Here Are Your New Class Presidents

Gene McDermott

SENIOR

Junior president Gene McDermott will head the class of '52 again next year.

Gene, 25, is an advertising major from Staten Island, N.Y. He is a navy veteran.

Besides serving as class president this year he worked on the Spartacade, and is assistant chairman of Parents Day committee. He was also chairman of the Frosh-Soph council, publicity chairman for the Mardi Gras, and served on the publicity committee for the Spartan Forum, and Water Carnival.

Beta Theta Phi is his fraternity affiliation.

Don Hosie

JUNIOR

Don Hosie, 21, is a sophomore from East Aurora, N.Y., majoring in hotel administration.

He was vice-president of his freshman class, and is currently holding the same office as a sophomore. He is chairman of the 1951 Frosh-Soph day and was ticket chairman of the Soph-Frosh ball. He has also earned numerals in track at State.

During high school he served on the senior class executive board, and was active as an Eagle Scout.

Don is affiliated with Psi Upsilon fraternity.

Phil Thornton

SOPHOMORE

Phil Thornton, 18, is a freshman from East Lansing, majoring in mathematics.

He is a member of the Parents Day committee as fraternity representative, and was a class officer for three years in high school. Prepping at Western Reserve academy, Hudson, O., he was president of his freshman and sophomore classes, and secretary as a senior, besides serving on the student council for four years.

Sigma Alpha Epsilon is Phil's fraternity affiliation at State.

MSC Sets Courses for Summer Plan

Departments Open to Expected 4,400

Approximately 4,400 students are expected to enroll at MSC this summer for a full schedule of courses, including 10 special workshops.

A full summer term will run from June 18 to Aug. 31, and a six-week session will be held June 18-July 27, according to Dean Stanley E. Crook, summer school director.

Activities will begin with freshman orientation, June 18, followed by registration, June 18-19. Classes begin June 20.

Full Operation
 All college departments will be in full operation during the summer. Freshmen will start their college work with the summer term rather than fall quarter. In the past only selected courses for advanced students and sophomores have been offered in the summer.

A return to a year-round session at MSC was announced in February. The change was made to make graduates available a year earlier for military service or defense industry.

Plan Credit Workshops
 Credit workshops in six sessions ranging from three to six weeks will be held in areas of television, speech, correction, agricultural education, state and local government, supervision of student teachers, parent-teacher leadership, home economics curriculum, public college education, costume, and textiles, clothing and related arts.

Publications Fete
 Student publication staff members are asked to report to their respective publications needs by Monday afternoon if they are planning to attend the publication banquet May 11.

Choice Between Dog and Machine Almost Ends Tail

PHILADELPHIA—(AP)—Mrs. James Brown faced this dilemma yesterday. To save her automatic washing machine or her dog's tail.

She unhesitatingly chose the dog's tail and ordered her washing machine to be mutilated.

Mrs. Brown's black springer spaniel, Judy, wagged her tail so far while she was watching the washing chores. Her tail disappeared into the machine's motor.

Mrs. Brown turned off the motor and summoned policemen. They gave her the choice, cut off Judy's tail or cut the washing machine belt.

The lady of the house finished her washing by hand. Judy, her tail intact, scampered upstairs away from the mechanical mystery.

Student, Faculty Vote Approves Constitution

Congress, Judiciary Okayed

Approval Vote Overwhelming

By DEAN MORTON and JOHN SCAMERSON
 MSC students and faculty yesterday approved the new student government constitution.

The student body voted in favor of the constitution by a vote of 3,304 to 384. The faculty approved the constitution unanimously yesterday afternoon at a faculty and staff meeting.

Passage of the constitution introduces a revamped student government structure which incoming student congress representatives must organize.

President John Hannah said of the approved constitution, "This provides the students with the opportunity to accomplish the goals their leaders have in mind. I hope they will measure up to this challenge."

Dean of Students Tom King commented, "I'm glad the constitution was passed and I am interested in seeing how it works. I think it will work out if approved correctly."

Gaylord Sheets, chairman of the student government improvement planning commission which drafted the constitution, thanked the faculty and student body for its passage.

"From now on we can go forward to learn to discipline ourselves," Sheets said.

Under the new constitution, separate legislative, executive, and judicial branches are set up. The judicial branch is an addition to the present Student Council system.

See CONSTITUTION, Page 6

Delegates register in the Union for the Pan-Hel-IFC conference being held here this week. Mary Lou Coates, coordinator of the conference; Bob Jensen, MSC delegate; and Jim Davis, also of the University of Wisconsin, look on.

