China Inspires Coed Fashions for Summer

By INA MAPPEN

The fashion forecast for summer styles points to China for its inspiration.

The "coolie" style is already being shown in the millinery stores. The crown is high and peaked, with a sloping brim.

Dark colored sheers are used for both daytime and evening frocks. Organdy ranks high for the traditional party dresses.

The separates have taken the college fashion scene by storm. Skirts, blouses, vests, and jackets can be combined or worn apart.

Now that many of the French designers have added gloves to their collections, they have taken on high styling.

Looking ahead into fall, the storm coat will look a little different. In a survey run by Woman's Wear Daily, a trade newspaper, college women asked for coats that were less bulky.

The current trend for matching sweaters and skirts will continue. Many stores will feature them in pastel colors.

The mini-tailored blouse, which has been popular in the eastern schools, will appear more frequently in the mid-west. They will be tucked into a belted skirt, preferably one with a fly front.

Big Ten Tennis Meet Opens Tomorrow

ILLINOIS WINS EASILY

Jesse Can't Do Enough

Thomas Grabs Four Wins as Thinelads Lose

It was another "all-Jesse Thomas" day Saturday.

Although the title bound Illinois beat State 72-59, the lithe Flint senior was the whole show.

Thomas bowed out in his last appearance on the Michigan State track in grand style as he racked up four first places for 20 points, one of the biggest point splurges in modern track running.

When Thomas accomplished this feat against Wisconsin during the indoor season, he set a new Michigan State scoring record for a single meet.

He now becomes the only Spartan to hit that magic number twice in a single season, a mark that will likely stay for many seasons.

His wins came in both hurdle races, the broad jump and the 100-yard dash. Thomas pulled a big upset in the century run in beating the Big Ten's indoor champ, Joe Gonzalez.

The Spartans became the first team this season to throw a scare into the Illinois' win streak, but the winner's over-all balance and depth proved to be too much.

The Michigan State crew completed seven firsts and tied one, thanks to Thomas' terrific showing. Illinois won six events and tied one.

Six meet and two field records were broken during the afternoon. Cirilo McSwain, fleet-footed Panama sprinter, was the big gun for the Illini, winning the 220 and 440 yard dashes and anchoring the one-mile relay team to a new meet mark.

State showed a surprising weakness in the 140-yard dash, with Illinois sweeping all three positions. The Spartans were also blanked in the discus throw.

Warren Druetzler completed a great career on the Spartan track by taking the mile and team-mate Mickey Walter in the two-mile.

Although Illinois competed without Capt. Don Laz, their sure pole vault winner, they still captured the top two places in this event.

Laz competed in the Coliseum relays Friday at Los Angeles and didn't make the right plane connections to compete in Saturday's meet.

Big Bob Carey kept up his winning ways in the shot put as he set a new meet record of 51 feet 10 1/2 inches. The old record was 47 feet 9 1/2 inches held by Illinois' Dick Ely in 1948.

Ray McKay got a first place tie in the high jump with a 5 foot 11 1/2 inch leap.

Arnie Smith in the pole vault and Ron Jenkins in the broad jump took third for State.

Jim Keppord aided Druetzler in upping the Illini's Lawton Lamb by finishing second in the mile. Druetzler set a new meet record of 4:15.8.

Art Ingram added to State's point total with a third in the 100. Joe Corbelli placed third in the high hurdles with Dick Henson placing second in the lows.

Buck Grid Fans Favor Spartans

The coming Spartan-Illinoi State football clash at Columbus next season is the number one attraction for Buckeye fans, according to the OSU ticket office.

Teams taking a back seat in ticket sales appeal include Southern Methodist, Indiana, Iowa, Northwestern, and Illinois.

JESSE THOMAS

Phillies Release MSC's 'Buzz' Bowers on Option

By EDWARD SLOBODNIK

The paring-down of major league rosters to the 25-player limit came close to home last week when the Philadelphia Phillies sent former Spartan pitching star, Charles "Buzz" Bowers, to Terre-Haute of the Three Eye League. He was optioned on 24 hour recall.

Bowers, currently a student and assistant freshman baseball coach at MSC, has been under contract with the Phillies since July 1949.

On the 1949 Spartan baseball team he chalked-up an impressive 1.94 earned run average. However, his collegiate baseball career was short lived. After one season as a Spartan hurler, Bowers was declared ineligible, under Big Ten rules, to participate further in intercollegiate baseball.

"BUZZ" BOWERS

It was charged that he played

Coaches' Corner

Guest Column

By FRANK BEEMAN
MSC Co-Tennis Coach

I am of course prejudiced, but I sincerely believe that tennis is the finest sport for human beings in the world today. People of all ages may and do play the game in every country.

