Social Circuit

Alpha Omicron Pi weddings over the holidays were those of Margaret Toynton, Detroit sophomore, to Frank Stephenson of Detroit; Carol Moore, East Lansing junior, to Donald Knott, Beverly, Mass. senior; and Doris Bailey, Ionia senior, to Donald Baldwin, Detroit junior.

Recent Pi Beta Phi pinning were Nancy Miller, New York junior, to Dennis Thomas, Sigma Chi; and Lee Bodgen, Dearborn junior, to Mickey Rozula, Sigma Chi. Pi Beta Phi engagements include: Barbara Hall, Grosse Pointe senior, to Richard Terr-pin, graduate of MSC; and Arelei Roy, Pontiac senior, to Bud Wyatt, an MSC graduate.

Group Pledges Med Techs

Alpha Delta, Theta, national medical technology sorority, pledged 23 women last term. Among those pledged were Shirley Ambrose, Dearborn sophomore; Thebina Berg, Grand Haven sophomore; Marjorie Boyd, Monroe sophomore; Joan Caronster, Roscommon sophomore; Evelyn Clemets, Kalamazoo junior; Nan Curry, Flint sophomore; Joyce Embrey, Pleasant Ridge sophomore; Estelle Hayes, McJannet junior; Pat Healy, White River Junction, Vt., junior.

Margo Woodward, Alpha Chi Omega, was recently engaged to Tom Grey, Delta Upsilon. Joan Leonard, Sigma Kappa, was engaged to Donald Boyd, Phi Kappa Tau recently.

New Yorkers Disband Club

The Knickerbocker club has been disbanded, announced Howard Feiertag, Brooklyn sophomore and president of the club. The executive committee decided to disband because the club is not active enough to remain on the Student Council ledger. Funds in the treasury are being donated to Campus Chest.

WOMEN'S PAGE

Lambda Chi's To Serenade Queen Tonight

Shirley Browne, Battle Creek sophomore, was chosen Lambda Chi Alpha Crescent Queen by the members of Lambda Chi fraternity last night.

Ballot Box

The new Delta Chi officers are: president, Bill Lenz, Detroit junior; vice-president, Jack Zinn, Huntington Woods junior; secretary, Charles Hargrave, Detroit junior; treasurer, Joe Howe, Saginaw senior; assistant treasurer, Stanley Kuzman, Detroit sophomore; corresponding secretary, Bob Pops, Detroit freshman; and sergeant-at-arms, Dick Heiss, Monroe junior.

Miss Browne will be serenaded by the Lambda Chi's tonight at her dormitory, West Yakeley. John Green, head of the queen selection committee, stated she will be presented a bouquet of white roses, the fraternity flower, and a box of candy.

Winter term Psi Upsilon officers are: president, Karl B. Zint, Covington, Georgia, senior; vice president, George Courtis, Muskegon senior; treasurer, Ernest Carwell, Saginaw senior; assistant treasurer, Tom Johnson, Detroit junior; house manager, Ray Bell, Birmingham senior; and assistant house manager, Bill Moody, Maple Heights, Ohio, junior.

AWS Urges Attendance At Meeting

Women students are urged to attend the meetings of the AWS judiciary board so that they may gain a greater understanding of the workings of the board.

Coeds interested in going to the meetings may contact their AWS judiciary representative. At the meetings, late extensions for dances and college activities are discussed and voted upon. Extensions for those who work nights are also passed out. Petitions for the removal of late minutes are acted upon. If the late minutes were unavoidably incurred, they are excused. In the other cases, penalties are assigned.

In a recent survey Dr. George Gallup, director of the American Institute of Public Opinion, discovered that "very happy" people sleep best of all, and the unhappy suffer most from insomnia.

Reynolds Believes Europe Needs Help

Who speaks the true policy of the United States? That's what is confusing Europeans, says Quentin Reynolds, returned international observer. Reynolds spoke in the Auditorium Tuesday evening as part of the MSC Lecture-Concert series.

"Numerous proposals for American aid to Europe by many statesmen have Europeans at sea," the noted author stated. He stressed that continued aid is the only way to rally these nations to our cause in time of international conflict.

Reynolds declared the "man on the street" in Europe has definite views on the international situation. He illustrated this with excerpts from his personal interviews in the past few years.