Start Discussions Today IFC, PanHel Delegates Register for Convention

The annual Big Ten PanHel-IFC conference got underway yesterday with registration of delegates from the represented schools, according to Mary Lou Coates, coordinator for the conference.

The group met last night in Old College hall where introductions were made, and plans for the remainder of the conference days were formed.

The delegates who consist of eight representatives from each school will meet this morning in room 32 of the Union at 9.

The meeting will be devoted to the discussion of problems which individual members are confronted with. Votes will be taken on the importance of the problems, and those which seem to be mutual problems of the delegates will be discussed to a greater extent.

At 4 p.m. Prof. David D. Dickson will speak to the group on Greek organizations in general. The day will be climaxed with the banquet at the Greek Feast.

Another Session
 Tomorrow the group will have another session in which problems will be discussed, and will then attend a luncheon. In the afternoon, Prof. Paul D. Bugwell will speak on improvement of Greek organizations.

In the afternoon, there will be another discussion meeting, followed by a formal banquet at which President Hannah will speak. Following this the delegates will be guests of the senior class at the Senior hall.

On Sunday the group will have a wind-up session at which a location for next year's meeting will be chosen.

All sessions will take place in room 32 in the Union, Miss Coates said. All students are invited.

Baby Tornado Hits Howell Area; No Injuries Reported

—HOWELL—(AP)—A small tornado struck farmlands about five miles west of here yesterday afternoon.

No one was injured, but state police said property damage might run between \$100,000 and \$150,000.

An area of about half a square mile in Livingston county was hit. Many barns toppled, some trees went down, and other farm buildings and machinery were damaged.

Most of the livestock was saved. The baby tornado hit shortly after 2:30 p.m. and blew itself out in about 20 minutes.

NEWS IN BRIEF

Truman Tells Wake Story

WASHINGTON—(AP)—President Truman said yesterday that General MacArthur persuaded him at their Wake Island conference last October that the Chinese Communists would not come into the Korean war.

Civil Defense Law Passes Senate

LANSING—(AP)—Wide seizure powers would be granted the government in the event of any emergency under provisions of a new civil defense law approved by the Senate yesterday.

Tank Raiders Attack Reds

TOKYO—(AP)—American tank raiders plunged into Red lines 11 miles north of Seoul yesterday on aggressive patris that scattered or destroyed small offensive outpost forces around the capital.

American MP Shot in Vienna

VIENNA—(AP)—An American military policeman was killed and an Austrian civilian wounded early yesterday by a burst of fire from machine pistols wielded by two Russian soldiers in the center of Vienna.

Cites La Prensa Suppression

WJR Owner Criticizes FCC

WASHINGTON—(AP)—A major radio station owner criticized yesterday what he called government "trickery" in handling of news broadcasts. The entire matter is under study by FCC.

He asserted in his brief that there is no authority under the U.S. constitution for the FCC to inquire into the content of news programs for the purpose of deciding whether a given station shall continue to operate.

The dangers of mis-use and abuse of such an authority are self-evident, he said, "and we could have in the United States a repetition of the Argentine action of the Argentine government against La Prensa."

Richardson, owner of station WJR at Detroit, KMPC at Los Angeles and WGAR at Cleveland, is fighting for license re-

newals for the three stations following an FCC inquiry into their handling of news broadcasts. The entire matter is under study by FCC.

Richardson denied that the dismissals were for this reason. He contended that his stations have given "fair and impartial" treatment to the news at all times.

In the brief, he asserted that if FCC can pass judgment on news programs:

Such a construction would mean that seven commissioners, four from the party in power, would have the power to review the content of a station's

news and other programs, judge their value to and effect on the listening public and to decide on that basis to grant, renew or refuse to renew the license.

"A decision to muzzle a licensee whose broadcasts displease four commissioners by their party can masquerade with ease as a decision to refuse to renew a license on the grounds that broadcasts lack 'value' or 'propriety'."

The news club was joined in the requests for the investigation by James Roosevelt, son of the late president, and by the American Jewish Congress. Extensive hearings were conducted at Los Angeles and Detroit last year.

The case involving Richardson from a 1948 complaint by the radio news club of Hollywood that some KMPC employees had been fired for refusal to plant newscasts to reflect Richardson's personal views.

Richardson denied that the dismissals were for this reason. He contended that his stations have given "fair and impartial" treatment to the news at all times.