King Gustav of Sweden at 80 years of age enjoyed tennis as much as children of 12.

Tennis was first devised and played by a British officer. It has now developed into an international sport in which countries compete yearly in what is known as the Davis Cup. Japan, Germany and Italy will be represented this year, while perhaps significantly, Russia is unable to produce a team.

Tennis is one of the few collegiate sports that may be conducted without an official. The players call the shots on their side of the net and the unwritten law gives the opponent the benefit of doubt.

At Michigan State we have developed a scoring device to enable the students to follow the progress of each match. The name of the opposing school and MSC are placed on opposite sides of the scorers chair. A yellow tag hanging below the sign designates one game. A red tag denotes five games and a white tag means that that player has won one set.

The scoring of tennis is based on four points: 0 (love); 15; 30; 40 game. Love, in tennis, means zero, or nothing. Six games makes one set and two out of three sets makes a match. If both players win five games then two successive games must be won to win the set.

There has been some question as to why our 1951 tennis team is doing so well. Looking back over the past few years the records show that Michigan State tennis teams won 12 and lost 1 in 1948;

11 and 3 in 1949; and 7 and 4 in 1950. The players have come up to all expectations and besides their fine tennis technique, every man has that great staying power, commonly referred to as "guts."

There are two definite phases to tennis: strokes (technique) and strategy. It takes ten years with the proper training and match play to develop a good college tennis player. Logically a player cannot use strategy if he cannot direct the flight of the ball.

In the stroke department there are such shots as forehand, backhand, flat drives, chops, slices, top spins, lob, overhead smashes and net volleys. Each time a ball is hit the player must know which type of stroke will bring him the best results. The better players are always one shot ahead so his opponent is kept off balance as much as possible.

Spartan Entry Rated as Top Contender for Title

By NICK VISTA

Evanston, Ill. will be the scene of action Wednesday as the undefeated Spartan tennis squad goes after its first Big Ten net championship.

Fresh from a spectacular dual meet season in which they won nine straight meets, State will be one of the top contenders for conference honors.

Drawings for the meet are scheduled for Tuesday evening, with first round matches getting underway on Wednesday. Play will continue through Friday.

This year, with ten schools entered for the first time, two preliminary matches in both singles and doubles play will precede the regular four match first round in each group.

The prelims will count one-half point, while all other matches will contribute one point to a team's total.

Coaches Frank Beeman and Tom Martin have entered their regular season lineup for the tourney. The singles entries are Capt. Len Brose, Wally Kau, Dave Mills, John Sahertian, Keith Kimble and Dick Rieger.

The doubles combinations are Brose and Sahertian, Kau and Mills, and Rieger and Keith Kimble.

The complete traveling squad will consist of the six players. Coaches Beeman and Martin and the team manager.

The Spartans have one more dual meet on their schedule, playing the University of Detroit here on Tuesday, May 29.

After the annual southern trip this spring, the Spartans came through with their nine wins, six of these being shutouts. In the nine meets, State netters took 77 out of a possible 81 points.

MSC white-washed Wayne, Minnesota, Purdue, Wisconsin and Notre Dame, Indiana was the first to break the string, as State took a 7-2 win.

Illinois and traditional rival Michigan were dropped by 8-1 scores, and last Saturday, the Spartans swamped Ohio State, 9-0.

Iowa and Northwestern were the only Big Ten teams the Spartans didn't meet. A scheduled match with Northwestern was rained out, while the Hawkeyes were not slated.

The Spartans boast four starters who have been undefeated in regular season play. Brose, Sahertian, Keith Kimble and Rieger went through without a loss, while Kau and Mills dropped but one match.

In doubles play, Kau and Mills took all their matches, with the other two combinations each dropping but one.

Orestes Mino, new addition to the Chicago White Sox, lives in Matanza, Cuba.

Kobs May Change Line-up

Blanchard, Ciolek Due for Bench

After their display of weak-hitting in Saturday's 3-1 loss to Indiana, the Michigan State baseball lineup may be in store for some changes, according to Coach John Kobs.

Coach Kobs was greatly displeased as he saw the Hoosiers' Bert Weyer set the Spartans down with but three hits.

His displeasure may force him to bench third baseman Dick Blanchard, who hasn't hit out a game for two seasons. Blanchard hasn't been able to pull himself out of a slump that has sunk his batting average below the .300 mark.

Last season, Blanchard's first with the State team, he hit .331.

Even his fielding has slipped, as attested by the two errors committed in the first inning of Saturday's game.

Another major change that may surprise Spartan fans is the possible benching of first baseman Bob Ciolek.

Ciolek started the season as though he was going to break previous Spartan hitting and slugging records but since has been a dismal figure at the plate.

Coach Kobs said that he may possibly try these changes in tomorrow's game with Detroit at the Titans home field.

