Graduation Poll Draws 340 Cards

Recorder Terms Results Apathetic

Only 340 seniors returned their commencement poll cards last week, according to Lyle B. Leisenring, college recorder.

About 2,000 cards were sent out by the Record Office last Wednesday.

The returns so far are not representative of class sentiment on a Saturday or Sunday commencement. President John A. Hannah said earlier at least 50 per cent of the class must participate to have a representative poll.

The class must respond better than it has so far on the vote might have to be discounted for lack of interest," Leisenring pointed out.

Records Office personnel will count the returned cards and keep tabulated records of votes.

No returned cards have carried reason for choice of Saturday or Sunday, although there is space on the card for comments.

Leisenring urged students to return their cards as soon as possible. Commencement Committee plans for commencement speakers and program must wait until results of the poll are in, he said.

Spartacade Awards

Looking over the trophies to be awarded to winners in the Spartacade to be held March 8 are officials of this year's event. They are (left

Ballot Validity Challenged by MSC Students

Case May Come Before Judiciary

The All-College Judiciary may review "certain irregularities" in the student tax amendment balloting tomorrow afternoon.

The possibility arose after Bill Irwin, Grand Rapids senior, and Bob Phillips, Mason junior, brought complaints to Judiciary members.

Counselor for Men, Lyle A. Thorburn said that he turned the matter over to Chief Justice Ringle. He said, however, that he felt that any student has a right to bring a complaint against any organization or election and that it is within the Judiciary's power to hear them.

Ringle stated that there has never been a permanent procedure for students to initiate a judicial investigation.

He said that the Judiciary will set a permanent procedure for such cases at their Tuesday afternoon meeting. Ringle set up the following temporary procedure for the students to follow:

1. There must be 25 signatures on a petition. Each signature must be that of a person willing to testify before the Judiciary concerning his reason for complaint.
2. There must be at least two students testifying on each specific instance cited as a reason for complaint.

Irwin said yesterday that he and Phillips will turn the

Council Sets Six-Day Rule For Athletes

Coaches scheduling athletic matches away from the college must take care that their athletes do not miss more than six class days in one term, according to a resolution passed this week by the Athletic Council.

Dean Lloyd C. Eumons of the school of science and arts, chairman of the council, said there has been "very little" violation of the arrangement in the past. But there has been a tendency, in one or two sports, to exceed the limit, he said.

This results in low grades or failures for the athletes, he said. In rare "emergency" cases, seven missed days might be allowed, he declared.

The Athletic Council approves all sport schedules, and handles other situations involving athletes, the chairman explained.

There are five appointed members who serve for "staggered" one-year terms, two ex-officio members, the MSC president and his representative, two alumni members and two student representatives, one from the student body and one from the Varsity Club.

Group to Learn Folk Dancing

The Graduate Student and Faculty Social Gathering will feature folk dancing Wednesday at 8:30 p.m. in the Social Hall of People's Church.

European folk dances will be taught by Miss Kirsti Hardenberg, exchange teacher from Sweden, who gives courses in Swedish gymnastics here.

The event is open to the public.

Wolverine Calls For Sales Cards

Wolverine salesmen who have not returned their sales cards to the Wolverine office on the third floor of the Union should do so before Wednesday, according to Lincoln Stegman, business manager.

The sales have been closed for two weeks.

Mark 34 Victories

State Places First in Debate Tourney

Michigan State placed first in the Interscholastic Speech and Debate Tournament held here Saturday. The tournament was composed of a league division and a tournament division.

Robert Steele, Lansing junior; Gaylord Sheets, Lansing senior; Irving Nelson, Kingsford senior; and Peg Patterson, Flint junior, competed in the league division, winning all their debates. All four received speakers' awards.

The victory Saturday was the second year in which Steele and Sheets have been members of a state championship team. They won the tournament held here last year.

This victory completes a record of 34 wins for Michigan State debaters.

In the tournament division John Klingensmith, Lansing junior, and Nancy Siebold, Fort Wayne senior, won two out of three debates and tied the third. Klingensmith was given a speakers' award.

David Wamman, Newark, N.J. senior, and Dave Hymen, Buffalo, N.Y. freshman, won two out of three debates. Both were awarded speakers' ratings.

Twelve Michigan colleges participated in the tournament, which was held from 10 a.m. to 4 p.m. in Berkey Hall. Three rounds of debates were held. The first two debates were regulation debates and the third was a cross examination.

