

Jewish Army Halts Arab Drive To Cut Holy City From Sea

Huge Jewish Convoys Enter Aviv Area Without Casualty

HAIFA, April 16 (AP)—Haganah, the Jewish declared today it had smashed a major Arab effort to cut Jerusalem from the coast.

Arab forces were reported to have moved heavy artillery from their northern base (A) and utilized 5,000 men in an attempt to close the Jerusalem-Tel Aviv road.

SALEM, April 16 (AP)—Haganah, the Jewish declared today it had smashed a major Arab effort to cut Jerusalem from the coast.

SALEM, April 16 (AP)—Haganah, the Jewish declared today it had smashed a major Arab effort to cut Jerusalem from the coast.

Dorm Alarms Found 'Safe' After Check

By EARL JOHNSON

A thorough investigation has been made of the Mason-Abbott fire alarm system as a result of fire drills last week which failed to warn many Abbots residents.

The system (Mason-Abbott) is adequate and it is up to each individual to see that it is not tampered with.

Building manager Michael Dmochewski said that periodic fire drills might be held in an attempt to familiarize the residents with the system.

Michigan Will Bill On Tax Violation

By FIL RACETTE

LANSING, April 17—The State today was seeking to collect more than \$12,000 in cigarette taxes by sending bills to some 1,700 residents who have purchased cigarettes by mail from other states.

Proposed \$1 Million Budget Cut Threatens MSC Building Program

MSC's Curriculum Defended

Hannah Hits Red Charges By Phillips

President John A. Hannah and Dean of Student Stanley E. Crowe yesterday defended the college's curriculum which was attacked Thursday by Rep. Harry J. Phillips for teaching Communism.

Hannah and Crowe also said they knew of no Communists on the faculty. Phillips had charged that Communists had infiltrated into the college teaching staffs in the state, including MSC.

Catalog Description Dean Crowe listed a course in comparative government offered by the history and political science department as an example of a course where such theories are taught.

Where Communism may be studied or discussed for a day or two as a system, much more time is spent in those courses on democracy and those systems.

Hannah said he knew of no textbooks under that classification.

Rep. A. M. MacKay said Thursday that he had discovered a textbook in use at MSC that he believed contained "propaganda theories."

Dr. Bortree, who is conducting the experiment in co-operation with the Dairy department, explains it this way: Unlike other animals, a cow's stomach is divided into four sections, the largest of which is the rumen.

The technical term for Maud's affliction, according to Dr. Alfred Bortree, assistant professor of bacteriology, is Rumen fistula.

An operation, with a local anesthetic administered, was performed to produce the artificial opening in the stomach.

She eats her food and then forgets all about what happens to it afterward.

Maud won't admit it, but she is enjoying the attention she receives.

Two women were suspended from college yesterday for violation of rules regarding liquor on campus.

President Hannah's office reported that the two had brought beer into a dormitory.

The house advanced the measure and another proposing four-year terms for county officials, for discussion on the house floor Monday evening.

European students planning their part in the International Festival are from left to right: George Vayonias, Greece junior; Marta Tyse, Norway graduate student; Jean LeJunter, France graduate student and Jan Aarberg, Norway junior.

Foreign Students Favor Rome Girds For Trouble In Elections

ROME, April 16 (AP)—A third of a million armed, steel-helmeted guards took up a round-the-clock vigil tonight to keep the peace through the Italian Parliamentary election, which begins Sunday morning.

Police swept wide areas near Rome, Naples and other large cities in a continuation of their systematic search for hidden arms and ammunition.

The election, the most important in Europe since the beginning of the cold war between the East and the West, is being fought out on the issue of Communism.

The campaign ended tonight at midnight (4 p.m. CST) Italy was tense and tired but there were no major disorders today.

Faculty Members Will Lead Talks By Farm Bureau

Two staff members of the Adult Education Extension service will lead discussions of the Rural Urban conference, sponsored by Farm Bureau Women's group of Kent county, Monday, April 19, in Grand Rapids.

A panel discussion consisting of a housewife, farmer, distributor, retailer and a union laborer will talk on the subject "Why Are Prices So High?"