If Blanchard goes to the bench, it will probably mean that his replacement will be Jack Hofstetter. Hofstetter, started this season as the regular second baseman but was benched for weak hitting. Kobs is hoping that the rest may have brought back his batting eye.

Ciolek remains in the dugout at the start of tomorrow's game. Kobs will probably have leftfielder Dick Moser in to take over the duties of the initial scribe.

In that case, either Herb Schroeter or Ray Lane will start in the outfield.

Spartan center-fielder Vince Mack got one of the three hits in Saturday's contest to extend his consecutive hitting streak to 16 games.

CLARK SCHOLES

Scholes Given Gluske Award by Swim Team

Clark Scholes, national freestyle champion, was awarded the Hubert Gluske memorial award for the outstanding varsity swimmer of the Purpose fraternity last Saturday.

Scholes also headed a list of major award letter winners that were presented by Coach Charles McCaffrey. Along with Scholes were Bert McLachlen, Dave Norman, George Hoogerhyde, John DeMond, Dave Hoffman, James Quigley, freestylers; Al Omann, Dave Patton, Jim Westman, breaststrokers; Bob Quigley, Hal Shoup, backstrokers; Ken Coyne, diver; Dick Goodrow, manager.

Minor award winners were Bill Carey, Mack Goodwin, Dick Robie, and Jim Schultz.

DeMond, Hoogerhyde, Hoffman, Omann, Patton and Quigley were elected into the Royal Order of the Golden Spike, which is an honorary award presented to the graduating seniors. Hoogerhyde was also termed honorary captain for 1951.

Dick Goodrow, Purpose president, presented the outstanding freshman swimmer award to Bruce Aldrich.

CHUCK DAVEY

Davey to Meet Gronik Thursday in Lansing

Chuck Davey, Michigan State's all-time boxing great, will fight his toughest fight so far in Lansing's park at 8:30 Thursday night.

The fight is the main tilt of a six-bout schedule. Davey will be going for his first straight victory in the expense of Lincoln's sensational Al Gronik.

This 20 fight win streak has belted his opponent to a count 16 times.

Thursday also has several other bouts, including notable ones Gene Harrison, national AAU 147, and Tommy Derrig.

These are in the welterweight class. Davey is one of the few who went from a great career into the big time.

He has two big rival KO victories in his boxing career.

Four years of competition in four straight NCAA championships in three different divisions.

He has been successful in the few business boxing bouts he has had.

OSU OFFICIAL APPOINTED

New U of M President Named

A. G. Ruthven to Retire after 22 Year Reign

ANN ARBOR—The University of Michigan went to its neighbor and traditional rival, Ohio State university, yesterday for a new president.

It picked 52-year-old Dr. Harlan Heathorne Hatcher, vice-president of Ohio State, to succeed Dr. Alexander G. Ruthven.

Dr. Hatcher, a one-time English instructor and an OSU graduate, will take over his new duties Sept. 1, when Dr. Ruthven retires.

The announcement by the University's Board of Regents ended a long search. It was something of a surprise. His name seldom appeared in the list of prospective candidates.

Regents said the selection was made Saturday but held for release until Dr. Hatcher could be consulted.

Announcing the appointment, U. of M. regent J. Joseph Herbert of Marquette said:

A native of Ironton, O., the newly-chosen president came to the Ohio state faculty in 1922 immediately after his graduation and served as an English instructor until 1928, when he was promoted to assistant professor. In 1932 he became a full professor.

He was named dean of the OSU college of arts and sciences in 1944 and became vice-president of the university in 1948. During world war II, Hatcher was a lieutenant in the naval reserve.

His scholarly attainments and demonstrated capacity for educational administration all mark him as a natural for this important post.

At Ohio, President Howard L. Beck said "Michigan could not have found a better president." He praised Hatcher as "an accomplished scholar, a widely read writer, an inspiring teacher and an administrator of demonstrated ability."

Dr. Hatcher said the invitation was "tendered in such form that I must accept, I leave Ohio with touched emotions, with a deep sense of pride and opportunity of serving it through the years to the best of my ability."

The handsome, grey-haired Ohioan will be the eighth president of the University of Michigan.

Dr. Ruthven's impending retirement will end 22 years at the helm of the university. He became president on Oct. 4, 1929, succeeding Dr. Clarence Cook Little.

Prof Awarded Greek Degree

Award of an honorary Doctor of Science degree by the University of Thessalonike, Greece, to Dr. G. J. Bouyoucos of Michigan State College, has been announced by the Greek educational institution.

The award to Dr. Bouyoucos was based on his many contributions to the field of soil science and his services to Greece.