State also participated in a debate tournament at McMaster's College Saturday. Eight schools attended. MSC took third place, coming in behind St. Michael's College and a Canadian graduate school.

Competing in this tournament were Sallie Fox, Albion junior; Mary Dawson, Ferrisdale senior; Polly Klingensmith, Detroit sophomore; and Barbara Otto, Grosse Pointe junior. Michigan State entered the only all-girl team in the tournament. Dr. David Potter accompanied them.

Fred Alexander of the Speech Department coached the teams.

According to A. A. Apple, head of the Department of Journalism, "the committee judges will defer election of temporary newspaper leader until 1953."

A summary of well known newspaper editors, including the Arthur H. Vandenberg and S. Osborn, have already been nominated by newspapermen for the new Hall of Fame.

The judging committee were representatives of MSC, Prosser, Associate, chairman, and Madison Kuhn, professor of Michigan History.

Philadelphia Orchestra Set for Tomorrow

The Philadelphia Orchestra will give its 1952-53 season concert at 8:15 p.m. Tuesday at the University of Michigan.

During the Spanish-American War, the Philadelphia Orchestra made its greatest strides in the direction of Leopold Stokowski, who took over the orchestra in 1913, and guided it in 1940, when Ormandy assumed the baton.

Ormandy joined the orchestra in 1936 as associate conductor, having conducted the Philadelphia symphony for five years.

During 1950-51 he also conducted the Metropolitan Opera performances of the new and Kanin version of "Die

Leftover Alphabet Soup?

Students have only ten more years left to take such impressive-sounding courses as Bacteriology 404 and Art 320K.

Since the reason for these alphabetical appendages has long been forgotten, the registrar's office is trying to eliminate them.

A course number cannot be duplicated for at least ten years or students might get doubly credit for the same course offered under two different numbers.

Some of the numbers can still be explained. The A-B-C's, of

course, designate a series and be retained so long as the three terms bear some relationship to each other.

The 400th courses stand for honors. Education 412s used to stand for summer school but was never changed when the course was offered all four quarters.

The motivation for adding q's to numbers remains a mystery. Perhaps Editorial-Writing 312q was so baptized to stand for quacks, quails, and quivers.

Music 130x might be for xylophone players, but it isn't. It's

a course in theory review.

Only one course, Adapted Sports 104 of Physical Education, has no letter following it. Perhaps the most logical appendage of all follows ice-skating 202. It's "I."

The "e" of Dancing 202e might stand for anything, as it is used for Mechanical Engineering 400e (Refrigeration) and Physics 403e (Heat).

There is a vague rumor that all the obsolete letters will be collected ten years hence and made into a huge kettle of alphabet soup for all MSC students.

Three Categories

Trophies Planned For Spartacade

Six trophies will be given as prizes for the second annual Spartacade March 8 in Jenison Fieldhouse.

First and second place trophies will be given in each of three categories: shows, participation, and games of chance.

A panel of three judges has been selected, according to Bob Scott, publicity chairman. The judging will be done on a basis of 200 points for each display.

Approximately 120 points will count for general appearance and 80 for the volume of ticket sales.

The profits for the carnival will be turned over to Campus Chest. Last year's proceeds amounted to \$1,200.

Forty-eight MSC living groups will sponsor 31 exhibits in the carnival. They will be judged on the basis of outside appearance, efficiency of operation, and originality, according to the various types of shows. Money for the trophies was donated by local merchants, Scott added.

Pictures of all 24 candidates in the UMOG contest will be on display this week in one of the display cases across from the mixed lounge in the Union.

Also displayed will be the Ugly Man key, awarded to the winner of the contest, and the Ugly Man mug which is given to the living group sponsoring the winning candidate.

Any living group which wins the mug three times in succession may keep it permanently. Zeta Tau Alpha won the mug the first year it was offered and West London won it last year.

Plans for the stunts must be typed and turned in to the committee 24 hours ahead of time.

The last candidate to enter the contest was Harold Passerini, West Springfield, Mass. freshman. He is sponsored by North Williams.

Quakers Offer Summer Work For Students

Barbara S. Grant, college field secretary for the American Friends Service Committee, will be on campus today and tomorrow to interview students interested in summer projects here and overseas.

The college-YWCA said that appointments could be made by calling there or at the International Center. Foreign students may also apply.

