

Hannah Predicts Early Enactment Of Universal Military Legislation

Advanced ROTC Men To Continue Education

New Air, Naval Training Units May Invade Spartan Campus

By DEAN MORTON

Universal military service training will be enacted by congress by April, President John A. Hannah predicted at a special student convocation in the Auditorium last night.

The meeting was called at the request of the Student and Men's councils to get the president's views on the military policy and its effect on campus men.

Dr. Hannah returned Wednesday from conferences in Washington.

ROTC Men Exempted

Those now in advanced ROTC, including freshmen and sophomores, would be exempt from UMST, Dr. Hannah stated. He added that the expected college deferment policy to be continued.

Dr. Hannah also predicted that naval and air force training units would be introduced on the MSC campus within a year. These units would be composed of inductees who had taken competitive examinations within the armed services.

He said he based his conclusions "partly on fact and partly on assumptions which were as reasonable as possible."

Conferred With Officials

The MSC president served as a representative of the National Association of Land Grant colleges this week and conferred with Anna Rosenberg, assistant secretary of defense, and ROTC generals.

Eighteen-year-olds would probably enter and be assigned to the various services during their nineteenth year, Dr. Hannah explained. "However," he added, "those starting college were expected to be able to finish the academic year."

Determents

Under UMST, 60 per cent of the sophomores and juniors now in college and eligible for the draft probably would be deferred, according to the MSC president. If the UMST program is set to take 18-year-olds immediately the percentage of deferments would be raised to 80 per cent.

He added that the students' major would have nothing to do with the deferment. However draft boards would be issued critical manpower lists for those categories such as medical science and technical types.

President Outlines Plan

Probable plans for training UMST inductees as reserve officers were outlined by President Hannah.

They would be taken into service after high school graduation and given four months of basic training. Following this competitive exams would be given and the highest ranking members would be sent to college through the auspices of the military services.

Despite the war threat looming, President Hannah made an appeal to the college men "to act as intelligent people." He urged them to continue their normal pattern of living and maintain a positive attitude for the future.

Women Too? Drivers Careful, Reduce Accidents In East Lansing

East Lansing drivers must be getting more careful. No accidents were reported to the East Lansing police department during the recent snow and ice storms, according to Chief Charles Pegg. This compared to a total of six accidents reported during the Thanksgiving snow, when very few student cars were being driven here.

The Lansing police department reports no noticeable increase in accidents due to icy street conditions.

'S' Employees Elect Officers

New officers and directors of the MSC Employees Credit Union were elected by 50 members attending the annual meeting of the group Wednesday night in the Union.

Officers for the coming year are:

L. J. Luker, assistant professor of education, president; J. W. Zimmer, associate professor of mathematics, vice-president; L. A. Whipple, assistant construction engineer, treasurer-manager; L. E. Chapman, of the accounting department, secretary.

Elected to the board of directors were Luker, Chapman and H. E. Larriere, associate professor of agriculture; economics, V. G. Groves, professor of mathematics, was named to the supervisory committee. Ray D. Bailey, foreman of the sheet metal department, was elected to the credit committee.

A four per cent dividend on 1950 shares was declared, totaling about \$6,500. Total assets of the union are approximately \$182,000. During 1950, 769 loans, totaling \$195,000, were made. The union has 755 members, all MSC employees.

New offices of the credit committee are located at 102 Power Plant building. Office hours are from 12:30 to 2 p.m. Monday through Friday.

Suits To Khaki?

President Hannah discusses the draft situation with students Ken Cook, Wilmette, Ill. Junior, left; and Ed Wilks, Mableton senior, President.

Smile Today . . .

John L. Gives Grin 'Of Sorts'

WASHINGTON—(AP)—News photographers asked John L. Lewis to give them a smile today after winning a \$1.60 daily wage increase for his soft coal miners. The United Mine Workers' chief managed a smile, of sorts. "Oh, let's have a great big smile," one of the cameramen called.

"I am happy," Lewis glowered at him, "but not that happy."

Call 150,000 Guards, Air Reserves

Congress Asked To Drop Draft Age

WASHINGTON—(AP)—The air force yesterday announced it is calling at once some 150,000 reserves and National Guards to active duty. A quick buildup to 971,000 men is the aim.

And on Capitol Hill, Maj. Gen. Lewis B. Hershey, Selective Service director, declared the Defense department's swift expansion to a total force of 3,462,205 by June 30 confronts Congress with this hard choice:

Either authorize drafting of 18-year olds or take fathers and veterans of 19 through 25.

Endorses UMT

Hershey endorsed the administration's bill for universal training and drafting of boys of 18 as he testified on the issue before the Senate Armed Services Preparedness subcommittee. He observed at the point:

"No matter what you do on the 18-year old now, the mortgage is on him—he's going to serve eventually."

Taps 33 Wings

The Air Force will tap 12 more National Guard wings, 21 air reserve training wings (all that remain unactivated), most ground supporting units and many unassigned reserve personnel.

International Club To Give Program

Folk songs from different parts of the world will be featured at a meeting of the International Club Friday at 8 p.m.

Ena Miller, program committee chairman, announced that Sonia Lee, Korea, Gordon Dakota, India, and Joann Triebel, Finland, will demonstrate folk songs from their countries.

The program will close with informal dancing and refreshments.

Correction

A clarification of the Wolverine purchase deadline was issued yesterday by Roberta Porterfield, business manager.

The final date for purchasing the yearbook will be Friday, Jan. 26. A STATE NEWS representative said that books could be reserved after that time.

Price Controls To Come Quickly, Says President

WASHINGTON—(AP)—President Truman said yesterday wage-price controls will be invoked as rapidly as possible in an attempt to halt inflation.

Mr. Truman told his news conference he could not pin down the date of a price-wage "freeze"—widely expected in a matter of days—but he said the government will impose ceilings just as fast as it can.

The President endorsed last night's speech by mobilization chief Charles E. Wilson calling for "speed and forthrightness" in setting up controls over prices, wages, materials and rents. Mr. Truman said the speech reflected government policy.

Testifying before a senate Small Business committee, Wilson declared:

"I hate controls. I have hated them all my life. But I believe we've got to have them."

Senator Humphrey (D-Minn.) asked Wilson when the nation could expect "effective wage-price controls" and other inflation curbs. "I wouldn't like to express a timetable here this morning," Wilson replied. "But there is no more important thing before the country today. We must stop inflation—we must find a way."

