanction. Coach Van Alstyne said yesterday that he will use the microphone to prevent such demonstrations in the future. There should be no need for such a request from Van Alstyne.

Brannum lost his temper in the closing minute of the game. He is not entirely to blame for losing control of the game being what it is? Mikian might just as easily have lost his. It is to Brannum's credit that he went to the DePaul locker room after the game and personally apologized to Mikian and his teammates.

The type of basketball that is being played today will not be changed simply by Michigan State's failure to play that type of basketball. The change will have to come from the national rules committee. Referees are human, after all, and it would take a half dozen referees at a game such as the DePaul-MSC contest to see all the fouls that 10,000 fans saw and the referee missed. That is why the MOST competent officials must be obtained, especially for the key games, such as the approaching contest with Notre Dame.

BURTON R. WHEELER (above), former Democratic Senator from Montana has been named by the American Federation of Labor executive committee to head the labor organization's new political league in the coming elections. AFL President William Green announced in Miami, Fla., Feb. 3.

YARDBIRD'S CORNER

MICHIGAN Veterans who are receiving federal compensation for pension payment from the VA may now make arrangements for deduction of life insurance premiums from their monthly checks.

Persons eligible and interested should fill out form No. 9-887 in duplicate. Forms are available at the south campus VA office.

The VA branch office in Columbus, Ohio, reports that 132,000 veterans were entitled to educational institutions in Michigan as of Jan. 1. This represents a decrease of 1,671 from the Dec. 1947 total.

Most of the decline represents veterans who interrupted their training under the GI Bill. This total, however, includes veterans enrolled under both the GI Bill and Public Law 16.

Most of the decline represents veterans who interrupted their training under the GI Bill. This total, however, includes veterans enrolled under both the GI Bill and Public Law 16.

For further information contact the VA branch office in Columbus or your local office of the Department of Veterans Affairs.

Construction on Mackin Field is progressing rapidly, workmen say, and is now ahead of schedule, despite previous labor trouble. The north entrance to the stadium, shown here, will be finished first.

LANDSLIDE

First Appropriation Bill Passes House

WASHINGTON, Feb. 4.—The first big appropriation bill of 1948 skinned through the House today after a brief tussle over President Truman's \$700,000 emergency fund.

The \$991,478,531 bill funds a score of miscellaneous federal agencies, including the White House, for the fiscal year starting July 1. The total is \$56,280,343 below the President's budget estimate, a cut of about six percent.

Voted 320 to 10.

The vote that sent the bill to the Senate was 320 to 10. All 10 negative votes came from Republicans.

The strength of the administration's emergency fund declined even as it accumulated. The House rejected every WRA bill yesterday afternoon at

College station news director George Royce will air views over WKAR.

Mr. George Royce, newly appointed chairman of the Michigan Economic Development Department, will appear on WKAR Sunday afternoon at

College station news director George Royce will air views over WKAR.

Former commanding general of Fort Wayne Field, General Royce

will appear at the head of the department upon appointment of Governor George E. Smathers.

Concerning the purpose of the so-called emergency funds, the committee said: "Many of them, we think, should be considered by Congress before they are finalized."

Turning to southern Michigan, who brought his amendment and have been agitating the President's recent Civil Rights recommendations, Rep. Keeler pointed out that one of the activists financed from the Encino Fund is the President's commanding general of the development department part.

Rep. Keeler was born in Marquette, Michigan, and attended school in Houghton. He became an attorney, served many and retired after World War II. Shortly after his retirement he accepted the development department post.

FAIR AND WARMER

Secretary Of Agriculture Initiates New Generator

Michigan Secretary of Agriculture Karl McDonel Tuesday lit the fire in the new boiler on south campus. The huge machine immediately began generating steam for the turbines in the power plant at the rate of 110 thousand pounds an hour with a pressure of 300 pounds.

Manufactured by the Clecker Boiler Co. of Saginaw, the new boiler is twin, which is necessary in operation, cost \$300,000, according to Claude R. Erdmann, consulting engineer. Begun last June.

Installation in the south campus power plant was begun in June 1946. Since that time, according to Carl Lindquist, Herman H. Buckel, Miss. State, Oct. 1947, and Fireman Supervisor D. H. Dodge of the Saginaw office.

Coal is fed into the furnace by means of a belt conveyor that kicks the fuel into the furnaces at a rate of 1,000 ton per day at 5,500 hours.

Students May Study Power.

A regular instrument has been provided in addition to those necessary for plant operators to enable students in the mechanical engineering department to study power plant operation and design.

The entire equipment may be used as an aid to the student in making complete designs.

Several engineers said this coal combustion plant is expected to be the most efficient in all commercial installations in the country.

Operation Snowdrop

Four hundred paratroopers of the war-tested 82nd Airborne Division participate in the largest over snow jump in U.S. army history in Pine Camp, N.Y., leaping from 16 C-47 "Flying Box cars." The men landed on a deep cushion of snow in sub-zero weather. The maneuver, which ends late Thursday, will consist of three phases. These are the airborne assault, a cross-country march on skis and snowshoes and an attack by the entire combat team.

CHILDREN'S THEATER

Technical Crews Chosen In New Play

Technical crews for the Children's Theater full-length adult production, "Mr. Doubt," were announced yesterday by Eleanor Chase of the speech department.

The play is scheduled to open in Lansing Eastern High School February 14. It will be presented here in Fairchild theater February 21.

Bill Devereux, Lansing junior, has been named production manager while Dick Finegan

Lansing senior, will act as stage manager. Eleanor Wozniak, Detroit, has charge of costumes and make-up and Betty Williams Clifford junior, is prop manager.