"After World War II, the nations of Europe laughed at the U.S. for trying to show off its strength. Now, we are gaining their respect once more via the Marshall plan and other aid measures," the speaker said.

Citing France, Greece, Italy, and Yugoslavia, Reynolds declared they might someday be thoroughly communist unless we give them continued aid. By giving aid, instead of promises like the communists, we can gain respect, he said.

Intense nationalism in these nations would stimulate them in event of an East-West conflict, the former newspaperman declared.

Secret Weapon
Faith was the "secret weapon" of the Israel state in the war with the Arabs, Reynolds said. "This might be what we need to conquer fear of communism."

At the close of his lecture, the correspondent answered audience queries on the situation in Korea, Spain, and Germany.

Prof. A. A. Applegate of the journalism department introduced the noted author.

E. L. Merchant Leads Attempt To Hold Prices

Homer Shepard, a local merchant, is one of the leaders in an attempt to stabilize retail prices. Shepard is president of the Michigan Shoe Retailers' association, which last Sunday passed a resolution calling for immediate imposition of price control and a rollback to the Jan. 1, 1951, price level.

Shepard said that as far as he knew, his organization was the first retailing group to take such action, however, several other groups have now taken such action.

"The retailers have been making a brave attempt to hold the price line," said Shepard. "But unless something is done soon, we are going to have to go up quite a percentage by Feb. 1."

"I would estimate the wholesale price rise in shoes is in the neighborhood of six percent since Jan. 1," Shepard said, "and retailers are alarmed."

According to Shepard, the conditions which have caused the rise in shoe prices begin at the market level. As the armed forces call for more leather products, the demand and the prices rise.

The percentage rises in the succeeding levels of shoe production and add up to a point where a retailer can no longer resist raising his prices, Shepard said.

MSC Planning Commission Applauded

Quentin Reynolds approves of the all-college planning commission project. The noted correspondent called the three-branch student government proposal "democracy in action" and "a heck of a good idea."

Reynolds made the statements in a post-lecture interview with Gaylord Sheets, Lansing junior, who heads the commission.

"I've never heard of a college undertaking such a project before," the author-lecturer stated. He asked Sheets if the administration was behind the proposal, and made the remark about it being a "good idea."

As an afterthought, Reynolds laughed. "I'll bet the students could be more just than the administration on campus violations."

The former newspaperman said this was his first visit to State.

He Gets Life

...The Koch (above) was sentenced to life imprisonment Monday in Augsburg, Germany, for causing the murder of Buchenwald concentration camp prisoners. The red-haired widow of the camp's wartime Nazi commander was not in court to hear the sentence.

House Okays Super Carrier

WASHINGTON — (AP) — The House unanimously approved yesterday a bill to give the U.S. fleet a \$7,000-ton super aircraft carrier able to handle planes that can fly the atom bomb on long strikes. The bill authorizes a total build-up of a half-million tons of sea strength.

The 365 to 0 roll-call vote on the \$2,000,000,000 measure, to authorize building those ships and modernizing still more, came after brief discussion that included no real opposition. The talk ranged far afield onto other steps to build defenses against the Soviet threat, such as the enlistment of France's Spain in the free world's forces.

The bill now goes to the Senate. Passage coincided with these other mobilization developments:

1. The Air Force disclosed it is building actively and swiftly toward a strength of 95 to 100 groups, well above the latest official goal of 84.

2. The Atomic Energy commission announced that Carleton Shugg is quitting as its deputy general manager Jan. 31 to go with the Electric Boat Company which is building the hull for an atom powered submarine. The announcement emphasized that Shugg's experience is largely in ship-building but that did little to quell speculation that the shift signals important developments in the atom power project.

MSC Grad Appointed Secretary

Will Keep Alumni 'On Their Toes'

By MARION TUTTLE
Jack Breslin, assistant director of alumni relations, was made field secretary the first of this year, Starr Keesler, director of alumni relations announced today.

As field secretary he is the coordinating person between college and alumni clubs. It is his job to keep alumni clubs "on their toes."

Beginning the first of March, he will be calling on three alumni clubs a week throughout the state and organizing several clubs in the Upper Peninsula.

Prior to his appointment, MSC was the only school in the Western Conference not to have a field secretary.

