Building Education Planned

Work To Begin
This Afternoon

BOB McCORMICK
The new \$778,000 building for the department of education is scheduled to start at 2 o'clock this afternoon. B. Dirks, dean of the department, will speak on the subject of "What Agriculture Can Do For The Nation" at 7:30 p.m. The American Agricultural Engineers' Association will hold a meeting at 8 p.m. in the department of education building.

Proposed Solutions To Berkey Traffic Problem Discarded

Permanent Organization Committee
Given Student Council Approval

By JIM SMITH
Berkey's traffic snarl came up for discussion before the Student Council during the regular meeting last night, but no definite solution was taken by the council for solution of the problem.
Presented for council consideration were several proposals designed to solve the Berkey traffic problem. A suggestion to install permanent bus stops during class change hours was brought forward. Another proposal was to have a permanent extension of students leaving the campus.

No Special Primaries To Be Held

Council Supports
Election Board Rule

By RON LINTON

Student council ruled last night that it would back the election board rule stating that primaries proceeding the all-college primaries could not be held by dormitories and that social affiliations of candidates did not have to be placed on campaign posters.
This action came after Marshall Bennett (Mason) reported that the Mason-Abbott general council was planning to hold a special primary election of its own before the regularly scheduled Student council election.
The executive section casts the permanent committee of the student government in the office of the basic rules for new groups, outlining the procedure for the election of officers and other duties delegated to the student council.

Stassen Falls 3 Short Of 12 Delegate Goal In Ohio GOP Primary

Taft Votes In Ohio Primary

Sen. Robert A. Taft, faced with the precedent-shattering task of battling in his home state for delegates to the Republican national convention in June, hands his ballot to an election official in Cincinnati. O. Over Taft's left shoulder is his son, Robert Jr. and behind him is another son, Lloyd.

Taft Leads In 14 Of 23 Contests

Ex-Minnesota Governor Claims
'Clear-Cut Victory' Over Opponent

COLUMBUS, O., May 5 (AP) — Harold E. Stassen tonight added nine Republican presidential delegates to his collection after an invasion of Senator Robert A. Taft's home grounds.
That still left the Ohioan possibly 44 of the 53 votes which his state will send to the GOP national convention at Philadelphia next month.
But the former Minnesota governor had claimed he would capture a majority of the 23 delegate contests which he entered. And Taft had conceded Stassen's lead.

Final Date Set For Advanced RO Entrants

May 20 will be the last day for application to enter advanced signal corps classes next fall. Colonel John L. Whitelaw, commanding officer, announced yesterday.
Enrollment is restricted to electrical and mechanical engineers, electronics and physics majors, he said. Men with communications experience in service, however, may be accepted.

Photography Covered

Classes during the school year besides covering branch material include photography, field work, field radio, message center and mission of signal corps with an infantry division.
Although some instruction in radar is given in senior year, Colonel Whitelaw said, most specialized courses come in attendance at service schools following commissioning.
During summer camp students work with signal corps equipment under field conditions, working out practical applications and using the latest developments.

Conduct Smoker

The Tau Pi Sigma signal corps honorary will conduct a smoker May 13 in the Union for men interested in their branch.
Students wishing further information may attend the smoker or contact Captain Geehan, room 11, Demonstration hall.

Summer Catalogs

Summer catalogs may be picked up now in the registrar's office, Dean Crowe announced yesterday.

Editorial Honored Print Show

The State News
Editorial, Lansing, Michigan, Charles W. Turner, editor, was honored in the third annual Collegiate 50-50 Print Show at the University of Columbia.

FINAL VOTE TODAY

Lavish Promises End Intensive Campaign

By EARL JOHNSON
Today's voting in the Student Union from 8 a.m. to 5 p.m. will determine king and queen of Mardi Gras. The royalty and queen's court of their will be presented at tomorrow's dance.

Plan Not Mandatory

Clark said that the social affiliation plan was suggested during the Mardi Gras elections and was not mandatory on candidates.
He also said that he had talked to Bennett to see if special primaries were legal and when it was discovered they were not the idea was dropped.

UN Hints Emergency Rule To End Holy Land Strife

NEW YORK, May 5 (AP) — An emergency United Nations rule to end the Palestine crisis appeared tonight to be the temporary UN answer to the Holy Land problem.
The first attempt of what the 58-nation assembly might do to meet the immediate crisis in Palestine emerged from two closed sessions of a 12-nation group at the French delegation offices.