Senator Tobey (R-N.H.) brought up the question of rationing and asked whether it might be forthcoming in the near future.

Patrol Locates Red Strength; Escapes Trap

TOKYO—(AP)—An allied patrol, testing Communist readiness for an expected new Red offensive, found jolting opposition yesterday on the Western front where none existed in three previous days of probing.

The allied unit escaped entrapment by two companies of Chinese Reds at Kumyangang, 25 miles southeast of Seoul, after a fierce street fight of an hour and a half.

Red troops were reported moving ominously on the central front and in Eastern Korea.

U.S. Eighth army field commanders said they believed the

Casualties So Far

WASHINGTON—(AP)—Announced American casualties in the Korean war mounted to 45,127 yesterday, an increase of 2,424 over the previous week.

The defense department said 6,509 were killed outright, 772 had died of wounds, and 22 men originally listed as missing in action have been determined to be dead. Thus the death toll stood at 7,303.

presence of two Red companies in Kumyangang yesterday and a battalion contacted east of the city the day before was an indication that the expected mass assault was not far off.

"All hell might break loose soon," one officer said. The Red units found in Kumyangang were believed to be advance elements of 100,000 Chinese Communists moving south from Seoul for a fresh all-out smash of the Eighth army.

Associated Press Correspondent Jim Becker reported from that front that the allied patrol suffered some casualties and some loss of equipment in the Kumyangang fight.

Graves Declares Week Exam Files Fair To Others

Graves declared while on campus. He pointed out that research in all of the state-supported colleges would be conducted.

Lecture-Concerts Best In Big Ten MSC Programs Rated Tops

By SALLY PHELPS

MSC's lecture-concert series was rated tops in the Big Ten by Dean Stanley Crowe, head of the series. He pointed out that to his knowledge State is the only school to which nationally known programs are brought to the students free of charge.

Indiana and Purdue feature an "A" and "B" series system, as does State, but MSC is the only school to combine lectures and musical features on the series.

State is also the only school to feature a world travel series of programs.

The Universities of Michigan and Minnesota present lectures and musical programs on two

separate series, and students must pay admission to attend.

Limited Facilities

Limited facilities prevent Ohio State, Northwestern and Iowa from bringing outstanding programs on campus. For example, the largest auditorium on the OSU campus seats only 1,000.

Dean Stanley E. Crowe, head of the lecture-concert series, feels that MSC's large auditorium is one of the reasons that MSC students are able to have such excellent presentations.

Besides New York and Chicago engagements, the New York City Opera has appeared only at MSC and in Milwaukee. A company of that size could only appear

where a large stage, dressing rooms, and excellent lighting were available, as they are here, he said.

Inquiries Received

Inquiries are received almost daily by Crowe concerning the operation of the various entertainment programs.

The future of the lecture-concert series looks bright, he pointed out. The New York City Opera has consented to a return engagement next year. The world-famed Sadler-Wells ballet company will also return to present their famed interpretation of "Love for Three Oranges," and probably also the classic, "La Traviata."

The NEWS IN BRIEF

Mine Blast Traps 11 Men

WILLIAMSTON, W. Va.—(AP)—An explosion trapped 11 men in a coal mine near here yesterday and three hours later there was no sign that they were alive.

Truman Welcomes Senate Okay

WASHINGTON—(AP)—President Truman said yesterday he would welcome a declaration from the senate approving the sending of American troops to Europe for an international army of defense.

Austin Condemns Red China

LAKE SUCCESS—(AP)—Warren R. Austin demanded yesterday the United Nations fact finders condemn Red China for committing aggression in Korea at Russia's behest. The American delegate said Communist China leaders have put their necks "in the Soviet collar," scorned the UN, openly accepted responsibility for the Chinese Red masses fighting in Korea, and must accept the consequences.

General Says Use A-Bomb

MARCH AIR BASE, Calif.—(AP)—Maj. Gen. Emmett (Rosy) O'Donnell, returning from command of Far East bombing yesterday, urged that "we use the most effective weapon we have against Red China." Asked if he meant the atom bomb he said: "Yes."

Horace Graham's Reply To His Many Friends

(Editor's note: We've enjoyed picking up the mail the last three days. We've been pleased at the volume; almost 200 letters and cards.

But most of all we've enjoyed our mail because we know each letter would help prove to one Horace Graham, Jamaica H.W.I., graduate student, that a lot of his fellow students are concerned, sympathetic and ashamed.

We wish we could print all the letters we received. Unfortunately, we don't have the space. We're doing the next best thing. Horace stopped up at the office last night and we gave him all your letters and cards. We thought Horace might like to answer. He does that in the space below.)

To The Students of Michigan State and the Editor of THE STATE NEWS:

Your whole-hearted support in my "hair cut" case, the outspoken opinions of fellow students and members of the faculty on this campus, urge me to thank the executives of the STATE NEWS, members of the Student Council civil rights committee, and all concerned for their efforts to eradicate by sane and peaceful means what may be termed the simplest and yet most irking sin which may exist among human beings anywhere.

Editorials and letters in the STATE NEWS over the past week have borne out explicitly the profound and sincere thoughts held by thousands on this campus and all over the nation that except for differences in pigmentation, I.Q., religious and political affiliations, all human beings are limbs of the same tree — children of the same God.

Moreover, it has been tangibly demonstrated that owners and operators of barber shops, rooming houses, etc., who practice discrimination in this (or any other) area, because of fear that they may lose the majority white business or displease other students, are merely perfecting their own fantasies. I have always been of the firm opinion that students at MSC and other colleges are not and will not betray their intelligence and education by inconveniencing their classmates and fellows by resorting to what are in totality the very thing thousands gave their lives to wipe out in Europe only a few years ago.

When I requested a hair cut from two "super-sociocratic" East Lansing barbers with the intention and the valid dollar to pay for services duly rendered, I did not expect to cause a furor.

The unfortunate situation has, however, brought to light the fact that their actions are by no means typical and are restricted to a very small group of people of the past century who have not yet awakened to the fact that a nation which is economically and otherwise fabulously rich is potentially weak if her social systems spell racial discrimination, segregation and humiliation of minority groups whose color, language or customs do not coincide with that of her internal majority population.

In this period of international tension people of all colors, races, religions, etc., will be called upon to work hand in hand in a desperate endeavor to save the civilized world from another catastrophe. These who take pains to divide human beings into chromatic species and mete them treatment on this basis, depending on which species they deem "choice or cull," block the path to cohesion and the ultimate state of a nation.