Breslin received his BS in physical education in 1946 at MSC. In 1944 he received the Governor's award for the most outstanding player on the football team that season, and he was captain of the team in 1945.

During his senior year he was president of his class, president of the Union Board, vice-president of the Varsity Club and captain of the baseball team.

East-West Game Player
He played in the East-West All Star Game sponsored by the Shriners at San Francisco in January of both 1945 and 1946. He also played for the Chicago All-Stars in the fall of 1946.

Breslin was district sales manager for Dodge Bros. Corp. until June, 1950, when he came back to MSC.

Enjoys Work
"I'm doing the work I've always wanted to do now," he said. "And I enjoy my job."

He married the girl he met at college, former Renee Scott, the year after they both graduated. Now a family man with one son and another on the way, he thinks kids are the most wonderful thing in the world.

Bribe Attempt Reported College Basketball

Former Manhattan Players Involved In Cage Scandal

NEW YORK—(AP)—A basketball gambling scandal erupted yesterday with disclosure and arrest of two former Manhattan players accused of throwing games last season.

The players were Henry E. Poppe, 24, and John A. Byrnes, 22, co-captains of last season's team, charged with taking bribes in the Siena, Bradley and Santa Clara games.

Assistant District Attorney Edwin F. Breslin of the Bronx said each received about \$5,000 in bribes. Byrnes played this season for Bridgeport in the American Basketball League.

Also arrested as alleged "fixers" were Irving Schwartzberg, 36, his brother, Benjamin, 35, and Cornelius Kelleher, 35. They and the two former players were charged with conspiracy and bribery.

The case was broken when Julius Kellogg, 23, of Portsmouth, Va., six foot, seven inch Manhattan center, refused a \$1,000 bribe to help assure a DePaul victory.

Instead he notified authorities and Manhattan won, 62-59, in an upset over the Chicago Catholic College.

Breslin hinted that the scandal unearthed so far may spread to other colleges.

He quoted Kellogg as saying that Poppe, in urging him to take the bribe, told him other players in New York and other cities were "doing the same thing."

More than 11,000 spectators at Madison Square Garden last night witnessed part of the "fix" attempt without realizing it.

Kellogg said Poppe "boldly walked onto the court during the pre-game warm-up to give Kellogg his final instructions—aware that the player had reported the bribe offer."

Police said Irving Schwartzberg had a record of 14 previous arrests, ranging from bookmaking to attempted robbery, and his brother 11 arrests, ranging from bookmaking to burglary.

More than 11,000 spectators at Madison Square Garden last night witnessed part of the "fix" attempt without realizing it.

Kellogg said Poppe "boldly walked onto the court during the pre-game warm-up to give Kellogg his final instructions—aware that the player had reported the bribe offer."

Police said Irving Schwartzberg had a record of 14 previous arrests, ranging from bookmaking to attempted robbery, and his brother 11 arrests, ranging from bookmaking to burglary.

NFL Opens Pro Draft Session

CHICAGO—(AP)—The National Football League opens its annual meeting today.
Owners and coaches will draft more than 300 collegiate players. But the military draft may claim many of them before the 1961 season begins.

This poses the most delicate problem of selecting hired hands the league has ever faced.
Married players with children, ex-servicemen and likely 4-F's will be at a premium rather than the All-Americans.

Regarded as the most fabulous acquisition is Kyle Rote of Southern Methodist. He is a perfect combination—a great All-American back and a family man.
Six clubs among nine eligible to dip into the league's so-called "bonus draw" have Rote as their No. 1 choice.

Gymnast Meet With Kent State Called Off

The scheduled gymnastic meet between Michigan State and Kent State for Jan. 20 has been cancelled.

Michigan State gymnastic coach George Szypula agreed to the cancellation after Kent State coach Victor Moore made a telephone request to the Spartan mentor.

Moore's reasons were that the State squad would be sure of winning every place in every event.
Joe Kotys, Kent State's NCAA all-around champion for two years and Olympic team member in 1948, had a broken finger and couldn't compete.

The number 2 and number 3 men behind Kotys had been declared ineligible and furthermore the numbers 4, 5 and 6 men had been drafted.
Kent State would go through with the meet but Szypula quickly agreed to the proposed cancellation.