Warren Prases Group

The council this year has been the best council since before the war, said Jerry Warren, council president, and we want just as good a council for next year. We want people who will work and aren't out for all the glory they can get, Warren concluded.

Election Petitions

Petitions for class officers and Student Council are available at the Union desk. They must be returned to the Student Council office by 12 noon, Friday.

Training Class On Leadership Ends Tonight

A final meeting of the leadership training program will be held in the Union ballroom at 7 p.m. tomorrow, Bob Fisher, Men's Council, said yesterday.

Entries Reach Record High In Greek Sing

The ninth annual tragedy song, sponsored by Alpha Phi Omega, will be held Monday evening starting at 7:30 in the college bandshell.

know your city

By NORM ANSCHUTZ
One man in the East Lansing fire department attempts to keep 11 others from working.
Fire Inspector Phil Patriarche of the fire prevention bureau has the job of preventing fires on the sprawling MSC campus and the city on the north-side of Grand River avenue. Ready to snuff any fires which do break out are Fire Chief M. V. Crox, two lieutenants, and eight full time firemen.

Summer Catalogs

Summer catalogs may be picked up now in the registrar's office, Dean Crowe announced yesterday.

East Lansing Firemen Ready

Chief Crox remarked. They are the latest thing in modern fire protection. They combine a method for fast attack and prevention of water loss and are suitable for almost all types of fires.
The big "fog" and ladder service truck at the city station was the first of its design. Chief Crox worked with engineers in making recommendations on construction. The chief explained. "We had to have something to carry ladders and still be able to house it."
Other units capable of carrying the rule of available fire hose are the OGD pumpers on Harrison road, the old pumper, and the combination pump-booster truck of the city station.
The chain drive, 750-gallon, pumper on Abbott road is the oldest piece of equipment in the department. Equipped with a left hand steering wheel and exhaust siren, it began service 24 years ago.
Assuring coordination on fire calls is the inter-communication hookup between stations. The picking up of a phone in the college post rings a bell in the main station. One truck from the city station always rolls with units from the sub-station.
Bunks for four men, an electric range and a refrigerator provide some accommodation for the men on Harrison road. Men at the main station have more elaborate quarters with a lounge, kitchen, bath, dormitory and locker space for their 24 hour duty.

SO HELP ME

A Modern Babylon

By GORDON HANNA

SEVERAL SUGGESTIONS HAVE BEEN made about what to do with our various buildings if we get no money to complete them.

The first suggestion, a practical one, is to turn the unfinished physics building into a three story parking lot, with ramps built up to the several floors. A charge of, say, 25 cents a day would provide enough money to pay for building the ramps.

The second suggestion is that the natural science building be turned into an open air, four story, roller skating rink. This would provide healthful exercise for the students and give them something to do while they are waiting to get into a laboratory.

A third suggestion is to turn the frame of the physics building into a monument, placing brass plaques on each of the columns and burying our distinguished dead in the basement. Sort of a little Westminster Abbey.

OR PERHAPS THE HOLLOW FRAMES might be used by the horticulture department to grow hanging gardens that might easily rival Babylon. The sight of beautiful creeping vines, climbing the lonesome pillars of the orphaned buildings might be enough to turn an engineer into a forester.

A lavishly decorated bronze plaque, purchased out of Mardi Gras receipts might dedicate the gardens to Michigan's own nature lovers, the state legislature.

Completing the buildings is the only sane

answer, but maybe, if the Legislature does not think we need more classroom space, these other suggestions might be more acceptable to the august gentlemen.

STUDENTS, THEIR PARENTS, AND public spirited citizens can help in seeing that these buildings are completed.

The Legislature cannot make the necessary appropriations if a quorum is not present on May 20. No quorum is needed to adjourn the session, but a quorum is necessary to conduct any other business, like for instance, appropriating money to finish buildings.

A few gentle hints mailed to your legislator, saying perhaps, that as a constituent, you will be very unhappy about his status as a candidate for reelection, if he doesn't show up May 20, might do some good.

Students are still citizens, and some of us are voters. No legislator wants to be pressured into passing an appropriation bill, but on the other hand, no legislator wants to bite the hand that marks the "X" before his name, come some November.