The committee represents the Religious Society of Friends (Quakers) in national and international fields of social action.

The summer "intern" program includes work in agriculture, industry, institutional service, and community projects.

Participants live together in group housing and attempt to interpret their common experience through discussions.

Meeting Called

All members of the State News editorial staff, sports, features, and society will meet tonight at 9 in the State News office. Only those attending classes will be excused.

Junior Class Plans Project For Hospital

Members of the junior class will have an opportunity to entertain Percy Jones veterans informally on Saturday afternoon, according to Don Hosie, junior class president.

Hosie said that all juniors will be contacted in their living units between Feb. 23-29. The committee plans to call each junior between March 1 and 4, to ask if he or she would like to join in the excursions.

Members of the junior class who wish to participate in the project will be divided into groups. A different group will go to the hospital each time.

Kidnap Stunt Gets Social Pro for ZBT

Zeta Beta Tau fraternity will begin ten weeks probation as result of a pledge prank, Tom King, dean of students, announced yesterday.

Probation includes holding "up" initiation and prohibition of parties and women in the house.

Final recommendations for disciplining five pledges and two actives involved in the kidnapping prank two weeks ago may be announced tomorrow, King said.

The affair began when two actives were stranded in West Branch by five pledges.

The actives reported to State Police that they had been kidnapped and later explained that they had given false information. The men were turned over to the college by state authorities for disciplinary action.

The fraternity probation ruling was made by Dean King in a letter to the fraternity. Since the prank was not in connection with a social function, the Student Faculty Social Committee had no jurisdiction over the penalty, he explained.

Discipline for the seven involved will come from President John A. Hannah through the Dean of Students Office.

Men's Council Votes Funds For Publicity

Money to purchase Wolverine yearbooks for 10 Michigan high schools will be appropriated by Men's Council, according to Jim Ayell, secretary of the group.

This plan was made as a part of the High School Cooperation Program of MSC. The books will be sent to the high schools with poorest representation at State in proportion to their enrollment.

A plan to take the place of the Campus Chest Faculty-Queens softball game has been suggested by Men's Council. If it went into effect, the women would have an open house at their dormitories.

Men in the dorms during this time would have to pay a penalty 30¢ per minute for the time spent.

The Feb. 23 meeting of Men's Council was held at International Center in observance of Brotherhood Week.

Ag Expert to Talk

J. H. Gallagher, agricultural engineer at Jackson for Consumers Power, will speak on rural electrification tomorrow evening at the A.S.A.E. meeting.

The group will meet at 7:30 in Room 7 of the Agricultural Engineering Building. Refreshments will be served.

Florist to Speak

Because of a change in plans, Spartan Wives will not have a Civilian Defense speaker Wednesday, according to Mrs. Joyce Harvie, meeting chairman.

Ray Clinger of the Smith Floral Company will speak on floral decorations and arranging, she said. The meeting will open at 8 p.m.

NEWS IN BRIEF

No Evidence Found in Senate Probe

WASHINGTON (AP)—A senate investigation has disclosed no concrete evidence to support charges that post office jobs have been sold in Michigan. The investigation was made by the Senate permanent subcommittee on investigations at the request of Michigan congressmen.

Peace Talks Bog on Old Issues

MUNSAN, Korea (AP)—Korean armistice negotiators, with virtually all minor issues settled, yesterday confronted two old major blocks and a stubborn new one which bar the path to truce in a war entering its 20th month.

Clear Skies Seen for Eclipse

KHARTOUM, Sudan (AP)—Good weather and clear skies were predicted here for today, so scientists from many lands can get a good, three-minute look at the first total eclipse of the sun in 18 years.

Allies Bomb Troop Centers

SEOUL (AP)—Allied bombers raked Communist rail lines yesterday and bombed red troop centers in clear weather. Only artillery duels and minor patrol clashes broke the quiet on the battle front.

Fives Wins Each

Gymnasts, Fencers Remain Undefeated

By RON LEWIS

Gymnastics and fencing, Michigan State's only undefeated teams, continued their winning ways with victories over two Big Ten opponents Saturday.

The gymnasts downed a stubborn University of Minnesota squad, 55-40, for their fifth straight triumph. Four of them being Big Ten encounters.

It was victory number five for the fencers as they overcame Northwestern University, 18-9. Two of the wins were against conference foes.

The Spartan swim crew winds up dual competition next Saturday when it faces the University of Michigan at Ann Arbor, and the following week the annual Big Ten meet will be held at Bloomington, Ind.