Legislation, political machines, coercion, education, force or Christian teachings will not individually solve the problem, though the tension may be temporarily eased.

It is my firm conviction and fervent hope that a combination of the foregoing will eventually produce a world — not perfect — not necessarily luxurious — but one allowing for certain human elements — fit to live in and boast about.

This may seem an audacious statement, but convinced that the opinions expressed through your columns are borne by thousands of others around the campus and in other places where such issues exist, I predict that in another five hundred — and I may allow up to two thousand — years, the situation may be an amiable and a lofty one.

With your permission, I would like to elide one or two individuals who attempted to link my protests with communistic ideas or friends who feared my use of force.

I certainly loathe any such suggestion and scorn the very See HORACE, Page 6

Something New Youths Use Dope To Beat Army Call Draft Board Says

DETROIT—(AP)—A draft-evasion racket in which youths escape army service by using marijuana or other narcotics was disclosed here yesterday. Joseph Bell, district supervisor of the Federal Narcotics Bureau, told reporters that "a vicious racket was designed for the sole purpose of beating the draft."

Thomas L. Stokes

Senator Taft Speaks Some Speeches

WASHINGTON — Senator Taft is passing another miracle — to use an old camp-meeting expression.

The first, of course, was when he took over the policy for the Republican party in congress. Somewhat new at that and a bit awkward and inept at the start, he sparred around for a few days, mounting one available platform after another, revising his script as he went along.

With your permission, I would like to elide one or two individuals who attempted to link my protests with communistic ideas or friends who feared my use of force.

I certainly loathe any such suggestion and scorn the very

making this statement to clarify my stand.

The original plan which I had in mind was not to outlaw Greek-letter societies. My bill would withhold State financial support from educational institutions until necessary action was taken to abolish discriminatory clauses from the fraternity-sorority constitutions and by laws.

I am not opposed to social organizations. In fact I am a member of several such organizations that I am a former independent frustrated in his attempts to join a fraternity are NOT true. While at Michigan State, I received both written and oral invitations to join fraternities.

Equally untrue are the charges made by frat member Douglas Morse in his letter to the editor. While Mr. Morse agrees that something should be done, he deprecates the use of what he terms Kentucky "windage." Yet

this is the technique to which Mr. Morse resorts.

I agree with Mr. Morse that "President John Hannah has put Michigan State College on the map of the nation's leading colleges." But I disagree when he adds "but the increasing population of fraternities and sororities has also added much prestige to Michigan State's growth." The fact is that Michigan State's growth has added much prestige to fraternities and sororities. Without the college there would be NO fraternity-sorority system.

Unprejudiced Mr. Morse writes that "something has got to be done to change racial discriminatory clauses, but why not start at the top. The local chapters can actually do nothing when outnumbered by southern votes or fear excommunication from the national office." Mr. Morse, when I WANT to clean up my own back yard, I do not start in the next block. I start in my own back yard.

Since you agree that discrimination is wrong, wouldn't it be better for this nation for you to follow the dictates of your conscience despite the threat of excommunication? Is there no possibility that the fair-minded locals could withdraw from the southern dominated national? Surely, there must be enough local chapters in the northern and western states to form a new national. Or do you prefer to sacrifice your principles to the dictates of those you believe wrong?

My stand is a matter of principle, not prestige. I believe that the principles by which a man lives are among his most cherished possessions. Under our democratic system, a man is free to develop his character according to his principles. And in the FINAL analysis this is the standard by which he is judged.

Gerald Wm. Graves, State Representative

Reader Comments Pirnie's Action: Also Rep. Graves

TO THE EDITOR: After reading the editorials and letters I am provoked to add my name to the list of brave-minded, democratic people who have written in protest of this recent incident that took place in East Lansing.

It is incidents like this that have made the policy of equality in America the two-faced principle it has become today. I myself am not angry at the barbers for taking the stand that they did, but rather pity them and others like them who, through ignorance, know no other alternative.

As you can see in the crisis that faces us today, incidents like this give the communists another selling point. We cannot let this go on forever.

I do not know Hilliard Pirnie, but I would like to commend him and his stand against this evil practice. It is apparent that what he has said makes the shoe fit somebody's foot.

I also would like to acknowledge Rep. Graves on his fight to exterminate the discriminatory clauses that exist in many fraternities today. In reading one of the letters I seemed to feel that the actual cause is in the South. Well, to the Northern fraternities and sororities I would suggest you start cleaning up your own backyard and perhaps that would take so much time you wouldn't be able to scape-goat the South so much.

Barber's Right

TO THE EDITOR: I know this letter will never be printed as I don't plan to sign my name. But I thought maybe the editor of the editorial on Horace Graham might appreciate this bitter note.

Before he goes off on a tangent that neither he nor the STATE NEWS will ever solve but merely "add coal to the fire," I'd advise him to ask Horace what the policies are in Kingston, Jamaica.

You speak of equal rights. Don't the barber have any rights? He may not want to cut some hair.

Communism delights in making volumes out of episodes like this. But it is only using these episodes as a means to an end.

A well-traveled vet student.

Barber's Wrong

TO THE EDITOR: I was really quite disgusted after reading your editorial on the Horace Graham case. I don't think I've ever heard of such disgusting action on the part of an East Lansing establishment. How many boys would refuse to have their hair cut in a barber shop that also cuts the hair of a person of a minority group?

If every person who has even been in service or is in service now refused to fight beside a member of a minority group would we Americans now have our freedom? These barbers who have caused Horace Graham to lose his faith in American democracy are probably only too willing and happy to have a member of a minority group fighting for our country.

Something should be done to restore Horace Graham's faith in America and East Lansing and as for the barbers, they deserve no sympathy!

Ann Cahill

Nick's Niche

Re: Discrimination

By Tom Nicholson

MANY OF THE SEVERAL hundred concerned and thoughtful students and faculty who sent personal messages of hope and reassurance to Horace Graham have asked, "Just what can I do to combat discrimination. I know it's wrong; I'm appalled by it, but just what constructive action can I take?"

It's encouraging to know people ask themselves that question. It's also been a source of satisfaction that the publicity given the incident provokes a little soul-searching on our readers' part.

What can we do, individually and collectively? Lots of things. First, of course, is a good long look at yourself to determine how YOU feel towards minority groups and why. Negroes don't want to be merely tolerated. They want to be treated as equals. They can't if self-righteous whites aren't sincere in the efforts to accord them the rights and dignity as individuals and a group that they deserve.