OF COURSE IF THE STUDENT BODY at State would rather have hanging gardens, that could be arranged simply by forgetting to contact the legislators.

Some of the organizations on campus, which claim to contribute to the welfare of the student body, might indicate their desires on this problem: Classrooms or hanging gardens.

Geology Students To Study In U. P.

Dr. Stenard G. Berquist, head of the geology and geography department and 35 students will leave today for a 2,000 mile field trip in the Upper Peninsula.

The five-day trip May 6-10 will enable the students of Geological geology 302 to observe results of glacial action in the eastern half of the Upper peninsula. The class will also study the stratigraphy of the various formations exposed in outcrop and quarry.

Interviews Continue At WKAR

Four Staff Posts Open To Students

By DON MACDONALD

WKAR will continue interviews for announcer's auditions through this week and early next week according to college station program director Larry Frymire. So far, said Frymire, more than 30 men have been interviewed.

Announcers, he pointed out, do not need great background in speech training, but must have natural and smooth reading styles, and should be adaptable to many situations. For this reason WKAR does not demand previous experience in the announcing field.

Four Replacements Four of the present staff will be graduated in June and men are needed to replace them, as well as to prepare for FM operation, scheduled for early fall.

The value of these positions as background for future careers in radio was pointed out by Frymire in the lists of successful WKAR alumni.

Alex Dillingham, WLS news director, and announcer Bill Sorrell are among the college station's more recent graduates. And Phil Molloy, former "Midnight Music Man," and now program director of a Benton Harbor station, left WKAR last year. Another recent announcer from MSC station is Chuck Anthony, who is program director and sportscenter of WBSC-WBCM-FM in Bay City.

Interview First Applicants for the jobs open this spring must be interviewed by Frymire or by station director R. J. Coleman before an audition can be scheduled. First auditions will be heard tonight, beginning at 7:30, and may continue tomorrow, if there are enough men to be heard.

Interested students can contact the radio station by calling Extension 488 or 489.

English Poet Here Friday

Stephen Spender, modern English poet, will lecture Friday at 8 p.m. in the Chemistry auditorium.

The lecture, sponsored by the English department and Junco club, will be on the topic "Modern Poetry and the Modern World."

Currently on a tour of Michigan, Spender will lecture at three state institutions, Wayne University, University of Michigan, and Michigan State College.

He is now doing critical work with American magazines.

Callaway To Lecture On Current N. Y. Plays

JOE CALLAWAY

"Broadway Play by Play," a humorous lecture on current New York stage productions, will be given by Professor Joe Callaway this evening in the Music auditorium at eight o'clock.

The lecture is sponsored by Alpha Epsilon Rho, national radio honorary.

Callaway is famous for his long, lanky body and his "tricky knees." His knees have caused him to steal many a scene by merely standing still on the stage in a "knees together, feet apart" stance.

His dramatic career started through one of his father's grocery outlets in Ardmore, Oklahoma, where he was able to pay her bill. She offered to give Callaway lessons in elocution. That is how grocery bill became playbill.

His first chance at the professional theater came when a visiting professor spotted him in a college play and put him in a Shakespearean company in the Chicago World's Fair.

Sigma Nus Elect Slate, Initiate 16

Bob Loomis, Detroit junior, was elected president of the Sigma Nus. Vice-president is Bob McRae, Detroit junior.

Treasurer of the fraternity is Howard Conklin, Goshen, N. Y., sophomore, and secretary is Doug Fritz, Detroit junior. Jerry Wonske, North Tanawanda, N. Y., junior, is house manager.

E. B. More, member of the State Board of Agriculture, from Marshall, became an active member of Sigma Nus April 11. He was a member of the 1916 graduating class, and belonged to Epsilon fraternity. His fraternity combined with the Olympians to form "Sigma Nus."

Others initiated April 11 were: Don Anderson, Oklahoma junior; Ken Buclow, Battle Creek, sophomore; Ernie Charbonneau, Detroit, sophomore; and Wally Chernysh, Detroit junior.

Bob Finch, Ferrisdale, sophomore; Bill Hofert, Tonawanda, N. Y., freshman; Don Johnston, Sanford, Conn., freshman; Brad McGee, Marshall, freshman; Frank McNaughton, Columbus, Ohio, junior; and John Meyer, East Lansing, freshman, are other new arrivals.