In the brief, he asserted that if FCC can pass judgment on news programs:

Such a construction would mean that seven commissioners, four from the party in power, would have the power to review the content of a station's

Campus Chest Kicks Off

A kickoff banquet will officially open this year's Campus Chest drive Monday night.

The banquet is the first in a series of events, contests and displays which will occur during the week.

The glitter and ballyhoo of these affairs often cloud the serious purpose behind them. But the facts remain. The Chest contributes every cent above necessary expenses to charity.

Forty-five percent of the money goes to two charities whose home is on the MSC campus. They are the Spartan nursery and the displaced persons fund. Another 25 percent goes to the World Student Service fund, a charity-aiding students all over the world.

Students can see their Campus Chest contribution at work in the Spartan nursery. It gets one of the largest slices of Chest funds because it can't go outside the campus for support.

A displaced person who attends MSC, gets the opportunity partially through Campus Chest.

And by contributing to WSSF, MSC students are helping still more young people to get an education which might otherwise have been impossible.

As a special agency of the Student council, Campus Chest is entirely student directed. It tries to distribute funds where they can do students the most good.

And it makes sure that students are asked to give to charity only once a year. Next week will be that time for 1951. See that MSC's own charities get the support they deserve.

Honesty Leads to Success

The annual PanHel-IFC Big Ten conference began yesterday and will continue through Sunday. Delegates from the various schools are here to discuss matters concerning the fraternity-sorority system on the Big Ten campus.

Conferences are planned for the delegates on the many phases of fraternity life, rushing, houses, parties and discrimination. Problems on each phase will be brought up, discussed, debated. And probably some of them will be forgotten.

But the students will express their views; they will listen and learn. They will compare the means by which fraternity and sorority problems are solved on the various Big Ten campuses.

They will seek solutions, compare them, and try to determine which is best.

And they will return to their respective campuses, impressed and enlightened, perhaps, impressed with what they saw of Michigan State College and enlightened by what they learned from the conference.

Maybe the conference will have helped them more clearly how the coming plan to rule out discrimination, clauses is more in keeping with democratic thought.

Or maybe the delegate will return to his campus, happy after another convention weekend. Perhaps his memories of the conference will consist mainly of the Red Cedar, the MSC coeds, and that we are having an election of some sort during the conference.

Perhaps he will return to tell his brothers of the good time he had, what the local chapter was like, and hasten to reassure them that there are still no others to compare to their fraternity and their chapter.

At any rate, the conference is held to discuss problems, and, if possible, to solve them. Its purpose is aimed at improving the present fraternity-sorority system.

It has been said that the system will only be as good as its members; and the need for improvement lies with the members rather than the system. This may be true.

But as long as its members are genuinely seeking to improve the system, as long as they are approaching their problems with the veritable and honest desire to discover the best solution, they will succeed in doing so.

Little Man On Campus

By Bibler

"Aww, this course ain't so rough — I never cracked a book in it last semester."

LETTERS to the EDITOR

Fraternity Tea Praised by Student

TO THE EDITOR:

A very hearty reception was given to a group of Indian students at a Sunday afternoon tea arranged by Delta Sigma Phi and Chi Omega on April 29.

At a crucial period when campus fraternities are being rigorously criticized for their discriminating constitutions, such a move taken by these social organizations reflects their efforts in the recent light of international good will towards promotion of mutual understanding.

They too, are beginning to realize that a triumphant road to survival is not in being confined to a close social circuit of their own. But it lies somewhere outside, which could be viewed only when they attempt to break through their conservative and traditional restrictions.

A temporary measure to disprove the present charges against the Greeks could also be adopted. But for a lasting effect, and to strengthen the spirit of taking-in every deserving individual regardless of race or creed, such an initiative, if carried through successfully, will undoubtedly lead towards better co-operation which is of vital importance in the making of the modern world.

Frequent social exchanges like the one mentioned, provide informal and more free atmosphere than other programs and social events strictly based on formal footings which do not bear results aimed for international brotherhood, and which are soon forgotten.

I sincerely hope that other fraternities and sororities on campus will fall in and take advantage of this rare opportunity of a good start towards broad-mindedness, impartiality and indiscriminate as the steady but ultimate goal, by holding such informal open houses and get-togethers with foreign groups which they are fortunate to have so well-represented on Michigan State campus.

Syed Arjaz Ali

College Club's Banning of News Shocks Student

TO THE EDITOR:

In regard to Tuesday's letter to the editor concerning the banning of the State News in the College Club.

I am shocked and disappointed in the action of these presumably intelligent people, and I resent their ill-phrased unjust criticism of the State News. Letters by individuals that are afraid to sign their names, certainly are not of much importance. In my opinion they shouldn't even be printed.