SECOND, THERE ARE DOZENS of groups that are working conscientiously to rid their community and their country of the blight. Here on campus we have the Student Council Civil Liberties committee. Interest yourself in their activities, support them, and above all, make them know how you feel.

Members of fraternities and sororities have a rich field to conquer if they want to. Discrimination runs rampant in local and national chapters and it can only be eliminated through concentrated and sustained effort on the part of undergraduate members. Put pressure on your national offices and the National Inter-fraternity council, unite through your local IFC and Pan-Hel. You have the manpower and the power if you want to exert the energy.

When you graduate there are plenty of community agencies you can lend a hand. The zoning commission in your town can probably stand a little enlightening. The PTA and the Chamber of Commerce can also be instrumental in making your town more like a democratic community should be. Civil liberty committees and the NAACP need funds and assistance; you can at least provide assistance.

There are many organizations I've missed. If you're sincerely interested, you'll find out what they are. But the important thing is that there is something you can do about discrimination besides talking about it. And you don't have to wait until tomorrow to do it.

## Versatile Styles

—STATE NEWS Photo by Willis Larson  
Ruth Buckingham, Saginaw freshman, models a typical skirt and sweater ensemble which can be worn on many different occasions, depending upon the choice of accessories. The sweater, a beige cashmere, with a matching gabardine skirt, may be seen at the Style Shop.

## New Coed Styles Stress Versatility, Practicality

By SUE HENDERSON

Skirts and sweaters are the order of the day on college campuses throughout America.

With enough skirts and bodices, one can be outfitted for any occasion, from campus wear to a dinner party. Popular for practicality, as well as versatility, the blouse and skirt ensemble is now being worn for nearly all occasions.

Whether the sweater is light zephyr wool, nylon, or soft cashmere, it is an indispensable item in the collegiate wardrobe. Combined with casually styled skirts of corduroy, wool, gabardine, or wool jersey for-campus wear the same type ensemble fashioned from more elegant materials is also suitable for formal occasions.

Popular this season are the dressier skirts of velvet, taffeta, and light-weight silk or shantung. Combined with off the shoulder delicate knit sweaters of heavy knit sequined style bodices, this type ensemble is suitable for late afternoon and evening wear.

**Sweaters To Suit**

The new evening sweater comes in a variety of shades and styles to suit individual tastes. Designs range from knitted blouses, with delicately embroidered peterpan collars, or jewel necklines, to the strapless styles.

Individuality is stressed in detail. Off the shoulder styles are trimmed with gold edging or minute seed pearl embroidery. Many have metallic strands of gold or silver running through the fabric or are fashioned entirely from metallic mesh materials.

Colors are featured primarily in pastels, with black and white favored for dramatic simplicity.

**Jewelry Adds Dress Touch**

The matching-skirt and sweater set which gives the illusion of a one-piece dress is fashionable. With a large medallion or heavy necklaces and added earrings and purses, one can appropriately wear the same ensemble any where a knit dress is worn.

The age of separates has given new meaning to skirts and sweat-

## Open House Slated For Homemakers

Open house for all-home economics students and faculty is scheduled for Tuesday.

The affair will be held from 7:30 to 9 p.m. in the Home Economics building, according to Grace Lee, East Lansing junior, and Annabelle Gough, Deckerville senior, general chairmen.

The event is sponsored by the Foods and Nutrition club and the Administration club. It will introduce the new laboratories, kitchens, and dining rooms in the Home Economics building.

Five hundred people are expected to attend. The equipment will be demonstrated and refreshments will be served to the guests.

## Cafe Schemed For Bell-Hop

The Bell-Hop, to be done up in French cabaret style, will be held informally in the Union ballroom Jan. 27 from 9 p.m. to 12 m. Harold Koepfli, chairman of the dance committee, announced.

An all-college dance, the Bell-Hop is sponsored annually by Sigma Gamma Upsilon, hotel administration honorary. Tickets will be available at the Union desk.

Rufus Foeter and his orchestra will be on hand to provide the dance music. The Campus Criers will entertain with vocal selections during intermission. Chops Munir, Detroit sophomore, will emcee the halftime entertainment.

Entrance to the ballroom will be an old time front office. The sun porch will be decorated with checkered tablecloths and whiskey bottle candlesticks.

## Frosh-Soph To Hold Ball Tonight

Clare Fischer's orchestra plus Andy Nester and his combo will be featured at the Frosh-Soph ball tonight in the Union ballroom and parlors from 9 to 12.

The Campus Criers, a student vocal group, are to provide intermission music for the informal all-college dance.

Tickets for the ball are on sale at the Union desk and may be obtained from any freshman-sophomore council member. Five hundred tickets have been placed on sale.

The Frosh-Soph Ball is new to the MSC social schedule this year and will replace the annual sophomore dance held in previous years, Forman added.

The color scheme used in the decorations will be blue and silver. The freshmen-sophomore council insignia in blue and silver will adorn the backdrop of the stage. "Frosh-Soph Ball" in silver letters is to be placed above the stage.

## Social Circuit

Alpha Xi Deltas who received engagement rings during Christmas vacation were Sally Waters, Cuyshoga Falls, Ohio, senior, is engaged to Douglas Fleming, Clare senior; Barbara McLaughlin, Syracuse, N. Y., junior, to Everett Jenner, Syracuse university junior; and Peggy O'Neill, Flint senior, to Roy Hynan, Hillsdale college junior.

## Annual Co-Hop Highlighted By Winter Theme

Winter wonderland will be the theme for the Co-Hop, slated for Saturday from 9 to 12 p.m. in the Union parlors, Margaret Fuerstenau, president of the Women's Co-operative league, announced.

Winter scene decorations will be used. Paper letters covered with cotton will relate the title of the dance on the backdrop of the stage. Blue lighting on lacy snow flakes will complete the scene.

Ed Berry and his orchestra will provide the music for the annual semi-formal dance. The all-college affair is sponsored by the Women's Co-operative league.

The six candidates for the queen of the ball are: Kathleen Hooby, Helen Cannon, Marlorie Bond, Charlene Kent, Mary Eckley, and Marion Amrhein. The coed finalists in the race were chosen by representatives of the men's co-ops from the candidates of the women's co-op units.

Campus Interviews on Cigarette Tests

Number 11... THE OPOSSUM

"Thereby hangs a tale!"

The class clown went out on a limb and tried to prove cigarette mildness by the quick-trick method! He tried the fast inhale, fast exhale test—a whiff, a sniff—and they still left him up in the air!

