

Cinderella Weekend for Mary Lonn Trapp

Queen Mary Lonn Trapp accepts a bouquet of roses from Bob Carey, Captain of the Football team, before the beginning of the game.

Presenting the trophy to Mary Lonn Trapp (right), this year's Homecoming Queen, is Mary Termohlen, Homecoming Queen of 1950. The Queen is also holding the loving cup which was presented to her at the dance. The dance was held after the football game for MSC students and alumni.

Spartans Down Panthers, 53-26

State Thrills Homecoming Crowd in Last Half Surge

By GEORGE WEEKS

After flashing their power-laden attack before a near-capacity Homecoming crowd last Saturday with a 53-26 win over Pittsburgh, Michigan State will get a two week rest to prepare for the Fighting Irish of Notre Dame.

MSC, in playing its familiar and dramatic role as a "comeback" team, gathered its twelfth straight victory before 42,163 fans in a game featured by amazing Pittsburgh pass completions, brilliant Spartan ground strength, and some "uncalled for" roughness, according to Coach Biggie Munn.

After riddling a bewildered Spartan defense in the second

quarter, the Panthers left the field leading 20-19 at halftime. State roared back in the last two quarters with its usual final half explosiveness to rack up 34 points.

Asked what he did to inspire the Spartans during the half, Munn replied, "I suppose you'd expect the coaches to leap around and tear their hair. Well we didn't. The boys know what was wrong and we had chalk talks to correct it."

State's first touchdown came halfway through the first quarter when Dick Panin took a pitchout and dashed for 60 yards through the Pitt secondary aided by key blocks from Vince Pisano and Don Coleman. Gene Lekenta missed the conversion.

The Spartans made it 13-0 when Don McAuliffe flipped to Al Dorow in the end zone during the final seconds of the quarter and Lekenta made good on the try for extra point.

Bob Bouchick, Panther field general, more than lived up to his advance billing as he displayed unranny accuracy in hitting receivers just out of reach of the Spartan defenders. His aerial fireworks dominated the second quarter and Pittsburgh tallied three touchdowns, converting on two, to give Pitt its one-point lead at half time.

State's only second quarter spark came when Panin reeled off a dazzling 62 yard sprint to the Pitt eight. McAuliffe crashed over a few plays later. Lekenta's kick was wide.

The second half saw a Spartan line that was rushing the passer, and a secondary that was more alert.

Meanwhile two Green and White backfield units uncocked a devastating attack.

Even as the Spartans pulled ahead the game was a thriller because of the constant passing threat.

McAuliffe started the State second half scoring spree when he crashed over from the nine with four Pittsburgh gridiries riding along on the plunge. Bob Carey, who continued to kick despite his neck injury, came in to make it 26-20.

Jimmy Ellis contributed his usual spectacular run by taking a punt for 55 yards and a touch down. Carey missed the conversion.

Paced by the break-away running of Billy Wells and Leroy Bolden, the "pony backs" had a chance to claw back at the Panthers.

Bolden scouted into the end zone after taking a 12-yard pass and Carey converted to end the third period scoring Michigan. State 19; Pittsburgh 26. See 12TH STRAIGHT, Page 3

Faculty-staff directories will be on sale at the Union bookstore and the registrar's record office beginning Tuesday, L. B. Lessner, recorder, said the booklets had arrived a little earlier than expected.

Directories, sell for 50 cents. They contain the addresses and telephone numbers of most of the staff of Michigan State College, as well as living unit phone numbers and information about personnel working in college and student offices.

A college calendar for year is also given. This year's directory has 110 pages.

Lost Woman Found Dead by Hunters

Suicide Motivated by Poor Health

The body of Mrs. Beatrice E. Davis, 31, of 938-A Maple Lane was discovered by two hunters in an abandoned barn on Coleman Rd., one and one-half miles east of M-78 Saturday morning.

Mrs. Davis, who had been missing since 7 p.m. Thursday, had committed suicide by taking an overdose of sleeping pills, and then inhaling carbon monoxide through a tube connected to the exhaust of the car, according to Coroner Ray Gorsline, who was called by police.

The body was discovered by William H. Bashore, of Holt, and Donald Dyer, of Lansing. The two men, who were hunting, noticed the car in the barn and investigating, found the body.