Every student I talked to today was in disagreement with that letter. We all know we have one of the best college newspapers in the country. Keep up the good work.

Bill Turney

(Editor's note: The writer of Tuesday's letter did sign his name. The State News withheld it.)

Publishing of Constitution Requested

TO THE EDITOR:

I've heard something somewhere about voting on our new constitution and amendment sometime soon. Now that we're pressed with cramming for finals and end-term reports and have time to read it—how about publishing the new constitution and its amendments in their entirety?

There are many people who would like to know what they are voting for who are still running loose on this campus.

Charles W. Bull

(Editor's note: This letter is dated May 2. Unfortunately there was not space to print it before elections. The constitution was printed in last Friday's State News. Those who would like to look it over again may obtain a copy of the issue at the State News office.)

Just A Moment! A New Crop

By Steve Brandorfer

A new crop of "campus" leaders sprouted yesterday. Congratulations to all of you. Some of the new crop are totally green. Others aren't new sprouts at all. They're part of an old batch re-fertilized. It would be of more benefit in the long run for the college if a new crop of "campus leaders" could be developed every year. This would raise the quality of the student body both above and below the surface of activities.

That's a theory. I'll be specific.

It's become a trend in class elections in the four years since 1947 to have the president of a lower class run for the same office in the next class.

Good work should be rewarded. Students have rightfully felt that way and rather than take a chance with someone they didn't know they have re-elected their presidents.

In the Student council this reward for good work should be continued. Student council or congress representatives should be re-elected.

Class officers are another matter. Their jobs require experience but they don't deal with law making and consistency of policy matters that council members are required to do.

Election to a class office is an honor. Why not pass that honor around? Newly elected class presidents—look about your class this coming year. Find the potential leaders. Train them. Give them all a chance to prove themselves.

Then come another year you can step down gracefully. You can rest assured the class will be in good hands.

And no one will want to start pushing a one-year limit on class officers.

Now to the student chambers. Good work should be rewarded this year. A president of the next student government should be selected carefully. Many of the new council members have proven their ability.

One stands out. That's Gaylord Sheets, Lansing representative. Sheets was one of the principal formulators of the new student government constitution and has shown mature judgment and objectivity on such issues as fraternity discrimination and pushing interest in student government. Sheets would make a good president. Don't take my word for it, council members. Look around.

I think you'll come to the same conclusion. For all the newly elected in classes and the council, remember, you've been given a chance to accomplish something. Do it.

Optimist's Corner

By The Associated Collegiate Press

A professor of economics at Xavier university, Ohio, thinks students shouldn't go into the army "with a chip on your shoulder, for you get out of your army life just what you put into it."

He added that army life can be "a real educational experience." Contrary to the popular myth, he said, a soldier can get along very well without the cussing, gambling and "running around" so often found in the army.

Letter to the Editor

Reader Criticizes Letter

TO THE EDITOR:

Richard Hansen's allusions in yesterday's "Letters" column as to the inadequacy of Al Ternes' "Nonthink" concept has caused some concern in this quarter.

Mr. Hansen would label Mr. Ternes' presentation "Cynical" basing his proposition on the assumption that Mr. Ternes lacks faith in the "American people." The inference is, of course, that this supposed lack of faith constitutes a danger to the American people.

In my estimation, the "Nonthink" editorial was a clear and critical analysis of prevailing conditions. The real danger to the American people does not lie in the criticism of their thought processes.

On the contrary, the real danger to the American people and their purposes lies in subverting the individual to the subjective interpretation of what constitutes the American purpose.

It goes without saying that there exist in this country today various economic, political, and social institutions who are in a position to dictate as to what constitutes the American purpose.

There also exists in this country a considerable amount of individuals who feel that these same institutions are exercising their dominant positions indiscriminately, and by so doing are destroying the very core of American ideology for their own advancement.

Objective interpretations of the "American purpose" are stimulated by criticism of current actions and thoughts. Mr. Ternes' editorial was a step in that direction.

It caused Mr. Hansen to reconsider his own position and take to the pen in defense of his own concepts.

By so doing, he has activated me to reconsider my own position and in like manner.

Estimated 200 Home Ec Women to Attend Third Annual Program

Mary Whitlock to Give Talk on Textile Heritage

By MITZI INOUÉ
Approximately 200 women will attend the third annual Home Economics All-day tomorrow, Miss Mary Lee, assistant to the director of home economics, predicted.