Princeton Mentor Gets Life Contract

PRINCETON, N. J.—(AP)—Charlie Caldwell, 1950's "coach of the year," was rewarded yesterday with a virtual life contract to coach football at Princeton.

Under the unique arrangement, probably unparalleled in the coaching profession, university officials said the busy, bespectacled Caldwell can have the job for a period of "indefinite duration."

Lack Of Ice Sends 'S' Away

A week's forced idleness has sent the Michigan State hockey squad to Grand Rapids in search of ice for practice.

Since the Holiday on Ice show has moved into the MSC ice arena the Spartan puck-chasers have been limiting their practice to handball and calisthenics to keep their timing and condition.

Today and Friday the squad will leave the campus to go to the Grand Rapids arena where they will have a chance to practice on ice.

The ice arena manager has assured coach Harold Paulson that his team can resume practice in their home rink next Monday.

Next Friday the team travels to Minneapolis for a two game series with the highly touted Minnesota Gophers.

Last year Minnesota walloped the Spartans in four contests 8-2, 11-1, 12-1 and 8-0.

Houtteman Unfit For Combat Duty

CAMP PICKETT, Va.—(AP)—The Army announced today that recruit Art Houtteman, former pitching ace with the Detroit Tigers, has been reclassified as not fully qualified for combat duty.

A spokesman said Houtteman will be transferred from the 43rd Infantry division, now undergoing accelerated training here, and probably will be assigned to the post complement.

State Dorms Lead Western Conference

More men students are housed in MSC dormitories than in any other Big Ten school, according to Kenneth D. Lawson, manager of the residence halls. During fall term 37.5 per cent of all the men enrolled lived in dormitories. This represents a greater percentage and a larger number than any of the other Big Ten schools. "We are probably surpassed by only the military schools in number," Lawson stated.

Brown Reports Annual Sales Up To '50 Rate

Sales of 1951 Wolverine, MSC's yearbook, are keeping pace with last year, Jim Brown, Editor, reported yesterday. Approximately 3,000 applications for the Wolverine will be taken after the deadline, January 26. Featured in the new Wolverine will be a new perspective drawing of the campus complete with sketches of the buildings. Brown said that Bob Dusan, Detroit junior, majoring in Art, worked about 100 hours on the drawings. Dusan made detailed sketches of each building on campus, and then placed them on the drawing of the grounds.

Advertising Group To Examine Ad Majors In Detroit

The fifth annual A.A.A.A. examination for advertising will be held in Detroit on Feb. 17, 1951. It was announced today by the Michigan Council of the Association of Advertising Executives. Truman F. Campbell, chairman of the examination committee, stated that the tests will be open to college seniors considering advertising as a career. In some special cases, application from college juniors may be accepted. Candidates may elect to take any or all of the seven knowledge tests. Arrangements will be made at a later date. A fee of \$15 will be charged to cover the cost of the examination. Additional information and application blanks may be obtained from Truman F. Campbell, Chairman A.A.A.A. Examination Committee, 4-135 General Motors Building, Detroit 2, Mich.

Six Union Tourney Winners To Bowl In Big Ten Meet

A team of six will be chosen from those competing in the Union board bowling tournament to represent MSC in several dual meets and will bowl for State in the Big Ten tourney April 28. Bill Plant, tournament committee chairman, announced. The Union board bowling tournament will begin Wednesday, Jan. 24, in the Union bowling alleys. Bowlers may compete from 12 to 2 and from 4 to 6 both Wednesday and Thursday afternoons. Each contestant may choose the most convenient time. Interested students may sign up in the Union activities office. An entrance fee of 25 cents will be charged for the six week tourney. Awards will be presented to the winners, Plant said.

Korean Students State Views On War Situation

Look Forward To A Peaceful Homeland

By PAT YAROSH Four pairs of eyes at MSC watch the war news from Korea with personal interest. They belong to the four Korean students on campus. Soonja Lee, Seoul, Korea, the daughter of a UN employee, willingly supports the UN's stand in Korea. She says however, "the United States made a mistake when they divided Korea. You can't divide a country!"

Miss Lee pointed out that southern Korea is the agricultural area of Korea and northern Korea does the manufacturing. Division Of Country She added that since the division of the country it is easier for a south Korea to go to Japan than it is to get through the iron curtain into the northern part of their own country.