According to Gorsline, Mrs. Davis had been in poor health. A state-wide search had been underway since she left her home at 7 p.m. Thursday to get the family laundry.

Indications were that Mrs. Davis had driven the car into the barn, shut the doors, and attached a tube to the car's exhaust, with the motor running.

The gas tank was empty, the ignition still on, and she had died at least 16 hours.

She is survived by her husband, Wilford, a graduate of Michigan State; a son, William; her parents, Mr. and Mrs. Mack Davenport, of Dundee, Michigan; and a sister, Mrs. Jean Dolich, of Dundee.

The body was removed to the Fisher Funeral Home in Dundee. Funeral services and burial will be held there.

International Group Hears Dr. Thurston

Education's part in the program of world peace was explained by Dr. Lee M. Thurston, superintendent of public instruction for Michigan, in a speech before the International Club Friday night.

His talk preceded a club party celebrating UN week.

Dr. Thurston's topic, "Education and the UN," stressed objectives and results of UNESCO and Point Four Program, by citing instances where they have been successful. Reconstruction plans for war-torn areas include new schools, libraries, the introduction of teaching seminars, money grants for scientific organizations and vocational rehabilitation, gift coupons for food and clothing, as well as the exchange of students among countries.

But in this development of world-wide education Dr. Thurston warned, "Let us not make the foolish mistake of trying to transplant American institutions just because they work here."

"In the unfolding glory of mankind, education has a central part to play," he said. "Mankind cannot be exalted through war. Man will attain his highest status when war will not be the only way to settle differences. Differences, he concluded, can be settled through education."

French Film Stated Tonight

"The Idiot," a French movie based on Dostoevski's novel of Russia in the late 1840's, will be shown at Fairchild Theater tonight at 7 and 9.

"The Idiot" is the story of a gentle young man too innocent and good to find a place in the corrupt society around him. Starring in the film are Gerard Philippe, Edwige Fenech, and Lucien Cordel. Tickets will be on sale at Fairchild Theater.

N Armored Force Fights Out of Trap

U.S. EIGHTH ARMY HEADQUARTERS, Korea—(AP)—An armored force fought out of a Communist artillery Sunday, saving four crippled 47-ton Patton tanks while new jet battles raged over "MIG Alley" in northwest

Correspondent Milo Far reported that a Chinese mortar and mortar barrage rained into the stalled armor column for two and a half hours at a road junction west of Song in the central front. However, casualties were reported light.

In aerial encounters, fought over more than 600 miles in an hour, pitted a total of 16 Sabre jets against 160 MIGs swept wing MIGs of the new jet battles raged over "MIG Alley" in northwest

US Fifth Air Force pilots destroyed and damaged in the flashing action. Sabres were safely from their engines but admitted the loss of one jet shot down and the pilot was rescued by helicopter.

Japan-based B-29 bombers bombed Communist facilities at Songchon in northwest Korea without opposition.

Independent Farnell said the tanks had planned to ram north and west of Kum. The tanks may be tested by the Chinese infantry. U.S. Pattons were hit and captured.

lines—open to as much light as possible with plenty of big windows, porches and openings to the out-of-doors.

Garage would be attached and in all likelihood the home would be built of brick or masonry.

The heating system would be either circulatory or forced hot air. Petersen said that his survey indicated that gas was preferred over other fuels in areas where it is available.

Money Grants Given to Four Professors

By MARGARET FULLER

Five grants from the Rockefeller Foundation totaling \$1,978 have been given to four MSC professors and a Lansing clergyman to study Midwestern life and history. Dean Lloyd C. Emmons, chairman of the Midwestern Studies Committee, announced Saturday.

Those receiving grants are Dr. Bernard J. Duffy, assistant professor of English; Dr. W. H. Form and Dr. J. A. Beale, associate professors of sociology and anthropology; Prof. Charles Hampton of the Written and Spoken English Department; and the Rev. Robert J. Baumann, pastor of St. Paul's Evangelical and Reformed Church.

Dr. Duffy received \$1,250 for completion of a book on social and literary history of the Midwest during the 1900-1925 period. Dr. Form and Dr. Beale's \$500 supplementary grant was for continuing study of occupational paths of rural and urban migrants in Michigan labor.