The fencers will try their luck on a non-conference foe when they meet the University of Chicago Friday at Chicago.

Bob Feldmeier and Carl Rintz continued to set the pace for the Spartan gymnasts as they each took two fives. Feldmeier won the horizontal bar and parallel bars, added a second on the side horse, and placed fifth on the flying rings. His 287-point effort on the side horse fell short of Rintz' who had 243.

Rintz also topped the flying rings and placed fourth and fifth on the horizontal bars and parallel bars respectively.

Thus Paul gave Michigan State needed depth on the apparatus events, as he placed fourth on the parallel bars, fifth on the horizontal bar, and tied for third

Two seniors, Al Hannas and Don Vest, chipped in six points each by winning the remaining two divisions. Hannas totalled 241 points on the trampoline while Vest had 263 points in tumbling.

Tom Mullineux, with a third, and John Walker, with a tie for fourth, rounded out the Spartan scoring on the trampoline. John Furry tied with Minnesota's Bob Johnson for fourth in tumbling.

Ken Bartlett, competing in five events, placed the Gophers with 15 points. After four meets he had gone undefeated on the horizontal bar, parallel bars and flying rings, but against the Spartans had to settle for runnerup honors.

Michigan State's fencers swept all three divisions in their last

slide victory over Northwestern. They were held in 5-4 margins in the foil and sabre, but ran away with the epee event by a 8-1 count.

Fred Freiheit kept alive his winning streak as he capped one sabre bout before giving way to substitutions. Freiheit is the only Spartan swordsman still undefeated.

Bob Bristol, Ray Monte, John Moffett, and Dick Pfeil completed the sabre scoring with one win each.

George Carr and Ray Talle capped two foil bouts with Ralph Kalmar adding another.

Dick Berry and Al Walker won all three of their epee bouts and Bill Pfeil took two to give MSC an 8-1 victory in that division.

Wolverines Defeat Spartan Thinclads

Paced by Canadian stars Don McEwen, John Ross, and John Carroll, the University of Michigan track squad handed the Spartan thinclads a 74 1/2-39 1/2 defeat in a dual meet Saturday evening at Jenison Fieldhouse.

The powerful Wolverines had too much strength for the young Spartan squad, taking seven first places, tying for two others, and winning the mile relay.

State came through with wins in the low hurdles and the broad jump, besides their share of the pole vault and high jump deadlocks.

Meet records were broken in four events all by Wolverine performers. Marks in the two-mile, one-mile, 880, and 440 were set.

McEwen and Ross finished in a dead heat for first place in the mile run, the pair being clocked in 4:35, bettering the meet mark of 4:39 set by Herb Ebertson of Michigan in 1948.

After being edged out by Van Brumer in the high, John Carroll of MSC came back to take first place in the 110, for the only State win in the running events.

Coming through with his best leap of the season, State's Chuck Roland grabbed first place in the broad jump with a mark of 22' 3/4."

Michigan capped the mile relay in 3:24, with the combination of Don Hickman, Chuck Whitaker,

Bill Kowand, and Carroll. State's quartet was made up of Louis Vargha, Bill Brendel, Ray Dooky, and Dick Jarrett.

The next competition for Coach Karl Schlaefman's Spartans will be the Big Ten meet to be held at Champaign, Ill., March 7-8.

Newhouse Signs

LAKELAND, Fla. (AP)—Pitcher Hal Newhouse said yesterday he had signed his 1952 contract with the Detroit Tigers. The terms were not disclosed but it was understood the veteran southpaw accepted a 25 per cent cut from the \$42,000 pay check he drew last season.

Aggers, Boxers in Action Tonight

Out to Stop Iowa's High Scoring Darling

By TOM RYAN

Chuck Darling! This will be the task of the Michigan basketball team when it meets a favored Iowa team at the Hawkeyes' home court tonight.

For this season no one has been able to stop Darling. In a new Big Ten scoring record Saturday night, the center scored 22 points in a losing cause.

His total to bring his Big Ten total to 284 tallies. This record set by Ray McLean last season, when the center scored 277 points in 14 Western Conference games.

Who hails from Dearborn, Mich., is third in the nation scoring, averaging over 20 points per game. Previous records were held by Earl Lloyd of Iowa, who had 200 points in one game all season.