Rural women are inviting representatives from Council of Churches, Federation of Women's clubs and Grand Rapids' Parent Teacher Associations to Park Congregational Church where a banquet will precede the discussions.

House members placed the "rider" plan to Governor Sigler after a secret GOP house caucus Wednesday.

This brought Rep. Robert Montgomery (R-Lansing) to his feet with, "I'd like to know who's doing the legislative work in this state, the governor's office or the legislature."

The house advanced the measure and another proposing four-year terms for county officials, for discussion on the house floor Monday evening.

Liquor Violation Brings Suspension

Two women were suspended from college yesterday for violation of rules regarding liquor on campus.

President Hannah's office reported that the two had brought beer into a dormitory.

Appropriations Slash To Halt Construction Of Physics-Math Lab

Halting of construction work on the new Physics and Mathematics building was predicted yesterday by Administrative assistant James Denison if a proposed million-dollar fund slash is passed by the State legislature.

Will Redraft Slashed Bill

An economy minded Senate finance committee recommended slashing \$1,181,000 from proposed legislative grants for the MSC victory building program yesterday.

The committee cut to \$500,000, the \$1,500,000 requested by the college and recommended by the state budget department for completion of the new Physics building.

Some \$181,000 requested by MSC for a new Poultry building was deleted by the committee.

The original bill, introduced in the upper house by Sen. George Gurrbach (R-Sault Ste. Marie), was so badly slashed-up with revisions, that a substitute bill was ordered printed.

The revised measure is slated for discussion and debate on the Senate floor Monday.

Other state public institutions also received substantial budget cut recommendations from the Senate committee.

Largest of them was \$5,000,000, proposed for the building of a mental hospital at Northville. More than \$1,000,000 was cut from funds requested for completion of its building program.

Whittled Down The original Senate measure called for an appropriation of \$21,010,148 for construction of state buildings and the acquisition of lands.

A House bill, proposing a grant of \$8,000,000 to MSC for administration and operation during the coming fiscal year is still in the Senate finance committee.

Police swept wide areas near Rome, Naples and other large cities in a continuation of their systematic search for hidden arms and ammunition.

The election, the most important in Europe since the beginning of the cold war between the East and the West, is being fought out on the issue of Communism.

The campaign ended tonight at midnight (4 p.m. CST) Italy was tense and tired but there were no major disorders today.

Faculty Members Will Lead Talks By Farm Bureau

Ag Board Accepts Gifts, Grants

By BOB BURNS

Gifts and grants worth \$25,590 were accepted by the State Board of Agriculture at its monthly meeting Thursday, Karl H. McDonel, board secretary, announced.

The U.S. Public Health service's \$8,500 grant was the largest of the 13 industrial and one anonymous contributions. Gifts of \$4,000 were given by the Michigan State Medical society and the Standard Oil company. All three donations are for research.

Farm crop research grants came from the Sugar Beet Development foundation, \$2,000; the Tennessee corporation, of Atlanta, Ga., \$1,300; and Dow Chemical company, \$300.

The Borden Company foundation of New York city gave \$1,500 for continuation of the Borden Agriculture Scholarship program. Another \$1,500 grant was provided by the American Cyanamid company, for research.

Gifts of \$240 and \$250 were given by the American Electroplaters' society of Detroit and the Michigan Hot House Vegetable Growers' association for salaries and research.

An anonymous donor gave \$1,000 to the college for some worthy purpose.

A diorama valued at \$1,000 was given by the Detroit Edison company. Prof. Arthur W. Farrell, Ag Engineering department head, said the diorama will be set up in the new Ag Engineering building by the end of next week.

'DE PROFUNDIS' Praised Cincinnati Music Critics Laud Jones' Composition

By BEV CHANDLER

Gomer L. Jones, associate professor of music at MSC, recently received high critical praises from Cincinnati music reviewers when they heard his composition "De Profundis" performed by the Cincinnati orchestra and chorus.

Henry S. Humphreys of the Cincinnati Times Star commented that although the average person's acquaintance with Welsh music is slight, one could not help feeling that Mr. Jones, who is a native of Wales, and who received most of his schooling there, has made "bardic music" that has made Welsh popular and prosperous nationalities.