Miss Lee said further that the United States realized they had made a mistake and are now trying to justify it.

She also stated her opinion of how Russia drew her troops out of northern Korea and made a show of being peaceful. She claims that had been training the North Koreans in warfare, drilling constantly. Meanwhile the Americans were teaching South Korea about democracy.

Russia, U. S. Falls Out Then when the Russians and Americans both pulled out of Korea, the northern part was militarily strong but the southern part was defenseless.

Miss Lee says, "I realize this is the way your people believe. This is how democracy works. But I believe no matter how good a thing is, it must be altered in certain cases."

Miss Lee, a North Korean, escaped the communist rule by fleeing to South Korea. She has a brother in New York who has completed his studies but cannot return to Korea because of the situation there.

Family In Korea Her father, mother, sister and brother are still in Korea.

Bun Sung Cho, also from Seoul, Korea, has been studying at MSC for a year. He hasn't been fortunate in receiving news of his family in Korea.

He says he hasn't heard from them because civilian communication has been discontinued.

Cho is looking forward to the day when situation in Korea is cleared up. He then hopes to go back and teach there.

He believes the Koreans need to know about cultures of other parts of the world, and he feels he could teach them about America.

The third Korean student, Moon Kim, has a wife and two children still in Korea. He received word from them two days ago saying that they were safe in Tokyo.

The fourth Korean student on campus is Young Kim, Chonju, Korea.

Suspected Slayer

William E. (Bad Man) Cook, suspected slayer of eight, is held from a plane by Tijuana, Mex. Police Chief Francisco Kraus Morales, who returned the desperado to Tijuana after his capture 300 miles south of the city. Cook, heavily handcuffed, was taken to the jail.

Ike Wants Showdown With Reds

ROME (AP)—Gen. Dwight D. Eisenhower arrived last night to determine Italy's will and ability to hold her part of the Atlantic Pact's western front. Scattered clashes between communists and police were reported in several cities as he landed from Lisbon. Rome itself was quiet. Gen. Eisenhower said he had come "to do my small part to preserve the civilization that was founded here 2,000 years ago."

Hard-Fisted Showdown The Italian government had called for a hard-fisted showdown with the country's big communist party, which tried to organize huge anti-Eisenhower disorders. In the first clashes of the Red demonstrators and Italy's 197,000 police and Carabinieri, more than 200 were arrested and more than 50 were injured. The clashes developed when the communists tried to enforce strikes, put up posters against Eisenhower or block traffic.

Rifle-Carrying Police In Rome, rifle-carrying police stood in pairs on every street corner. There was no disorder as a heavy force of jeep-riding police escorted Gen. Eisenhower from the airport to his hotel. A 20-hour general strike was called in Turin. Fifty persons were reported injured there in clashes with police.

Students To Start Series Of Shows For Hospital Men

A group of student entertainers will begin a series of shows for the patients in Percy Jones hospital this evening.

The shows will consist of various acts, such as comedians, vocalists, instrumentalists and dancers. Talent for the first show was chosen last Tuesday night in tryouts. Next Tuesday there will be another tryout for all who are interested.

The program was set up by the Red Cross to use college talent for entertaining wounded troops in Percy Jones hospital. Most of the patients are 18 to 21-year-old casualties from Korea, according to John Ringle, co-director of the program.

Coordination Large Part Of Dean Of Students' Job

Friendly coordination, not discipline, takes the most important part of the MSC Dean of Students' time it was revealed yesterday by MSC Dean of Students Tom King, in an explanation of his office's function.

"A lot of people think of this office as disciplinary while actually only about one per cent of our time is devoted to matters of discipline," he said.

The rest of Dean King's time is devoted to a multitude of tasks. Just one day in the office turns up problems concerning student finance, housing, placement, alumni, information from faculty to student body and innumerable other jobs.

Varied Tasks But in spite of these varied tasks, or perhaps because of them, Dean King still says he likes his job.

"We start with prospective students before they get here," he declared. The office of high school coordination is under the supervision of the Dean of Students.

Tests Given After his arrival at college, the new student is administered a bank of tests, given by the counseling clinic, and the Dean of Student's office.

After graduation, the student is again assisted by the dean's office through the placement office. It amounts to a "cradle to grave proposition" as far as Dean King is concerned.