When the Hawkeyes, coming into the game with a 10-1 record, met Michigan Saturday night, the game had not yet begun until the time Darling scored his 22 points.

Michigan's defense, which has been unable to stop Darling, will be tested tonight when the Spartans meet the Hawkeyes at the Hawkeyes' home court.

CHUCK DARLING
Iowa's 6-8 center

Spartan Heavyweight Sidelined with Injury

The news that Spartan heavyweight Al Tsakiris has been sidelined with an injury has enhanced Minnesota's hopes of defeating Michigan State's boxing team tonight at Jenison Fieldhouse.

Coach George Makris announced that Tsakiris had pulled a tendon in training and definitely would be out of tonight's bout. The same match card is scheduled to begin at 8.

Makris has named sophomore Wayne Keller to replace Tsakiris. Keller is a former Milwaukee Golden Gloves invitee.

Light heavyweight champion in his first college bout, Keller will be matched against Minnesota's undefeated Sam Orlich.

Bob O'Ryan will meet Michigan State's Lyle Jeffery at 113 pounds in another top bout. Jeffery, having squeezed out a decision at Minneapolis in a previous meeting, Michigan State's son that night.

Swimmers Win Two Big Ten Tilts

Minnesota and Northwestern were left floundering in the wake of the Spartan swimmers' blow home this weekend, with 68-25 and 56-21 victories to end their conference slumps.

Saturday the Michigan State swimmers, playing host to Northwestern in their final home meet, the Big Ten meet, played in Jenison Pool March 6.

In swimming, Minnesota, the State swimmers captured nine out of 10 first places. Hal Shoup, Bob Hynes, and Chuck Egler won the medley relay event while Chuck Baldwin, Dave Norman, Egler, and Dave Steimle sprinted to victory in the 100 freestyle relay.

Best McLachlan, followed double wins in the 200 and 400. The lanky Big Ten champion turned in a 2:11.5, clocking in the 220 yard freestyle took a third in the quarter mile.

States played one-two in the 500 yard freestyle, with Dick Rolfe and Bruce Aldrich, and in the backstroke, with Rolfe and Quigley and Dick Lanny Johnson won the individual medley ahead of Dave Steimle in 1:36.3.

Tom Pavette finished first and Bob Schumacher third in the 100 yard dash. Rolfe and Baldwin placed second and third in the 50. Ken Coyne outpointed teammate Louie McHard in the highboard diving contest.

The dunking of Northwestern saw Michigan State gather in seven of the 10 first places.

Clark Schuber tied the pool record in 5:11 timing in the 100. McLachlan slithered under the finish flag with a stroke 4:49.7 in the quarter mile. Johnson placed third.

Another of the "good performances" that pleased Coach Charles McCaffrey was the 7-16.4 winning time of Shoup in the 200 yard backstroke event ahead of Quigley.

Robbie and Jim Weitzmann made it one-two for State in the breaststroke and Michael and Covner nearly tied in taking first and second in the diving.

Aldrich stroked to first in the individual medley while the two of Shoup, Hynes, and Egler won the medley relay. Schumacher and Norman were second and third in the 220. Pavette was third in the 50.

Ice Squad Drops Pair To Gophers

By JACK KOLE

Trying valiantly to take away the sting of defeat from Friday night's heart-breaking 5-4 loss, Michigan State hockey team lost out in the final period again in Saturday night's contest to take their second loss from the Minnesota Gophers, 5-3.

By winning the Gophers continued their domination over Spartan hockey teams, having never lost a contest to a State ice squad. The victories gave Minnesota four straight wins over the Spartans, four straight in the past two years.

It looked as though the Spartans had Friday night's game in the bag as they were leading 4-3 with only a minute left to play. But the roof fell in the final minute as Gopher captain Russ Strom dumped in two fast goals in 27 seconds to win the game for his team.

Earlier in the period the Spartans had pulled themselves out from a 3-1 deficit with three quick goals. Hal Pavson, pounded in John Thorne, rebounded at 2:45 to start things off for the Spartans. Twelve seconds later, Bob Perry took a pass from Jack Maves and powered a long shot past Gopher goalie Jim Mattson to tie the score at 3-3. Jack Maves did a nice backhanded job at 9:00 to put the Spartans ahead. This tally came with the Gophers one man short.

In Saturday night's fray, the Spartans outplayed Minnesota for the first two periods, but couldn't keep up the pace and took behind in the final period. Hynes and Bill McCormick scored for Michigan State in the first two periods, with Steve Ray picking up an assist on the second period tally.