Several of the scientist's soil science methods are now being used at the University of Thessalonike school of agriculture. The methods were developed during Dr. Bouyoucos' long tenure as a research scientist on the staff of the Michigan Agricultural Experiment Station.

Dr. Bouyoucos has been acting as consultant to the Greek Embassy in Washington, D.C., on agricultural matters.

Dr. Bouyoucos has been a member of the Michigan State College staff since 1911. He received his Ph.D. degree at the University of Illinois, his Ph.D. at Cornell university and has studied in Germany, France and England.

The highest winning percentage of any major league pitcher was 93.8 compiled by Johnny Allen of the Cleveland Indians in 1937. He won 15, lost only one game.

Several of the scientist's soil science methods are now being used at the University of Thessalonike school of agriculture. The methods were developed during Dr. Bouyoucos' long tenure as a research scientist on the staff of the Michigan Agricultural Experiment Station.

Dr. Bouyoucos has been acting as consultant to the Greek Embassy in Washington, D.C., on agricultural matters.

Dr. Bouyoucos has been a member of the Michigan State College staff since 1911. He received his Ph.D. degree at the University of Illinois, his Ph.D. at Cornell university and has studied in Germany, France and England.

The highest winning percentage of any major league pitcher was 93.8 compiled by Johnny Allen of the Cleveland Indians in 1937. He won 15, lost only one game.

Prof Awarded Greek Degree

Award of an honorary Doctor of Science degree by the University of Thessalonike, Greece, to Dr. G. J. Bouyoucos of Michigan State College, has been announced by the Greek educational institution.

The award to Dr. Bouyoucos was based on his many contributions to the field of soil science and his services to Greece.

The Theta Chi pushcart that won the trophy at Saturday's race for the most humorous car. Modeled after an old car, the cart pleased the race's 3,000 spectators by backing, catching fire, and sending a rooster out from under the hood. Ted Hausseman, Lansing senior, sits up front.

PRESIDENT HANNAH ADDRESSES GROUP Co-op Extension Meet Opens with Faculty Talks

The annual conference of the cooperative extension service opened yesterday with an address by C. V. Ballard, director of the cooperative extension service and assistant dean of agriculture, on the purpose and plan of the conference.

The three major features of yesterday's program included Ballard's statement followed by James H. Danison's address entitled, "MSC TV" and a talk by Edgar Harden, director of the continuing education service.

Danison's talk outlined college plans for developing a TV program.

During the afternoon the first two hours were devoted to extension meetings. A total of 15 different committee meetings planned extension projects for the year.

The evening was highlighted by a dinner in the Union ballroom and a talk by Pres. John A. Hannah.

This morning the first of a series of lectures by Dr. Eric Englund, assistant director of the office of foreign agricultural relations in the U.S. department of agriculture, will begin in the Music auditorium. Dr. Englund will speak on "Why We Are Interested in Foreign Agriculture." His talks will continue Wednesday and Thursday.

Following Dr. Englund's talk, Mrs. Margaret Price, chairman of the Michigan youth commission, will give a speech entitled, "Responsibility of the Family for Today's Youth."

Purpose of the convention is to develop plans for an overall extension program for the year and provide training for extension workers. This is the first year the training school and annual conference have been combined.

According to Russell J. Kleis, of the continuing education service, approximately 325 workers from

the extension staff of MSC and those working in the various counties of Michigan are attending the conference.

Martin Enters U.S. Senatorial Race for 1952

LANSING—(P)—State Auditor General John B. Martin, Jr., yesterday became the first candidate to announce for the United States senate in the 1952 election.

The 41-year-old Grand Rapids resident said he would seek the Republican nomination for the seat formerly held by the late Arthur H. Vandenberg and now held by Senator Blair Moody, who was appointed by Governor Williams.

"We already know the opposing candidate," Martin said in a statement, "and there is no time to waste in this fight for this all-important senate seat, now temporarily filled by a Truman Democrat."

Moody is considered a sure candidate for the Democratic nomination to succeed himself.

MSC Carillon Called One of Best in World

MSC's carillon was called second to none in the world by Dr. Frederick L. Marriott, noted carillonneur. Dr. Marriott, carillonneur at the Rockefeller Memorial center, University of Chicago, played the MSC carillon Sunday at the dedication of 14 new bells.

The recital consisted of selections from folk music, hymns, songs and carillon compositions.

The 14 new bells have been installed in Beaumont tower since the beginning of the year. The bells, made of bronze, were poured by the world's oldest manufacturer of bells, Petit and Fritsen, of Holland. Wendell J. Westcott, MSC carillonneur, said the new bells will give more than 100 additional tonal arrangements for carillon selections.

A minor league pitching record belongs to Jesse Burkett—who issued 255 bases for balls for Worcester in the Atlantic Association in 1899.