But then he got his feet on the ground. He learned that there is a reliable way to discover how mild a cigarette can be!

And that test is . . .

The sensible test . . . the 30-Day Camel Mildness Test which simply asks you to try Camels as a steady smoke—on a pack after pack, day after day basis. No snap judgments needed. After you've enjoyed Camels—and only Camels—for 30 days in your "T-Zone" (T for Throat, T for Taste), we believe you'll know why . . .

**More People Smoke Camels than any other cigarette!**

THE STORY OF AN

... WHO MADE JOBS FOR THOUSANDS THROUGH FREE ENTERPRISE

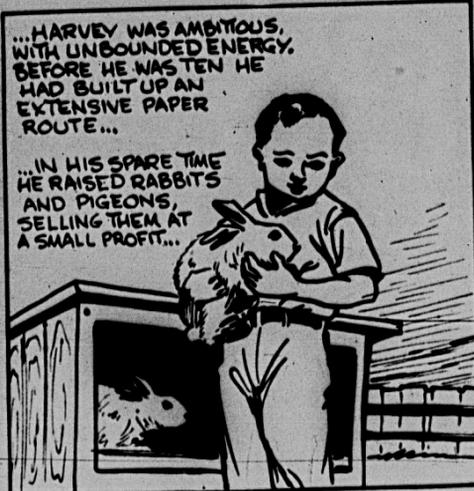

THERE WAS NOTHING ABOUT THE ADVENT OF HARVEY C. FRUEHAUF TO HINT THAT HE WOULD BECOME ONE OF THE NATION'S FOREMOST INDUSTRIALISTS.

HE WAS BORN DEC. 15, 1893, IN A MODEST HOME, IN A SPARSELY SETTLED SUBURB OF DETROIT, MICH.

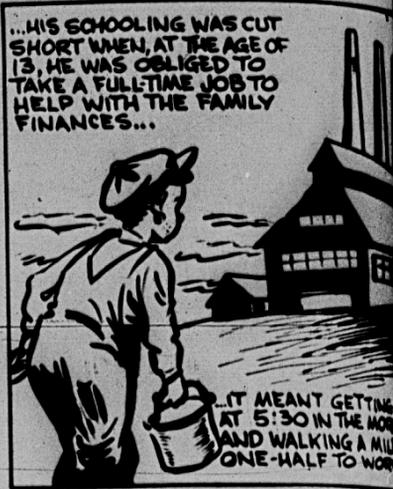

...HIS FATHER, AUGUST FRUEHAUF, WAS A HARD-WORKING BLACKSMITH AND WAGON MAKER WITH A FRAME SHOP ON GRATIOT AVENUE, THEN A DIRT ROAD...

...HARVEY WAS AMBITIOUS, WITH UNBOUNDED ENERGY. BEFORE HE WAS TEN HE HAD BUILT UP AN EXTENSIVE PAPER ROUTE...

...IN HIS SPARE TIME HE RAISED RABBITS AND PIGEONS, SELLING THEM AT A SMALL PROFIT...

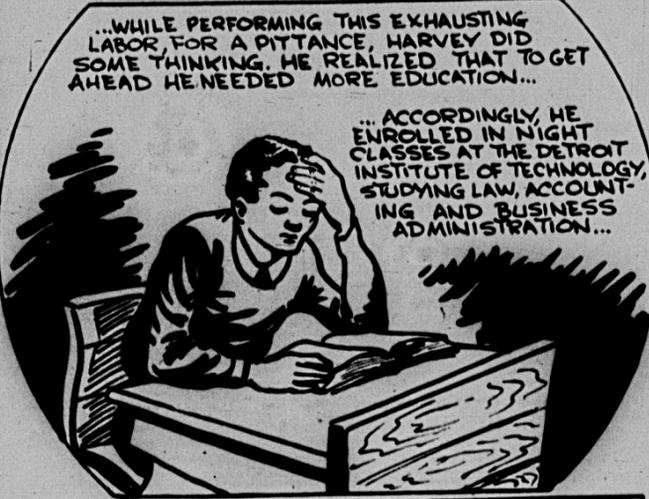

...HIS SCHOOLING WAS CUT SHORT WHEN, AT THE AGE OF 13, HE WAS OBLIGED TO TAKE A FULLTIME JOB TO HELP WITH THE FAMILY FINANCES...

...IT MEANT GETTING UP AT 5:30 IN THE MORNING AND WALKING A MILE AND A HALF TO WORK...

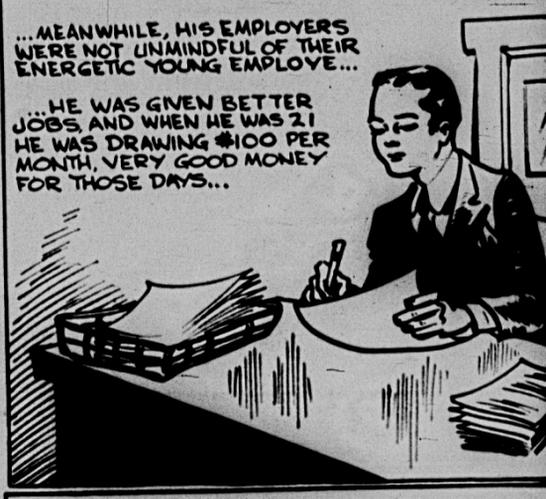

...HIS FIRST JOB WAS AS HELPER IN THE SHIPPING ROOM OF A BRASS COMPANY. HE WORKED TEN HOURS A DAY, SIX DAYS A WEEK. HIS PAY WAS \$3 A WEEK.

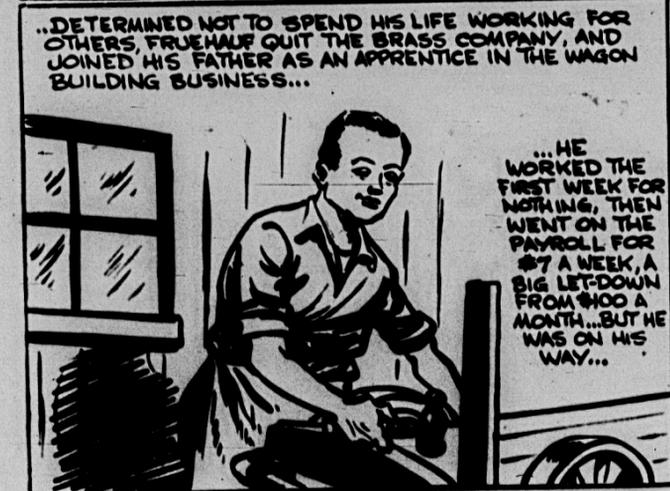

...WHILE PERFORMING THIS EXHAUSTING LABOR FOR A PITTANCE, HARVEY DID SOME THINKING. HE REALIZED THAT TO GET AHEAD HE NEEDED MORE EDUCATION...