However, Minnesota's sensational Mayasich also countered two, one in each period, to rain a 2-2 tie at the end of the second period.

The Gophers really used things in the final period with three quick goals in the first seven and one-half minutes of play. Dougherty scored two and Mayasich one. That was the game, but Jerry Nicol gave the Spartans some consolation by scoring a beautiful long shot after an assist by Ray Brooks.

By virtue of their Friday night league win, Minnesota pulled up into a tie for fifth place with the Spartans in the Midwest Intercollegiate Hockey League. The Spartans now have a season's record of 7-11.

Wrestlers Tie Wolverines

By NICK VISTA

A decisive win by Larry Fowler in the final match of the evening gave the Michigan State wrestling squad a 13-13 draw with the University of Michigan at Jenison Fieldhouse Saturday night.

Ending 13-10 going into the heavyweight bout, the Spartans gained the deadlock as Fowler won a 3-0 decision over his elusive opponent, Art Dunne.

Michigan had taken the lead in the 177-pound class when Dick O'Shaughnessy, decided, Dick Thornton, 11-3, to set the stage for the exciting final.

Each team took three decisions and two ended in draws. Dick Gunner came through with an upset win over Skip Salom, taking a 7-5 win over the Wolverine's 130-pounder.

Chris Bender had to settle for a draw with Michigan's Bud Holcombe in the 167-pound clash. The Spartan veteran needed half a second more in riding time advantage to gain a point, which would have given him the decision.

State's record now stands at five wins, two draws and one loss.

Hockey Title To Colorado

COLORADO SPRINGS, Colo. (AP)—Colorado College defeated North Dakota 9-2 Saturday night to win the championship of the Midwest Collegiate Hockey League and a berth in the fifth annual NCAA Hockey Tourney.

It gave the Tigers a league record of 10 victories and two defeats. Denver University is second with a 9-4 record while Michigan is third with 8-3 and one game to play.

Ron Hartwell scored five goals to lead the Tifer attack. Hartwell also added two assists to give him a season total of 61, breaking the all-time league point record set last year.

Three goals in the second period broke a 1-1 deadlock.

French Abandon Vital Highway

Break Vow To Maintain Key Point

SAIGON, Indochina (AP)—The French announced last night they have pulled out of Hoa Binh, key highway point on the Black River they once vowed they would never give up to Indochina's Communists.

They also withdrew their forces strung along Colonial Route No. 6, main supply channel to Hoa Binh, and thus cut the French defense perimeter around Hanoi from 800 to 375 miles. In all, about 20,000 French and Viet Nam soldiers made the retreat in which about 170 were reported wounded.

Gen. Raoul Salan, commander of the French union forces, told reporters today battle-ridden Hoa Binh, which lies only 40 miles southwest of Hanoi, was no longer of any strategic importance to the French.

Salan said this was partly because the Communist-led Vietminh had succeeded in building roads to the west of Hoa Binh, over which they are receiving increasing amounts of war supplies from Red China.

The general said all French union troops are now massed in the Red River delta. He declared the French are determined to hold the Delta as a beachhead until they can launch a big-scale offensive against the Reds.

Even though the French have written off Hoa Binh as unimportant, its loss is bound to have a widespread psychological effect among the Indochinese. It further points up the fact that the moment of decision in Asia's second biggest war is yet far away.

The fall of the strategic town gives the Vietminh an excellent propaganda weapon and a chance to shout victory. "Abandonment by the French of the network of defenses along route 6 and Hoa Binh opens the way for a possible big Vietminh push on Hanoi," it said.

The evacuation of Hoa Binh was the first big French withdrawal since they quit Lang Son and Thuan Hoa in November, 1950. It automatically cancelled out the possibility of the French making anything at all like a serious western Indochina, where the bulk of Vietminh forces are concentrated.

Michigan State's Dick Northey wards off a Minnesota player as he takes the puck down the ice in the third period of Saturday night's contest. State lost the game, 3-4.

Sixteen Teams Clash In IM Cage Playoffs

Dorm championships and prospects of a shot at the all-college Intramural Basketball Title are the stakes of tonight's crucial playoff contests at Jensen Gymnasium. Six games will match the two best outfits of each of the dorms. Two other encounters pit the four surviving independent teams in a pair of semi-final battles.