Cincinnati Review Kind Eleanor Bell of the Cincinnati Post stated that "Mr. Jones' Choral Variations" were serious without being pompous, grand without being grandiose.

While it was naturally severe, the composition had moments of real tonal charm, a quality that was particularly noticeable with the entrance of the off-stage chorus.

Performed by MSC Orchestra "De Profundis" which is subtitled "Choral Variations on a Theme by Martin Luther," has received similar acclaim when performed by the MSC orchestra, Rochester Civic and London Symphony orchestras. Mr. Jones has had other works performed by leading orchestras, including the New York Philharmonic and choral groups.

Mr. Jones has been a member of the MSC staff since 1938. His major instructional field is composition.

Budget Experts Predict Record Peacetime Cost

WASHINGTON, April 16 (AP)—The next president may find himself a record peacetime spender of well over \$40,000,000,000 a year, whether he likes it or not.

Budget experts said today that, whoever he may be, actions being taken now assure him of a rough time trying to make both ends of government finances meet.

High Future Cost
Speaking privately, they summed it up like this:

1. Higher spending in the future—particularly in the mid-1949 to mid-1951 period—is being virtually clinched by contract-letting authority now being conferred. Spending is shaping up from \$37,700,000,000 this year toward \$45,000,000,000 in 1950-51.

Income Down
2. The government's income is heading down as a result of the \$4,800,000,000 a year cut in barring increased taxes or a windfall arising from inflation, it looks to be around or under \$40,000,000,000 after this year—too low to cover expenses.

3. The government's unprecedentedly large current surplus has passed its high point and is going down now. Chances are the budget will slip into the red in a year or two—as it did for 17 straight years before a surplus was recorded last year.

The big item for which costs are rising and promising to continue climbing is military defense, on which spending is mushrooming while relations with Russia become more strained.

Six More Pictures Added To Schedule Of Foreign Films

Six foreign motion pictures will be presented on the foreign film series between April 26 and May 21, it was announced by Dean of Students, Stanley E. Crowe, who directs the series.

Scheduled for appearance Monday, April 26, is the French "Harvest," which will be followed by the French movie, "La Boheme," Wednesday, April 28.

"Donna Barbara," a Spanish production, will be shown May 3. Italian film, "The King's Jester," will be presented May 10, and the Spanish "Flor Salvestre," May 17. No definite film has been selected for the May 21 showing.

All performances are in Fairchild theater.

Fraternity Sporting Colors On Birthday

The Alpha Xi Deltas are observing their national fraternity's 55th anniversary today and local members are wearing their colors, the double blue and gold.

A Founder's Day banquet was held in the Union Health room last Tuesday by 60 alumnae and actives. The active girls recently celebrated their chapters' 13th year at MSC.

In America every third woman works. Few have impressive executive jobs, the majority are stationed behind typewriters, at conveyor belts and in other women's kitchens.

YM-YW Schedule Bicycle Hike Today

Bicycle hiking is tops on the agenda for the YM-YW this afternoon at 3 p.m., starting in front of College house, 148 West Grand River.

Men and women interested in joining can come stag or drag. Refreshments will be served at College house between 5 and 6 p.m. Dining will be conducted in case of rain.

Spartan Nine Tied By 'Cats; Game Called With 9-9 Score

Wrestling Captaincy To Mikles

Mikles, Michigan leading wrestler for four years, has been named honorary captain of the grappling team.

Due to an ankle injury suffered by one of the dual Mikles was the Spartans' scorer during the year. He is currently the only senior on the team.

Water Jacob trophy, which is presented to the team at the end of the season, has been won by the Spartans for the past four years. Mikles is the only man ever to win more than once.

When Mikles' captaincy honor went to Gibbons, who is rated as the leading varsity wrestler, Mikles was named as the leading captain to take over the 156-pound weight after Mikles' graduation.

Mikles has captured several titles in the past year, but his most important triumph was annexing the A.A.U. 165-pound title earlier this month.

Ed Zbiek, catching in place of injured regular George Pavlik, not only did a good job being the plate but doubled in the third to score Wendy Lawrence. Zbiek is still suffering from a hand injury incurred on the southern trip and may be replaced by Bob Miller in today's game.