...ACCORDINGLY, HE ENROLLED IN NIGHT CLASSES AT THE DETROIT INSTITUTE OF TECHNOLOGY, STUDYING LAW, ACCOUNTING AND BUSINESS ADMINISTRATION...

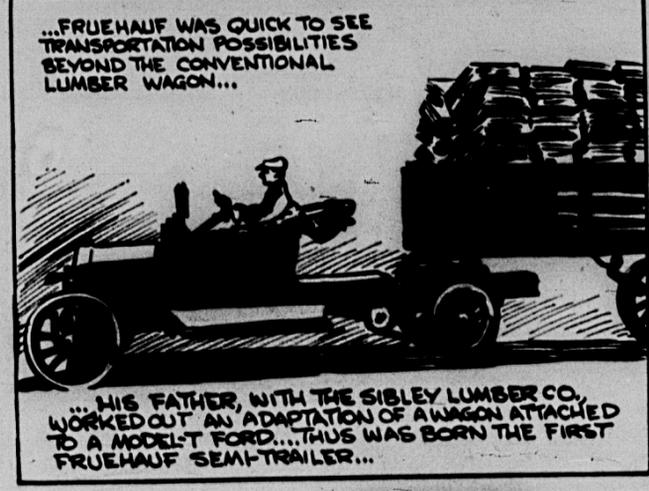

...MEANWHILE, HIS EMPLOYERS WERE NOT UNMINDFUL OF THEIR ENERGETIC YOUNG EMPLOYEE...

...HE WAS GIVEN BETTER JOBS AND WHEN HE WAS 21 HE WAS DRAWING \$100 PER MONTH, VERY GOOD MONEY FOR THOSE DAYS...

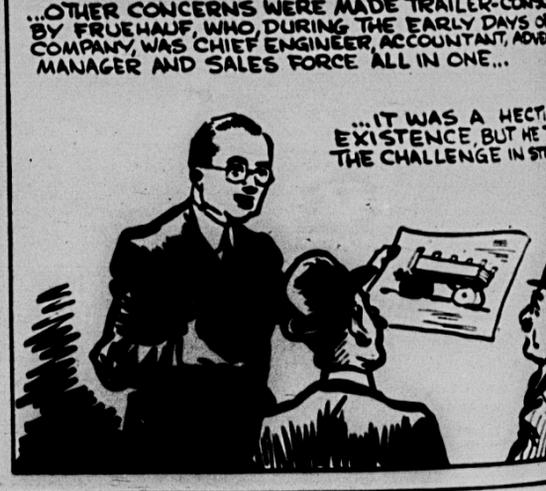

...DETERMINED NOT TO SPEND HIS LIFE WORKING FOR OTHERS, FRUEHAUF QUIT THE BRASS COMPANY, AND JOINED HIS FATHER AS AN APPRENTICE IN THE WAGON BUILDING BUSINESS...

...HE WORKED THE FIRST WEEK FOR NOTHING, THEN WENT ON THE PAYROLL FOR \$7 A WEEK, A BIG LET-DOWN FROM \$100 A MONTH... BUT HE WAS ON HIS WAY...

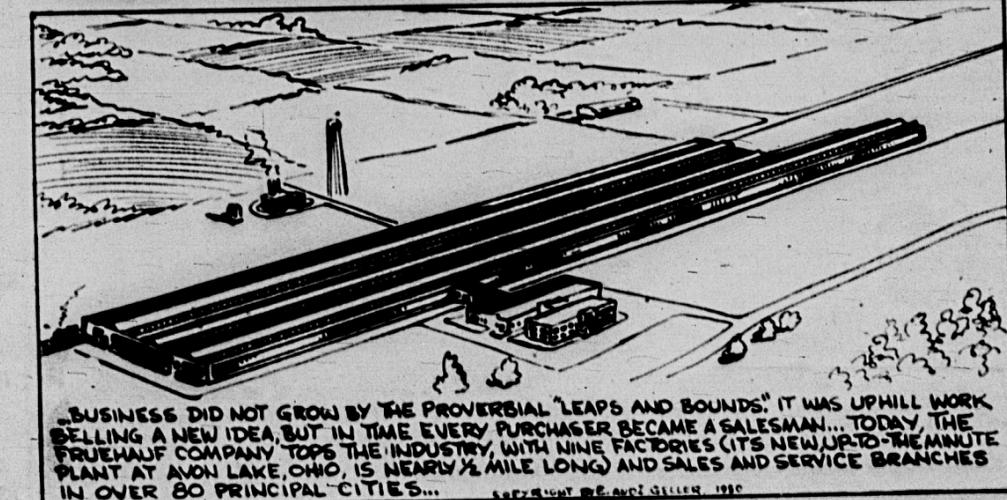

...FRUEHAUF WAS QUICK TO SEE TRANSPORTATION POSSIBILITIES BEYOND THE CONVENTIONAL LUMBER WAGON...

...HIS FATHER, WITH THE SIBLEY LUMBER CO., WORKED OUT AN ADAPTATION OF A WAGON ATTACHED TO A MODEL-T FORD... THIS WAS BORN THE FIRST FRUEHAUF SEMI-TRAILER...