Reverend Baumann was given \$128 for his collection and study of the correspondence of the Rev. Frederick Schmidt, a pioneer Michigan minister whose home mission was in Basic, Saskatchewan.

A supplementary grant of \$100 was given to Prof. Hampton for his study of "Political Persuasions on the Frontier: Michigan's First Presidential Campaign."

Dorow Downed

State News Photo by Bill Mitchell. Quarterback Al Dorow (47) is stopped by Pitt's John Dazio. Spartan guards Frank Kapral (58) and Dean Garner are in the background. Garner's block helped Dorow gain yardage on this end run in the first quarter.

NEWS IN BRIEF

Greyhound Bus Plunges Off Ramp

OAKLAND, Calif.—(AP)—A big Greyhound bus plunged 40 feet off an approach ramp to the Bay Bridge yesterday, killed seven persons and injuring the other 22 occupants pinned upside down in the pancaked wreckage.

Truce Negotiators Meet at Panmunjon

MUNSAN, Korea—(AP)—Allied and Red truce negotiators, meeting the fifth time at Panmunjon at 11 a.m. yesterday, were deadlocked on where to draw a cease-fire line.

Egyptians to Mobilize Manpower

CAIRO, Egypt—(AP)—The Egyptian State Council yesterday approved general mobilization of manpower and drafting of all Egyptians between 18 and 50 in case of war or threat of war.

Second Fire Rages in Saginaw

SAGINAW—(AP)—A \$200,000 three-alarm fire, Saginaw's second big downtown blaze in eight days, swept a Federal Street auto parts building at 3 a.m. yesterday.

lines—open to as much light as possible with plenty of big windows, porches and openings to the out-of-doors.

Garage would be attached and in all likelihood the home would be built of brick or masonry.

The heating system would be either circulatory or forced hot air. Petersen said that his survey indicated that gas was preferred over other fuels in areas where it is available.

Most people desire that dining space be combined with living room in most "dream homes," and kitchen eating space would be an absolute "must."

what the builders call "modular" planning. This is a system in which each part of a structure is in mathematical proportion to the other parts to achieve harmony of design.

Added attractions would be built-in cabinets for china and also for many general purpose uses. The survey indicated that built-in snack bars and bookshelves are becoming more popular.

Streamlined first-floor laundries were preferred by the prospective builders.

In bedroom planning, high windows are in demand. Multi-purpose bedrooms are growing in favor.

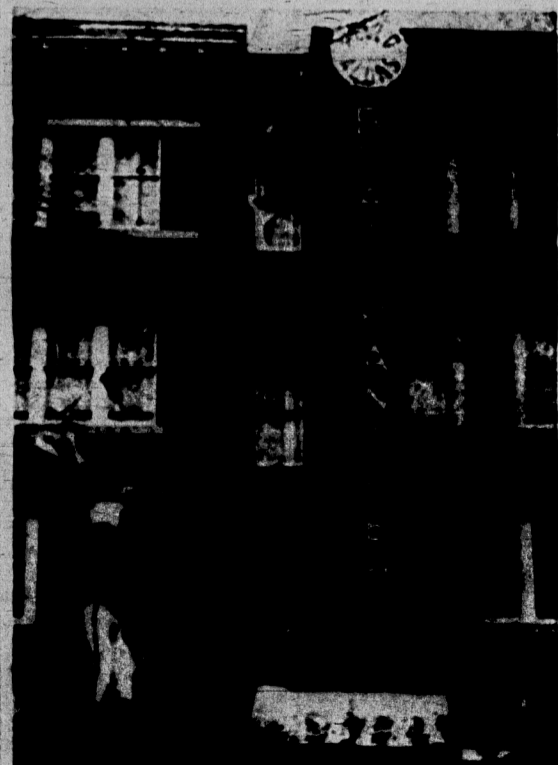

in design is here to stay.

"A functionally designed home can be interpreted as a home that provides an atmosphere appropriate to each room or part of the home," he said. "The atmosphere should be in keeping with the room's use."

He said there was a time when one or two individuals planned functionally designed homes. Nowadays specialists cooperate to plan them. They meet in groups to interchange ideas and adapt new features to the overall plan.