The speaker of the day will be Mary Whitlock, visiting professor of textiles, clothing and arts. She will discuss "Textile Heritage" at the home meeting in room 301 of the Home Economics building.

Highlights from questions returned by alumnae on changes will be reported by Faye Kinder, assistant director of foods and nutrition.

The program is directed by Miss Silverman of the class of '48. She will discuss the organization of alumnae in the state. Silverman is secretary of the alumnae group.

Miss Ansari, Lahore, Pakistan, graduate student, will represent foreign students on the program. Presiding over the afternoon will be Miss Mary Zarnarsh, head of the Home Economics program in Lahore.

The program will start at 9:30 a.m. in the Home Economics building. Following a coffee hour, the new food equipment and facilities of the Home Economics building will be shown.

A book collection of home economics articles will be displayed. The program will conclude with a coffee hour and a book collection of home economics articles will be displayed.

Early Sign-Ins

AWJ Passes Guest Rule

A new rule requiring guests to sign in before 10 p.m. was passed Tuesday night by the AWJ judiciary board.

The rule will go into effect beginning the weekend of May 11. Guests already required to sign in before 10 p.m. The new decision was made to give uniformity to the rule.

Musical Program Scheduled for International Club

The International Club meeting will feature a variety of musical selections to be presented by members, representing the various foreign countries.

The musical program will follow the meeting at 8:15 p.m. in room 301 of the Home Economics building.

Dave Cherry to Play Co-Dorm 'Spring-Phling' Tops Weekend Dances

The Snyder-Phillips "Spring Phling" tonight will highlight the weekend for the men living in those dormitories. Dave Cherry and his orchestra will entertain for the semi-formal ball in the Union ballroom. The crowds will be presented with congratulations as follows:

Chinese Schools 'Liars' to Battle at Banquet

Rev. Churchill Describes Red 'Spy Training'

By ROSEMARY CORCORAN
Conflict in the world today is a conflict of Christianity and Communism, Rev. Kenneth Churchill, a missionary recently returned from China, told the Spartan Christian Fellowship last night.

The Communists, he said, have set up an intricate system of indoctrination for Chinese of all ages. The first thing the Communists did when they took over was to confiscate school books and set up an elaborate spy training system in the grade and high schools.

Children are taught, "I don't need mother, I don't need father, I don't need family loyalty," Churchill said.

Chinese college student bodies control the faculty under the direction of political leaders who conduct daily indoctrination classes. If a professor says anything contrary to Communist teachings, he is done away with.

Upon graduation, each student is forced to take a loyalty test on his philosophy of life. If it is unsatisfactory, he is on the "black list."

The Reverend Churchill stressed the need for American college students to study.

Club Plans Picnic

The Gamma Delta Eta have planned a hike to the Walter Patenge farm Sunday. Members of the Lutheran club will meet at 3 p.m. in the Union. A picnic will be served at the farm.

Coaches' Corner

By BEN VAN ALSTYNE
MSC GOLF COACH

Golf is a game played and enjoyed by all, young and old, rich and poor. It is probably the best carry-over sport there is, since many people will past retirement age participate for relaxation, competition and as a hobby.

Like many other sports, golf is easier learned while young because of better relaxation and the necessary pep available to permit hours of practice so necessary to attain a so-called "grooved swing." In playing this ancient Scotch game the fundamentals of good play require proper (a) grip, (b) stance, (c) swing and (d) a good temperament. It is an excellent game to teach self-control and has no place for the person who is lacking in sportsmanship.

There are two principal methods of scoring: Medal or stroke play wherein the total number of strokes are counted to complete the nine or eighteen holes and match play. In match play each hole is played with a win accorded to the person taking the fewer number of strokes to get the ball in the cup. The person winning the greater number of holes is declared the winner.

In tournament play there is usually a qualifying round of stroke or medal play in which 32 or 64 players are selected to form the bracket for a "seeded" pairing of match play.

From this match play bracket whereby losers are eliminated an ultimate champion can be determined.

In college competition a doubles or best ball round is played in the morning. Here two players of one team combine their best ball (match play) against two players of the opposing team. The points for score in this case are one point for the first nine holes, one point for the second nine holes and one more point for the entire 18 holes. In the afternoon a "singles" round match is played with the number one player of one team competing against the number one player of the opposing team, etc. Points to count the same as in doubles play. In case of ties the point or points are split or halved.

Six men ordinarily comprise a team although smaller colleges often compete with a four man team. In six man teams there are 27 points (nine for the doubles and 18 points for the singles matches).