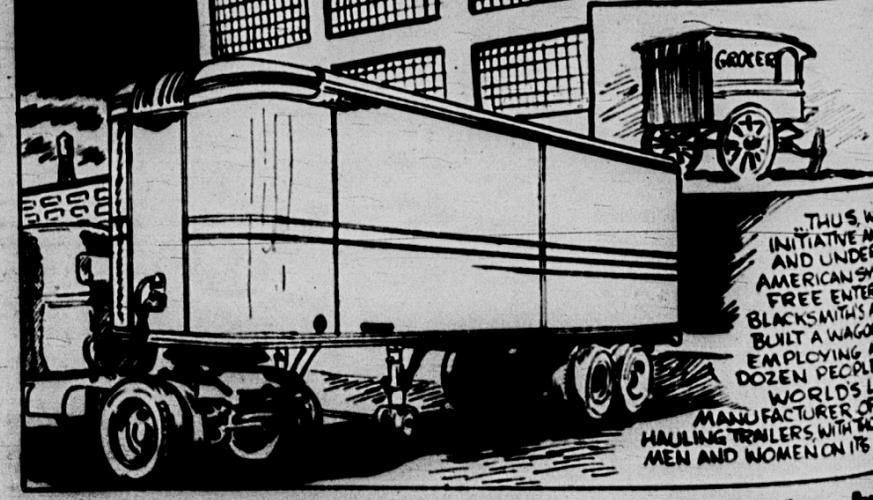

...OTHER CONCERNS WERE MADE TRAILER-CONSOLE BY FRUEHAUF, WHO, DURING THE EARLY DAYS OF HIS COMPANY, WAS CHIEF ENGINEER, ACCOUNTANT, ADVERTISING MANAGER AND SALES FORCE ALL IN ONE...

...IT WAS A HECTIC EXISTENCE, BUT HE TOOK THE CHALLENGE IN STRIDE...

...BUSINESS DID NOT GROW BY THE PROVERBIAL "LEAPS AND BOUNDS." IT WAS UPHILL WORK SELLING A NEW IDEA, BUT IN TIME EVERY PURCHASER BECAME A SALESMAN... TODAY, THE FRUEHAUF COMPANY TOPS THE INDUSTRY, WITH NINE FACTORIES (ITS NEWEST, THE MINUTE PLANT AT AVON LAKE, OHIO, IS NEARLY 1/2 MILE LONG) AND SALES AND SERVICE BRANCHES IN OVER 80 PRINCIPAL CITIES...

...THIS WAS HIS INITIATIVE AND UNDER THE AMERICAN SYSTEM OF FREE ENTERPRISE, FRUEHAUF BUILT A WAGON EMPLOYING A DOZEN PEOPLE... THE WORLD'S LARGEST MANUFACTURER OF FIVE HALLING TRAILERS, WITH THOUSANDS OF MEN AND WOMEN ON ITS PAYROLL...

# League Of Injuries Puts Boxing Team In Trouble

## Wagonlander, Marek, Spieser Unable To Work Out

By DALE ARNOLD  
The State's boxing team is undergoing a current epidemic. In rapid succession, Capt. Henry Amos, Wagonlander, Gabby Marek and Chuck Spieser have been unable to work out. Although it is too early to say, the effects of the injuries are being damaging to the team when they return to the ring on Jan. 27.

Wagonlander has been inactive because of a knee injury but the condition is clearing up. The loss of several days of training has been an important week in training for the team.

Marek, who did not appear in the first match with Quantico, has been showing up well in practice but an elbow injury has made him doubtful that he will be able to fight against the Michigan team.

Spieser, who is ranked as a top-ranking fighter, has been taking an active part in the team's training.

There are only three members left on the team, each of whom are equal to last year's squad.

The bad luck of the Spartans has even reached Coach Makris, who is limping as a result of a knee injury incurred while playing handball.

Head work for three or four times a week, drills and physical exercises are an extra heavy load on the boxing team.

It is here where the Spartans are being trained and a coach tells why the team is near the top of the college boxing.

There are only three members left on the team, each of whom are equal to last year's squad.

The bad luck of the Spartans has even reached Coach Makris, who is limping as a result of a knee injury incurred while playing handball.

## Korean Casualty

Lieutenant Peter Monfore, former West Point boxing star, who fought to a draw with MSC's Chuck Spieser here last year, has been wounded in action in Korea and is now recuperating in a government hospital in the States.

Monfore won the eastern NCAA light-heavyweight championship in 1949 and 1950.

## Offense Wins IM Victories

Easy victories featured most of the basketball play in Wednesday night's intramural play.

West Shaw 5, one of the top pointsets of last year, was walloped by W Shaw 9, 31 to 14 in one of the high-scoring games.

Defense Strong - Strong defensive play highlighted the Mud Rappers 10 to 7 victory over Hillel. Six of the winners' points were scored via the free throw method.

West Shaw 10 crushed W Shaw 1, 31 to 14 in play that featured a three bucket outburst in 30 seconds by Gene Burch during the final five minutes of play.

Handicap Match - A 5-point handicap against W Shaw 8 for being late added W Shaw 3 in its 16-6 victory. In mural games a point is given to the opposing team for every minute a team is late.

Seifried Mollanotti poured in a total of 17 points to lead Phillips 4 to a 37-14 conquest of Phillips 6. Fast breaks and high scoring by George Kruse contributed to Phillips 8, 26-16 win over Phillips 3.

Early Lead Holds - West Shaw 6 took an early lead over West Shaw 3 and held it for some time. Then, Shaw 3 broke loose and came within a single point of tying things up in the last five seconds. Final score West Shaw 6, 20-19 over West Shaw 3.

# Spartan Wrestlers Face Iowa Tonight

An underdog Spartan wrestling team will meet the Panthers of Iowa State Teachers college tonight in what promises to be an outstanding match.

The Panthers have only lost one dual match since the end of the war, and that to State in 1948. Since that time they have ground out 30 straight victories, two at the expense of the local team.

Last year the Teachers were both NAAU and NCAA champs, and held five individual titles. They still have two men, John Harrison and Keith Young, who were titlists in competition. This year they beat Illinois, 15-9 and Wheaton college, 27-3.

State also has a 2-0 record, with an 18-11 win over Pittsburgh and a decisive 25-8 victory over Indiana.

A knee injury to Don Bassett, who wrestles in the 137-pound class, forces Coach Fendley Collins to put his faith in sophomore Spencer Smith, even though Smith has never wrestled in collegiate competition.

Other starters will be Ruben Shehigan, Martin Sherman, Bob Gang and Orris Bender in the lighter weights, while George Bender, Gene Gibbons and Frank Karpal will hold down the heavier weights.

Americans own approximately 30,545,000 automobiles.

## Cagers Hope To End Slump

Michigan State's basketball team will go against the Michigan Wolverines tomorrow night at Ann Arbor in an attempt to break their slump which has cost them successive conference losses to Wisconsin, Indiana and Iowa.

So far the Spartan slump has been confined to the offensive side of the ledger. Their offensive play has been very good; they have consistently held the conference individual scoring leaders to less than five points.

Newell said that "The physical condition of some of his players might make it necessary to change the starting lineup."