Concluding the list are: Bob Sarbott, Flint, sophomore; Fred Schenk, Washington, D. C., freshman; Jim Schotters, Cincinnati, Ohio, freshman; Bob Stevens, Sidney, Ind., junior; and Jack Waddell, Saginaw, sophomore.

Med Tech Club Accepts Ten

Alpha Delta Theta, professional medical technology society, announced the initiation of ten women last week.

They are: Elsie Thomas, Flint, junior; Betty Minor, Detroit, sophomore; Penny Peacock, Lansing, junior; Jane Toussie, Jackson, junior; Grace Segara, Detroit, sophomore.

Others are: Lee Ann Higbee, Detroit, junior; Marge Schiomer, Detroit, junior; Bonnie Armstrong, Fremont, sophomore; Priscilla Stevens, Highland Park, sophomore; Doris Bauer, Lansing, junior.

To Head Home Ec Club

The new Home Ec Club officers make plans for the coming year. They are, left to right: Treasurer, Eloise Mitchell, East Lansing sophomore; vice-president, Rhea Yerkey, Goodrich junior; president, Phyllis Smith, Belleville junior; and secretary, Joan Washburne, East Lansing sophomore.

Home Ec Department Will Entertain State High School Students

By BEV WATSON

A total of 3,000 high school girls from all over Michigan will be the guests of the School of Home Economics today.

The girls are here at the invitation of the Home Economics Department to see how college women live, work, and play and to gain more information on the various careers open to women in the field of home economics.

Program Planned

They will register at 9 a.m. and attend a program in the auditorium from 10 to 12. Pres. John A. Hannah will welcome the women. Juanita Soergel, president of the Home Ec club, will also speak.

The Women's Glee club, under the direction of Dr. William R. Sur, professor of music, will sing. A group of physical education majors will demonstrate square dances.

Career Demonstration

Community singing is planned for a portion of the program. Plans for the day will be given by Dean Marie Dye of the home economics department. A skit, "Careers for the Home Economist," which will demonstrate the various careers open to home economists and the typical jobs they will take upon graduation will conclude the morning program.

All groups have made luncheon reservations in the following women's dormitories: Williams, Mayo, Campbell, Yakeley, Landon, and the men's dormitories Phillips and Abbot. Quonset cafeteria will feed 600 to 800 girls.

Students To Be Guides

The guests will be divided into groups. Each group will have four to six guides who are home economics students. The guides and all

Spartan Wives List Program On Child Care

Meetings of the Child Psychology interest group of Spartan Wives have been announced for the last half of spring term.

The meetings and topics to be discussed are:

May 6—Dr. Gibb of the Psychology department will speak on "Sex Education for Children."

May 13—Discussion meeting.

May 20—Dr. Gibb will speak on "Emotional development in Children."

May 27—Discussion and social hour.

The group's chairman is Myrtle Walkeger of 407-D Hickory Lane. Anyone interested in joining the group may contact her.

Landis To Attend Family Meeting

Dr. Judson T. Landis, effective living professor, will participate in the White House conference on Family Life in Washington May 6 through 8.

Landis has been a member of two committees preparing materials for the conference. He will lead several sectional meetings dealing with adjustment in early marriage and education for marriage in the colleges.

YWCA To Entertain Mothers, Daughters

The YWCA will hold their Mother-Daughter night tonight from 7 to 9 p.m. in the Social Hall of Peoples church.

Musical selections and a short skit are planned for the evening.

Women whose mothers are not able to come may bring a friend or go with a faculty member. A list of faculty members from which to choose is available at the YWCA office.

Alpha Xi Delta Initiate Seven

Seven pledges were made to the Alpha Xi Delta chapter last week. The new pledges are: Bauer, Lansing, junior; Garland, Berrien Springs, more; Carl, Wacker, more; Carl, Wacker, more; Carl, Wacker, more; Carl, Wacker, more; Carl, Wacker, more.

Look to your future!

For graduation choose Parker "51" ...the world's most wanted pen

Success and Parker "51" just naturally go together. Leaders in every field—the world over—prefer this pen. No wonder seniors at top universities have again and again voted "51" the pen most wanted for graduation.