Par on the majority of courses is usually 72 and means that 36 strokes are required to get the ball from the tees to the greens and 36 more strokes allotted on the putting greens.

Handicaps in golf makes it possible for a duffer to play with a good player. For instance Mr. A with a 10 stroke handicap can play a two handicap player by receiving the difference or eight handicap strokes.

First All-Events Meet

Track Team to Open Home Sked

Host Buckeyes in Dual Clash

By ALEX LAGGIS

After competing in two relay-dominated meets, the Spartan trackmen will break up their loaded relay combinations and clash with the Buckeyes of Ohio State here Saturday in a dual meet.

For Spartan track fans, this will be the first of two scheduled home meets that they will be able to see the 1951 edition in action. The other meet is with Illinois May 19.

This will be State's first regular track meet of the year. Coach Karl Schlademan's crew have two appearances under their belt so far. The first was a 77-55 loss to Indiana. However last week they more than made up for it as they made an impressive showing in the Drake relays.

The Buckeye point producing power is built around their two aces, Len Truex and Gene Cole. Cole is virtually a cinch to grab top honors in the 440 Saturday. Truex is a distance artist for Ohio State.

If he runs the 880, he will face a stiff fight from Spartan Don Makieliski. On the other hand if he runs the mile, Capt. Warren Druetzler will furnish the opposition.

Bob Carey, who holds the MSC record in the shot put, is expected to face his toughest obstacle for top honors from Buckeye John Calderwood. Carey has tossed the shot 51'5 1/2" so far while Calderwood's best put has been 48'5 1/2".

Gymnasts Face Toughest Test

The National AAU gymnastic meet in Detroit today and Saturday should be the toughest for the season for the Spartan gymnastic squad.

MSC finished second in the Big Ten meet, seventh in the NCAA championships, and won five of seven dual meets during the regular season. This will be State's final meet of the year.

This meet is being held at the State Fair coliseum for the first time, in celebration of the 250th anniversary of the city's founding.

Tickets are still available at Jensen ticket office.

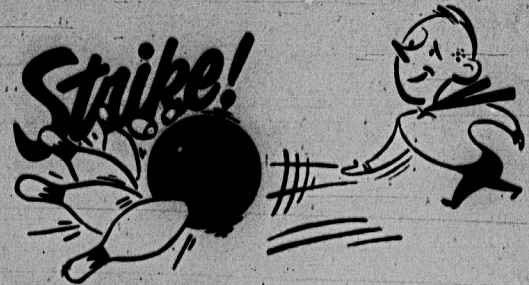

Dropo Paves Way in 6-1 Bosox Win

DETROIT—(AP)—Big Walt Dropo, benched for weak hitting for the last ten games, smashed in four runs with a double and single to spark the Boston Red Sox to a 6-1 win over the Detroit Tigers yesterday.

Dropo, who hadn't played regularly since the season's third game, punched a two-run single in the eighth with the bases loaded.

Chuck Stobbs, six-foot-one lefthander, shackled the Tigers with six hits to win his third game against no defeats.

Teddy Gray started and suffered his second loss without a win.

Hawkeyes First of Two in Series

STAN KURZMAN

Michigan State's baseball team will make its formal debut into the thick of the conference race this afternoon and tomorrow in a two-game series against the Iowa Hawkeyes.

Probable Starter

Kobs announced yesterday would probably start German on the mound. It will be behind the battery-mate, Kobs, who might possibly be other in the line-up. Kobs added that Gause might get the nod as a replacement pitcher.

Blamed was the biggest disappointment yesterday according to Kobs. He fact that Spartan hurled seven men in the first

The MSC batters will be Jim Drahn or Jim Ried. Hawkeyes' top hurlers, have a 3-2 record in up in five games, while the workhouse of the team has an even split in games. He has seen action in 10 games, hurling 41 innings and giving up only 37 hits.

Third year the Hawks finished the Big Ten race but this morning following in fifth place in a 2-2 conference when they take the field today and tomorrow. The team opened the season with a double loss to North before bouncing back to record victories from de-champion Michigan. The team's 9-1, are also the Hawkeye record. In as far they have won the losing six.

Fielder Dumme Brandt tops sluggers with a .370 average in 10 games. Defensive catcher Bill Vana who led a .323 average while in eight games. The team's Bob Cristoph is the leader in the Hawk line-nine hits he has to date. The team's extra bases—four of which are by Cristoph. The Iowa claims one of the leaders in collegiate baseball. Kurt. In his first game as a Hawkeye regular he hit a single error.