The set was designed by Ben Wampler of the speech department. "It is a mobile set," Miss Chase explained. The set is designed for carrying a minimum number of flats for the road performances while still allowing for the necessary scenes.

Three out-of-town appearances

have been scheduled: Greenville on February 28, East Grand Rapids on March 6, in addition to the one in Lansing.

Technical crews are directed by Prof. C. H. Nickle of the speech department.

LUGGAGE — LEATHER GOODS — TRUNKS — GIFTS

Turntable

By RUSS LEE

A RECENT issue of Look magazine selected Doris Day as "the girl singer forecasted for stardom this year" and rightly so. Miss Day, who can and does put many singers to shame, turned in a beautiful version of "I Only Wish To Blame" on *Look*.

Capitol teams Peggy Lee with her old boss Benny Goodman on "For Every Man There's A Woman"; "There's A Woman" Miss Lee evidently doesn't know the dating conditions on this chapter.

Tex Beneke, whom we criticized somewhat harshly last week, has an excellent record of "But Beautiful" with Harry Stevens on the vocal. "You Don't Have To Know The Language" on the reverse is Beneke and the band at their most dismal.

Claude Thornhill and vocalist Fran Warren do a superb piece of work with "I Remember Mama." Ella Mae Morse, the "Cow-Cow Boppe" girl, presents nice versions of "On the Sunny Side of the Street" and "Early in the Morning" with Duke Ellington's orchestra.

Columbia should be commended for the current material handed to Tony Pastor. Pastor, when with Odeon records, made some wonderful renditions of ballads and jump tunes. On his new label suddenly hear him sing pretty songs as the "Secretary Song," which he does well, never better.

Arthur Godfrey expounds his vocal charm on a related record, "I'm Looking Over a Four

"Leaf Clover." In his tried and true manner Elliot Lawrence plays "Sugar Boat."

Victor records offers current issues of "Body and Soul" by the master of the tenor saxophone, Coleman Hawkins, and Artie Shaw's wonderful "Gloomy Sunday." Also available is "Boogie Woogie" by Tommy Dorsey, which he probably should never have recorded in the first place.

In a commercial cut lately has Harry James, but he surprises us by doing a jazz tune, "East Coast Blues" quite nicely. We wish James would more frequently make records like this.

Mei Torri sings effectively "Three Little Words." Eli Alvey Be in Love With You," and "Kiss and Tandie."

RECORD OF THE WEEK

This week's record is chosen by Gloria Patton, Saginaw sophomore, last year's homecoming queen. She picks "Shine" by Franklin Lane.

IN DESPERATION:

Spartan City Utilizes Emergency Fuel Tanks

"We cannot get enough fuel oil to fill all the tanks in Spartan City," Ray Lamphere, manager of married housing, said yesterday.

Persons on the emergency list will have priority of the fuel that is available, but there is not enough oil to keep the drums full, he added.

REST OF STATE WORSE OFF:

MSC is in good condition in comparison to the rest of the state and nation according to Lamphere. There will be emergency supplies available even if delivery is not always possible.

Grand Rapids, Muskegon and Detroit are experiencing severe shortages. In New York, oil delivery trucks are carrying police men for protection.

RUNS OUT QUICKLY:

Oil is brought on the campus by tank truck and stored in 10,000-gallon tanks at the stadium and auditorium since 1941. They are usually emptied within six or eight hours, said Lamphere.

During the recent cold wave they were sometimes emptied within five hours.

Spartan City residents burn on an average of five gallons of oil a day. Total fuel oil figures for the area runs about 195,000 gallons a month.

Iran To Deny Soviet Charge Of U.S. Activity

LONDON, Feb. 3 (UPI)—Iran's Deputy Premier, Hossein Farboud, said on Friday that today's formal denial will be made to Soviet charges of improper activity by the U.S. Military Mission in that country.

The Iran note will be in reply to a Soviet communication charging that the American military mission was engaging in activities imperiling the southern frontier of Russia.

An Iranian army spokesman was quoted as saying the American military mission has never taken part in direct discussions of the Iranian army, but has only served in an advisory capacity.

He described as untrue Soviet charges that the Americans were mapping the Russian frontier area and building air installations.

The U.S. State Department has described the Soviet charges as without foundation.

In London, authoritative government sources viewed the stepped-up Soviet campaign against American foreign policy as intensification of the attack on the Marshall Plan.

The Soviet propaganda mill didn't let the subject alone. A Tass dispatch from Iran said American military pilots in commercial uniforms were flying internal air routes, particularly north from Tehran to Peshawar.

Police Seize Anti-Moslem Instigators

NEW DELHI, Feb. 4 (UPI)—The government outlawed the RSSB tonight and began one of India's greatest manhunts for conspirators in the assassination of Mahatma Gandhi.

A communiqué said the RSSB cult of violence has claimed many victims—latest, and most prominent being Gandhi himself. RSSB stands for Rashtriya Swayam Sevak Sangh (National Volunteer Corps).

Begin Mass Roundup

Huge police officials and a mass roundup of persons prominent in RSSB and another militant Hindu organization, Mahasabha, already had begun.

They estimated that 700 or 800 would be arrested throughout the country. Estimates of the number already seized ranged from 300 to 500.

Two Hundred Arrested

Delhi police arrested more than 200 in raids beginning before dawn.

Narayan Vinayak Godse, held as Gandhi's assassin, was believed to have made statements implicating a number of persons.

Activity Centers In Bombay

Police were particularly active in Bombay province, stronghold of the RSSB, and Nagpur, its headquarters.