Petersen's ideas were presented in a panel discussion group on functional designing in MSC's new Kellogg Center for Continuing Education.

Winning Display

Alpha Gamma Rho won the inter-fraternity Homecoming display contest. In the display "the Spartan hit the Panther on the head causing the sign to light up, one letter of a time, and the bell to ring at the top, welcoming the alumni."

Tougher Terms

The United States threw in new-scale aerial assault on the Communists in Korea Thursday to punctuate the warning of the UN truce negotiations that their terms for a demarcation line are going to get tougher all the time.

While the Allies have offered to make compensating compromises, withdrawing a little from their farthest advance in the east if the Communists will give up some territory in the west, the general policy is to make peace only along the general battle line which may exist when and if terms are agreed upon.

The negotiations were resumed amid widespread Allied expressions of optimism that an agreement would eventually be reached. Just what this optimism was based on, other than the evident Communist desire not to break off negotiations, was not clear.

Neither Peiping nor Moscow has given any indication that they will give in on their demand for withdrawal of Allied forces south of the 38th parallel.

In fact, the Communists may have agreed to resume negotiations, stalled for two months, merely for the purpose of forestalling an all out Allied offensive which seemed to be in the making. Word had gotten out—perhaps deliberately—that the enemy was in for atomic attacks unless he did something about an armistice immediately. General Bradley went to the front, the Reds agreed to Allied terms for resumption of the negotiations, and word got out again that use of atomic weapons in Korea had been postponed.

This may have been a bluff, but indications are that it was not. Americans have not forgotten how quickly the Japanese war ended after Hiroshima.

Letter to the Editor

Reader Blasts Dance Ticket Allotment

To THE EDITOR: Certain people are trying to promote good will between the Greeks and non-Greeks on this campus. It appears to this person that certain other people are trying to discourage this attempt. On Nov. 9 the IFC and Phi Kappa Phi are sponsoring a closed dance at the Kellogg Center and the tickets to 600. This dance will be so closed that many of the Greeks will be unable to go. The pitifully few tickets are being allotted sparingly to all fraternities and sororities. Ten tickets per sorority and 20 per fraternity and none to the non-Greeks.

I am not a Greek, but my date belongs to a sorority; what chance do we have of going when there are only 10 tickets for about 60 needs?

There are only two formal dances this term and we passed up the last so we could go to this dance.

In the past few years it has been an All-College dance, with the Greeks getting first crack at the tickets.

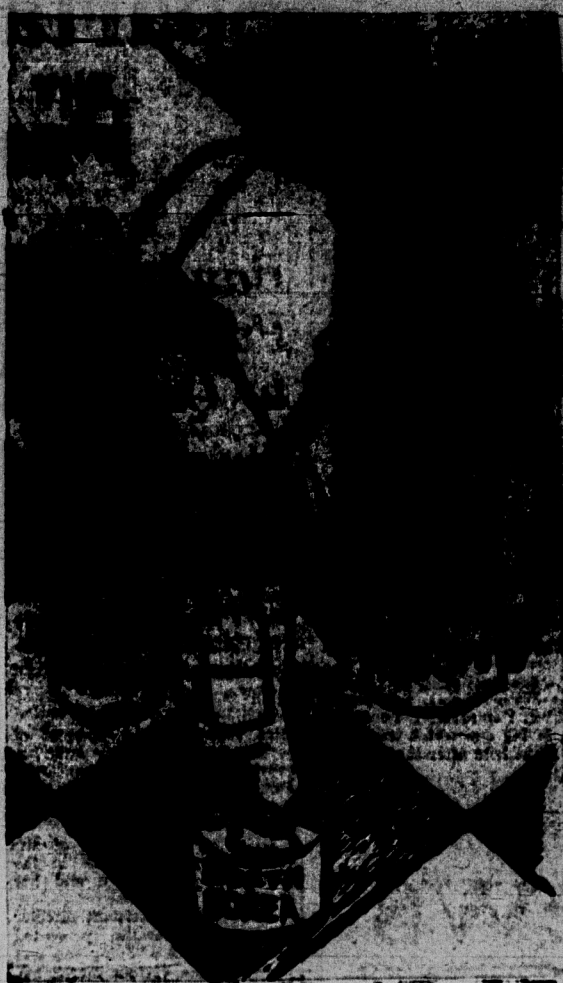

I think that this year should not be an exception, even if it means renting the Auditorium instead.