The way the "51" will speak of your good taste—the way it will spark your thoughts and always show you at your best—these can mean so much in the years ahead.

So plan now to graduate to a Parker "51"—the pen that "writes dry with wet ink." Try it at your Parker dealer's. Get acquainted with its instant starting... its swift sure glide.

Choice of colors and custom points. Two sizes: regular and the new demi-size. The Parker Pen Company, Jamestown, Wis., U.S.A., and Toronto, Canada.

PARKER "51"—PERFECT FOR EVERY GIFT OCCASION!

AWS Gives Coeds Fraternity Sing Late Permission

AWS Judiciary board has granted women one-half hour permission to return home after the inter-fraternity sing May 10. In case of rain, the sing will be held May 11. If it rains May 11, the sing will be held in Fairchild theater instead of the band shell.

The board voted to extend shower hours in women's residences from 11 to 11:30 p.m. on Sunday nights. This is because with 10:30 permission Sunday nights, there was a leeway of only a half-hour after returning, in which to take showers.

All senior women have been granted 12 p.m. permission to attend senior dances in the Union ballroom every Wednesday night during May.

Coeds Pledge Tower Guard

Thirty-four freshman women were formally pledged into Tower Guard Tuesday night.

The annual pledging ceremony took place behind Beaumont Tower. The women were tapped at the May Morning sing Saturday and will become active Tower Guards before the end of the term.

Mrs. Kenneth Ousterhout, new advisor for Tower Guard, was initiated following the pledging ceremonies. Mrs. Ousterhout will work with Miss Anne McGurk, the present advisor.

Freshmen Give Varsity Nine Tough Practice Competition

Coach Hobbie Landreth Leads Frosh Eight Inning 7-7 Tie With Regulars

By HERKIE BOWERS
The varsity baseball team tackled the frosh squad in practice yesterday. The first-year men proved to be anything but a soft team and the varsity was forced to come from behind in the closing frames to win a 7-7 tie in the game.

Landreth proved to be an excellent job in directing the team. He himself to be a power pitcher, blasting a homer in the field fence in the first inning. The varsity's performance on the field was excellent. The pitcher, Ed Barlow, and catcher, MacGregor, were the stars of the game. Barlow pitched a complete game, and MacGregor caught three innings. The varsity's offense was led by Frank Bogdon and Ed Barlow, who batted for each other collecting three hits. The varsity's defense was led by catcher MacGregor, who collected three hits. The varsity's pitcher, Ed Barlow, pitched a complete game. The varsity's catcher, MacGregor, caught three innings. The varsity's first baseman, Frank Bogdon, collected three hits. The varsity's second baseman, Ed Barlow, collected three hits. The varsity's third baseman, MacGregor, collected three hits. The varsity's shortstop, Bogdon, collected three hits. The varsity's left fielder, Barlow, collected three hits. The varsity's right fielder, MacGregor, collected three hits. The varsity's pitcher, Ed Barlow, pitched a complete game. The varsity's catcher, MacGregor, caught three innings. The varsity's first baseman, Frank Bogdon, collected three hits. The varsity's second baseman, Ed Barlow, collected three hits. The varsity's third baseman, MacGregor, collected three hits. The varsity's shortstop, Bogdon, collected three hits. The varsity's left fielder, Barlow, collected three hits. The varsity's right fielder, MacGregor, collected three hits.

State Fencer Victorious At Detroit

Al Kwastler, qualified for the state saber finals Saturday at Detroit. This ranking also puts him in line for a crack at the national and Olympic honors to be decided in New York the week of June 11-18.

This is Kwastler's second victory in as many attempts. Two weeks ago he qualified in total for both the state and national competitions. The state finals are set for this Saturday in Detroit.

He plans to compete in the Midwest title bouts to be held in Milwaukee May 15 and 16. Kwastler also received fifth place in a race in the state semi-finals.

Young Honored

Athletic Director Ralph Young has received Michigan State for 25 years in that capacity, received a wrist watch and a set of luggage from the Downtown Coaches at a banquet on Tuesday night.

Late Home Run Beat Detroit

BOSTON, May 5 (AP) — Junior Stephens' 11th inning homer gave the Boston Red Sox a 4-3 win over the Detroit Tigers today after Ted Williams saved matters in the 10th with a magnificent double-play throw to retire the side with the bases loaded.