Base Suggs Favored

CHERRY HILL, N.C., April 16 (AP)—Louise Suggs and Olga Zamiatina enter finals of the southern women's golf tournament today.

Tennis Fans Will Witness Pancho's Colorful Play

By JOHN STERLING

When Pancho Segura, Ecuadorian champion, and Patsy, Australian tennis star, step out on the big canvas court Monday evening at 8:15 in the college gym, fans will see some of the weirdest tennis of lives.

Pancho is one of the most colorful players in tennis. His two-fisted forehand is one of the most powerful in the game.

Races

Pancho is a familiar sight to all fans who have seen him race about the court. His two-fisted method was developed as a boy of 12 all right. He proved too good for the tennis club in Ecuador.

When he came a long way from Ecuador, he was ranked No. 3 in the world. In 1946 he won the National Indoor title and the National Intercollegiate title three times.

In contrast to the two-fisted Pancho, the drives of Patsy are completely orthodox.

His Hard

Patsy is considered one of the most powerful and his drive has depth and control. Patsy's lead has jumped victories compared to 22 wins and with at least 22 finished matches.

JV's Meet Hope Nine At Holland

Post Starts On Hill In First Contest

By ED BROWN

The JV baseball squad will play its first game of the season this afternoon with Hope college on their opponents' Holland diamond. Game time is set for 3.

Nineteen players will make the trip according to Coach George Hill. Four pitchers will be on hand to handle the pitching assignments, with Lew Post, a red-headed right-hander, due to start the game.

Southpaw Support

Chuck Dietrich has been borrowed from the varsity to provide southpaw support on the mound. Harry Simcox, a right-handed pitcher, and Wally McClain, left also make the trip.

Hope opened the season last night and bowed to the junior Spartans 11-4. They showed a lot

THREE-WAY TRACK MEET

State To Face OSU, Purdue

By ANDY ANDERSON

Spartan chances for an upset victory over Ohio State in today's triangular meet at Columbus, will ride on the wings of the 25 Green and White trackmen making the trip.

Purdue is the third entry, but it is not expected to provide much competition for either of the two strong teams, OSU and State.

Johnson Out

Possibilities for this meet have dimmed considerably following the official announcement that Fred Johnson, hurdle, dash and broad jump specialist, will not go to the squad.

Since this is the Olympic year, absolutely no chances are being taken with such a valuable man as Johnson. His leg should be in shape for the Drake Relays the following weekend.

JOHNSON

greater part of the race and then edged the Rocket by a fraction of a second.

Half-Milers

Al LaGrou and Dave Peppard are the other State men who will push Clifford for the half-mile crown.

With Herace Smith and Johnson both on the sidelines, Lloyd Duff, versatile Ohio cinderman, should have a field day in the hurdles, broad jump and the pole vault.

Jack Dinetti, middle distance ace, will get his chance to avenge an old defeat at the hands of Bill Clifford, Buckeye half-miler, when they meet in the 880-yard run.

Last June in the NCAA half-mile, Clifford matched strides with Jack for the greater part of the race and then edged the Rocket by a fraction of a second.

High hurdlers Paige Christensen and Dave Sorenson will form the nucleus of competition for the Ohio star in the highs as will Bob Fraser and Sorenson in the lows.

Double Header

Tom Irmen is going to take on the double task of running the mile and the two mile, since there will be a two hour lapse of time between the races.

His running mates in the mile will be James Gibbard, Walt Kalmbach and Herb Keschull. Walt Atcheson, Bill Mallory and Bob Sewall will accompany him on the longer race.

In the discus event will be footballer Jim Zito and John Mueller, who will also be the mainstay in the shot-put. Vladimir Bagel is the other shot entry.

Frank Collins and Bev Fraser

are entered in the 440-yard dash and Bob Fraser, Bob Kritzer, Michael Rogula and Kinsey Tanner in the sprint events.

George Osborn is the lone participant in the high jump.

The team left by bus yesterday afternoon and is expected to return by 11:30 tonight.