Both the Greeks and non-Greeks who want to go are getting a raw deal. Name withheld by request.

Full Steam

The new American Federation of Disgusted Politicians is going full steam down at Southern Methodist. To enter, all you have to do is pledge: "I'm through with school politics." Even when you're beaten, it seems, there is always one more group to turn to.

The Japanese introduced the giant African land snail to their island outposts during World War II so their soldiers could have small stew.

What Do You Think About...

Mascot Interest

By Dick Lang, State News Manager

Last week the State News took an editorial stand on the apparently timely topic of a mascot for MSC. After being plagued with letters on the matter, both pro and con, the State News suggested that students who really wanted a mascot should contact their Student Government representatives and demand the Government take action.

To my knowledge the issue is no nearer to being solved today than it was last week. Letters concerning a mascot seem to have fallen off and with them, the interest in the matter. How come?

Did students who were so avidly pushing "Spartan Boy" give up their plan already? Was the whole issue, as some suspected, just one of momentary interest that would be forgotten in a week or two? Did students just back the idea of a mascot because they wanted something to shout about? Or weren't many students interested in it in the first place? Who knows?

But it is certain that interest has fallen off. And maybe, that's for the best. We certainly ought to be able to get along without a mascot. The point brought out by the State News in the editorial was that if MSC students really want a mascot they certainly should be able to have one. But, the second point was a question: Do the students really want one? This, the State News felt, could be best answered by the students themselves through their Student Government representatives.

As far as I have been able to determine, little, if any, word has come to the Government representatives showing student opinion on the mascot issue.

The reason: Students weren't interested enough to inform their representatives. Or they don't know who their representatives are, which, in many instances, I suspect to be the case.

But the fact remains that every student is represented in the Student Government, and in order to put the Government to work for him, he must find his representative, tell him what he thinks ought to be done. It is only by this process that the Government will know what the students really want. It is by this process that the students, if they really want to, can get a mascot.

Record?

A group of Yale students have published a guide to dating at 20 eastern girls' schools, which retails at \$1. At least that's one expense you avoid by coming here to a co-educational school.

Psi Upsilon Scores Lop-sided 32-0 Win

By JACK EGLE
Psi Upsilon really went to work in the first half last Thursday as they routed Phi Kappa Tau, 32-0 in IM touch football. Early in the first period Fred Sayles started a play that went to Bob Lee and Spence Smith for Psi Upsilon's first tally. Sayles flipped another aerial to Frank McCallum for a second TD. In the second quarter Dick Wallin intercepted a pass on the 12-yard line and ran the ball over. Two minutes later McCallum caught a fumble amid the Phi Kappa Tau backfield and ran six yards for the fourth touchdown. Sayles concluded the scoring by throwing to Smith just before the half ended.

Phi Kappa Sigma, 23; Zeta Beta Tau, 2

Phi Kappa Sigma, featuring a good passing attack, ran over Zeta Beta Tau, 32-2. Dick Allen lateraled to Nick Podlecki who threw a 40-yard aerial to Al Baronowski for Phi Kappa Sigma's first score. Allen threw to Baronowski and Bob Pryor for touchdowns. Baronowski passed to Dave Wing and to Podlecki for the final touchdown and conversion.

AEPI, 27; AGE, 0
May Fox was the big gun as he fired three aeriels for touchdowns and scored one himself to lead AEPI to a 27-0 conquest over

AGR.
Theta Chi, 19; Farmhouse, 12
Although Dick Anderson ran the opening kickoff 45 yards for a Farmhouse touchdown, Theta Chi bounced back to win the game, 19-12. In the first quarter Jack Leary passed to Smitty Horton to even things up. Leary threw another pass in the second period to Jim Carver for Theta's second TD. Later in the quarter, Roy Goodwell tossed to Leary who flipped to Howie Nelson for the third and last TD.