Trucks Gives Three Hits

Starter Virgil Trucks held the Soxers to three hits while coasting along on a 3-1 lead until the ninth. Then Johnny Pesky started a Boston rally with a single to right. Williams followed by bouncing a hit off Eddie Mayo's glove.

After a Stephens' bunt forced Williams at second as Pesky made third, the latter scored when Trout threw wild trying to pick him off base.

Tigers Fill Bases

The Tigers filled the bases against Kinder, the third Boston pitcher in the chilly action, with none out in the 10th on a pass to Johnny Lapon and singles by Mayo and George Kell. But Kinder made Ed Markowicz whiff before Walt Evers laced a drive into left-center. Williams made a brilliant running catch and then lifted a one-bounce throw to nail Epton at the plate.

Ed Maier Hurls Perfect Game To Beat Champions

By ROY HOLDING
It seemed only fitting and proper that Ed Maier should turn in one of the finest pitching performances in intramural softball history last night.

Last season Maier hurled Snyder 18 to the all-college crown but this year he took over the mound duties for Snyder 12.

Meet For Dorm Title
Last night the two teams met for the dormitory title and Snyder 18 regretted that Maier had ever left their ranks.

The Snyder 12 hurler tossed a perfect game, allowing no one to reach first base, to clinch his old mates from the tourney. Maier's game was perfect in more ways than one.

Strikes Out 14

Besides keeping the bases clear throughout the contest he retired the first 14 batters on strikes. The final man to bat in the ball game, Len Johnson, kept Maier from pitching a phenomenal game by raising a weak pop fly to the infield.

Snyder 12 bunched the two hits they gathered off Snyder 18's George Hill in the second inning to score the winning run. Mike Oien's single scored John Gregor with the deciding tally.

Abbot 18 Wins

In two other well pitched games Abbot 18 defeated Abbot 11, 4-3, and Trailer F edged out Trailer M, 2-1. Abbot 18 could nick Bill Gibson for only one hit but capitalized on errors for its victory. Hutch Miller pitched two-hit ball for the winners.

STATE RADIO CABS

We know when you call a cab that you expect good, or at least reasonably prompt service, so we have at considerable expense equipped our cabs with 2-way radios.

This means better service to our customers, because our dispatcher is in constant touch with our drivers. When a driver has delivered a passenger in East Lansing or vicinity, he instantly contacts the dispatcher by radio for another order and is given one in the same vicinity, thereby eliminating driving clear back to the office in order to be sent back again for passengers in the same area.

Two-way Radio Communication between dispatcher and driver means better service

MARDI GRAS - Money Elected Early Queens

One a penny, two a penny — if you want your best girl as Mardi Gras queen, all you need is the "jack."

At least that's the way it was six years ago, when Henry Simons and Quercy founded the affair at State.

In 1942 when the Mardi Gras celebration was first introduced on this campus, the election of the queen and her maids of honor was done by casting votes, each voter casting one penny. You could vote as long as your pennies held out, and the cord who received the most votes was queen. The five closest were maids of honor.

oil and its committees are working to create at State this year, and in years to come, to make a traditional spring term event.

Friday evening in the auditorium costumes, stunts and the music of Sketch Henderson, plus the spirit of Mardi Gras, will prevail.

And instead of electing a queen by the use of pennies, the present system of voting has evolved.

"Fat Tuesday"

The New Orleans Mardi Gras, which marks the last festive day before Lent, has been traced back to this country to 1699 when the French explorer, d'Iberville, and his men, finding themselves encamped on the mouth of the Mississippi near New Orleans, celebrated the religious holiday, Fat Tuesday.

As this city of New Orleans grew so did the Mardi Gras. In 1857 the Mardi Gras as we know it began to take shape.

At this time colorful floats appeared and the "Mistic Krewe of Comus" started the crowd with their torchlight parade through the streets as "The Demon Acted" from Milton's "Paradise Lost."

Today, the King of Carnival and Queen of Mardi Gras was still unknown, but with this parade in 1872 the Mardi Gras we know was born to stay.

Plans kept secret

Plans for the New Orleans Mardi Gras are made by city organizations two or three months in advance and kept secret.

The scope of the New Orleans affair is what the Student Council