Sixteen teams will take part in the playoffs. The teams are: East Shore, West Shore, North Shore, South Shore, Central, and the four surviving independent teams.

The playoffs will be held in three rounds. The first round will be held on Saturday night, the second on Sunday night, and the third on Monday night. The winners of the first round will advance to the second round, and the winners of the second round will advance to the third round. The winners of the third round will be crowned champions.

Pranksters, Violators Keep Police Active

Missing seats from Macklin Stadium, lost children, chained U of M students and student traffic violators keep the MSC Police Department busy.

According to Sgt. A. S. Ellis, student pranks still occur on campus.

For example, several sections of wooden seats from Macklin Stadium are now on the official police missing list. Also, the police were called upon recently to free Henry L. Soukup, U of M student who was found chained to the railing on the west side of the Union Buildings.

However, campus traffic is the main problem of the police. The cause of most of this trouble is student misunderstanding, Sgt. Ellis stated.

Few students realize, Ellis continued, that there are only four campus functions for which students are given permission to drive unregistered cars. They are the J-Hop, Coronation Ball, Spinners' Spin and the Senior Ball.

It has been a common misunderstanding among students that unregistered cars can be driven on campus the week of registration.

If a student has a car which he plans to register, it should be left at one of the student parking lots on South Campus and be registered by the end of the week, Ellis added.

There have been 13 accidents on campus since the first of January. This amount is considered light, since Farmers Week is included. There were four accidents during Farmers Week alone.

A map is kept on the walls of the police headquarters on South Campus showing the location of each accident.

1950 Peak Year Building Activity Diminishes in City

Building activity in East Lansing tapered off last year after a flurry of building in 1950. According to John M. Patriarche, East Lansing city manager, 67 family dwellings were erected in '51 as compared to 118 in '50.

"The year 1950 was a good year to build—prices were down and labor was plentiful," he pointed out.

Biggest building year for the city came in 1939, according to city hall records. The year 1950 was the second highest.

Patriarche recalled that after the Korean war started in the summer of '50, people began "panic" building in the fall to beat price controls.

He said there was a peak in 1929. After that, building activity fell gradually until 1936 when another sharp increase occurred.

In 1939, the all-time record was reached in East Lansing. Then building took another slump. In 1943 no building permits were requested. One was granted in 1944.

Building climbed again with the top level reached in 1950. During 1950 three sorority houses, five stores, one school and one church were erected. Two school and two gas stations were added to the city last year.

Eighty-nine miscellaneous permits for garages and general remodeling purposes were granted to residents last year. Two years ago 105 were given.

These miscellaneous permits have been issued so far this year, Patriarche stated.

"Normally, we have a surge of building in March. People start in the spring and continue in the summer."

East Lansing is planning to expand present library facilities and remodel the City Hall. Although a request to the National Production Authority, for the necessary materials was rejected, the city may go ahead with the project by self-allocating steel and copper over three or four quarters.

Fast Lansing officials may obtain up to two tons of carbon steel and 200 pounds of copper each quarter by self-allocation.

Other building projects in consideration by residents of the city are a new Christian Science Church and a business and professional center.

A new store and a gas station are under construction.

Engineer Given Slide Rule Award

William M. Crampton, Manistee sophomore majoring in electrical engineering, recently received a \$25 slide rule in recognition of his 3.82 all college freshman average. Bartley Owen, president of Tau Beta Pi, presented the award to Crampton who last year held the highest point average in engineering for freshmen.

CIO Seeks Legislature Revisioning

LANSING (AP)—The CIO's Political Action Committee voted unanimously here yesterday to seek 250,000 signatures to force a statewide vote on reapportionment of the Legislature.

Union members said a constitutional amendment will be proposed to give equal representation to every man, woman and child in Michigan.

The constitution now requires the legislature to reapportion itself every 10 years on the basis of the last census, but it has refused to take any action.

The essence of the CIO-PAC plan is based upon a simple division. The Senate would have 33 members, instead of the present 32, and the House would have 89 seats, instead of the current 100.

Each Senatorial district would be divided as equally as possible, but in no case would a district be more than 15 per cent above or below the average obtained by dividing 33 into the state's population.

Especially attractive, home schedules in all sports are being arranged for 1955. Michigan State's centennial year. State was founded as the first agricultural college in the world and was the first-runner of the important Land Grant College movement which followed in the 1860's, and which used Michigan State as a model.