Sigma Nu, 24; Theta Xi, 6
Sigma Nu scored all of their touchdowns in the first three quarters to beat Theta Xi, 24-6. Tom Walsh threw to Rollie Hansen and Ket Barber scored a safety, to account for the first period scoring of Sigma Nu. Mark Ford tossed to Wally Ziemia and received Walsh's conversion pass

for the second quarter. In the third period Walsh threw to Ford for a TD and to Jack Reault for the extra point. Walker Mayhew also scored a safety in this stanza for Sigma Nu.

STATISTICS

Ping-Pong Info
Wayne Tink, Intramural Director, announced that the intramural ping-pong tournament will be continued next Wednesday, Oct. 31, and Thursday, Nov. 1. He emphasized the fact that all games will be played at the Union. Players will be notified by mail.

Don Coleman's spirited play won him the game football from his coaches and teammates.

Following the game Backfield Coach "Red" Dawson expressed concern over the Spartan pass defense. "We need more speed on coverage," he told Munn.

The Spartans are slated to have light "sweat suit" workouts today and Tuesday, with formal practice not getting under way until Wednesday. "We need the rest," stated Munn.

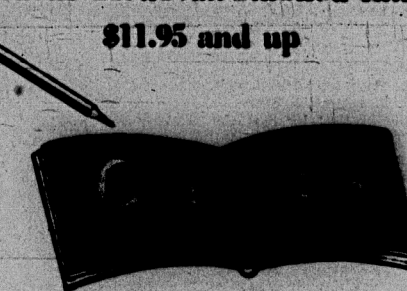

The Michigan State mentor declared that he was "proud of the State offense—one of our best offensive games."

He added, "It was a nice Homecoming game, wasn't it? They like these kind of games."

Coeds Beat Alums
An all-star WAA coed field hockey team took a 3-0 win from the alumni Saturday in the annual traditional battle between the two groups.

Campus Interviews on Cigarette Tests

No. 25
THE SEA HORSE

This little gee-gee was all at sea. It was enough to upset his equine-imity. He'd been reading about those rush-rush cigarette tests—the quick snuff, the fast puff. "Hardly the scientific approach," he said in his confusion. But then he realized that one test is an equine of a different pigmentation—a thorough, conclusive test of cigarette mildness.

It's the sensible test... the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke—on a day-after-day basis. No snap judgments! Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests,
Camel leads all other brands by millions

She will *Tell the world*
... with your engagement ring. Be sure that it is as fine in quality and beauty as the love that prompted you to buy it for her. Whether its cost be great or modest, you can always be proud of her ring if it bears the mark of...

March to Direct Chicago Symphony in And Nov. 5

The Chicago Symphony Orchestra, the third oldest in the world, will make its annual appearance at the College Auditorium, Monday, November 5.

Under the direction of Rafael Kubelik, the program will include Mozart's "Symphony in C Major," Beethoven's "Ninth Symphony," and Liszt's "Symphony in D Minor." The program will also include the "Symphony in D Major" by Liszt.

The orchestra is in its 65th year of continuous operation since it was founded in 1837 by the late Theodore Thomas. Each season musical events at Parkland Bank, State College and other locations have included the group since Thomas' death in 1930.

In its annual year as permanent conductor of the Chicago Symphony, 25-year-old Kubelik stands as world-wide renown as a conductor, composer and pianist. The son of internationally known violinist, Jan Kubelik, the young conductor received his early musical training at home. He is a graduate of the Prague Conservatory, Conservatory, and played with the Czech Philharmonic Orchestra.

Student tickets will be distributed at 11 p.m. Wednesday at the Union.

WAF Officers Talk to Grads

A Women's Air Force officer interview board will be at Room 26 in the Union today through Sunday, Nov. 4, to interview and award graduate women interested in a commission in the Air Force Reserve.

The Air Force is offering reserve commissions to women 24 to 35 years of age, with or without prior military service.

Applicants must have a bachelor's degree or higher and three to five years of business or professional experience, preferably in a supervisory or managerial capacity.

Qualified young women between 24 and 35 may apply for Officer Candidate School.

Jobs in Education

Edward Spangberg, director of the Placement Bureau, announced 27 elementary education positions open to December graduates. These interested should contact the Placement Office immediately.