George Shomin and Bill Mack, both Michigan State students, left Thursday for the Kansas Relays which are held on the Jayhawk field in Lawrence, Kansas.

Shomin is scheduled to compete in the all-around decathlon event and Mack is set to run in the open 1500-meter race.

Early MSC Lead Lost By Errors

EVANSTON, Ill., April 16 (AP)—Michigan State and Northwestern battled through the cold to a 9-9 baseball tie today in a game called at the end of eight innings because of the weather.

The Spartans bunched six runs in the first inning, by casting in on two of Northwestern's four pitchers and a triple by pitcher Dick Diersen with bases loaded.

Northwestern's first eight runs were inherited off Diersen in one and two-thirds innings. Len Block, Northwestern's first baseman, hit the winning hit in the first inning and then hit the rest of the game.

Lawrence Singles

In the third Wendy Lawrence singled and stole second. He scored on Ed Zbiek's double.

Danny Ubrank led off in the fourth with a single and continued to second when Fatsy Dier-Northwestern's leftfielder, finished. He went to third on a pass ball and scored after Bud Eickensky's fly.

Tied In Sixth

The Spartans tied things up in the sixth when George Rutenbar scored and went to third on an error. He crossed the plate on a double play.

MSC's victory seemed scoring in the seventh when Ed Sells hit a long ball and tried to score. Dick Mack hit out five.

Dick Mack's double out five.

MSC's victory seemed scoring in the seventh when Ed Sells hit a long ball and tried to score. Dick Mack hit out five.

MEN WANTED

Any men interested in working in the Intramural department Monday, Thursday and Friday, 3 p.m. should contact Coach Frank Beeman in Jounson's building.

Frosh Might Work Outside Come Monday

By GEORGE KAUSE

Two weeks ago, stand in the gymnasium, the freshman baseball team which might begin outdoor play Monday. Number one in the completion of the new diamond behind the stadium, Nana Harris F. Freeman, State's tennis coach, officiating.

Bob Malaga, varsity tennis coach, said the past three weeks will be important in the preparation for the match between Pancho Segura and Patsy.

Shomin Eleven in Kansas Relay

LAWRENCE, Kan., April 16 (AP)—George Shomin, Michigan State student, won the 11-mile relay in the Kansas Relays today.

Shomin, a member of the Michigan State tennis team, won the 11-mile relay in the Kansas Relays today.

Strength Test

The game will be a tryout for the Spartans' strength. The team is two deep in all positions, and this afternoon's contest will provide Hill with the first good look he has had at his men.

Edmund Danek will start behind the plate against Hope, with Gene Ater in reserve. Chuck Smith will be on first and Dan Prosser will take care of second.

The rest of the starting infield will be Fred Spotted at short and Don Kappert at the hot corner.

WHY... I smoke Chesterfield

(FROM A SERIES OF STATEMENTS BY PROMINENT TOBACCO FARMERS)

"I think Chesterfield is the best cigarette on the market. I've smoked them for about 20 years. It's mild and it's got more real tobacco taste."

"Liggett & Myers buy the middle leaves... it's the best leaf... it's mellow... it's got to be ripe. They consistently pay above the average to get the tobacco they want."

R. G. Eubank

Royall Qualified

Few men in Washington affairs could be better qualified for their job than is Secretary of the Army Kenneth C. Royall.

This placid, eminently successful North Carolina lawyer occupies a singular position as a result of the armed forces merger in that he is the first civilian head of the army in the nation's history who is not also a member of the president's cabinet.

Defended Saboteurs

Royall first became widely known as chief defense attorney—an army assignment—for the eight German saboteurs who came ashore from submarines in 1942. Although the U.S. Supreme court, which heard arguments on the case, was impressed with the quality of his presentation, the merits of the case were not rated so highly.

Among those on the bench listening to Royall's pleas was Justice Felix Frankfurter who some years earlier as Professor Frankfurter had listened to a younger Royall plead cases as an undergraduate at the Harvard University law school.

Veteran Of Both Wars

A veteran of both wars, retiring with the rank of brigadier general in the last one, Royall was no novice in military matters when President Truman named him Undersecretary of War in 1945.