Wields a Big Stick

BOB COLEK

Ciolek Gives Spartans Strong Batting Punch

First baseman Bob Ciolek is one of the big reasons for the Spartan's rating as one of the best hitting teams in the conference.

Ciolek is following in the footsteps of two older brothers who established glittering baseball reputations at MSC, but the youngest of the trio doesn't seem to mind a bit.

So far this season he has compiled an admirable record of 11 hits in 33 tries to the plate for a .333 average. Included in his hit total is a home run and triple, each credited with being a major factor in the Spartan's wins this year.

In the 2nd-inning of Wayne Ciolek was his home run with two men on in the hit that started the first.

He blasted his triple early in the Notre Dame game which produced two runs that sent the Spartans into a lead they never lost.

Ciolek is a junior with another year of eligibility remaining and is given a good chance to eclipse the records of his older brothers.

The powerfully built southpaw bases from Michigan City, Ind., is a labeled star.

When he first reported to Coach John Kobs last year, he was labeled as a potential great. Experience and shrewd fielding limited his playing time during the early part of last season, but by the latter stages of the year he was the squad's regular first sacker.

This season Ciolek has polished his work around the bag and is learning fast to pull his hits to right field.

Charlie Ridenour, freshman arresting coach at Penn State, was defeated only once at an undergraduate grauplet.

Netters Rained Out; Play Purdue Today

By NICK VISTA

The Spartan tennis team was halted by rain midway in their match with the University of Michigan at Ann Arbor yesterday afternoon. MSC was leading 1-0 when the meet was stopped.

John Sahertian, at number three singles, won his match, 6-3, 7-5 for the only complete decision. Len Brose was leading Al Hietreck, 1-6, 6-1, 5-3, while Dave Miller led Steve Bromberg, 6-4, 2-6, 3-2.

Ken and Keith Kimble held slight leads in their singles matches when the rains came.

The match has been tentatively rescheduled for May 21.

This afternoon, the squad is in Lafayette, Ind. to meet Purdue university in the second of three weekend road matches.

This dual meet with the Boilermakers is the Spartans' fourth Big Ten match, and will be the only encounter between the two schools this year.

On the basis of last year's meeting which State won over Purdue, 7-2, the Spartans rate the favorites role. Little is known about the strength of the 1951 Boilermaker team.

From Lafayette, the team goes to South Bend, where tomorrow afternoon they meet the Irish.

Cadet Parade Ends Tour of Federal Board

More than 3,000 ROTC cadets marched in review yesterday afternoon as a federal inspection board of eight high ranking military men looked on.

The inspection board, composed of four ground force and four air force members, is here for a three-day inspection tour of ROTC facilities.

Captain of the ground forces inspecting team, Col. Clarence H. Schabacker, professor of military science and tactics, University of Minnesota, said that he found MSC's ROTC unit in excellent condition.

Sharpest Unit

Squadron C of the air force won the steamer for being the sharpest marching unit in the parade.

"I am very pleased with this beautiful campus and the warm reception given us. The 3,000 students enrolled in ROTC makes this one of the largest units in the Fifth army area," Col. Schabacker said.

Inspection Purpose

"The purpose of the inspection is to check the state of training, caliber of instruction, adequacy of curriculum, students knowledge of subject matter and the adequacy of facilities for the program," he added.

Board findings will be compiled and sent to the Fifth army headquarters which will evaluate and forward them to the department of army. Comments and any recommendations found advisable will be sent to Pres. John A. Hannah.

The board will finish its inspection today by completing inspection of unit records and observing classroom instructions.

Youth to Face Criminal Court

Fifteen-year-old Laurence Gibson will face charges of murder in circuit court Monday at 9:30 a.m.

Probate Court Judge John McClellan granted a waiver Tuesday allowing the boy to be tried through regular channels for the murder of LaVerne G. Roose, Lansing factory worker, April 6.

The youth waived examination in justice court Tuesday and now will appear in circuit court.

The youth is being held in the county jail in Mason without bond, pending the hearing.

The boy has admitted the murder, as well as numerous other crimes in the Lansing area, according to Capt. Charles Stragier of the Lansing police.

Roose was shot when he surprised the boy after an attempted robbery, Stragier added.

Engineers Offered Job Opportunities

J. M. Nicholson of the Union Switch and Signal company, Swissdale, Pa., will be here Tuesday to interview engineers for jobs.

The largest designer and manufacturer of railway signaling systems in the world, the firm offers an 18-month training period for new employees. Young engineers are given experience in various lines of work in railway switch manufacturing.