CONTEMPORARY JOHN SCHWAB

Pres. Hannah Goes to Penn. for Convention

A Hershey, Penn., meeting of the Advisory Committee on Higher Education of the Council of State Governments will occupy President John A. Hannah's time today and tomorrow.

This is the second of several planned meetings of the group, which is assisting in studying the past, present, and possible future state of American higher education. A full-time staff handles the study work between advisory meetings.

All state governors are automatic directors of the state-financed council. Offices and staff are maintained at Chicago, with Frank Bane as executive "leg-work" in such studies as primary education, mental institutions, and public-supported state education facilities.

The first advisory meeting was held in June of this year. Mr. Hannah left Sunday afternoon and will return Tuesday.

Student Groups Declared Inactive

Some 63 student organizations have been declared inactive on campus for failing to submit information papers, Nick Pagan, assistant counselor for men, announced yesterday.

Husband, Wife Team Present Piano Recital

Two very skilled pianists, John and Florence Richardson, proved that they have harmony in their household with a two-piano recital yesterday afternoon.

The two faculty members opened their program with the sensitive playing of Elgar's "Prelude and Opus."

Next the husband wife combination exhibited well-developed sense of timing with their treatment of the renowned "Sonata in D Major" by Liszt.

Schubert's duet, "Andantino Verde," was their third selection. Most exciting of the works which they presented was Brahms' "Introduction and Rondo Alla Breve." The couple interpreted the provocative composition with the strength and brilliancy it merited.

Scheduled last on the program was "Memories of Childhood" by Liszt. It consisted of five delightful and entertaining parts.

As an encore, Mr. and Mrs. Richardson played a graceful Bach number.

Mock Search Staged by CAP

Nearly 100 Civil Air Patrol planes took to the air yesterday in a mock search for an Air Force plane that "crashed" somewhere in Michigan.

The search was conducted by private flyers who are members of the CAP Michigan Wing. An area of 11,700 square miles of southern Michigan was searched despite the poor weather.

The operation was planned and staged by the 9th Air Rescue Squadron from Selfridge Air Force Base. The "lost" aircraft was supposedly on a flight from Milwaukee, Wis., to Detroit.

Pilots throughout the state were alerted by the CAP radio network. Planes began arriving at the two field headquarters at Ann Arbor and Galesburg, Mich., early Sunday morning to receive their search instructions.

Two MEC Air Force ROTC students, Cadet Major James C. Webb and Cadet Captain Robert J. Schultz, were assistant public information officers for the mission.

Prof Miller to Talk

Prof. James Miller of the Political Science Department will present an "Analysis of the British Election" this noon at the regular meeting of the East Lansing Kiwanis Club in the Union.

Music Discussion of Concert Stated by Union Board

Music to be played by the Chicago Symphony in the concert series Nov. 5 will be discussed in the program, "Know Your Music," sponsored by the Union Board Music Committee. The meeting will be held in the Union Music room, Tuesday, at 4 p.m.

Herbert S. Livingston, Literature and Fine Arts Department, will conduct the discussion.

This is the first in a series of discussions of concert series program which will be held, according to Nan Wells, publicity chairman of Union Board. They aim at helping the student better understand good music, she said. Everyone is welcome to the discussion.

Students Win Honor at Judging Contest

William F. Kruger, Lansing sophomore, and Albert W. Honner, Gillespie, Ill., freshman, were top individual honor winners in a dairy judging contest in Detroit recently.

The contest was sponsored by the Dairy Industries Supply Association and the American Dairy Science Association. Students from 23 land-grant colleges took part.

TV Open House Held Friday in EE Building

By JO WORNAR

It was open house at the Department of Television Development as 400 members of the faculty and staff toured the studios atop the EE Building Friday afternoon.

Through a mass of monitors, lights, props, cinder and doughnuts, the members of Television Programming and Production 431 led their guests and potential production advisors.

James Tintera, speech and dramatics instructor, interviewed many guests on camera in regular three-minute intervals as other class members switched lenses under the direction of Clair Tettemer, their instructor. The interviews were alternated by filmed commercials.

The purpose of the open house was to acquaint faculty members with the facilities offered by the college station in connection with educational program possibilities for the future.

The Ag Extension Service will be doing a series of live broadcasts on landscaping Nov. 17, which will be filmed and packaged for campus use and WJBK-TV.