Last July, with the merger of the fighting forces and the retirement of Robert P. Patterson, Royall became Army Secretary. Though he lacked cabinet status, the 53-year-old army secretary is already being felt in Washington.

Six feet, five inches tall and weighing 250 pounds, Royall's deep voice booms and his brown eyes flash when he drives home an argument for expanding the army. Generally though, he is "easy going" with a fine sense of humor and a deep, pleasant southern drawl which breeds confidence in others.

He champions universal military training in his efforts to build a strong fighting force. He says in this connection, "The potential warlike strength of America is the greatest guarantee of tranquility among the nations of the world."

ROYALL

UMT-Draft Hearings Opened

WASHINGTON, April 16 (AP) — An opponent of selective service told Congress today he believes military leaders are trying to build an army to fight a last-in-first war with Russia.

He was H. D. Bollinger, representing the National Conference of Methodist Youth. Bollinger and two other church representatives told House Armed Services committee they favor a stronger United Nations to head off a world conflict.

As the committee began listening to arguments of those against a draft or universal military training bill, senators put a "not-so-fast" sign in front of the 70-group air force bill.

70 Group Air Force

Yesterday the House approved \$3,198,000,000 for a 70-group air force by a steam-roller 343 to 3 vote. The administration favors a 55-group air force, which it says will balance the armed forces.

Design Elements Shown In Exhibit

An exhibit, Elements of Design, is now on display in the main corridor of the Library.

The property of the Art department, the exhibit was purchased from the Museum of Modern Art in New York city. The exhibit has been acclaimed for its usefulness in helping laymen to appreciate some of the mysteries in current artistic expression.

Campus 4-H Club Elects President

Dean Allen, Sparta freshman, was elected president of the Campus 4-H Club this week.

Other officers elected for the coming year are: Ruth Hoyt, St. Louis junior, vice president; Charlotte Graham, St. Louis freshman, secretary; William Baehre, Kent City freshman, treasurer; Alice Carrie, Jonesville, freshman, files director; and Carl Staser, Rochester sophomore, publicity manager.

Gurges said after an unannounced meeting of Republican members of his Senate armed forces committee that they talked over costs of the defense program.

He said the expanded air force would cost about \$6,000,000,000 more than the \$14,000,000,000 asked for a balanced program.

If that is done, we probably will get into deficit spending," he said.

His committee will reconvene Monday, and hear Defense Secretary Forrestal give his figures for preparedness.

Both House and Senate are studying an administration-endorsed Draft-UMT bill. Demands for special action on a growing air force, supported by Air Secretary Symington contrary to President Truman's wishes, have detracted the measure.

Many now believe the eventual defense bill will be a compromise. They think it will call for a temporary draft, plus a larger air force, with UMT shunted aside.

CHANGE OF SCENERY

Foreign Schools Offer Coeds Summer Study

By JANET HEMANS

If MSC coeds yearn for a change of scenery during their college days, how about a walk on the campus of the University of Geneva or Scuola Magstrale Cantonale? Perhaps classes at Fontainebleau School of Fine Arts, or the University of Oslo in the fjords of Norway sounds appealing.

If it's musical knowledge you're after, the Accademia Musicale Chigiana in Siena, Italy, offers a two-months course for foreigners, that's you. Or if Spanish intrigues you, the University of Santandert in Spain is the school to choose.

16 Colleges Open

The April issue of Mademoiselle, in a story from their College Board department states an estimated 46 European colleges and universities are offering special courses for students from other countries.

The course length varies from a few weeks to three months, and the topics are primarily the language and culture of the country you choose.

A few expenses are involved in

pursuing the path of knowledge abroad. Round-trip transportation via the Atlantic requires a minimum of \$300, tuition from \$10 to \$80 for the summer.

Room and board will cost between \$15 and \$35 a week. Plan to spend a minimum of \$750 for the summer sojourn.

Visas, Passports

There's a little matter of visas and passports, and the dean's permission for transfer of credits. Housing and transportation must be arranged, and you will be ready to go.

If you want information write to the Institute of International Education, 2 West 45th street, New York 19, National Student Association, 5 Bryant street, Cambridge, Mass.