Newell summed up his team showing the last two weeks by saying, "They have been playing good defensive ball, but spoiling their chances of winning by poor shooting."

The Spartans took 15 more shots than Indiana when they held to the very low total of 13 field goals.

## Giants Get Rote

CHICAGO (AP)—The New York Giants won the National football league's bonus draw and chose Kyle Rote, Southern Methodist halfback.  
Rote was picked in the bonus selection for which nine clubs were eligible. Four other teams, the Chicago Bears, Detroit Lions, Washington Redskins, and the Philadelphia Eagles, had previously benefited by bonus picks.

## 'Mural Scores

# OUR 1951 WOLVERINE ON SALE!

AT THE UNION DESK

## STARTING MONDAY, JANUARY 22nd

### Union Tonight Frosh-Soph Ball Opens Class Of '54 Activities

The baby of the four classes, the class of '54 will help stage its first class-sponsored activity at the Soph-Frosh ball slated for Friday in the Union ballroom.

It will be the top social function of the freshman class. But a full year of activities have been slated according to class officers.

The dance sponsored jointly by the freshmen and sophomore classes will replace the now defunct Sophomore ball held in previous years.

**3,000 Fresh**  
The freshmen class, comprised of approximately 3,000 members, started off the year by holding class elections in November. Warren Bowne, Ionia, was elected president and Kenneth Sparks, Charlotte, took over the vice-president's job.

Suzanne Henderson, Jackson, is class secretary and Suzanne Collins, Ann Arbor, is the frosh treasurer.

**Left Out Before**  
In past years the freshmen class, because of its lateness in electing class officers, has been partially left out in campus activity participation.

As a solution to this problem, the Soph-Frosh council was organized last year. The council is made up of the officers of each class and one representative, either a freshman or sophomore, from each living unit on campus, and two from Lansing and East Lansing. Representatives are selected by the joint officers from petitions turned in from candidates.

**Meetings Planned**  
The council meeting bi-weekly, serves as the guiding body of the two classes. Activities of the classes are co-ordinated through them. The dance Friday will highlight council activities of winter term.

Slated for spring term is the annual Soph-Frosh day with the traditional tug-of-war between the two classes over the Red Cedar.

In addition to the Soph-Frosh council, there is the plan of having purely freshmen class meetings to strengthen class unity, according to Warren Bowne, frosh class head.

The meetings scheduled bi-weekly will get under way this term, Bowne said. They will give classmen a chance to air their views on particular freshmen class problems.

### Commission Plans To Ask For Power Over Deer Herd

LANSING (AP)—The Conservation commission was on the verge tonight of asking for full discretionary power over the deer herd for the first time.

The plan has been proposed in the legislature before, but the commission itself has never fully endorsed the idea. At an informal meeting today, discussion indicated that the motion to ask for the power will pass at tomorrow's formal session.

Harry D. Ruhl, department game chief, outlined for the commission what his proposals would be for taking more deer out of overbrowsed areas if the commission had the power to make what hunting regulations it thought best.

Teen age drivers are involved in more fatal accidents in the United States than drivers from any other age group.

### Where It Goes

Sources of federal government revenue and how that revenue will be spent under the \$71,594,000,000 budget proposed for 1952 by President Truman are shown in this chart released in connection with the President's budget message. Truman has urged that taxes be increased \$16,456,000,000 to balance the budget.

### Horace Graham's Reply

(Continued From Page 2)

thought of citing any parallelism between a legitimate protest and political ideologies. If such individuals would take fifty per cent of the effort used to work up such connections, and use it to voice their own disagreement with intolerance, they may yet make an invaluable contribution toward national and world stability.

At no time whatsoever, did I consider it a fight between black and white.

The situation has historical and sociological bearings, but when an individual's color is used as a means of identification and as a detriment of his claims to civil and human rights it is only time that the victims speak in audible tones.

I am deeply appreciative of your keen cooperation and trust that you will continue to use your valuable columns to protest any such action by the "feeble-minded" and promote through peaceful and discreet means, harmony and brotherhood among mankind.

Horace D. Graham

### Art Exhibits On Display Now

Paintings by artists of South America, Mexico, Canada and the U.S. are featured in two art shows on campus this month. Sponsored by the Art department, the exhibitions will continue through Jan. 28.

On display in the Union Art gallery is a group of 14 paintings by artists in both the Americas. The paintings were selected from the permanent collection of the International Business Machines Corporation. The gallery will be open daily from 12 noon until 9 p.m., and Sundays from 2 p.m. to 9 p.m.

"Advertising and Editorial Art in the United States" is shown in 24 large panels in the corridor of the Art building on south campus. Arranged and circulated by the Museum of Modern Art in New York City, it includes selections from the 1949 and 1950 exhibitions by New York art directors.

### Lack Of Independents Given As Reason Union Board May Change Constitution

By BILL GALLAGHER  
The lack of independent students on the Union board may force a change in its constitution. At this week's board meeting, President Bob Ernst said that unless the required number of independent students needed on the board of directors and the merit committee is met, a constitutional change will be necessary.

Petitions for membership on the board must be in by Jan. 31. Pat Fee, merit committee chairman, reported that 250 petitions have been filed already.

Reports by committee chairmen of coming events for winter term completed the rest of the meeting.

**Honor Roll**  
The merit committee planned an honor roll for board members. A snapshot and a brief sketch of one member from each committee will be placed on the bulletin board in the Union.

A few openings are still available for the trip to Detroit this Saturday to see the Musical comedy "High Button Shoes," Lou Kapplinger, outing committee chairman announced.

The price including bus fare and ticket is \$3.25. Future outing committee plans are an all day ski party at Waters, Mich., dancing instructions beginning Jan. 25, and a trip to see "Showboat" March 3.

**Song Festival**  
Howard Dedow, head of the education committee, announced that a song festival, open to the public, will be presented this Sunday afternoon from 3-4 p.m. in front of the fireplace in the Union lounge.

On Feb. 28 and March 1 a two hour technicolor movie of the "Story of Christ" will be shown.

Good turnouts were reported by Bob Pierson, dance committee chairman, for the weekly day night dances in the student-faculty center in the other week and each week are to be continued.

chairman, for the weekly day night dances in the student-faculty center in the other week and each week are to be continued.

### Correction

The Current Affairs forum of WKAR will discuss the topic, "Aspects of English History" and the moderator will be Marjorie Gesner, assistant professor of history, instead of the topic and moderator the STATE NEWS printed in Wednesday's paper.