Further information can be obtained from the placement bureau.

ISA Slates Meet for Independents

Independent students have been invited to meet Monday night at 8 p.m. in the Old College hall as part of the Independent Students association's "Get Known" week.

The week opened last Monday and will continue through next Monday, according to Joanne Parsons, president of the club.

Ready for Swingout

Charles Sullenger of Flint assists Margo Dymond of Honor with her gown as Lorene Hynlop of Lansing checks the fit of her cap in preparation for Senior Swingout to be held Tuesday night.

Campus Chest Head Reveals Auction Plans

Final plans are being drawn up for the Campus Chest faculty auction to be held May 8 at 3 p.m. on the south terrace of the Union, according to Carl Mottek, executive director of the drive.

Faculty members, star athletes, and coeds will be sold to the highest bidder to perform small services. Numerous articles, including 20 bicycles from the lost and found bureau will also be auctioned. All proceeds will go to Campus Chest.

Among the faculty will be Pres. John Hannah; Tom King, dean of students; Lyle Thorburn, counselor for men; Mrs. Isabelle Gonen, counselor for women; Ralph Young, director of athletics; and Coach Pete Newell.

Mary Termohlen, homecoming queen; Lois McKinley, last year's sweetheart of Sigma Chi; and at least 16 other MSC trods will compete with the faculty in bringing the highest price.

Deadline Changed for Scholarships

The Lansing-East Lansing chapter of the American Association of University Women announced yesterday that applications for fall scholarships can be picked up in room 323 of the administration building.

Every term, with the exception of summer sessions, a scholarship is given to a wife of an MSC veteran who is now enrolled in college or who has been enrolled, according to Mrs. Karl Varty, chairman of the group.

Mrs. Varty announced that the deadline for returning the blanks has been changed to May 15 instead of May 11 as previously announced.

Photos Available

Press Pass Ball, J-Hop and Spinsters Spin pictures may be picked up in the Wolverine office between 5 and 10 p.m. this evening, according to Martin LaFond, secretary of Kappa Alpha Mu.

Senior Class Lists Activities for Graduation

Seniors will prepare this weekend to participate in a series of events leading up to their graduation.

Class members heard reports on the various class events scheduled this term at the senior class meeting Tuesday night in Old College hall.

The Senior ball, scheduled for Saturday in the auditorium, will officially open the series of events including Swingout, Lantern night, and the Senior mid-week dances, which precede commencement June 3.

Seniors present voted to wear their caps to classes on Wednesday, May 9, in keeping with an old college tradition. They will be urged to wear their caps to classes on remaining Wednesdays in May, Bob Klein, senior class head, announced.

Seniors will also hold a class picnic this year. The picnic tentatively set for 7:30 p.m. on Thursday, May 17, will be held on the north banks of the Red Cedar, according to Bob Walders, picnic chairman.

Commencement tickets will be distributed to seniors some time in May, Klein said. "This distribution is necessary as commencement will be held in Jenison fieldhouse in case of rain," Klein said.

Seniors may pick up mimeographed list of scheduled activities at the desk in the concourse of the Union this week.

Constitution

(Continued From Page 1) tem. The executive branch will be expanded to include an advisory executive board.

The Student congress will have power to approve all student organizations except those with charters granted by the administration and living units.

The judiciary will consist of the counselor for men, counselor for women, and five students. Decisions of this court will constitute the official student government recommendations to the dean of students.

Judiciary to Rule

The judiciary will rule on the constitutionality of legislative and executive acts, and organization disputes. Appellate jurisdiction of the judiciary includes appeals from the all-college men's and women's judiciary.

Those cases involving infractions of college rules will be heard when students ask for a hearing and the counselor of men or the counselor for women approve.

The executive board is designed to coordinate students groups. It includes the presidents of major student governing bodies, and the executive officer of each class.

Additional Sing Plans Stated

Committee chairmen of the fraternity sing were announced yesterday by Jerry Stevens, general chairman.

The chairmen are: selection of judges, Joe Babiarz, Detroit senior; intermission and directing, Al Wilhelm, Traverse City junior; broadcasting, Glenn Sattelmeyer, Detroit senior; trophies, Dave Engstrom, Gladstone senior; publicity, Tom Kirwin, Petoskey senior; and programing and equipment, James Korecki, Lansing sophomore.

Fraternity representatives will choose their positions for the event at a meeting today at 1:15 p.m. in organization room 2 of the Union.

Trophies for the contest are on display in the Union showcases this week.
